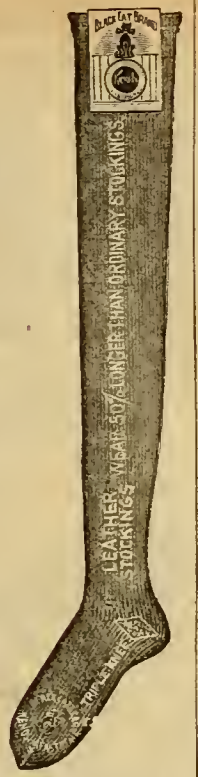
Boys' Leather Stockings, with Triple Knees.

THE BEST BOYS' STOCKINGS EVER PRODUCED. Guaranteed to wear 50 per cent longer than any other stockings ever made anywhere on earth.



No. 53698. Leather Stockings for boys, so called not because they are made from leather, for they are not, they are made from cotton yarn, but because they wear like leather. These are the genuine triple knee leather stockings, made from the finest, softest and smoothest Egyptian cotton, with triple knees, heels and toes, making them the strongest, heaviest most elastic, perfect-fitting and cheapest boys' stockings in the world. Buy them once and you will never buy any other kind. There is a vast amount of real satisfaction in buying boys' hosiery that you know is thoroughly good. You will never know what a vast amount of satisfaction you can get out of these stockings until you try them. Include a pair of these stockings in your next order and learn where true economy lies in stocking buying. Sizes, 6 to 10. Always state size.

OUR UNDERWEAR DEPARTMENT.

THE ASTONISHING LOW PRICES quoted throughout this department will convince you that we are selling better goods for the money than any other house. Our prices protect you from over-profit paying.

KEEP IN MIND OUR PRICES, Compare with your local merchant and you will find that we can save you from 35 to 50 per cent on all your purchases. WE ARE THE ONLY MERCHANTS between manufacturers and consumer, and with our one small profit, we frequently offer garments at less than they can be obtained at wholesale.

WE FULLY GUARANTEE EVERY GARMENT TO BE EXACTLY AS REPRESENTED. MONEY CHEERFULLY REFUNDED IF YOU ARE NOT SATISFIED.

....SPECIAL NOTICE.... MERINO as used in this catalogue, does not mean all wool, but a mixture of wool and cotton. : : : :

MEN'S SUMMER UNION SUITS.

No. 54304

No. 54135 Men's Summer Weight Fine Egyptian Cotton Ribbed Union Suits. A rational garment for men. Nearly every man has suffered the annoying tendency, particularly in warm weather, of his undershirt to roll up the back, and the inclination of the drawers to slip to an uncomfortable position. Try our union suit and you will wonder why you did not wear them before. Always in its place and fits like the skin. Sizes, 34 to 44. Ecru color only. Give chest measure.
Price, per suit.....$ 1.00
Three suits..... 2.75
Per doz..... 11.00

No. 54137 Men's Medium-Weight Natural Gray, Woolen Ribbed Union Suit; for spring and fall. This garment is made in exact proportions, of five-eighths fine Australian wool to three-eighths Egyptian cotton. In the use of this combination of wool and cotton the possibility of shrinkage is avoided and also adds much to its wearing properties. Opens down the front, fine pearl buttons, long sleeves, ankle length, suitable to wear all the year round. Give chest measure. Sizes, 34 to 44.
Price, per doz.. $12.45; 3 suits, $4.15; each, $1.50

Light Weight Wool Underwear.

The demand for Light Weight Wool Underwear becomes more conspicuous every season. It is more healthful than cotton or silk, as it always keeps the pores open and absorbs all perspiration, and is proof against the ill effects of cold, heat and dampness. Wool gently stimulates the skin and co-operates with it to regulate the temperature of the body. We have a specially selected line of light weight and medium weight wool underwear which we can highly recommend. Order from the following quotations and you will get such values as you have never had before. Always state just what sizes you wish.

No. 54164 Men's Light Weight Natural Wool Undershirts. Sanitary gray color, silk taped front and neck, pearl buttons and ribbed cuffs. Sizes, 34 to 44. 80 per cent pure wool.
Price, per doz.. $8.20. Each.....75c

Sears, Roebuck & Co., Special Sanitary Underwear.

Light Weight Wool.

This is the same underwear that is sold at a much higher price under the copyright name of a famous physician. Knowing their great merit we have made special arrangements by which we offer to our customers these superb garments under our own name 35 per cent cheaper than can be obtained elsewhere. In presenting this underwear at such low prices we protect you against excessive profits with the additional cost of a physician's name. We guarantee every garment.

Sears, Roebuck & Co., Sanitary Underwear.

Light Weight Sanitary Wool.

Made Australian lamb's wool, natural gray color. It is a non-conductor of cold and moisture. It opens the pores of the body, absorbs all perspiration and the vaporous exhalations of the skin, and regulates the temperature of the body, keeping the skin always dry, even when perspiring freely. S. R. & Co., Sanitary Health Underwear is exceedingly fine and soft and will not irritate or scratch the most tender skins. A more healthful light weight wool underwear is not made.

No. 54176 S. R. & Co. Light Weight Natural Gray Sanitary Wool Shirts, fine, soft, silky finish, handsomely made and trimmed, pearl button front, ribbed cuffs and high-grade finish throughout. Light, serviceable. Sizes, 34 to 44. Price, each.....$1.10

The Ruben's Infant Shirt.

The Ruben's Shirt is simplicity itself. Is made without any buttons whatever, and is so constructed that **double protection is given to the vital parts,** the chest, lungs and abdomen. This is by all odds, the most sensible and practical infants' shirt ever made. The highest medical authorities pronounce it healthful and as being particularly desirable for delicate infants.

Ruben's Shirts at 24c to 43c.

No. 54450 The Ruben's Infant Shirt. Fine Saxony 66⅔ per cent fine wool with finished neck and double-stitched edges. The straps fasten at back with small safety pin, and can be adjusted in an instant. Fine Jersey ribbed and very soft.

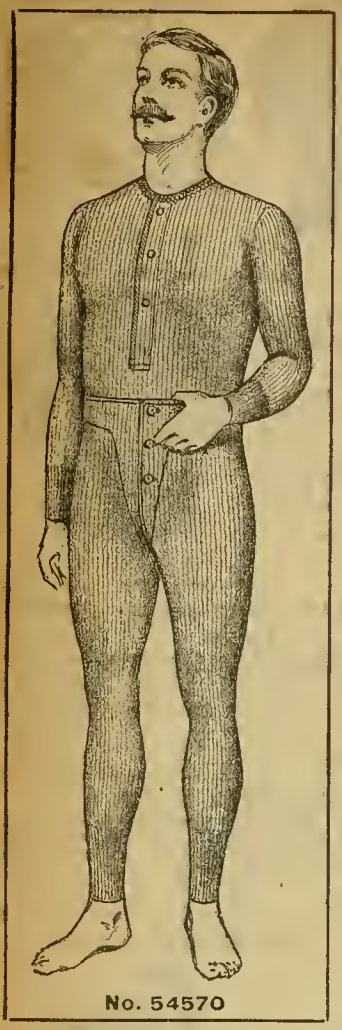
CLOAK DEPARTMENT

MEN'S WINTER UNDERWEAR.



No. 54570

No Advance in Prices, but an Advance in the Cost of Wool.

THIS fact should convince you that we are masters of the Underwear Business. Our buyers, anticipating the advanced prices, were in the market many months ago; and the prices at which we now offer many of these garments represent very nearly the MANUFACTURERS' COST TO PRODUCE TO-DAY. NOT A SINGLE QUALITY LOWERED OR PRICE ADVANCED.

In ordering Underwear, remember that regular sizes are as follows:

Shirt Sizes 34 to 44 chest measurement. **Drawers' Sizes** 30 to42 waist measurement.

Always give Chest and Waist Measurement.

Dozen Rates are allowed on half-dozen or more garments of the same kind and catalogue number.

Postage On Men's winter weight Underwear will be from 18c to 25c per garment extra. Always include enough cash for postage, when ordering Underwear sent by mail.

Our 25 Cent Garments.

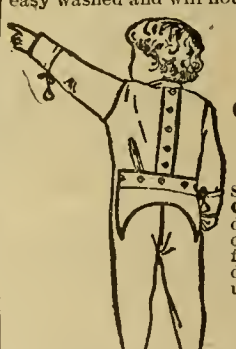
Dr. Denton Health Sleeping Garments.

The Genuine Dr. Denton Hygeinic Sleeping Garments secure protection from exposure to colds.

FOR CHILDREN. Almost every parent will readily appreciate the value of these garments for their children. They afford such warmth and protection that it makes no difference whether the children kick out of the clothes or not. One-half of the ills of children are induced by exposure due to kicking out of the clothes at night.

FABRIC. Made of knit merino natural gray cloth, easy washed and will not shrink.



Children's Sleeping Garment.

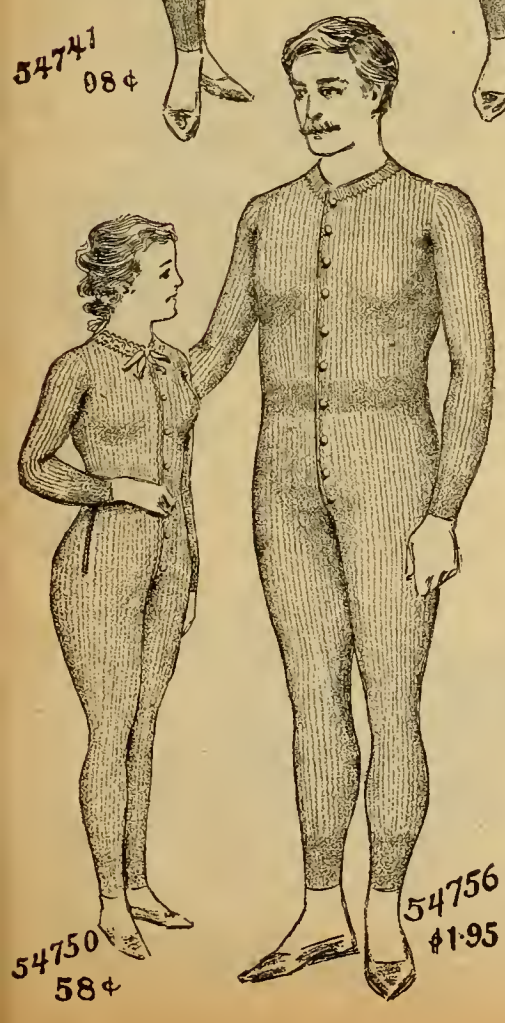
Combination or Union Suits.



Glove-Fitting Warm... Comfortable ..Union Suits

THE greatly increased demand for this style of garment is due to its warmth and neatness. Particularly comfortable at the waist, because it allows perfect fitting of the outer garments.

Ladies' Suits are made in the following sizes or lengths: 50, 52, 54 and 56. Give bust measure also.

Measure down back from neck to ankle.

Allow 20 cents extra when ordering suits by mail.

The Queen Union Suit.

See Cut 54741

The Queen is the newest and most perfect Union Suit made, and superior to all others in fit. When the front is unbuttoned the full elasticity is permitted across the shoulders and bust, thus making it very easy to get into and out of.

No other garment affords more complete protection to the lungs and neck than the Queen.

No. 54731 Ladies' Queen Style Jersey Ribbed Union Suit, made of fine Egyptian cotton and fleeced on the inside. Elastic ribbed cuffs and anklets. Ecru color. Lengths 50, 52, 54, 56. Bust 32 to 40. Price, per dozen, **$5.16**; each.....48c

TRUNKS AND BAGS.

DON'T PAY TWO PRICES FOR A TRUNK OR BAG.

BY SENDING YOUR ORDER DIRECT TO US you will be supplied at a very small percentage above actual cost to manufacturers. Our Trunks and Bags are made by one of the largest factories in this city and it is the best line on the market. We are prepared to furnish anything in the line; our stock embraces several hundred styles, so if you don't see illustrated what you want, write for it. We are prepared to supply you. When ordering trunks and bags be particular in giving catalogue number and sizes.

WHEN ORDERING duplicate keys, give catalogue number of trunk or bag, also number of letter on key, or impression of key-hole. Duplicate keys furnished at 5 cents each.

THE RAILROAD COMPANIES will not accept trunks with goods packed therein unless the trunk is boxed. When the trunk is boxed we charge 40 cents extra for boxing, which is the actual cost to us. Trunks packed and cased should always be shipped by freight.

Crystallized or Fancy Metal-Covered Trunks.

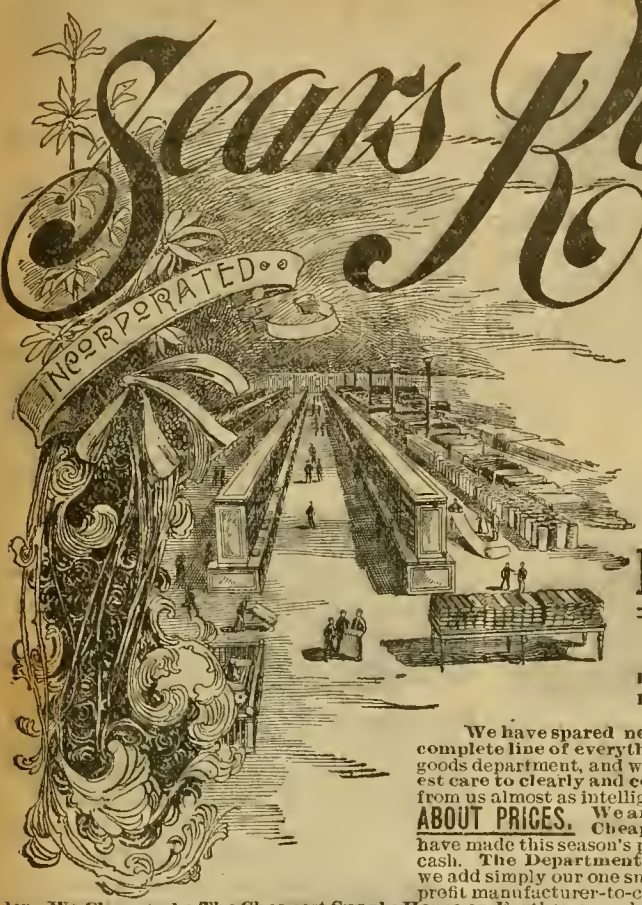
Sears, Roebuck & Co.

DRY GOODS DEPARTMENT



Do Not Overlook this Department

WHEN MAKING UP YOUR ORDER

FOR THIS SEASON WE BELIEVE WE SHOW THE MOST COMPLETE DRY GOODS DEPARTMENT TO BE FOUND IN ANY CATALOGUE.....

We have spared neither time nor expense to make this department thoroughly attractive with the most complete line of everything conceivable, everything the market contains which goes to make up a complete dry goods department, and we believe there is nothing wanting in any of the little details. Our artist has used the greatest care to clearly and correctly illustrate all the different articles quoted, and in such a way that you can order from us almost as intelligently as if you were in our store selecting the goods from stock.

ABOUT PRICES. We are Determined in Every Department to Maintain Our Well-Earned Reputation of The Cheapest Supply House on Earth, and that our prices may be below all others, our dry goods buyers have made this season's purchases direct from mills and manufacturers on the basis of very large quantities for spot cash. The Department is so organized that it can be run very economically, and to the actual cost to produce we add simply our one small percentage of profit, and offer you your choice of this great collection on our one small profit manufacturer-to-consumer plan. Compare our prices with those of other houses before making up your order. We Claim to be The Cheapest Supply House on Earth; we would like for you to make the comparison. If we are not the Cheapest Supply House we will not expect your order. If everyone before ordering would look over the different catalogues, inquire of their home markets and ascertain the financial standing and reputation of the house to whom they are about to send an order, they would be very sure of placing their orders in the hands of people whose reputation is unquestioned, whose ability to make the lowest prices is the best, and where they would get the greatest satisfaction. We always urge our customers to this precaution, and we think this alone is a guarantee for our ability to save you money.

OUR SPECIAL TERMS. We will ship any goods from this department (except cut piece goods) by freight or express C. O. D., subject to examination on receipt of a sufficient deposit to cover freight or express charges both ways. You can examine goods at your nearest railroad depot, and if found to be perfectly satisfactory and exactly as represented pay the agent our price and charges, less amount sent with order, and the goods are yours. Cut piece goods of every description will not be sent C. O. D. Full cash must be sent with all such orders. Nearly all our customers send cash in full, saving all return charges when goods are sent C. O. D., as well as securing more prompt delivery of goods.

FREE CLOTH SAMPLE BOOK No. 75C. We issue a special book of cloth samples, which includes a large and carefully selected assortment of cloth samples of our best values in dress goods. You will find in this book samples of all the new things in dress goods, samples of the goods we are able to make especially low prices on; a larger, handsomer, newer and lower priced assortment than you could possibly select yourself.

SEND FOR FREE BOOK No. 75C if you wish to see this handsome selection of Our Greatest Values in Dress Goods.

WE OFFER YOU THE FOLLOWING ADVANTAGES. By selecting the goods wanted from this department you are sure of getting the very latest styles. Everything we offer is brand new. Manufactured expressly for this season's use, the very latest styles direct from the largest and most reliable American and European manufactures. There is nothing old, no last season's goods, nothing that is shop-worn. When you send your order to us you are assured of getting the very latest, and that at a saving of from 25 to 50 per cent in price. You have the benefit of selecting from one of the largest assortments in the country, and you have our guarantee that if the goods are not exactly as represented, if they are not satisfactory in every way, you can return them at our expense.

IF YOU ARE UNACQUAINTED WITH US, AND HAVE ANY DOUBTS as to our responsibility, you are at liberty if you choose to send your order and money to any Express Company in this city, to the Metropolitan National Bank, or the Bank of Commerce of this city, with instructions not to turn it over to us unless they know us to be thoroughly reliable. Your Attention is also Called to the Two Bank Letters in the front of this book, reproduced from photographs and the testimonials shown on several of the pages in this book from customers of ours who have, of their own free will, written us saying how much they have saved and what advantages they have gained by sending their orders to us.

IF YOU HAVE NEVER ORDERED DRY GOODS FROM US. We are more than anxious to receive an order if ever so small, not for the little profit there will be in it for us, for these goods are sold on very close margin, but for the good it will do us as an advertisement. We will endeavor to send you such goods as have never been seen in your section at anything like the price, send you so much value for your money that you will of your own free will recommend our house to your friends, and in this way increase our sales of dry goods in your neighborhood.

SEND FOR SAMPLES OF LADIES' DRESS GOODS.

OUR FREE SAMPLE BOOKLET, No. 75C, SHOWS A LINE THAT IS STYLISH, NEW AND DRESSY. THE VERY LATEST NOVELTIES, SILKS AND WOOLENS, THE CHOICEST TO BE HAD AT PRICES THAT CANNOT BE SURPASSED. . . . . .

We buy all our Domestics direct from the mills, and in such large quantities that it enables us to sell them cheaper than your local dealer could buy them for. We only carry the reliable, celebrated brands, which are included in the following list. We will furnish any brand desired, if so requested, and give lowest possible price the day the order is received.

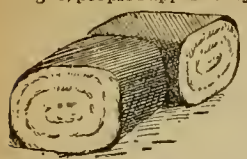
Or a full piece of 45 yards, per yard.....10c

Cotton Batting.

Almost all dealers sell Cotton Batting by the roll, and while nothing may be said regarding their weight, people suppose they are getting 16 ounce rolls.



as they have always been put up in that way. Almost all dealers have their batts put up today with but 12 ounces, or three-fourths of a pound to the roll, which makes comparisons of prices by the roll obviously unfair, unless weight is taken into consideration.

All our rolls weigh about 16 ounces—1 pound each. We say about 16 ounces, as they are as near that uniform weight as can be put up; some may exceed that, while others may be a trifle under; the average is one pound each. **Our batts are patent folded, and are not simply a wad of cotton to be repicked and put into the quilt in bunches;** each batt is nicely papered, is folded, and will open up all the same thickness; 36 inches wide and 7 feet long.

Cotton Batting is put up 50 pounds to the bale, and if sold in that quantity an extra discount of 5 per cent will be allowed.

No. 56180 Cotton Batting, fair quality, per roll, 14 oz. to a roll. Each.....8c

No. 56182 Cotton Batting, nice clean fine rolls, 16 oz. Each.....12½c

No. 56183 Cotton Batting, one of the finest qualities made, pure and clean. Per roll 15c

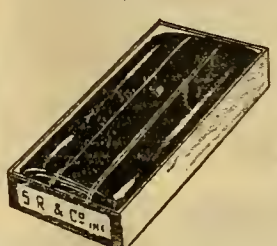
VELVET AND VELVETEEN DEPARTMENT.

Velveteens.

Our velveteen department contains only the better grades of these goods, as cheap velveteens do not wear well. The colors and shades of our velveteens are perfect and the cloth of good quality. We at all times guarantee our prices to be away down, and money will be saved by buying velveteens of this house.

Black Velveteen.



No. 57314 18 inch wide. Per yard..25c

No. 57316 Our Specialty, the Velveteen we recommend, 22 inches wide, a good quality cloth, of good heavy weight. We have bought a large manufacturer's entire output of this quality, and can offer a much superior article than usual at the price. People wishing a high-grade velveteen at the usual price of cheap, shoddy goods, should be very particular to order this number. The quantity is large, but we expect a big run on this number, so we would suggest that orders be sent in early. Usual price of this velveteen, 75c per yard. Sears, Roebuck & Co.'s special price, per yard..45c

No. 57318 24 inches wide, superfine. Per yard 75c

Colored Velveteens.

We do not carry light colors in the lowest grade of velveteens, as years of experience has taught us that light colors in this grade of velveteen will not wear.

...FLANNEL DEPARTMENT...

THIS IS ONE DEPARTMENT we call important. We make a specialty of using the output of several well-known manufactories, comprising shirting flannels, shaker flannels, flannelettes, embroidered flannels, daisy cloths, etc. These brands are all standard, well-known brands.

Goods that Are Reliable and Need no Recommendation

OUR PRICES on flannel are such as to assure economy to the purchaser, as our trade has increased to an enormous extent, which is certain proof of the quality of goods we give our patrons. We wish to further state that we have in stock

TONS OF THESE GOODS

Purchased before the rise in prices on woolen goods, so as to give our patrons the benefit of the low prices secured by us. We will send samples of flannels on application.

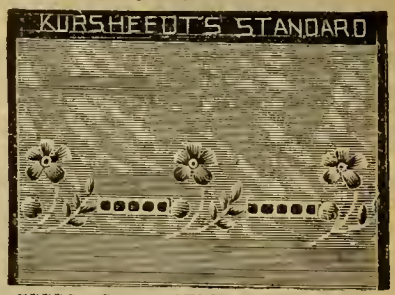
Price, per yd...38c

Silk Embroidered Flannels.

New designs. Embroidery is done with a smooth twisted silk, giving more service and is more showy than the flat silk usually used. The work is all done on a specially selected cream white 36-inch wool flannel, with 2-inch folded edge. Designs are all new and are handsomer and greater width embroidery than can be found elsewhere at the same price.

It is not customary to sample embroidered flannels, as very accurate descriptions are given and expense of sampling is great.



No. 57776 Cream White Silk Embroidered Wool Flannel. New and handsome pattern, 2-inch folded edge; width, 36 inches; width of embroidery, 1½-inch. Price, per yard.....59c

OUR LACE CURTAINS

Are the very latest for this season and our prices, quality considered, below any kind of competition.

No. 58194 A Very Pretty Lace Curtain.

Resembling a regular Tambour curtain costing five times as much. The designs are very pretty, the netting being very soft, with a close weave. This is one of the leaders. Comes in cream or white.
Width, 54 inches. 3½ yards long.
Our special price, per pair.....**$3.49**

No. 58198 This is one of the Very Latest Novelties in Lace Curtains.

An exact copy of the most expensive Arabian curtains. Curtains of this class are only obtainable from first-class houses in large cities. It has a very heavily worked border and is worth double what we ask for it. Colors are cream or white.
Width, 60 inches. 3¼ yards long.
Our special price, per pair.....**$3.65**

No. 58202 Genuine Irish Point Curtains

As per illustration. This is a real pretty curtain, the designs being very neat and worked in a very close netting. This curtain is sure to please. Comes in white only.
Width, 41 inches. 3¼ yards long.
Our special price, per pair.....**$2.98**

No. 58206 Genuine Irish Point Curtains.

A much finer grade than the preceding number. It has an elegant border with pretty open work. This handsome curtain must be seen to be appreciated. Comes in white only.
Width, 50 inches. 3½ yards long.
Our special price, per pair.....**$3.98**

No. 58210 A Very Fine Brussels Effect Lace Curtain.

One of the prettiest curtains made and will wear for years. It has a double twisted netting, and the patterns are the very finest, just like illustration. The curtain comes in white or cream.
Width, 60 inches. 3½ yards long.
Our special price, per pair.....**$3.95**

No. 58214 A Handsome Brussels Effect Lace Curtain.

The pattern is the richest procurable, it being artistically designed in border and center, well worth double what we ask. This elegant curtain must be seen to be appreciated. Comes in white only.
Width, 54 inches. 3½ yards long.
Our special price, per pair.....**$6.25**

These curtains can also be used as couch covers and are considered the richest production imaginable; width, 50 inches; length, 3 yards, not including fringe. Price, per pair.....$5.25

Send for Special Color Catalogue of Carpets No. 25C.

Window Shades.

IMPORTANT NOTICE.—THE LENGTHS QUOTED ON WINDOW SHADES ARE MANUFACTURERS' MEASUREMENT. In ordering window shades an allowance of about 6 inches must be made from lengths quoted. Shades quoted size 3x6 feet are cut 6 feet long before they are mounted. The hemming and mounting takes up about 6 inches. The 6-foot mounted shades will, therefore, measure but 5½ feet; the 7-foot shades will measure about 6½ feet. All of our shades are mounted and ready to hang; we do not sell them any other way. Prices quoted include brackets and slats. Shade pulls, cords, etc., are extra, and can be selected from our quotations in another column. Dozen rates apply on one-half dozen or more shades of the same kind.

Plain Opaque Window Shades.

Special Size Made-to-Order Shades.

FOR STORES, OFFICES AND RESIDENCES. The following shades we make to order from the very best quality hand-made oil-painted opaque shade cloth. It usually requires from 5 to 7 days to have special size shades made to order. We require the full amount of cash with the order in every instance. **We do not ship C. O. D. any shades that are made to order.**

COLORS.—Special size shades are made only in the following colors: Dark green, olive, terra cotta, Spanish olive, stone, pea green and light buff or ecru.

Measurements.

Always add 6 inches to the length of shade to allow for hemming and mounting. If you want a shade to measure exactly 48 inches when mounted, order it cut 54 inches long. The extra 6 inches will be taken up in the hem and one turn around roller. State whether width you desire is width of cloth or roller measure. **Roller measure means from end to end of tips. State whether inside or outside brackets are wanted.**

Lettering.

Price for lettering window shades with Shaded Gilt Lettering is 40 cents per running foot, EXTRA. Shade cloth, 48 inches and wider, is made of heavier fabric and will not always exactly match colors of smaller shades.

If the exact size you wish is not given in the following schedule, the next larger size will be charged, but the shade will be cut the exact size you order.

No. 58416 Special order shades. Prices each, as follows:

WALL PAPER DEPARTMENT.

Samples.

We send samples of Wall Paper free upon request. It is always advisable to send in your orders at the earliest possible moment after receiving samples, as the patterns of wall paper change so often that it is impossible for us to keep in stock very long any one pattern. If possible, make first and second choice. Cheap papers can be satisfactorily ordered without seeing samples. Should you wish us to send you wall paper at any time, without first selecting same, please state price, what room it is for, and whether light, dark or medium shades are desired. For the convenience of our customers we issue the following sample books of wall paper. Always state which book you wish.

SAMPLE BOOK A contains samples of cheap papers, numbers 58570,-58584,-58616 inclusive.
SAMPLE BOOK B contains samples of medium priced papers, numbers 58528 to 58562 inclusive.
SAMPLE BOOK C contains samples of our best quality papers, numbers 58574,-58578,-58676,-58692 inclusive.
ANY OF THESE BOOKS SENT FREE UPON REQUEST.

Rules for Measuring a Room.

Measure the length and breadth of the room, then multiply by two; multiply the result by the height of the room in feet. To allow for doors and windows, multiply the height of each by the width; add same together and deduct from amount. Then divide by 60. The result is the number of double rolls required for side walls. This rule makes all necessary allowance for waste and matching.

Example. Room 15 feet long, 12 feet wide, 9 feet high. One window, 6x4 feet; one door 7x4 feet; one window, 3½x4 feet:

15 plus 12 x 2 = 54 x 9 = 486

1 window 6 x 4 = 24
1 door 7 x 4 = 28
1 window 3½ x 4 = 14
66

66
60) 420
double rolls..... 7

The number of rolls required for ceiling is ascertained the same way, dividing the number of square feet by 60.

Example; Room 15 feet long, 12 feet wide.
15x12=180 60)180
3 double rolls.

Wall paper weighs about 1¼ pounds per double roll. Always state what room paper is for.

We do not trim wall paper because the edges being exposed, if damaged in transit, would render perfect matching impossible.

Our Prices are For Double Rolls.

Wall paper is only sold by the double roll.
All papers have match borders and ceilings.
We do not sell paper by the single roll, nor sell half double rolls.

Varnished Tile Paper.

Samples Sent Free on Request.

No. 58568 Varnished or Washable Wall Paper. This paper is 22 inches wide and is the best varnished paper manufactured. We only use the imported paper. Years of experience have taught us that the English varnished paper is highly preferable both in quality and design. These are finished in imitations of tiling and are used for bath rooms, kitchens, halls, etc. Can be washed. This imported paper comes 16 yards to the double roll.
Price, per double roll.....39c

CARPET & RUG DEPT.

OUR CARPET DEPARTMENT is getting to be one of our heaviest. We have made big preparations for the coming year in this line. The styles we carry are made exclusively for ourselves; they are the very newest and our prices considering quality will be extremely low. **CARPETS WILL NOT BE SENT C. O. D.**

SEWING CARPETS It will usually require a day or two longer to fill an order when carpet is ordered made. Our charges for sewing carpets are: Ingrain and all yard-wide carpet, 3 cents per yard; Brussels and all ¾-yard carpet, 5 cents per yard; fitting borders, 5 cents per yard extra; sewing borders, 5 cents per yard. When you want carpets sewed, write "Make" on the order and allow from one to two yards according to the size of the room for waste in matching. We always cut carpet to match with as little waste as possible. All ingrain carpets are sewed by professional carpet sewers with the herringbone stitch, which makes a flat, turnable, elastic seam. Brussels and all ¾-wide carpets are sewed with a machine for the purpose. It sews them much better than can be done by hand, and then the seams are all ironed. All ¾-yard goods, especially, should be ordered sewed here, as it is often difficult to make them by hand. **In ordering mention the predominating color wanted,** and state whether a plain or fancy pattern is preferred, or whether you want large or small figures. We will use our best judgment in making selections. **Carpets cut and sewed to order cannot be returned if sent as ordered.**

RULES FOR MEASURING CARPETS Ascertain the **width of room** in inches; divide that product by the width of carpet (27 or 36 inches); the answer will give the number of breadths required. Multiply the number of breadths by the **length** of room (allowing 12 to 18 inches on each breadth for possible waste in matching), the answer will give the approximate number of feet required. Divide that number by 3 to find the number of yards. Measures for bordered carpet must be very exact. Give diagram of all odd shaped rooms.

58782 $1.95

No. 59587 "THE PRINCESS" Tam-O-Shanter, made of fine wool broadcloth with fancy silk stitching on crown and brim. Quill caught down by imitation cut steel buckle on side. Exceptional value and very pretty colors. Navy blue, brown, green and red. Sizes 6⅛ to 6¾.
Price 25c

Our 35 Cent Misses Tam-O-Shanter.

No. 59589 Misses' Tam-O-Shanter, made of all-wool pressed flannel. Three rows of fancy cord on rim, and the crown is edged with a row of cord. Two quills fastened with rosette on side complete this very desirable cap. Colors navy blue, brown and red. Sizes 6⅛ to 6¾.
Our special price, each.....35c

No. 59591 This charming Tam-O-Shanter is made of heavy wool broadcloth. The top of crown is handsomely braided with combination white and black braid, our own special design (see cut), two rows of braiding around rim, and two fancy quills with imitation cut steel buckle on side. Colors, navy blue and brown. Sizes, 6⅛ to 6¾. Price.....47c

The Elite Tam-O-Shanter for 50 Cents.

No. 59593 "THE ELITE" Tam-O-Shanter cap, made of fine navy-blue broadcloth. Heavy band of Astrachan around edge of brim, with band of same material, which can be pulled down to protect ears, two quills fastened with pretty rosette on side. Very dressy, and we especially recommend this cap. Comes in blue only. All sizes. Price.....50c

No. 59595 Misses' Tam-O-Shanter Cap, made of all-wool broadcloth. The crown has a star design of fancy mottled velvetta fastened by silk tape and covered button in center. Mottled velvetta under crown, two quills fastened with ribbon bows of faille ribbon and imitation steel buckle. You could not purchase this cap elsewhere under $1.00. Comes in blue and red. Sizes, 6⅛ to 6¾. Price.....55c

No. 59597 Misses Tam-O-Shanter, a decidedly handsome cap. The crown and rim are made of boucle cloth, while under the crown is made of fine wool broadcloth of contrasting color (see cut). Two fancy feathers fastened on side by ribbon bow and steel buckle. A dependable and tastily designed cap. Colors, navy blue and brown. Sizes, 6⅛ to 6⅝.
Price 65c

No. 59599 Misses beautiful Tam-O-Shanter, made of finest imported boucle cloth with gathered crown of good quality silk faille. Has ribbon rosette and two quills on side. This cap is very rich and dressy, and you can get no handsomer cap at any price. Color combinations: Navy blue and cardinal center and green and brown center. Sizes, 6⅛ to 6⅞.
Price.....85c

POSTAGE ON THE ABOVE CAPS WILL BE ABOUT 20 CENTS EXTRA,

as they have to be packed in pasteboard boxes to be shipped safely by mail. Always include this amount extra. If it will require less we refund you balance. When ordered with other goods by freight or express the cost is a trifle.

MILLINERY DEPARTMENT.

...EACH SUCCEEDING SEASON OUR MILLINERY DEPARTMENT HAS BECOME MORE POPULAR...

WE SPARE NEITHER TIME NOR EXPENSE IN THIS DEPARTMENT, AND WE FEEL HIGHLY GRATIFIED AT THE RESULTS AS VOICED BY THE UNSOLICITED COMPLIMENTS FROM OUR HIGHLY PLEASED CUSTOMERS DURING THE PAST SEASON FOR THE EXTREMELY STYLISH TRIMMED HATS WE HAVE SENT THEM AT THE POPULAR LOW PRICES WE HAVE QUOTED.

WE HAVE MADE EXTRAORDINARY EFFORTS FOR THE FALL SEASON, 1898.

Our trimmers have spent a great deal of time in the eastern cities copying the latest styles from Paris, London and New York. And we submit to yo stylish headwear (see illustrations) suitable for any taste at prices made possible only by our immense outlet, which enables us to buy our materials direct from the manufacturers and importers.

WE SAVE YOU AT LEAST 35 TO 50 PER CENT ON MILLINERY.

OUR TERMS FOR TRIMMED HATS. CASH IN FULL MUST ACCOMPANY ALL ORDERS FOR TRIMMED HATS.

IT IS REALLY MORE ADVANTAGEOUS TO YOU TO SEND CASH IN ADVANCE, AS YOU SAVE THE CHARGES OF THE EXPRESS COMPANY, AND WE POSITIVELY GUARANTEE EVERYTHING WE LIST EXACTLY AS REPRESENTED, AND IF WE FAIL TO PLEASE YOU WE CHEERFULLY REFUND YOUR MONEY.

59601

$1.50 Buys a $2.50 Hat.

No. 59601 This cut represents a pretty brown dress hat, bound with brown velvetta and trimmed around crown with brown velvetta of fine quality. Large bow of satin and gros grain ribbon in front, brown and cream. Clasped by a nice gilt buckle. On the left side is a large fancy feather extending, which gives it a very stylish effect. The band is covered with brown satin ribbon. This hat can be ordered in black, navy and green, trimmed in contrasting colors to match. If you should pay your milliner $2.50 for same value, you would consider it a bargain.

Price.....$1.50

Latest Style for $2.65.

No. 59603 Is a Black Dress Hat, finest quality fur felt, the brim edged with a nice felt braid. Trimmed with black velvetta around the crown, drawn full across the back and finished off with burnt orange velvetta. A stylish bow in front of all silk ribbon, and twelve soft curved black quills, making a broad and stylish trimming.

CAN BE ORDERED IN ANY COLOR DESIRED.

Price.....$2.65

59603

COPIES OF LATEST PARISIAN MODEL HATS.

No, 59602

BROWN FELT SHORT BACK,

sailor effect, drooping slightly to the front which gives it somewhat of a shepherdees effect.

The Brim is Covered above and below with Brown Chenille and Silk Braid. The crown is first covered with burnt orange velvetta and over it is chenille braid, producing a dashing effect.

59602

The trimming on this hat is to the front, sloping to the sides, and consists of

A stylish bow of satin and gras grain ribbon twisted around with burnt orange velvetta.

A pretty bird with six handsome curved quills extending on either side and two nice gilt pins inserted crosswise. This stylish hat is worth $4. Colors: black, navy, brown or green, trimmed in contrasting colors.

We are without doubt the foremost and largest dealers in Purses and Leather Goods. This means that we own this class of goods at less money than any other concern. We can and do sell them at less than the retail merchant pays for them.

We urge the closest comparison of quality and prices, which will convince you of the truthfulness of our arguments.

HAIR GOODS

The Unusual Values Offered in this department are not to be gauged merely by the low prices named, but must be judged as largely by the high quality of the goods themselves. Cash in full is requested with all orders for hair goods, especially when made to order. Be careful to follow our explicit directions for ordering. Do not forget that extra postage must be sent where goods are to go by mail.

Extraordinary Values in Human Hair Switches.

ORDINARY SHADES.

No. 61210 Short Stem Hair Switches, in all ordinary and medium shades only; no grays, reds or other extra shades are included at these prices. Extra shades will cost from 25 to 50 per cent extra.

Weight about	Length about	Price each.
2 ounces	20 inches	$0.65
2 ounces	20 inches	.90
2 ounces	22 inches	1.25
3 ounces	22 inches	1.50
3 ounces	24 inches	2.25
3¼ ounces	26 inches	3.25

NOTE—The above 65c switch has long stem.
Postage, extra, 5 cents.

French Hair Switches can be made to order from $5.00 to $10.00 each. Always send sample of hair to be matched when ordering switches of any kind.

Gray Switches.

No. 61212 Gray Hair Switches, fine quality, short stem. Medium shades only. Be sure to send sample of hair.

Weight.	Length.	Each.
2 ounces	18 inches	$1.75
2½ ounces	22 inches	2.50
3 ounces	23 inches	3.90
3 ounces	25 inches	5.45

NOTE—The above prices are for medium shades of gray. Where extra white is ordered it will cost ¼ or 25 per cent more, which please add to above prices. Please do not forget to add postage, 5 cents, if you wish sent by mail.

Human Hair Goods.

Allow about 5 cents postage on hair goods.

Please do not forget to enclose a good-sized sample of the exact shade wanted, and cut it out as near to the roots as possible.

The prices quoted on waves, bangs and switches are for ordinary shades only, and on the basis of a 3-inch parting in the center. Gray and extra shades on larger foundations will cost additional.

Waves, Bangs and Curls.

There is a great diversity in the styles of hair dressing, according to the tastes of individuals, but none is more in demand than curly bangs, and when used in connection with a nice switch the hair can always be made to look nice, and suitable for any occasion.

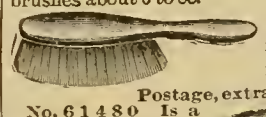
PERFUMES
A choice assortment at half drug store prices.
See Drug Department.

ALL of our Wood Back Hair Brushes From the cheapest number up, are made of one solid piece of wood. (Solid-Back Hair Brushes.) Most hair brushes are made of two pieces of wood glued together, which, when wet, warp and come apart. A Solid-Back Hair Brush will outwear three ordinary hair brushes. We sell our solid back hair brushes at less than the price usually asked for ordinary goods. Remember that a solid-back hair brush will last two or three times as long as an ordinary brush. Hair brushes weigh from 6 to 8 oz. Postage on hair brushes about 6 to 8c.



No. 61479 Imported Fine White Goat Infants' Hair Brush; also suitable for ladies' toilet powder. Each.....25c
Postage, extra, 3 cents.

"Ideal" Siberian Bristle Brush.

This is a Genuine Siberian Bristle Brush, with a single bristle substituted for the ordinary tuft, the bristle being set in an elastic air-cushioned base. This construction enables it to penetrate the most luxuriant growth of hair without effort. It also prevents the possibility of injuring the hair or scalp. It will effectively remove dandruff without irritating the scalp. It is clean, light and durable.

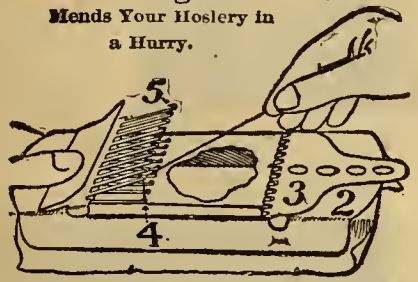
What kind of machine do you use.

A Magic Darner.

Mends Your Hosiery in a Hurry.



No. 61930 The Magic Darner is a machine recently invented and patented for mending hosiery, silk, wool or cotton, all kinds of underwear, napkins, table linens and, in fact, everything in the household that needs darning. It is a boon to the overworked woman, is an ornament to her workbasket, is a time, labor and eye saver, is so simple in operation that children can do the darning, and it proves such a pleasure that they tease mamma for that which of all things mamma hates doing the most. One does not have to be an expert needle worker to mend lace curtains and other fine fabrics, the Magic Darner does it for you and saves you nineteen-twentieths of your time. You can take twenty stitches on the machine while you take one in the old way. Well worth $2.50.
Price, per doz., $3.75; each.....35c

Postage, extra, 3 cents.

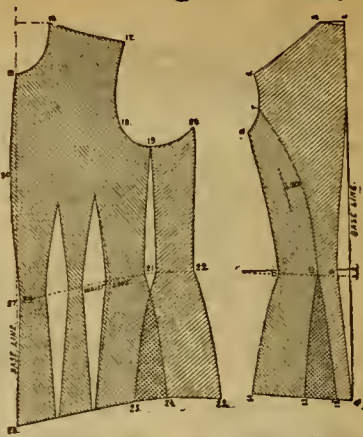
Dress Making Made Easy.



No. 62037 The Devereaux's Family System for cutting ladies' and misses' and children's garments, is based on actual measure. Endorsed by professional cutters who have found it quicker, more simple and accurate than any system heretofore devised. Full set of instructions and life size diagram with each system, and it is so simple that even a child can learn to use it without personal instruction. Cuts all styles and sizes of garments. The Devereaux Tailor System has always sold for $10.00, which for the knowledge is well worth it. We have contracted, however, with the makers of same for several thousand, and shall offer them at a greatly reduced price. If they do not prove all we claim for them we will cheerfully refund your money. Tracing wheel and tape line with each set. A splendid article for canvassers, who can readily sell them at $6.00 to $10.00. Price, each.....$3.25

Postage, extra, 30 cents.

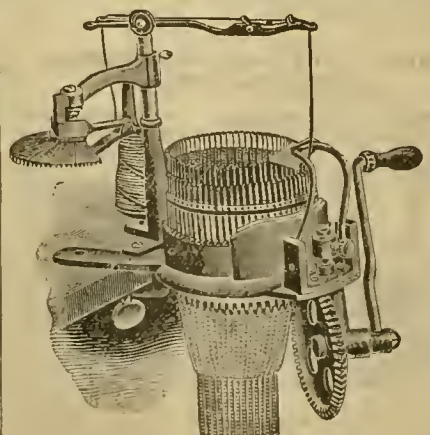
GEARHART'S IMPROVED FAMILY KNITTER.

No. 62251.

WITH HEEL ATTACHMENT

THE LEADING FAMILY KNITTING MACHINE IN THE UNITED STATES.



No. 62251

Will knit a pair of seamless stockings, heel and toe in thirty minutes. Knits everything required in the household, from homespun or factory, wool or cotton yarns, such as stockings, mitts, scarfs, leggins, pulse warmers, and new feet in old stockings. Also a variety of fancy stitches. In fact, all work that is usually done on circular machines. The machine is durable, simple, practicable and cheap, and especially adapted to the requirements of the household. A child can operate it. The ease and rapidity with which the work is done, makes it really a pleasure to do the family knitting. The stocking is begun at the top and finished at the toe, making the same stitch as "Grandma" does. The work in every respect is equal to hand knitting. There are full printed and illustrated instructions: English or German, with each machine, so any person can learn to operate it in a short time. Each machine is sent out with work set up on it, ready to knit when received, and is guaranteed to be as represented or money refunded. Thousands of these machines have been sold and are now in use, and have become as indespensable to the household as the sewing machine.

There are three cylinders for the machine. The 72, the 56, and the 64 needle cylinder. The 72 cylinder is for all ordinary yarns and sizes. The 56 cylinder makes children's size. The 64 needle cylinder is for coarse yarn, adult size, especially adapted to the North and Northwest. If your yarn is heavy homespun, the 64 cylinder and needles will be best suited for your work. When ordering, state which cylinder you want in the machine. Weight of machine, boxed ready for shipment, 20 pounds.

No. 62251 Price of machine with any cylinder and heel attachment.....$9.75
No. 62253 Extra cylinders for above machine, sizes 56, 64 or 72. Price, each..... 1.50
No. 62255 Needles to fit cylinders. Always mention for what size cylinder you want needles.

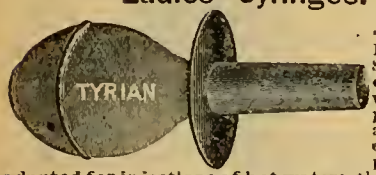
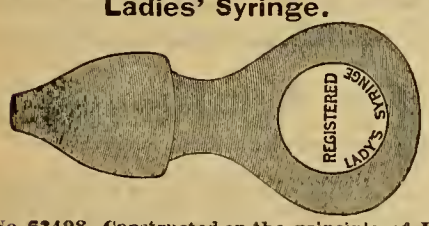
Ladies' Syringes.



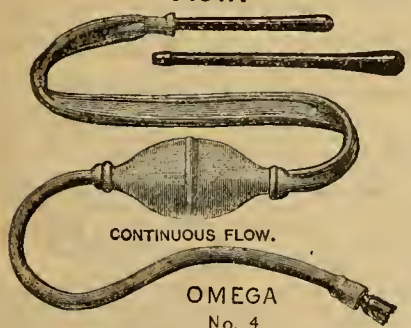
No. 62496 "Tyrian" Female Syringe for cleansing vaginal passages of all discharges, especially adapted for injections of hot water; the liquid being driven from the syringe when the bulb is compressed and drawn back into it on relaxing the pressure, thus giving an opportunity to thoroughly wash the diseased parts. Capacity, 8 ounces. Made of one piece of soft rubber, with removable hard rubber shield. Having no valves or connections, cannot get out of order. Drug store price, $2.00
Our price, each.....$1.25
Postage, extra, 13 cents.

Ladies' Syringe.



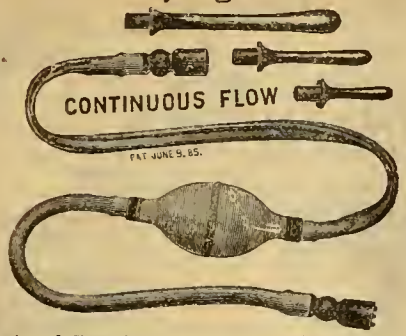
No. 62498 Constructed on the principle of Injection and Suction. A plan generally admired by the medical profession as correct and efficient. It cleanses the passage of all discharges to perfection. It is easily cleaned. During the injections no fluid need be spilled on the clothing, etc. Consists of one piece of fine soft rubber. Each.....$2.35
Postage, extra, 17 cents.

"Omega" Syringes--Continuous Flow.



No. 62500 Made of Pure Para Rubber. "Omega" Syringe No. 5, continuous flow, with hard rubber vaginal and rectal pipes. The valves are secured and cannot be lost. The public has learned from experience that the continuous flow is the correct principle on which a syringe should be made. Packed in neat maroon box.
Postage, extra, 8 cents. Each.....50c
No. 62502 "Omega" Syringe No. 4—Continuous flow. Hard rubber vaginal and rectal pipes, valves secured and cannot be lost. "Omega" No. 4 has a flattened outlet tube which is made by a specially invented process, that produces the continuous flow; it has become a standard instrument all over the world, and recommended by high medical authorities as perfectly reliable. Packed in neat octagonal box. Postage, extra, 9 cents. Each..75c
No. 62504 "Omega" Syringe No. 3—Continuous flow. Has hard rubber vaginal, rectal and infant pipes, noiseless and non-corrosive sinker, patented slip-joint socket, by which pipes are quickly attached without use of threads or washers. Packed in oval box. Postage, extra, 9 cents. Each..$1.00

"Alpha" Continuous Flowing Syringe.



Made of Best Para Rubber. All intermittent syringes inject more or less air, which is invariably drawn back into the tube while the bulb is expanding and refilling; this is often painful as well as dangerous. Not so with Continuous-flow Syringe.
No. 62506 Alpha "E" Syringe, Continuous-flow, hard rubber vaginal, rectal and infant pipes, noiseless and non-corrosive sinker, valves cannot be lost, the most popular of the "Alpha" series, and is recognized by the entire world as the most perfect family syringe ever produced. Packed in handsome cloth-covered case with nickel plated clasp.
Postage, extra, 13 cents. Each.....$1.50
No. 62508 Alpha "D" Syringe—Continuous-flow, fitted with extra-large valve chambers, hard rubber vaginal, rectal, infant and nasal pipes and improved vaginal irrigating spray, noiseless and non-corrosive sinker. Packed in nice cloth covered case.
Postage, extra, 13 cents. Each.....$1.75

ALL LENGTHS OF WAISTS AND PROPORTIONS ARE REPRESENTED.

on our Corset Pages. No single garment can fit everybody. Care should be taken in making a selection to choose a corset proportioned for the intending wearer. **The Loop Lacer** on the **Kabo Corsets** are a vast improvement on the old brass eyelets, which often corrode and soil dainty undergarments, cutting the strings in a short time and showing a thick ridge on the back. **The Loop Lacer outwears the corset**, and so thin is the lacing as to be hardly perceptible through a tissue paper gown.

OUR 50c DRESDEN CORSET.

No. 62628 THE DRESDEN CORSET

Is one of the handsomest made. Has long waist and is made from heavy drill, with sateen-covered strips, double front and side steels, 6-hook clasps and lace edging. Made in black or drab, covered with small flowers in contrasting colors. Decidedly handsome. Sizes, 18 to 30 only. **Always give size and color.**
Each.....50c

No. 62630 4-HOOK SHORT CORSET.

This is a finely made Corset of fine jeans, well boned and side steels. Boned bust. **A perfect fitting Corset,** and meeting with popular favor. We predict an immense sale on this number, and especially at the price we quote. Colors: white, drab and black. Sizes, 18 to 30.
Each.....65c

62630
65c

No. 62632 DR. WARNER'S CORALINE BONED CORSET,

extra long waist, medium form, fine French cloth, three-boned strips of fine sateen on each side. **Silk embroidered top.** Sizes, 18 to 30. Colors, drab or black. Each.....$0.75
Extra sizes, 31 to 36. Each..... 1.00

No. 62634 LADIES' STYLISH LONG WAIST KABO CORSET.

Fine French sateen, 5-hook, two-boned strips, silk flossing and edging, medium form. Colors: black, white or drab. Sizes, 18 to 30. Each.....90c

No. 62637 5-HOOK ENGLISH SATEEN CORSET.

An especially handsome and well made corset, made of fine **English sateen, well boned, two side steels. Corded bust, silk stitched, embroided top.** A corset that we recommend equally as well as any you would pay your local dealer a dollar for. Colors: black and drab. Sizes, 18 to 30.
Each.....50c

No. 62640 KABO, EXTRA LONG WAIST.

Extremely long waist, 6-hook corset for sleader form; single bone, sateen-covered strips; made of **fine coutil, fitted with unbreakable French wire,** heavy silk stitching and handsomely embroidered top; **a absolutely high grade.** (No brass eyelets.) Colors: black, drab and white. Sizes, 18 to 30.
Each.....$0.90
Extra sizes, 30 to 36, 25c extra; each..... 1.15

No. 62642 DR. WARNER'S HEALTH CORSET.

Made in two lengths, medium and long waist; boned with coraline. **Adapted to ladies deficient in bust fullness, and those desiring bust support.** For slender and stout figures. **Flexible coraline bust** gives to any lady an elegant figure and assure a well-fitting dress. Colors: white, drab or black. Sizes, 18 to 30. Price.....$1.00
Extra sizes, 31 to 36, 25c extra; each..... 1.25

Price **$8.50**
Postage, extra, 35 cents.

We can make muffs the same style as No. 63799 in almost any fur you desire. Should you wish to have a muff match to any fur collarette quoted on the other side, will say that we shall be pleased to give you our lowest quotations on the same. These muffs are the lowest in quotations as to style and will be manufactured only under our careful supervision, and will say that nothing but the best as to material will be used, and nothing will be spared to make this as attractive as possible.

CHILDREN'S FURS.

The sets shown in this column are specially adapted for Christmas presents. They will make a very beautiful present and at the same time will be of great service to the child, as it will keep them very warm. We have made a specialty of these goods this year; have purchased them in large quantities and thus are able to give the lowest quotations. Kindly look over our list and compare them with any catalogue you have, and you will find that our prices are at least 35 cents below prices others quote.

Ladies Tailor Made Suits and Jackets.

Elegantly trimmed and finished and offered at prices that will mean a great saving to our many customers.

For size, state weight, height, bust, neck and waist measure, also measure from waist to bottom of skirt, for SUITS. For JACKETS, omit length of skirt.

Latest Style Suit for $4.95.

No. 63855 The NEWPORT, Ladies' Repellant Cloth Suit for $4.95. This material is a smooth wool-finished cloth, very similar to Ladies' Cloth, made in the very newest **Newport style,** consisting of a fly front jacket, elegantly trimmed with straps of same material, three in front and two on sleeves. Ornamented with satin ribbon and white material, buckles on ends. Satin ribbon ornaments on lapels to match. The skirt is full 3¼ yards wide. All lined with a hard finished percaline, interlined on bottom and bound with velvet. **Very pretty and stylish.** Colors: Black, blue and tan. Price.....**$4.95**

Fly Front Tailor Made Suit for $7.50.

No. 63857 The GENTEEL Fly Front Suit for $7.25. Consists of jacket and skirt only. It is made up of a fair quality storm serge. The jacket is all lined with silk; has the same appearance as silk, but it is somewhat stronger owing to a cotton mixture which can only be seen on the inside of the goods, and will **positively outwear** any cheap silk lining. The jacket has a fly-front coat back, new collar, small sleeves. The skirt is tailor-made; two strap seams in front, all lined and interlined at the bottom. It also has a velvet binding. The width of skirt on this **Genteel Suit** is 3¼ yards. For a plain, neat suit nothing better made for the price. Colors: Black, blue and green. Price.....**$7.50**

No. 63859 Ladies' Tailor-Made Suit, made of all-wool mixed goods, in plaid patterns, in gray or brown mixtures; consists of jacket and skirt only, jacket coat shape, double breasted, ornamented with six pearl buttons in front, coat back, wide facing of same material; **very newest skirt,** made with a plaited back, lined all through with **good** quality percaline and interlined with crinoline, bottom bound with velvet, silk ribbon around waist. Price.....**$9.98**

Our Special Tailor Made Suit tor $14.75.

No. 63861 Ladies' Tailor-Made Suit, made of all-wool cheviot serge, in black, blue or green; consists of jacket and skirt only; jacket half tight fitting, single breasted cutaway in front, coat collar and lapels; watch pockets on both sides, strap seams in front and back; jacket is lined all through with **high grade taffeta silk,** in striped patterns, skirt very full, thoroughly tailor made, lined with percaline, and interlined with crinoline, fancy seams as shown in illustration, bound around bottom with velvet. Price.....**$14.75**

No. 63863 Ladies' Tailor-Made Jacket, made of all-wool boucle cloth, in either black or navy, double breasted front, buttoned high at neck, trimmed with 4 horn buttons, large storm collar, coat back, new pockets, cutaway front, as shown in illustration. Price.....**$4.95**

No. 63865 Ladies' All-Wool Boucle Jacket, made in the **very latest** and **most popular cutaway style,** handsomely trimmed with Kersey cloth straps all around, 2 rows down front, one row over the ripple. 2 rows around the waist, lined all **through** with good quality silk rhadame, with exception of the sleeves, 2 rows of Kersey strap trimming on sleeves. Price.....**$7.50**

Up to Date Jacket for $7.95.

No. 63867 Very Stylish Kersey Jacket, made in the newest cutaway style, coat shaped collar and lapels, one large pearl button at top, lined all through with red silk serge, deep facing of same material. **A tailor-made and well finished garment.** Price.....**$7.95**

A Beautiful All Wool Kersey Jacket for $11.75.

No. 63868 Very Neat Ladies' Jacket, made of all-wool Kersey cloth, in black, electric blue or tan, handsomely embroidered with silk cord on front, sleeves and back, as shown in illustration, coat collar and lapels, lined all through with fancy silk, with exception of the sleeves, which are lined with cambric. **Nothing handsomer on the market.** Price.....**$11.75**

In ordering always state height, weight, bust measure, and length of skirt from waist to bottom.

No. 64017 VERY DESIRABLE LADIES' WRAPPER. Made of fine quality of flannelette in the newest colors. One row of braid trimming all around the collar as well as on the flounce in front, which extends from the shoulder to the waist in V shape. The front is very full; plaited back running through the belt. Inside cambric vest with finished seams. Colors: Heliotrope, red, blue or green on black ground; very neat.
Postage, extra, 28 cents. Price.....**$1.10**

No. 64019 A VERY HANDSOME LADIES' WRAPPER. Made of a fine quality percale in the latest striped pattern, is handsomely trimmed with ruffle in front which is edged with an imported braid to match, one ruffle in back, trimmed the same as in front. It is very full, gathered at waist near the belt, which is also trimmed with braid in the back. Inside vest is also made of same material as the wrapper itself, making it a very desirable article. It has a first-class finish, and in fact there is nothing better made for the price. Colors: black, blue or red. **Postage, extra, 25 cents.** Price.....**$1.19**

No. 64021 VERY NEAT LADIES' WRAPPER. Made of high-grade flannelette in the newest plaid patterns. It has a circular ruffle in front and back, handsomely trimmed with two rows of braid to match, three rows of braid around the yoke as well as on the collar. The sleeves, which are also trimmed with two rows of braid are the very newest. Extra full back caught in a belt, which is trimmed with two rows of braid all around. Fine cambric inside vest with finished seams. Color: Black. **Postage, extra, 28 c.** Price, **$1.25**

No. 64023 A NEW IDEA—LADIES' HOUSE DRESS. Made of a very good quality percale in the newest and most desirable patterns. It is finished with an adjustable inside vest, with an arrangement of cord running all around the waist, which is also adjustable. The beauty of this garment is that if you do not care to have it tight you can leave it that way, and should you not care to wear a corset, this will answer for the same purpose, as it will fit snug and always look well. It has six whalebones on the inside vest. It also has one row of cord around the collar, three rows on the yoke in front and back and one row on the cuffs. Extra full skirt, with a deep hem. Colors; Blacks, blues, reds, tans, etc.
Postage, extra, 25 cents. Price.....**$1.25**

No. 64025 Very neat stylish wrapper. Made of a very good quality flannelette. It is finished off the same as No. 64013 with an inside adjustable vest. Quality of material is the very best and style the very newest, and is finished with two rows of braid in front on the collar, two rows all around the reveres in front, and one row on the V-shaped yoke in the back. Plaited and gathered at the belt. Colors: White and grey on black; heliotrope and green on black; white and blue on black and green and red on black. **Postage, extra, 28 cents.** Price...**$1.25**

No. 64027 LADIES' WRAPPER OR BATH ROBE. Made of high grade outing flannel in the newest assortment of plaids, has an extra large sailor collar, handsomely trimmed with herring bone, braid all around. Long satin ribbon in front, forming a very nice bow. Herring bone braid around the sleeves. Can be used for either a wrapper or bath robe. Has a cord around the waist with tassels to match the material. Colors are mostly light plaids.
Postage, extra, 28 cents. Price.....**$1.49**

No. 64029 VERY NEAT LADIE'S WRAPPER. High-grade flannelette in the most desirable colors of large figured patterns. One row of cord trimming to match around the collar and three double rows in front. Left side of the wrapper is trimmed with a flounce of same material. The back is trimmed with cord and arranged in a very neat and new design. It is very full, has a Watteau plait, one row of cord round the belt and two rows around the sleeve. A very good quality of cambric lining to the waist with finished seams. Colors: Blue, green or red on black ground. **Postage, extra, 32 cents.** Price.....**$1.50**

No. 64031 EXTRA HEAVY LADIES' WRAPPER. Made of a very good quality of eiderdown in the newest plaid patterns. It has two rows of braid trimming around the collar, one row of wide braid trimming to match forming a yoke, and two rows on each of the two shoulder flaps. Back similar in style to the front, and it also has a ruffle right above the braid, as shown in illustration. Full back gathered at waist near the belt, which is also trimmed with one row of braid all around. (Same as illustration.) Color: Dark or light fancy figures.
Postage, extra, 45, cents. Price.....**$1.65**

No. 64035 LADIES' HOUSE DRESS. High-grade flannelette, one row of black braid around the collar and in front, which forms a coat effect, inlaid with black cashmere, which is lined with the same material as the wrapper, finished with a draw string, adjustable around the waist, has double vest (see 64023.) Skirt is very full, and has wide hem at bottom. Belt trimmed with one row of black braid: Heliotrope and green; tan and green; blue and green and green and yellow on black ground. Price..**$1.98**
Postage, extra, 38 cents.

No. 64037 FLANNELETTE WRAPPER, plain colors, embroidered collar Bolero front in yoke, on belt around the sleeves, either black or blue, small ruffle in front, above the braid, well finished inside, cambric vest. Price...**$1.98**
Postage, extra, 32 cents.

....LADIES' HOUSE DRESSES AND TEA GOWNS....

Sizes from 32 to 44. Extra Sizes will be Made to Order at an Advance of 20 per cent.

In ordering, state your height, weight; also bust and waist measure; length from waist to bottom.

No. 64033 LADIES' BLACK SATEEN WRAPPER. Handsomely trimmed with sateen ribbon all around the collar, two rows in front, forming a double V effect as well as bolero front. It has a small flounce all around the collar as well as in front, forming this bolero effect. Two rows of satin ribbon on belt in back. Plaited back gathered at waist and extra full skirt with a wide hem in the bottom. Very fine quality cambric vest with finished seams. These wrappers are trimmed with either black, heliotrope or rose colored ribbons. Please state which color you desire. Price.....**$1.75**

Postage, extra, 32 cents.

No. 64035 A VERY ATTRACTIVE AND STYLISH HOUSE DRESS. Made of a fine quality flannelette, in very neat flowered designs in the following colors: Red, heliotrope, tan, blue and green figures on black ground intersected with small flowers of neat, small figures. **Corset Vest and adjustable waist.** Trimmed with black braid around collar and lapels; inlaid yoke covered with black cashmere. Back and belt also trimmed with black braid. Price....**$1.98**

Postage, extra, 35 cents.

No. 64037 STYLISH LADIES' WRAPPER FOR $1.98. Made of a good quality of flannelette, in solid colors such as black, navy, brown or red, fleece lined, neatly embroidered on collar, on bolero front, on yoke, belt and sleeves. Perfect fit and very stylish. White cambric inside vest. Watteau plait in back Price.....**$1.98**

Postage, extra, 32 cents.

No. 64039 HIGH-GRADE LADIES' WRAPPER. Made of handsome designs in flannelette, which is trimmed beautifully with white imported braid around the collar, three rows in front and one row all around the large sailor collar and the reveres in front. It is altogether different from what we have sold heretofore, as it excels everything in style and quality. It has a high-grade cambric vest with finished seams. Colors: Blue, black or red flannelette with white figures. Price.....**$2.25**

Postage, extra, 32 cents.

No. 64041 LADIES' TEA GOWN. Made of a high-grade cashmere, handsomely trimmed with two rows of braid around the collar, three double rows in front and two rows on the ruffle of the left side of this, forming a very neat blouse effect. Also has two rows of braid around the sleeves and two rows all around the belt. A very good quality cambric inside lining to the waist. Colors: Black, navy and red. Price.....**$2.65**

Postage, extra, 32 cents.

No. 64043 HIGH-GRADE LADIES' TEA GOWN. Made of imported flannelette in polka dot patterns only. Beautifully trimmed with two rows of braid around the collar, three rows in front, two rows in back, two rows on sleeves, one row all around the belt as well as the bottom in front, and one row at section of skirt where it forms a Spanish flounce, this being the very newest for the season. We have copied this from a $15.00 Parisian garment, and succeeded by reducing the labor and quality of material in turning out such a handsome article as this. Colors: Black or blue ground with white polka dots. Price.....**$3.25**

Postage, extra, 38 cents.

No. 64045 LADIES' HIGH-GRADE TEA GOWN. Made of good quality of cashmere in all the popular shades, handsomely trimmed with two rows of braid around the high standing collar, three rows in front and one row over the shoulder flaps. Plaited front, finished with a handsome ribbon bow in front which extends to the back, forming another bow at the Empire back. One row of velvet ribbon around the sleeves. Colors: Black, blue or red. Price....**$4.25**

Postage, extra, 45 cents.

Our Very Highest Grade Tea Gowns for $4.75.

No. 64047 LADIES' TEA GOWN. Made of a high-grade cashmere, handsomely trimmed with satin ribbon around the high standing collar, four rows in front, one row around the cuffs and one row around the shoulder flaps. Blouse front with nine rows of plaiting, one row of satin ribbon all around the belt. Inside vest made of good cambric. Colors: Black, blue, red. Price..**$4.75**

Postage, extra, 32 cents.

STYLISH FIT AND STRIKING EFFECT ARE FEATURES OF THESE GOWNS.

SEARS, ROEBUCK & CO. INC

HARDWARE DEPARTMENT

SO MUCH MONEY CAN BE SAVED by buying your hardware at wholesale prices that you cannot afford to overlook this department. Freight rates are low on this line. Nearly everything in hardware goes at third or fourth-class freight, especially the heaviest goods. Consult our table of freight rates on page 5 and you will see the freight will amount to next to nothing as compared with what you will save in price.

QUALITY IS GUARANTEED on everything we offer in this line. We handle only standard goods, the product of well-known and reliable manufacturers. We do not handle trashy goods. We believe the best is always the cheapest, and we can save you 25 per cent to 50 per cent on everything in the hardware line. If you place your order with us it will mean we will get your future orders, as well as the orders of your friends and neighbors.

IF YOU CONTEMPLATE BUILDING a house, barn, granary or other building, consult this catalogue for prices on your hardware, doors, sash, paper, paints, etc., or get your carpenter to make out a bill of just what material you will require in this line and let us quote our prices. We will save you money. If we don't sell to you we will compel some dealer to sell you the cheapest bill he ever sold in his life. When building, don't buy this class of goods from your dealer until you have got our figures. WE WILL OPEN YOUR EYES IN THE SAVING.

CARPENTERS AND BUILDERS are especially requested to consult this catalogue for prices on tools of all description.

OUR LIBERAL TERMS All hardware (except such as must be paid for in advance) will be sent to any address by freight or express, C. O. D., subject to examination, on receipt of one-fourth the amount of purchase, balance and transportation charges payable after goods are received.

TABLE CUTLERY.

OUR TABLE CUTLERY is selected from the stock of the most reliable and well known factories in this country. Our goods are the cleanest and best patterns possible to obtain. They are made of only the best steel, are fully warranted, and the workmanship cannot be excelled. IN THIS LINE as well as in all others, we defy competition as regards quality and values. Should these goods not prove satisfactory, they can be returned at our expense and money refunded.

OUR LIBERAL TERMS OFFER prevails on this line. Any cutlery will be sent by express C. O. D., subject to examination, on receipt of $1.00; balance and express charges payable at express office. TRY TO MAKE YOUR ORDER 100 pounds in weight even by adding sugar, so we can ship by freight at lowest freight rates.

Butcher Knives.

FOR MORE THAN A YEAR we investigated the merits of various makes of Butcher Knives, with a view of finding the best quality, regardless of price. We were so fortunate as to find that we were able to buy the very best grade at a very reasonable figure, and we assure our patrons that the quality of the butcher knives sold with our name on them is not excelled. **Our guarantee is as follows: If any Butcher Knife, Skinning Knife or Sticking Knife purchased from us, on which our name is stamped, does not prove as good or better than any knife you ever had, return it to us and money will be cheerfully refunded without argument. As shown in cut, nearly the total value of these knives is in the blades.** They are intended to sell on their quality, not on their looks. Remember when comparing prices of these knives that the blades are all hand-forged—not made by machinery.

Sears, Roebuck & Co.'s Brand Butcher Knives.

The "Ideal" Button Hole Cutter.

No. 65340 The "Ideal" Button Hole Cutter. The blade is made of the best razor steel, extra well tempered and ground. The cutter is very simple, nothing to get out of order, will last a lifetime.

In using the "Ideal Button Hole Cutter" you are not obliged to raise the cloth or garment up to get underneath as with button hole scissors or other devices, but simply lay the cloth or garment upon a smooth board or table, mark out where you want the button holes and cut them in **perfect line** and all of **exactly even size.** Use cutter in a rocking motion by pressing on the nearest point to you first, and then press from you as a saddler's knife is used. Then you can cut button holes **lengthwise** with the front or rear of garment, which is almost **impossible** to do **accurately** without an "Ideal Button Hole Cutter." Weight, 4 ounces.

Price, each.....24c: per dozen,.....$2.35

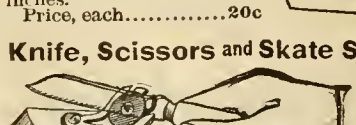
Knife, Scissors and Skate Sharpener



No. 65360 The Ideal Knife, Scissors and Skate Sharpener. Fastened to the wall in the kitchen, it can always be found when wanted, and a few seconds only is required to sharpen the kitchen knives or a pair of scissors. When screwed to a small block of wood of a suitable size for the hand, as shown in cut, it makes a neat skate sharpener that will concave the skate runner. Price, each. 15c

If ordered sent by mail, send us 3 cents more to pay postage.

POCKET CUTLERY.

For cutting quality, durability and finish our line of pocket cutlery has been selected with a view to meeting the wants of our customers. Our patterns are the latest.

WARRANTED KNIVES

All knives which we warrant are guaranteed to be free from flaws and not too soft, and if found otherwise can be returned within 30 days at our expense and exchanged or money refunded. No knife can be returned, however, except it is clean and shows no evidence of abuse. A broken blade must show signs of flaw in the steel or will not be replaced. In this line also we save our customers from 25 to 75 per cent on retail prices.

No. 65498 Electrician's Knife. This combination knife is very popular with electricians. One edge of blade is sharpened as far as the notches and is especially adapted for cutting insulation. The notches are finished with sharp, square corners and are just the thing for scraping the wire. The screwdriver, on end of blade, answers every purpose for a small screwdriver. The blade **locks open** and cannot be accidentally shut on fingers. It is brass lined with fancy German silver shield. It is well finished throughout and properly tempered. Length of handle, 3½ inches; entire length with blade open, 6 inches. Price, each.....45c

Special American-Made Pocket Knives.

The following pocket knives are of AMERICAN MANUFACTURE. It is a FACT that America today makes a better pocket knife than can be produced elsewhere, when cutting qualities are considered. In our line of American goods will be found some very desirable patterns. The quality is fully guaranteed. All blades are hand forged and tempered and are guaranteed free from flaws and not too soft. We don't guarantee knives not to break—any knife can be broken if treated unfairly—but if broken on account of a flaw within 30 days from date of purchase, return same to us and a new knife will be given in exchange.

POSTAGE.—If pocket knives are sent by open mail the cost is 5c. If registered, the cost is 13c.

Postage, extra, 12 cents.
For a full line of Hunting Knives see index.

American Razors.

FOR MANY YEARS **Nearly all razors sold in this country were imported from Europe.** The blades were forged and tempered in one place, sent to a far distant country to be ground, returned to the maker to be handled. **The expense of all this transportation added largely to cost.**

WE ARE NOW MAKING IN AMERICA A razor that is **equal to any that are made anywhere.** They are forged, ground and finished complete under one roof by workmen who have come to America from the different countries of Europe, and **we can make a better razor than can be produced elsewhere for the same money.** The very best steel is used in the blanks of **all our razors.** The same care is used in tempering the cheapest razor as is used in the highest priced razor we sell.

THE PRINCIPAL EXPENSE In making razors is in the grinding. The man who grinds our **"Barbers' Razors"** receives about ten times as much salary as the men who grind our cheapest razors. **He is an artist, the others are mechanics.** In thin grinding many razors are broken, and this breakage is figured in the cost of these thin-ground razors. There is no reason why a thick razor should not shave as pleasantly as a thin one if it is kept in as good an edge, **but it requires more labor to keep a thick razor in condition.**

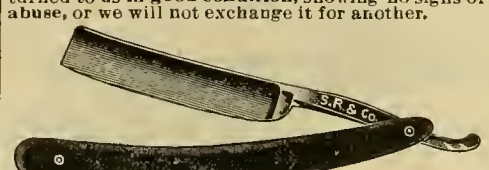
REMEMBER **That "a man well lathered is half shaved."** To shave easily, first wash your face perfectly clean and leave it wet; then lather it well with a brush and rub the lather well into the beard so that the lather gets down on the face. Watch the barber who has the reputation of being an easy shaver and you will find he spends a great deal of time lathering the beard. Lay the blade on your face as flat as you can. **Never scrape your face, cut off the beard.**

YOUR BEARD SHOULD GUIDE YOU IN SELECTING A RAZOR. A heavy, wiry beard requires a wide, heavy razor. A man who shaves every day can use a lighter razor than he who shaves but once a week. If you have had trouble in finding a razor to "fit your beard," **we can fit you.** A razor with ⅝-inch blade fits an ordinary beard. A razor with ½-inch blade fits the man with a light beard or one who shaves every day. It is also fine for shaving the second time over. A razor with a ¾-inch blade fits the coarse, heavy beard.

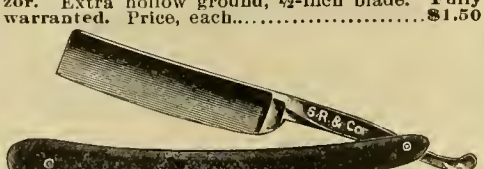
SEARS, ROEBUCK & CO.'S RAZORS ARE THE BEST ON EARTH. **NONE GENUINE UNLESS STAMPED ON TANG WITH OUR NAME. Beware of inferior razors which may look the same or have the same etchings on blade. Look for our name on the tang.**

Barbers' Fine Razors.

SEARS, ROEBUCK & CO.'S BARBERS' RAZORS are made from the **best steel that can be procured, tempered by an expert** and the final grinding is done by a grinder who receives **the largest salary that's paid a grinder in this or any other country.** We consider ourselves fortunate in securing his services, for we are confident that it will be the means of building up a razor trade with those who want the **best razor it is possible to produce,** and who know how to **appreciate a good razor. These razors are fully warranted,** but a razor must be returned to us **in good condition,** showing no signs of **abuse,** or we will not exchange it for another.



No. 65775 Sears, Roebuck & Co.'s Barbers' Razor. Extra hollow ground, ½-inch blade. **Fully warranted.** Price, each.....**$1.50**



No. 65776 Sears, Roebuck & Co.'s Barbers' Razor. Extra hollow ground, ⅝-inch blade. **Fully warranted.** Price, each.....**$1.50**

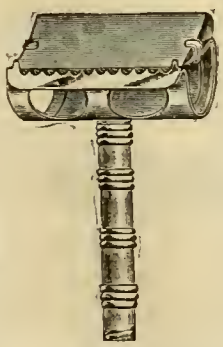
The Acme Safety Razor.

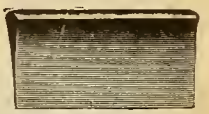


No. 65874 The blades of these razors are manufactured from a celebrated brand of razor steel, are highly magnetized and full hollow ground; and when used in connection with a good stropping machine, will hold their edge for years without requiring honing. The **"ACME" RAZOR** has been brought to such perfection that anyone **can shave himself with it.** Being "self-adjusting," it can be adjusted by anyone. Requires absolutely no skill to use it or keep it in condition; the clamps being set automatically, the blade is self-adjusting, while the "shoulders" prevent the blade from projecting beyond the safety point, making it absolutely impossible to cut the face while shaving. Securely packed, complete, in neatly ornamented tin box.
Price, each.....$1.25
Postage, extra, 5 cents.

Fancy Shaving Cases.

No. 28600 Shaving case. Combination. Embossed celluloid and variegated plush. Fancy scroll shape. Extension base with top decoration of embossed spray of flowers. Satin lining. Contains shaving mug, lather brush, razor and double plate hand mirror. Size, 10¼x7½x3¾. Price.....$2.75

Extra Blades for Acme Safety Razor.



No. 65875 Extra Blades for The "Acme" Safety Razor are manufactured from the the best Razor Steel. They are renowned for their uniformity in temper and will shave more beards without honing than any other razor blade on the market. Each blade is magnetized so as to prevent irritation of the skin while shaving.
Price, each.....65c
Postage, extra, 3 cents.

The Acme Automatic Stropping Machine with Strop Combined.

No. 65876 The majority of the Safety Razors that have heretofore been in use have been discarded owing to the fact that they would not hold their cutting edge for any length of time. Realizing the fact that it is impossible for the average user of the Safety Razor to strop the blade properly by hand, we have, after a good deal of experimenting, secured a machine which acts strictly automatically. By simply inserting the blade in the blade holder and pushing the handle plate at the bottom of the Stropper to and fro, the machine will sharpen the razor perfectly. The "Acme" Automatic Stropper can be used to sharpen any make of Safety Razor Blades.
Price of machine complete with strop.....$1.25
Postage, extra, 10 cents.

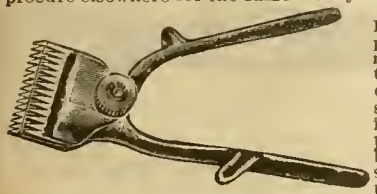
Barbers' Hair Clippers.

For Human Hair only. For Horse and Dog Clippers, see page 985.

We believe that we offer to our patrons the best line of Hair Clippers that is made by anyone anywhere. All parts are interchangeable, so if any part gets broken or wears out it can be replaced at small cost. The pressure on cutting plates is adjusted by a spring washer under the tension nut, which is a very desirable feature. They are all warranted to be good cutters and equal to or better than you can procure elsewhere for the same money.



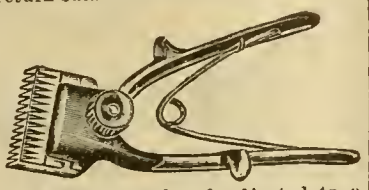
No. 65960 Hair Clipper, is full nickel plated. Has concealed spring, that is easily replaced if broken. This style clipper is very popular. Cuts hair one-eighth of an inch long. A full size, well made, good cutting barbers' hair clipper. Weight, 9 oz. Price, each.....90c

Repairs for Above Clippers

No. 65963 Springs, each.....10c
No. 65964 Top Plates, each.....60c
No. 65965 Bottom Plates, each.....60c

When ordering repairs for clippers be sure to give us the NAME of the clipper and all marks that appear on it. We do not furnish springs or repairs for any clipper, except those that have been purchased from us.

If Clippers are sent by mail you must send us 15c extra to pay postage. If too much money is sent we will return balance.

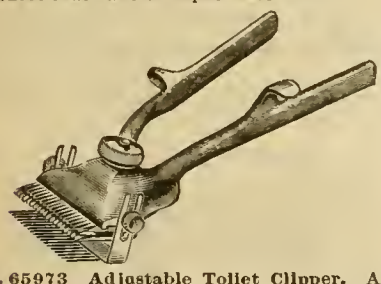


No. 65968 Hair Clipper. Is also a full size, well made, good cutting barbers' hair clipper. Full nickel-plated. The spring can be easily removed and adjusted to a different tension, if desired, which cannot be done with any other medium priced clipper. Cuts hair one-eighth of an inch long. Weight, 9 oz. Price, each.....85c

Repairs For Above Clippers.

No. 65970 Springs, each.....15c
No. 65971 Top plates, each.....65c
No. 65972 Bottom plate, each.....65c

When ordering repairs for clippers be sure to give us the name of the clipper and all marks that appear on it. We do not furnish repairs for any clipper except those that have been purchased from us.



No. 65973 Adjustable Toilet Clipper. A very handy article for family use. Used to cut pompadour and in trimming whiskers. Has a metal comb, which may be slipped on and used to regulate the length of hair to be cut. The comb can be instantly taken off or put on, without removing screws. Will cut any length from ⅛ to ¾ inch. Price, complete, with comb.....$2.90

Repairs for Adjustable Toilet Clippers.

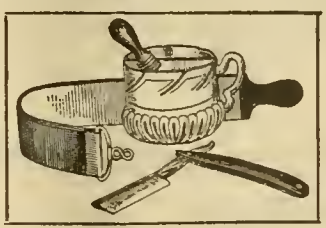
Clipper Grinding.

We re-grind old clippers for 48c per pair. Express charges or postage both ways to be paid by customer. Read instructions for returning goods before sending us clippers. See page 2.



SHAVING SETS.

There have been many Shaving Sets gotten up for sale in so-called racket stores or department stores. Quality is no consideration in such cases, the only point being to get up a set at the least possible price. The following sets will be found to be made up of

RELIABLE GOODS

THAT WILL GIVE SATISFACTION IN EVERY CASE.

REMEMBER THAT THE CHEAPEST SET WE OFFER IS MADE OF GOOD GOODS.

OUR "BON TON" SHAVING SET.

No. 65996 Our "Bon Ton" Shaving Set consists of your choice of any razor quoted in our cutlery department, 1 double swing barber's razor strop, horse hide and linen with metallic end and swivel, 1 barber's shaving brush white bristles with buffalo-horn ferrule, 1 handsomely decorated shaving mug with partition, 1 cake of the celebrated Yankee shaving soap (the genuine). If you are well posted in qualities of these goods you must admit that this set is the best that money can buy. Our price for entire outfit.....$2.75

Make your order for the above shaving set thus: "No. 65996, 1 shaving set with No..... razor," filling in the blank with the catalogue number of the razor you select.

OUR "ACME" SHAVING SET.

No. 65997 Our "Acme" Shaving Set consists of 1 Sears, Roebuck & Co.'s Acme razor, 1 double swing razor strop (canvas and horse hide with metal ends and swivel), 1 good shaving brush, 1 decorated shaving mug, 1 cake shaving soap. Remember the Razor is fully warranted. Our price for the complete set.....$1.85

Your local dealer would be obliged to charge you $1.50 for a razor as good as this one.

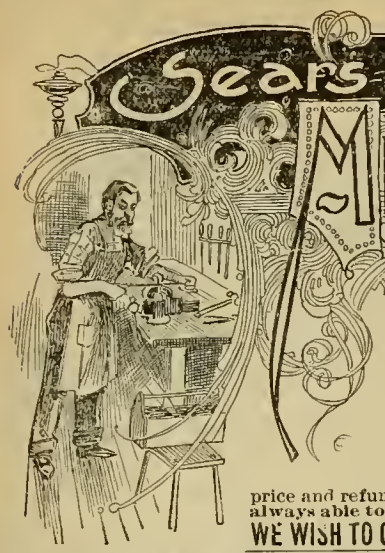
OUR "WINNER" SHAVING SET.

No. 65998 Our "Winner" Shaving Set consists of 1 medium hollow-ground razor "Warranted," 1 horsehide swing strop, 1 decorated shaving mug, 1 cake shaving soap, 1 good shaving brush, all good, reliable goods. Our price for entire set.....$1.25

OUR "COMPETITION" SHAVING SET.

No. 65999 Our "Competition" Shaving Set is offered in competition with those sets found in 99c stores, and while it is far superior to most such goods we do not care to recommend it too highly. It is our intention always to describe all articles exactly as they are, consequently we cannot recommend this set any more than to say it will be found better than you can possibly procure elsewhere at anything like this price. The set consists of 1 hollow-ground razor, 1 swing strop, 1 shaving brush, 1 divided shaving mug, 1 cake shaving soap. Our price for the entire set.....75c

REMEMBER SEARS, ROEBUCK & CO.'S RAZORS ARE THE BEST ON EARTH.



THE LARGE INCREASE in our sales of Mechanics Tools shows that our patrons appreciate our efforts to furnish **reliable, strictly high grade tools at our usual one-small-profit, factory-to-consumer plan.** Our stock embraces almost everything made in the line of mechanics tools, but we are in a position to **furnish anything wanted in the line of tools,** no matter whether it is found in our catalogue or not. You can safely order from us any tool which you may find in any catalogue, stating from whose catalogue you made your selection, giving their catalogue number, and sending us the same amount of money the goods would cost you elsewhere. We will furnish the goods at the lowest possible price and refund the balance if you send more than is necessary. **We are nearly always able to save you money over our competitors' prices.**

WE WISH TO CALL YOUR ATTENTION to the quality of the tools which we sell. We recognize the fact that in order to hold the large tool trade which we have established, it is necessary for us to send out the best goods that it is possible to procure. **We wish to emphasize the fact that you will find every article sold by us to be exactly as represented;** if not found so it may be returned and money will be refunded.

OUR TERMS ARE LIBERAL Any goods in this line will be sent to any address by freight or express on receipt of a sufficient deposit to cover charges both ways, balance payable when received.

.....SAWS.....

Sears, Roebuck & Co.'s Circular, Cross Cut, Rip, Hand, Panel and Back Saws. Warranted as follows: If this saw does not prove as good or better than any saw you ever had, return it and money will be refunded. Our saws are and always will be sold on their merits not on the reputation of the manufacturer. Our prices are not dictated by the saw trust.

THE BEST SAW MADE AND THE REASON WHY. We claim that the Sears, Roebuck & Co. Saws are the **BEST ON EARTH. We have sold immense quantities and never yet had one returned to us.** Our tool buyer has handled every standard make of saw and never had such good results from any other. Buying in immense quantities for spot cash direct from the manufacturer—considering actual value only when purchasing, paying nothing extra for the maker's name—selling for cash at one small profit—is a very good reason why we can offer **the best saw on earth** for less money than you can possibly procure inferior goods elsewhere.

No. 66001 Cut-Off Saw. Sears, Roebuck & Co.'s warranted.

No. 66002 Rip Saw. Sears, Roebuck & Co.'s warranted. **Read remarks following price list before making out your order.**

Diameter. Inches.	Thickness. Gauge.	Size of hole. Inches.	Price each	Diameter. inches.	Thickness. Gauge.	Size of hole. Inches.	Price each,

Keep the correct pitch upon the tooth, so as to give the saw a proper lead into the cut, this will take the friction entirely off the stay pin. By the use of a round-edge file the saw will be kept from galling and breaking. To save trouble and expense a proper pitch must be held for each kind of work and wood.

SEARS, ROEBUCK & CO.'S HAND SAWS.

A STRICTLY GUARANTEED SAW. NO BETTER MADE.

No. 66055 This is the best saw made. We have it made especially for our trade by a manufacturer whose reputation for making first-class goods is not excelled by anyone anywhere. We contract for immense quantities and are able to sell to consumer at less than retail dealers can buy at wholesale. Our selling price is not controlled by any combination or trust. We give our customers the same guarantee that we demanded and secured from the manufacturers, and that is the best, fairest and most complete guarantee we could write. No other saw is sold with any such guarantee, free from all restrictions and conditions. The blade of every Sears, Roebuck & Co. saw is etched as shown in illustration. **You can't possibly buy a better saw. Why pay more?** The blade is made from selected spring steel, patent ground and tempered, handle carved and polished, five improved screws, hand-filed and set.

Length, 18 inches; each, 90c Length, 20 inches; each, $1.00 Length, 22 inches; each, $1.10 Length, 26 inches; each, $1.25 Rip; length, 28 inches, $1.40

The 18, 20 and 22-inch saws come 9, 10, 11 or 12 points to the inch. The 26-inch saws come 6, 7, 8, 9, 10, 11 or 12 points to the inch. 28-inch Rip Saws come 4, 4½, 5, 5½ or 6 points to the inch. If you don't state what is wanted, we use our best judgment in filling order. **Read the guarantee given on S., R. & Co.'s Saws.**

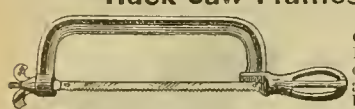
Hack Saw Frames.



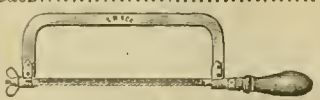
No. 66125 Cast Iron Frame, so constructed as to face blades in four different directions. The pins which hold the blade are fast in the frame, and cannot drop out. It is a very stiff and desirable frame with japan finish.

Price, with one 9-in. blade.....25c

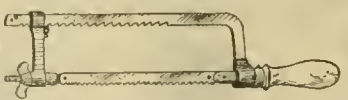
Extension Hack Saw Frame.

No. 66127 This tool is made of steel, highly finished and so constructed that it can be easily extended from 8 to 12 inches, and when saw is inserted in position it is as firm as a solid frame. Complete with one 8-inch blade, as shown in cut.

Price, each.....65c



No. 66128 Solid Steel Hack Saw Frame (not extension) to take 8-inch blade only. Price, with one blade.....50c.



No. 66130 This is the stiffest frame made. It is made of steel, highly polished, heavily nickel plated, and will face the blades in four directions. The handle is ebonized. This will hold all blades from 6 to 12 inches.

Price, with one 8-inch blade, as shown in cut....78c

Flexible Hack Saw Blades.

These are tempered by a new process by which a very high degree of temper is given to the toothed edge of the blade, diminishing in hardness to the back, which is of a low-spring temper. This process enables us to produce a blade which combines the best cutting and wearing quality with the least liability to breakage, and is stiffer, holds its shape better, and will not stretch when used in a machine.

No. 66132 Length, in..	6	7	8	9	10	12

Hand-Made Hack Saw Blades.

Will Not Break. Teeth Cannot Break Off.

This Hack Saw Blade is superior to any other made. It is a delight to work with, especially on small and fine work. It is impossible for the workman to break the teeth or the saw while working with it, as it is made from the best clock spring steel. Each cutting tooth is set to both sides, and therefore it will cut faster and make a smoother cut than any other saw. For cutting tubing of any kind it is highly recommended.

No. 66133 Length of blade, inches—

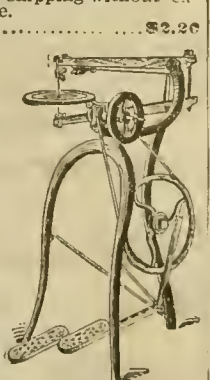
The above blades also fit Nos. 66145, 66147, 66149 and 66150 saws.

Foot-Power Bracket Saws.

No. 66145 To meet the demand for a cheap and good foot-power saw, we have had made an all-iron machine which we offer for $2.25. For scroll sawing alone it is about as good as the higher priced saws, and the finish is the same as our Rogers' saws. It has an iron tilting table, second-growth ash arms, 18 inches long, improved clamps, etc. Weight of saw, 17 lbs.; weight, when boxed, 35 lbs. Boxed for shipping without extra charge.

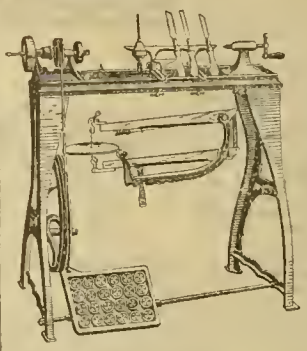
Price.....$2.20



No. 66147 Bracket Saw. Has a rubber dust blower, improved clamps for holding the saw blade and a roller inserted in the table back of the saw, which makes it run perfectly true. We have no hesitancy in declaring this to be the best cheap saw ever offered to the public. The entire frame work is made from iron, painted and japanned black, and ornamented with red and gilt stripes. The arbors are made of steel, carefully gauged and fitted to their bearings. The bearings to the arms are carefully sized to bring them in perfect line. The stretcher rod is jointed, which allows the upper arm to be thrown out of the way when adjusting work or saw. The balance wheel is 4½ inches in diameter, with iron spoke center and rim of solid emery. The attachment for drilling is on the right hand side of machine, which is an advantage. With each machine we give 12 saw blades, wrench, sheet of designs and 3 drill points. The saw alone weighs 25 lbs.; when boxed for shipment, about 42 lbs. Price..$3.25

Lathe and Saw.

Intended for the use of boys and amateurs. Not a tool for the carpenter shop, as it is too light for heavy work.



No. 66149 This Lathe is provided with a long and short tool rest, five turning tools, wrench and drill points. Swing of lathe, 5 inches; length of bed, 24 inches; distance between center, 15½ inches. The large drive wheel has two grooves of varying depths on its face to give it a change of speed; the higher speed is 11 to 1; the lower, 7 to 1; the lathe head has a 2-inch face plate, a spur center, a screw center for turning cups and also a drill chuck to hold from ⅛ to ¼-inch round twist drills for drilling wood or iron. The lathe is thoroughly built and highly finished, the plain and polished parts being nickel plated. Weight, 56 lbs. Weight, boxed, ready to ship, 70 lbs.

Price.....$8.15

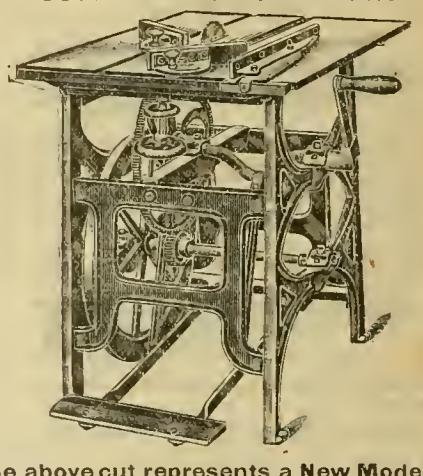
No. 66150 The same Lathe, with scroll saw attachments. Weight, boxed, ready to ship, 90 lbs.

Price.....$9.80

No. 66151 Extra clamps for above bracket saws sold in pairs only. Price, per pair.....29c

Postage, if sent by mail, 5c.

Foot and Hand Power Saw.



The above cut represents a New Modern Circular Sawing Machine for foot and hand power.

No. 66155 The arbor is the best machinery steel ¾ of an inch in the boxes, and ⅝ of an inch hole in the saw and runs in self-oiling boxes and turns 9½ times to one of the crank; the crank is forged steel turned true; the fly wheel is on a third shaft of steel close to the floor, it is 26 inches in diameter and weighs 55 lbs., turned true and balanced; it turns 4½ times to one of crank. The machine has double crank connection with the treadle, to prevent tilting of the treadle; also an adjustable crank for hand power; all gears are cut to insure smooth running. An iron top through the center carries two cross cut mitre gauges; there is an iron rip gauge. The wood tops on each side are double veneered both top and bottom to prevent warping or twisting and very finely polished; workmanship first-class in every way. Table, 2 feet 2 inches wide, 3 feet 3 inches long, height 3 feet; floor space required, 2 feet 6 inches x 3 feet 6 inches; shipping weight 350 lbs. Will carry saws from 4 to 8 inches in diameter. With 8-inch saw will cut lumber 2½ inches thick. Arbor will take 1-inch dado head. No contracting carpenter can afford to be without one of these saws. Such saws have always been sold through agents at unreasonably high prices. We offer this first-class saw complete with one 8-inch cross cut and one 8-inch rip saw for.....$45.50

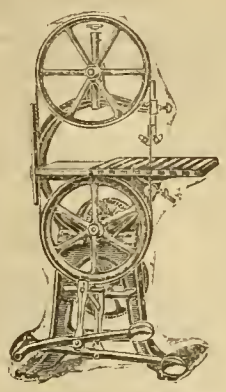
Combined Foot and Power Band Saws.

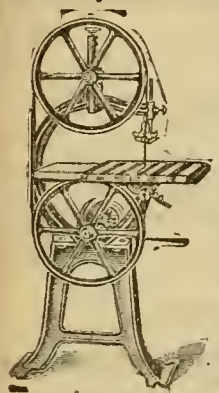


No. 66160 This machine is especially arranged for foot power as shown. It is provided with one heavy band wheel, gearing to increase the speed, and two treadles. The operator is enabled to attain a good speed and the heavy band wheel serves to carry past the dead point. There is furnished an extra lever which is to bolt on the left hand end of the foot treadle. This is applied when the aid of a secoud hand is required on heavy work. Each machine is furnished with two saw blades and outfit for brazing broken saws. Weight, 350 lbs. 20-inch machine with gearing and foot-treadles for one or two men, no pulleys.....$42.00

20-inch machine with foot-power attachments and pulleys for foot or belt power..... 46.50

Extra saw blades, each..... 1.25

Twenty-Inch Band Saw for Power.



No. 66163 Dimensions—Height over all, 66 inches. Floor to center of pulleys, 28¼ inches. Floor to top of table, 40 inches. Table to upper saw guide when up, 7 inches. Saw to frame at back of table, 20 inches. Band Wheels, 20 inches diameter. Floor space, 24x24 inches.

Band Wheels—Upper and lower wheels are turned perfectly true, balanced, and covered with endless rubber tires of best quality. Upper wheel can be adjusted in any direction while machine is running, to keep saw in proper alignment, and has also an up and down adjustment of several inches, to accommodate saws of different lengths.

Saw Blades—We furnish two saws with each machine—¼ and ⅜ No. 22 gauge, 10 feet 1 inch long, set and sharpened ready for use.

Pulleys—Tight and loose, 7 inches diameter for 3 inch belt provided with shifter and lever as shown; no counter shaft required.

Table—20x24 inches, made of narrow hardwood strips, glued together and held permanent with iron cleats underneath. The table can be tilted to any desired angle for bevel sawing—especially desirable for pattern work.

Shipping Weight—300 lbs.

Speed—350 to 400 revolutions per minute.

Price, complete, delivered free on board cars at our factory in Ohio.....$33.00

FULL LINE OF BLACKSMITH TOOLS

PAGES 842 TO 854.

EMERY WHEELS

The Acme Emery Wheel is made especially for our trade by manufacturers who have established a most enviable reputation for making high-grade satisfactory wheels. The wheels made for us are exactly the same grade in every respect as those which they have made for years and on which they have built up their business and reputation. The only way they differ is in the label. Our label instead of theirs don't detract a particle from the value of the wheels, but it makes the price lower. The manufacturers sell this wheel to the consumer at **nearly twice the price we charge**, and would not furnish us with goods with their labels to sell at our prices. But they will take off their labels and put on our label and they think we couldn't give them away to their customers. Perhaps they are right. But if any user of emery wheels will give our wheels a trial we believe he will recognize their merit and give us all his future trade.

DIRECTIONS FOR ORDERING.

Always state Diameter, Thickness, Size of Arbor Hole and shape of face, the kind of material to be ground, whether surface or edge grinding and fine or coarse work is required; whether the work is light or heavy; speed at which wheel is run.

DIRECTIONS FOR USING:

Acme Emery Wheels will do the best work when run at a surface speed of one mile a minute, but for hardened tool grinding a slower speed is advisable. Before putting a wheel on the mandrel, tap it lightly with a hammer to ascertain that it is sound. If it rings it has not suffered from ill usage, and may be safely put to use.

All our wheels are thoroughly tested at a much higher strain than that to which they are subjected in use, and all are packed carefully. In transportation they may be broken, hence the necessity of testing immediately before running them.

Always use iron flanges on both sides of the wheel. The flanges ought to be about one-third of the diameter of the wheel or larger. Rubber or leather washers should be used, especially with thin wheels.

All emery machines should be provided with rests on which the article to be ground is held.

Wheels should run toward the operator, with the rests close to the face of the wheel. Very often wheels are broken by castings being caught between the wheels and rests by getting out of the workman's hands.

PRICE LIST OF EMERY WHEELS

No. 66333 Flat Face Emery Wheels. No. 66334 Bevel Face Emery Wheels.
No. 66335 Round Face Emery Wheels.

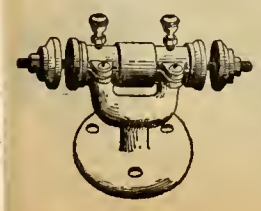
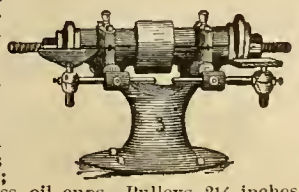
Emery Wheel Stands.



No. 66339 Emery Wheel Stand for power. Will run 2 6-inch emery wheels, 1 inch thick, has ¾-inch steel spindle, ½ inch between flanges, pulley 2 inches in diameter, 1⅝-inch face. Weight, 9 lbs. Price, each...$3.95
Price does not include wheels.



No. 66340 Emery Wheel Stand, for power; will run two wheels 10 inches in diameter and 1½ inches thick; has steel spindle 1 inch in diameter in bearings, ¾ inch between flanges. The bearings are 2 inches long and adjustable; mounted with brass oil cups. Pulleys 2¼ inches diameter, 1¾-inch face. Two adjustable knuckle-joint rests, as shown in cut. Weight, 25 lbs.
Price, each $8.00

Emery Wheel Stands.

No. 66341 Emery Wheel Stand. Will run two wheels 12 inches in diameter and 2 inches thick, has steel spindles 18 inches long and 1-inch diameter in bearings, ¾ inch between flanges. The bearings are 3 inches long and same style as engine lathe bearings, mounted with brass oil cups. Pulleys 3½ inches diameter, 2¼-inch face. Exactly like cut of No. 66340 only larger. Weight, 40 lbs. Price.....$11.25

Our Highest Grade Emery Wheel Stand.

No. 66342 Emery Wheel Stand. Will run two wheels 16 inches in diameter and 2½ inches thick, has steel spindles 1⅞-inch diameter in bearings, 1 inch between flanges. The bearings are 4 inches long and same style as engine lathe bearings, mounted with brass oil cups. Pulley 3¾ inches diameter, 2½-inch face. These stands are provided with two rests which are knuckle-jointed, and can be set at any desired angle, as shown in cut of 66340; weight, 65 lbs. Price.....$16.00

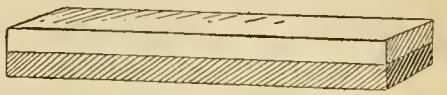
Emery Wheel Dresser.

No. 66350 Emery Wheel Dresser is a very simple device for sharpening, trueing or dressing an emery wheel on its arbor at full speed. It leaves the wheel clean and sharp and in the best possible condition for cutting. An emery wheel is a cutting tool composed of innumerable sharp grains of emery, which become dull by use. To sharpen the wheel these grains must be brought to the surface, and this dresser is the best tool in the market for the purpose.
Price, each, with 2 sets of cutters.....53c
No. 66351 Extra cutters, each.....11c

EMERY GOODS.

We are headquarters for everything in this line. We handle only the highest-grade goods made, and on this class of goods we have no competition. We can save you 25 per cent. or more on emery goods, and only one order will convince you.

Emery Oil Stones.



These Stones are destined to supersede all other stones used with oil. The **lightning rapidity** with which they sharpen a tool, without taking the temper from the steel, **is marvelous.** A keen edge may be obtained in **half the time** required by the use of the **quarried stone.** They are made with a **coarse and fine side,** thus combining **two stones in one,** the coarse side to be used for taking out nicks and for rapid cutting; the fine side for putting on a fine, keen edge. **Their phenomenal sale attests their merits and growing popularity.**

No. 66355

Length	Width	Thickness	Price, each
7⅞	1⅛	⅛	35c
6¾	1⅛	1	32c

Foot-Power Grinder.

No. 66396 Foot-Power Grindstone, extra select quality stone, 14x1¾ inches. The size and weight give it great speed and capacity. As the cut shows, the stone is operated by a wooden pitman, which will prove durable and satisfactory. It weighs, boxed, 85 lbs.
Price, each.....$3.95

PLUMBS AND LEVELS.

All our wood levels are made by The Stanley Rule and Level Co. All our wood levels are made with the "Handy" feature, rightly so called. In climbing ladders, walking on stagings or on the frame of a building, the peculiar form of the level is appreciated by the workman who carries it. On account of their increased strength and accuracy we have these levels made with proved level glasses. We sell you the best goods made and save you from 25 to 50 per cent. You can't afford to purchase tools from a retail dealer. Remember we guarantee every article in this catalogue to be exactly as represented, and if not found so it may be returned and money paid will be cheerfully refunded without argument.

No. 66416 Stanley's Level. Cherry stained, without plumb. Has groove for hand hold not shown in cut. Proved glass; not adjustable; weight about 1 lb; length, 12 inches. Price, each.....20c

No. 66419 Stanley's Plumb and Level. Mahogany polished. Proved glasses; not adjustable; arch top plate; two side views; weighs about 2½ lbs.; lengths, 24, 26, 28 or 30 inches. Price, each.....35c
No. 66423 Stanley's Adjustable Plumb and Level; mahogany polished, proved glasses, adjustable arch top plate, two side views; weighs about 3¼ lbs. Lengths, 24, 26, 28 or 30 inches. Price, each..50c

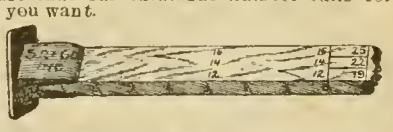
No. 66546 Two Foot Rule, 1¼ inches wide, spaced 8ths on upper edge, 16ths on lower edge, both sides alike. Price, each.....68c

Hickory Log Rules.

These rules are made of the finest second-growth hickory, the butt or first cut only being used. They are rived out and shaved down by hand, and no cross-grained stock is used. The figures are burned on the wood. No amount of use in rain or snow will efface them. Made with either Doyle or Scribner scale, marked to scale from 8 to 20 feet, or 12 to 24 feet logs, every two feet. In ordering, always state whether 8 to 20 or 12 to 24 is wanted. Also be sure that our catalogue number calls for the scale you want.



No. 66548 Square Head Log Rule. Figured 48 inches. Scribner's Scale. Full length 4 feet 8 inches. Price, each.....$1.00
No. 66549 Square Head Log Rule. Figured 36 inch. Scribner's Scale. Full length, 3½ feet. Price, each.....87c

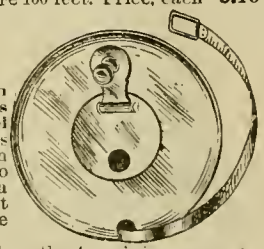
No. 66576 To measure 66 feet. Price, each 2.20
No. 66577 To measure 100 feet. Price, each 3.10

Steel Tape Lines.



Steel Tape Lines with Leather Case. This is the most popular steel tape in the market, as it meets a demand from a large class of users who appreciate the value of a steel tape, but do not wish to invest in the higher-priced article. While the price is very low, the tape is in every way first-class. The measurements are guaranteed accurate. The case is compact, very durable and will not break. The winding drum is large, has a long crank, winds easily and the handle folds nearly flush with the case. We cordially commend this tape to the purchaser as an article which is first-class, durable and perfectly accurate. Marked feet and 12ths (inches and eighths).

To measure, feet.....	25	50	75	100
Price, each.....	$2.45	$3.00	$4.00	$5.25

Price, per set of 4 planes.....$3.25

Bailey's Bench Planes.

The Genuine Bailey Planes, made by the Stanley Rule and Level Company, are so well and favorably known to mechanics the world over that they need no recommendation from us. The cutter is stamped from a solid piece of the best quality of English cast steel, of equal thickness throughout, finely tempered and ground sharp, ready for use. By means of a lever, located under the plane iron, and working sidewise, the cutting edge can easily be brought into a position exactly square with the bottom of the plane. The patents having expired, planes of same style and description are now made by various manufacturers and are sometimes offered as Bailey pattern, or even for the genuine goods. We sell the genuine only.

Bailey's Adjustable Bench Planes.

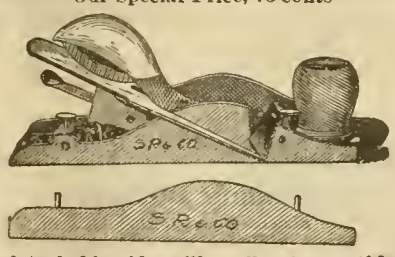
Stanley's Rabbet and Block Plane.

Our Special Price, 75 cents



A detachable side will easily change this tool from a Block Plane to a Rabbet Plane, or vice versa. The cutter is set on askew.

No. 66808 Rabbet and Block Plane, detachable side, 7 inches long, 1¾-inch cutter. Price.....75c

Scraper Plane.

Our Special Price, $1.15

This tool is used for scraping and finishing veneers or cabinet-work. It can be used equally well as a tooth plane, and will do excellent work in scraping off old paint and glue.

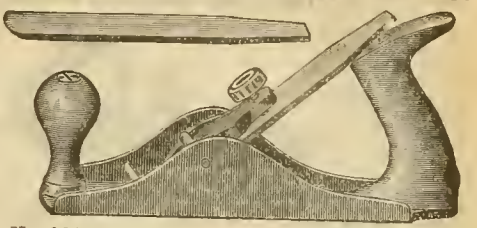
No. 66812 Stanley's Adjustable Scraper Plane length 9 inches; 3-inch cutter. Price.....$1.15

No. 66813 Cutters, for veneer scraping.....15

No. 66814 Cutters, for toothing, Nos. 22, 28, 32 (22, 28 or 32 teeth per inch).....18

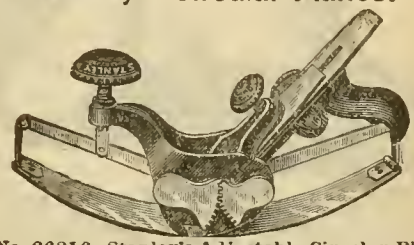
We Lead All Dealers in Highest Grade Planes at Lowest Prices.

Stanley's Improved Scrub Plane.

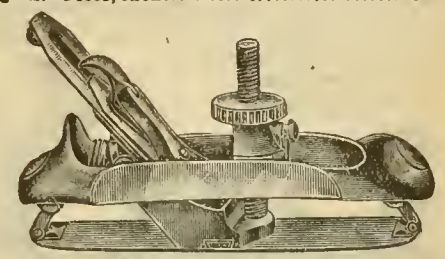


No. 66815 Stanley's Improved Scrub Plane, No. 40, has a single iron with the cutting edge rounded. It is particularly adapted for roughing down work before using other planes. Stock is 9½ inches long with 1¼-inch cutter. Price, each.....60c

Stanley's Circular Planes.

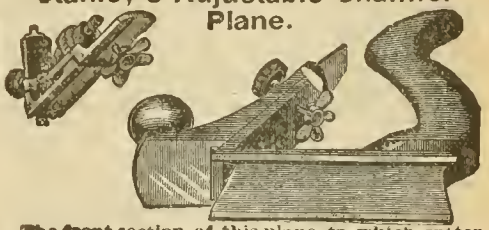


No. 66816 Stanley's Adjustable Circular Plane, with flexible steel face, which, by turning the knob on the front of the plane, can be easily shaped to any required arc, either concave or convex. Weight, 3¾ lbs. Price, each.....$1.62



No. 66817 Stanley's Adjustable Circular Plane with flexible steel face which can be made concave or convex by turning the screw which is attached to its center. Nickel plated. 1¾-inch cutter. Price, each.....$2.43

Stanley's Adjustable Chamfer Plane.



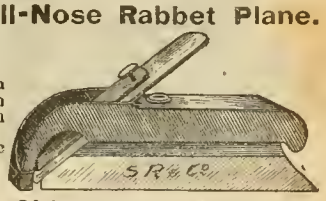
The front section of this plane, to which cutter is attached, can be moved up and down. It can be firmly secured to the rear section, at any desired point, by means of a thumbscrew. Without the use of any other tool this plane will do perfect chamfer, or stop chamfer work of all ordinary widths. When the faces of both sections are even it can be used as an ordinary bench plane.

No. 66820 Adjustable Chamfer Plane, as above. Length, 9 inches; 1⅝-inch cutter; weight, 3 lbs. Price, each.....$1.18

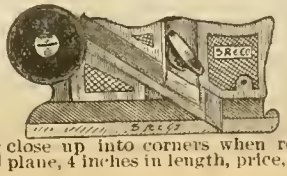
No. 66821 Beading attachment for above chamfer plane. For beading or molding a chamfer this additional attachment can be furnished, with six cutters, sharpened at both ends, including a large variety of ornamental forms. This attachment is not included with above plane. Price, for attachment.....54c

Stanley Bull-Nose Rabbet Plane.

No. 66824 Iron Stock, 4 inches in length, 1-inch cutter. Price, each 20c



Stanley's Side Rabbet Plane.

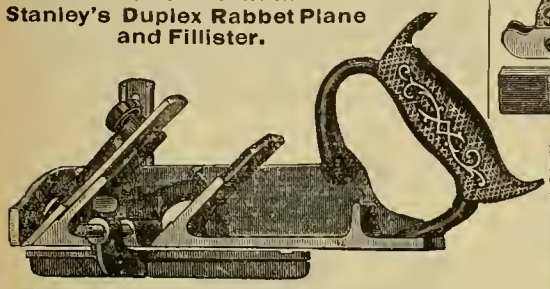


No. 66827 A convenient tool for side-rabbeting and trimming dados, mouldings and grooves of all sorts. A reversible nose-piece will give the tool a form by which it will work close up into corners when required. Side rabbet plane, 4 inches in length, price, each.....60c

Stanley's Improved Rabbet Plane.

No. 66830 Stanley's Improved Rabbet Plane. This plane will lie perfectly flat on either side, and can be used with right or left hand equally well while planing into corners or up against perpendicular surfaces; has spur, which can be removed when not wanted. Length, 8 inches; 1½-inch cutter; weight, 3¼ lbs.. Price, each.....68c

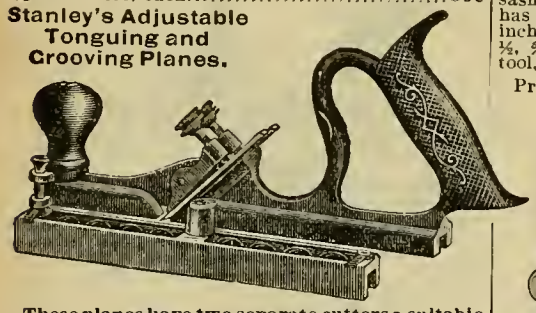
Stanley's Duplex Rabbet Plane and Fillister.



Remove the arm to which the fence is secured and a Handled Rabbet Plane is had, and with two seats for the cutter, so that the tool can be used as a Bull-Nose Rabbet if required. The arm to which the fence is secured can be screwed into either side of the stock, thus making a superior right of left hand fillister with adjustable spur and depth gauge.

No. 66832 Duplex Rabbet Plane and Fillister as above. Length, 8¼ inches; 1½-inch cutter. Weight, 3¼ lbs. Price, each.....89c

Stanley's Adjustable Tonguing and Grooving Planes.

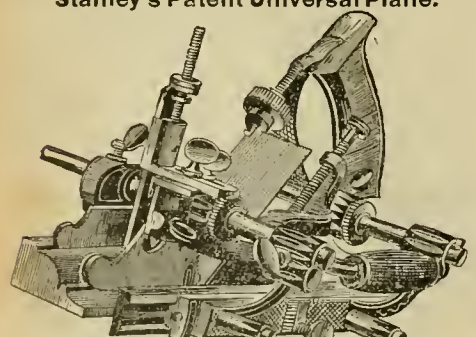


These planes have two separate cutters a suitable distance apart. When the gnide or fence is set, as shown above, both cutters work and a tongue can be made. The fence is hung on a pivot and can be swung around end for end. This movement covers one of the cutters, and also furnishes a guide for grooving an exact match for the tongne. In working thicker than 1-inch stuff with No. 48 plane, or ½-inch stuff with No. 49, place the extra wide cutter in right hand side of the plane. The tongue and the groove will be equally removed from the center of the edges on extra thick or thin boards, but a perfect match will be made.

No. 66835 Tonguing and Grooving Plane (commonly called Match Plane), as above, which will match board of any thickness from ¾ to 1¼ inches thick. Weight, 2¾ lbs. (No. 48.) Price, each...$1.48

No. 66836 Tonguing and Grooving Plane, as above, which will match board any thickness from ⅜ to ¾ inch. Weight, 2¾ lbs. (No. 49.) Price, each..$1.50

Stanley's Patent Universal Plane.



[Cut shows the plane, adjusted for making moldings.]

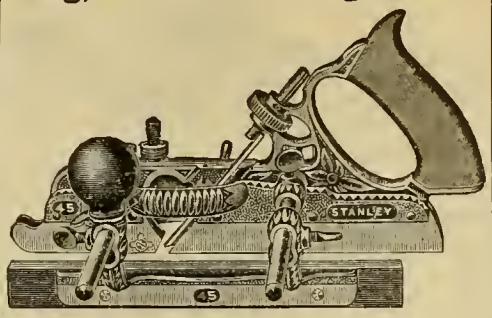
This tool, in the hands of an ordinary carpenter, can be used for all lines of work covered by a full assortment of so-called fancy planes.

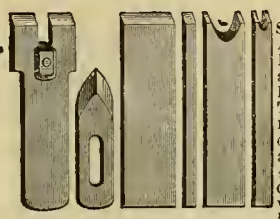
No. 66840 Stanley's Patent Universal Plane, (No. 55) nickel plated, including molding plane, match, sash, chamfer, beading, reeding, fluting, hollow, round plow, dado, rabbet, filister and slitting plane, with 52 cutters, packed in four separate cases, and the whole outfit packed in a neat wooden box.

Price, complete.....$9.00

A circular, giving more detailed information regarding this plane, will be sent to anyone on request.

Stanley's Patent Adjustable Beading, Rabbet and Slitting Plane.





No. 66843 Stanley's Patent Adjustable Beading Rabbet and Slitting Plane, (No. 45). This is the favorite with first-class carpenters, and in each of its several forms will do first class work, even in the hands of an ordinary mechanic. Directions for forming the different tools which can be made from this plane, accompany eacnplane, and are easily understood by any one of ordinary iptelligence. This plane embraces (1) beading and center beading plane; (2) rabbet and fillister; (3) dado; (4) plow; 5) matching plane; (6) sash plane, (7) a superior slitting plane. Each plane has seven beading tools (⅛, 3/16, ¼, 5/16, ⅜, 7/16, and ½ inch.) ten plow and dado bits (⅛, 3/16, ¼, 5/16, ⅜, 7/16, ½, ⅝, ¾, and ⅞ inch), a slitting blade, a tonguing tool, and a sash tool. Weight, 6¼ lbs.

Price, complete with tools, as above, each....$4.60

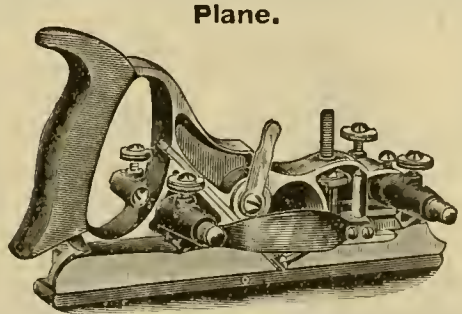
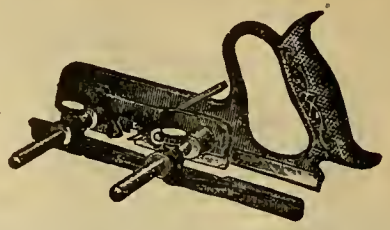
Siegley's Patent Combination Plane.



No. 66847 Siegley's Patent Combination Plane. As a plow it is very easily adjusted and cuts clean in any cross grain wood. As a dado it is adjustable from ⅜ of an inch to any width. The advance cutters are fastened by set srews holding the cutter firmly in slanting positions. As a metch plane it makes tongue and groove that exactly match. As a beading plane it does the work of six of the old-fashioned wood planes. The plane is nickel-plated making a handsome as well as a serviceable tool.

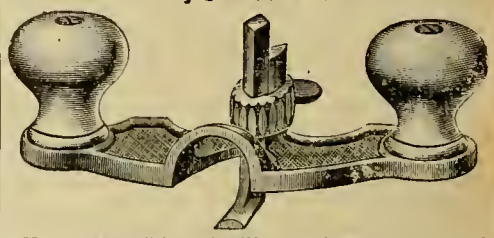
Price, each.....$4.78

Stanley's Adjustable Beading Plane.



No. 66850 Patent Adjustable Beading Plane. This plane will do all the work for which 14 common wood bead planes would be required. Has spur cutter foruse when beading across the grain. By adjustment of the fence center-beading can be done any distance up to 5 inches from the edge of a board. Price, complete, including 7 bits, sizes ⅛, 3/16, ¼, 5/16, ⅜, 7/16, ½ inch. Price, each.....$2.30

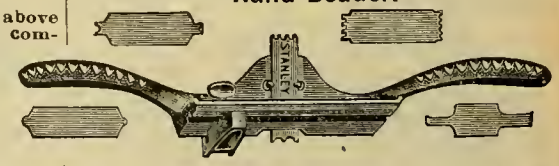
Stanley's Router Plane.



No. 66853 This tool will smooth the bottom of grooves, panels or all depressions below the general surface of any wood work, and will rapidly router out mortises for sash, frame, pulleys, etc. The bits can also be clamped to the backside of the upright post and outside of the stock; in this position they will plane into corners which can not be easily reached with any other tool; has iron stock nickel plated, and steel bits (¼ and ½ inch).

Price, complete..... 88c

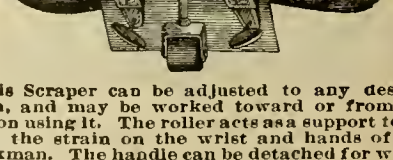
Hand Beader.



No. 66858 Stanley's Universal Hand Beader, for beading, reeding or fluting straight or irregular surfaces and for all kinds of light routering, with a square gauge for straight work and an oval gange for curved work. Both ends of the cutters are sharpened, thus embracing in a compact form six ordinary sizes of beads, four sets of reeds, two finters, and a double router-iron (size, ⅛ and ¼ inch). Weight, 1 lb. 10 oz.

Price, complete, as above, nickel plated.....65c

Stanley's Improved Wood Scraper.

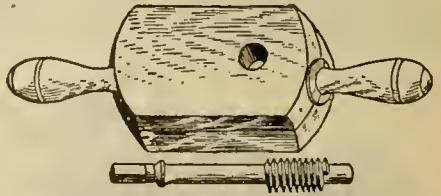


This Scraper can be adjusted to any desired pitch, and may be worked toward or from the person using it. The roller acts as a support to relieve the strain on the wrist and hands of the workman. The handle can be detached for working into corners.

No. 66859 Scraper, nickel plated, with handle and roller, 4-in. blade.....66c

No. 66860 Cast Steel Blades for above Scraper..... 20c

Wood Screw Cutters.



No. 66864 Wood Screw Cutter. Wood Screw Cutters will be found useful in cutting wood screws for hand screws, and in joiningwood work, furniture, etc.; cuts both male and female thread.

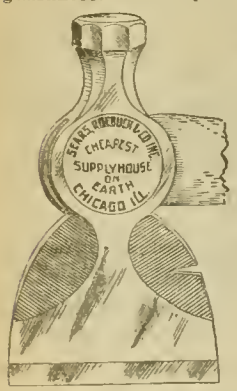
Per bundle, of 24 sheets.....14c

Emery Cloth.

No. 66965 We carry same numbers as sand paper, except the No. 3. Price, per sheet.....3c
Per bundle of 24 sheets.....54c

HATCHETS.

All hatchets sold by us have handles, but the weight of handle is not included when we state weight of hatchet. SEARS, ROEBUCK & CO.'S BRAND OF HATCHETS are the best that can be produced from the best material that can be found by the very best mechanical skill. Our patrons have found that when SEARS, ROEBUCK & CO.'S name appears on an article it's no use to pay more for some other brand. Before we decide to put OUR NAME on any article it is subjected to the most critical examination, practically compared and tested with other goods, and must be able to bear out our guarantee—"as good or better than any you ever had. If not found so return to us and money will be refunded." Every hatchet bearing our name is sold subject to this guarantee.



Sears, Roebuck & Co.'s Brand of Hatchets.

AXES

Our large sales in this line indicate that we have the right goods at the right price. The fact that we have never yet had one of these axes returned to us is positive assurance that better axes are not made.

No. 67006 The Kelly Perfect Axe. It's the shape and good cutting qualities which have made this one of the most popular axes in the market. It is made of the finest steel, hand-hammered, tempered and tested before leaving the factory. The blade is so shaped it will cut deepest but will not bind in the timber. It will burst the chip and will not become stubbed after grinding. It has a taper eye which binds the handle. We have them in all weights, from 3 to 5 lbs. Price, each $0.44
Per doz..... 5.15

No. 67007 Is another popular pattern of the Kelly Perfect Axe. It differs from the preceding axe only in shape. We have them in all weights from 3 to 5 lbs.
Price each. ..... .44c
Price per doz..... ... $5.15

Kelly's Flint Edge Temper Black Axe.

No. 67008 Kelly's flint edge temper black axe. In the manufacture of axes, the process of polishing is done with emery, which sometimes heats the steel. This is injurious to highly tempered steel and it is never safe to buy an extremely highly polished axe.

The best axes are those that have a dull finish, or better still are completely black. Of these the celebrated Kelly flint edge temper axe is the best made. These axes show the original temper color which is an absolute guarantee of the toughness and strength of the steel and the cutting edge is honed so that the axe is is ready for use when bought.
We recommend these axes to the trade and the consumer as the very best on the market. We have them in weights from 3¼ to 5 lbs. Price each....42c
Per dozen $4.90

Hunt's Axe.

FALLS CITY HANDLED AXE.

No. 67009 The Genuine Old Reliable Hunt's Axe. Northwestern pattern like cut. Weights are from 3 to 5 lbs.
Price, each $0.50
Per doz. 5.40

No. 67010 Falls City Handled Axe is a good axe with a good handle put in right. The axe is solid steel tempered by natural gas. The bevel blade will not become stubbed after grinding, will cut deep, and not bind in the timber and will burst the chip. This axe is not sold without handles. Weight of axe only from 3 to 5 lbs.
Price each, handled $0.56
Price per doz., handled 6.57

Handled Boys' Axes.

No. 67013 The Falls City Boys' Handled Axe is of the same high grade as are all Falls City axes. The handles are 28 inches, all White Excelsior and put in by workmen who know how an axe should be handled. The axe only (without handle) weighs about 2½ lbs. Price, each, handled... $0.41
Price, per doz., handled... $4.65

Hunters' Axes.

No. 67014 Kelly's Flint Edge Temper Hunter's Hatchet. This pattern is a favorite with hunters and trappers. The handle is 14 inches long. This Hunter's Hatchet is made from same material with the same care as our best grade axes. The bit is natural finish just as it comes from the hammer, and as it is very thin it can be kept in good condition for a long time with an axe stone. It weighs only 1½ lbs. with handle. Price, per doz. ..... $4.75; price, each, 42c

Double Bitted Axe.

No. 67016 Kelly's Well-known Double Bitted Perfect Axe. Same workmanship and material as No. 67007. Weights are from 3½ to 5½ lbs.
Price, each $0.70
Per doz 8.25

No. 67017 Kelley's Flint Edge Temper Double Bitted Axe. This axe is made of same material and in the same manner as the single bit axe. We have them in weights from 3½ to 5½ lbs.
Price, each... ..... $0.68
Per doz..... 7.60

Turned Axe Handles.

No. 67018 Common Quality Turned Axe Handle, 36 inches long. Price, per doz., $1.08; each, 10c
No. 67019 Standard Quality Turned Axe Handle, 36 inches long. Price, per doz., $1.62; each, 15c

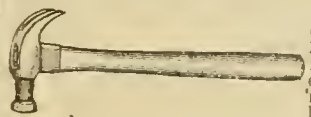
Price, each...	57c	52c	45c	40c



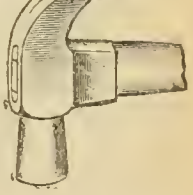
No. 67047 The Genuine David Maydole Nail Hammers. Adze-eye, bell-face, polished; hickory handle. Weights do not include handles.

No.	11	11½	12	13
Weight,	1 lb. 3 oz.	1 lb	12 oz	7 oz.
Price, each....	58c	51c	46c	42c

Bell-face hammers are rounded on the face. They do not slip from the head of the nail, and there are no sharp corners to mar the surface of the wood when nail is driven home.

Steel Nail Hammers.

The following Hammers, No. 67050 and No. 67051, are made from the best cast steel and are warranted against flaws and not to be soft. They are not so highly finished and polished as the higher priced goods, but for common use they give excellent satisfaction. Don't compare these hammers with cast iron goods like No. 67052. We tell you that No. 67052 hammers are no good and you will find them so. We tell you that these hammers are all right and you will not be disappointed if you buy one.



No. 67050 Adze Eye Plain-Face Cast-Steel Nail Hammer, warranted against flaws and not to be too soft.

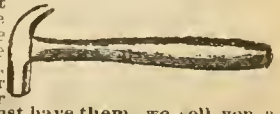
Cast-Iron Nail Hammers.



No. 67052 Cast Iron Hammers are strictly no good. We have a few of these hammers in stock which we would rather keep than sell to our customers. If you must have them, we sell you a light one for 7c, or a full size for 10c. You will be sorry if you buy one. Can't you afford to buy a first-class hammer at our prices for them? See how cheap they are.

CHISELS AND GOUGES.

CONDITIONS OF WARRANTY.

We warrant all chisels sold by us to be perfect when they leave the store, so far as the material and workmanship is concerned. If a tool proves too soft and bends on the edge or breaks in consequence of a flaw in the steel, and is returned to us within 30 days from date of purchase, a new tool will be given in exchange. If it is broken where the steel is sound, it will not be exchanged.

Buck's Chisels.

Buck's Chisels and Gouges have attained a reputation for excellence of their fine cutting qualities known everywhere. When you get a tool stamped Buck you are getting the finest tempered and keenest cutting tool that can be bought. Three generations have made the work of forging, hardening and tempering edge tools a practical life study, and now have attained a standard that cannot be excelled. All goods warranted against flaws and not to be too soft. Do not condemn the cutting quality of any new tool until you have ground it more than once, as you will often find a perfect edge on the second if not on the first grinding.

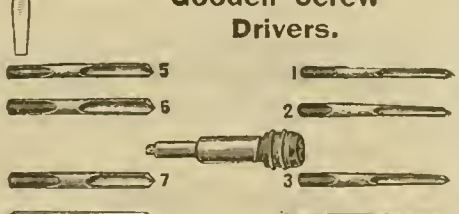
Reversible Automatic Screw Driver.

No. 67250 Goodell Reversible Automatic Interchangeable Screw Driver No. 22.

The Simplest, Most Compact. The Strongest and in every way the most Practical Tool for both driving and drawing screws automatically.

It has two separate and distinct spirals, each working entirely independent of the other; each furnished with three blades. Weight, 14 oz.
Price, each.....$1.25

Drill Attachments for Goodell Screw Drivers.



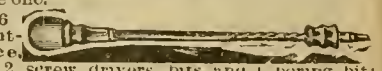
Drill Attachment for Goodell's Automatic Screw Drivers consists of a chuck and 8 drill points as shown in illustration. The chuck is same as is used on Goodell's Automatic Drill. The shank is steel-milled to fit the socket of the screw driver, for which it is intended. This attachment converts the automatic screw driver into an automatic drill.

No. 67251 Drill Attachment, Size 1, fits Goodell's Automatic Screw Driver No. 1. Our catalogue number, 67247. Price, for attachment only... 50c

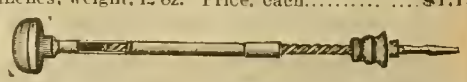
No. 67252 Drill Attachment, Size 2, fits Goodell's Automatic Screw Driver Nos. 2 and 22. Our catalogue Numbers 67248 and 67250.
Price, for attachment only.....55c

Reid's Lightning Braces.

These Braces are designed for boring and screw driving. They are very quick in their work, and as the power is applied on the top they may be used with great force. They may be used either automatically, running the bit both backward and forward, or to turn the bit one way only, as is necessary to drive a screw or bore a hole with an auger bit. This is done by means of the divided head, which acts as a fast and loose pulley, there being no ratchet about them to get out of order. Every mechanic should have one.

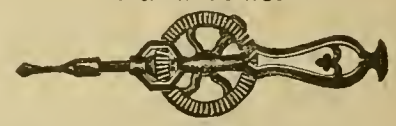


No. 67256 Reid's Lightning Brace, size 2, with 2 screw drivers, bits and 1 boring bit; length, closed, 12½ inches; length, extended, 21½ inches; weight, 12 oz. Price, each..... ....$1.18



No. 67257 Reid's Lightning Brace, Size 1 with 1 screw-driver bit. Length, closed, 15¼ inches, extended, 27 inches; weight, 1-lb. 10-oz. Each.$1.40

Hand Drills.



No. 67259 This Drill Stock is made of iron with rosewood handle. The chuck is made of brass and centers the drill perfectly and holds it securely. With each drill stock we furnish free of charge six superior drill points of various sizes. Weight, 8 oz.

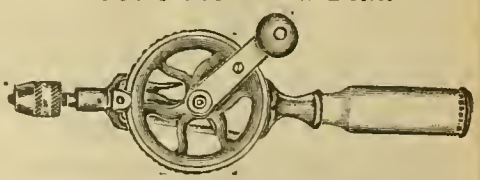
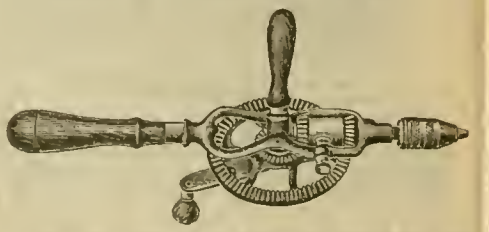
Our $1.40 Hand Drill.



No. 67267 The handle is of hollow brass, nickel plated, used as a receptacle drill for the points, each contained in a separate numbered compartment. Each drill is fitted with 8 fluted drill points. The frame is of malleable iron, strong and light. The large and small gears are both cut, and run smoothly without hitching. The steel chuck is a model one, with knurled nut, well finished, and three hardened steel jaws which will hold equally well the fluted drills in the handle, or any twist drill from 5-32 down to No. 80. Price, each.....$1.40
No. 67268 Extra Drill Points for above drill.
Per Set of 8 ..... 37c

Goodell's Two Speed Drill.



No. 67269 This Drill embraces features never before used upon tools of this character nod is unquestionably the finest ever produced. It has double gears, two speeds, and a chuck, with capacity to ⅜ inch, as noted below. Frame, malleable iron, japanned. Handle, polished hardwood, screw cap. Gears, cut teeth. Speeds, it has two speeds, changed by turning the nut on the frame marked "F" and "S." Chuck, three jawed, capacity 0 to ⅜ inch, has knurled nut, nickel plated, well made and accurate. Spindle runs in a hardened steel cone bearing. No drill points are furnished with this tool. Price, each $2.25

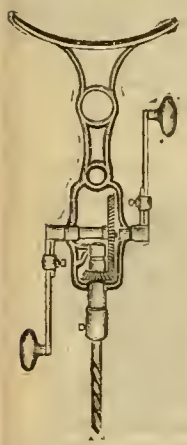
Automatic Drill.

No. 67272 Automatic Drill, made of brass, nickel plated, with 8 drill points. There is a receptacle for each drill in the handle, and but one drill need be taken out and that the exact size wanted, as each receptacle is marked with size of drill contained.
Price, each.....$1.20
No. 67273 Extra Drill Points to bit 67272 drill.
Price, per set of eight.....37c

Breast Drill.

We are herewith offering to the trade what we are confident is by far the most complete tool of the kind on the market. The cut shows all the general features; its special ones we enumerate as follows: It is double geared, one gear remaining idle and acting as an anti-friction bearing when the other is at work. All gears have cut teeth. It has two speeds and can be changed from fast to slow by turning the thumbscrew until the letter representing desired speed is nearest the chuck. The breastplate is adjustable and its position can be changed if desired. The chuck has two sets of jaws, one for square shanks and one for round shanks.
No. 67275 Price, each.....$2.25

Our No. 67462 Straight Shank Drills can be used with drills No. 67263, 67267, 67269 and 67275. In description of each drill we tell the largest drill that can be used.



Double Crank Breast Drill.

To meet the demand for a more powerful and more durable breast drill, we now offer this Double Crank Machine. It has very heavy cut gears, speeded about two to one, and double cranks, which are adjustable to any length, and by which the power and speed may be regulated as desired. The Breast Plate is twelve inches long, and curved to fit the shape of the body, thus preventing it from swinging around when in use. The hole in the spindle which receives the drill is one-half inch in diameter. We sell Twist Drills of all sizes with one-half inch shank to fit this machine. We also sell a chuck to fit it which will hold all round and square drills below ½ inch. See No. 67280 to 67283.
This is a tool which will stand very hard usage, and never wear out.
No. 67277 Price, each.....$4.25

Goodell Drill Chucks.

Realizing the great demand for a Drill Chuck of moderate cost and good quality, we take pleasure in offering one we are confident will meet all requirements. No Spanner wrench is required with this chuck. It can be tightened or loosened easily without one. The shank or spindle is arranged to receive a stud which, as the shell is turned, forces the jaws forward and tightens the chuck. The three hardened steel jaws are held apart by separating springs which draw the jaws back as the chuck is loosened. Well finished, strong, accurate. Fitted with ½-inch iron shanks, which fit any angular or blacksmith drills which take drills with ½-inch shanks.

No. 67280	Holds to $\frac{5}{32}$-inch, each	$ .89
No. 67281	Holds to ¼-inch, each	1.33
No. 67282	Holds to ⅜-inch, each	2.00
No. 67283	Holds to ½-inch, each	2.67

Bit Braces.

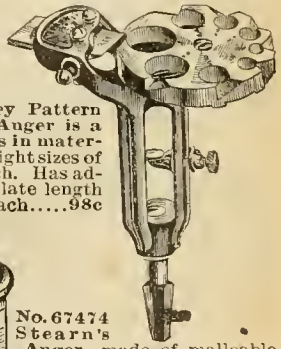
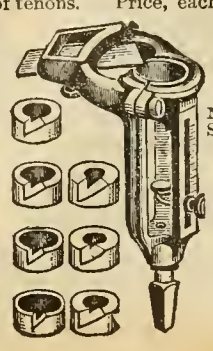
Patent Adjustable Hollow Augers.



No. 67472 Bonney Pattern Adjustable Hollow Auger is a tool that is first-class in material and finish. Cuts eight sizes of tenons from ⅜ to 1 inch. Has adjustable stop to regulate length of tenons. Price, each.....98c



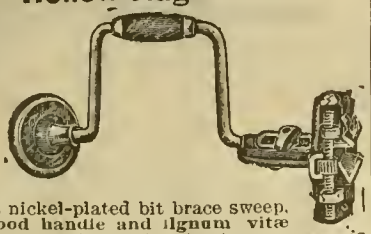
No. 67474 Stearn's Auger, made of malleable Patent Adjustable Hollow iron and nicely finished. The knife is made of the best tool steel, has adjustable stop, with scale for regulating length of tenon. It cuts eight sizes, as follows: ⅜, 7/16, ½, 9/16, 5/8, ¾ and 1 inch. Weight, 1 lb. 9 oz. No. 1, complete. Price, each.....$3.25

Stearn's Patent Adjustable Hollow Auger.

No. 67476 Stearn's Patent Adjustable Hollow Auger. Cuts any size tenon from ¼ to 1¼ inches; the pivoted jaws are provided with a graduated scale by which the size of the tenon is regulated. To secure required length of tenon a movable stop is operated upon a graduated scale, with rulings to sixteenths.

Price each.....$3.40

Goodell's Patent Adjustable Hollow Auger.



No. 67477 Goodell's Patent Adjustable Hollow Auger. This auger is an improvement on anything hitherto in use, as it has fitted to it a nickel-plated bit brace sweep, with rosewood handle and lignum vitæ head; sweep, 14 inches. As the brace sweep is fitted to it, it will always work true, which is not the case when the ordinary kind is used in an ordinary bit brace; besides it often happens that the bit brace on hand is not large enough to drive a spoke auger. The auger is adjustable to cut from ¼ to 1¼-inch.

Price, each, complete with sweep.....$3.25

Stearn's Patent Adjustable Taper Auger.

No. 67479 For cutting tenons on poles, shafts, whiffletrees, etc. From the peculiarity of its construction it may be adjusted to cut any taper, thus accommodating itself to the different makes of pole and shaft tips up to the regular 1-inch tip. Being made of malleable iron, it is a substantial and durable tool. Knife of best tool steel.

Price, each.....$2.00

Spoke Pointers.

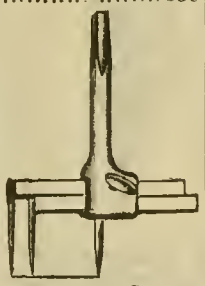
Stearn's Patent Spoke Pointer with graduated adjustable shaok. Points, 1⅞ inches in diameter.

No. 67482 No. 1, weight 12-oz. Price, each.....49c

No. 67483 No. 2, weight, 18-oz. (large).

Price, each.....83c

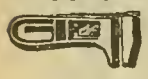
Washer Cutter.



No. 67490 Washer Cutter for Bit Brace. Extra fine steel knives, polished. Cuts any size washer with any size hole up to 5½ inches in diameter. Will save its cost in one year. Besides, with this tool you can cut washers just exactly the size you want them, and you can't always buy them the size wanted.

Price, each.....44c

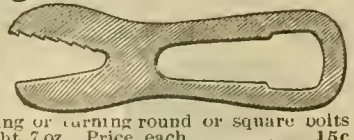
Pocket Wrenches.



No. 67491 Pocket Screw Wrench, all iron, tinned; whole length when closed, 3¾ inches. Takes nut ⅞ in. Weight, 7 oz.

Price, each.....5c

Alligator Wrenches.



No. 67493 Solid Cast-Steel Alligator Wrench. Length, 5¾ inches. Capacity, ¼ to ¾-inch; for holding or turning round or square bolts or nuts. Weight, 7 oz. Price, each.....15c

For other Alligator Wrenches, see index.

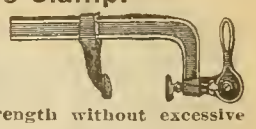
Eccentric Clamp.



This clamp is manufactured from the best quality of malleable iron; its main bar, or shaft, being double flanged upon each side, gives it the required strength without excessive weight.

The clamping arm, or jaw, is so adapted to the H shaft as to slide loosely upon it, or fasten immovably at any point the instant opposing pressure is brought to bear against it from the eccentric.

No. 67601 Eccentric Clamp.

No. 0 opens 2¼ inches.	Each	18c

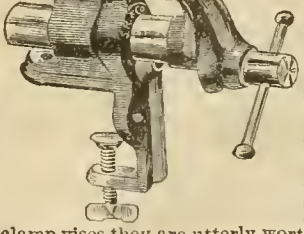
Light Clamp Vises.



A very important improvement in this vise consists in widening the clamp at its junction with the body of the vise and providing the same with two countersunk screw holes so in case the clamp is ever broken the vise can be attached to the bench by screws. In the ordinary style of clamp vises they are utterly worthless if the clamp ever breaks.

No. 67616 Clamp Vise with Anvil, has 1½-inch jaws, opens 1¾ inches; weighs 1¼ lbs.
Price, each.....25c

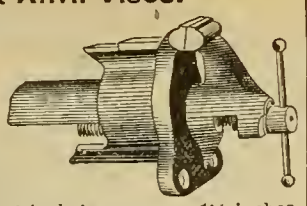
No. 67617 Clamp Vise with Anvil, has 1¾-inch jaws, opens 2 inches; weighs 2¾ lbs.
Price, each.....45c

No. 67618 Clamp Vise with Anvil, has 2-inch jaws, opens 2¼ inches; weighs 4½ lbs. Jaws and anvil face chill hardened. Price, each.....65c

No. 67619 Clamp Vise and Anvil, has 2½-inch jaws, opens 2¾ inches; weighs 9½ lbs. Jaws and anvil face chill hardened. Price, each.....$1.00

FOR HEAVY BLACKSMITHS' VISES SEE PAGES 842-854.

Light Anvil Vises.



No. 67620 This little vise is made in the finest manner. The body is japanned; the jaws and bar are accurately ground and polished; the screw and lever made from best polished steel. It does not have anvil as shown in cut. Has 1-inch jaws, opens 1¼ inches, weighs 5 oz. and is intended only for jewelers, dentists and similar light work. Price, each.....15c

No. 67622 Anvil Vise. This vise is made with 1½-inch jaws; opens 1¾ inches; weighs 1¼ lbs. Has anvil as shown in cut. It's one of the cheapest tools we have. Price, each.....17c

No. 67623 Anvil Vise. Made with 1¾-inch jaws; opens 2 inches; weighs 2¼ lbs. Has anvil as shown in cut. Price, each.....38c

No. 67624 Anvil Vise. Two-inch jaws; opens 2¼ inches; weighs 4 lbs. The jaws and anvil chill-hardened. Price, each.....47c

No. 67625 Anvil Vise. Has 2¼-inch jaws; opens 2¾ inches; weighs 9 lbs.; jaws and anvil chill-hardened. Price, each.....$1.00

No. 67626 Anvil Vise. Made with 2½-inch checked and tempered steel jaws; opens 2¾ inches; weighs 9 lbs. Chilled and hardened anvil. Price, each.....$1.20

Steel Stamps.

No. 67650 Steel Letters and Figures for stamping tools, etc. Mark your tools so you can always identify them. An alphabet consists of 26 letters, 1 period and 1 &. Sizes given indicate the length of letter which the stamp makes.

Size letter	1/8	3/16	1/4	5/16

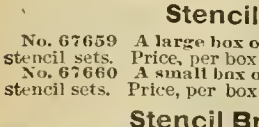
Stencil Ink.

No. 67659 A large box of Stencil Ink for above stencil sets. Price, per box.....29c
No. 67660 A small box of Stencil Ink for above stencil sets. Price, per box.....11c

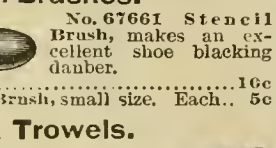
Stencil Brushes.



No. 67661 Stencil Brush, makes an excellent shoe blacking dauber.

Large size, each.....16c
No. 67662 Stencil Brush, small size. Each.. 5c

Brick Trowels.



No. 67700 Masons' Brick Trowel, London pattern, cast steel, polished.

Inches	10	11
Price, each	39c	49c

No. 67701 Rose Brick Trowel. The Genuine Philadelphia pattern, warranted.

Inches	10½	11	12
Price, each	$0.90	$1.00	$1.10

Pointing Trowels.

No. 67705 Pointing Trowel same shape as brick trowel, only smaller, cast steel, polished.

Size, inches	4	5	6
Price, each	16c	19c	22c

Plastering Trowels.

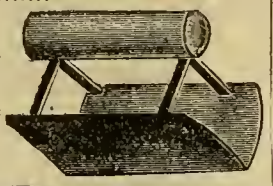
No. 67707 Plastering Trowel, cast steel, polished.

Inches	10	11	12
Price, each	39c	49c	64c

No. 67708 The Cincinnati Plastering Trowel, hand-made, spring steel extra quality, etched blades, walnut handle. Fully warranted.

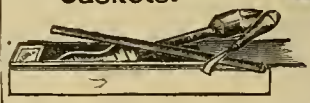
Inches	11	11½	12½
Price, each	0.95	$1.00	$1.10

Corner Trowels.

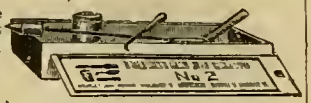


No. 67712 Corner Trowels, cast steel; length, 6 inches. Price, each.....49c

Soldering Caskets.



No. 67720 The Gem Soldering Casket consists of a small soldering copper, a scraper, a bar of solder and a box of rosin, all in a neat wood box with a sliding cover. Weight, 1 lb. Price, each.....34c



No. 67722 The Acme Soldering Set consists of a small soldering copper, a piece of wire solder and a box of powdered rosin, packed in a paper box with full directions for use in mending tinware, etc. Weight, 5 oz. Price.....8c

Soldering Coppers.

No. 67725 Soldering Coppers, with square points, for common use. When ordering give number wanted, but don't state weight.

No.	1½	2	3	4	5	6	8
Weight, lbs. each	¾	1	1½	2	2½	3	4
Price, each	15c	20c	30c	40c	50c	60c	80c

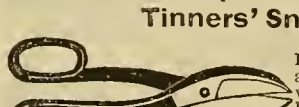
No. 67726 Soldering Copper Handles, basswood, with wire ferrules.
Price, each.....2c
Per dozen.....22c

Solder.

No. 67728 Tinners' Solder, strictly half and half; bars weigh from 1¼ to 1½ lbs.; please notice a bar costs from 18 to 21c. Price, per lb.....14c

Prices of metal are constantly fluctuating; we can't guarantee these prices on coppers and solder for the season. At all times we sell as cheap as as possible, and should there be an extreme advance we should write you before filling order.

Tinners' Snips.



No. 67730 Cast Iron Tinners' Snips, are suitable for those who only occasionally have use for tin snips; they cannot be sharpened and are not guaranteed; cut 3 inches; weight, 1¼ lbs.
Price, each.....31c
No. 67731 Cut 2½ inches.....21c
No. 67733 Tinners' Snips (The P. S. & W. No. 9), good enough for anybody; same as used by tinners everywhere, no cast iron about these goods; cut 3 inches; weight, 1¾ lbs. Price, each.....$1.03

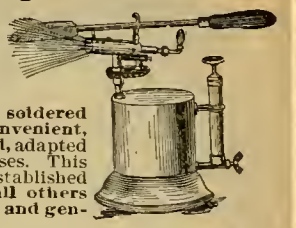
Tinners' Fire Pot.

No. 67736 Tinners' Fire Pot, with shaking grate; hinged hearth door. The only double damper, reversible flue, tinners' stove made. When the fire is well started shut the front damper and open the back damper. This gives a downward draft directly on the coppers, concentrating the heat where it is required.
Price, each.$1.96

Blow Pipe or Torch for Gasoline.

No. 67740 With this torch large or small flame can be used as desired. Made of brass, highly polished and lacquered. It is small enough to go in a tool bag, and is a favorite with electricians, painters, gas-fitters, plumbers, etc. Price, each.....$1.62

A Complete Tool for Soldering, Brazing, Burning Paint and Melting Metals.

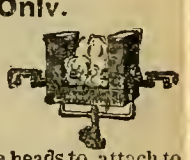


No. 67742 A complete tool for soldering, brazing, burning paint, melting metals; for heating soldering coppers, frozen pipes, heavy soldered joints, etc., etc. A convenient, durable, reliable tool, adapted for a hundred purposes. This Blow Pipe, with an established reputation, exceeds all others for strength, results and general excellence.
Price, each.....$2.75

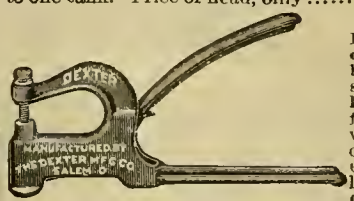
The Straight-Turner Brazer.

No. 67744 Brazer for brazing by gasoline. This is a portable brazer which may be placed anywhere in the shop and is put up complete, ready to start brazing. The burners are of improved construction and are built to generate a very high degree of heat and lots of it. Will braze any bicycle joint quickly and makes a clean, workmanlike job free from scale. The burners may be turned low, like a lamp when not in use, and a single turn of the valves brings on the full blast. The head is equipped with fire-brick, which increases and retains the heat. The tank is made of boiler steel, galvanized, and every one is tested to 150 pounds. The best working pressure for brazing is 25 to 50 pounds. Every brazer burned and thoroughly tested before shipping
Price, complete, including gauge.....$16.80

Brazer Heads Only.



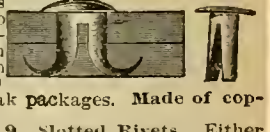
No. 67745 Brazer Heads Only. The heads are furnished separately from the tank, if desired. We are equipping factories with the Straight-Turner Brazer and giving the very best satisfaction. If you are not quite satisfied with the brazer you are using, order one of these heads to attach to old tank and you will have the best brazer made at small expense. Several heads may be connectet to one tank. Price of head, only.....$9.95



No. 67773 Riveting Machine uses Hollow Tubular steel rivets only. See No. 67774 for rivets to use with this machine. Farmers, stockmen, liverymen, draymen, teamsters, threshermen and millmen will find this little article a cheap and convenient tool. It will repair your harness or belting in the barn, field or shop without the use of other tools and thus save the time and expense of taking your mending to a repair shop. Harness can be mended on a nervous horse as there is no pounding to disturb it. Simply pulling down the lever punches the hole and completes the job. Weight, 3¼ lbs. Price, each.....37c

No. 67774 Hollow Tubular Steel Rivets, japanned for use with above or similar machines, put up in boxes containing 50 rivets, assorted lengths, from 3/16 to ½ inch long, suitable for general repair work on harness, etc. Price, per dozen boxes, 68c Per box.....6c

Slotted Rivets.



Slotted clinch Rivets are very popular, as no set or other tool is required except a common hammer. Put up in packages containing 100 rivets. We do not break packages. Made of coppered annealed steel.

No. 67775 Size No. 9. Slotted Rivets. Either 5-16, 6-16, 7-16, or 8-16. Only one length in package. Price, per package of 100 rivets, either length....10c
No. 67776 Size No. 9. Slotted Rivets. Assorted lengths. Price, per package of 100 rivets.....10c

Harness or Belt Rivets.

Size numbers refer to diameter, No. 8 being the largest. There are more burrs than rivets in each package. We do not break packages.

No. 67779 Coppered Steel Rivets and Burrs. Made of soft tough, steel, heavily coppered. Put up in packages of about 60 rivets with burrs. Size No. 8 only, assorted lengths. Price, per package.....6c

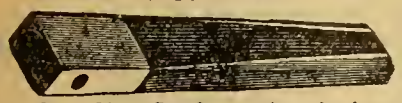
We sell Harness Mending Tools at lowest prices.

See pages 990 and 991. You can save their cost in a few days home mending.

Copper Rivets and Burrs.

No. 67780 Copper Rivets and Burrs. Size, No. 8, either ⅜, ½, ⅝ or ¾ inches long. Only one length in a package.
Price, per lb. package, 22c; ½-lb. package.....13c
No. 67781 Copper Rivets and Burrs. Size, No. 8. Lengths assorted from ⅜ to ¾ inches in each package. Price, per lb. package, 22c; ½-lb. package..13c
No. 67782 Copper Rivets and Burrs. Size, No. 9. Either ⅜, ½, ⅝ or ¾ inch long. Only one length in a package. Price, ½-lb package.....15c
Per 1-lb. package.....23c
No. 67783 Copper Rivets and Burrs. Size, No. 9. Lengths assorted from ⅜ to ¾-inch in each package. Price, per 1-lb. package, 23c; ½-lb. package.....15c
No. 67784 Copper Rivets and Burrs. Size, No. 10. Either ¾, ½, ⅝ or ¾-inch long. Only one length in a package. Per ½-lb. package.....16c
Price, per 1-lb package.....25c
No. 67785 Copper Rivets and Burrs. Size, No.10. Lengths assorted from ⅜ to ¾-inch in each package. Price, per lb. package 25c; ½-lb. package.....16c
No. 67786 Copper Rivets and Burrs. Size, No. 12. Either ¾, ½, ⅝ or ¾-inch. Only one length in a package.
Price, per 1 lb. package, 27c; ½ lb. package....17c
No 67787 Copper Rivets and Burrs. Size, No. 12. Assorted from ⅜ to ¾-inch in each package.
Price, per lb. package, 27c; per ½-lb. package..17c

Rivet Sets.



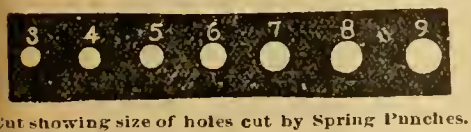
No. 67788 Rivet Set for setting the burrs on above rivets. No. 7 can be used for smaller rivets, but the No. 10 won't work on larger rivets. The sets are just right for the rivets of same number. Sizes either 7, 8, 9 or 10. Price, each.....11c

Hollow Drive Punches.

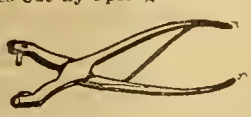
Cut showing size of holes cut by Drive Punches.

No. 67790 Hollow Drive Punches. Sizes numbered from 1 to 9. Weight, 4 oz. Any size, 1 to 5, price, 6c; any size, 6 to 9, each.....7c
Size 10, each.....8c

Hollow Spring Punches.



Cut showing size of holes cut by Spring Punches.



No. 67791 Spring Punch, for cutting holes in belts, harness, etc. Length, 6 inches; made of cast steel, polished. Tube sizes are 3, 4, 5, 6, 7, 8, 9. State size wanted. Weight, 13 oz. Price, each.....17c

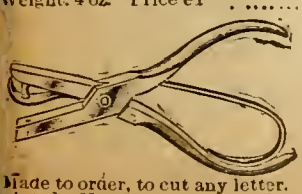
No. 67792 Revolving Spring Punch, with four tubes of different sizes. Weight, 14 oz.
Price, each..39c

No. 67793 Revolving Spring Punch, with six tubes of different sizes. Weight, 14 oz.
Price, each.....49c

No. 67794 Extra Tubes for Spring Punches.
Each.....7c
When ordering send old tube as sample or we cannot fill your order.

Conductors' Punches.

No. 67795 The Acme Steel Ticket Punch, for conductors, restaurant proprietors, milkmen, or anyone who has occasion to punch cards or tickets. Simple, durable, light, well made and heavily nickel plated. Hardened steel dies. Weight, 4 oz. Price each.....24c



No. 67796 Conductors' Punch. Cast steel, polished and nickel plated, assorted holes, used for punching cards, tickets, etc.
Price, each....50c
No. 67797 Conductors' Punch. Made to order, to cut any letter. Hand made, nickel plated. Not sent C. O. D., and cannot be returned if sent as ordered. Price, each.....$1.70

MACHINISTS' TOOLS.

IN THE FOLLOWING NUMBERS Will be found a very complete line of Machinists' Tools. Every tool listed under this head is made by a manufacturer who has established a most enviable reputation for producing accurate and reliable tools. Every tool listed under this heading is warranted accurate and satisfactory.

SOME PEOPLE STAMP THEIR NAMES on our tools, causing them to spring, and then write us they are defective. Stamping the name on them is the cause of their being "out." We cannot replace or exchange any tool on which a name has been stamped.

Starrett's Steel Rules.—English Measure.

Graduations. Our Rules are divided into parts of inches as follows:

No. 1 Graduation.
1st corner....10, 20, 50, 100
2d corner.....12, 24, 48
3d corner.....16, 32, 64
4th corner.....14, 28

No. 2 Graduation.
1st corner....10, 20, 50, 100
2d corner.....12, 24, 48
3d corner.....16, 32, 64
4th corner..... 8

No. 4 Graduation.
1st corner.....64
2d corner.....32
3d corner.....16
4th corner..... 8

No. 7 Graduation.

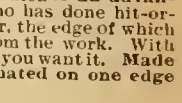
No. 67912 Metric; spring tempered. Each...32c

Starrett's Spring-Steel Desk Rules.

For Draughtsmen, Bookkeepers, etc.



These rules are thin, light and handsome, of spring-tempered steel, about 1-inch wide and ⅝ths inch thick, nicely finished and nickel plated. **One edge is sharply beveled,** so that ink won't stick to it. This prevents blotting the paper and smearing the fingers. The thinness of the rule brings the working edge close to the paper, which is **an advantage any one will appreciate** who has done hit-or-miss ruling with a common ruler, the edge of which stands up a quarter of an inch from the work. With this you draw the line just where you want it. **Made both plain and accurately graduated on one edge in 16ths of an inch.**
No. 67915 Not graduated.
No. 67916 Graduated.

Length.	Price, each, not graduated.	Price, each, graduated.
12-inch.....	43c	$0.65
15-inch.....	65c	.95
18-inch.....	85c	1.20

Starrett's Patent Key-Seat Rule.

The improved feature in this Rule consists of a device for holding two straight edges in the form of a box square (or key-seat rule) securely together.

One of said straight edges is a spring-tempered scale, with one edge beveled, graduated in 8ths, 16ths, 32ds, 64ths, the other a plain straight edge with two or three clamps (according to its length) which are operated by knurled eccentrics clamping corner and edge of straight edge and scale together; thus, not only allowing the scale to be used as such, independently from the other part, but being in two straight pieces admits of being made from spring-tempered stock and accurately ground, also of inserting in place of the regular width rule, a narrow auxiliary one, adapting it for use on very small shafts, etc.

No. 67920 PRICES.

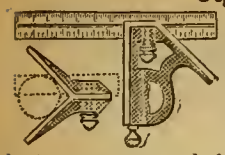
9-in. with auxiliary straight edge, graduated.. 3.85

Starrett's Patent Combination Square.



Every tool warranted accurate. With the adjustable scale, this forms one of the most convenient and useful tools ever devised for mechanics' use. One is a complete substitute for a whole set of common try squares, and is one of the best gauges ever made for transferring exact measurements or laying out work. It is also convenient for a depth gauge, or to square in a mortise. For a mitre it is perfect, while with the auxiliary center head it forms a centering square, both inside and outside, which for convenience and accuracy has no equal.

No. 67922 4-in., without center head or level. $0.53

60 C. M., with center head.... 2.35, without. 2.05

Starrett's Special Standard Square.

No. 67925 This square is similar to No. 67922, but is larger and heavier. It is designed for the use of manufacturers who desire to keep a reliable standard. No center head is made for this tool; 18-inch, blade 1½ inches wide, ⅛ inches thick, 8¼-inch stock. Price, each..... $3.50

Starrett's Improved Bevel Protractors.

An adjustable rule, held firmly at any point by a thumb nut, passes through a revolving turret which is nicely graduated in degress from 0 to 90, both right and left, and can be accurately adjusted to show any angle.

A valuable auxiliary is made in the shape of a small level to be attached in the place of the rule removed, forming an adjustable level to show any degree, thus greatly increasing the usefulness of the instrument. The head is 7 inches long.

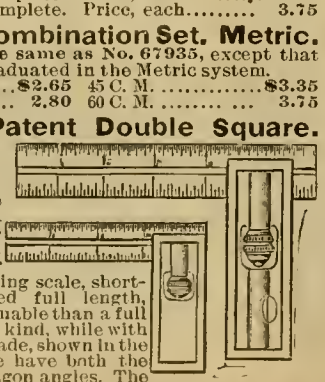
Starrett's Patent Double Square.



Warranted Accurate.

This square is conceded the most practical one for machinists' and fine tool makers' use ever offered. The sliding scale, shortened or extended full length, makes it more valuable than a full set of the common kind, while with the extra bevel blade, shown in the following cut, we have both the hexagon and octagon angles. The seat against which the blade is clamped being convex, should corners of the blade get injured, the accuracy of the square is not affected.

No. 67940

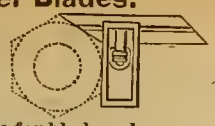
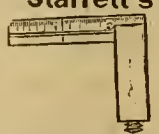
Starrett's Bevel Blades.



No. 67941 This cut represents the 4-inch and the 6-inch double square, with hexagon end of blade applied. Reverse it and the octagon is in position for use. Bevel blades are made to fit only 4-inch and 6-inch sizes. Price is for blade only.

Price. 4-inch.....44c 6-inch.....45c

Starrett's Double Steel Square.



This cut represents a double solid steel square, with our patent 2½-inch sliding scale, and is especially designed for fine toolmakers. The rule being narrow and instantly adjusted to any length, however short, allows it to be used where it would be impossible to use any square with a fixed blade. Fitted to go with this stock, we make not only a bevel blade, shown with our 4-inch double square (67941), but a very narrow straight one, about ⅛-inch wide, highly prized by die-makers for squaring small holes, both of which blades will be sent with the square when ordered, at prices named below.

Starrett's Patent Inclinometer.

This cut represents an inclinometer, try square, and bevel protractor combined. It is compact, convenient, and a complete and perfect substitute for several costly tools. It consists of a cast steel stock and disc, both slotted to receive the blade, which folds in the stock. The blade attached to the graduated rotary disc may be secured at any angle from 0 to 90 degrees, and by loosening the clamp screw it may be shortened or extended full length, or removed for a straight edge. The working face of the stock, extending both sides of the blade, admits of its being reversed, so that the same angle may be laid off in opposite directions without changing the angle in the tool, thus requiring but ¼ of a graduated circle to obtain all angles both ways. At 90 degrees, the blade brings up against a case-hardened screw, accurately adjusted, thus forming a try square; by holding the blade perpendicular (the level in the stock being at right angles), a plumb; by folding the tool, a level length of blade. Open it to any degree, and work may be leveled to that incline.

No. 67950 PRICE LIST.

With 12-inch blade.....$4.40
With 18-inch blade..... 5.30
With 24-inch blade..... 6.20

Starrett's Reliable Try Squares.

The following cuts represent a new line of Try Squares, handsome in design, light and convenient. The blade is not riveted or soldered to the stock, but is firmly held by our patent bolt or nut, by means of which the tool can be readily taken apart, and when worn the blade and stock can be reground or lapped, and put again together as good as new.

With hardened jaw, extra, $1.35.

Starrett's Micrometer Caliper Square.

For Outside and Inside Measure.

THIS INSTRUMENT IS INVALUABLE,

As it enables one to enlarge or decrease work one or more thousandths from that calipered, and fills the bill for both a first-class caliper square and micrometer of large scope and quick adjustment. The jaws are 1⅝ inches long, hardened, and open 4 inches. One side of the beam is graduated in 64ths and the other in 40ths; and either side may be used as a common caliper square, or, through the micrometer, to show 1,000ths full length, on either inside or outside work. This is done by first setting the indicator mark on the movable jaw to agree with any division nearest the size wanted. Fasten it there, slack binding clasp and turn the micrometer nut to agree with indicator mark on the clasp; now tighten this, slack movable jaw and turn micrometer nut, counting 1,000ths, adding or taking from the division shown on beam at the starting point.

AN EXCELLENT FEATURE OF .....THIS INSTRUMENT

Is the Spiral Spring between the Jaw and Clasp, which not only takes up all Backlash, ... but limits the pressure against the work to strength of spring. This is instantly felt through released pressure on the nut, and prevents springing the jaws, thus calipering to a nicety.

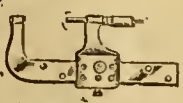
Starrett's U.S. Standard Metal Plate Micrometer and Weight Indicator.

This Micrometer was designed at the request of a number of prominent metal plate manufacturers, wanting a gauge to enable them to measure and show the indicated weight of metal plate, as required by the law taking effect July 1, 1893, requiring all gauges of iron plates to be of a certain thickness and weight per surface foot. This micrometer nicely fills the bill, and should be universally adopted by all who manufacture or handle metal plates, and so save annoyance and confusion inseparable from using uncertain gauges. By this micrometer and weight indicator, the measure as fine as .1280 or $\frac{1}{8}\frac{1}{0}$ of an inch up to 1 inch, and the weight from ½ ounce up to 40 pounds, the standard weight for a plate 1 inch thick, are shown. The numbers and figures on the frame, in connection with graduations upon stem and sleeve, will show the above results when read according to the directions sent with each indicator. This micrometer has the improved features of our No. 67966 speeded closed screw, barrel, and locking device.

No. 67990

Price $5.85
Price, in leatherette case 6.30

Starrett's Patent Six-Inch Micrometer.



This Micrometer will measure round work to 4¼ inches, and flat work to 6 inches. It weighs 21 ounces, and is rigid and accurate. It can be quickly set to exact position, from 1 inch to 6 inches, by inserting the tapering plug. A valuable feature of this tool is a set of six independent holes through both the movable part and the beam, each hole being bushed with hardened steel bushing, ground and lapped to fit the tapering plug which locates to exactness the various inch settings. No. 67992

Price $20.00
With leatherette case, extra 1.50

Starrett's Adjustable Caliper Cuage.

Designed for internal measurements of large cylinders and of distances between uprights. The body of the tool is a steel tube provided with a binding chuck on each of its ends. Into one end is clamped a plain rod, that, when the chuck is loosened, can be quickly adjusted to any approximate size. Into the other end is screwed a threaded anvil for fine adjustment. To set the gauge, loosen the chuck that clamps the wire rod, slide the rod out or in to the required size, and clamp it. If not quite correct, loosen the chuck on the opposite end and turn the anvil out or in what little is needed. Made from steel throughout, and nicely finished. No. 67996

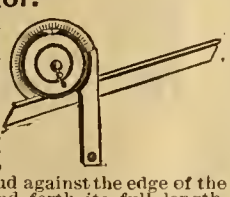
3-in. with two rods, capacity from 3 in. to 6¾ in. $0.90
6-in. with three rods, capacity from 6 in. to 16 in. 1.10
The diameter of the steel rods is $\frac{1}{16}\frac{5}{6}$ inches.

Starrett's Micrometer Caliper Cuage.

Designed for close internal measurements, indicating thousandths where a definite distance in inches is not essential. The body of the tool is a steel tube, provided at one end with a binding chuck in which are fastened the plain rods, and it can quickly be adjusted to any approximate size. The other end has sleeve and body of barrel marked and graduated same as our Micrometer Caliper, giving a reading in thousandths, and has ¼-inch movement of screw. Anvil in end of sleeve is hardened, as are those in ends of rods.

No. 67997 Capacity, 2½-inch to 10-inch (with five rods) $1.80

Starrett's Universal Bevel Protractor.

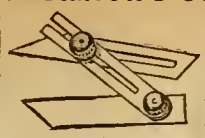


This tool weighs six ounces. The blade is 7 inch by ½ inch, the stock 4 inches long, and both are made from sheet steel, nicely finished. The disc is graduated in degrees from 0 to 90 each way, and rotates the entire circle on a central stud inside the case. The blade (clamped by an eccentric stud against the edge of the disc) may be slipped back and forth its full length, or turned at any angle around the circle and firmly clamped at any point, adapting it for work in positions where others cannot be used, and rendering the common universal bevel (for transferring angles) unnecessary. One side of the stock being flat, makes it a convenient tool for laying on paper in drafting, etc., and it has double the utility of any other tool of the kind.

No. 67998

7-inch $4.50
12-inch 5.40
With both 7 and 12-inch blades 5.85
In leatherette case, 7-inch, 75c extra; 12-inch, $1.00 extra.

Starrett's Combination Bevel.

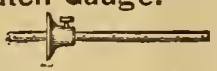


This Bevel, as will be seen has a stud riveted in the straight-edge stock or head, on which its split blade is hinged, so as to swing over the stock, and by the knurled nut clamped at any angle, adapting it for laying out work, in a very simple manner. The slotted auxiliary blade with clamp bolt, may be slipped on to the split blade and be clamped at any desired angle and used, in combination with the stock of the other, for laying out work, measuring, or showing any angle desired, and, when so combined, will lie flat upon its work.

No. 67999

Price, 6-inch $1.70

Starrett's Scratch Gauge.



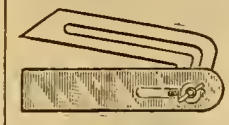
This Gauge is made of steel with hardened cast-steel head. Through it is a split bushing, against which the set screw acts to hold it firm. The beam is graduated in either 50ths or 64ths of an inch. The marker is a thin, square piece of steel, nicely tempered, which is firmly held against the end of beam, presenting four marking points.

No. 68000

	Graduated.	Not Graduated.
5-inch (beam $\frac{1}{16}$ in.)	$0.88	60c
6-inch (beam $\frac{1}{8}$ in.)	1.10	70c

Unless otherwise ordered, we shall send those graduated in 64ths. Two extra cutters will be sent with each gauge, fastened to the case. They should last for years.

Starrett's Universal Bevel.



Improved features: The set-off in the blade increases its capacity and usefulness for bevel-gear work, etc., so that any angle, however slight, may be obtained. Another valuable feature is, one edge of the case being solid, forms a rest directly under the blade, where thin templets may be placed and accurately fitted.

No. 68002

Price, 3-inch $1.20

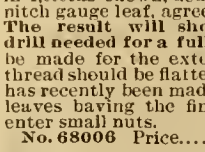
Starrett's Improved Bevel.

The advantages of this Bevel over any other tool of this kind made, consists in its having not only the blade slotted but the stock as well, through and through, thus admitting adjustments that cannot be obtained with a common bevel. The clamping screw head, which the cut does not show, is let into a rabbet flush with the surface of the stock, which will lie flat on the work.

No. 68004

6-inch $1.15
9-inch 1.35
12-inch 1.60

Starrett's Improved Screw Pitch Gauge.



This Gauge has twenty-two pitches, viz.: 9, 10, 11, 11¼, 12, 13, 14, 15, 16, 18, 20, 22, 24, 26, 27, 28, 20, 32, 34, 36, 38, 40. This is the only gauge made that can be used inside a nut as well as on the outside of a screw or bolt. A late improvement in our Screw Pitch Gauge consists in stamping on each leaf decimals, showing the double depth of thread on said leaf, and this, of course, equals the depths of threads on the two sides of a tap having the same pitch, and helps the workman to determine the size of drill needed to drill the hole the right size to leave a full V thread for a tap having the same pitch. To do this, caliper with a micrometer over the threads of the tap and from its size in 1,000ths shown, deduct the decimals given on the pitch gauge leaf, agreeing with the pitch of the tap. The result will show in 1,000ths the size of drill needed for a full thread. An allowance is to be made for the extent to which it is desired the thread should be flattened. A further improvement has recently been made in reducing the width of the leaves having the finer pitches, so that they will enter small nuts.

No. 68006 Price 88c

Starrett's Screw Pitch Gauge.

26 Pitches, 32 to 82.

Of the same form as our No. 68006 Screw Pitch Gauge, for inside and outside work. Has the following pitches: 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82.

No. 68008

Price, each $1.15

Starrett's Bicycle Screw Pitch Cuage.

Has 22 pitches. Similar in design to No. 68006. It is made for the use of bicycle manufacturers, electricians, and others using screws with fine V threads. It has the following pitches: 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74.

No. 68010 Price 90c

Starrett's Screw Pitch Gauge.

24 Pitches, 4 to 30.

Has the following pitches, 4, 4½, 5, 5½, 6, 7, 8, 9, 10, 11, 11½, 12, 13, 14, 15, 16, 18, 20, 22, 24, 26, 27, 28, 30. The teeth are sharp and clean cut. Like our No. 68006 and No. 68008, it can be used inside of a nut as well as on outside of a screw or bolt. It is also a convenient and reliable tool to use as a 60-degree center gauge and gauge to test the grinding of either an inside or outside threading tool.

No. 68012 Price $1.15

Starrett's Screw Pitch Gauge.

30 Pitches, 4 to 42.

No. 68014 Of the same form as our No. 68012 Screw Pitch Gauge. Has the following pitches: 4, 4½, 5, 5½, 6, 7, 8, 9, 10, 11, 11½, 12, 13, 14, 15, 16, 18, 20, 22, 24, 26, 27, 28, 30, 32, 34, 36, 38, 40, 42.

Price $1.35

Starrett's Whitworth Screw Pitch Gauge.

20 Pitches, 4 to 30, for Whitworth Standard Thread only.

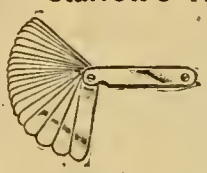
No. 68015 Has the following pitches: 4, 4½, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 16, 18, 19, 20, 22, 24, 25, 26, 28, 30, 32, 40, 48, 60. Price $1.15

Starrett's U. S. Standard Screw Pitch Gauge.

This gauge has 25 pitches, viz.: 2¼, 2⅜, 2½, 2⅝, 2¾, 2⅞, 3, 3¼, 3½, 4, 4½, 5, 5½, 6, 7, 8, 9, 10, 11, 12, 13, 14, 16, 18, 20. Also a center gauge with coarse and fine notch.

No. 68016 Price $1.35

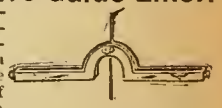
Starrett's Thickness Gauge.



This Gauge has 22 leaves, varying in thickness by thousandths, running .004 to .025. The thickness of each leaf is designated by the number upon it. Each leaf may be used singly or in combination with others, and any thickness in thousandths within their limits may be quickly obtained. The leaves fold within the case, which is 2¾ inches long, a convenient size to carry in the pocket.

No. 68018 Price $1.15

Starrett's Locomotive Guide Liner.

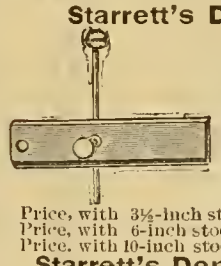


This instrument was devised after many urgent requests from intelligent mechanics, there having been nothing of the kind on the market. The lightness of this tool, combined with strength and accuracy, together with an adjustable level to each end, adapting it to be used either side up, and the convenient way of adjusting the pointer, all go to make it just the thing needed. Length over all, 14 inches; span of arch, 3½ inches.

No. 68020

Price $2.25

Starrett's Depth Gauge.



The wire in this gauge is held to a groove by a friction spring inside the nut while adjusting, and may be used close to the end as well as in the middle of the straight edge. By loosening the nut the gauge may be neatly folded.

Starrett's Improved Speed Indicator.

This is a nicely made and finely working indicator. The working parts are inclosed like a watch, and as well made. The graduations show every revolution, and with two rows of figures read both right and left, as the shaft may run. While looking on the watch each hundred revolutions may be counted by allowing the oval-headed pin on the revolving disc to pass under the thumb as the instrument is pressed to its work. The dial is locked to a revolving stud—a slight thumb pressure and twist on the knurled eccentric releases it so that the indicator mark may be readily moved and locked to agree with the starting point, thus saving the necessity of turning the instrument to bring it there. The instrument is nickel plated, and has a rosewood handle, so that it will not heat the fingers when run at high speed. Has our new rubber tips for both pointed and hollow centers.

No. 68027

In pasteboard box $1.35
In leatherette case 1.80

Starrett's High Speed Indicator. With New Rubber Tips.

For Pointed and Hollow Centers.

This indicator may be run at highest speed required without heating, and this is on account of our frictionless-bearing against which the inner end of the spindle revolves (for which patent is pending). The working parts of this instrument are encased, and the dial plate has two rows of figures, reading right or left, as the shaft may run. The inner plate is frictionally clamped to the revolving gear by a checked wafer head screw. By a pressure and twist with the thumb the plate is loosened, when the O mark may be instantly moved to agree with the starting point, thus saving time revolving the spindle to bring it there.

An important improvement which we now apply to all of our speed indicators, consists in substituting for the hardened steel pointed spindle and split caps, rubber tips for both pointed and centered shafts, which not only remove the jar and run smoothly, but produce a stronger frictional contact between the shaft and the instrument.

No. 68029

Price of High Speed Indicator complete.....$0.88
Same in leatherette case..... 1.35

Starrett's Registering Speed Indicator.

This instrument was devised to automatically register hundreds as well as units and tens, and thus relieve the mind from keeping tally; also to furnish a better registering indicator at a more reasonable cost than heretofore. **The instrument will register 5,000 revolutions.** The large dial is graduated into one hundred lines, each one representing a revolution of the spindle. The small dial has fifty lines cut upon its face, each representing one hundred revolutions of the spindle (or one complete turn of the large dial). **A spring finger-trip** attached to the case engages with one of the lines in the small dial and holds it from revolving until the large dial makes one complete turn, when the trip-pin, passing under the spring-trip, lifts it, and the dial is frictionally carried along by the large plate one line, thus showing that one hundred revolutions of the spindle have been made. The instrument has a hard-rubber handle, making a safe insulator when used on electrical machinery. It has our new rubber tips for both pointed and hollow centers.

Price, sleeve alone..... .85

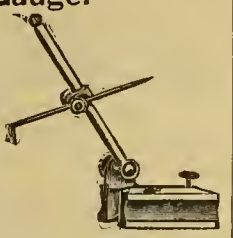
Starrett's Universal Surface Gauge.

This Gauge has the following improved features, viz.: a joint at the base which allows the spindle and scriber to be moved back and forth and placed in any position from upright to horizontal to reach over back of and under work that could not be got at with old-style gauges, while by inclining the spindle over the work its scope for long reach is increased. **The fine adjustment is nicely obtained by the knurled screw in the rocking bracket at the base acting against a stiff spring under the opposite end,** while the joint above with the spindle may be set and rigidly held in any position desired. **Two pins through the base,** frictionally held, may be pushed down by slight pressure to form a bearing to work from the edge of, or in the slots of, the planer bed for lining up the work, while the weight of the gauge against the bed with a little pressure is sufficient to push them back. Grooves around these pins, against which a pointed spring plunger presses, insures their being held in place either up or down. Concaved depressions milled in the sides of the base make it convenient for thumb and finger to grasp. This gauge is furnished with our improved sleeve, which rigidly holds the scriber. **The gauge is nicely made in two sizes,** with spindles of extra length to order.

No. 68039

9-inch.....$2.25
12-inch..... 2.70
With two spindles, 12 and 18-inches..... 3.15

Starrett's Tool-Makers' Universal Surface Gauge.



This little tool fills the bill for a gauge adapted for light work. It is made on the principle of our new No. 68039. The base is steel, nicely finished and **case hardened,** with depressions milled in the sides for the thumb and finger to grasp. The top side of it is slotted, and the rocking bracket is pivoted in the same. **There is a stiff spring** under one end of the bracket and a knurled adjusting screw in the other; the spindle joined to this may be **set and rigidly held in any position from vertical to horizontal,** and the scriber placed in position to be used below its base for depth gauge, or (with bent end down) a scribing gauge. It weighs but 11 ounces and is 5 inches high, and, folding the spindle (which is four inches long) horizontally over the base, it may be packed in 1⅜x1½x4 inches space in the tool chest. **An auxiliary guide-piece is furnished to clamp to the base.**

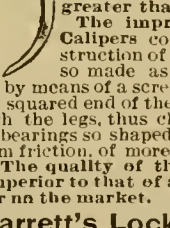
8-in....	.68	20-in....	2.15	
10-in....	.76	24-in....	2.55	



The above sizes refer to the length of the Calipers. Their capacity is about one-third greater than the size given.

The improvement in these Calipers consists in the construction of the joint, which is so made as to be drawn together by means of a screw forcing a washer on to a squared end of the main rivet, which extends through the legs, thus clamping them together between bearings so shaped as to insure a smooth and uniform friction, of more or less tension, to suit the user. **The quality of these Calipers is incomparably superior to that of any old style riveted-joint caliper on the market.**

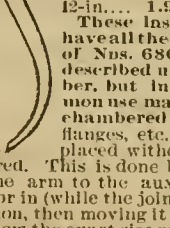
10-in....	1.70	24-in....	3.65	
12-in....	1.92			



These instruments not only have all the excellent features of Nos. 68048 and 68049, as described under another number, but in addition to common use may be used inside of chambered cavities, over flanges, etc., removed and replaced without losing the size calipered. This is done by loosening the nut binding one arm to the auxiliary leaf and swinging it out or in (while the joint is locked) to clear the obstruction, then moving it back again a stop, where it will show the exact size measured. **The sizes given** refer to the length of the calipers, but the outside ones will caliper a cylinder 20 per cent. larger than their length, and the inside calipers will open nearly twice their length.

These cuts represent long-needed tools—namely, simple, light, low-priced and reliable calipers of wide scope for both inside and outside work, that can be instantly adjusted to their full extent and as quickly locked firm in the joint and ye **Outside.** provided with a sensitive adjust ment. The improvement consists, first, in a **Inside** socket joint made tapering and locked or released by a partial turn of the knurled disc drawing it together. **A spring washer under the disc maintains an easy friction in the joint when unlocked.** To further describe, in the under side of short arm is a slot containing a stiff spring. **Riveted into the middle leg and projecting through an opening in the arm is a threaded stud on which is a knurled nut having a beveled hub—this bears against a cone in the arm**—the action of the spring holding them together turning the nut, presses them apart and adjusts the leg when the joint is locked. **The spring taking up all backlash, the legs are firm.**

Starrett's New Firm-Joint Hermaphrodite Calipers.

No. 68050 These Calipers have our adjustable point, as well as the improved firm-joint, which has made our No. 68044 Outside and No. 68045 Inside Calipers deservedly popular among mechanics. This joint, with its smooth and uniform friction, is incomparably superior to the old style riveted joint.

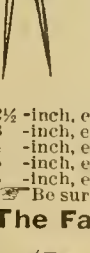
The Fay Patent Spring Dividers.



These cuts represent The Fay Spring Divider with new quick-adjusting, automatic closing spring nut, a critical examination of which will at once show its superiority over all others on the market. Its use will save much valuable time in opening and closing spring-bow calipers and dividers. They are also made with a solid nut.

Starrett's Improved Extension Divider.

No. 68078 This is a well-made, nicely finished Divider, with auxiliary caliper legs, which, together with a common pencil, form convenient combinations. **Our patent locking nut between the arms, against which a spiral spring acts, is a valuable feature.** After the fine adjustment is made, the nut may be turned back, locking spring and arms firmly, thus remedying the weak point which renders the common wing divider only as stiff as the adjusting spring. **A full-threaded nut on the stud,** through which the quadrant passes, is a more durable fastener than two or three threads tapped in the arm to hold the wing of the old style. **The head and arms of this tool are made from the best malleable iron the rest of steel.** The points are hardened and warranted first-class. The smallest size is 7 inches by adjustment of points becomes 9 inches, and will scribe a 22-inch circle; will caliper 11 inches outside and 13 inches inside. The second size is 9 inches, by adjustment of points becomes 12 inches, and will scribe a 30-inch circle, and caliper 14 inches outside and 16 inches inside.

7-inch, with divider legs only..... 1.10
9-inch, with divider legs only..... 1.25
7-inch, complete..... 1.95
9-inch, complete..... 2.15

Starrett's Improved Bronze Divider.

Nickel Plated.

The head and socket legs of this tool are made from drawn (not cast) bronze metal, and are hard, tough, strong, finely finished and nickel plated. The joint is **large and firm.** Out patent locking nut between the arms, against which a spiral spring acts, is a valuable feature. After the fine adjustment is made, the nut may be turned back, locking springs and arms firmly, thus remedying the weak point in the common wing divider, which is only as stiff as the adjusting spring. The quadrant is fastened by our improved method. **A common pencil fits either socket leg,** while an auxiliary holder fits reversed end of either short point for an extension. The head, with short point, is 8 inches long; may be extended 2 inches more; will caliper 10 inches outside and 12½ inside. With short points will scribe a 24-inch and with long points a 34-inch circle.

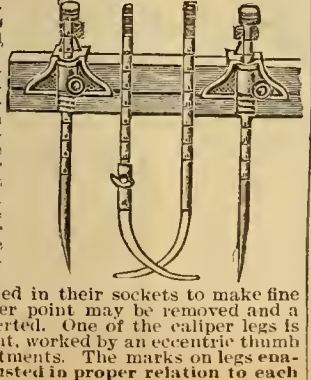
No. 68080 With short points only. Price..$1.65
Price, set complete..... 3.00

Ball Points.

No. 68081 For use with No. 68078 or No. 68080 Dividers and No. 68084 and No. 68083 Trammels. This attachment consists of four balls, of 1⅛ inch, 1 inch, ¾ inch, and ½ inch diameter respectively, and a holder which fits either divider leg or trammel head. It is used to form a seat for the divider leg in describing circles around a hole.

Price, complete, 4 balls and holder.....$1.10
Price, either ball or holder..... .20

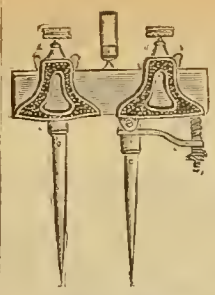
Starrett's Extension Beam Trammels.



The accompanying cut represents a pair of Trammel Heads, with an opening on the under side to accommodate the extension, giving width and stiffness in proportion to the length required for large work, while it is equally well adapted to receive a narrow beam for light work. **The points are eccentric,** and may be loosened and rotated in their sockets to make fine adjustments. Either point may be removed and a common pencil inserted. One of the caliper legs is provided with a joint, worked by an eccentric thumb piece for fine adjustments. The marks on legs enable them to be adjusted in proper relation to each other.

No. 68083

Complete.....$2.90
Without caliper legs..... 2.20

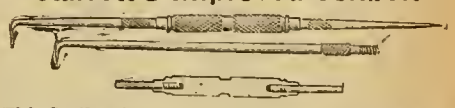


Starrett's Improved Trammel Points.

Made of bronze metal, with forged steel points, hardened. **Either point can be removed,** and the pencil socket accompanying each pair put in its place. Adjustable like spring dividers. Light and durable.

No. 68085 With 3-inch points, adjustable.
Price.....$2.25

Starrett's Improved Scriber.



This Scriber is made for mechanics who want a better thing than has been heretofore obtained. These points are made of a fine grade of steel, nicely tempered. The knurled stock is of sufficient size to be easily held without cramping or turning in the fingers. The long bent point will be found a valuable auxiliary for reaching through holes, etc. Length, with short bent point, 9 inches; with long point, 12 inches. **All parts are interchangeable. The knurled sleeve is nickeled.**

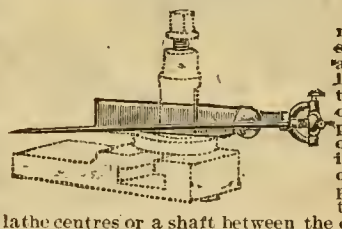
No. 68087 Complete.....39c

Starrett's Improved Adjustable Sleeve Scriber.

The Knurled Sleeve has hole clear through and a clamplug device at each end, adapting it for slipping on or off different tools, securely holding them near to or away from the working point. The knurled sleeve is nickeled. **This scriber is made in two lengths,** 8 inches and 12 inches. Tool-makers will find the small size more desirable for general use, and the larger one for heavier work. For pattern-makers a Knife Scriber, made of a fine grade of steel, is supplied as an auxiliary.

No. 68088 Either size, with knife point.....60c
The 8-inch, being the more popular size, will be sent, unless otherwise ordered.

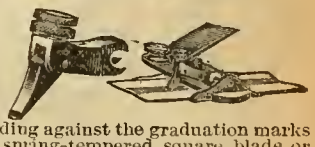
Starrett's Centre Tester.



This instrument was designed to use in adjusting and locating centrally any point or hole in a piece of work operated upon in a lathe chuck or on a face-plate; also to test the truth of lathe centres or a shaft between the centres, the instrument being held in the tool post. **The Tester is of improved design and nicely made.** The indicating needle passes through the ball, having a split stem, forming a chuck for holding the needle adjusted to any desired length. The ball is pivoted to form a universal joint, but may be instantly converted into a single joint for a tilting motion by only tightening the knurled nut, adapting it for both inside and outside surface contact. **A steel bead,** not shown in the cut, and carried on the needle, slips over the point of same when used for inside work. The instrument is joined to a tool-post shank by a flexible steel ribbon with sufficient spring to properly hold the needle in contact with the work. **It is a tool needed in every up-to-date tool-room.**

No. 68089 Price.....$2.25

Starrett's Section Liner.



This cut shows the Section Liner plainly. This is hinged to the clasp connected with jointed blade. Its hardened-steel dog feeding against the graduation marks in the center of spring-tempered square blade or straight edge moves it with uniform evenness as fine or coarse as desired, the throw being regulated by turning the adjusting nut. It should be understood that the Section Liner can only be used in connection with our graduated T square blades and combination straight edges, etc. **With these it is a wonderful help to the draughting fraternity.**

No. 68090 Price, each.....$2.25

Starrett's Nickel Plated Pocket Levels.

No. 68091 2½-inch, 35c **No. 68092** 3½-inch, 36c

READ THE DESCRIPTION

No. 68215
Order by Number.

ON THE FOLLOWING PAGE.

EACH AND EVERY ARTICLE GUARANTEED TO BE EXACTLY AS DESCRIBED. EVERY TOOL GOOD ENOUGH FOR ANY CARPENTER OR MECHANIC. READ DESCRIPTIONS CAREFULLY. DO YOU KNOW OF BETTER GOODS AT ANY PRICE? WE DONT.

There Have Been Chests of Tools on the Market, But Nothing Like

OUR ACME CHEST OF TOOLS

HAS EVER BEEN OFFERED TO THE PUBLIC.

In sets of tools heretofore offered by others the price has been low, but the quality of tools was much lower in comparison than the price and the set was dear at any price. We have selected every tool that's most commonly used and they are taken from our regular stock. We buy in large quantities, direct from the most reliable manufacturers at the lowest wholesale price for cash, and consequently are in a position to sell you these goods at about the same price your local dealer pays for them, and in most cases for less money.

QUALITY We cannot too strongly emphasize the fact that all these tools are strictly FIRST-CLASS HIGH GRADE GOODS. To build up the enormous tool trade which we have established, it was necessary for us to furnish the best goods we could procure, and to hold and still further increase our tool trade, it is necessary that we continue to deal with our patrons as in the past.

BEWARE OF COUNTERFEITERS who offer WORTHLESS imitations of these sets. Sets that are dear at any price. It has come to our notice that some concerns have attempted to deceive the public, by endeavoring to copy our sets at slightly reduced prices. THEY DO NOT HESITATE to sacrifice quality for price.

IF THEY WILL COUNTERFEIT OUR OFFER they will counterfeit the goods, and you will not be safe in trusting them. NO ONE WILL MEET OUR PRICES on same quality of goods; we will not sacrifice quality for price, but on our high standard of quality WE DEFY COMPETITION.

READ CAREFULLY THE DESCRIPTION OF GOODS AND REMEMBER THAT EVERY ARTICLE IS GUARANTEED EXACTLY AS REPRESENTED.

LIST AND DESCRIPTION OF TOOLS IN

OUR "ACME" CHEST OF TOOLS.

No. 68215 ORDER BY NUMBER.

SAWS.

We furnish four saws:

1 **RIP SAW**, 28 inches long, with walnut handle, with steel plate on handle. It is a fair grade saw, but not warranted.
1 **HAND SAW, Sears, Roebuck & Co.'s**, 26 inches long, with carved handle, fully warranted.
1 **PANEL SAW, Sears, Roebuck & Co.'s**, 18 inches long, with carved handle, fully warranted.
1 **COMPASS SAW**, length, 14 inches.

We never yet have had a Sears, Roebuck & Co.'s saw returned to us. They must be good. Every Sears, Roebuck & Co.'s saw is etched on blade. "If this saw does not prove as good or better than any saw you ever had, return it to us and money will be refunded."

PLANES.

We furnish 4 planes, all made by the **Stanley Rule & Level Co.**, and no one makes better goods.

1 **STANLEY WOOD SMOOTH PLANE.** Length, 8 inches with 1¾-inch cutter.
1 **STANLEY WOOD JACK PLANE.** Length, 15 inches with 2⅜-inch cutter.
1 **STANLEY WOOD FORE PLANE.** Length, 20 inches with 2⅜-inch cutter.
1 **STANLEY IRON BLOCK PLANE.** Length, 5½ inches with 1¼-inch cutter.

Remember we Guarantee that these Planes are GENUINE, made by THE STANLEY RULE LEVEL CO.

MISCELLANEOUS TOOLS

1 **MORRILL'S SAW SET.** Considered the best made.
1 **SAW CLAMP.** To hold saws for filing. Jaws are 9½ inches long, adjustment is by a lever.
2 **SLIM TAPER SAW FILES.** One 4½ inches long, and one 6 inches long.
1 **No. 7 STEEL SQUARE.** Guaranteed to be equal to any No. 7 square made by any one. The body of square is 2 inches wide, 24 inches long. The tongue of square is 16 inches long, 1½ inches wide, marked on both sides, spaced to ⅛.
1 **CARPENTERS' PINCERS.** Best grade, length, 8 inches.
1 **COMBINATION WIRE CUTTER AND PLIERS.** Length, 5½ inches.
1 **KNURLED CUP POINT NAIL SET.**
1 **SPRING TUBE PUNCH,** for cutting holes in leather, etc.
100 **SLOTTED RIVETS,** assorted lengths, in nice tin box.
1 **IRON BENCH SCREW.** Length, 13 inches, diameter, 1 inch.
4 **MALLEABLE-IRON CLAMPS.** Open, 2¼ inches.
1 **BEECHWOOD IMPROVED MARKING GAUGE.** Made by **The Stanley Rule and Level Co.** Will run a gauge line with accuracy, either straight or around curves of any degree, either concave or convex.
1 **PAIR OF WING DIVIDERS.** Length, 8 inches, polished cast-steel, with adjusting screw.
1 **CHALK LINE, REEL AND AWL,** as shown in illustration.
1 **BRAIDED COTTON CHALK LINE.** Medium size.
12 **CAKES OF CARPENTERS' CHALK.** Assorted colors, red, white and blue, and 1 Carpenters' Lead Pencil of good quality.
1 **PLUMB AND LEVEL, ADJUSTABLE.** Made by **The Stanley Rule and Level Co.,** polished mahogany, arched top plates; two side views. Length, 28 inches.
1 **TRY SQUARE.** Brass lined with rosewood handle, square inside or outside. Length of blade from inside the handle, 6 inches. It is made by **The Stanley Rule and Level Co.**
1 **SLIDING T BEVEL,** with rosewood handle, brass tipped, 8-inch blade, flush adjusting screw so bevel can be used right or left hand, either side up. It is made by **The Stanley Rule and Level Co.**
1 **BOXWOOD RULE.** Made by **The Stanley Rule and Level Co.,** two-foot, four-fold, square joints, edge plates, spaced 8ths, 10ths, 12ths and 16ths, with drafting scale, 1-inch wide.
1 **SHINGLING HATCHET.** Weight, 1 lb. 7 oz., **warranted.**
1 **NAIL HAMMER.** Weight, 1 lb., **warranted.**
1 **MONKEY WRENCH.** Length, 10 inches.
1 **DRAW KNIFE.** Length of cut, 8 inches.
1 **SPOKE SHAVE,** with double cutter, one straight and one concave.
1 **SOCKET FRAMING CHISEL.** Width, 1-inch, with ring on handle to prevent splitting.
3 **SOCKET FIRMER CHISELS.** 1 each, ¼, ½ and 1-inch chisels, made by **The Ohio Tool Co., fully warranted.**
1 **COLD CHISEL,** made by **The Vaughan & Bushnell Mfg. Co.,** of ½-inch octagon steel.
1 **SCREW DRIVER,** with beech handle and 6-inch blade.
1 **RATCHET BIT BRACE,** made of $\frac{7}{16}$-inch cold drawn steel rod. Head and handle of hardwood, 10-inch sweep.
7 **AUGER BITS.** 1 each size, ¼, $\frac{5}{16}$, ⅜, ½, ⅝, ¾ and 1-inch.
3 **GERMAN PATTERN GIMLET BITS.** 1 each size, $\frac{5}{16}$, ½ and $\frac{3}{4}$-inch.

We pack the "ACME" set of Carpenters' Tools in a chest, with one tray, well made with dove-tailed corners, stained and varnished, with hinges and lock.

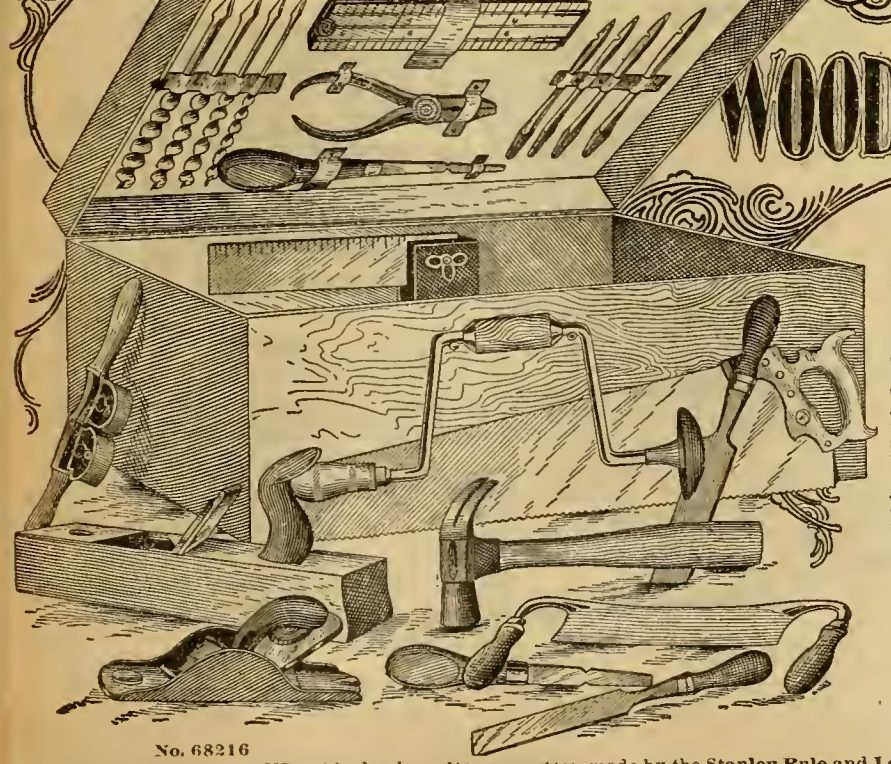
OUR PRICE FOR ALL THE ABOVE TOOLS PACKED IN THIS CHEST IS ONLY $13.95.

ON RECEIPT OF $5.00 as a guarantee that the goods will be called for, we will ship this chest of tools to any address, the balance and freight charges to be paid by purchaser after examination at the depot.

BUY EVERY TOOL AT WHOLESALE by selecting them from our Catalogue. **OUR PRICES ARE BASED ON THE ACTUAL COST** to produce, with but our one small profit added. **YOU WILL FIND EVERY HIGH-GRADE TOOL IN OUR BOOK.**

For CARPENTER, BLACKSMITH, MACHINIST, for all mechanics, we furnish everything in tools at Prices that should interest you.

DON'T PAY RETAIL PRICES before consulting our Catalogue and learning HOW MUCH MONEY WE CAN SAVE YOU.



No. 68216

OUR $4.95 WOOD BUTCHERS SET.

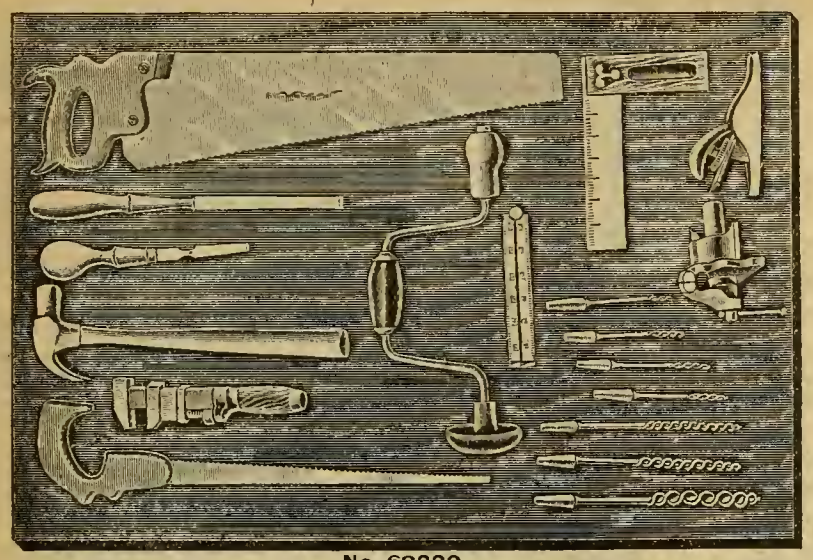
DO YOUR OWN CARPENTER WORK and save five times the cost of this outfit by keeping your property in perfect order, saving time and carpenters' and wagonmakers' bills. The tools included in this set are needed in every family. They are selected from our regular stock and are all **STRICTLY HIGH-GRADE TOOLS.**

WE PACK THEM IN A NEAT WOODEN BOX with one tray made with dove-tailed corners, with hinges and hook. The box is stained and varnished, and is large enough to hold other articles that you might wish to keep in your tool box. All the tools are not shown in the illustration.

READ THE DESCRIPTION AND REMEMBER That each and every tool is Guaranteed exactly as represented, and if not found so can be returned and money will be refunded without argument. The set consists of the following tools: **1 SEARS, ROEBUCK & CO.'S SAW,** 22 inches long, fully warranted. **1 TWO-FOOT RULE,** 4-fold, 1-inch wide, made by **The Stanley Rule and Level Co.** **1 TRY SQUARE,** with rosewood handle, brass lined, length of blade 6 inches, made by **The Stanley Rule and Level Co.** **1 COMBINATION PLIER AND WIRE CUTTER,** 5½ inches long. **1 BIT BRACE,** 10-inch sweep, like illustration. **4 AUGER BITS,** 1 each size, ⅜, ½, ¾ and 1-inch. **5 GIMLET BITS,** German Pattern, 1 each size, $\frac{5}{16}$, ½, $\frac{7}{16}$, ¾, $\frac{5}{8}$. **1 SOLID STEEL NAIL HAMMER,** warranted, weighs 1 lb. **1 DRAW KNIFE,** 8-inch cut. **1 SPOKE SHAVE,** with two cutters, one straight and the other convex. **2 CHISELS,** 1 each, ½ and 1-inch. **1 SCREW DRIVER,** 5-inch blade. **1 BENCH JACK PLANE,** 16 inches long, 2¼-inch double iron, made by **The Ohio Tool Co.** **1 IRON BLOCK PLANE,** 5½ inches long, 1¼-inch cutter, made by **the Stanley Rule and Level Co.** **1 GOOD CARPENTERS' PENCIL.**

WE FURNISH OUR WOOD-BUTCHERS' SET WITH NEAT BOX AS DESCRIBED ABOVE FOR $4.95. At this price, on receipt of $2.00 as a guarantee that goods will be called for, we will ship to any address, the balance and freight charges to be paid after examination at your freight depot. Should you send cash in full with order, and on examination of the goods find they were not in every way exactly as described and perfectly satisfactory, send them back, and your money will be refunded cheerfully and without argument

OUR $1.98 EVERY DAY TOOL SET.



No. 68220

AT $1.98 WE OFFER YUU a set of 18 pieces of every day tools, always handy for the home, for the shop, on the farm—and at a price so low that there is no excuse for anyone not being supplied.

$1.98 FOR A SET of tools you could not buy in any market for less than $3.00. Tools that would retail in any hardware store at from $3.00 to $4.00.

IT WILL PAY YOU to take advantage of one of our liberal offers for a complete tool outfit. We make special reductions to those who buy complete, for the reason that it costs us no more to handle the complete set than one item. We are able to buy the goods in larger quantities, thereby reducing the cost, all of which we give you the benefit of in our special reduced price.

OUR EVERY DAY SET of tools for $1.98 is shown in the accompanying illustration, exact representation of the tools arranged on a board as engraved from a photograph.

EACH AND EVERY TOOL in this set is a good practical tool, selected from our regular stock, suitable for all purposes, all kinds of job work and repairing. This is a serviceable household set and will save its cost in a short time.

IT IS A FINE PRESENT for a boy and makes an excellent set of tools for a boy. If your boy manifests any mechanical tendencies, you could not do more for him than to buy him this every day set for $1.98. It will do more to educate him along the lines of practical mechanics than anything you can possibly buy him, and while it is not advertised as a boy's set of tools, and is thoroughly practical for all purposes, we especially urge that you remember your boy with one of our $1.98 every day sets of tools as listed.

THIS SPECIAL SET AT $1.98 CONSISTS OF THE FOLLOWING STRICTLY STANDARD GRADE TOOLS:

1 Hand Saw—Blade 18-inches long.
1 Warranted Nail Hammer.
1 Bit Brace.
4 Double Cut Gimlet Bits, Assorted Sizes.
3 Warranted Cast Steel Double Spur Auger Bits; one each 3/8, 1/2 and 3/4 inch
1 Compass Saw, 14-inch—which can also be used as a Rip Saw.
1 Carpenter's Two-Foot, Four-Fold Boxwood Rule.
1 Screw Driver with Forged Steel Blade 5 inches long.
1 Monkey Wrench, length 8 inches.
1 Stanley's Block Plane, length 5 1/2 inches.
1 Warranted Socket Firmer Chisel, 1/2-inch.
1 Combined Anvil and Vise, opens 1 1/4 inches.
1 Stanley's Rosewood Handle Try Square with 6-inch Blade.
TOTAL, 18 TOOLS FOR ONLY $1.98.

OUR FAVORITE TOOL CHEST FOR $9.95

FOR $9.95 WE FURNISH YOU a very complete set of mechanics tools, complete with tool chest, equal to anything offered by others at $15.00. A set of tools complete that would cost you more than double the price were you to buy them singly at retail from any other house in America.

OUR SPECIAL OFFER Send us $1.00 as a guarantee of good faith and we will send you this complete set of mechanics' tools as illustrated, listed and described, together with tool chest, by freight, subject to examination. You can examine them at your freight depot, and, if found perfectly satisfactory and exactly as represented, pay the freight agent balance, $8.95, and freight charges; otherwise return at our expense and we will cheerfully refund your money.

Our Special $9.95 Set Favorite Tool Chest and tools consists of the following first-class tools:

1 Sears, Roebuck & Co.'s Warranted Hand Saw, 26-in.
1 Iron Handle Keyhole Saw.
1 Lever Saw Set.
1 Saw Clamp to hold saw when filing or setting.

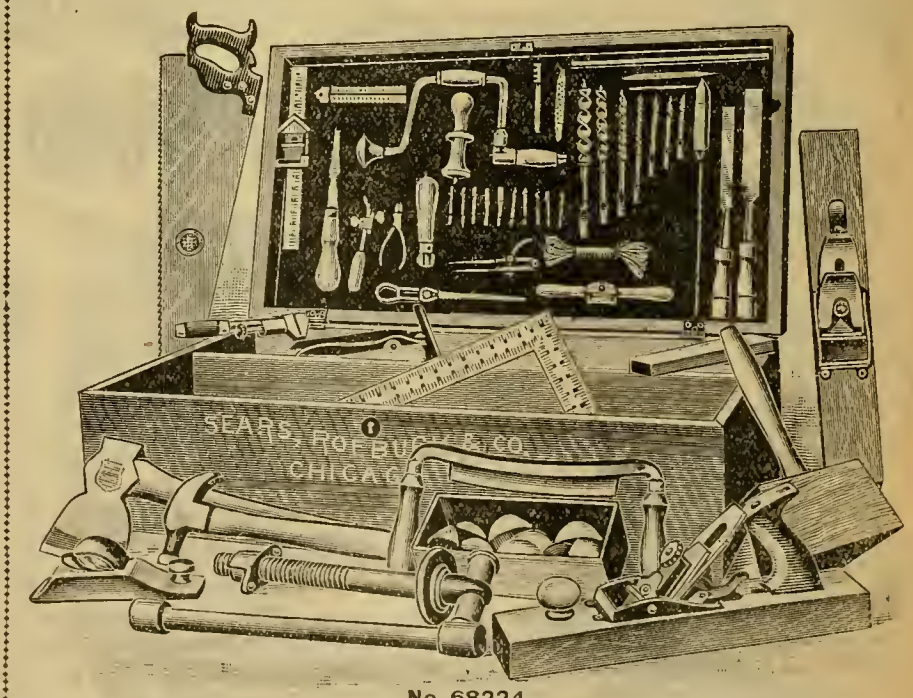
Price of above tools packed in chest as described..... $9.95



No. 68224

From the above illustration engraved by artist from photograph you can form some idea of the great assortment of the big combination, the extraordinary value we are giving. OUR FAVORITE TOOL CHEST is a selection of first-class tools suitable for requirements of carpenter, farmer, ranchman, manufacturer, miner, etc. Includes every tool necessary to do any ordinary job. They are not a job lot or cheap tools, but are selected from our regular stock, the same grade of tools on which we have built up our reputation as dealers in reliable tools, which reputation is highly valued by us and we shall ever hope to maintain. Buy one of these chests of tools for your boy and let him learn the use of tools. If you will keep an accurate account of what you would have to pay for each job done you will be surprised to find how quickly they pay for themselves. The tool chest we ship this set of tools in is made with full sliding tray, well made with dovetailed corners, stained and varnished, made with hinges and lock. Outside measurement of chest is 33 1/4 inches long, 17 3/4 inches wide, 9 1/4 inches deep. More definite description of each tool will be found under each tool where listed singly in our catalogue.

OUR VERY BEST TOOL CHEST.

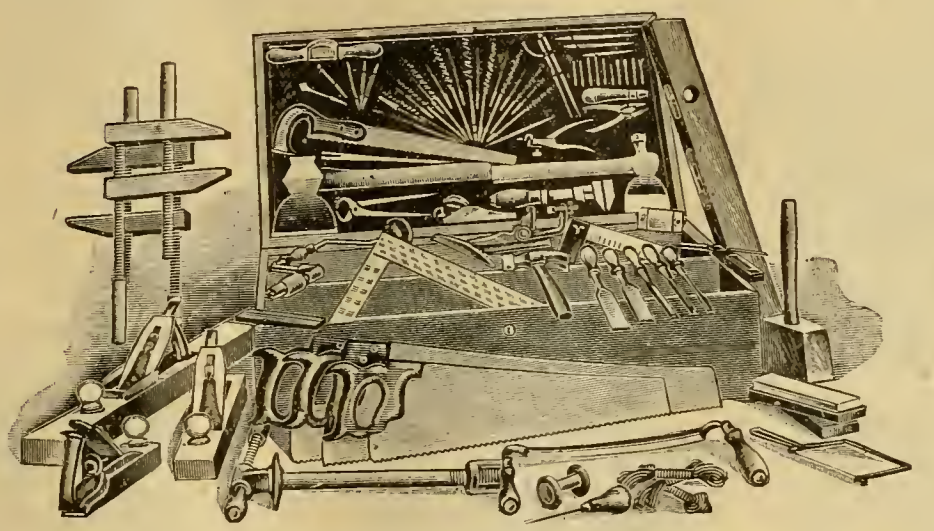
For $21.95 we furnish a Strictly High Grade Set of Mechanics' Tools, the equal of anything you can buy anywhere at $30.00 to $35.00.

If you were to go into any retail store in the country and pick these tools out singly, you would pay double the price, and would even then be unable to get the same high grade goods. In fact, it is a class of goods you will find only in the very best tool stores in large cities, and there only at very high prices.

Mechanics in all branches and from every State in the Union have learned of the extraordinary values we are giving in the highest grades of mechanics' tools, and the result is we have established a business in this line second to none, and the call we have had for complete sets of high grade tools has induced us to get up this combination as the highest value ever offered by any house.

As we write this description we are in receipt of a letter from one of our customers who purchased a set of tools, and he writes us that in thirty days he saved more than the cost of the tools, and could then sell the set for fifty per cent more than he paid for it. We simply cite this as an argument why you should take advantage of one of our liberal combination mechanics' tool set offers.

Send us $1.00 as a guarantee of good faith, and we will send you a complete set of tools, by freight, subject to examination. You can examine them at your freight depot, and if found perfectly satisfactory, exactly as represented, and such value as you could not get elsewhere, pay the freight agent balance, $20.95, and freight charges; otherwise, return entire set at our expense and we will cheerfully refund your money.



No. 68228

We have endeavored, in the above illustration, to give you some idea of what this set consists of. The engraving shown is drawn by our artist direct from photograph. Our Very Best Tool Set, as the name implies, consists of the very best of everything—tools such as are used by the very best mechanics; tools you will take pleasure in working with; tools you will take pride in keeping in fine condition; tools that will give you satisfaction in every way. Space does not allow us to give lengthy description of each article, but you will find more detailed description under articles where listed singly in our catalogue. Any man who is well informed as to grade and value of tools will admit this set of tools is of the highest class and wonderful value for the money.

Our tool chest we pack this set of tools in is made with sliding tray, well made, with dovetailed corners, stained and varnished; has hinges and lock. Outside measurement of chest, 33¼ inches long, 17¾ inches wide, 9¼ inches deep. Read carefully the list and description of tools in this set. Remember, we fully guarantee each and every tool to be perfect in material and workmanship. Consider the reputation of the brands; consider our reputation as dealers in fine high grade mechanics' tools, and we are sure you will agree that the price we name for the complete outfit of tool chest is indeed wonderfully low.

Below is complete list of the different tools furnished in this our special $21.95 mechanics' tool set.

1 Sears, Roebuck & Co.'s Warranted Shingling Hatchet, all steel, full polished and etched, 3⅞ inch cut.

1 Beechwood Chalk Line Reel and Awl.
3 Hanks Braided Chalk Line.

ALL THE ABOVE HIGH GRADE TOOLS FIRST-CLASS IN EVERY WAY. PACKED IN TOOL CHEST, AS DESCRIBED, FOR $21.95.

SEARS ROEBUCK & Co's INCORPORATED.

BUILDER'S HARDWARE & MATERIAL

THE HARDWARE is but a very small item in the whole cost of a building, even if the very best is used; the difference in cost between good locks and poor locks is so little that an owner would not consider it a saving to use poor locks if the matter was brought to his attention. After a lock is mortised into the door it is out of sight, excepting the face, and that is often painted over. Because work is so easily concealed poor locks are often used to save a few cents.

UNREASONABLE PROFITS are usually asked on goods in this line. You will require doors, sash, building paper, paint, lime, hair, cement and hardware when you get ready to build a house, and most of the articles named when building a barn or granary or other building. We may not sell you, but if you will have your carpenter make out a bill of just what goods you will require in this line, we will quote you a price, delivered at your nearest railroad station, and, if we don't sell you, we will compel your local dealer to lose money or sell the cheapest bill he ever sold, and in either case we will save you money.

LUMBER DEALERS often sell lumber on a small margin and make it up by charging unreasonably large profits on doors, sash, building paper and paint. Look out for your lumber merchant on these lines.

Look out for your hardware merchant on locks, door knobs, hinges, latches, sash fixtures, etc. These are big-profit goods with retail dealers. We can save you 25 to 50 per cent on everything in this line, and no matter how little you wish to buy, you will save enough to well pay you for sending to Chicago for the goods.

Freight rates on hardware and building material are low and will amount to next to nothing compared with what you will save in price.

OUR TERMS ARE VERY LIBERAL. On all except doors and sash, which are always net cash with order, no discount, we will ship any goods C. O. D., subject to examination, on receipt of one-fourth the amount of the bill, balance to be paid when received.

OUR GOODS are made in proper proportions, and are right mechanically as well as being beautiful in design. We furnish complete lines in all the desirable finishes. We have made the descriptions so explicit, giving sizes and prices, that the architect may specify that which pleases him, or that which suits his particular work, with the assurance of getting what is desired. Each design is first shown in lock sets, and then the other trimmings are illustrated further on. Every article is guaranteed to be exactly as represented, and if not found so may be returned and money paid will be refunded.

SEVEN COMPLETE LINES. We show four complete lines of ornamental goods. We show three complete lines of plain goods in all the popular finishes. We have everything that is desirable in these lines, and can save you so much money that you surely cannot afford to purchase these goods from your local dealer.

ORNAMENTAL GENUINE BRONZE LOCK SETS.

FOR OUR PATRONS who desire the best we offer a line of Genuine Bronze Lock Sets, numbered from 70000 to 70009. The design is new and neat. The finish is very desirable for oaks, birches, sycamore, or any of the natural finish hardwood trimmings.

For butts, bolts, cupboard catches and other trimmings to match this finish, plain sand finish goods are commonly used. See pages which follow lock sets.

Front-Door Lock Set.

No. 70000 Genuine Bronze Front-Door Lock Set. Lock is furnished with antique copper, sand-finish trimmings, as shown in cut. Reversible, for right or left-hand doors. Price, per doz.....90c

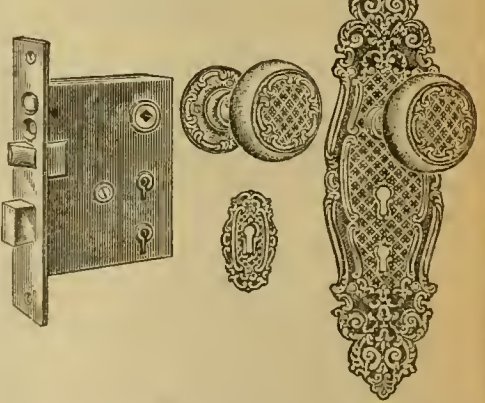
Plated Ornamental Lock Sets.

FOR THOSE DESIRING A CHEAPER LINE OF ORNAMENTAL GOODS in the antique copper, sand finish, we offer in the following numbers, from 70017 to 70025, a very handsome design. This differs from the preceding design in that it is electro-copper plated and sand finished on iron instead of on bronze. Some dealers sell as sand-finish, goods which are electro-copper plated and tumbled, which produces a finish which, for a short time, looks exactly like sand finish. Ours are guaranteed to be GENUINE SAND FINISH. Note carefully the measurements of escutcheons. They are much larger than usually found on sets of similar description. This line is OUR BEST SELLER.

Front-Door Lock Set.



No. 70017 Ornamental Electro-Copper Plated Front-Door Lock Set. Sand finish. Furnished with trimmings as shown in cut. Easy spring lock, 4¾x3¼ inches. One nickel plated steel key for lock bolt and two for night latch. Knobs, 2¼ inches in diameter. Long escutcheons for outside of front door, 11x2¾ inches. Trimmings are electro-copper plated, sand finish. Packed complete with screws.
Price, per set.....$1.15

No. 70018 Vestibule Door Set to Match No. 70017 front-door latch set; latch, 3¾x3¼ inches. Two nickel plated steel keys; knob 2¼ inches in diameter, long escutcheon, same design as above, 9x2¾ inches. Trimmings are electro-copper plated, sand finish. Packed complete with screws.
Price, per set.....$1.05

When ordered together, No. 70017 Lock Set and No. 70018 Vestibule Set will be furnished with latch keys to pass.

...THE FOLLOWING SETS AND TRIMMINGS...

ARE A CONTINUATION OF THE SAME PATTERN ILLUSTRATED ON PRECEEDING PAGE.

THE DISCRIMINATING BUYER always selects his hardware with a view to having the SAME PATTERN, and nowhere in the world will he find one more RICH and STRIKING than the series here illustrated and QUOTED AT PRICES LESS THAN for inferior goods that are sold by dealers.

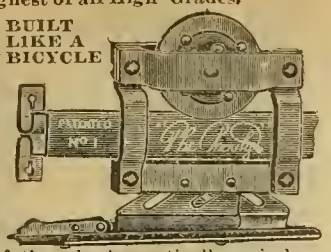
Ball-Bearing Wrought-Steel Parlor-Door Hanger.

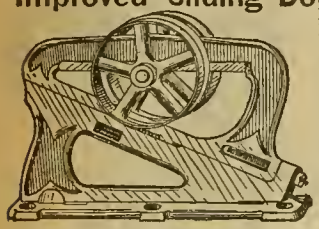
The Highest of all High Grades.



No 70127 Ball-Bearing Wrought-Steel Parlor-Door Hanger, for double doors with 14 feet of steel track. Wheels have sixteen ¼-inch hardened bicycle balls. Tool-steel shafts turned and hardened. Vulcanized fibre tread, making the action of the wheel practically noiseless. Can be adjusted without the use of any tools. Not one cent has been cut out of the cost, in order to cheapen its construction, but on the other hand wherever an improvement could be made it has been done regardless of cost.

Price, per set complete, with 14-foot steel track for double doors, $4.00; half set with 8-foot steel track for single doors.....$2.00

Improved Sliding-Door Hanger.



No. 70128 Sliding Door Hanger, Improved Pattern. Easily applied; readily adjusted. May be attached to top of door without cutting or mortising. Oscillating bearings, which are at all times parallel to top edge of door wheels, finished, perfectly true. Per set, complete, for double doors, with 28-foot hardwood track.....$2.30

No. 70129 Per half set, for single doors, with 14-foot hardwood track.....$1.20

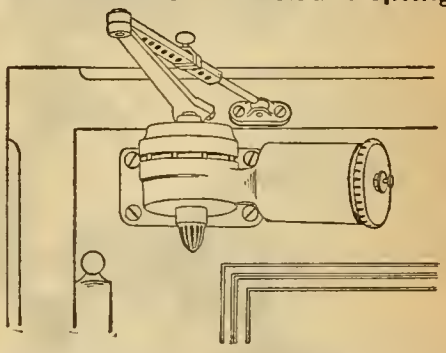
Pneumatic Door Check and Spring.



Simple. Durable. Perfect adjustment. Finished in gold bronze. **These Checks are reversible** (adaptable to either right or left-hand doors) and may be applied to the door on the hinge side only. **This method of application is the most desirable,** and should be followed whenever practicable. Thus applied the Spring exerts a **pushing action** in closing the door. **As sent out from factory or warehouses** they are invariably intended for right-hand doors. They may easily be adapted to left-hand doors by following the instructions packed with each Check. **Full directions for applying and reversing** are packed with each Check. So simple anyone can put it up properly without any trouble.

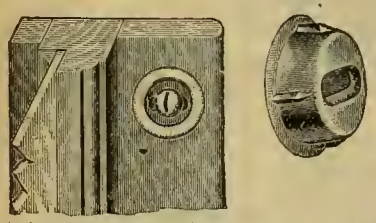
Per gross.....83c

Ives Stop Adjuster.



For windows and sliding doors insures protection against cold draughts, dust, rattling or binding. This adjuster is made from one solid piece of metal, with a thick bed that will not bend in tightening the screw, and a thin flange to admit of a close adjustment of screens, and also to prevent the screw from drawing it into the wood. The solid ribs will drive into the hardest bead or stop, and prevent the adjuster turning in either direction. In appearance it is neat and ornamental, affording a quick and simple adjustment of the shrinkage or expansion of window stops, doing away with unsightly weather strips and anti-rattler devices. To apply, use one-half inch bit.

No. 70622 Ives Stop Adjuster, as described above. Plain polished bronze metal.
Price, per doz.....$0.20
Price, per gross..... 2.16

Per doz.....17c

Empire Sash Pulley.

No. 70629 The Empire Sash Pulley. No screws required. All mortising done with an auger bit. No mortising or countersinking for face plate. Has ¼-inch steel axles. Ground 2-inch wheel. Price, per doz.....22c

Common-Sense Pulley.

No. 70630 The Common-Sense Pulley, combining the indispensable feature of "each Pulley its own marking gauge." It is made in a first-class manner with heavy steel axle and full bearing. Mortise made with a 1-inch bit. It can be applied by hand at the rate of 80 per hour and much more rapidly by machinery. It is a common-sense article in every sense of the term. It is firmly held by screws through its face-plate, and easily removable when occasion requires. It makes a perfect and ornamental finish. Plain face, polished 2-inch wheel. Price, per doz..... .....22c

Sash Cord.

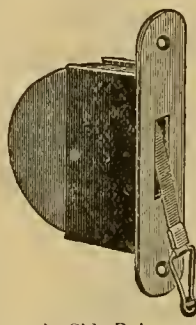
No. 70638 Standard Braided Cottoo Sash Cord, not Silver Lake, but in our opinion equal to it in every way. Price, per lb.....20c

Pullman Sash Balances.



Pullman Sash Balance, to be used instead of weights, can be applied to old houses where weights can not be used; is easily put in and operates almost noiselessly. This style of balance is becoming very popular, is very neat in appearance, works smoother and lasts longer than sash cord. The tension or brake band is operated by an adjusting screw in face plate, which makes it adjustable to varying weights. If directions are fully carried out we will warrant the balance to work perfectly. Where there is not room enough to use the Side Balance, we make a special balance for the top of the window, and can also be used in Mullen windows.

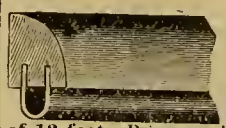
WE CAN SAVE

you money on your carpets, curtains and rugs. Send for free color sample book of above, No. 25 C.
SEE OUR PRICES on furniture before buying elsewhere.

Weather Strips.

It is Economy to use weather strips. The cost is very small and can be saved in one season on fuel, to say nothing of the added comfort secured. Carpenters or any one without experience can make more than good day wages furnishing the strips and putting them up—and they can do it at a time when business is naturally dull. We ask those who buy in quantities to notice our very low price in bundles of 1000 feet. We sell nothing but the Genuine Excelsior Weather Strip—the best made—as we consider it is worth much more than the slight difference in cost over inferior goods.
If less than four lengths are ordered, we must cut in short pieces to prevent breakage in shipping. Please specify to what lengths we shall cut.



No. 70650 The Excelsior Weather Strips, Size No. 0, for the upper sash of windows. Cut shows exact size of end of moulding. It is made of wood and rubber combined, in lengths of 12 feet. Price, per length of 12 feet.....7c

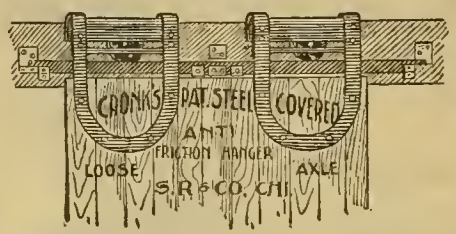
Per doz. pairs.....$4.50

Cronk's Anti-Friction Steel Barn-Door Hanger.



This hanger is made from heavy steel, so it will carry the door with perfect ease and no trouble. We make a round bearing at the ends of the run, so if used on wider doors than made for, the axle will not wear into the rider bar, and the round bearings also make it run much easier than it otherwise would, or than any other hanger will that is not made in this way. The groove is U shape, so it will not touch or grind on the edges and create friction, and also having a deep groove, will not jump the track. These hangers are marked with a gauge to put them up by, which saves time and insures getting them up right, even if done by a man not posted in the business. No screws or bolts furnished at prices quoted.

			Per pair.	Per doz. pair.
No. 70801	For 6-ft. run.	Price	47c	$5.00

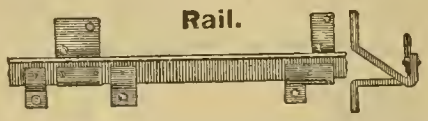
Cronk's Double Braced Steel Rail.



No. 70805 This rail, being double braced and double riveted, is the strongest rail in the market. Being braced both ways it will not sag. The joint is made so that it is perfectly solid. It can be used for any grooved wheel hanger, and a heavy door will not make it spring or tremble. **Guaranteed to hold a door weighing 2,000 pounds,** and used in connection with our anti-friction hangers will work perfectly on large or small doors. If 1¼x10 screws or wire nails are used it will hold any door made. Can be used with either the Cronk's or Roller Bearing Hangers. Comes in pieces 4, 6, 8 and 10 feet long. Price quoted does not include screws.

Length	4 ft.	6 ft.	8 ft.	10 ft.

WHEN YOU BUILD....

A HOUSE, BARN, GRANARY OR OTHER BUILDING, SELECT YOUR HARDWARE FROM OUR CATALOGUE, COMPARE THE COST FROM US WITH WHAT YOUR LOCAL DEALER ASKS YOU, SEE HOW MUCH WE CAN SAVE YOU AND YOU WILL SURELY GIVE US YOUR ORDER AND SAVE A GOOD PART OF YOUR CARPENTER'S BILL.

Building Paper.

We buy our building paper from the largest and most reliable makers in large quantities for spot cash, and sell them at our usual small profit. Samples sent free on request. **Building paper is not intended to be exposed to the weather,** but is intended to be used under shingles, clapboards floors, etc.

The cost is very little, and can be saved in one season in your fuel bills, to say nothing of the comforts secured by its use

No. 71000 The Sears, Roebuck & Co.'s "Acme" Brand Red Resin Sized Sheathing is a strong, smooth finish, durable, water-proof paper, put up in rolls of 500 square feet, 36 inches wide, weighing about 40 lbs. Clean to handle. Price, per roll.....98c

No. 71003 "Acme" Brand Red-Resin Sized Sheathing is the same grade as Sears, Robuck & Co's "Leader" sheathing, but is not quite as heavy. Put up in rolls of 500 square feet, 36 inches wide, weighing about 35 lbs. Price, per roll.....74c

No. 71005 Sears Robuck & Co's "Royal" Brand Gray Resin Sized Sheathing is a fine grade of sheathing, strong and durable, waterproof, and clean to handle. Put up in rolls of 500 square feet, 36 inches wide, and weighing about 35 lbs.

No. 71007 The "Competition" Brand Red-Resin Sized Sheathing Paper. A strong, clean paper, nearly waterproof, and lays smooth; better and cheaper than common strawboard. Put up in rolls of 500 square feet, 36 inches wide, and weighing about 25 lbs. Price, per roll.....45c

No. 71008 Plain Strawboard Sheathing Paper is put up in rolls weighing from 70 to 80 lbs, 32 inches wide, containing from 300 to 470 square feet. Price, per lb.....1c

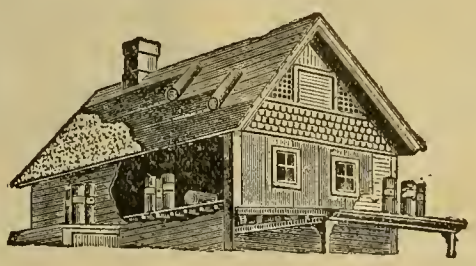
No. 71009 Tarred Strawboard Sheathiog Paper is put up in rolls weighing from 50 to 75 lbs., 32 inches wide. Price, per lb.....1¼c

No. 71112 Blue Plaster Board. A strong, tough paper used on walls and ceilings in place of plaster. For cheap or temporary partitions it is used extensively. We have it in rolls of 250 square feet, and in rolls of 500 square feet. The 500-feet roll weighs 60 lbs.

Price, per roll, containing 250 square feet.....$1.33
Price, per roll, containing 500 square feet.....2.60

We do not cut rolls of building paper.

S. R. & Co. Felt Roofing.



When you build you will want roofing (we will save you 33⅓ per cent. on it); **you will want hardware** (we will save you 33⅓ per cent. on it); you will want paint (we will save you 33⅓ per cent. on it); you will want paper (we will save you 50 per cent. on it); you will want doors, sash, moldings, blinds, etc (we will save you 50 per cent. on it). Why not figure with us before you build?

So much of this roofing has been sold, we think almost everybody must be acquainted with its good qualities. It has been used in **all climates and has given universal satisfaction.** It is easily and cheaply applied, no tools being required except a jack-knife, hammer and brush. **Complete directions with each roll. The two-ply roofing** consists of two layers of felt roofing with a layer of waterproof asphalt cement between, the whole being united under great pressure. **The three-ply roofing** consists of three layers of felt roofing with two layers of asphalt cement between, the whole being united under great pressure. **We have this roofing made for us** in enormous quantities, by manufacturers of established reputation, and can offer our patrons all the advantages which large purchasers for spot cash can secure. **This roofing is 32 inches wide, and is put up in rolls containing 108 square feet.** Allowing for laps, each roll will cover 100 square feet. **The two-ply roofing** weighs about 75 lbs. per roll. **The three-ply roofing** weighs about 100 lbs. per roll. If this roofing is kept well coated **with our roofing cement** it is practically indestructible.

No. 71116 Two-ply Roofing only, per roll containing 108 square feet.79c
In lots of 5 rolls or more, per roll.....74c

No. 71117 Three-ply Roofing only, per roll containing 108 square feet.....$1.08
In lots of 5 rolls or more, per roll.....1.03

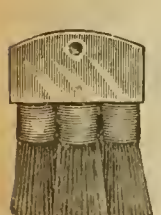
Roofing Brushes.



No. 73277 Roof Paint Brushes, mixed center, gray bristles, outside round ferrules.

Knots	2	3	4
Price, each	46c	68c	86c

Neponset Red Rope Roofing Fabric.

This is an air-tight and waterproof roofing paper, and makes a durable covering for roofs and sides of buildings at **one-quarter the cost of shingles.** A coat of good paint adds to its durability. It is also used extensively instead of plaster, being tacked to furring or laths and covered with paper. **It is made in one grade only,** and that is the best it is possible to produce. With each roll we furnish sufficient caps and nails to apply it to roof or siding.

No. 71125 Neponset Red Rope Roofing Fabric, in rolls of 250 square feet. Per roll.....$2.55

No. 71126 Neponset Red Rope Roofing Fabric, in rolls of 500 square feet. Per roll.....$4.60

Metal Roofing.

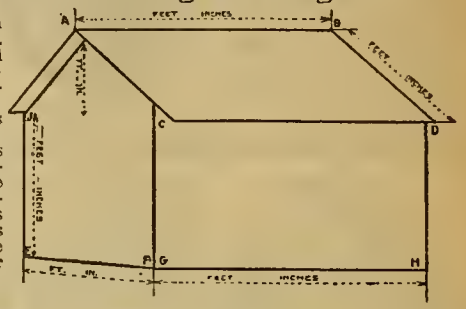
Why You Should Buy Our Metal Roofing.

It is made so as to be adapted to any style or kind of roof. It is easily applied. It is perfect in construction; it is cheap, durable, safe; it is proof against lightning; a protection against fire; secure against wind and water. It saves you insurance.

It is made from the **best material,** in both iron and steel, by men having been connected with the iron industry for many years. **It is cheaper and more serviceable than tin;** it has fewer joints, and formed so as to adapt itself to expansion and contraction. It is infinitely better than shingles, and costs less laid. It is better than slate—**weighs only about one-eighth as much per square. Our roofing does not buckle,** cannot rattle, will not leak, and does not become liable to blow off. **Cost of laying our roofing is 20 cents to 50 cents per square;** 10 to 15 squares being a day's work for one man.

How to Order Roofing or Siding.

When sending us an order for roofing make a diagram as shown and fill out all measurements, being sure to **make allowances for projections.** Its not always possible for us to furnish sheets that will lay without any waste. Its always best for our customers to allow about five per cent over actual measure to provide for this waste. We send sheets that lay to best advantage and return balance of your money.



Freight Classification.

	Less Car Load	Car Load
Steel Roofing, Siding, Ceiling and Fixtures.....	4th class	5th class
Eaves Trough and Fixtures, nested.....	3d class	5th class
Conductor Pipe and Fixtures, nested.....	2d class	4th class

By referring to list of freight rates in front of this book you can determine within a few cents what the freight will be to your station. It amounts to nothing when compared with what you save by purchasing from us.

Car loads and large quantities can often be shipped to our customers **direct from our factory** at a slight reduction in price. We will be pleased to quote you our **"shipped-from-the-factory price"** on quantities of **5 squares or more.**

Special order blanks for metal roofing will be sent free on request.

A square is 10 feet each way, or 100 square feet.

Plain Roll and Cap Roofing.

The large quantities of this roofing sold makes an extended description unnecessary. Suffice it to say that it is used on all classes and kind of roofs with entire satisfaction.

For a square of this Roofing we furnish as follows: 1 roll 50 ft. long by 26¼ in. wide, 50 side cleats, 51 lineal feet of caps, ½-lb. 1-in. No. 12 barbed wire nails, 1 lb. dry mineral paint.

No. 71130 Plain Roll and Cap Roofing, No. 28-gauge steel, painted both sides. Weight per square, 74 lbs. Price per square, as described above..**$2.48**

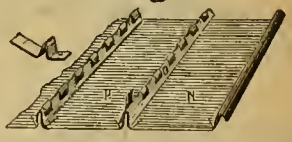
The tools needed to apply this roofing are as follows: **1 pair edging tongs; 1 pair squeezing tongs; 1 pair tinners' snips and 1 mallet. See index.**

We sell full rolls only of this roofing.

A square is 10 feet each way, or 100 square feet.

Pressed Standing Seam Roofing.

This is also known as "Double Cap."



As we endeavor to **keep a full line and accommodate all,** we handle this very excellent roofing in large quantities. It is a universal roofing, and used for all kinds of buildings. **Its distinctive feature is the outside cleat.** This feature is no objection to its use, and only slightly objectionable regarding its appearance. **It has many points to recommend it,** not the least among which is the rapidity with which it can be laid.

For a square of this roofing we ship as follows: 6¼ sheets 24 inches to centers by 96 inches long, 50 side cleats, 7 end cleats, ½ lb. 1-inch No. 12 barbed wire nails, 1 lb. dry mineral paint.

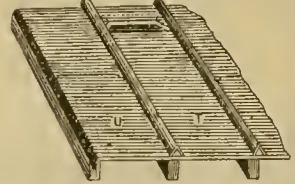
No. 71131 Pressed Standing Seam Roofing. Made of 28-gauge sheet steel, painted both sides. Weight, per square, 71 lbs. Price per square, as described above.....**$2.45**

The following tools are required to lay this roofing: **1 squeezing tongs, 1 jointer, 1 pair snips and 1 mallet.** See index.

When ordering be sure to send a diagram of your roof as explained previously.

A square is 10 feet each way, or 100 square feet.

V-Crimped Roofing.



The popularity of this roofing is evidenced by the very large quantity **sold by us continually.** It is par excellence the farmer's roofing. **It is the cheapest of all roofs offered** and costs less to put it on the roof. **Any person can apply it** who can drive a nail. It is put down with an end lap only, **or with end locks** as shown; the latter being the better method. When end locks are turned, a cleat should be used in the middle of the end lock, which prevents the sheet from rattling. **It is made in two ways,** viz.: **with side crimps only, and with side and center crimps.** The usual lengths kept in stock are 5 ft., 6 ft., 7 ft., 8 ft., 9 ft. and 10 feet. Intermediate lengths are cut from stock lengths. We carry it in stock as follows:

2 V or Side Crimps only, 24 inches to centers, 8 or 10 feet lengths.

3 V or Side and Center Crimps, 25 inches to centers, 8 or 10 feet lengths.

For a square of this roofing we ship: 6¼ Sheets, 24 inches to the centers, 8 feet long (or equivalent lengths). 7 End Cleats (if ordered). 1 lb. 1¾ in., No. 10 Barbed Wire Nails. 1 lb. Dry Mineral Paint. 50 feet V Sticks. Weight, per square, 69 lbs.

No. 71132 V-Crimped Roofing, 2 crimp, 28-gauge steel, **painted both sides.** Per square, complete, as described above.....**$2.35**

No. 71133 V-Crimped Roofing, 3 crimp, 28-gauge steel, painted both sides. Per square, complete, as described above.....**$2.50**

When laid without end locks, no special tools are required. **When end locks are made, a jointer, snips and mallet will be required.**

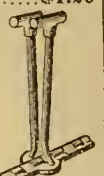
Do not fail to send a diagram of your roof so we may send sheets that will lay to the best advantage. A square is 10 feet each way, or 100 square feet.

Roofing Tools.

The tools required for the proper application of our roofings and sidings are the fewest possible, and are now placed by us, as regards cost, within the reach of all.

Edging Tongs.

No. 71140 Edging Tongs; used in turning up the standing seam in roll cap roofing. Price, each.....$1.20

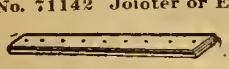


Squeezing Tongs.

No. 71141 Squeezing Tongs; used in squeezing the seams on roll cap and pressed standing seam, or double cap roofing. Price, each, $1.20

Jointer.

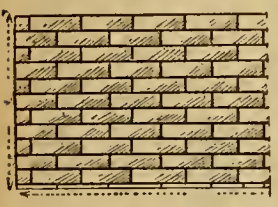
No. 71142 Jointer or End Locker; used in making the end locks on V-crimp and pressed standing seam and other roofings.



Price, each.....40c

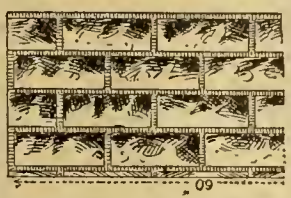
Steel Brick and Rock-Faced Sidings

Have no equal as a handsome covering surface. Insurance underwriters generally give same rating for this as for stone. Weight, per square, 70 lbs.



Pressed-Brick Siding.

No. 71150 Steel Pressed-Brick Siding. Sheets, 27x52½ inches to centers. We furnish 11 sheets per square; also paint and nails. Weight per square 70 lbs. Price, per square.....$2.55

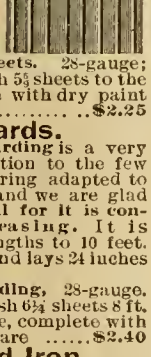


Rough-Face Stone Siding.

No. 71152 Steel Rough-Faced Stone Siding. Sheets, 60x24 inches. We furnish 10 sheets to the square complete with paint and nails. Weight per square, 70 lbs. Price, per square.....$2.60

A square covers 10 ft. square or 100 square ft.

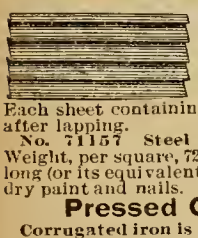
Beaded Sheets.



Our Beaded Steel Ceiling is made 25 inches to centers of outside bead, and any length to 10 feet. Beaded steel is used extensively for ceilings and sidings, and with a little care and ingenuity can be made very effective for ceiling work. In stock in 8-foot lengths.

No. 71155 Beaded Steel Sheets, 28-gauge; weight, per square, 69 lbs. We furnish 5⅝ sheets to the square (or its equivalent), complete with dry paint and nails. Price, per square.....$2.25

Steel Weatherboards.

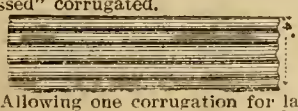


Weatherboarding is a very desirable addition to the few kinds of covering adapted to domestic use, and we are glad to say the call for it is continually increasing. It is made in all lengths to 10 feet. Each sheet containing six boards and lays 24 inches after lapping.

No. 71157 Steel Weatherboarding, 28-gauge. Weight, per square, 72 lbs. We furnish 6¼ sheets 8 ft. long (or its equivalent) to the square, complete with dry paint and nails. Price, per square $2.40

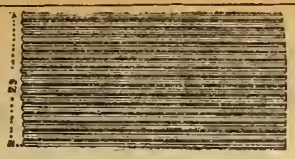
Pressed Corrugated Iron.

Corrugated iron is used in very large quantities, and for varied purposes. One leading point should be carefully noted in comparing the different makes, and that is the distinction between "pressed" and "rolled" corrugated iron. The "pressed" being formed in dies and heavy presses, is always true in form; the "rolled," as its name implies, is made on rolls, and cannot be true. The difference in the use of corrugated iron made by the two methods is, in the item for labor alone in laying it, from 20 to 25 per cent. in favor of the "pressed" corrugated. We sell only the "pressed" corrugated.



No. 71160 Corrugated Iron, 28-gauge, with 2½-inch corrugations. Sheets are 26¼ inches wide. Allowing one corrugation for lap on each side it leaves a covering surface 24 inches wide which lays to advantage on rafters 24 inches center to center. The end lap should be from 2 to 6 inches. Sheets are 5, 6, 7, 8, 9 and 10 feet long. A square consists of enough to cover a space 10 ft. square, complete with dry paint and nails. If you send us a diagram as shown previously. We send sheets that lay to best advantage. Painted, weighs 70 lbs. per square. Galvanized 85 lbs. per square.

Price, per square painted.....$2.15
Price, per square, galvanized.....$3.25



No. 71161 Corrugated Iron, 28-gauge, with 1¼-inch corrugations. Sheets same sizes as described under No. 71160. Painted both sides.

Per square.....$2.25
Galvanized, per square..... 3.35

No. 71201 Acme Eave Trough Hangers, complete with rods and nut.

Size.	3½-in.	4-in.	4½-in.	5-in.	6-in.
Per doz.	34c	35c	36c	38c	42c

No. 71202 Hanger Tongs and Wrench Combined. Each.....40c

Corrugated Expanding Conductor.

Galvanized Corrugated Conductor is made in 10-foot lengths, without a cross seam. Will not burst when full of ice. No cut lengths furnished.

No. 71205 Round Corrugated Galvanized Conductor. Sizes, inches, 2 3 4 5 6
Price, per length..30c 38c 50c 63c 75c

No. 71206 Square Corrugated Galvanized Conductor. Sizes, inches, 2 3 4 5 6
Price, per length..33c 40c 53c 66c 78c

Elbows and Shoes.

Galvanized Flat-Crimped Expanding.

No. 1. No. 2. No. 3. No. 3 Shoe.

When ordering, always specify by number the angle desired, as shown above.

No. 71207 Round, Galvanized Corrugated Elbows. State in order the number of angle desired.

Size, inches.	2	3	4	5	6
Price, each.	10c	12c	16c	20c	24c

No. 71208 Square, Galvanized Corrugated Elbow. State in order the number of angle desired.

Size, inches.	2	3	4	5	6
Price, each.	13c	15c	19c	25c	36c

No. 71209 Round Galvanized Corrugated Shoes.

Size, inches.	2	3	4	5	6
Price, each.	12c	15c	20c	24c	29c

No. 71210 Square Galvanized Corrugated Shoes.

Size, inches.	2	3	4	5	6
Price, each.	16c	20c	24c	29c	34c

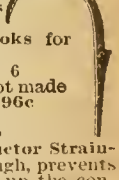
Conductor Fastenings.

No. 71211 Tinned Conductor Hooks for round corrugated conductor.

No. 71212 Tinned Conductor Hooks for square conductor.

Sizes, inches.	2	3	4	5	6
For wood, per doz.	36c	48c	60c	72c	$0.90
For brick, per doz.	42c	49c	54c	95c	1.15

Hooks for Conductors.



No. 71213 Tinned Conductor Hooks for round conductor.

No. 71214 Tinned Conductor Hooks for corrugated round conductor.

Sizes, inches.	2	3	4	5	6
For wood. Doz.	12c	24c	36c	48c	not made
For brick. Doz.	21c	33c	51c	72c	96c

Conductor Strainers.

No. 71215 Galvanized Wire Conductor Strainers, placed in the outlet of eave-trough, prevents leaves, etc., from entering or stopping up the conductor. The size given designates the size outlet the strainer will fit.

Size, inches.	2	3	4	5	6
Price, each.	7c	8c	12c	19c	23c

Rain Water Cut-Off.

No. 71220 Galvanized Rain Water Cut-Off; simple, durable and cheap.

Sizes.	2-in.	3-in	4-in.
Price, each.	23c	27c	37c
Sizes.	5-in.	6-in.	
Price, each.	68c	$1.00	

MILL WORK
SASH, BLINDS, DOORS AND MOULDINGS.

In this line we are prepared to save our patrons the unreasonable profit usually charged by the retail dealer. **IT IS A COMMON PRACTICE** with lumber dealers to sell lumber at a very small profit and get an exorbitant profit on the mill work. Look out for your local dealer on this scheme.

Have a Separate Estimate Made of Your Mill Work and Compare With Our Prices. It Will Pay You to Do So.

REMEMBER OUR GOODS ARE GUARANTEED to be strictly up to grade. We do not handle third-quality doors. Do not wait until you need these goods before you send us your order. There is scarcely an order we receive but has some item that is irregular size or must be made, which causes a delay of from five to ten days. Some carpenters cut a hole and then order a sash or door to fit it. They should see what size sash or door is regular stock and cut the hole to fit the sash or door. This would enable us to fill orders with more promptness, and be more satisfactory to all parties concerned. All goods quoted by us in these lines are made of white pine, unless otherwise stated in descriptions.

FREIGHT RATES are very low on mill work. Do not let the matter of freight rates prevent you from sending your order to us. Get the rate from your station agent, or write to us for it. Don't ask your local lumber dealer for freight rates. Remember he is selfishly interested in the matter and his information may or may not be correct.

The following table of weights will enable anyone to very closely estimate the shipping weight of their order:

Weights—Eight-Light Windows.

Windows—Plain Rail Sash			Windows—Check Rail Sash

WE SEND SAMPLES of wall paper, latest patterns, most popular colors.

See Dry Goods Department for complete line of window shades.

GENERAL HARDWARE.

UNDER THIS HEADING Will be found staple articles, goods that are in common use every day. Although our prices are so low when compared with the retail merchant, do not let it lead you to think the quality is sacrificed. Remember we buy direct from the manufacturers, for spot cash, in quantities large enough to secure the the very lowest price, thus saving to you the middleman's profit. To secure the full benefit of our low prices goods should be ordered in lots to weigh 100 lbs. and shipped by freight. While it is true, you can, in most cases, save money on any order, you can save still more by having your orders weigh 100 lbs. and have them shipped by freight. You can certainly find goods under this heading that will enable you to do this.

WE ARE HEADQUARTERS ON NAILS and will not be undersold by any one. It is a common practice with hardware dealers to offer nails at cost or below cost, with the condition that the other goods be bought from them. This gives them a chance to get their profit on nails by adding to the other goods. **BEWARE OF THIS SCHEME.**

If you are going to purchase a bill of hardware, get one estimate on the nail and another on the balance of the hardware, then compare with our prices. If you will do this we will get your business and you will save money.

PRICES OF NAILS are constantly fluctuating. As reported in the newspapers, there has been a gigantic consolidation of all makers of rods, which will control the prices of wire and wire nails, and everybody expects prices to be higher.

Nails take the lowest freight rate, fourth class.
☞See rates on pages 7 and 8.

The length of various nails is as follows:

Size	2d	3d	4d	5d	6d	7d	8d	9d
Inches	1	1¼	1½	1¾	2	2¼	2½	2¾
Size	10d	12d	16d	20d	30d	40d	50d	60d
Inches	3	3¼	3½	4	4¼	5	5½	6

Price of Nails in Kegs of 100 lbs. Each.

No. 71500 Wire Nails.
No. 71501 Cut Nails.

Cash in full must be sent with orders for nails.

THE BASE PRICE of nails is constantly changing, so we cannot print a base price which will hold good for the season. The list of advances (which remains the same at all times) is the amount to be added to the base price to find the cost of any certain size nail. The base price is for nails 20d to 60d. Our base price today September 1st is $1.60 per keg for wire nails, and $1.55 per keg for cut nails.

WRITE FOR PRICES on nails when ready to buy and we will quote you the lowest market price at the time, or **SEND YOUR ORDER** with understanding we will fill the same at Lowest Market Price. If any decline we will give you the benefit, if any advance, we will only charge you the actual net advance and **ALWAYS THE LOWEST MARKET PRICE.**

List of Common, Fence, Shingle and Flooring Nails.

20d, 30d, 40d, 50d, 60d	Same as base price
For 10d, 12d and 16d	add $0.05 to base price

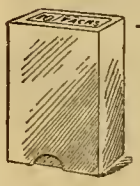
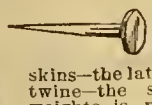
Brass Head Furniture Nails.

No. 71512 Brass Head Furniture Nails are used for upholstering or for nailing on the patent wood chair seats. Small size, per 100, 5c; large size, per 100.....8c

Cut Tacks.





Tacks are sold in packages of various sizes, known as full weights, half weights, quarter weights and skins—the latter mostly paper and twine—the size known as half weights is most convenient for ordinary use and is what is sold by the best and most reliable dealers. All tacks quoted by us are guaranteed strictly genuine half weight papers. For ingrain carpet use 8 oz. tacks; for Brussels carpet use 10 oz. tacks; for extra thick Brussels carpet use 12 oz. tacks. To tack curtains on spring shade rollers use 1 oz. tacks. There are 370 tacks in a half weight paper of 8 oz. cut tacks or nearly four times as many as in count tacks of 100 in a paper.

WOOD SCREWS.

No. 71580 Full size cut showing actual size of screws up to 3 inches in length and No. 20 in diameter. Hence, in ordering wood, blued, brass or nickel-plated screws, you can tell from the cut what size you will need. Screws are now almost as cheap as nails. Better goods than we offer are not made. We list below the sizes most commonly sold, which we carry in stock and sell in any quantity. We can furnish full packages of 1 gross of any size or any kind of screw wanted, but do not break packages on sizes other than listed below.

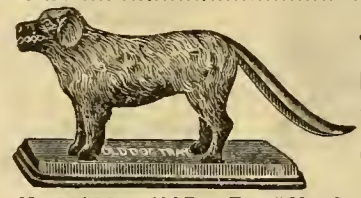
Nut Crackers.

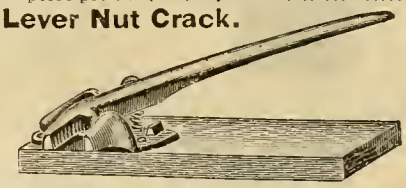
No. 71724. Nut Cracker, nickel plated; length 5 inches, each..... $0.06
Per doz..... .65



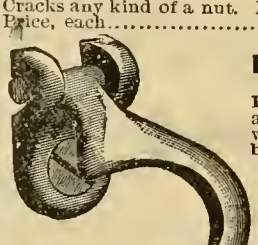
The Novelty Nut Cracker.

No. 71726 "Old Dog Tray" Nut Cracker is a decided novelty and a most excellent nut cracker of large capacity; made entirely of iron; will crack any nut not larger than 1⅛ inch in diameter. Lift up his tail and he opens his mouth; when he gets hold he hangs on. This dog is mounted on an iron base 10 inches long, 3½ inches wide. The dog is 13¾ inches long from nose to tip of tail, stands 6¼ inches high, weighs complete 5½ lbs. Dog's body is black with painted eyes; base is painted red. It is often used to sit on the floor to hold doors open to desired position. It looks much nicer than a brick covered with carpet that is often used for this purpose. Retails in Chicago stores for 50c.
Our price per doz., $4.00; each.....35c

Lever Nut Crack.



No. 71727 Lever Nut Crack. The kind that confectioners, bakers and dealers in nuts use. Cracks any kind of a nut. Mounted on wood base. Price, each.....18c.



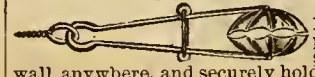
Broom Holders.

No. 71728 Broom Holder. A very simple and useful arrangement, which always keeps broom in good shape.
Each..... 4c
Per doz.....38c

The Acme Broom Holder.

No. 71729 The Acme Broom Holder is much superior to any that we have ever seen. It is handsomely nickel plated and has books to hang the dust pan and brush on. Projects four inches from the wall. Weight, 5 oz. Fastens to wall with two screws.
Price, each..... 8c
Per doz.....87c

Towel Holder.



No. 71732 Towel Holder, nickel plated, can be screwed into the wall anywhere, and securely holds the towel.
Price, each.....10c.

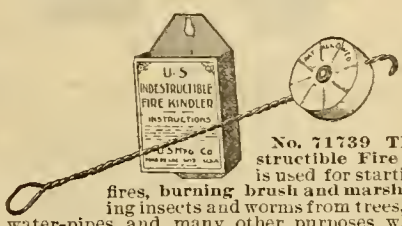
Lamp Chimney Stoves.

No. 71735 Lamp Chimney Stove. Fits any ordinary crimped top lamp chimney, as shown in cut. Water may be boiled in a few minutes
Price, each....3c; Per doz.....33c

Alcohol Stove.

No. 71736 Alcohol Stove. No possibility of danger; base tightly packed with cotton; cover extinguishes the flame; nicely finished; the whole neatly packed in box. An exceedingly useful article at all times.
Each.....12c

Fire Kindler.



No. 71739 The Indestructible Fire Kindler is used for starting wood fires, burning brush and marshes, burning insects and worms from trees, thawing water-pipes and many other purposes which will suggest themselves to the user. We do not furnish the can shown in cut. Length, 12 inches; weight, 5-oz.
Price, each.....10c

Toy Sad Irons.

No. 71745 The Jewel Toy Sad Iron has a wood handle. The top of iron is bronzed. The body of iron is polished and nickel plated. Weighs 10 oz. Packed in pasteboard box with stand. Price for iron and stand, 10c

No. 71746 The Baby Sad Iron is a small size of the well known Mrs. Potts pattern, like cut, and has the same artistic finish. Has detachable wood handle. Weighs 12 oz. Packed in a pasteboard box with stand. Price for iron and stand...17c

No. 71747 The "Lace Sad Iron" is a very finely finished sad iron of the Mrs. Potts pattern (see cut 71746). While it is sometimes sold for a toy, it is a great favorite with the ladies for doing fine work, such as laces, etc. Has one round end, and is finely polished and nickel plated. Has detachable wood handle. Weighs 1½ lbs. Packed in a pasteboard box with stand. Price for iron and stand.....25c

Braided Cotton Clothes Lines.

Braided Cotton Clothes Lines are used for many purposes, such as driving lines, awning ropes, sash cords, etc. They are practically waterproof, and will not kink. Will outlast six common ones.

	No. 71813	No. 71814	No. 71815
Length,	50 feet.	75 feet.	100 feet.
Each.....	$0.20	$0.30	$0.40
Per doz.....	2.25	3.30	4.25

Galvanized Wire Clothes Lines.

No. 71818 Wire Clothes Line, 100 feet long, made of 6 strands of No. 18 wire. Flexible and will not rust. Per doz., $2.20; each.....19c
No. 71820 Wire Clothes Line, 100 feet long, made of 6 strands of No. 20 wire. Each.....$0.16
Per doz..... 1.80

Wire Rope.

No. 71825 Standard Hoisting Rope, is composed of 6 strands, 19 wires to the strand, laid about a hemp center. This construction makes a flexible rope, which can be used over drums and shafts of moderate size. Ropes of this kind are generally used for hoisting purposes in shafts, elevators, quarries and on inclined planes and slopes. We will not take back wire rope if sent as ordered.

Diameter.	Size Sheave	Price per foot.
⅜-inch	1¼ ft.	4½c
½-inch	2 ft.	4½c
½-inch	2 ft.	4½c
⅝-inch	2½ ft.	6½c
⅝-inch	3 ft.	7½c
¾-inch	4 ft.	10c
⅞-inch	5 ft.	12c
1 -inch	6 ft.	16c

Size of sheave given in above list is the smallest diameter of sheave over which this rope should be used. If used over sheaves larger than size given above it will be better.

Parties ordering wire rope for the first time should give full particulars of the work the rope has to do, the size of drums, pulleys, curves, etc., and if rope ordered is not suitable, advice will be given.

Wire Guy Rope.

No. 71826 This rope is composed of 6 strands (seven wires to a strand), laid about a hemp center. All the wires of each strand are coated with zinc so that the rope is proof against the action of the atmosphere. This rope is not suitable to be run over drums or pulleys, but is to be used for guys, etc.

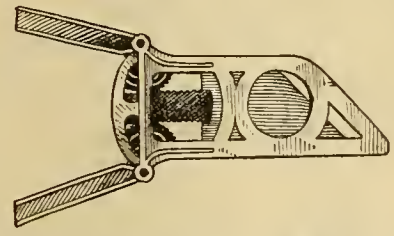
Per doz..... 1.08

Newton & McGee's Draw Cut Patent Dehorner.

With Latest Improvements.



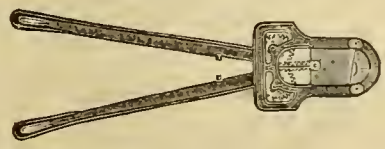
The frames are made of best malleable iron, and the blades of the best steel. Cuts perfectly smooth, heals quickly and causes the animal very little pain. They are fully guaranteed in every respect, and if any part should break from a flaw or defect, we will replace same without expense to the purchaser. They are made in three sizes.

No. 71891 No. 1 Draw Cut Dehorner, is for calves only. Has a 2-inch opening. Length, 2 feet 3 inches; weight, 4½ lbs. Price, each.....$2.95

No. 71892 No. 2 Draw Cut Dehorner, as described above, for young and medium-aged cattle. Has a 3½-inch opening. Length, 3 feet 4 inches; weight, 12 lbs. Price, each..... .$5.00

No. 71893 No. 3 Draw Cut Dehorner, as described above, is for either young or old cattle. Has 4½-inch opening. Length, 3 feet 8 inches; weight, 17 lbs.
Price, each.....$5.80

Leavitt's Double Power Bull Dehorner.



No. 71894 One sliding blade does all the cutting. It has double-power, the same as our double blade clipper. The end malleable head has a malleable circular blade made fast to head. This is the most powerful single-blade clipper made. Except the malleable end blade, it is the same as No. 71895, and having double power, it clips clean. It will clip any size horn, weight, 14 lbs.
Price, each.....$4.50

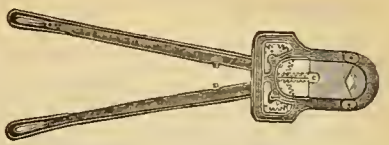
Dr. H. W. Leavitt's Latest Dehorning Clipper.

No. 71895 The most powerful instrument for dehorning cattle made. Points of excellence: Twice the power of any other; it is made without rivets; has only three bolts; do not have to remove handles to take out blades; when knife wears off the cogged plunger can be moved down one cog in handles and make Clipper same as new; handles only have to be moved one-half the distance of any other dehorning clipper now made; it has two Shearing Blades. Don't buy one cutting blade Clippers, they will crush the horn on one side, but with two shearing blades you cannot crush the horn, but get a nice, smooth cut every time.

By its construction, as shown in the above cut, you will see that it has a set of cogs in frame as well as in the cogged plunger, which enables the knife to be moved twice as far by the same movement of the handles, or the instrument is manipulated by a movement of the handles one-half the distance of our old patent.

With this Clipper, the handles do not go far enough apart in opening the blades full, to prevent the operator having ample purchase, and twice the power of any other Dehorning machine made. This alone is a most desirable feature, as we have power enough to clip any large horn with perfect ease to the operator. Will clip either small or large horns. Weight, 14 pounds. Price.....$5.65

Leavitt's "V" Shape Blade Dehorner.



No. 71896 "V" Shape Blade Dehorning Clipper, which cuts all around the horn as handles are closed. Knives cannot interlock or cut into each other. Has double power and is guaranteed to be superior to any other Dehorner made. This style Dehorner will clip any size horn, from cattle of any age, smooth and clean. Constructed like No. 71895 except the shape of blade. Weight, 14 lbs.
Price, each.....$5.75

Shepherds' Crooks.

No. 71898 Scotland Pattern Shepherds' Crook, light polished cast-steel, no handle. Price, each, 64c
No. 71899 American Pattern Shepherds' Crook, heavy polished cast-steel, no handle. Price, each, 79c

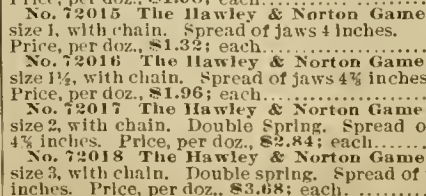
Animal Pokes.



No. 72000 Animal Poke like cut. Price, each..$0.30; Per doz.... 3.30

Hawley & Norton Game Traps.

The Hawley & Norton Game Traps are manufactured by The Oneida Community, Limited, at Kenwood, N. Y., the makers of the genuine Newhouse traps. They also make a cheaper line of traps, so in comparing our prices with those of other houses see that the words Hawley & Norton are stamped on the pan of each trap.

The "Hawley & Norton," while almost identical in form, is made somewhat lighter than the Newhouse throughout, and therefore cheaper; but it is a good, reliable trap, with a great reputation of its own.

Nothing but the best crucible steel is used for the springs. The springs are all tested before leaving the factory, and all the other parts are carefully inspected, the traps being set and sprung to insure their working correctly.

We do not illustrate the Hawley & Norton, as the cuts of same sizes in the Genuine Newhouse traps—which is the next line listed—will show what they look like.

No. 72014 The Hawley & Norton Game Trap, size 0, with chain. Spread of jaw 3½ inches. Price, per doz., $1.08; each.....10c

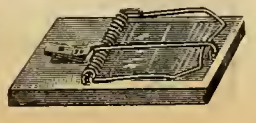
Price, each.....4c



ICE SKATES

For this season we have a line of skates that have all the latest improvements. The material from which they are made is the **best that can be obtained.** The workmanship is carefully inspected. The clamping mechanism has been **proved to be perfect. We guarantee all our skates to be equal to the best goods made. SHIPMENT OF SKATES:** The average weight of a pair of our skates is 35 ounces. They can be sent by mail to any part of the United States for 35c. The average express charges are from 25c to 45c to almost any part of the United States. Possibly **OUR CHEAPEST SKATES will not make a profitable shipment when ordered alone,** but if ordered by freight to be **packed with other goods the freight is comparatively nothing. Postage must be paid in advance.** Express charges or freight charges can be paid at your station when goods are received. Remember always that the **larger the purchase the smaller will be the freight charge in proportion to value of the goods.** If they can be shipped to your address by express for less money we will ship cheapest way. **One hundred pounds will always make a profitable shipment** anywhere regardless of value of the goods. We often receive orders like the following: "Send me one pair of skates, No. 9." We don't know if it's for a No. 9 child's shoe, a No. 9 man's shoe, or a 9-inch shoe. **THIS SEASON WE WILL NOT ATTEMPT TO FILL ORDERS FOR SKATES UNLESS SIZE WANTED IS GIVEN IN INCHES.** Order early—you want skates when there is skating—order early and you will have them when you want them; and we repeat, **STATE LENGTH OF SHOE IN INCHES WHEN ORDERING. If ordered sent by mail, send us 35c more to pay postage.**

No. 72060 Our Boys' Skate. Made of **rolled cast steel.** Plates, clamps and all attachments made of **cold rolled steel.** Bright finish. Sizes, 8 to 12 inches.

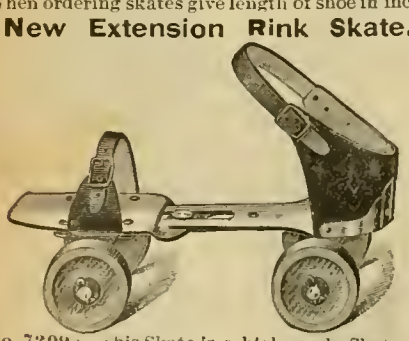
Price, per pair.....$2.45

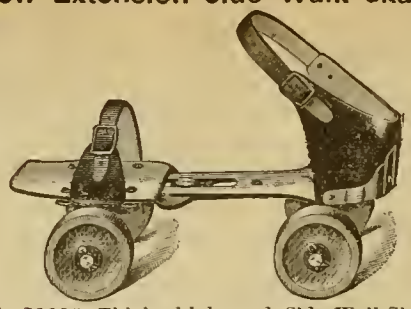
When ordering skates give length of shoe in inches.

New Extension Rink Skate.



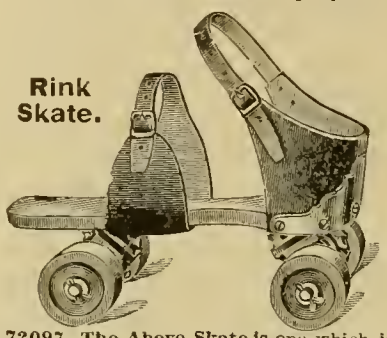
No. 72095 This Skate is a high-grade Skate, and may be used for sidewalk as well as for rink purposes. Is a better grade sidewalk skate than other shown. For rink use it is the most desirable strap Skate which we make. Experience has proved this to be a desirable Skate, as the adjustment is easily made, is strong and durable, and will hold the Skate where it is put. The heel and toe plates are of the best homogeneous open hearth steel, and will not break in use. The trucks are oscillating, and have rubber cushions. These trucks have been in use for many years, and have proved to be perfect in every respect. The Skate has grain leather heel and toe straps, and the heel band and buckles are nickel plated, and it has boxwood wheels. Only one size required. Price, per pair..... $1.75

New Extension Side-Walk Skate.



No. 72096 This is a high-grade Side-Walk Skate, which is easily adjusted, and from experience has been proved to be the most desirable extension skate possible. The adjustment, while easily made, is strong and durable, and will hold the skate where it is put and gives no trouble. The heel and toe plates are of the best homogeneous open hearth steel, and will not break in use. The skate is full strapped, with nickel heel band and buckles. Price, per pair....48c

Rink Skate.



No. 72097 The Above Skate is one which is desirable for rink use. Has oscillating trucks, rubber cushions; the top is of beechwood, the wheels of boxwood, the straps of black pebbled leather with tongue buckles, and the heel band is nickel plated. We do not carry this skate in stock and cannot sell less quantity than 1 doz. We deliver these skates free on board cars at factory in Connecticut.

Price, per doz. pairs.....$12.50

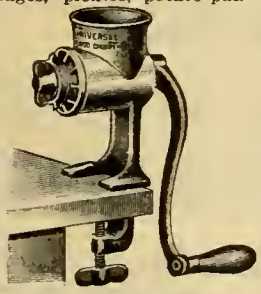
Special circular illustrating a complete line of large Coffee and Spice Mills, suitable for grocers' and druggists' use, will be sent free to anyone on request.

The Universal Food Chopper.

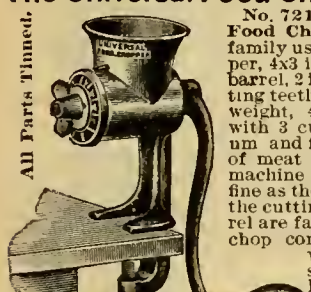
Will chop all kinds of meat, raw or cooked, and all kinds of fruits and vegetables into clean-cut, uniform pieces—fine or coarse as wanted—without mashing, and with great rapidity. It does away with the chopping knife and bowl entirely, doing its work in one-tenth of the time and producing an absolutely uniform product. It is so simple in construction that a child can take it apart and put it together in half a minute. All parts are interchangeable and strictly guaranteed. It is a machine that will be used every day in the kitchen, and will last a lifetime in family use. Every housewife knows that a machine of many parts, difficult to take apart and clean and put together again, is never used but a few times. **The Universal Food Chopper** commends itself by its great simplicity no less than by its cleanliness, rapidity and the great variety of its work.

The Universal Food Chopper chops rapidly and without mashing, and in pieces as fine or coarse as wanted; meat, apples, citron, figs, raisins, etc., for mince pies; vegetables, meat, chicken, turkey, etc., for hash; cabbage, carrots, celery, onions, parsley, etc., for soups; clams, fish, pork, vegetables, etc., for chowder; corn, clams, oysters, etc., for fritters; bread, cake, giblets, meat, etc., for stuffing; lobster, veal chicken, turkey, celery, cabbage, etc., forsalads; ham, chicken, tongue, veal, beef, egg, cheese, sardines, etc., for sandwiches; horse radish, slaw, etc., for relishes. Also invaluable for preparing veal and beef loaf, patties, sausages, pickles, potato pancakes, head cheese, fish cakes, potted meats, fruit and nut cake, Welsh rarebit and croquettes.



No. 72155 The Universal Food Chopper. All parts tinned. No. 1 for family use. Diameter of hopper, 3x2½ inches; diameter of barrel, 2 inches; has 14 cutting teeth inside the barrel; weight, 4 lbs.; furnished with 3 cutters—coarse, medium and fine. Chops 2 lbs of meat per minute. Price, complete...$1.50

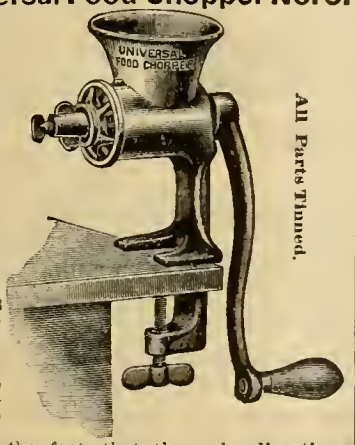
The Universal Food Chopper No. 2.



No. 72156 The Universal Food Chopper No. 2. For family use; diameter of hopper, 4x3 inches; diameter of barrel, 2 inches; has 12 cutting teeth inside the barrel, weight, 4¾ lbs.; furnished with 3 cutters—coarse, meum and fine. Chops 2½ lbs. of meat per minute. This machine will chop just as fine as the No. 1, but because the cutting teeth in the barrel are farther apart, it will chop considerably coarser when that is desired. It stands higher from the table, and has a larger hopper than the No. 1. All sizes of the Universal Food Chopper are so made that the substance to be chopped is instantly carried in practically its original condition to the end of the barrel, where it is cut by the revolving knives. The juices of the food are therefore not squeezed out. Whatever is being chopped lubricates all bearings where friction occurs. Every machine warranted to last a lifetime in family use.

Price, complete.....$1.75

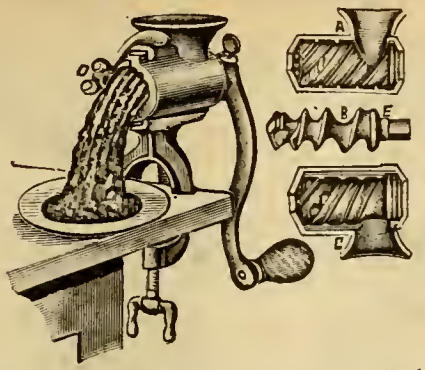
The Universal Food Chopper No. 3.



No. 72157 The Universal Food Chopper No. 3 for large families, restaurants, hotels and small markets. Diameter of hopper, 5x4 inches; diameter of barrel, 2⅜ inches; has **12 cutting teeth** inside the barrel; weight, 8 lbs; capacity, 3 lbs. per minute; furnished with 4 cutters, very coarse to to fine. The great simplicity of the "Universal" is shown by the fact that the only directions about using it are to screw the cutter up fairly tight in cutting raw meat—for all other substances, just tight enough to give a little resistance to the crank. A scrap of bread or cracker chopped the last thing entirely cleans out the very little remaining, even after chopping sticky or greasy substances. **Every machine warranted to last a lifetime in family use.**

Price, each.....$2.25

Our $1.25 Meat Chopper.



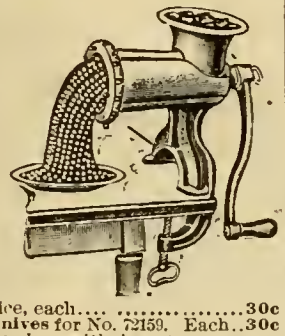
No. 72158 "A Meat Chopper That Chops", simple, durable, handy, cheap, easily cleaned, **can be taken apart** (as shown in cut) and put together again in less than one minute.

ALL PARTS ARE HEAVILY TINNED TO PREVENT RUSTING.

.. .CUTS LIKE A PAIR OF SHEARS. ..

Runs easily, cuts either meat or vegetables. **Cutters are self sharpening.** No family need be without a meat chopper. Our price.....$1.25

Genuine Enterprise Meat Choppers



The Enterprise Meat Cutters cut the meat on the same principle as a pair of shears. By means of the stuffing attachment which we furnish at a small additional cost, they make excellent sausage stuffers.

Ice Chisel.

No. 72276 Ice Chisel, 4 prongs, solid steel blade. The very best ice cutter that we know of. Will cut a much larger block than one would suppose. Weight, 9 oz.
Each.....9c

Ice Shredder.

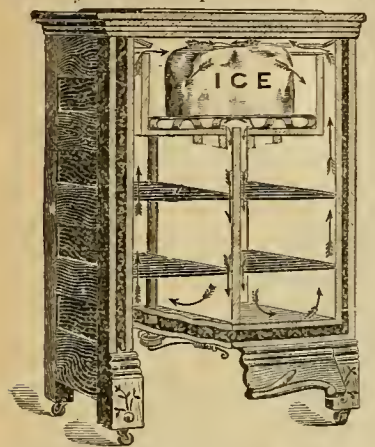
The operation of our shredder requires no explanation, being simply to draw the blade upon a piece of ice—the pressure applied producing fine or coarse pieces, as desired. To remove the finely cut ice from the cup, grasp the shredder firmly in the right hand and strike it, inverted, upon the left, at the same time being careful to keep the lid closed. Then scrape the ice into some convenient receptacle. It is not necessary to take the ice out of the refrigerator, as you may reach in and fill the cup from the side, end or top of a cake of ice without disturbing anything or wetting your hands. Its use will be appreciated for fruits, drinks, oysters and clams on the half shell, olives, celery, radishes, iced tea, sliced tomatoes, etc., and for many purposes in the sick-room. It is also adapted for the use in making "snow balls," which are variously flavored and sold to children on the streets and at their schools, also to the general public at fairs. Men engaged in making "snow balls" are making from $5 to $9 per day.
No. 72280 Price, each, tinned.....53c

BUY A SEASON'S SUPPLY

of Merchandise in one bill. GET YOUR NEIGHBORS TO JOIN YOU. Let all your goods come in one shipment and get the lowest possible freight rate. WE HAVE MANY CUSTOMERS who at least twice each year, SPRING AND FALL, join with their neighbors and send to us for several hundred dollars worth of goods at once. They get our lowest wholesale prices, the lowest freight rate, buy just as cheap as any retail dealer can, save all the dealer's profit and have one hundred times the assortment to select from.

OUR REFRIGERATOR DEPARTMENT

We offer the Acme Refrigerators as the highest grade dry cold air refrigerators on the market.



FROM THIS ILLUSTRATION WE ENDEAVOR TO SHOW the construction of our Acme Refrigerator. The illustration shows the circulation of the air, arrangement of shelves and drip cup in position. It will be noticed that the air after passing over the ice falls directly under the provision chambers, displacing the warmer and lighter air and forcing it up the flues on either end, where, by contact with the ice it is purified, cooled, and again falls, thus keeping up constant circulation.

PLEASE NOTE that we do not have any condensation on exposed metal plates, but carry the air directly to the ice, which is the greatest purifier known to modern science.

THESE REFRIGERATORS are constructed with an inside case of odorless and tasteless lumber, matched and clamped together with nails and glue, and fastened to hardwood cleats, making it a thoroughly air-tight, strong cabinet in itself. The insulator used is charcoal sheathing, which is odorless and tasteless, and a perfect non-conductor.

THE OUTSIDE CASE OF OUR CHEAPEST LINE IS SOLID ASH, and on our finer grades it is of solid antique oak, highly polished. It is nailed and glued to the cleats which bind the inside case, thus making it one of the strongest and most durable refrigerators ever built.

THE DRIP CUP IS SHOWN IN THIS CUT CLOSED. To empty it, pull the wire and it will throw it over. The spring between the cup and loop will spring into position again. This is a very strong feature in our refrigerators, and is protected by U. S. patent.

ALL THE WOOD IN THE PROVISION CHAMBER is covered with metal, and there is no chance for it to become tainted or musty. On all our Acme Refrigerators the foot-board is fastened with hinges instead of dowel pins; hence if broken off can be quickly repaired by any one.

DO NOT COMPARE this Acme line of refrigerators with the many cheaper grades on the market, poorly constructed, often made of elm wood, and not built on scientific principles. We could furnish you a refrigerator for much less money, but could not guarantee it as we can the Acme.

WE BELIEVE OUR CUSTOMERS are entitled to the best, and we have carefully arranged with the manufacturers to supply us with as high grade a line of refrigerators as can be built. Every piece and part of the material used is of the very best, and the finish the very highest. Our refrigerators are paneled, top, sides, back and bottom, and finished as in no other makes.

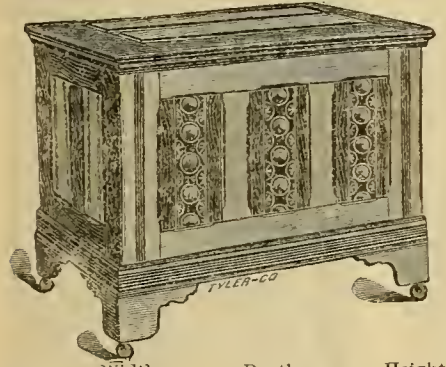
OUR CHEAPEST REFRIGERATORS have all the latest improvements that can be found in the highest grade of other makes; in fact, the Acme possesses all the good points of every refrigerator made, with the defects of none.

OUR BINDING GUARANTEE. We guarantee every Acme refrigerator to be made of the very best material throughout, to be constructed on the latest improved and most scientific principles, to be found exactly as represented in every respect, and to give universal satisfaction; and if found otherwise than as stated we will cheerfully refund any money sent us and pay freight charges both ways.

OUR LIBERAL TERMS: We will ship refrigerators to any address anywhere in the United States upon receipt of a sufficient deposit to cover freight charges both ways. You can examine the refrigerator at your freight depot, and if found perfectly satisfactory and exactly as represented, pay the freight agent our price and freight charges, less the amount sent with order.

Our Acme Hard Wood Ice Chest at $2.87 to $7.80.

We offer the best made ice chest in the market at from $2.87 to $7.80, and we would invite you to compare these prices with those of any other house, and if we cannot save you money and furnish you a much better chest we will not ask you to send us your order.



Please observe these chests weigh from 65 to 180 lbs., and when ordering to be shipped C. O. D. be sure to enclose enough to **cover freight charges both ways.** Balance and freight charges you can pay when the chest is received.

The Acme ice chest as illustrated is made of hard wood, has beautifully carved panels, is lined throughout with **extra heavy metal, wooden slat rack** on bottom for ice, **heavy metal** shelves. It is mounted on the very best anti-friction casters, and is offered to you as a first-class chest for little money. This chest has no circulation.

No.	Width, inches	Depth, inches	Height, inches	Weight, pounds	Price
72300	25	17½	24	70	$2.87

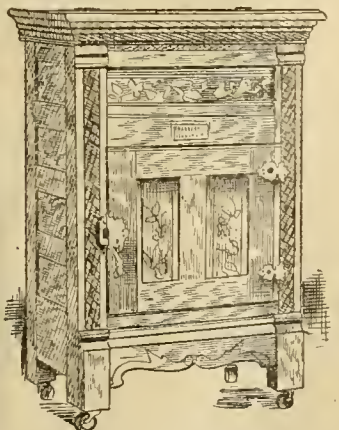
72303	30	21	30	115	4.87
72304	35	20	29	125	5.47
72305	41	24½	36	180	7.80

The above dimensions are outside measurements.

Our Acme Single Door Refrigerator at from $5.48 to $10.66.



For general description and construction of refrigerator see heading. Understand every refrigerator is guaranteed to be exactly as represented, to contain all modern improvements of every first-class refrigerator made, with the defects of none, and if not found so may be returned at our expense and **your money will be cheerfully refunded.**

The illustration, engraved from a photograph, will give you some idea of the appearance of **this beautiful single door refrigerator.** As previously described, it is manufactured of kiln-dried ash lumber, beautifully finished antique, brass lock, fancy surface hinges, anti-friction castors.

All these refrigerators above $5.48 are fitted with two shelves and provision chambers.

No.	Width, inches	Depth, inches	Height, inches	Weight pounds	Ice capacity, pounds	Price
72306	23½	16½	39	100	36	$5.48

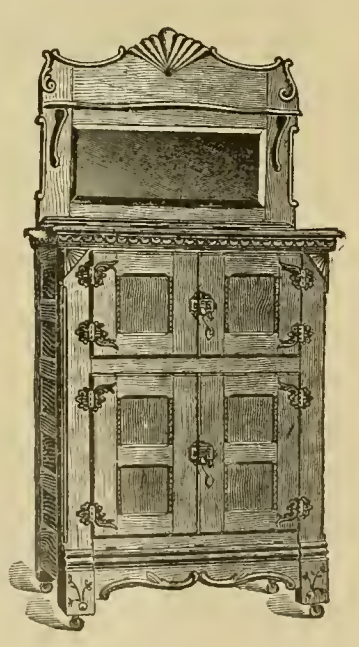
Our Acme Combined Dry Air Refrigerator and Sideboard for from $17.22 to $22.30.

OUR REFRIGERATORS are made by one of the best known manufacturers. Material and workmanship are perfect and satisfaction is warranted.

$22.30 is our price when sent by freight C. O. D., subject to examination on receipt of sufficient deposit to cover freight charges both ways.



This Refrigerator is an entirely new design for this season, and one of the handsomest and best we have to offer. It is made from the very best selected kiln-dried oak, finished antique, highly polished, beautifully carved. It is trimmed with fancy heavy bronze trimmings throughout. The top is solid and makes a very useful sideboard, besides being a perfect refrigerator. As will be seen from the illustration, the upper doors are arranged so that the ice can be placed in the chamber without the inconvenience of raising the upper lid, and when the ice does not fill the large chamber it serves as a place for storage around the ice.

The ice chamber of this refrigerator is made extra large, and will take artificial ice. It is constructed with a view to giving the greatest amount of room possible. We recommend this refrigerator, either with or without sideboard, above all others. It is the most popular size, is highly finished, and possesses the good points of every refrigerator made, with the defects of none. We do not hesitate to guarantee it in every respect, and we are offering it at about one-half the price charged by retail dealers. We can only repeat that when comparing our prices with those of other houses, be sure that you are comparing ours with a high-grade, antique oak refrigerator, one which is made in the best possible manner, from the very best material on the latest and most approved scientific principles.

No. 72325 Width, 37 inches; depth, 22½ inches; height of refrigerator, 50 inches; height to top of sideboard, 77 inches; shipping weight, 295 lbs.; ice capacity, 115 lbs. Price, as shown in cut $22.30

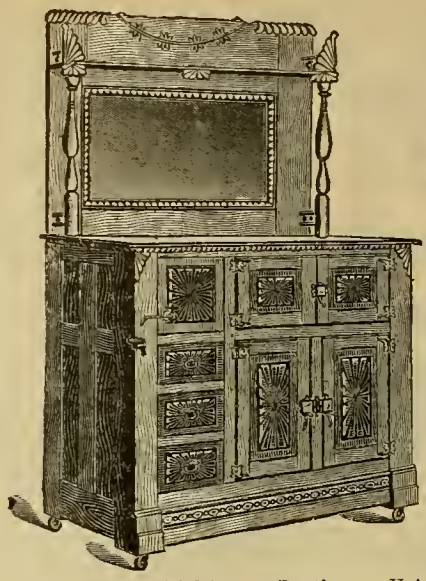
Price, without sideboard 17.22

Refrigerator Pans.

The Seamless Refrigerator Pans are made of the very best material, and galvanized after they are made, having no seams to break or leak. They are the most desirable pans to buy. We have 3 sizes:

No. 72326 Height, 13¼ inches; depth, 4 inches. Price, each 18c
No. 72327 Height, 14¾ inches; depth, 4½ inches. Price, each 20c
No. 72328 Height, 16½ inches; depth, 5 inches. Price, each 24c

Our Highest Grade Acme Dining-Room Sideboard and Refrigerator Combined, $45.00.

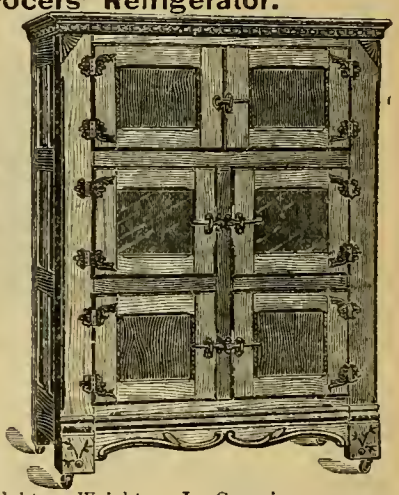


During the past several years our customers have asked us to make a combined sideboard and refrigerator, suitable for a well furnished dining-room, consequently we have designed and made one, as shown by the illustration. It is a combination of sideboard, refrigerator and water-cooler. They are made of selected kiln-dried quarter-sawed oak, rubbed and polished. The refrigerator is entirely separated from the tank for ice-water, and the drawers behind have a double partition lined with non-conducting material. It contains all the improvements of our celebrated Acme, and is one of the handsomest pieces of dining-room furniture furnished in the country. It is not only highly polished, but is heavily paneled, beautifully carved, decorated and ornamented. It is fitted with a very large beveled glass French plate mirror. Trimmed throughout with heavy fancy bronze trimmings, old copper finish, and is the handsomest thing in the way of a refrigerator ever produced.

	Width.	Depth.	Height.	Shipping Weight.	Price.
No. 72329	56 inches.	26 inches	87 inches.	500 lbs.	$45.00

Our Acme Grocers' Refrigerator.

We offer this refrigerator at from $33.00 to $37.50, and would ask you to compare it with any refrigerator you can buy elsewhere for $50.00.....



We guaranttee this the highest grade Grocers' refrigerator made. The prices quoted are our regular prices when to be shipped by freight C. O. D., subject to examination, on receipt of sufficient deposit to cover freight charges both ways.

This refrigerator is made from selected kiln-dried ash, highly polished and beautifully ornamented. Made with special hinges, adjustable shelves, very best improved insulation, perfect dry air circulation.

	Width, in.	Depth, in.	Height, in.	Weight, lbs.	Ice Capacity, lbs.	Price.

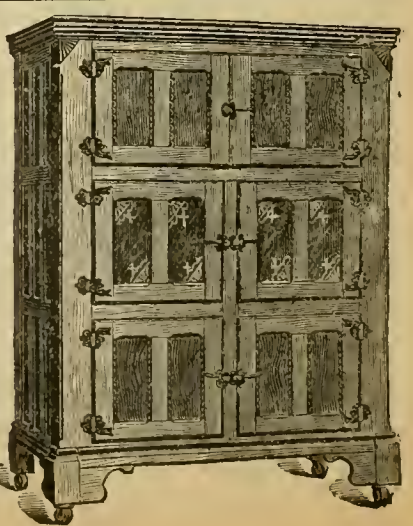
No. 72331	50	33	70	600	306	37.50

Our Acme Grocers' Refrigerator at $48.00 and $60.00.

Thousands of our Acme Refrigerators have been furnished for Home and Store with the Greatest Satisfaction to every purchaser.



This Refrigerator is made from kiln-dried ash; has adjustable shelves, antique finish, perfect dry air circulation. Our $60.00 Refrigerator is made sectional, so that it may be taken down and passed through a narrow door or hallway, and set up again with comparative ease. Full directions for taking down and setting up accompany each refrigerator. In these refrigerators the rail between the upper and lower door, in the right hand partition chamber, is removable for the convenience of those who wish to put larger articles in than will go through the regular door, being arranged so that a quarter of beef, lamb, or other article can be placed in the refrigerator.

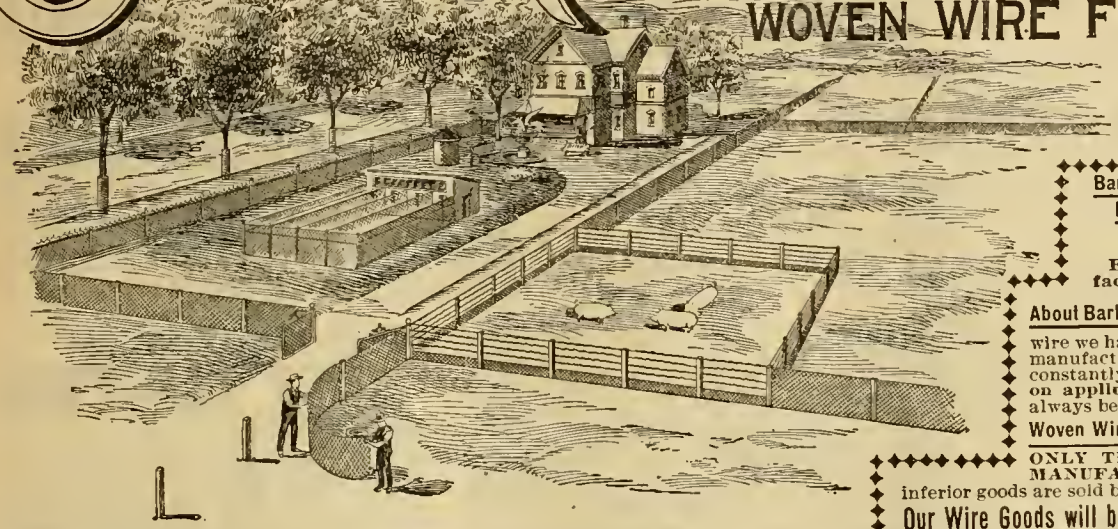
No. 72332 Width, 61 inches; depth, 37 inches; height, 81 inches; ice capacity, 536 lbs.; weight, 1,000 lbs. Price, $48.00

No. 72333 Width, 70 inches; depth, 41 inches; height, 89 inches; ice capacity 855 lbs.; weight, 1,200 lbs. Price, $60.00

SEARS ROEBUCK & Co.

INCORPORATED

POULTRY NETTING & WOVEN WIRE FENCING



WE ARE HEADQUARTERS

For Wire of All Kinds, and Everything Made of Wire.

Barbed Wire, Smooth Wire, Poultry Netting, Woven Wire Fencing, Wire Gates, Wire Screens.

Everything in wire goods at Manufactnrers' Lowest Prices.

About Barbed Fence Wire. For this season's supply of barbed wire we have arranged with one of the largest manufacturers in America. As the price is constantly changing we can only quote price on application. Barbed Fence Wire will always be CASH WITH ORDER.

Woven Wire Netting for Poultry, Fence, Screen, etc. WE OFFER ONLY THE BEST GRADE OF GOODS MANUFACTURED and for less money than inferior goods are sold by others.

Our Wire Goods will be found Superior to that carried by the average retail dealer or offered by other mail order houses. We offer you these goods in all the various size meshes and size wire suitable for the different uses for the Ranch, Farm, Lawn and Garden.

We guarantee all our Fencing and Netting to be made of size wire as stated in our description. When comparing our prices with others, please remember this and be sure competing price is for the same size wire. WE GUARANTEE EACH BALE to contain the quantity specified.

ABOUT THE FREIGHT. Freight amounts to next to nothing compared with what you will save in the price. For 500 miles it will, as a rule, add not more than five per cent to our cost.

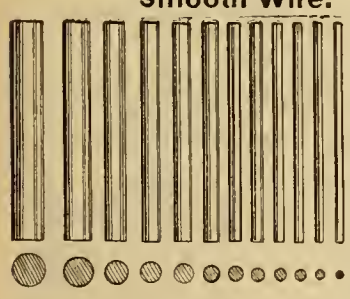
TERMS We will ship all wire goods, except barbed and smooth wire, by freight, C. O. D., subject to examination, on receipt of one-fourth the amount of purchase, balance and freight charges payable at your freight depot. Nearly all our customers send cash in full.

Barbed Fence Wire.

No. 72400 Galvanized Hog Wire.
No. 72401 Galvanized Cattle Wire.
No. 72402 Painted Hog Wire.
No. 72403 Painted Cattle Wire.

There is hardly anyone who now uses 4-point wire, as they have found by experience that 2-point Glidden pattern wire turns all stock, looks better and is not so liable to breakage. There is also a little more in length to the pound. We can furnish 4-point wire if our customers insist on having it. The hog wire has barbs about three inches apart, cattle wire about 6 inches apart. Price is liable to advance or decline any day, so we cannot quote a price for the season.

Smooth Wire.



9 10 11 12 13 14 15 16 17 18 19 20

The above illustration shows the different sizes exact. The illustrations are full size of wire and the number indicates the exact size. When we quote wire size by number refer to above and you can tell the exact size of wire.

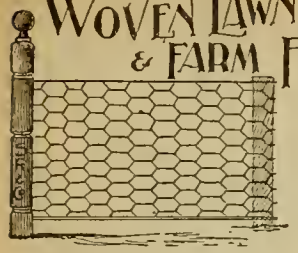
WOVEN LAWN, GARDN, & FARM FENCING



REMEMBER ...this is the CENUINE ACME NETTINC.

The Very Best Made.

CONSIDER the quality when ordering.

YOUR MONEY REFUNDED if goods are not found exactly as represented. Take nothing but the Acme Netting if you buy elsewhere. The highest grade wire fencing on the market. In the different sizes it is made suitable for all purposes. For lawn, gardens, orchards, cemeteries, parks, farm, pasture, railroads, or elsewhere. The Acme is the only fencing made of the best Bessemer steel wire, and having the heaviest possible galvanized plate, insuring it against rust.

DON'T BUY A POOR WIRE FENCE. The Acme Bessemer steel wire fencing is so far superior to all other grades, that it would be cheap at double the price of many The Acme will never break, never rust, and the tensile strain it will stand is simply wonderful. When all other fences give way, buy Acme for your pasture, your cowyard, or will endure any general purpose. Consider our liberal C. O. D. terms when comparing our prices with others.

Lawn Fence.

No. 72435

Genuine Galvanized Acme Woven Bessemer Steel Wire Fencing, with 2x4 Mesh.

Mesh made from No. 15 (see Illustration on page 779 for exact size of wire) wire with twisted wire rope selvage made from three strands of No. 14 wire; size of mesh, 2x4 inches. This, our No. 72435 Fence, for lawn, garden, etc., can be made very ornamental and beautiful by adding our No. 72475 fence ornaments or pickets, which we furnish as low as 6½ cents per foot. Our No. 72435 Wire Fencing, is especially adapted for beautiful lawn fencing, it is strong enough to stop large animals and small ones cannot get through it. It is compactly rolled in bales of 20 rods or 330 feet.

No. 72435 Made of No. 15 wires; mesh, 2x4.

Garden Fence.

No. 72436 Genuine Galvanized Acme Woven Bessemer Steel Wire Fencing, with 3x6 Mesh. Made from No. 14 wire (see illustration on page 779 for exact size of wire), with twisted wire rope selvage made from the three strands of No. 14 wire. Size of mesh, 3x6 inches. This is the best general purpose fence, strong enough to stop a bull, fine enough to stop dogs and other small animals

No. 72436 Made of No. 14 wire; mesh, 3x6.

Farm Fence.

No. 72437 Genuine Acme Galvanized Woven-Bessemer Steel Wire Fencing, with 4x8 mesh; mesh made from No. 13 wire (see illustration on page 779 for exact size of wire) with twisted wire rope selvage made from three strands of No. 13 wire. Size of mesh, 4x8.

This is one of the heaviest, strongest, woven-wire fences made and is suitable for all purposes, farm, pasture, railroads or elsewhere.

Remember the Acme is far superior to all other fencing, and yet our prices are as low, or lower, than others can sell the poorer grades.

No. 72437 Made of No. 13 wire; mesh, 4x8.

Best Galvanized Hog Fencing.

No. 72445 Best Acme Galvanized Hog Fencing. Mesh 4x8, made from No. 14 steel wire, with twisted rope selvage made from three strands No. 13 wire. Put up in bales of 20 rods, or 330 feet long, and sold only in full bales. The above illustration shows how this fencing can be used in connection with common or barbed wire. There are many inferior grades on the market and even such grades are sold at more than our price. It will pay you when buying wire fencing or wire netting to get THE ACME, the highest grade Bessemer steel galvanized wire made.

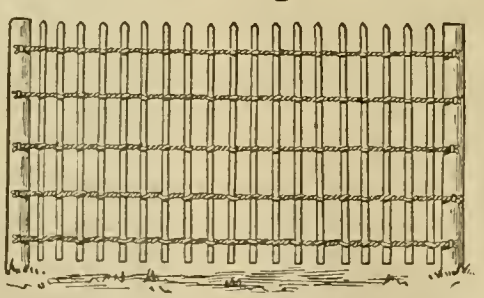
22-inch wide, per bale of 330 feet..... $4.90
26-inch wide, per bale of 330 feet..... 6.00

Our Sheep and Hog Fencing at $1.92 Per Bale.

For those who will be satisfied with a cheaper hog fence we offer in competition with what is commonly sold, a fencing made of No. 16 wire, with 3x4 mesh. We have this put up in bales 150 feet long, and do not cut bales. While the price is lower it is no cheaper, quality considered, than is our No. 72445 hog fencing. Remember our prices are governed by the quality of the goods we furnish.

No. 72446 Sheep and Hog Fencing. Mesh, 3x4; made of No. 16 wire, with double and twisted wire selvage. We do not advise our patrons to purchase this fence, as we do not consider the wire is heavy enough to give good service for hog fence. Before ordering, read description of the preceding hog fencing. Price, per bale, 150 ft. long, 24 inches wide. $1.92

Combination Wire and Picket Fencing.



This fence is made of fence pickets ⅝-inch thick, 1¼-inch wide, 4 feet long, which are pointed and dipped in an alkaline solution which preserves the wood, and colored red. These are then woven in between 3, 4 or 5 strands of galvanized wire, 2, 2¼ or 3 inches apart. Put up in rolls of from 6 to 8 rods. We furnish any number of even rods above six, but do not cut less than a rod.

	Cables	Pickets inches apart	Price per rod in carloads	Price per rod less than carloads

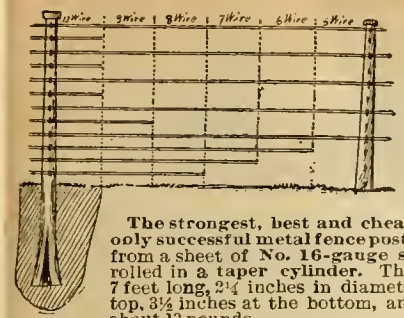
Freight is very little on this class of goods. We can always save you money. . .



STEEL FENCE POST.

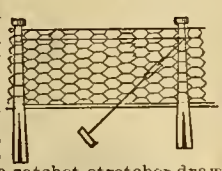
The strongest, best and cheapest—the only successful metal fence post—is made from a sheet of **No. 16-gauge steel, cold rolled in a taper cylinder.** This post is 7 feet long, 2¼ inches in diameter at the top, 3½ inches at the bottom, and weighs about 13 pounds.

ADVANTAGES—No post holes are required; it is driven into the ground. **As it is driven it spreads at the bottom** and antomatically anchors itself. Frost cannot heave it nor fire burn it. It is covered with a solvent guaranteed to resist rust in the ground for 15 years. **It will last a lifetime.** Five of these posts can be set in the same time required to dig a hole for a wood post. For full description send for **our special fence post catalogue,** mailed free.

The only special tools required for driving our steel posts are a **driving cap,** which is placed on the post while setting it, a pair of tongs for compressing the top of post for the permanent cap, a wooden maul. **The driving cap must be used.**

No. 72485 Price, per 100 posts, **$38.80;** each....**44c**
Plain Caps furnished free.

Steel Posts for Woven Wire.



No. 72486 For woven wire the post is punched near the top and below for the cable just the width of the netting. Fasten one end of the web to the end post, notice that it is square, that is, that the twists are above each other true. **At the other end pass the top cable through the post** and with a ratchet stretcher draw tight, then draw the lower cable until the intermediate wires are straight and even with the cables. Before stretching tight, the top cable should be stapled at intervals to hold it upright. **Do not try to stretch the web** unnaturally wide. In going over a hill, at the highest post fold the bottom cable back until the web will pass down straight on the other side. **In starting up a hill fold the cable back.** We can make posts for any other fence and have them **ready for shipment in four days** after receiving the order. State the kind of fence material you intend to use, and give spacing of the wires.

SCREEN DOORS

SCREEN DOORS are no longer considered a luxury but one of the necessities of modern life. The saving of damage to paint, paper, ceiling and furniture, and the saving of labor for cleaning in one season will pay the first cost of screens for a home. The screens which we sell if given a coat of paint when needed, are practically indestructible and barring accidents, should last as long as any other door. We have a superior line of these goods, and by buying them direct from the factory in large quantities for cash and selling them direct to the consumer with one small profit added we are able to offer them at prices as low as is usually got for the cheapest screen that can be procured.

No. 72530 Four-Panel Screen Doors (same style as shown in picture above) made from kiln-dried pine with stiles 3 inches wide. Bottom rail 7 inches wide. Flush mouldings. **Put together with hardwood dowels and glued joints.** They are finished and painted green with light mouldings; black or green wire-cloth—the best in the market—is fastened to the frame by being pressed into a groove and made secure with a wedge, avoiding the use of tacks. Cannot sag or stretch out. **Made only in the following sizes and no other sizes furnished.**

No. 72530

Thickness	Width	Height	Price, each
⅞-inch	30 inches	78 inches	49c
⅞-inch	32 inches	80 inches	50c
1⅛-inch	30 inches	78 inches	54c

Wire Flower Pot Stands.

Our stands are all guaranteed to be superior in design, strength, durability and finish to any other make now in the market. **They do not need boxing or crating.** Thousands of them have been **shipped to all parts of the country** without complaint of breakage or damage. They are very light and if not crated or boxed go at **actual weight** instead of 100 lbs. The casters have heretofore been a weak point in the flower pot stand, but by using an extra-heavy caster and attaching it without cutting away any of the leg we overcome this difficulty. **We have seen a man weighing 225 lbs.** stand with his whole weight over one leg of our stand **without injuring it in any way.** All our stands are handsomely finished in green and gold. **We guarantee safe delivery anywhere.** We guarantee against breakage in usage for two years.

EVERYTHING IN SCALES

YOU CANNOT AFFORD
to be without Scales to weigh
EVERYTHING YOU BUY.
EVERYTHING YOU SELL

EVERY FARMER should own either a set of Wagon Scales or Platform Scales. A farmer should not sell a load of Grain, a bale of Cotton, a Hog or a Steer that has not been weighed on his own scales.

YOUR SCALES will check mistakes and detect dishonesty and will pay the cost ten fold in a few years.

WE ARE HEADQUARTERS for everything in the line of Scales. We offer only the best goods and at prices that cannot be undersold.

OUR TERMS ARE LIBERAL.

WE WILL SHIP SCALES to any address, by freight or express, C. O. D., subject to examination, on receipt of sufficient deposit to pay transportation charges both ways, balance and freight or express charges payable after the goods are received.

OUR GUARANTEE. We guarantee all Scales to be absolutely perfect as to weight, made of the best material and the HIGHEST STANDARD ON THE MARKET. There are many cheaper grades on the market. We handle only the very best.

BEST FARM WAGON SCALE MADE.

We have contracted for a large number of these Scales, and at prices that enable us to give values . . . never before given. . . .

WE GUARANTEE THIS THE BEST WAGON SCALE EVER MADE. The construction is very simple, and great care has been taken to arrange it so anyone with even ordinary mechanical ideas can erect it successfully. All the materials are the very best possible. Brass beams, sliding polse and steel pivots.

BUILDING PLAN AND FULL DIRECTIONS SENT WITH EACH SCALE.

No. 72600 Capacity, 3 tons; shipping wgt. 600 lbs, size of platform, 8x14 ft; double beam. Price...$44.00
No. 72601 Capacity, 4 tons; shipping wgt, 675 lbs; size of platform, 8x14 ft; double beam. Price... 45.00
No. 72602 Capacity, 5 tons; shipping wgt. 675 lbs, size of platform, 8x14 ft; double beam. Price.. 48.25

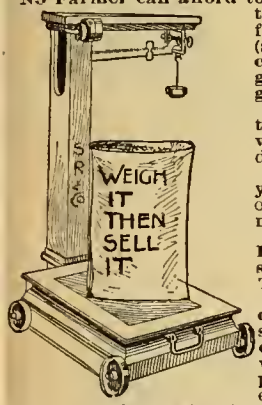
WE SHIP THESE SCALES, freight paid by us, to any railroad station in the United States east of the west line of North and South Dakota, Kansas, Nebraska, Arkansas and Louisiana. To points further we prepay on the freight the sum of $5.00, and let the purchaser pay balance of charges on receipt of Scale.

DON'T COMPARE THE SCALES WE OFFER with the many cheap, worthless Wagon Scales on the market. OUR SCALES ARE GUARANTEED THE VERY BEST, and quality considered, our prices are at least 33⅓ PER CENT. BELOW THE MARKET.

Our $9.00 Platform Farm Scale.

Guaranteed the Best Platform Scale on the market.

No Farmer can afford to be without a set of these scales. Capacity from 400 to 1,500 pounds (according to price). You can weigh every load of grain you sell before going to market.



Everything grown on the farm should be weighed; it isn't safe to do otherwise.

These Scales will serve you better than any other Platform Scales made.

DON'T FORGET OUR LIBERAL C. O. D., subject to examination, TERMS.

These scales are unquestionably the best scale made for the money. They are provided with the best of steel pivots carefully hardened—have no check rods to bind or get out of place. The platform rests on adjustable chill bearings which takes the wear directly off from the steel pivots, and the pivots remaining sharp, the scale acts quick and sensitive. Has wheels, wood center platform, sliding poise beam, sealed and tested. The greatest care is exercised in packing these scales for shipment.

DON'T BUY A CHEAP MADE PLATFORM SCALE. They are dear at any price.

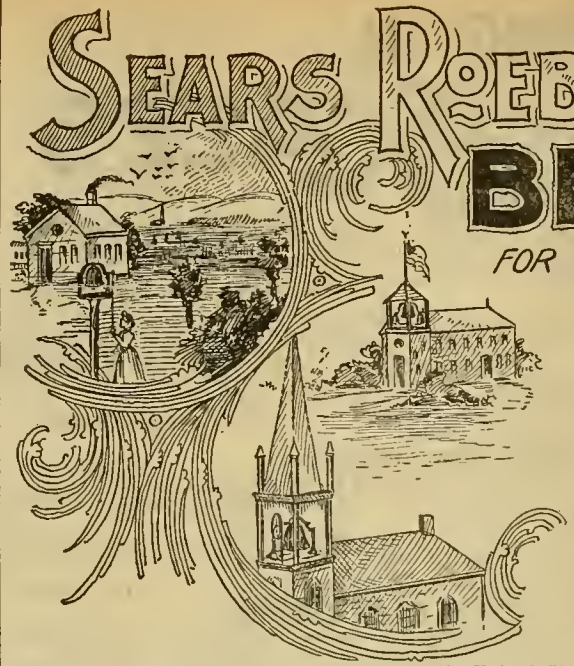
SEARS ROEBUCK & Co's BELLS

FOR FARM, SCHOOL HOUSE & ELSEWHERE.



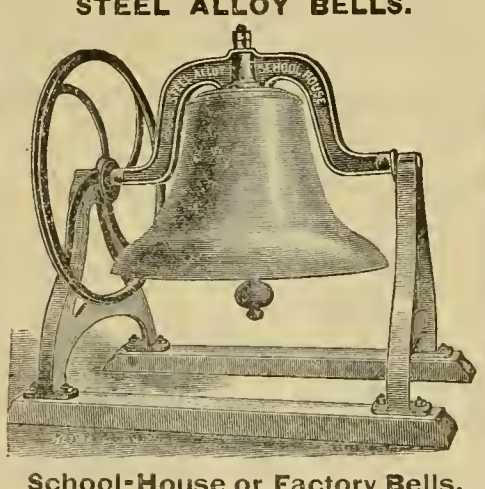
WE SELL MORE BELLS than any other three wholesale concerns in the United States combined.

LAST YEAR in addition to the thousands of Farm Bells shipped to every State and Territory in the Union, we shipped large bells for public buildings, such as school houses, churches, court houses, town halls, fire stations, etc., from Maine to California and from Minnesota to Florida. We supplied many of the largest bells used last season, and are prepared to make lowest prices on special large work on application.

WE HAVE RENEWED OUR CONTRACT with one of the largest, oldest and best bell makers in the United States. Our bells this season will be better than ever. They are made especially for us, and for tone and finish will be found superior to any other on the market, yet our prices are below all competition.

OUR TERMS. We will ship church or school bells by freight C. O. D., subject to examination, on receipt of one-fourth amount, balance and freight to be paid when received.

STEEL ALLOY BELLS.



School-House or Factory Bells.

Warranted 5 years.

No. 72750 Steel Alloy School-House Bells, made of an alloy of cast steel and crystal metal, and are of superior tone, finished and warranted against breaking with ordinary use for five years. For complete description, send for our Special Bell Catalogue. Mailed free.

These bells are CAST STEEL and CRYSTAL METAL, and can be relied on under all circumstances and in all seasons. Nos. 20 to 28 are school or factory bells, and are not suitable for churches. Nos. 30 to 54, inclusive, are recommended for churches.

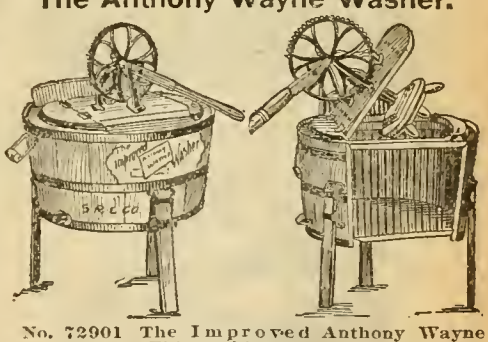
83c WASHER.

No. 72900 Our Acme Washer. The name given this Washer is synonymous with its work. It washes the clothes with less labor than any other washer, and will do a washing in half the time required by the old washboard. No sore fingers, and the operator is at a greater distance from the inhalation of the soap suds. No complications in its manufacture to get out of order. It is noiseless and a child can use it. It occupies but a small space when not in use. A washing can be done in half the time than by any other way. For washing woolens, flannels, blankets, lace curtains, etc., this washer cannot be excelled.
DIRECTIONS FOR USE: Soak wash over night in clear water with powder. Wring out, place in boiler or tub, adding soap and powder, and pound with Washer. Price, each.....83c

Washing Machines.

The Anthony Wayne and the Western Star and the Electric Washers are warranted to be well made out of good, dry, sound material, and to do good work better, easier and quicker than can be done on a washboard; they will wash clean and will not tear the clothes. This warrantee is good only when the machines are used according to directions.
Circular giving complete description of these machines, sent on request.

The Anthony Wayne Washer.

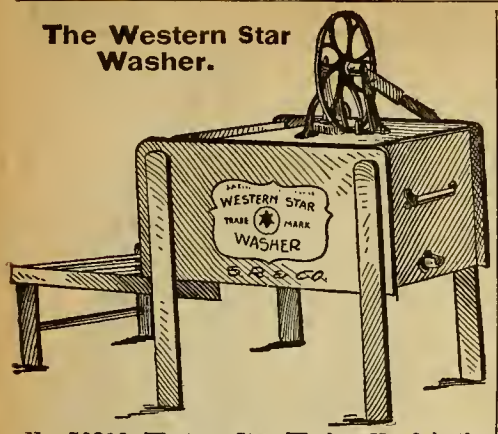


No. 72901 The Improved Anthony Wayne Washer No. 2. This machine is of the same capacity as the No. 2 Western Star. Made out of white pine, painted and grained an ash color. The staves and bottom are corrugated. Wringer can be attached. Shipping weight, 46 lbs. Price, each.....$2.45

Electric Washer.

Constructed of the best Virginia white cedar, and is stronger, more nicely finished, and larger than any round machine on the market. Supplied with our improved gearing, fully galvanized. Inside of machine is fully corrugated, similar to a washboard, there being no nails or blocks of any kind on the inside. The machine is made with large end of tub down, allowing plenty of room for water and clothes. The hoops are made of extra heavy galvanized wire, are electric welded, and are warranted not to break or fall off.
Instead of using a square wooden post to work the dolly we use a square galvanized iron rod, making it impossible to tear the most delicate fabric, as the dolly and standard are automatically adjusted to the quantity of clothes contained in the machine.
The Electric closes tight and retains the heat in the water for a long time, and prevents the odor of foul steam from clothes. The Washer can be used on a carpet without soiling same. Large convenient place for holding the wringer, which need not be moved while using the machine. Guaranteed to do the work and give satisfaction.
No. 72905 Made of the best Virginia white cedar, electric-welded wire hoops. Price.....$3.63

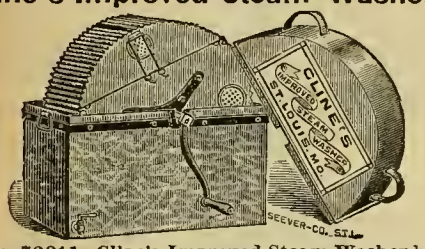
The Western Star Washer.



No. 72906 Western Star Washer No. 2 is the popular family size washer. Inside dimensions, 17¾x23¼x10¼ inches; capacity, 5 shirts or its equal in bulk. This machine is too well known all over the country to require any extended remarks in regard to its utility. It has been in the market so long that it is known by thousands of housekeepers to be the standard family machine. **The construction, material and finish of our Western Star Washer** will be held to the same high grade as heretofore and will not be excelled by any other make. **We wish to call attention to the fact that we do not use any nails** in this washer below the water line, and that all iron parts that come in contact with the clothing are heavily tinned, so that there is absolutely no danger of rust spots on the clothes. Shipping weight, 61 lbs. Price, each, only.....$2.44

No. 72907 The Western Star Washer No. 3, is made same as the No. 2, only it is larger. Inside dimensions, 19¼x25½x11½ inches; capacity, 7 shirts or its equivalent in bulk. **This machine is made to meet the demand for a Western Star Washer** of larger capacity. Suitable for large families, small hotels, etc. Weight, 68 lbs. Price, each.....$2.70

Cline's Improved Steam Washer.



No. 72911 Cline's Improved Steam Washer has several new features that others do not have. Has a **corrugated cylinder,** sliding cover and a faucet attached to the boiler for removing the water **without lifting the boiler from the stove,** which is a decided advantage. Weight, 32 lbs. Price, each.....$5.50

Table Mangle.

Table Mangle; designed for small families and particularly where economy in room is to be considered. **This machine is made sufficiently strong** to sustain the necessary pressure to do good work. It is light and easily handled and takes up about the same space as a wringer. **It is constructed with strong coil springs** at the ends of the rolls, the pressure being adjusted by the thumbscrews. **The shaft of the upper roll** revolves in sliding journals so that the rolls adjust themselves to the varying thicknesses of the goods. **This mangle is made so it can be readily attached to any table;** is reversible, so it can be operated by either right or left hand.

It will do all plain work much better than can be done with flat-irons and in one-quarter the time.

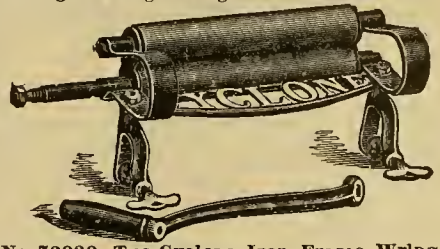
Heretofore the price of mangles has kept many from purchasing; this objection has now been removed and **we offer here a mangle first-class in every particular** and at a price within the means of all. It will last for years and more than save its cost each year. Made in one size.

No. 72915 Table Mangle, rolls 23x3¼ inches. Price.....$11.75

Special catalogue containing full description of mangles suitable for hotels and public institutions sent free on request.

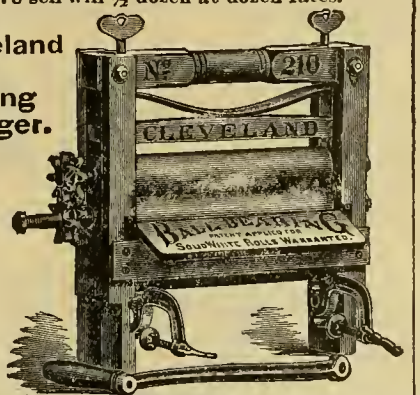
Wringers.

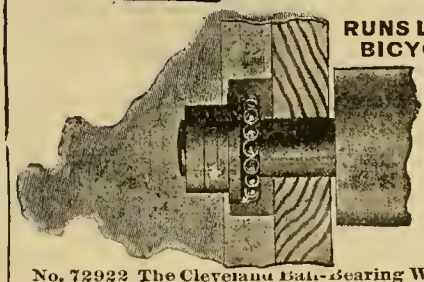
Our Wringers are manufactured by a firm who have been in this business for thirty years. The workmanship is of the highest order. All parts are closely matched, with no rough, ragged or chipped edges. Even the under parts and inside of posts are finished smoothly. The rubber rolls are the vital part of the machine. The warranted rolls in our wringer are made of **solid white rubber** and they are vulcanized immovably to the shaft. **We guarantee, that should any warranted rolls turn on the shaft, become loose, bulge or give out because of defects within a year from the time of being put into service, we will replace them free of charge.** Wringers weigh about 10 lbs. each.



No. 72920 The Cyclone Iron Frame Wringer, with steel springs, galvanized malleable iron apron. Rolls, 10x1¾ inches. This wringer will give satisfaction for the price, and we have never seen its equal sold at anything like this price. Only.....$1.30
Price, per dozen.....14.50
We sell will ½ dozen at dozen rates.

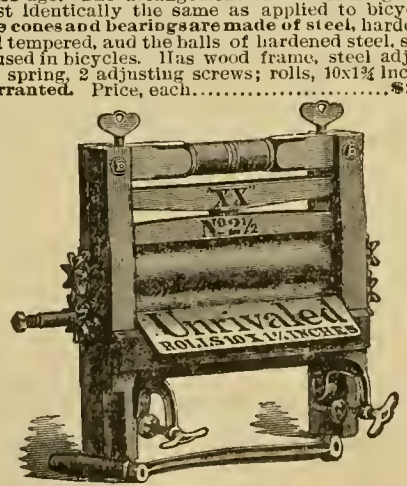
The Cleveland Ball-Bearing Wringer.





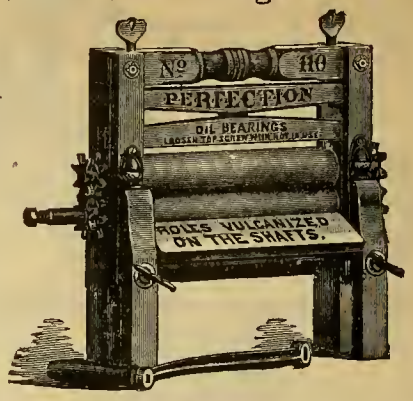
RUNS LIKE A BICYCLE.

No. 72922 The Cleveland Ball-Bearing Wringer The greatest improvement yet applied to clothes wringers. Turns with half the strength required for others. **This ball-bearing must not be confounded with the roller-bearing** introduced some years ago. The arrangement of this bearing is almost identically the same as applied to bicycles. **The cones and bearings are made of steel,** hardened and tempered, and the balls of hardened steel, same as used in bicycles. Has wood frame, steel adjusting spring, 2 adjusting screws; rolls, 10x1¾ inches; **warranted.** Price, each.....$2.85



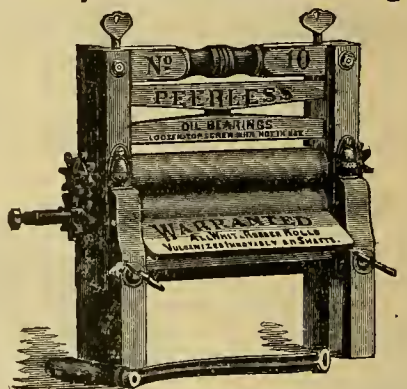
No. 72925 The Unrivaled Wringer. Desiring to give our customers a large variety of wringers to select from, we have added **this first-class wringer to our line.** The material for the frame is carefully selected from first-class lumber. **Has guide roller,** 2 top screws and swinging iron clamps. Rolls, 10x 1¾ inches; warranted. Price, each.....$2.00

The Perfection Wringer for $1.50.



No. 72927 The Perfection Wringer. While this wringer will give excellent satisfaction for the price, and is as good as the first quality of some makers, the frame is not made from the same selected material as our other wood frame wringers The frame is good and strong and the rolls of good material. Size, 10x1¾ inches; not warranted.
Price, each.....$1.50

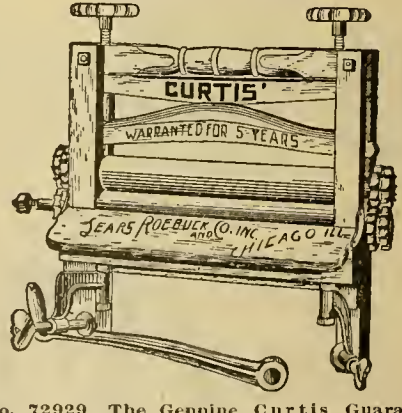
$1.90 Buys the Peerless Wringer.



No. 72928 The Peerless Wringer is the most popular wringer with high-class trade, and we cannot recommend it too highly. **The distinguishing feature of the Peerless is the clamping device** which has recently been imitated by other makers, but **comparison shows the imitation is only in general** appearance and not in fine workmanship and finish, which characterizes the Peerless. **Has guide roller, double gears and rolls 10x1¾ inches; warranted.**
Price, each.....$1.90

The Genuine Curtis Guarantee Wringer.

Guaranteed 5 years.

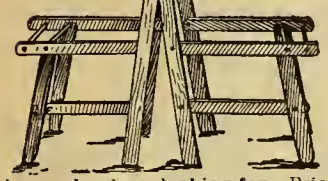


No. 72929 The Genuine Curtis Guarantee Wringer. Rolls guaranteed for five years by Sears, Roebuck & Co. Any roll proving defective within five years will be replaced free of charge. None genuine unless our name appears on the apron. Beware of imitations. This wringer has a steel spring which gives an even and elastic pressure, and an **improved guide board,** which spreads the clothes as they pass between the rolls, causing the rolls to wear more evenly and **lessening the wear on the clothing. You cannot buy a better wringer than this,** because better rolls are not made. We have contracted for the entire output of this wringer and must sell them. Our price, **combined with our guarantee,** should enable us to dispose of them quickly. Size of rolls. 10x1¾ (guaranteed for five years). Price, each.....$3.25

Combined Wringer and Bench.

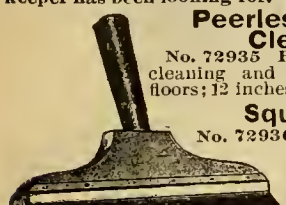
No. 72930 The combination of Wringer and Bench combined is popular, and the Peerless is the best in the market. The bench is constructed on the principle of the truss bridge, and is exceedingly strong, though light. When folded for shipment or putting away when not in use it occupies but little space. With the ordinary tub wringer it is about as much work to hold the tub as to turn the wringer. The Bench Wringer does away with all this trouble. Rolls, 10x1¼ inches; warranted. Price, each.....$2.75

Eclipse Wash Bench.



No. 72932 Made of high-grade oak lumber, with varnish finish; workmanship first-class. Has no castings to break or get out of order. Folds up compactly, and can be packed away when not in use. Something the housekeeper has been looking for. Price.....96c

Peerless Window Cleaners.



No. 72935 Rubber Scraper. For cleaning and drying windows and floors; 12 inches wide. Each.....24c

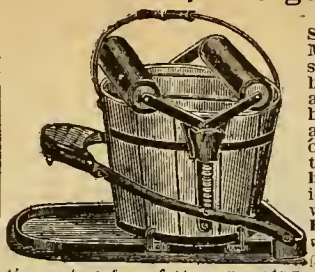
Price, per doz.....$1.45 Each.....15c

No. 72945 THE ERIE Self-Wringing Mop. The mop is made of cotton coils, large and full size. As the hands do not come in contact with the water, the mop being wrung at arm's length, the hands are not soiled or disfigured; the clothing is not drenched or disfigured. A silk dress can be worn with impunity.

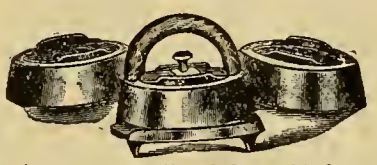
The use of scalding water is another important advantage The floor washes easier, cleaner and quicker, and dries more readily. Price.....24c

Mop Wringers.



No. 72946 The Schmuck Patent Mop Wringers, for simplicity, durability, dry wringing and adaptability, have no equal. They are manufactured of wrought iron, the rollers made of hard maple, chemically treated, and will fit any size pail. Every wringer warranted. Space permits us to mention only a few of the advantages gained by using Schmuck's Mop Wringers. 1.—Boiling hot water can be used to mop up the floor, which will cause the floor to dry quickly. 2.—Grease stains and dirt can be loosened with concentrated lye, potash or soda, and floor then mopped with Schmuck's Mop Wringer. 3.—Wrings the mop dry, and the water forces the dirt downward into the pail, leaving the mop clean and free from dirt. A self-wringing mop, and while mopping, gloves can be used, as the hands do not come in contact with water. In fact, what has heretofore proven the dirtiest work in and about a house, is now made the easiest and cleanest by the use of Schmuck's Mop Wringer. Price, for wringer with pail, each..$2.00

Mrs. Potts' Sad Irons.



These irons are so well and favorably known, we only refer to a few points. There are three sizes in each set. No. 1 weighs 4 lbs. and has one end rounded for polishing; No. 2 weighs 5⅛ lbs., No. 3 weighs 5⅝ lbs. Only the No. 1 size has one end rounded. The detachable handle is of wood and fits naturally to the hand without straining the arm or wrist.

No. 72950 Potts' Pattern Sad Irons in sets of 3, as described above, with one detachable wood handle and one sad iron staud. Plain polished.

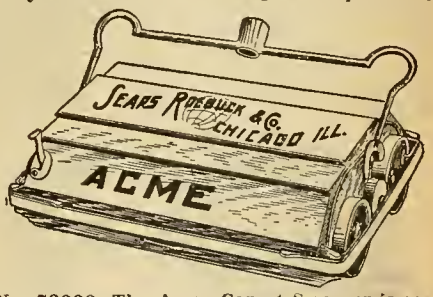
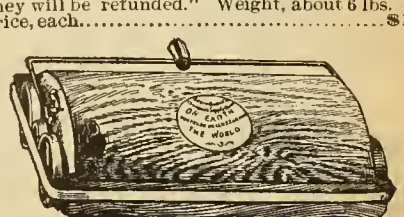
Carpet Sweepers.

Only $1.85 for the Best Carpet Sweeper Made.



No. 73000 The Acme Carpet Sweeper is made according to our own specifications by the largest maker of carpet sweepers in the world. It has every desirable feature known, and no expense has been spared to construct a sweeper that will please our patrons. Costs no more than four good brooms and will outwear several dozen. Will follow a broom on any carpet and remove more dirt and dust than the broom did, with very much less labor. Does not wear out a carpet as a broom does, and in this way saves its cost in a short time. This sweeper has perfect friction. The dust pans are easily opened. The case is handsomely polished, natural-wood finished. Has broom-action reversible bail; rubber furniture protector. Sold under our usual guarantee—"if not as good or better than any sweeper you ever had, return to us and money will be refunded." Weight, about 6 lbs.
Price, each.....$1.85

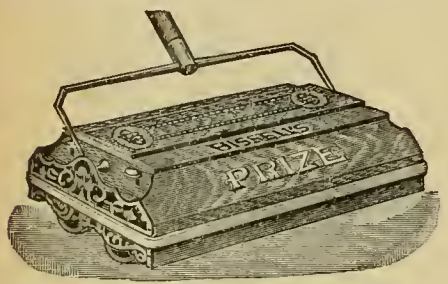


No. 73002 The Sears, Roebuck & Co.'s Sweeper is unquestionably the best low-priced sweeper ever put on the market. It is a good sweeper and a good looker. It has the broom action—everlasting pure bristle brush—and spring dumping device. The case is made with selected 3-ply veneer top, gracefully curved and attractively finished. Each, $1.75

Bissell's "Grand Rapids" "Cyco Bearings."

No. 73004 Bissel's "Grand Rapids", "Cyco Bearings". The best known and most widely sold carpet sweeper in the world. **Contains the famous Bissell broom action,** and every other patented feature necessary in a first-class sweeper. Made from the best selected cabinet woods in an assortment of attractive finishes. **Has rubber furniture protector encircling the case;** Bissell's patent reversible bail spring, wheels ontside the case; our everlasting pure bristle brush; both pans open at once by an easy pressure of the finger. Weight, 6 lbs.
Price, each, "Cyco" Bearings.....**$2.25**

Bissell's Prize Carpet Sweeper.



No. 73006 Bissel's Prize Carpet Sweeper, the latest of the Bissell patterns, and differing in appearance from any other sweeper on the market. **A sweeper of the highest grade,** with one of the handsomest patent case designs. **The case is hand-polished.** The bail, trimmings and iron end pieces are plated with nickel, brass or antique copper, according to the finish of the case. **It contains our broom action, our patent reversible bail,** and our pure bristle wire staple brush, adapted to be easily removed from the sweeper. **Its spring dumping device** is convenient, opening one pan at a time. **Length of case, 14 inches. Its construction throughout** is as perfect as care and skill can make it.
Price, each, "Cyco" Bearings.....**$2.95**

Bissell's Grand Carpet Sweeper.

No. 73008 Bissell's Grand is constructed after one of the handsomest of our patented designs. The wheels do not project outside the case. **The bail and trimmings** are nickeled, and the case is hand decorated. **The spring dumpiog device** is one of the most convenient that we make. **This sweeper is made of natural walnut,** maple with mahogany finish, and oak with 16th century finish. Length of case, 17 inches. Price, each, "Cyco" bearings..**$3.82**

Toy Carpet Sweepers.

Something New.
Cheap as a Broom.

No. 73010 Bissell's Baby Sweeper is a toy that every parent will want. **It is useful, durable,** beautiful and cheap. The maker's name is a guarantee that it is **first-class in material and workmanship.** It is 8 inches long, 4½ inches wide; has broom action, strongly made and nicely finished.

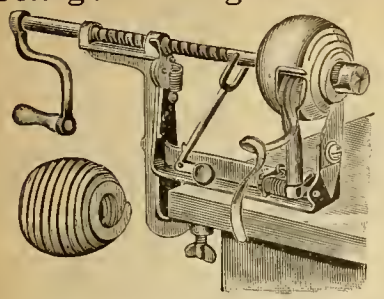
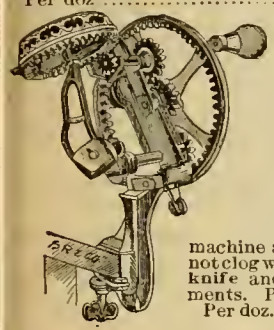
The White Mountain Apple Paring, Coring and Slicing Machine.



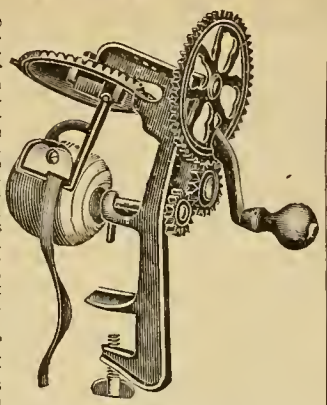
No. 73076 Pares Perfectly, Cores and Slices the Fruit, and then pushing off the apple and core separately, is ready for paring again. "White Mountain" has had many imitations but no rivals, and to-day stands beyond the reach of all competitors. There is nothing about it to break or get out of order, while the wear is so light as to make it almost everlasting. A child can operate it. No worry, no trouble, no lost time, nor motion, and every machine warranted as represented. Weight, 1½ lbs. Price, each.....$ .35
Per doz 4.00

Apple Parers.



No. 73080 This is the best known and most popular apple parer ever invented. Every machine works perfectly, all parts being accurately fitted and put together in the best possible manner. Machine should be fastened to corner of table, as shown in cut. Parings fall clear of machine and table. Gearing cannot clog with parings. Has curved knife and all latest improvements. Price, each.....74c
Per doz.....$7.83

The Turn Table "98" Apple Parer With Push-Off.



No. 73082 The latest and we believe the best Apple Parer for household use on the market. Combines the principles which made the original Turn Table Parer so popular, with distinct new features, which add materially to its effectiveness and warrant the assertion that it is superior to all others in its class. As the cut shows, it is inverted so that parings fall clear of working parts. It pares unusually close at both ends of the apple. The knife as it passes the end of the fork recedes, leaving abundant room for the hand when placing the apple on the fork. The push-off is entirely automatic, simple but positive. It works like a charm. This machine is made in the most thorough manner and sold for little money. Weight, 2¼ lbs. Price, each.....55c
Price, per doz.....$6.00

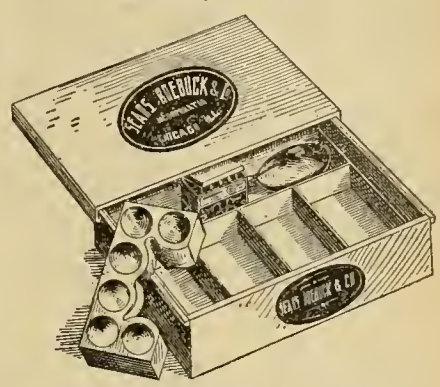
Money Drawer.



No. 73086 Money Drawer. No merchant can afford to be without an alarm cash drawer—no matter if he purchases it from us or elsewhere. It is a safeguard against sneak thieves. Gong sounds every time the drawer is opened or whenever an attempt is made to open it. It is opened by a combination which may be changed as often as desired. Can be opened by one knowing the combination on which it is set as quickly as any drawer. Has sliding coin tray with partitions underneath for paper money. Size of drawer, 16½x16½x4 inches. Width, including slides to which drawer is hung, 18½ inches.
Price, each.....$1.32

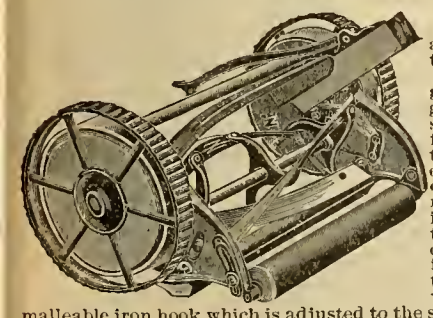
OUR ACME HIGH-GRADE LAWN MOWERS.

FOR THE COMING SEASON we offer the Highest-Grade Lawn Mowers at prices that will defy competition. The enormous trade we were favored with last year has induced us to make very extensive preparations for the coming season We have contracted with one of the largest and most reliable makers in the country for such a large quantity on the basis of cost to produce, that we can now offer our customers a strictly high-grade guaranteed Lawn Mower for about one-half the price they would be compelled to pay local dealers.

OUR ACME LAWN MOWERS are guaranteed the best made. While we invite a close comparison of our prices with those of any other house on strictly high-grade machines, we do not wish them compared with inferior machines, which were made to sell and not for service. Every Acme Machine is guaranteed to give perfect satisfaction. The Acme has many reliable improvements not found in other makes.

THE ACME MOWERS Have the Latest Patent Micrometer Adjustment. The adjusting box is held in position on the frame by a bolt and nut at the end opposite the set-screw. By moving the set-screw the adjusting box is carried upward or downward, enabling the reel knives, which are carried on the axle, to be adjusted to the cutter bar, as may be desired or is necessary. Tightening one screw and loosening the other, brings the reel bars closer to the cutter bar, and vice versa. We claim this to be the greatest improvement ever made in Lawn Mowers. The adjustment is not only easy, simple and accurate, but it allows the reel knives or more delicate parts of the apparatus to be adjusted to the cutter bar or heavier part, instead of the reverse, as in other makes. The application of this principle makes another advantage possible, that of a solid and permanent attachment for the cutterbar, thus greatly increasing the strength and wearing qualities of the Mower.

Our Acme Lawn Mowers at $3.37 to $4.13.

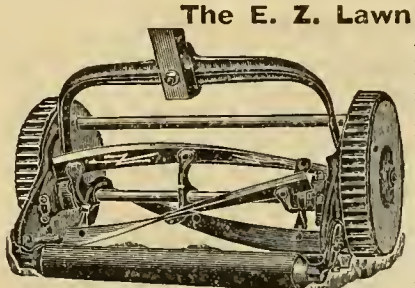


12, 14 and 16-inch Mower at $3.37; 18-inch at $3.75 and the 20-inch at $4.13.

This is our standard high-grade Acme machine and is greatly improved for this season. The drive wheels are open for one inch below the tread, though the working parts are completely enclosed. It is the easiest running lawn mower made because the handle brace is so attached to the drive wheel that the power is applied to the center of motion. This machine is especially designed for cutting thick and heavy grass with ease, the handle having a malleable iron hook which is adjusted to the shrubbery guard, thus holding the machine rigidly to the ground no matter how heavy the grass. In light grass this hook is thrown back on the handle. This mower has our patent micrometer adjustment, solid steel cutter bar, noiseless ratchet, new malleable iron brace, bearings of phosphor bronze. The body of this machine is hand-painted in cream white and decorated in maroon and gold. Diameter of traction wheel, 8½ inches; diameter of reel, 5½ inches, with four cutting blades. All parts are interchangeable and can be duplicated at once in case of breakage or wear.

No. 73100	12, 14 or 16-inch mower. Price	$3.37
No. 73101	18-inch mower. Price	3.75
No. 73102	20-inch mower. Price	4.13

The E. Z. Lawn Mower.



This Mower is made to meet the demands of that trade which requires a low-priced but efficient machine. It is not so finely constructed, neither does it possess the improvements of our Acme line, but it is made of good material and is guaranteed to give satisfaction. It has a reel adjustment of a very simple character. It has a Solid Steel Cutter Bar which is bolted firmly to the machine. It has a simple Ball Ratchet which is noiseless in action and dust-proof. All parts are interchangeable, and, in case of breakage or wear, can be at once duplicated. Diameter of Traction Wheels, 8¼ inches. Diameter of Reel, 5¼ inches—three cutting knives. Painted in red and green and decorated in gold.

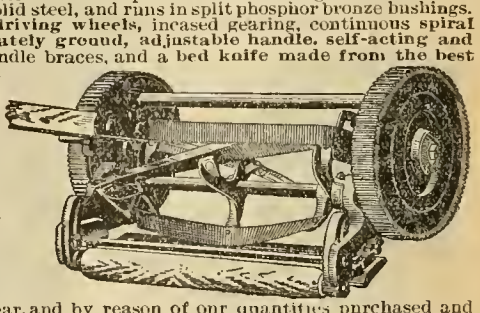
Price	$1.90	2.05	2.15	2.25	2.50

Our Sunrise Lawn Mower.

In our New Sunrise Lawn Mower we claim to have the easiest running, best made and most complete medium-priced lawn mower made. It is made from the best material and all parts are interchangeable. The reel knife shaft is made of solid steel, and runs in split phosphor bronze bushings. It is fitted with large driving wheels, incased gearing, continuous spiral steel reel knives, accurately ground, adjustable handle, self-acting and positive pawls, steel handle braces, and a bed knife made from the best lawn mower knife steel, which is finely ground and self-sharpening.



Wheels are 8¼ inches high. Reel revolves when turning corners either way, as there is a ratchet in each wheel. Makes very little noise. This is a mower that was sold by retail dealers in Chicago last season for $5.00. They gave such excellent satisfaction we determined to contract for them this year, and by reason of our quantities purchased and our one small profit we have reduced the price so that any one may own a good mower for a little money.

Our Acme Universal Catcher for $1.00.

This is a grass catcher that will fit any lawn mower made. Heavy canvas body. The catcher is attached to the handle only and is entirely independent of the mower proper. Can be attached or taken off in an instant. Can be used on any lawn mower made. Is guaranteed to give satisfaction in every case.

No. 73129 To fit 10, 12, 14 or 16-inch mower.....$1.00
No. 73130 To fit 18 or 20-inch mower. $1.05

Fire Proof Safes

LARGE, MEDIUM AND SMALL FIRE-PROOF SAFES FOR BANKS, MERCHANTS, PUBLIC INSTITUTIONS, PRIVATE USE AND FOR HOME

AT $6.95 AND UPWARD, ACCORDING TO SIZE, we offer a line of the highest grade fire-proof safes on the market, and we believe our uniformly low prices should attract the attention of every buyer who is interested in saving from 50 to 100 per cent in the purchasing of a safe. **IN SPITE OF TRUSTS, POOLS AND COMBINATIONS** which have always kept the price of safes at about double their actual worth, and are still succeeding in maintaining exorbitant prices, with our vast purchasing power made possible by the enormous demand for the merchandise we advertise, we are able to control the output of one of the largest and most reliable safe producing factories in America, break the combination or trust price and quote direct to buyer the highest grade work possible to build on the basis of the actual cost to manufacture with but one small profit added, which means that you can buy a thoroughly guaranteed fire-proof safe from us for about one-half the price charged by regular safe dealers.

OUR LIBERAL C. O. D. TERMS. Send us $5.00 as a guarantee of good faith, and we will send you any safe you may select by freight C. O. D. subject to examination. On any safe over $6.95 we will letter your name with handsome gilt letters on top of safe, without extra charge. You can examine the safe at your freight depot, and if found perfectly satisfactory, exactly as represented, greatest value you ever saw or heard of, and equal to safes that sell through regular channels at double the price, pay the freight agent our price and freight charges, less the $5.00 sent with order, otherwise you can return to us and we will refund your money.

As a guarantee that these safes are the highest grade made, that they are absolutely fire proof, the equal of any safe on the market, regardless of price, we give the following detailed particulars as to material, construction, etc., and would add that we are constantly in receipt of letters of testimony from parties who have owned these safes, where they have stood the greatest kind of fires and where the contents came out perfectly safe, where it was ruined in other safes. We are at this writing in receipt of letter of testimony from a party who purchased a 300-pound safe, saying that it just went through a raging hot fire for 18 hours, and while it was the smallest safe (the largest weighing 1500 pounds and upward) that was in this fire, it was the only safe in which the contents were in perfect condition, and in which the combination worked perfectly even after 16 or 18 hours red hot test. This is but one sample of the hundreds of testimonials which speak for the satisfactory construction of our special high grade fire-proof work.

FIRE PROOF MATERIAL. Nothing has been more fully tested and more satisfactorily endorsed than makers-cement concrete, which is a first-class non-conductor, and becomes perfectly dry until great heat is applied; then a vast quantity of water which this material absorbs in becoming concrete is evolved and converted into steam. By its use we obtain the two great essentials for the composition of fire-proof filling. First, entire freedom from corrosion or dampness during the ordinary use of safes without any fear of the discharge of large quantities of water at improper periods. Second, great strength to resist fracture from falling, and a large supply of latent water, to resist the ravages of fire and heat.

CONSTRUCTION. Our Fire-Proof Safes are constructed by forming outer and inner boxes of wrought steel, between which the concrete filling is introduced in a semi-liquid state, permeating and reaching into every crevice, making the whole structure, when hardened, a solid mass. The filling soon becomes hard and dry as limestone rock, and never corrodes the steel, which is sufficiently thick to cause great strength in connection with the filling, and yet not thick enough to prove injurious as a conductor of heat. The secret of its fire-proof qualities is the chemical change that takes place upon being heated to a certain temperature, which generates a vapor that fills all the pores in the concrete, thereby forming a cool, moist wall entirely around the contents during their subjection to the heat. The outside steel box is formed of one continuous plate, bent round at the corners, forming top, sides and bottom. This box is securely attached to heavy front and back angle frames, forming in outline an all round-cornered safe. The doors are stepped or flanged in the usual manner, and secured by front and back bolts. We use on all our safes the non-pickable combination lock with "T" handle to operate the bolt work and open door, the dial knob to operate the combination. The lock s a three tumbler lock and set to three numbers, and by operating the dial knob in a certain way in combination with the three numbers, the safe can be opend. Full instructions are sent with each safe, enabling every purchaser of a safe to reset his lock to numbers, so that none will know the combination except himself.

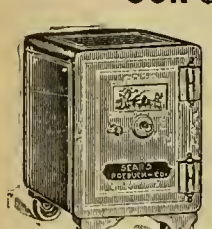
The exterior fiuish is first-class, our ornamenters being the best in the country. Name of purchaser painted on the safe without extra charge.

ABOUT THE FREIGHT. Safes take the lowest rate of freight, or fourth class. They are shipped from the factory in southern Ohio, from which point the customer must pay the freight, but you will find the freight will amount to next to nothing as compared with what you will save in expense.

For example, fourth class freight will be for 200 miles, 15c to 20c per 100 pounds; 400 miles, 30c to 40c per 100 pounds; 700 miles, 40c to 50c per 100 pounds; 1000 miles, 60c to 75c per 100 pounds from which you can calculate very closely what the freight will amount to.

MEASUREMENTS AND WEIGHTS. All safes are measured from floor to top of safe, including wheels, and "approximate weight" of safes means we cannot give the exact weight of safes, owing to peculiar process of filling. While the fire-proof cementing fiuid fills a safe completely, it may weigh more or less, but the fire-proof quality is there just the same. We give the average weight; at the same time we guarantee our safes to be absolutely fire proof.

OUR $6.95 FIRE-PROOF SAFE.



No. 73699

FOR $6.95 WE OFFER OUR FAMILY FIRE-PROOF SAFE weighing 100 lbs., as a small house safe which should be in every home, as a safe place for holding all valuable papers, etc. While these safes are not positively burglar proof, they are proof against ordinary burglary and petty thieves, and absolutely safe against any kind of fire.

THE ACME AT $6.95 is intended for dwellings and home safe, and is equal to safes sold by other houses at $10.00 to $15.00.

THOUSANDS OF PEOPLE RENT BOXES IN SAFETY DEPOSIT VAULTS, and pay from $5.00 to $15.00 a year as a safe place to hold such valuable papers as insurance policies, deeds, receipts, contracts, etc., when they could by investing $6.95 have the same protection in their own home and save the annoyance of going to the deposit vault whenever it is necessary to consult the contents of the safe.

THIS $6.95 SAFE IS ABSOLUTELY FIRE-PROOF. It is nicely finished throughout, has a deep fire-proof door, latest burglar proof combination lock. It is 16¼ inches high outside, 10 inches inside, 10½ inches wide outside, 6½ inches inside, 13 inches deep outside, 8 inches inside. **Weighs 100 pounds, is offered at $6.95 as the equal of any safe on the market sold by others at $10.00 to $15.00.**

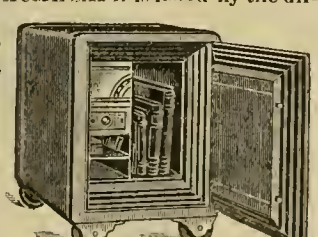
No. 73140 Our price..... **$6.95**

OUR $11.95 FIRE-PROOF SAFE.

No. 73142

FOR $11.95 WE OFFER you a single door fire-proof safe, the equal of anything you can buy elsewhere at $25.00.

OUR $11.95 ACME SAFE is listed by the different manufacturers at from $25.00 to $35.00 and they seldom give a discount of more than 10%.



$11.95 GIVES YOU the benefit of the actual cost to manufacture, with but one small percentage of profit added, a first-class safe at less money than it can possibly be bought elsewhere. While the safe is intended more as a house safe, we have sold a great many to business men for offices, stores and other places where only a small safe is required as a protection to valuable papers, etc. **This safe is beautifully finished, rounded corners throughout, with the very best non-pickable combination lock, highly ornamented** with transfer decorations, painting, etc., and finished with your name handsomely lettered in gold, without extra charge.

No. 73142 Our Special Price **$11.95**

OUR $17.95 ACME SAFE.

AT $17.95 WE OFFER A REGULAR $35.00 SAFE. This is a safe that retails everywhere at $35.00. Were you to communicate with any safe dealer, he would charge you at least $35.00 for safe of same grade and dimensions, but we are able to make a price of $17.95 by reason of buying these safes in very large quantities direct from the manufacturers, and naming a price to our customers based on the actual cost, with but our one small percentage of profit added.

No. 72701

THIS IS A VERY POPULAR SIZE safe for home, small merchants, and the various places of business where a fire proof safe of limited capacity is required.

IF YOU NEED A SAFE in which the inside dimensions named will hold as much as you require, this, our special $17.95, will be just the safe—will serve you just as well as a safe that costs ten times the price.

IT IS FINISHED with round corners throughout, handsomely ornamented with beautiful gold and ornamented transfers, and we furnish it with your name in gold letters without extra charge. **Our special price**..... **$17.95**

DIMENSIONS OF SAFE. Outside measure, 28x18x17½ inches; inside measure, 15x10x10 inches; approximate weight, 500 pounds.

DIMENSIONS OF INSIDE SPACE. (Divided as shown in open cut.) One book space, 14⅞x4⅝x8¼ inches; one drawer, 7⅞x2¾x6¾ inches; two pigeon holes, 4⅞x2¾x8¼ inches; one sub-treasury, 4⅞x5⅞x6¾ inches.

Our $21.95 Acme Fire-Proof Safe.

No. 73146

THIS IS A STRICTLY HIGH GRADE FIRE-PROOF SAFE, one that retails everywhere at $45.00. It is designed for homes, for merchants, for all classes of business men who require a safe larger in dimensions, one with more book room than those previously illustrated.

DO NOT COMPARE THIS, our strictly high grade safe, with any of the inferior ones on the market. **There is no better safe made. Our Acme** safes have stood the tests of some of the biggest fires in the country, and where other safes came out ruined, contents and all, our safe was found perfectly unharmed, even so far as working of the combination was concerned, and the contents in perfect condition.

THIS IS A GOOD SIZED SAFE FOR ANY ORDINARY COUNTRY MERCHANT. Weighs 700 pounds. Outside measure, 32x22x20 inches. Inside measure, 18x14x12 inches. Round corners, beautifully ornamented and decorated with handsome transfer landscape views, etc. Furnished with your name handsomely lettered in gold.

No. 73150 Our special price.....**$33.50**

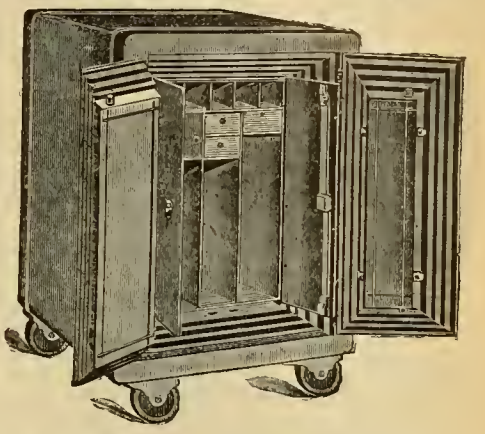
$63.75 Buys a Regular $135.00 Safe.

No. 73152 $135.00 is the regular price of this strictly high grade, extra large double door fireproof combination safe, and when we offer it to you at **$63.75,** we have given you the benefit of our contract, which breaks the safe monopoly, the combine to maintain prices, and you will own the safe on the basis of the actual cost to manufacture with but our one small profit added. **You will save $70.00 in the purchase price** by getting it from us at $63.75

This safe weighs 2400 lbs. You will observe it is sold to you at about 2½c per lb., and your own judgment will show you that the cost of the raw material represents a good part of our selling price, and you really only pay the cost of material, cost of labor and the smallest kind of a profit added.

THIS IS AN EXTRA LARGE SAFE FOR LARGE STORES, BUSINESS INSTITUTIONS, COUNTRY BANKS, PUBLIC INSTITUTIONS, SOCIETIES, TOWN BOARDS,

and other places where a large roomy, fire proof safe is required. This safe, comes complete



No. 73152 Double Door Safe with inside doors. with large double outside doors, very best combination lock, double inside doors with key lock. Inside measure, 30¼x26⅛x14 inches. Outside measure, 50¼x37⅛x26 inches. Contains three book spaces, seven pigeon holes, two drawers and one iron subtreasury with lock. Finished round corners throughout, beautifully ornamented with gold and colored transfers landscape designs, etc., and with your name lettered on the safe in gold without extra charge.

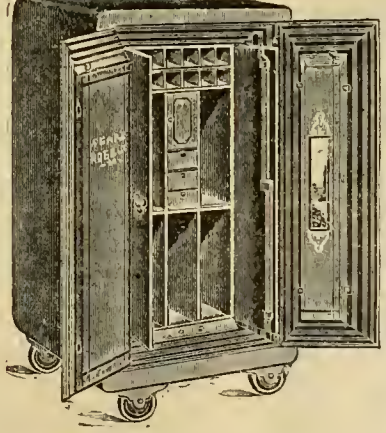
Our special price for this reular $135.00 safe with double outside doors, combination lock and double inside doors with key lock.....**$63.75**

$89.95 Buys a Regular $195.00 Safe.

No. 73154 $195.00 is the price of this Safe everywhere, and it is the lowest price at which the manufacturer has ever retailed these safes, and when we are able to quote it at **$89.95,** a reduction in price of **$100.00** from the regular selling price, you can imagine the penalty you are paying for combinations, for the express purpose of holding the goods at fictitious values.



This is a very large safe, weighing 3000 pounds, and standing nearly 6 feet high, made with **double outside combination doors** and **double inside doors,** made expressly for **very large bosiness houses, banks, pubtic offices** and such institutions as require a safe absolutely fire-proof of sufficient size to hold a large number of books, records, papers, etc.

We make the price so very low, only $89.95, that all business houses can afford to have the **largest safe we make,** and the highest grade turned out. **You would pay $89.95 for a very small single-door safe,** if you were to buy it from any safe dealer, but taking advantage of our contract, which has enabled us to break the safe prices monopoly, you can have the biggest safe we make at the price others charge for the very small safes.

This is a Safe that combines the good qualities of every strictly high grade safe made, with the defects of none.

THERE IS NOTHING LEFT UNDONE IN THE MANUFACTURE OF THESE GOODS.

This safe stands 68¼ inches high, 37⅛ inches wide, 25¾ inches deep. Inside measurements, 48⅛ inches high, 26⅛ inches wide, 14¼ inches deep. Weighs complete, 3,000 pounds.

Our price on this, the finest work we make, is less than 3c a pound—about 1c per pound above the actual cost of the raw material, and less than one-half the price at which the safes are sold; in fact, the lowest inside price with all discounts deducted for this class of work from regular safe houses is 6c, per lb., making this safe $180.00. We cut the price in two, and offer it at $89.95. **Upon receipt of $5.00 as a guarantee of good faith,** any safe will be shipped by freight, C. O. D., subject to examination, balance and freight charges to be paid after the safe is received, if found perfectly satisfactory and exactly as represented. Safes are shipped from the southern part of Ohio. The freight rate, you will find, will amount to next to nothing as compared to what you will save in price. Remember our special offer price is $89.95.

DEPARTMENT OF STOVES.

WE OFFER THE VERY LATEST DESIGNS IN STRICTLY HIGH GRADE CAST IRON COOK STOVES, RANGES AND HEATERS, STEEL RANGES, AIR TIGHT HEATERS, GASOLINE AND OIL STOVES AND STOVE FURNITURE AT PRICES HERETOFORE UNKNOWN.....

OUR NEW LINE FOR THIS SEASON INCLUDES THE NEW IMPROVED ACME ROYAL SQUARE OVEN LINE, THE VERY LATEST THING IN CAST IRON STOVES, made from patterns that are new for this season, and offered at about half the price charged by retail dealers. Our line for this season also includes a number of cook stoves from entirely new patterns, stoves molded from patterns that were made under contract for us this season, embracing the good qualities of all strictly high grade stoves with the defects of none.

...Our Steel Range Line is Offered to You as the Highest Grade Work on the Market...

RANGES COMBINING THE GOOD QUALITIES of all other steel ranges with the defects of none, and the price is based on the actual cost of material and labor, with but our one small percentage of profit added. Prices so low you can save from 25 to 50 per cent. by placing your orders in our hands.

...HOW WE MAKE THE PRICES SO LOW...

WE ARE ABLE TO NAME A PRICE on any stove we show direct to the user, which is considerable less than dealers can buy same grade of stove in large quantities. This is made possible by reason of our contracting with several of the best makers in this country for the entire product of their foundry, having the goods made up during the dull summer and early fall season, figuring the cost on a basis of the raw material, the labor, etc., and charging but one small percentage of profit, which results in our being able to deliver stove to your door at price, quality considered, heretofore unknown.

IF YOU ARE NOT A CUSTOMER

OF OURS, you possibly may think it impossible for us to sell this class of stoves at such heretofore unheard of low prices. Do not send us an order if you are in doubt as to our reliability.

INVESTIGATE AND YOU WILL FIND our guarantee is worth one hundred cents on the dollar.

OUR BINDING GUARANTEE WITH EVERY STOVE.

WE ISSUE A SPECIAL WRITTEN BINDING GUARANTEE, certifying that the stove is perfect in manufacture, perfect in operation and unequalled by any other stove or range of its class for convenience, completeness, durability, economy in the consumption of fuel, and in the practical results that may be obtained by its use.

THAT IT IS PERFECTLY ADAPTED

TO THE FUEL and for the purpose for which it is made. That any defects in material or workmanship will be made good to purchaser without charge.

...OUR ACME LINE OF STOVES AND RANGES...

EMBODY MORE DISTINCT and original features of merit, than are to be found in all other makes combined, and every Acme stove is made of materials of the highest quality, fashioned by expert mechanics.

OUR GUARANTEE AGAINST BREAKAGE.

SO CONFIDENT ARE WE of the quality of the goods we offer, and that they will invariably reach you in the same perfect condition they leave us, that we make this most liberal offer. Should any stove arrive badly damaged, such as any piece or part broken, you can pay the freight bill, have the agent note the condition of the stove on the freight bill, showing what part or parts are broken, and then send the freight bill to us and we will immediately send you free of all charge new castings to replace broken ones.

OUR LIBERAL $1.00 C. O. D. TERMS.

WE WILL SHIP ANY STOVE to any address within one thousand miles of Chicago by freight C. O. D., subject to examination, upon receipt of $1.00 as a guarantee of good faith. You can examine it at the freight depot, and if it is perfectly satisfactory and exactly as represented, and the greatest value you ever saw or heard of in a strictly high grade stove, pay freight agent our price and freight charges, less the $1.00 sent with order.

WHAT THE FREIGHT AMOUNTS TO.

THE FREIGHT CHARGES you will have to pay on any stove or range will amount to next to nothing, as compared to what you will save in price.

All stoves are accepted by railroad companies at third class freight rate, and by referring to freight classification in front part of book, you will see just what the third class freight rate is to different points in every state in the Union, and under the description of every stove we give the weight of the different sized stoves, and in this way you can calculate very closely what freight will amount to to your place. For example, you will find third class rate from Chicago to Alabama is from 75 cents to $1.03 per hundred pounds, and if a stove weighs 200 pounds, the freight rate to Alabama will be from $1.50 to $2.06. To all points in Canada, third class freight rate is 55 cents, and the freight on stove weighing 200 pounds would be $1.10. To a point in Indiana the freight on stove weighing 200 pounds, you will observe, will be from 40 to 50 cents. To Iowa, 58 to 90 cents; to Maine, $1.10 to $1.28. A 200 pound stove to any point in Massachusetts, $1.10. To a far distant point, like New Mexico, the freight on a stove weighing 200 pounds would be from $2.74 to $4.14.

From this you can calculate almost to a penny what the freight rate will be to your place, and you will see it will add next to nothing to the cost, as compared with what you would be compelled to pay your local dealer.

OUR ACME STEEL RANGES AT $16.95 TO $65.75.

BEGINNING AT $16.95

FOR A GENUINE STEEL RANGE, 6-hole size with 18 in. oven, to $65.75 for an extra large double oven hotel range, we offer such values in strictly high grade, thoroughly guaranteed steel ranges as was never before shown by us or any other house.

We not only issue with every steel range a written binding guarantee, but so confident are we of our ability to furnish you almost double the value you can get elsewhere, we make this most extraordinary offer.

SEND US $1.00 IF YOU LIVE WITHIN A THOUSAND MILES OF CHICAGO, and we will send you any steel range you may select, by freight, C. O. D., subject to examination.

You can examine it at your freight depot, and if found perfectly satisfactory and exactly as represented, pay the freight agent our special price and freight charges, less one dollar sent with order.

...HOW ACME STEEL RANGES ARE MADE...

THE ACME STEEL RANGE IS MADE OF SHEET STEEL, which is 2 guages thicker than that commonly used in steel ranges, and, to the best of our knowledge, the steel in these ranges is 1 guage heavier than in any steel range manufactured by any other concern in America.

DON'T COMPARE THESE STEEL RANGES with any wrought iron ranges on the market which resemble the Acme steel range only in appearance.

...OVEN PLATES...

THE OVEN PLATES IN THE ACME RANGE are wrought steel, and held immovably in place by surrounding wrought steel construction. The liability of its being warped or broken from unequal expansion is, therefore, entirely obviated. The oven bottom is well braced and bolted, and cannot warp. The oven is also ventilated, which adds greatly to the baking and roasting qualities.

GUARANTEED ASBESTOS LINED.

THESE RANGES ARE LINED throughout with asbestos, a fire-proof material and a non-conductor. Prevents heat from radiating into room and effectually retains it in the range, insuring more comfort and more pleasantness in the kitchen, and prevents the Japan from being burned off from the ontside. It also concentrates the heat in the oven, thus economizing fuel and making the oven a quick baker.

Many of the cheaper ranges are lined on the bottom with plaster of paris, which requires that they be set on brick or sand, but our Acme can set on any floor without any lining, without the slightest danger of injury.

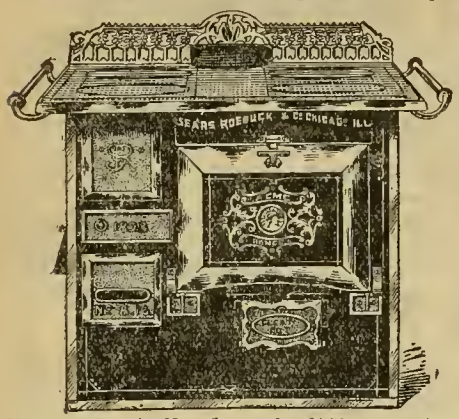
...DUPLEX GRATE...

WITH EVERY ACME STEEL RANGE we furnish a heavy Duplex grate for either hard or soft coal, or wood, so arranged that it can be changed to a wood grate instantly. The Duplex grate can be drawn out of front of range without disturbing the fire linings. When an Acme Steel Range is used for wood only, we furnish an extension fire box which allows a longer stick of wood to be used in the stove, so in ordering range do not fail to state whether it is for wood or coal, or both wood and coal.

DO NOT OVERLOOK OUR COMPLETE LINE OF CAST IRON COOK STOVES, HEATING STOVES AND OIL AND GAS RANGES.

...OUR $19.00 ACME STEEL RANGE...

At $19.00 and $19.05 we offer you a strictly high grade, latest model 4-hole Acme Steel Range, which is equal to ranges that have been sold largely by dealers at $40.00 to $50.00, equal to any range you can buy in any market for $30.00—a range we guarantee by special certificate for two years; one which with care will last a lifetime, a range we offer to send to any address by freight, C. O. D., subject to examination on receipt of $1.00, balance, $18.00 and freight charges payable after range is received.



This $19.00 Range weighs 300 pounds. By referring to third class freight rate for hundred pounds in front of book, you will see that this range can be delivered to any point in the state of Connecticut for $1.65; to most any point in Indiana for 60c; to points in New Jersey for $1.50; to most any point in Michigan 75c—to other places in proportion; thus you will see, the **freight rate will add next to nothing to price,** as compared to what you will save.

THIS ACME STEEL RANGE AT $19.00 we guarantee the very latest style. Possesses all the good qualities of every strictly high grade range made. Made from steel 1 to 2 gauges heavier than any other range made. Combining all the special points heretofore enumerated, and, we believe, is the handsomest and best finished range on the market, regardless of prices.

THE FINISH. This range is highly nickel plated throughout, including **nickel plated band** on front edge of top. Oval **nickel plated oven door frame,** large **nickel plated name plate** on oven door, **full nickel plated bands and trimmings** throughout, two **nickel plated towel rods.**
