ORLEANS HIGH SCHOOL.
(Lycée d'Orléans.)
ESPLANADE STREET.

THE HIGH SCHOOL instituted by Professors EVERETT, WYNDHAM, and MERVOYER and conducted by them, receives Boarders, Half-Boarders, and Day Scholars.

The spacious and airy buildings occupied by the proprietors of the School, are situated in the most salubrious part of the city.

The price of Board, including washing and tuition in all the branches, is twenty dollars per month. The boarders receive maternal attentions from the Matron, who superintends the Boarding establishment.

Half Boarders and Day scholars are received on terms fully set forth in the Statutes.

The system of education embraces the grammar and literature of the English, French, Spanish, Latin and Greek languages, History, Rhetoric, Poetry, Mythology, Geography, the use of the Globes, Book-keeping, Arithmetic, Algebra, Geometry, plane and spherical Trigonometry, Surveying, Natural Philosophy, Moral Philosophy, etc., etc.

Lake Side Education.

DR. MACAULEY, Principal of the POLYTECHNIC School, 186 Canal street, respectfully announces to parents who may wish their sons to have the benefit of a change of air, for a short time, and that most healthy of all gymnastics, BATHING with no intermission of scholastic pursuits, that he proposes removing, about the middle of June, to Lakeview, a highly salubrious spot on the margin of the Lake, where the pupils will enjoy a varied recreation with study, and where the strictest attention will be paid to their health, comfort and literary improvement. As the intimate connection of our mental and physical constitution renders the due refreshment of the latter essential to the vigor of the former, the plan of removing for a short time to the country, cannot fail to meet the approbation of parents and guardians of youth; as Lakeview is well known as a remarkably healthy location. The water—that essential thing—especially in the summer season, is supplied in abundance, from a pure and beautiful spring near the premises; and the students visit the place daily, performing the trip in the short space of two hours. Such, however, of Dr. Macauley's pupils as do not accompany him to reside the Lake, may uninterruptedly prosecute their studies at the Institution, Canal street, as it will be left during his brief absence in charge of Teachers who will ably and faithfully perform the duties entrusted to them.

The Polytechnic School is now INCORPORATED and the fact that the Legislature has granted the power to confer, after due examination, the degrees of Bachelor of Arts and Master of Arts, will doubtless excite the pupils to strenuous exertions, while it is highly favorable to the acquisition of that sound learning which it is the object of this Institution to impart.

N. B.—A careful superintendent will attend the Young Gentlemen when bathing.

DAY AND BOARDING SCHOOL
FOR YOUNG LADIES,

Founded in 1832 by Madame Lasus, and conducted since 1840 by Madame Desmaras.
(Rampart street, corner of Bienville.)

THE course of instruction pursued in this establishment is both solid and varied, extending from the elements of reading and grammar to the study of literature and the elements of the sciences indispensable to a polished education.

The pupils are distributed into seven classes, suited to their different ages and capacities.

The French and English languages are cultivated with equal attention, and a good opportunity is afforded for their free and familiar use in conversation by the intercourse of Creoles with Americans.

Vocal and instrumental music is taught by ladies, exclusively attached to the establishment, and their constant presence is a guarantee of unremitting attention, both to lessons and practice.

The performance of religious duties, by the boarders, is daily attended to, a priest, authorized by the Bishop, attends the establishment twice a week, to instruct Catholic pupils and prepare them for their first communion.

From the 1st November, 1844 this Institution will no longer receive young boys, and will be exclusively consecrated to young ladies.

Parents are informed that the house in Bienville street, contiguous to the Church edifice, has been added to the Institution, for the better accommodation of boarders.

G. BOYER'S
CLASSICAL AND COMMERCIAL INSTITUTION,
No. 148 CONTI STREET,
(bewteen Dauphine and Burgundy streets.)

THIS Institution, the oldest scholastic establishment in New Orleans, is well known and highly distinguished for the success which has accompanied it ever since its foundation; a considerable number of pupils who have quitted it to enter on the great scene of life, having already acquired some distinction in the various avocations to which they have devoted themselves.

Boyer's Institution is conducted in one of the largest Mansions in the city, occupying a fine central position being well ventilated and in other respects perfectly salubrious.

The range of studies which engage the attention of the pupils extends over all the branches of Learning which are necessary to a useful, polite and finished education; from primary instruction to the more abstruse subjects which are specially the province of a collegiate course—Discipline so necessary to quicken in the youthful mind a due perception of the duties incumbent on it in its future relation with society, is a conspicuous feature of the establishment, being at the same time severe and considerate, whilst the solicitude of the Principal regarding the moral training of the youths committed to his charge, is, though strict, yet paternal.

The English language, daily becoming more and more evident, as of the greatest possible importance to all living in this community, is, in Boyer's Institution, attended to with more than ordinary care, the Professors engaged in this branch being gentlemen of undoubted attainments and long accustomed to Tuition.

BRANCHES OF TUITION:

The English, French, Spanish and Latin Languages, History, Geography, Mathematics, Elements of Natural Philosophy, Astronomy, &c. &c.

TERMS:

Boarders	$20 per month.
Half Boarders	12 do
Day Scholars	8 and 10 per month.

No deduction is made for absence. A month once commenced must be paid in full. Books, paper, &c. form separate charges. d10

This paper will be forwarded from New York on the arrival of the Express from Boston, frequently 24 hours in advance of the regular mail to this City to subscribers only.

It has already attained a very high character, and may with great propriety be said to contain the best PRICES CURRENT, the best SHIPPING LIST, and as the best EUROPEAN NEWSPAPER which has yet been transmitted from England—for it comprises in a condensed form of twenty four columns, every description of news of interest to America, which has transpired in England and other Foreign parts, from the sailing of the previous up to the hour of departure of the steamship which conveys the forthcoming number.

Amongst other numerous and flattering testimonials, the Boston Morning Post says:

"We are greatly indebted to this newspaper for our foreign, miscellaneous and commercial news. One number of 'Willmer & Smith's European Times' is worth a whole file of any other English paper."

Subscription $4 per annum.

☞ Mr O'Shaughnessy, the agent for "The European Times," is now in this city, and solicits subscribers for the above; also for all the European papers, including the Reviews, the London Punch, the Illustrated News and Times, &c. &c.
