(Name of Plant) (Plan + Number)

1. Enclosed herewith are the lists of machinery and equipment which have been submitted by your company through Tochigi Prefectural Government to this headquarters requesting confirmation of authority for use.

2. These lists have been subjected to a complete review and corrected by this headquarters in the light of their necessity for the continuation of the present authorized operation.

3. It is hereby confirmed that the lists as corrected include only those items which are essential to continue and support the present authorized operation. All inventoried items in the lists will be marked with the symbol "U" immediately following the inventory number.

4. Items that subsequently become unnecessary to support the authorized operation will be reported in five (5) copies to this headquarters by identifying number. If the item bears the symbol "U", the symbol will immediately be crossed out.

5. No additional items will be used without prior approval of this headquarters. Requests for temporary use of additional equipment for purposes not changing the plant's end products as defined in the current directive on conversion and reconversion will be submitted to this headquarters in five (5) copies with the recommendation of the prefectural government.
