FAUBOURG DARCANTEL.

THIS beautifully situated faubourg, being nearly equidistant from the river and Port Pontchartrain, and located on the high ground of the Gentilly ridge, will be offered to the public by

ISAAC L. M'COY, *and*

HEWLETT & BASPILLIER, *Auctioneers,*

On MONDAY the 4th June next, at the Exchange coffee house, at 12 o'clock, laid off in lots of suitable sizes, and will be sold without reserve to the highest bidders.

The many advantages thus offered to a discriminating public needs no minute discription, and judicious speculators will not fail to profit by the purchase of lots in this elevated and healthy part of the city, rendered so convenient by its connexion with the Rail road which runs through the centre. This faubourg is laid off to correspond with the streets of faubourg Marigny, and with those of Milneburgh, and it is evident, from the enterprising character of the inhabitants of the lower part of the city, which is daily developing itself with increased vigor, that the time is not far distant when the whole will be in a state of improvement, and will form the most beautiful part of New-Orleans. The wide avenues formed by the Rail Road, and parallel streets permitting free circulation of air from the Lake to the River, and affording an unobstructed view, certainly indicate it the most healthy part, as well as the most beautiful. The compactly built and crowded streets of the business parts of the city already renders them unfit for residences during the warm season, and as this inconvenience must increase with the growth of the population, more airy and salubrious situations must be taken for dwellings, as well for health as comfort. Cars will stop at the Darcantil faubourg at all times to put down and take up passengers, and it is the intention of the Rail road company to lay iron pipes from the river to the lake to furnish the intermediate inhabitants with pure and wholesome water at a small expense.

For summer residences and pleasure gardens, this faubourg is delightfully situated, and the facility of speed with which it can be reached by means of the Rail-road, render it more convenient to the square of the city than many of the upper faubourgs.

The Rail Road Company desirous of affording facility to enterprising individuals who may purchase lots or squares in said faubourg, propose to sell on the following terms:

1, 2, 3, 4 and 5 years, endorsers being required on the three first notes. The purchasers to have the privilege of discounting any portion of their respective amount at 8 per cent per annum.

The acts of sale to be passed before Carlisle Pollock, not. pub., at the expense of the purchasers.

The plan may now be seen at the Exchange coffee house. may 18

Said lots are designated on a plan drawn by Louis Brugier, Esq surveyor general, bearing date 21st February, 1832, and deposited at the office of Wm. Christy, Esq. notary public, and measures each 30 feet on Orange street, by 105 feet 9 inches in depth. ON Tuesday the 22d inst. at the Exchange Coffee House, will be sold, 71 lots of ground, situated in Elkinsburgh, in the borders of Lake Pontchartrain, and nearly adjoining the site of fort St. John on the one side, and the entrance of the new canal into Lake Pontchartrain on the other. They measure each from 50 to 60 feet front, and of various depths, some equal to about 270 feet, as will more fully appear by the plan thereof, now exhibited at the Exchange; 47 of said lots front on Lake Pontchartrain, and will be sold with a right to the purchaser of all the additional ground which may be made or accumulate in front. The situation renders them particularly desirable for gardens or country seats, bordering as they do on the lake, they possess a salubrity of air not to be found in any other section of the state. The lake itself affords a beautiful and constant supply of fish of every description; add to which the great and expensive improvements, lately made on the bayou road; the facility of constant and easy communication with the city, and their proximity to the entrance of the new canal into Lake Ponchartrain, cannot but add greatly to their value, and render them an object of investment, for small capitalists, as well as for the more wealthy who may wish to live at their ease in retirement, and at the same time enjoy advantages, without any of the inconveniences of a city life. Terms: one fourth cash, and the balance in one year, secured by mortgage without endorsement.
