NEW ORLEANS — LOUISIANA

NO. 225. STATE PAPER. MONDAY MORNING, JUNE 22, 1835. VOL. VIII

Office of the New Orleans and Carrollton Rail Road Company

SEALED proposals will be received until the 15th June for lowering the model of the New Orleans and Carrollton Rail Road Company, now erecting in Carrollton at the Terminus of the road. The plan of said building and specification, together with a plan of a livery stable, can be seen at the office of the company.

The hotel is 90 feet square, two stories high, with a basement; the ground surrounding it, and which is enclosed by a board fence, contains about 4 acres intended for a public garden.

The livery stables will be 150 feet front by 30 feet in depth, with a sufficient space for a yard, &c. Possession will be given on or about the 1st August. The bar rooms will be ready for use on the 4th of July, at which time it is expected the road will be in operation.

The conditions upon which this establishment will be let will be made known by applying to the secretary of the company. By order of the Board,

L. F. GENERES, Sec'y.

MANDEVILLE HOTEL.

THE undersigned informs his friends and the public that on the 28th June, he will be ready to receive in his establishment all persons who may favor him with their visits, and receive boarders. To persons acquainted with the superb situation of the establishment, a description of it is superfluous, but the subscriber thinks proper to point out to the public its many advantages.

Mandeville is situated at about 20 miles distance from New Orleans on the borders of Lake Pontchartrain. The ground is elevated about 12 or 15 feet above high water mark, and the purity of the air excludes all contagious diseases. There is abundant fishing and plenty of game. All provisions, wines, liquors &c. of the 1st quality, and no trouble will be spared to afford comfort and pleasure to visiters. To that end the subscriber has provided boats, pirogues, fishing seine, horses, and a place for pistol shooting. Families may be accommodated with private appartments. Two steamboats plying alternately between New Orleans and Mandeville, and making the trip in 2 1 2 hours will keep up a constant communication. Bathing so necessary in the heat of summer has been prevaded. A large wharf makes the landing easy and safe.

☞ For the time of starting of the boats, see the advertisement of the steamboat Delta.

NOTICE TO MARINERS

LIGHT FOR FALMOUTH HARBOUR

TREASURY DEPARTMENT, 12th Feb. 1835.

THE preparations which have been for some time past making for exhibiting a Light on St. Anthony's Point at the East side of the Entrance to Falmouth Harbour, being in a state of great forwardness

Notice thereof is hereby given, and that a light will be exhibited on that point in about two months from this date, and thenceforth continued every night from sun set to sun rise, for the guidance of vessels entering or departing from Falmouth Harbour.

This light will burn at an elevation of 65 feet above the level of the sea, high water, spring tides, and will be visible in all directions from S. 4th E. round Southward, Westward and Northward up the Harbour of Falmouth. And in order to render it readily distinguishable from all other lights in that vicinity, it will present a quick but regular succession of flashes of brilliant light.

Further particulars, with the exact time at which the light will be first exhibited, will be hereafter published.

By order,

CELEBRATED CASTILLON POWDER.

THE widow Carthy of Philadelphia, proprietor of the receipts of the late doctor Castillon of Cape Français has made our apothecary store a place of depot for Doctor's Castillon's celebrated anti-scorbutick and restorative powders. This Gentleman was formerly King's Surgeon in St Domingo. Warpointed by the proprietor agents for the sale of his recipes in this city.

These specifics have constantly succeeded in all parts of the Island of St. Domingo; they will cure the scurvy of all diseases originated from Scorbutick virus, diarrhœa, dyssentery, tenesmus, lientery, sprue, intermittent and continual fevers, obstructions of the liver and of the spleen—the diarrhœas most inveterate, dyssenteries and tenesmus, originating from the measles and the malignant small pox and those diseases consequent to deliveries and pregnancies.—The powder mixed with milk produces a very pleasant and nutritive pap—destroys all the putrid humors in the stomach and intestines—restores digestion and all secretions by purifying the blood of all scorbutick causes.

The length of the time necessary to get cured varies from 20 to 30 or 40 days, according to the ancientness or malignity of the disease—these specific remedies are to be found constantly at our apothecary shop, where a summary of all the extraordinary cures that were effected by these remedies are published. The public will find it very advantageous to use them as they may cure themselves to the directions given with the remedies.
