Day and Boarding School for Young Ladies.

Founded in 1822, by Madame Leirie, and conducted since 1840, by MADAME DESRAYAUX; Burgundy street, between Customhouse and Bienville streets, New Orleans.

MR. and MRS. DESRAYAUX, formerly in Rampart street, having removed their institution upwards of a year ago, to more extensive accommodations, assure parents and guardians of youth, that their new building in Burgundy st. has met their expectations, and supplies one great and almost indispensable requisite—viz: ample accommodations, adapted to the object they had in view. It is scarcely necessary to state, that the building which they erected, is supplied with all the modern improvements for the comfort and convenience of domestic life, and for educational purposes. The apartments are spacious, airy, well lighted, and properly furnished. The large and well shaded garden in the rear of the building, purchased for the accommodation of the pupils, is found to be attended with many advantages, as regards health, exercise and amusement—in short, every arrangement has been made, at no small expense, to increase the facilities of education; to guard the health of the pupils, and to procure their comfort and happiness.

The Institution provides thorough and substantial instruction in every stage and department of education. It possesses great facilities for the acquirement of the French language, and for the cultivation of Music, and it is sufficient to say, that no efforts will be wanting to sustain the reputation which the School has already acquired in these departments.

DR. MACAULAY, who has taught in the Institution for upwards of five years, and who divides his time equally between it and Mrs. Macaulay's, takes the entire charge of the department of English Literature, including Natural and Moral Philosophy; and teaches not only the outlines, but enough of Mathematics, Chemistry, Geology and Astronomy, as to enable young ladies to understand all the ordinary phenomena which are constantly presenting themselves to their observation.

For further information, the proprietors of the Institution respectfully refer parents to their prospectus, published in pamphlet form, to be found at the book store and at the Institution. s2—ly

Storage—Storage—Storage.

WE, the undersigned, having long been engaged in the storage business, beg to inform our friends and the public, that we have for the coming season, six warehouses not surpassed by any in this city—all of them fire proof, located in the Second Municipality, within a very short distance of the steamship and flatts at landing, they are situated as follows:

UNION—Tchoupitoulas street, corner of Notre Dame and Commerce streets.

WESTERN—Corner of Julia and Foucher streets.

PELICAN—On Commerce street, corner of Girod and Notre-Dame streets.

CRESCENT—On New Levee street, between Gaiennie and Suzette streets.

PHOENIX—On Tchoupitoulas street, between St. Joseph and Julia streets.

BRANCH—On Notre-Dame street, between Tchoupitoulas and Magazine streets.

We are now prepared to receive all description of merchandize and Western produce at low rates. Our establishments are so arranged that each description of goods is kept in a store entirely separate and distinct from that containing any other, and having also a large number of experienced laborers constantly in our employ, we are enabled to offer facilities for the receipt and delivery of goods unequalled by any similar establishment in this city.

Sulphur and Vapor Baths.

THE undersigned respectfully informs the public that he continues to prepare and administer these Baths at his Perfumery Establishment, No. 207 St. Louis street, between Villere and Robertson.

The excellence of these Baths is universally known in a great number of chronic diseases of the skin, such as itch, prurigo, tetters, scalled head, &c. They have been employed with remarkable success in other maladies, which frequently resist the resources of the medical art, such as chronic rheumatism, atonic gout, palsy, scrofula, engorgements of the glands, of the breasts, the lymphatic ganglions and joints. Eminent practitioners have bestowed the highest praises on the remedy, and are in the habit of prescribing it for inveterate diseases that require powerful sudorific agents. The success obtained by this mode of treatment is confirmed by the time that has elapsed since the cures were effected.

The undersigned hopes that his efforts to give satisfaction to those who have honored his establishment with their patronage, will ensure the continuance of patients whose cases require the employment of medicated sulphur or Vapor Baths.
