1. The Final Roster (DA AGO Form 309) prepared by Nagasaki Civil Affairs Team, 27 November 1949, has the following discrepancies:

a. The final roster for officers contained the names of all officers assigned to organization as of the submission of the last monthly personnel roster. Paragraph 5b, Army Regulations 345-900, 22 October 1947 states that only those officers reassigned to other organizations on the date of inactivation will be reported on the final rosters.

b. The final roster for enlisted personnel should be dated 21 November 1949, the date on which the last enlisted person was reassigned. The "reason for submission" should state that the enlisted strength was reduced to zero. In this connection attention is invited to paragraph 4b, Army Regulations 345-900, 22 October 1947.

2. General Orders Number 147, Headquarters, Eighth Army dated 19 November 1949 states that the effective date for the discontinuance of unit was 30 November 1949. Inasmuch as all personnel were transferred and strength of organization was reduced to zero on morning report dated 27 November 1949, the remark in the record of events section should state that strength of unit was reduced to zero. A final morning report dated 30 November 1949 containing an entry in the record of events section that unit was discontinued and authority for discontinuance will be submitted. In this connection attention is invited to paragraph 37, Army Regulations 345-400, 18 April 1947.

3. It is desired that the above discrepancies be corrected and documents returned as inclosures to your indorsement hereon to Commander-in-Chief, Far East, APO 500, ATTENTION: Strength Accounting Branch.

1. The Final Roster (DA AGO Form 309) prepared by the Oita Civil Affairs Team, 30 November 1949 has the following discrepancies:

a. The final roster prepared for enlisted personnel should be dated 13 November 1949, the date on which the last enlisted personnel were reassigned, and the organizations to which each individual was reassigned should be entered in the block with individuals name. The "reason for submission" of roster should state that the enlisted strength was reduced to zero. In this connection attention is invited to paragraphs 4b and 5b, AR 345-900, 22 October 1947.

b. The final officers roster contained the names of all officers assigned to organization since the submission of the last monthly personnel roster. The final roster should be dated 28 November 1949, the date on which the last officer was reassigned, and the reason for submission should state that officers strength was reduced to zero. Attention is invited to the above regulations.

c. The duplicate copy of roster as required by paragraph 6 of the aforementioned regulations was not submitted.

2. A records of events was not entered on Morning Report (DA AGO Form 1) prepared 28 November 1949 stating that the strength of organization was reduced to zero and that no personnel remain assigned or attached to organization. In this connection attention is invited to paragraph 37b, AR 345-400, 18 April 1947.

3. It is desired that the above descrepancies be corrected and that documents be submitted as inclosures to your indorsement hereon to the Commander-in-Chief, Far East, APO 500, ATTENTION: Strength Accounting Branch.
