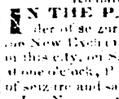
PASS CHRISTIAN HOTEL.



THE Subscriber begs leave to inform his friends and the public, that his establishment is rapidly progressing, and will be ready for the reception of visitors on the 1st June next, at which period he will be enabled to accommodate from 30 to 40 boarders—and towards the 1st of July next, when this new building will be completed—from one hundred to two hundred.

To those who are acquainted with the beautiful location of this establishment, it would be superfluous to say anything in its favor; but for the information of the public in general, the subscriber conceives it necessary to make known its manifold advantages.

Pass Christian is situated about 80 miles from New Orleans, on Lake Borgne, nearly opposite the Bay of St. Louis, immediately on the sea shore—the land is 12 to 15 feet above the level of high water mark, which, added to the pure atmosphere, renders it one of the most healthy places in the world; and in fact, from its peculiar situation, it is impossible that an epidemic disease should ever exist there.

The fish is abundant, and of every description—game plentiful—and within a quarter of a mile from the house is an extensive oyster bank, of which it is the subscriber's intention at all times, to have an unlimited supply. The very best provisions, wine and liquors, will be amply provided, and the subscriber will neglect nothing which may add to the comfort and recreation of those who may favor him with their patronage.

To further these views, bath houses have been erected, and sail boats, perogues, norsers, a seine, cast nets, &c. have been provided. A piano forte will also be provided for the use of ladies.

Family can have commodious apartments in separate buildings.

Terms will be moderate.

The mail boats on their way to and from Mobile stop daily at the pass to wood; besides which, there are three other boats which will run all the season, so that there will be a daily and never-failing communication with the city. The time of crossing does not exceed six or seven hours

The Mail boats leave the rail road every day at 2 o'clock and will land passengers on the spot where an extensive wharf is now building. GEORGE LEVY. [Aug 12
