WRITING.

MESSRS. DOLBEAR, have the pleasure to inform the citizens of New Orleans that they have returned, and re-opened their Writing Establishment, (this day,) at their former location, (48 Canal street,) where they have numerous specimens, exhibiting the improvement of their pupils, in this and other Cities, which they will be happy to present to their friends and public generally. Those persons who did not complete their lessons previous to the sickly season, are invited to call and do so now, without extra charge. Ladies who prefer, can receive lessons at their own residence.—The following testimonials are inserted for the satisfaction of those transient persons who have not yet had an opportunity of witnessing the result of their method of instruction:—

From His Excellency Governor Roman.

I have examined with attention, the system of writing taught by Mr. Dolbear, and it is with pleasure that I certify to its superiority over any other method with which I am acquainted. Mr. Dolbear, having given private lessons in my family, I consider it my justice to add, that I believe him as much worthy of public patronage on account of the correctness and mildness of his character, as on account of the rapid improvement of those who receive his lessons.

New Orleans, July 2, 1834. A. B. ROMAN

NEW ORLEANS, 12th May, 1832

On the invitation of Mr. Dolbear, a teacher of Penmanship in our city, upon the Carstairian system; we have carefully examined specimens of the writings of his pupils, whose ages range from 8 to 50 years, written through an entire course of instruction: and after having done so, it is with the highest satisfaction that we can testify to the rapid if not unparalled progress which they have made.

From the specimens seen, and the examination of the system made, we cannot withhold the expression of a current opinion, that the system is greatly superior to any hitherto taught. If to write legibly, elegantly, rapidly, and in good taste be an accomplishment useful or desirable, it is upon the principles of this system that it is to be acquired. We therefore anxiously solicit of the public a liberal patronage in favor of an instructer, whose qualifications are of the highest order, and whose labors promise to be so exceedingly useful to this and other communities.

Terms:—One half on the 1st Sept. 1836, and one half in August, 1839, in approved endorsed paper secured by mortgage until final payment.

ALSO, a plantation situated on the Metairie road, about two leagues from New Orleans, containing two arpents on each side of the road, extending in depth on one side to the lake Pontchartrain, and on the other to 12 arpents, on two sides bounded by the plantation of Francois Gregory, free woman of color, and on the other two sides by L'Esprit, do. together with the building thereon, small dwelling house, &c.

Terms—The plantation 1-3 on the 28th of April, 1836; 1-3 on the 28th April, 1836; the slaves at 1 and 2 years on approved endorsed paper secured by mortgage. Also, the same day in one single lot. Terms—The plantation and slaves cash. The acts of sale before Octorande Armesa, Esq. N. P. at the cost of purchaser. jan 3

THE subscriber being about to leave for France offers for sale the following properties, viz:

A PLANTATION, consisting of 400 arpents, situated on the bog Falaga (which empties in the Tchifunte) at about 3 miles from Covington; there is good ground enough to raise all the provisions necessary for the living of the slaves and cattle of the plantation, such as rice, corn and hay, the remainder in the pine wood.

On this land is a fine saw mill which has just been put on a new system; the improvements are a vast and convenient dwelling house; one do. for the overseer; a store, stables, negro cabins; 2 carts; 10 yokes of oxen; carts, &c. &c.; in short the habitation is well provided and every thing in the best condition.

It is the most pleasant situation on the other side of the Lake; the river turns at 30 feet from the house and there is besides a source which furnishes continually a limpid and delicious water—game in plenty; the air is pure and salubrious; the cholera or yellow fever never visited this spot, which is really delicious in summer; so all these advantages are to be added those which surround it from the revenue; the property if well conducted can with fifty 12 negroes yield $10,000 a year; not only there are many pine trees on the ground belonging to it, but it is bounded by immense tracts of public land.

ANOTHER PLANTATION, situated about two miles higher, adjoining the same land and on one of the branches of the small bog Falaya, which empties in the above mentioned small bog Falaya, whence it follows that the former mill of which it is spoken above owes a passage to the rafts of this, which passage is open. This second plantation consists of 200 arpents of ground planted of pine trees and surrounded with large tracts of public lands, of a fine mill but 2 years ago, which puts in motion 2 saws on the new system, of a fine dwelling house built at the same time as the mill—of negro cabins, stables, a blacksmith's shop well provided, 2 screw carts, 8 yokes of oxen, &c., in short, all what is proper for an establishment of this kind; the site is also charming; the road leading to the sources run in front of the house as on the former plantation.

The subscriber informs the persons willing to purchase, that in the years of uncommon draught, the mills sometime stops for want of water during certain days of June, July, August and September, which however, does not occasion any loss, as at that time, mills may be repaired if wanted, and negroes occupied in cutting wood and hauling it to the mill, which in the good season saws about 5000 feet a day.

ALSO—600 arpents of Land situated on the Tchifonte, and suitable to the establishment of a saw-mill; and 600 other arpents of land on the banks of the river Abita, and joining the two above mentioned plantations.

MOREOVER.

24 choice negroes, all young and talented, such as millers sawyers, carpenters, cartmen, wheelwrights, axemen &c. and 9 negro girls, all talented servants. All the above slaves are good characters and warranted free from the vices and diseases provided by law.

The above establishment will be sold in one lot or separately with or without negroes. Persons willing to buy may call or the subscriber, who will make known the terms and conditions which will be very advantages to purchasers. If on or before the 20th February next, those plantations and the slaves are not sold amicably, they will on that day be sold at auction by Tricou and Canonge.

MR BROCARD wishing to comply with the wishes of many respectable families residing in this city has procured a suitable place, very commodious, to form a Musical Academy, in which the pupils pursuing good principles, and being emulated with the desire, that invariably results from rivalry will obtain the end which could not be anticipated from the ordinary method.

This school will be formed similar to the Royal Conservatory of France. There will be 3 classes—each class to be for an hour and a half.

In the 1st class, the lessons will be divided into two parts; the first part will be entirely consecrated to the theory of Music, and each scholar shall put down upon a book made especially for the purpose, the explanations of the master. The second part will be devoted to teaching the pupils to sing: that is to say—the lessons shall be dispersed into 4 parts, so that each party will be graduated,—the strongest as well as the feeblest can take that part which suits the voice.

The second class is for the pupils who know something of the solfieiro who desire to learn how to sing in the preparatory class, say vocal. The pupils will be instructed how to modulate their voices, to fix the sounds and tremulous—make the cadences to please, and in one word to give expression to music without words.

The 3d class may be followed by all those persons who have already sung, and desire to perfect themselves.

For the 1st class, the day will be the same; the hours will be from half past twelve to 3 o'clock.

The 3d. class will be for Mondays, Wednesdays and Fridays; the hours of instruction to be from half past 11 to 1 o'clock.

The terms for each class will be $30 per quarter.

☞ Mr Brocard's address, is St Peter street between Royal and Bon bon. jan 22

DR. WILSONS,

SURGEON DENTIST, from New York.

RESPECTFULLY informs the Ladies and Gentlemen of New Orleans, and its vicinity, that he has taken rooms at Mrs Fox's, No. 147 Chartres street, where he performs any operation on the teeth and Gums in a style not surpassed.

NATURAL and ARTIFICIAL TEETH set in the best manner, and at the most reasonable charges. Also, PORCELAIN TEETH, from a single one to a whole set.

On the first appearance of Tartar or Scurvy, Teeth should always be cleansed, as the corrosion of the Tartar will in a short time reach the roots of the teeth, and they will eventually fall out; and by attending to them in season they may be restored, at a trifling expense, to their original beauty.

The operation of plugging and filing the Teeth when decayed, is so truly important that it is impossible to recommend it too earnestly to the attention of the public. Thousands of the most useful Teeth, which otherwise would, on account of their painfulness, be sacrificed by extraction, may thus be preserved for many years.

From a practice of Dental Surgery for more than twenty years, he hopes to merit a continuation of public patronage. The most difficult Teeth and Roots extracted.

The most celebrated Tooth Powder and Tooth brushes may be had.

N. B. He will attend at the dwelling of those Ladies and Gentlemen who request it.
