Prospectus of the Republic.
THE undersigned will, on the 15th day of June next, begin the publication in the city of Washington, of a daily Whig Administration paper, to be called *The Republic*, the editorial supervision and management of which will be committed to the exclusive care of ALEXANDER C. BULLITT and JOHN O. SARGENT.
The Republic will give to the principles upon which the administration of Gen. Taylor came into power a cordial, zealous and constant support. It will be a faithful record of the times; it will discuss public measures in an impartial and independent spirit; it will be a vehicle of the latest and most authentic information; it will be in a word, a political newspaper, devoted to the liberalizing and progressive doctrines which prevailed in the late President's administration; to the interests of labor, to development of the wants of agriculture, commerce and manufactures, and to the cause of literature, science and general intelligence.
The Republic will acknowledge no allegiance except to the country. It will aim to merit the confidence and support of the American people. It will be the organ of no person or party, or fraction of a party, in that conglomerate union which would hinder it from speaking bold and candidly to the people whatever it concerns them to know.
The Republic will be printed upon a double royal sheet, in a new, large, clear, readable type.

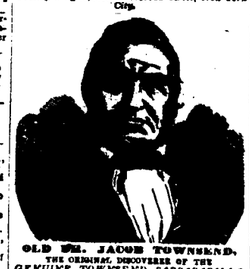
SPECIAL CAUTION.
A nearly the model of Gray, has commenced with a view to impose upon the public, the sale of a spurious article, purporting to be the genuine Sarsaparilla, of the old Dr. Townsend's Sarsaparilla, and the proprietors of the genuine article, have published in the papers, and never ever, put up formerly a wrapper, yellow, green, white, and blue tint. Yet he would be the same, if he, the proprietor of painting or not the other he is not. This is to caution the public not to be deceived by the purchase some but the genuine article of the JACOB TOWNSEND'S OLD SARSAPARILLA, having on it the old Dr.'s name, signature, family seal of arms, and his signature once in the circle of arms.
Principal Office, No. 102 Maiden street, New York City.



OLD DR. JACOB TOWNSEND.
THE ORIGINAL DISCOVERER OF THE *GENUINE TOWNSEND SARSAPARILLA.*
Old Dr. Townsend is now about 70 years of age and has long been known as the author and discoverer of the genuine original "TOWNSEND SARSAPARILLA." Being poor he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who have proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful

Healing Power.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better; because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the old Dr.'s Sarsaparilla. The Sarsaparilla root, it is well known to medical men, contains many medical properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so volatile that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give to it all its value.

Genuine Old Dr. Jacob Townsend's Sarsaparilla

Is so prepared that all the inert properties of the Sarsaparilla root are first removed, every thing capable of fermenting and or of fermentation, is extracted or rejected; then every particle of medicinal virtue is secured in a pure and concentrated form; and thus it is rendered incapable of loosing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the

Cure of Innumerable Diseases.

Hence the reason why we hear commendations on every side in its favor by men, women and children, we find it doing wonders in the cure of Consumption, Liver Complaint, Dyspepsia, Liver Complaint, and in Rheumatism, Scrofula, Piles, Cutaneous, all Cutaneous Eruptions, Pimples, Blotches, and all affections arising from impurity of the blood.

It possesses a marvellous efficacy in all complaints arising from indigestion, from acidity of the stomach, from general debility, from obstruction of the blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has the equal in Colds and Coughs; and promotes easy expectoration and gentle perspiration; relaxing stricture of the lungs, throat, and every other part.

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages

Of Female Complaints.

It works wonders in cases of Fluor Albus or Whites, Falling of the Womb, Obstructed, Suppressed or Painful Menses, Irregularity of the menstrual periods, and the like, and is as effectual in curing all the forms of Kidney Diseases.

By removing obstructions and regulating the general system, it gives tone and strength to the whole body, and thus cures all forms of

Nervous Diseases and Debility,

and thus prevents or relieves a great variety of other maladies, as Spinal Irritation, Neuralgia, St. Vitus's Dance, Swooning, Epileptic Fits, Convulsions, &c.

It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, quiets the nervous system, by ventilation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration, relaxes all restraints and tightness, removes all obstructions, and invigorates the entire nervous system. In not this, then, the

Medicine you precisely Need?

But can any of these things be said of S. P. Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR.'S

Because of one GRAND FACT, that the one is IN CAPABLE OF DETERIORATION, and

NEVER SPOILS.

While the other DOES, Souring, Fermenting, and blowing the bottles containing it into fragments, the sour, acid liquid exploding and damaging other goods! Must not this horrible compound be poison unto the system?—What! poisonous acid into a system already diseased with acid? What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs what mischiefs it produces? flatulence, heartburn, palpitation of the heart, complaint, diarrhoea, dysentery, cholic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the skin, Scald Head, Salt Rheum, Erysipelas, White Swellings, Fever Sores, and all ulcerations, internal and external? It is nothing under heaven, but an acid substance, which sours, and thus spoils, all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid, which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate membranes which it acts on. Is, of nervous diseases, of impurity of the blood, of disarranged circulations, and nearly all the ailments which afflict human nature?

Now, is it not horrible to make and sell, and infinitely worse to use this

Souring, Fermenting Acid "Compound" as S. P. Townsend,

and yet he would fain have it understood that Old Dr. Jacob Townsend's Genuine Original Sarsaparilla, is an IMITATION! Is his inferior preparation?

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's article; and which should bring down upon the Old Dr. such a mountain load of complaints and recriminations from those who have sold, and purchasers who have used S. P. Townsend's PERNICIOUS COMPOUND.

We wish it understood, because he is at the absolute truth, that S. P. Townsend's article and Old Dr. Jacob Townsend's sarsaparilla are heaven-wide apart, and infinitely dissimilar! Let Fairly Dealers, the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used for Sarsaparilla, and not a dose of incurable disease instead of health.

It is to be regretted that any other person, to pander to his wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom and vigor of life to the cadaverous cheek of disease, and to gain pecuniary profit, should be so unfortunate as to be induced to PURCHASE and PUT OFF upon the unfortunate, and to deal out DEATH instead of LIFE, and to bring his soul to the bar of his Maker, charged with the blood of his fellow creatures, and with the guilt of having sold and put off upon them, a compound which might render them the AGENTS of
