AUTHORITY WITH RESPECT TO OCCUPIED AREA MATTERS

Note by the Secretaries

1. The enclosed data will be of particular interest to those handling occupied area matters in that it redefines the authority of various agencies in this particular field. In this connection it will be recalled that the new Interim Terms of Reference of SANACC approved 19 August 1948 by the National Security Council provide that SANACC shall not be used for the coordination of "matters concerning occupied areas (provided that matters of strategic importance or direct interest to the Departments of the Navy or the Air Force will be referred to SANACC even though the area concerned is an occupied area)".

2. Enclosure "A" authorizes the Joint Chiefs of Staff to accept from the Secretary of the Army for transmittal to the appropriate theater commanders in the occupied areas, agreed State-Army policy directives, positions and instructions on occupied areas matters. The Joint Chiefs of Staff are advised, as indicated above, that occupational matters of an intrinsic interest to Departments other than the Department of State and Army will continue to be processed through the medium of SANACC.

3. Enclosure "B" indicated Presidential approval to the agreement that, with the removal of most occupied areas matters from SANACC, the Department of State will be responsible for the necessary coordination of these matters with the Department of the Army and any other interested civilian Departments of the Government, and that the Department of the Army will be responsible for necessary coordination of these matters within the National Military Establishment. Approval is also given to the

Department of the Army's responsibility for communication of policy through appropriate channels to the U.S. military commanders in the field, and approval is given to the responsibility of the Department of State for communication of such policy to U.S. representatives (except U.S. military commanders in the field) on Allied bodies such as the Far Eastern Commission.

MEMORANDUM FOR THE JOINT CHIEFS OF STAFF

SUBJECT: New Interim Terms of Reference for State-Army-Navy-Air Force Coordinating Committee (SANACC)

1. Attached hereto is a copy of new interim terms of reference for the State-Army-Navy-Air Force Coordinating Committee (SANACC), dated 28 July 1948. Paragraph 2 b. of this document states in part: "It (SANACC) shall not, however, be used for the coordination of either (1) matters concerning occupied areas (provided that matters of strategic importance or direct interest to the Departments of the Navy or the Air Force will be referred to SANACC even though the area concerned is an occupied area)***".

2. Also attached is a copy of a memorandum from the Under Secretary of State to the President, dated 18 August 1948, subject as above, which requests modification in earlier Presidential instructions to the effect that the State-War-Navy Coordinating Committee (SWNCC), the predecessor of SANACC, should be responsible for the coordination of U.S. policy with respect to occupational matters and for the communication thereof, through appropriate channels, to U.S. representatives in the field and to U.S. representatives on allied bodies, such as the Far Eastern Committee. This memorandum points out that such a modification is necessary in order to make effective the new proposed terms of reference for SANACC and states that after the modification, the Department of State would be responsible for necessary coordination of such occupation matters with the Department of the Army, and the Department of Army would be responsible for necessary coordination of such matters within the National Military Establishment. This proposed modification was approved by the President on 20 August 1948, through an endorsement to that effect on the memorandum submitted to him.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 740132

3. In view of the approval of the new interim terms of reference for SANACC which are attached hereto, and the approval by the President of a modification in his earlier instructions concerning the handling of problems involving occupied areas, you are hereby authorized to accept from the Secretary of the Army for transmittal to the appropriate National Military Establishment commanders in the occupied areas, agreed State-Army policy directives, positions and instructions on occupied areas matters. However, as indicated above, occupational matters of strategic importance and those of intrinsic interest to departments other than the Departments of State and Army will continue to be processed, as heretofore, through the medium of SANACC.

DEPARTMENT OF STATE
WASHINGTON

August 18, 1948

MEMORANDUM FOR THE PRESIDENT

Subject: New Terms of Reference for State-Army-Navy-Air Force Coordinating Committee (SANACC).

In your letter of May 13, 1946 to each of the Secretaries of the Departments, a copy of which is enclosed, you set out certain principles regarding policy making and administration in occupied areas. In paragraph 4 of the memorandum attached to your letter you stated:

> "The State-War-Navy Coordinating Committee (SWNCC), under the chairmanship of the State Department, will be responsible for the coordination of U. S. policy with respect to such occupation and government and for its communication through appropriate channels to U. S. representatives in the field and to U. S. representatives on Allied bodies such as the Far East Commission."

Experience in SWNCC and later in the State-Army-Navy-Air Force Coordinating Committee (SANACC), the successor to SWNCC, has indicated that, except in rare instances, occupied areas policy matters are of little if any direct interest to the Departments of the Navy and the Air Force. For this reason and with the thought that some greater promptness in handling these matters might result, the Department of State, the Department of the Army, the Department of the Navy and the Department of the Air Force, with the approval of the Secretary of Defense, have now agreed to revise the terms of reference of SANACC so that occupied areas policy matters, other than those of strategic importance or intrinsic interest to the Departments of the Navy or Air Force, will no longer be referred to SANACC for coordination. It has been agreed

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 740132

among those Departments, subject to your approval, that with the removal of occupied areas policy matters from SANACC, paragraph 4, mentioned above, should be considered no longer operative and that it should be understood that the Department of State will be responsible for necessary coordination of these matters with the Department of the Army and any other interested civilian departments of the Government and that the Department of the Army will be responsible for necessary coordination of these matters within the national military establishment. Communication of policy through appropriate channels to U.S. military commanders in the field will become the responsibility of the Department of the Army and its communication to U.S. representatives (except U. S. military commanders in the field) on Allied bodies such as the Far Eastern Commission will become the responsibility of the Department of State.

If you approve, paragraph 4 quoted above will be considered no longer operative and the arrangement set out immediately above will be considered to be in effect.

INTERIM TERMS OF REFERENCE OF
THE STATE-ARMY-NAVY-AIR FORCE COORDINATING COMMITTEE

The State-Army-Navy-Air Force Coordinating Committee shall be continued in operation for the next six months, subject to the following terms of reference which will be reviewed at that time.

1. Membership. The Committee will consist of either an Under or Assistant Secretary from each of the Departments of State, Army, Navy and Air Force. The representative of the Department of State will be Chairman of the Committee. The SANACC is authorized to establish such standing and "ad hoc" committees as are necessary for the accomplishment of such functions.

2. Functions. The SANACC will perform the following functions:

a. Advise and assist the National Security Council, including the preparation of such reports and studies as may be requested by the National Security Council.

b. Be responsible for the coordination of matters referred to it by any of its members or by the National Security Council. It shall not, however, be used for the coordination of either (1) matters concerning occupied areas (provided that matters of strategic importance or direct interest to the Departments of the Navy or the Air Force will be referred to SANACC even though the area concerned is an occupied area) or (2) matters of limited interest which can be more expeditiously coordinated by direct interdepartmental consultation.

c. Consult in appropriate cases with non-member departments and agencies of the government. Representatives of these agencies may be invited to participate as "ad hoc" members of the Committee when matters of interest to them are under consideration.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 740132

3. Powers. All matters requiring major policy determination and those on which the Departments represented on the SANACC are unable to reach agreement within a reasonable length of time will be submitted to the National Security Council. In matters consistent with established governmental policy, unanimous actions and decisions of the SANACC will be construed as effective decisions of the Secretaries of State, Defense, Army, Navy and Air Force.

4. Secretariat. The Secretariat of SANACC will be headed by an Executive Secretary nominated by the Secretary of State and approved by the Committee. Additional personnel for the SANACC Secretariat will be detailed by the member departments as agreed upon among themselves. In order to effect coordination between SANACC and the National Security Council, the Executive Secretary of SANACC shall keep the Executive Secretary of the National Security Council immediately advised of all matters referred to SANACC and of all proceedings and all actions by SANACC. The Executive Secretary of the National Security Council shall advise the SANACC whenever it appears that such activities duplicate or conflict with matters under consideration by the National Security Council.

EXTRACT OF THE MINUTES OF THE 63rd SANACC MEETING,
HELD IN NEW STATE DEPARTMENT BUILDING,
ON THURSDAY, 15 JANUARY 1948, AT 1430.

* * *

3. PROCESSING OF SANACC PAPERS (SANA-5834 - SANA-5872)

The ACTING ARMY MEMBER explained why his department had not concurred with the proposal of the SANACC Secretariat as contained in SANA-5834.

He expressed the opinion that SANACC was a valuable instrument and that it should be continued even if occupied matters were removed from it. He suggested that SANACC's operations would be expedited if the members of the subcommittees were instructed to expedite their consideration of all matters and were encouraged to submit split reports when agreement could not be reached within a reasonable period and if all members would see to it that SANACC papers were given adequate priority in their departments. The AIR FORCE MEMBER said that he concurred with the views of the Acting Army Member.

THE COMMITTEE agreed:

a. To remove SANA-5834 and SANA-5872 from the Agenda.

b. That each member should attempt to secure adequate priority for SANACC papers within his respective department.

ENCLOSURE "A"

STATE-ARMY-NAVY-AIR FORCE COORDINATING COMMITTEE
(formerly State-War-Navy Coordinating Committee)

ORIGIN OF COMMITTEE (SWNCC)

Informal conversations were held late in 1944 by the Secretary of State and War and Navy Department representatives on the question of improving existing methods of obtaining for the State Department advice on politico-military matters and of coordinating the views of the three Departments on matters in which all had a common interest, particularly those involving foreign policy and relations with foreign nations.

These conversations were followed by a suggestion from the Secretary of State (E. R. Stettinius, Jr.) to the Secretary of War (Mr. H. L. Stimson) and the Secretary of the Navy (Mr. Frank Knox) that a committee of representatives of the three Departments be formed to deal with problems relating to the Far East.

It was generally agreed in the subsequent meeting of the Secretary of State, the Assistant Secretary of War and the Assistant Secretary of the Navy for Air, held on 20 November 1944, that it might be desirable to expand this proposal to provide for a committee which might deal with a much wider range of interdepartmental problems and serve as a convenient channel of interdepartmental communication.

The Secretary of State accordingly suggested the formation of a committee to be composed of representatives of the Secretary of State, the Secretary of War, and the Secretary of the Navy, charged with the duty of formulating recommendations to the Secretary of State on questions having both military and political aspects and of coordinating the views of the three Departments in matters of interdepartmental interest (See Appendix "L").

The Secretary of State further suggested that in view of the fact that much of the work of the proposed committee would deal with foreign policy, the representative of the State Department should serve as Chairman of the Committee.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 740132

During these informal discussions the Secretaries considered that it was imperative that any such committee should be composed of ranking members of each Department, able and authorized to speak for the Departments represented without frequent reference to the Department heads of questions under consideration.

Recognition was given to the operational requirements of delegation of authority by departmental representatives to appropriate panels or subcommittees of the committee which could be formed to deal with particular problems, and to the desirability of calling upon qualified departmental personnel for technical assistance.

It was also appreciated by the Secretaries that many of the problems to be presented to the Coordinating Committee would be matters where military necessity was predominant and consideration by the Joint Chiefs of Staff would be required.

FORMATION OF THE COMMITTEE

The following were designated by their respective Secretaries to serve on this Committee:

State Member

Mr. James Clement Dunn, Asst. Secretary of State (Chairman)

War Member

Mr. John J. McCloy, Asst. Secretary of War

Navy Member

Mr. Artemus L. Gates, Asst. Secretary of the Navy for Air

The above members held their first meeting on Tuesday, 19 December 1944, at 1130 in Room 300 State Building, where they discussed the initial organization of the Committee and agreed that the name of the Committee would be "The State-War-Navy Coordinating Committee."

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 740132

ORIGIN OF THE SECRETARIAT

Based on a decision at the first meeting, a permanent Secretariat for the Committee was organized to function as follows:

a. The State-War-Navy Coordinating Committee Secretariat was established as the agency of the State-War-Navy Coordinating Committee charged with the performance of secretarial and such other duties as might be prescribed.

b. It was determined by the Committee that the State-War-Navy Coordinating Committee Secretariat would consist of:

(1) The Secretary and two Deputy Secretaries (one each from the State, War and Navy Departments).

(2) Additional secretaries as required to assist the Secretary and Deputy Secretaries.

c. Members of the State-War-Navy Coordinating Committee Secretariat were selected in appropriate numbers from personnel of the State, War and Navy Departments. Selectees from the War and Navy Departments were to be properly qualified officers of appropriate rank of the Army and the Navy. At least one member of the Secretariat was to be an officer of the Army Air Forces.

d. The Secretariat was directed to perform secretarial and such other duties as the Committee from time to time prescribed. Specifically it was to be responsible for:

(1) Making preparation for the meetings of the State-War-Navy Coordinating Committee and recording the minutes of the proceedings thereof.

(2) Maintaining close liaison with the Secretariat of the Joint Chiefs of Staff and other appropriate agencies and making arrangements for obtaining technical advice and assistance as desired by the Committee.

(3) Proper disposition of communications to, and appropriate actions in connection with decisions and policies of, the Committee.

(4) The reproduction, distribution, and security of all official papers of the Committee.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 740132

e. The Secretary was held responsible for the proper functioning of the Secretariat. In the performance of his duties the Secretary was to be assisted by the Deputy Secretaries, other Secretaries, and such other military and civilian personnel as were assigned to the Secretariat. On or about 16 December 1944 the office of the SWNCC Secretariat was established in the Office of the Assistant Secretary of War in the Pentagon, where procedures were developed for the proper functioning of the Secretariat. However, it was unanimously agreed by the Committee at its first meeting that the Secretariat should be established in the Department of State, and accordingly on 17 January 1945 the Secretariat moved to Rooms 176, 178 and 180 in the Main State Building. This space was occupied by the Secretariat until about 1 December 1946 when it was moved to the New War Department Building and combined with the Secretariat of the Subcommittee for the Far East.

AUTHORITY OF THE COMMITTEE

On 16 October 1945, in order to clarify the authority of the Committee, the Secretaries of State, War and the Navy approved the following "charter" for the Committee:

"The State-War-Navy Coordinating Committee is designated as the agency to reconcile and coordinate the action to be taken by the State, War and Navy Departments on matters of common interest and, under the guidance of the Secretaries of State, War and the Navy, establish policies on politico-military questions referred to it.

"Action taken by the Coordinating Committee will be construed as action taken in the names of the Secretaries of State, War and the Navy. Subject to approval of the President where appropriate, decisions of the Committee will establish the approved policy of the State, War and Navy Departments. Dissemination of the decisions of the Committee will be accomplished by the three Departments for the information and guidance of all concerned and, where appropriate, with necessary instructions for action."

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 740132

On 25 April 1946 the Secretaries of State, War and Navy made the following Statement on Principles and Procedures Regarding Policy-Making and Administration of Occupied Areas:

"The State-War-Navy Coordinating Committee (SWNCC), under the chairmanship of the State Department, will be responsible for the coordination of U.S. policy with respect to such occupation and government and for its communication through appropriate channels to U.S. representatives in the field and to U.S. representatives on Allied bodies such as the Far Eastern Commission."

ORIGIN OF SANACC

Due to the establishment of the Office of the Secretary of Defense and the creation of a National Security Council under the National Security Act of 1947, the State-War-Navy Coordinating Committee was redesignated as the State-Army-Navy-Air Force Coordinating Committee and the following "provisional terms of reference" were approved by the Secretaries of State, Defense, Army, Navy, and Air Force on 4 November 1947:

"The State-War-Navy Coordinating Committee (SWNCC) is reconstituted as the State-Army-Navy-Air Force Coordinating Committee (SANACC) and is designated as the agency to reconcile and coordinate the action to be taken by the Departments of State, Army, Navy, and Air Force on matters of common interest, and under the Chairmanship of the Department of State will be responsible for the coordination of policy on politico-military questions referred to it.

"Action taken and decisions made by the State-Army-Navy-Air Force Coordinating Committee will be construed as action and decisions by and the approved policy of the Secretaries of State and Defense, as well as the Secretaries of Army, Navy, and the Air Force. Dissemination of the decisions of the Committee will be accomplished by the departments concerned for the information and guidance of all concerned and, where appropriate, with necessary instructions for action."

APPENDIX "A"

STATE-ARMY-NAVY-AIR FORCE COORDINATING SUBCOMMITTEE FOR EUROPE

The major task facing the Committee upon its formation was the assumption of the duties performed by the Working Security Committee, an interdepartmental agency formed in December 1943 to furnish guidance to the U.S. representative on the European Advisory Commission. The Working Security Committee in collaboration with the Joint Post War Committee of the Joint Chiefs of Staff had prepared some 17 U.S. Directives on the Post-War Treatment of Germany. In addition these Groups had been preparing comments for the U.S. Member, EAC, on some 40 British (SWNCC 14) Directives introduced into the European Advisory Commission by the British Government. The Working Security Committee was composed of personnel of the State, War, and Navy Departments and soon after the formation of SWNCC was absorbed into an ad hoc Committee on Control of Germany, later designated as the State-War-Navy Coordinating Subcommittee for Europe.

The composition of the ad hoc Committee appointed on 2 January 1945 was as follows:

Mr. H. Freeman Matthews, State (Chairman)
Major General John H. Hilldring, Army
Vice Admiral Russell Willson, Navy

At their 9th Meeting on 9 February 1945, the Committee agreed to broaden the scope of the ad hoc Committee on Germany and redesignated it as the ad hoc Committee on European Affairs to enable this group to consider non-German matters.

At their 10th Meeting on 16 February 1945, the Committee agreed that the ad hoc Committee on European Affairs should be redesignated as the State-War-Navy Coordinating Subcommittee for Europe.

Since 4 November 1947, following the reconstitution of SWNCC as SANACC, this Subcommittee has been known as the State-Army-Navy-Air Force Coordinating Subcommittee for Europe.

DECLASSIFIED E.O. 11652, Sec 3(E) and 5(D) or (E) NND# 740132

APPENDIX "B"

STATE-ARMY-NAVY-AIR FORCE COORDINATING SUBCOMMITTEE FOR LATIN AMERICA

At the 2nd State-War-Navy-Coordinating Committee Meeting on 22 December 1944, Mr. Dunn, the State Member, said that his department desired the services of Army and Navy officers as advisors in preparing for the then forthcoming United Nations Conference on International Organization for Peace and Security, on which the Department of State already had a group working. Mr. Dunn also requested that the War and Navy Departments be prepared to assist in the preparation for the then projected Conference of Foreign Ministers of the American Republics. He suggested that officers of the Army and Navy be detailed to assist the Assistant Secretary of State for American Republic Affairs, who would be prepared to present their Departments' views on (1) objectives of the War and Navy Departments in Latin America; (2) assistance from Latin America to shorten the war; and (3) solutions to problems which would arise in this hemisphere upon conclusion of the war. Mr. McCloy, the War Member, and Mr. Gates, the Navy Member, agreed to take this matter up with their respective departments.

(NOTE: These discussions eventually led to the establishment of an Interdepartmental Committee known as a "Policy Group of the State, War and Navy Departments appointed for Coming Inter-American Conference for the Maintenance of Continental Peace and Security at Rio de Janiero" and the State-War-Navy Coordinating Subcommittee for Latin America. Both of these groups were composed of high ranking members of the three Departments on Latin American affairs.)

On 3 January 1945 the Committee designated the following to serve on an ad hoc Committee to assist State Department in preparing for conference of American Republics Cooperating in the War Effort:

On 13 January 1945 the Committee appointed an ad hoc committee entitled the "ad hoc Committee to Consider Problems Which Arise in Connection with Control of Pacific and Far Eastern Areas". The membership of this ad hoc Committee was as follows:
