SKETCH OF A PROSPECTUS
for a Weekly Periodical, to be published in the City of New-Orleans.

IT is proposed that a paper, consecrated to the Arts and Sciences, Literature and Religion, shall be published in our city. This paper will be called

THE LOUISIANA RECORDER.

In order to insure its success, and afford the public a sufficient guarantee for the character and stability of the paper, an association of gentlemen has been formed, under these auspices it will be commenced, and by whom it will be conducted, through the agency of a Committee of Supervision, chosen from among themselves.

This association is principally composed of professional gentlemen, many of whom are CREOLES, and all of whom have been, for several years, *residents* of New Orleans. They deeply feel the importance of a new periodical, for the more extensive diffusion of that knowledge adapted to the generous and independent spirit which characterizes the inhabitants of Louisiana, and to liberal views of the condition and prospects of our city, together with the interesting region connected with this great emporium of the South and West. The members of this association pledge themselves to exert their influence in procuring the aid of the talented throughout the United States to furnish matter for the columns of the Recorder, without regard to party feelings, individual jealousies, or sectarian prejudice.

It is intended that this paper shall contain the usual quantity of original and selected matter found in the best periodicals of a similar description.

The price to city subscribers is fixed at $5 per annum, payable in advance. To persons at a distance it will be sent, on the receipt of $5. The first number will be issued on the 1st of January, 1835, or sooner, if the subscription shall warrant the publishers in the attempt; and all the proceeds, over and above the actual expence incurred, shall be for the exclusive benefit of the *Male Orphan Asylum of New Orleans.*

It is expected that the postage will be paid on all communications addressed to the publishers.

☞ Subscriptions will be received at Hotchkiss's and McKean's Book Stores. nov 8

The Lot of Ground with the buildings thereon, situated at the corner of Bourbon and Hospital streets, having about 61 feet 9 inches front to the first street, by 93 feet 9 inches to the second, conformably to the plan of said property which will be exhibited at the Exchange before the sale.

The said notes will be divided into shares for the convenience of the heirs. Acts of sale to be passed before G Legardeur, notary public, at the expense of the purchaser. nov 3

BY FERNANDEZ & WHITING.

TWO hundred Lots of Ground in faubourg Franklin.—On Tuesday the 9th day of December next, will be sold at Hewlett's Exchange coffee house, at twelve o'clock,—the above lots form squares facing Bons Enfans and Champs Elisées, promenades on the sides of Canal Marigny, where the rail road stands. A brief statement of the advantageous changes that have taken place since a few years in that quarter, and the probable causes which may tend to increase its importance may not be useless, principally to persons who are desirous to invest their funds in a safe and profitable manner.
The principal improvements are the rail road; the New Levee Steam Cotton Press; the splendid paper manufactory and many large blocks of buildings, the river filling up every year with mud the port in the upper part of the city. The foreign commerce is thereby forced down and crowded on this point; and vast undertakings are contemplating by the population of that section who do enjoy real wealth, and when energy and capacity have been lately brought to test, have little doubt concerning their completion.
The buildings which they are about to erect on that part of the old square of the city, immediately below the vegetable market, and will afford commodities to commerce, of which it had been deprived up to this day, it cannot but increase on this point and in the faubourg Marigny.
The establishment on the other side of the lake, Mandeville and Lewisburg: the importance that Milenburg port daily acquires, not on account of the yearly increasing trade with that part of our state bordering on the lakes Maurepas and Pontchartrain, that part of the Mississippi and Alabama States bordering on the lake Borgne, Pascagoula and Mobile Bay, but also on account of the facilities obtained by the rail road, through which ultimately the whole of that trade and part of the one carried on in small vessels with the West Indies will pass, are certainly all real and probable causes that will naturally tend to increase the importance of that quarter, and consequently the value of the lots now offered therein situated, besides their proximity to the great place of business, and the salubrity of the spot.
Conditions: one fourth at 6 months, one fourth at 12 months, one fourth at 18 months, the balance at 24 months credit, in notes satisfactorily endorsed and special mortgage until final payment. Acts of sale to be passed before T. Seghers, not. public, at the expense of the purchasers. Possession to be taken by them through the city surveyor, at their expense. nov 11
