MARINE NEWS.

Port of New Orleans, February 21, 1857.

[illegible]

COMMERCIAL.

OFFICE OF THE BEE,
FRIDAY EVENING, Feb. 20, 1857.

The receipts of Western produce have been quite liberal during the past week, and we have to report a corresponding degree of activity in the business of our city. With increased supplies, the rates for a few articles have further given way, and we notice a decline in Flour, and some descriptions of Provisions, though Lard has advanced, and Pork has been firm. Cotton has met with a fair demand at still firmer prices. Sugar and Molasses have arrived pretty freely, and have sold at about previous rates. In Tobacco, the business continues limited. Freights have been dull and generally lower, while the business in Exchange has been large at advancing rates.

On Monday morning we published the Europa's advices, embracing Liverpool dates to the 31st ult.—They reported a firm Cotton market, with sales of 61,000 bales during the week, including 18,000 for speculation and export. The market closed quiet at 8¼ for Fair Orleans, and 7 11-16d. for Middling Orleans. The stock of Cotton at Liverpool was stated at 295,000 bales, of which 191,000 were American.—At Havre New Orleans *tres ordinaire* was quoted at 109f.

COTTON.—Arrived since the 13th instant, 52,149 bales. Cleared in the same time for Liverpool, 41,057; 2,066 for Queenstown; 7,457 for Havre; 394 for Marseilles; 2,527 for Genoa; 1,010 for Barcelona; 1,211 for Antwerp; 1,370 for Bremen; 611 for Gottenburg; 12,462 for St. Petersburg; 1,289 for Hamburg; 2,084 for Christian Stadt; 330 for New York; 4,410 for Boston, and 510 bales for Philadelphia; together, 87,161 bales, making a reduction in stock of 34,742 bales, and leaving on hand, including all on shipboard and at the various presses and pickeries not cleared, a stock of 331,914 bales.

The market opened on Saturday with a good demand, and although factors were claiming extreme rates, the sales of the day amounted to 10,500 bales. On Monday and Tuesday together 16,500 bales changed hands at prices showing an advance of ⅛c for the middling and better qualities, and on Wednesday 8,500 bales were sold, with a firm market generally. Yesterday very full prices were still claimed, with sales of 7,000 bales, and to-day 9,000 bales have changed hands, making a total for the week of 51,500 bales, the market closing at our quotations, which are now as follow:

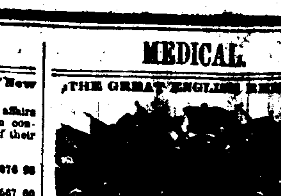
MEDICAL.

THE GREAT ENGLISH REMEDY.



THORN'S COMPOUND
Extract of Copaiba and Sarsaparilla

Possesses advantages not enjoyed by any other medicine for the cure of SEXUAL DISEASES, and which must, with an enlightened public, render it assuredly highly popular, and a desideratum long sought for in the medical world. It needs no confinement or change of diet. In its approved form—that of paste—it is entirely tasteless, and causes no unpleasant sensation to the patient.

It has acquired the utmost fame in almost every part of Europe. It has been examined, approved of, and sanctioned by the faculty of medicine, and recommended by the most eminent of the profession. Prepared by J. B. THORN, chemist, London, and for sale, wholesale and retail, by JOHN A. TARRANT, sole agent for the United States, 278 Greenwich street, New York.

As the above valuable preparation has been extensively counterfeited by unprincipled parties in the United States, the proprietor has adopted, as a caution, against

IMPOSITION ON CONSUMERS,

a label, of which the following is a facsimile, and which will be found burnt in upon the bottom of each pot of the Genuine, intended for sale in the United States, Canadas, British Provinces, West Indies and South America.

J. B. THORN. CHEMIST. LONDON. JOHN A. TARRANT NEW YORK. SOLE AGENT. FOR THE UNITED STATES.

The stamp around each pot will also bear the names of the proprietor and United States agent.

Druggists and dealers will observe on each dozen packages the following label

Important Caution.

The increased reputation and great demand for Thorn's Compound Extract of Copaiba and Sarsaparilla have been inducements for others to offer imitations of this valuable medicine. Vendors are particularly warned of this fact, that they may be on their guard, and not dispose of any impure article, calculated to injure their reputation, and destroy the merits of the original preparation; to obviate which, the subscriber (successor to James Tarrant, by whom it was first introduced into the United States,) has attached his signature to this caution, to counterfeit which is forgery.
