WASHINGTON HIGH SCHOOL.

Boarding and Day School for Young Ladies, Under the Direction of Mrs. De la Gracerie, Esplanade street, between Burgundy and Dauphine streets.

TO merit the confidence reposed in her by families, and to render the locality suited to the wants of a large Boarding School, Mrs. De la Gracerie has recently purchased the house occupied by her since the foundation of her establishment.—Important improvements are already made, and new ones commenced: towards the first of October next spacious and airy dormitories will have been established.

Mrs. De la Gracerie respectfully invites families to visit her institution. au29

Institution for the Two Sexes,

(IN ENGLISH AND FRENCH.)

THIS Institution, established five years since in Rampart street, by Mr. and Mdme. GARREAU, and now transferred to Barracks street No. 192, between Bourbon and Dauphine, has been greatly enlarged and improved.

Mr. and Mdme. MERRILL will hereafter conduct the English Department, and exercise a general supervision in the Institution—Mr. Garreau and lady, as usual, supervising the Department in French.

An elegant Philosophical Apparatus, Cabinet of Minerals, Maps, Charts, Globes, and other useful and necessary fixtures have been procured for the School. The course of education is liberal and extensive, and its advantages are not exceeded by any in the city. The boarders will make one family with the teachers, who will also supervise their studies and recreations out of School, and guard their morals with parental care. ENGLISH will be the language of the Family.

Besides the regular course, instruction is given in Latin, Greek, Spanish, Italian, Drawing, Painting, Music, Dancing, Fencing and Sword exercise by the best Masters. Parents and Tutors are respectfully invited to visit the Establishment. The school is continued throughout the year.

Terms—payable monthly in advance.

A NIGHT SCHOOL

FOR FEMALES AND MALES.

"Be ye Fruitful and Multiply."

SOLD ONLY AT NO. 59 POYDRAS STREET.

Dr. Larzetti's Juno Cordial, or Procreative Elixir.

THIS is the only actual remedy ever discovered for impotency, genital debility, nocturnal emissions, and all diseases occasioned by certain secret habits, and many of the nostrums recently recommended for the same complaints are worthless imitations which its unrivalled excellence, fame and popularity have brought into the market. The medical faculty of Europe and the United States are unanimous in their recommendations of the Juno Cordial, and have not given their sanction, in a single instance that has been authenticated, to any compound for the same purposes. The nature of the maladies relieved by the Juno Cordial are generally such as to leave the publication of certificates of cures out of the question, or the proprietor could produce a host of the most conclusive testimony to show that the great reputation that it enjoys was not accidentally obtained, but is firmly based upon its positive, and apparently miraculous virtues. In all directions are to be found the happy parents of healthy off-spring, who would not have been so but for this extraordinary preparation. And it is equally potent for the many diseases for which it is recommended. Objection has been naturally made to the price of the Juno Cordial, because the trash that has been thrown into the market in opposition to it is sold cheaper, but the fact is, the Cordial cannot be afforded for less, and ought to be much dearer, as many of the ingredients which compose it are among the costliest things in nature; whereas the others are made up of cheap drugs, worth but little in money, and less in merit. We assure the reader that the utmost reliance may be placed on the Juno Cordial in the cure of the maladies mentioned above, and also of those which follow; viz: loss of muscular energy, physical lassitude and general prostration, irritability, and all nervous affections, indigestion, sluggishness of the liver, gleet, or leucorrhoea or whites, and fluor albus, and every disease in any way connected with the disorder of the procreative functions—in all of which it will afford almost immediate relief, and, if used as directed, is almost certain to produce a positive and permanent cure. Persons about to marry, if conscious of any weakness or debility of a certain nature, should take the Cordial, as it will give tone to the system and vigor in a great degree, and where want of offspring is a cause of regret, if recourse be had to it, the most beneficial results may be anticipated with confidence. It is of priceless value to those without offspring. It has taken the precedence in Italy, and will in all other countries where it may become known.

It also possesses the unrivalled qualities of curing incipient consumption, and I have administered it with great success to patients who have sought our delightful climate for the restoration of their health, and the result is that a medicine has been added to the catalogue for the cure of incipient consumption.

To spread wide the blessings of this medicine, I have appointed Messrs. Judson & Co., of the city of New York, in the United States of America, my sole agents for its sale, and none can be genuine unless it comes through them, and their signature is on the wrapper. ANTONIO LARZETTI.

Sulphur and Vapor Baths.

THE undersigned respectfully informs the public that he continues to prepare and administer these Baths at his Perfumery Establishment, No. 287, St. Louis street, between Villere and Robertson.

The excellence of these Baths is universally known in a great number of chronic diseases of the skin, such as itch, prurigo, tetters, scalled head, &c. They have been employed with remarkable success in other maladies, which frequently resist the resources of the medical art, such as chronic rheumatism, atonic gout, palsy, scrofula, engorgements of the glands, of the breasts, the lymphatic ganglions and joints. Eminent practitioners have bestowed the highest praises on the remedy, and are in the habit of prescribing it for inveterate diseases that require powerful sudorific agents. The success obtained by this mode of treatment is confirmed by the time that has elapsed since the cures were effected.

The undersigned hopes that his efforts to give satisfaction to those who have honored his establishment with their patronage, will ensure the confidence of patients whose cases require the employment of medicated sulphur or Vapor Baths. P. MAUBERRET. m16 ly
