ANTI-GOUTY ELIXIR
OF
HIPPOLYTE BRIEUGNE,
INVENTOR OF THE ANTI-RHEUMATISM
Tropical Balm.

TILL now all medical science has had no power over the gouty, this terrible disease which has ever made so many victims all over the earth, and still tears daily so many thousands from their once happiness to give them up to the most pitiable sufferings. It is useless to recall to our minds the symptoms of this disease too well known to its numerous sufferers. It suffices to name them to appreciate the value of such a remedy against their return. Such is the effect of the Anti-Gouty Elixir, which is the result of the laborious researches of M. Hippolyte Brieugne, already known by the discovery of the anti-rheumatismal Tropical Balm, that has led down to this day so great a success. The Anti-Gouty Elixir, particularly designed for curing the fits of the gout, possesses a power no less great, warranted by a long and personal experience of the inventor, and by repeated testimonies of the cured victims.

The Anti-Gouty Elixir is easy to take, and its taste is in no way disagreeable. It can be taken pure or mixed with two or three spoonfuls of tea or coffee. Its effects are felt after a few hours, whatever may be the intensness of the fit. In twelve hours at most the sufferings disappear, and all its symptoms vanish away.
