MEDICAL.

GOOD MEDICINES.

STABLER'S ANODYNE CHERRY EXPECTORANT FOR COUGHS, COLDS, BRONCHITIS, CROUP, &c.

STABLER'S DIARRHŒA CORDIAL

THE valuable medicines above named, are not empirical, but are prepared in agreement with the experience of some of the most learned and judicious practitioners, and are not secret, further than is necessary to protect the proprietors and those who use them from loss and imposition, as the component parts have been made known, CONFIDENTIALLY, from time to time, to perhaps

500 PHYSICIANS!!!

In Maryland, Virginia, District of Columbia, Ohio, and other places, all of whom, without a single exception, have approved of the formula, and most of them acknowledge that they are the best remedies that they have ever known for the cure of the diseases for which they are recommended. Our confidence in the excellence of these medicines, added to our desire to avoid the just prejudice of the medical profession against secret and quack nostrums, induced us to adopt this candid course. We append a few of the notices we have received from Physicians, viz:

From Dr. William H. Farrow, of Snow Hill, Md.

Gentlemen—I have frequently in my practice prescribed your "Stabler's Anodyne Cherry Expectorant" and "Diarrhœa Cordial," with great satisfaction to myself, and to the entire relief of such diseases as they profess to cure. I consider them happy combinations of some of our most valuable and safe therapeutical agents, and must be of infinite worth to the afflicted and mankind at large. In furnishing the medical profession with these active and concentrated preparations, so convenient for administration, and of a standard quality, you have rendered them an eminent service, and I can do no less than cordially recommend these preparations to practitioners, and especially in the country, where the impurity of commercial Drugs is one of the greatest obstacles to the success of the Physician.

Dept. W. S. Love writes to us that he has administered the Expectorant to his wife, who has had the Bronchitis for fourteen years, and that she is fast recovering from her long-standing malady. It has in a few weeks done her more good than all the remedies she has heretofore used, indeed, numerous.

From Dr. H. P. Worthington, Laurel, Md.

"After several months use of your Expectorant, both in my own family and in general practice, I am confirmed in the opinion expressed of it when first made acquainted with the recipe. For one, I thank you for so CONVENIENT and ELEGANT a preparation of the Wild Cherry."

From Geo. Gerry, M. D., of Somerset Co., Md.

"Gentlemen—I have used many of the different Cherry Expectorants, and I do assure you that yours far exceeds any I have ever tried."

From Dr. J. Ridgway Andre, of Kingston, Talbot Co., Md.

"Having examined the component parts of Stabler's Anodyne Cherry Expectorant; also of 'Stabler's Diarrhœa Cordial,' and having used them in practice, I feel no hesitancy in recommending them."

From J. E. Marsh, M. D., Kent Co., Md.

"I have made free use of your Diarrhœa Cordial in my family. It gives me much pleasure to add my testimony to that of others, in favor of its efficiency."

From Samuel Martindale, M. D., Chesapeake City, Md.

"I have much pleasure in adding my testimony in favor of your valuable Cherry Expectorant. I have, after an extensive use, found it to answer all my expectations."

From Dr. Daniel W. Jones, Somerset Co., Md.

"I have given your Expectorant and Diarrhœa Cordial a fair trial, and am delighted with their effects, never having had them to fail in a single instance. I shall take pleasure in recommending them."

We have been favored with a written certificate, cheerfully given by numerous MEDICAL gentlemen in Maryland, Virginia and Ohio, which alone should convince the most doubting, that these are really "Good Medicines;" after stating that they are acquainted with the composition of both the Expectorant and Cordial, and that they have administered them to their patients, they testify "that they are remedies of GREAT VALUE, SAFE, EFFICIENT and WELL WORTHY of the patronage of the Profession and the Public, that they are MORE RELIABLE THAN ANY OTHER proprietary medicines with which we are acquainted," &c.

The above notices of recommendation from members of the Medical Faculty, Pharmaceutists of high standing, and Merchants of the first respectability, should be sufficient to satisfy all, that these medicines are worthy of trial by the afflicted, and that they are of a different stamp and class from the "Quackery" and "Cure-All" so much imposed upon the public.

See the descriptive Pamphlets, to be had gratis of all who have the medicine for sale, containing recommendations from Doctors Martin, Beltzell, Addison, Payne, Handy, Love, etc.

For sale by Druggists, Apothecaries and Country Store-keepers generally, at the low price of Fifty cents per bottle, or six bottles for $2 50.

WINER'S CANADIAN VERMIFUGE A CERTAIN REMEDY FOR WORMS.

IT IS A FACT, established beyond the shadow of doubt, by the experience and testimony of the most eminent physicians, that more than three-fourths of the diseases with which children are afflicted are caused by Worms, and thousands of children annually from these diseases, when the cause is either not known or attributed to something else. Various are the preparations which have been recommended as remedies for Worms, but experience has proved them all more or less ineffectual; the end, however, has at length been attained, and a remedy found which has never failed to destroy Worms, wherever they have existed. This assertion is supported by the testimony of the most eminent physicians and respectable individuals in the country. The remedy is

WINER'S CANADIAN VERMIFUGE,

WARRANTED PURELY VEGETABLE.

The signs indicating worms, and more easily administered than any other. Some of the symptoms which indicate the existence of the Worms in the bowels are as follows. The countenance is pale, or of a leaden color, and suffused with occasional flushes; the eyes are heavy and dull, the breath fetid, the upper lip swollen, itching in the nostrils, which causes the patient to pick his nose; the sleep is disturbed, the patient often awakening in great fright; and is liable to starting and grinding the teeth; the appetite is variable, the bowels irregular, sometimes voracious, others feeble and in some instances it is depraved.

To the following certificates numerous might be added, but it is believed that these are sufficient to establish the fact that WINER'S CANADIAN VERMIFUGE is A SUPERIOR REMEDY FOR WORMS.

Medical Evidence.

We, the undersigned, having frequently administered a medicine prepared by Mr. John Winer, of this town, designated J. WINER'S CANADIAN VERMIFUGE, being fully satisfied with its efficacy, confidently recommend it as a safe and efficient remedy for the expulsion of Worms from the intestinal canal.

G. O'REILLY, Lieutenant of the R. C. of Surgeons in Ireland, etc.
G. W. DICKINSON, Member of the R. C. of Surgeons, London, etc.

FROM THE REV. J. FLANAGAN, OF BANBROOK, C. W.

J. Winer—Sir: I have made the trial of your Canadian Vermifuge and with the most happy results. In my own family, and in every case which has come to my knowledge, the expulsion of Worms has followed the administering of your Vermifuge and every one here prefer it to any other, as the children take it more readily, which is a great point gained in giving medicine to children.

July 16, 1853. JOHN FLANAGAN.

☞ Physicians generally use WINER'S CANADIAN VERMIFUGE. This medicine is a simple vegetable preparation, and can always be administered with perfect safety and confidence as to the result, as it will always destroy Worms and restore the patient to health. Over one thousand certificates have been sent to the Agents from physicians, and merchants, bearing testimony to the efficacy of this infallible remedy—Warranted in all cases.

Prepared only by JOHN WINER, Manufacturing Chemist and Wholesale Druggist, Hamilton, Canada West.

☞ Sold wholesale and retail, at manufacturer's prices by J. WRIGHT & CO, New Orleans, 151 Chartres street, under the Orleans Hotel

Proclamation by the Governor for the cancellation of a Bond.

STATE OF LOUISIANA, Executive Office, Baton Rouge, Dec. 28, 1853.

WHEREAS James G. Fanning, of the parish of Jefferson, has made application to me for the cancellation of the following bond, viz:

A bond subscribed by the said James G. Fanning as principal, on the 8th day of March, A. D. 1853, in the sum of six thousand dollar together with L. A. Heaton, J. Brusk, E. S. Robinson and Lewis Elkin, as sureties in solido.

Notice is hereby given to all persons interested therein, to show cause in writing at the office of the Secretary of State at Baton Rouge, within ninety days after the publication hereof, why said bond should not be cancelled and annulled.

Given under my hand and seal of the State at the Town of Baton Rouge, this 28th day of December, A D, 1853, and of the Independence of the United States of America, the seventy-eighth.

By the Governor,
P O HEBERT, Governor of Louisiana,
ANDREW S HERRON, Secretary of State.

Notice for Cancellation of Bond.

STATE OF LOUISIANA, Executive Office, Baton Rouge, January 18th, 1854.

WHEREAS, application has this day been made to me by Miguel Hernandez, Jr., for the cancelling of the following Bond, namely: A bond in the sum of five thousand dollars, signed by the said Miguel Hernandez, Jr, as principal, on the seventeenth day of November, A. D., 1851; together with the following named persons as sureties, viz: Dominique Domino, in the sum of two thousand five hundred dollars; Francisco Sambola, in the sum of one thousand dollars; and Jean Slambias, in the sum of one thousand five hundred dollars. The said bond having been given by the said Miguel Hernandez, Jr., in order to secure the faithful discharge of all the duties incumbent on him as Constable of the Fifth Justice of the Peace, in and for the Parish of Orleans:

Now, therefore, this is to notify all persons interested therein, to show cause, at the office of the Secretary of State, within ninety days from the last publication hereof, why the said Bond should not be cancelled and annulled.

Given under my hand and the seal of the State, at the town of Baton Rouge, this eighteenth day of January, A. D., 1854, and of the Independence of the United States of America the seventy-eighth.

By order of the Governor, P. O. HEBERT.
ANDREW S. HERRON, Secretary of State.

EDUCATION.

BOURBON ACADEMY,

144, Toulouse Street, between Burgundy and Rampart.

Mr. BOURBON, with the assistance of able professors, has opened his Academy.

Classes—English, French, Mathematics, &c.

NO. 89 AND 91 ESPLANADE STREET.

Bennett Everett, A. M., Principal and Proprietor.

THE Session of 1853-54 commenced on Thursday, September 1st. The course of instruction is complete and the number of pupils limited with the guarantee that it is in a highly flourishing condition. The various branches of knowledge are taught by Mr. Everett, and a corps of Assistant Professors, selected with a view to good, substantial, thorough, and experience in teaching. The Principal is thus able to give a guarantee that all students who shall resort to this Institution, will be fitted either to discharge the duties of the more responsible avocations of life or to enter with advantage upon the study of the learned professions.

The ancient languages receive that attention which their importance deserves. Students may here receive without extra charge the same thorough knowledge of the Greek and Latin languages that is imparted in our best Northern Colleges.

As the Modern Languages, (particularly the English and the French,) and the higher mathematics receive very special attention, the School offers singular advantages to boys designed for mercantile pursuits.

☞ The School is organized with regard to classes on the plan of the French colleges; there are seven regular classes and students are admitted at every stage of advancement.

AUDUBON COLLEGE,

Corner Burgundy and Main Streets.

Conducted by Mr. S. ROUEN, formerly Principal of the Young Men's High School, Second District of New Orleans.

THE plan of studies will embrace all the branches, from the primary to the highest classes, viz: French, English, Spanish, Latin, Greek, Mathematics, Rhetoric, History, Geography, Book Keeping, Writing, &c.

All accessory branches will be taught in English—The Director will always make it a duty to engage the services of the best professors.

The building is extensive, well ventilated, and two large yards for recreations are attached thereto; one of which is destined to pupils of the primary classes, and the other to those of the other classes.

TERMS:

1.	Higher classes,	$1	per month
2.	Intermediate classes,	8	"
3.	Elementary classes,	6	"
4.	Primary classes,	4	"

Stationary paid separately.

Mr. J. E. De Pouilly, architect, will take charge of a class of linear drawing applied to buildings, machinery and survey, with landscape and perspective.

The pupils of the College will not be charged extra. The above class will be opened every day from 4½ to 6 P.M. The Classes will continue the whole year from 8½ A. M. to 3 P. M., and from 4½ to 6 P. M., from September 5th, 1853. Primary Classes, from 8½ A. M. to 3 P. M. for young children.

References: All the Directors of the Second District (late 1st Municipality,) from 1844 and all the parents of the numerous pupils of Mr. Rouen, from 1842.

COLLEGE.

St. Ann Street, facing the Place d'Armes, Old "Congo" Square, under the direction of MR. JEGOU.

Master of Arts and Mathematical Sciences.

Encouraged by the kindness and patronage of several families of standing, I have determined to open a College, securing to parents for their children the same advantages as those offered by Colleges in New Orleans, where a thorough education is received. For the purpose of obtaining the object for which this College is founded, I have secured the co-operation of the most competent Professors, who will superintend the course of instruction, both in English and others in French: these two languages being indispensable. A good education should comprise the training of the heart as well as that of the mind; the Professors will, therefore, have a proper regard for both in their teachings, and each will be the constant object of their care.

Religion, the most essential part of education, will receive from them and myself, special attention.

The College, fronting the Public Square, (old "Congo" Square) possesses all the advantages of a healthy location, and parents are solicited to visit and examine it.

With a view to foster the emulation of the students, the first day of each month will be devoted to a Literary Soiree, at which recitations in the several languages will take place, and the distribution of the several prizes earned during the month, will be made to the students.

In order to class, as much as possible, children of the same age, a Primary School is attached to the College, in a separate portion of the establishment.

PRIMARY SCHOOL—BRANCHES OF INSTRUCTION.—Reading, Writing, Arithmetic, English, French, Geography, and History of the United States.

Price of Tuition—Four Dollars.

COLLEGE—BRANCHES OF INSTRUCTION—Writing, Book-keeping, English, French, Greek, Latin, History, Geography, Physical and Natural Sciences and Mathematics. Such accomplishments as Music, Fencing, and Dancing will be charged separately.

Price of Tuition—Five, Six, Seven, and Eight Dollars.

HOURS OF TUITION—From 8 o'clock in the morning to 3 in the afternoon.

EVENING CLASS—This class will be open from 7 to 9 o'clock. Young men will there be taught English, French, Writing, Arithmetic and Book-keeping, by the best masters.

Price—Four Dollars.

University of Louisiana.

ACADEMIC DEPARTMENT.

THE seventh annual session of this branch of the University has just commenced, and the Department is now open for the reception of pupils. A plan of study has been adopted equally favorable to those desiring to follow a full collegiate course, and to those designed for commercial and mechanical pursuits. The corps of Professors has been increased the present session. The Scientific course, under the special care of the Professor of Mathematics, is modeled after that of the U. S. Military Academy, West Point, and l'Ecole Centrale des Arts et Manufactures at Paris. In the Department of Modern Languages, E. Roux, Professor of French; M. Kuhlmeyer, Professor of German, and Senor de Torrece, Professor of Spanish and Italian, continue to give instruction as formerly. Prof. McNally, for fourteen years Principal in a classical and commercial institute in Kingston, Jamaica, has been specially engaged for the classical Department.

TERMS:

Boys over 12 years of age, $10 per month.

ST. LOUIS INSTITUTE.

CONDUCTED BY Madame Deron.

Day and Boarding School for Young Ladies.

No. 313 Dauphin and 155 Hospital Street.

THE constantly increasing number of the pupils of the St. Louis Institute, has induced the conductress to purchase more spacious premises.

Mrs. Deron is removing from St. Louis street to the fine and large buildings in Dauphin street, occupied lately by the Louisiana College, has selected a MORE SUITABLE site for a young ladies' Academy.

The play ground is planted with trees, and will be devoted exclusively to the pupils, the entrance being in Hospital street.

Mrs. Deron tenders her heartfelt thanks to the families who have honored her with their patronage and feels happy in being able to increase the comforts of their children.

The general educational departments, (the French and English languages) are, as heretofore, under the direction of most competent Professors, who feel the deepest interest in the success of the St. Louis Institute.

With respect to the moral and religious part of education, good deportment and pleasing manners, nothing shall be wanting on the part of Mrs. Deron and the ladies who assist her.

The Musical Department, (the Piano, Harp, Solfege and Singing,) is, as heretofore, under the direction of Mrs. Cavillierbcuvre and Mr. Brocard, assisted by Professors well known for their ability in that branch of the education of young ladies.

Monthly musical examinations will take place in order to arouse the emulation of the pupils and ascertain their progress.

For further particulars, see prospectus, which can be had at the Institute and principal book stores.

N. B.—An OMNIBUS is attached to the Institute for the special purpose of conveying and taking back the pupils who reside in the First District.

J. B. AVEQUIN.

Chemist, analyst, assayer of all metals, all mineral productions from which all known metals are extracted and generally of all bodies known in chemistry.

MR. AVEQUIN not only announces the substances, matters and bodies he discovers in analysis which are confided to him, but also renders them visible and palpable. He aims at leaving no doubt whatever in the mind of persons who honor him with their confidence.

He indicates the manner of extracting all simple bodies, the salts contained therein, their various combinations or oxids employed in the arts.

He ascertains the quantity of metal or oxids that can be extracted from all known minerals.

He analyses mineral waters, whatever their nature may be.

Possessing a thorough knowledge based on long researches into the sugar cane, its fabrication: into new apparatus of all forms, their advantages and defects, he can answer immediately all verbal or written questions that may be propounded to him on these subjects.

He always delivers a certificate of the analysis, as days or researches he makes.

His prices vary according to the importance of the work.

None but prepaid letters are received.

Apply at his laboratory, Barracks street No. 206, N. Orleans.

SEWING MACHINES.

WILSON'S new patent ROTARY SEWING MACHINE, can now be seen in operation, by persons wishing to purchase, at No. 13 St. Charles street, up stairs.

The utility of these machines is no longer a matter of opinion, but a settled fact—Manufacturers at the North, give them a decided preference over all others ever invented, and Planters are fast bringing them into general use, not only for the work of their families, but especially for making up negro clothing. Every planter ought to possess one of these machines.

An experienced hand, with one of WILSON'S ROTARY MACHINES, (which takes from 1,200 to 1,500 stitches per minute) can do the work of fifteen seamstresses with ease.

This machine is simple, and not liable to get out of order, it is not noisy or complicated—working with a shuttle or two needles, and a dozen or more wheels. But on the contrary, a neat little article working with ONE NEEDLE ONLY, not having a shuttle or wheel in it.

Ladies and seamstresses, who purchase machines, can receive instructions from experienced and practical teachers how to use them, on application at the sewing rooms, No. 13 St. Charles street, up stairs.

A constant supply of improved machines, needles, spools, suitable thread, etc., for sale.
