The Commissioners of the Alms House have liberally appropriated one Ward of this Institution for the reception of females during their accouchements. This department will be under the immediate charge of the Professor of Obstetrics.

To enable the Student to become acquainted with diseases peculiar to the negro race, the old College has been converted into an Infirmary, where such Medical gentlemen as are friendly to this School will send their patients, and give a history of each case, with the plan of treatment. The Faculty are sanguine in the hope of being thus enabled to concentrate upon their School most of the experience and talent of the Medical Society, an advantage no where else enjoyed. NOTICE to person desirous of acquiring in a short time, and at a trifling expense, the indispensable art of a beautiful hand writing.

Mr. DUCHESNE DUVERNAY, professor of Calligraphy, lately arrived from Paris, begs leave to inform his friends, and the public, that he will engage to correct in 25 or 30 lessons, the most bad hand writing, provided the pupil will second his efforts.

The great superiority of his method, over the ancient manner of writing consists in the continual movement of the wrist with the arm, this joint labour ingeniously managed accelerates the progress of the pupil. A more correct idea of the easy and beauty of his system may be formed by calling at his room.

In these days a fine hand writing, is indispensable to every man, from which he often derives a living, this manner of acquiring in a short time a fine hand is not to be neglected. In this there is no surprise to be feared of a fallacious quackery, no vain promises, nothing but what is punctually executed. The professor, strong by his numerous experiences, guarantees a full success.

He has two classes, one from 10 in the morning until 2 in the evening, the second from 5 till 8 in the evening, the first will be devoted for ladies the second for gentlemen. He will attend private lessons, and at boarding schools.

N. B. The price of 30 lessons is $15.

His Academy is in St. Peter street, No. 158, between Dauphin and Burgundy streets.

ACADEMIES.

POONAH PAINTING.

St. Philippe st. No. 21, between Levee and Conde streets above the store of Mm. Garlepied.

NO Art is so calculated to improve the taste as that of Drawing. Nowady, therefore, is more beneficial to youth, pleasanter gratifying in the declining period of life.

Many, however, are discouraged in their first attempt, and relinquish the Art as impracticable; but after taking a few lessons in the Poonah style, their ready success will give them an inclination to poetry nature. The effort may be difficult at first, but the difficulty will speedly vanish, while the advantages will be solid, and the gratification extensive.

The Points and Method of applying them are entirely new. In point of fairness the painting which resembles a fine engraving in brilliancy and blending of colours, it surpasses all conception of the former style, but the greatest superiority it poses over the ordinary method is, that a knowledge of it may be acquired in a very short time, even by those who possess no taste in drawing, and no knowledge of the use of the pencil.

Mr. DE LOS RIOS,

Teacher of the new Style of Indian japanning, &c in 9 lessons, respectfully request those ladies who are desirous of receiving lessons at their own residences, and who are unable to call at M. de Los Rios rooms, to send their address to his dwelling. ——— There will be six classes each conducted by a different method, which will be arranged thus:

1st Class, drawing, painting, and golden on paper.
2d " ib ib on velvet, silk or cotton.
3d " ib ib on China or earthenware.
4th " ib ib preparing, golden, painting bronze, and vermeline, on boxes.
5th " Preparing, golden, and forming fruits and flowers with colored bronze, &c.
6th " Golden, to silver over, borders, sifters, &c. on glass.

M. de Los Rios willingly guaranty to those promised proficiency; so certain he is, from the manner in which he gives lessons, that a pupil must acquire a knowledge sufficient to allow their to depend upon their own exertions, after having taken the lessons; and, unless such be the result, they will not, and cannot, expect any remuneration whatever.

The room in which Mr. De Los Rios exhibit his specimens, is open to the public from 10 until 5, admittance may be gained by visiters obtaining their names. sept 15
