SUBJECT: Special Report on Dr. Kubo, Director of Nirasaki Health Center, Yamanashi Prefecture.

1. At a conference between the undersigned and said Dr. Kubo, attended by T. Ishibata, my interpreter, the matter translated from the attached anonymous letter was discussed. Dr. Kubo states that:

a. He did collect money from certain organizations - "maybe 10,000 yen" total.

b. He did not use undue persuasion to obtain said contributions.

c. Collections were made by a subordinate.

d. No receipts were given.

e. After paying expenses of said Athletic Meet he has now in his possession the excess money - "maybe 700 or 800 yen".

f. As requested by the undersigned he will prepare a statement of accounts and submit same over his signature.

2. We tried to point out that we do not believe a conscientious public official would misappropriate funds as suggested: that this meeting was on a friendly basis; and that the future of a health center and health center program would be jeopardized should these facts be substantiated.

3. My impression is that the charge against this doctor may be true. A further report of another nature will be available from Capt. Belser of Yamanashi CIC.

W.G.A. EDELMAN, M.D.
Public Health Officer

5) Summary:

Reorganization in September 1949 of the health department carried out by the former chief, Mr. Iinaga who resigned later has met the strong opposition. He was blamed for dissolving the essential section of preventive medicine simply on the basis of political reasons. Newspapers and public have shown the strong opposition to the action taken by the chief of the Department. Mr. Iinaga resigned in an early part of October 1949. Dr. Koike, the former chief of preventive medicine section has been known for the Communist membership. He has been transferred to Ogawara Health Center as its chief.

Mr. Sakurada who is the chairman of the election committee of the governor has the strong position and is known that he is trying to become the chief of the Department. Former chief of pharmaceutical section has been arrested for his fraud and accepting briberies. There have been some political complications in the health department. Mr. Sakurada is known that he has strong control over the budgeting financing and appointment of personnel in the department causing troubles.
