LEGISLATURE OF LOUISIANA.

FIRST SESSION—SEVENTEENTH LEGISLATURE.

HOUSE OF REPRESENTATIVES.

Thursday, 9th January, 1845.

The House met agreeably to adjournment.

The Speaker laid before the House the annual report of R. J. Ker, Register of the Land Office of Louisiana, with accompanying documents:

To the Honorable the Senate and House of Representatives of the State of Louisiana:

The State Register of the Land Office has the honor to report that the Land office is fully organized: That in conformity to the act of your Honorable Bodies of the 25th March, 1844, no time was lost in organising it, and in carrying into immediate effect that provision requiring the lands belonging to the State, to be offered for sale, and accordingly these lands were proclaimed by the Governor for sale, and were offered at public sale on the 9th of December last. To that end, immediate steps were taken to procure and accelerate the action of the Secretary of the Treasury, upon the locations affected by the agents appointed by the state, for the purpose of ascertaining what was the actual amount of located land approved to the state and how much remained unlocated to be disposed of in warrants under the act referred to. The total quantity of located lands approved under the act of the third March, 1827, making an appropriation for a Seminary of Learning amounts to 40,445 17-100 acres, leaving a balance of 5,634 83 100 acres to complete the donation, which residue is subject to be sold in warrants of the Internal Improvement donation the General Government has approved of the selection of 143,587 37 100 acres, leaving a balance of about 356,412 63-100 acres, subject likewise to sale in warrants.

The Register regrets to state that some conflict has arisen in regard to some of the approved locations of Seminary lands, on the part of actual settlers, who it is stated have been residing for a series of years upon them. How these conflicts could have arisen under the liberal policy pursued by the United States towards settlers is a matter of not easy solution, nor is it apparent as far as the records of the office show, that fault is to be imputed to the selecting agent for these difficulties.

A portion of the hardship so loudly complained of happily, to some extent, was open to relief by the construction given to the fourth section of the law of your last session, authorizing the sale of these lands; by this construction the privilege of the pre-emption law of the United States of the 4th September, 1841, exclusively designed to protect the poor man, is extended to the actual and bona fide settler on state lands. The number of persons who have availed themselves of this privilege is quite small. Whether other and more general relief should be granted is properly a question for your examination and decision; and what measures of relief should be afforded by your liberal and enlightened councils to the aggrieved.

The total sales of Seminary lands amount to $31,280 95-100, and of Seminary Warrants to $11,107 44-100 of the Internal Improvement Lands, only forty acres have been entered by a pre-emptor. A portion of these lands have been offered on succeeding occasions, but they were no bidders. The offers of Internal Improvement Warrants were attended with the same results. The sales have been postponed from time to time in order that a full opportunity might be given to purchasers. The next sale is continued to the 13th day of the present month.

Thus, it will be seen, that the law creating this office, and designed for the sale of a portion of our public lands, has been carried into full effect, and it is believed, no injury has resulted to any citizen, nor has its provisions been construed with other than a just regard to private rights, and a sincere desire to avoid all causes of individual grievance and personal wrong.

From the results obtained, your honorable bodies may infer whether any modifications of the present law would be proper, and what modifications would be efficient, to conduce to the result of disposing of these lands and throwing them open to the enterprizing industry of your fellow citizens.

In accordance with the imperative provisions of the 4th section of the law of March 25th, 1844, the proclamation of the Governor for the sale of these lands were promulgated in one paper in each Senatorial District, wherever it could be done. Applications have been made to this office for payment of these publications by the various proprietors of newspapers, and they have been referred by me to your honorable bodies as well for payment as for a decision whether their accounts are correct and reasonable in amount. It will be seen that the total amount for these publications alone exceeds $5,000.

The sum appropriated, fifteen hundred dollars, has been employed by me to fit up the office, to procure the necessary maps, to pay for the printing of hand bills, to get indispensable furniture; I would most respectfully request that my accounts and vouchers may be examined.

Accompanying this report is a Tableau of the sales made, designating whether they were private or public, the names of entries by pre-emption, &c. which will place your honorable bodies in possession of full information.

In closing, the Register cannot refrain from acknowledging the assistance he has received from the counsels of the Attorney General whenever he has sought the advice of that officer.

All of which is respectfully submitted,

(Signed,) ROBERT J. KER, Register.

TARRANT'S EFFERVESCENT SELTZER APERIENT—This preparation strongly recommends itself to the favor of the public from its positive medicinal virtues, and from its great success in the cure of Billious Affections and Febrile Diseases, to which the variable climate of our country is so subject. Prescribed in such cases it has been found universally to afford relief, and has gained much reputation among medical men, who most generally sanction its use among their patients. In a torpid state of the Liver its use, persevered in for a few days, has been found to aid in restoring the functions of that important organ. In Gout and Rheumatism it has given great satisfaction, as having in a short period allayed all the inflammatory symptoms—it has in numerous cases succeeded in effectually curing these afflictions. Of its success in cases of Gravel, Indigestion, Heartburn, Costiveness, and Headache, it has invariably proved in every instance a medicine of great utility.

Being one of the most delightful, as well as mildest purgatives, now before the public, it possesses all the medicinal virtues of the most approved Saline Aperient, with the sparkling agreeableness of soda water, and as it acts gently upon the system, it restores the digestive powers when inactive, and excites a healthy and vigorous tone to the stomach, giving to the patient renewed health and strength. It strongly commends itself to planters or persons going to sea or to any climate, being equally efficacious on sea or shore or in any climate, it may be used with greater facility than any other preparation.

Testimonials from gentlemen of high standing in their profession, hereto annexed, strongly guarantee its efficacy and valuable character, and commend it to the favorable notice of an intelligent Public.

TESTIMONIALS.

FROM THOMAS BOYD, M. D.

"It affords me sincere pleasure to add my favorable commendation to your list of valuable testimonials of the character of your Effervescent Seltzer Aperient. It is a very palatable, delightful and cooling effervescing draught and possesses medicinal properties highly valuable in their nature. Its effervescence is more durable and pleasant—its taste more agreeable and its operation, to me easier and more certain than any similar preparation I have ever known; whilst its action is so truth, mild and efficacious. Its truly beneficial qualities commend it strongly to the notice of the public."

(Signed) THOMAS BOYD, M. D.,

To Mr James Tarrant, No 291 Fourth street.

New York, Nov. 17, 1844.

FROM JOHN W. SCHMIDT, Jr., M. D.

"I have frequently used and prescribed Tarrant's Effervescent Seltzer Aperient, and I know of no remedy so pleasant and efficacious where a mild laxative is required. It must entirely supersede the use of Seidlitz Powders, and other mild laxatives, or magnesia and effervescent properties which do not belong to the Seidlitz. It is also particularly adapted to pregnant women and in Sea Sickness, when constipation is an attendant."

(Signed) J W SCHMIDT, Jr. M. D.

To Mr. James Tarrant, No. 8 Warren street,

New York, Nov 1, 1844.

FROM JAMES H. ROGERS, M. D.

"Having made use of Tarrant's Effervescent Seltzer Aperient, I cheerfully give my testimonial in its favor. It has proved a most excellent family medicine. It is convenient and portable, and efficient in its action on the system, and is a delightful refreshing and invigorating beverage, resembling Soda Water to the taste and imparting to the constitution all the benefits of the Seltzer Spring of Germany. It has none of the objections usually attending the operation of the ordinary purgatives. To persons visiting or residing in warm climates, it will unquestionably prove a medicine of great utility."

(Signed) J. H. ROGERS, M. D.

New York, Nov. 11, 1844. 7 Clinton Place, New York

FROM EDWARD G. LUDLOW, M. D.,

Trustee of the College of Physicians and Surgeons, in the City of New York, and Censor of State Medical Society.

"I can with confidence recommend Tarrant's Effervescent Aperient as a mild and agreeable laxative and far superior to Seidlitz Powders. To persons living in warm climates, where cooling purgatives are so frequently required, it is invaluable."

(Signed) EDWARD G. LUDLOW, M. D.

To Mr. James Tarrant, No. 636 Broadway

New York, Nov. 1, 1844.

FROM GEORGE WILKES, M. D.

Surgeon at the New York Eye and Ear Infirmary

"I have given your Effervescent Seltzer Aperient in several occasions, and am much pleased with its effects. From its mild and certain operation on the bowels, it is invaluable to females during pregnancy, relieving the sickness and nausea attendant thereon, and may be administered with perfect safety. To residents of warm climates, or persons visiting such countries I would freely recommend it; also as a remedy for Sea Sickness. As a family Medicine it meets my full approbation."

(Signed) GEO. WILKES, M. D.

To Mr James Tarrant, No 29 Leight street

Oct. 9, 1844.

FROM M. PRICE MOORE, M. D.

"I have used your Effervescent Seltzer Aperient in several cases, with very happy results. As a mild Aperient, it has advantages over all other Aperients, particularly in cases of great debility where it is important to save the strength of the patient. It can be made a pleasant drink, and given in such doses as to obtain the object in view. As a Family medicine, I think very highly of it, and as such, can be freely used during the summer months."

(Signed) M. PRICE MOORE, M. D.

"I have often prescribed your Effervescent Seltzer Aperient in this city, and have always been pleased with its operation. It is, in my opinion, a pleasant, safe, and mild laxative, calculated to please the most fastidious. To persons residing in warm climates, where a congested state of the Liver is a frequent cause of disease, it is a most valuable medicine."
