Inspecting the spot of the Bancho Area by interested persons.

REPORT ON THE WORKS CARRIED OUT IN 1949 BY THE KOBE BANCHO AREA IMPROVEMENT COMMITTEE

I. Education Department

The origin of work of this Department is the establishment of adult education course for the people of Bancho Area as a measure for improvement of Bancho Area started from about August in the year 1949 when Miss Josephine Colletti, Civil Education Section, Kinki Civil Affairs Region was in office of Civil Education Section, Hyogo Civil Affairs Team, Kobe. This course is also the beginning of all the works of the Bancho Area Improvement Committee.

1. Promotion of civil education
   A. Establishment of adult course.
      (a) First time: (Aug.26,1949 to Oct.4, 1949) 12 times.
      (b) Second time: (Sept.27,1949 to Nov.18,1949) 14 times.
         (1) Main subjects are as follows:
         Organizations in community. State of affairs in America. Problems of outcaste community. Labor problems. Public safety. Religion. YMCA movement. Public sanitation. Public Welfare problems. Education. Public morality. International problems.
         (2) Points which are worth notice.
         Members of the Youth Association did their best in gathering as many attendants as possible to the course.
         We made efforts in continuing the course on an interesting basis by arranging movies, attractions and all kinds of recreations.
         (3) Result:
         It can be said that it was successful as the first work for this area.
   B. Furtherance of the movement for establishment of the Citizens' Public Hall.
      We proposed to construct a citizens' public hall having a floor space of 150 to 200 "tsubo" in all and equipped with education, work relief and recreation rooms, and created a committed composed of members of Prefectural and Municipal School Boards and Bancho Area. This Committee studied the concrete plan and decided to put the plan into effect.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

2. Improvement of School Education.

(a) Organization and establishment of special class
(Began on January 16, 1950)

We decided to organize special classes according to Article 75, School Education Law and to relieve those children who reach school age but don't attend school and who are absent from school for a long time.

(1) Children to be accomodated.

Abnormal and weak-minded children who reached lower secondary and primary school age.
Children who are poor and engaged in works.
Children who are engaged in household affairs in the day time.
Children who have no parents or other protectors.

(2) Method:

The number of school choldren was 61 (male 26, female 35) and number of classes was 2. Mixed classes were organized to accommodate the First-year choldren of Primary schools to the Third-year children of lower secondary schools.
Two regular teachers and other two were arranged.
Classes rooms are placed in the building of the Nishino Kindergarten located at Bancho Area and school hours are from 5 p.m. to 8 p.m.
Suitable teaching materials are chosen.
Mothers education course is established and their mothers are enlightened.

Reference:

Number of children who reach school age but don't attend school or number of children who are absent from school for a long time.
Male: 103 Female: 144 Total: 247

(b) Improvement of sanitation facilities.

(1) Improvement of school sanitation rooms.

We improved the sanitation room of the Murouchi Primary School and succeeded in the restoration of school sanitation to cultural standard.

(2) Improvement of school lunch.

We made the sanitary improvement of facilities for school lunch by newly establishing 4 cooking-ranges and cooking-rooms, and by newly devising the anti-worm facilities for provisions.

II. Welfare Department

1. Loan of welfare fund

We contribute to the aid of velihood by promoting the leather processing industry which is characteristic industry in this area and by relieving the medium and inor enterprises with the loan of welfare fund. The total amount of welfare fund is 675,000 yen (2 accounts). The number of workers directly obtained a loan amounted to 75 persons, ---- 45 persons 2 debtor's association and other 30 persons respectively.

2. Grant of operating fund for Public Hall

For the contribution of children's elevation, 20,000 yen fund for public hall was granted and appropriated for teaceremony, flower arrangement, record-concert, cultivation lectures and provision of books.

3. Prevention measures for juvenile delinquency

(1) Laying of Children's Recreation Centre

Children's Recreation Centre was laid as one of the preventive measures for juvenile delinquency. It is located at the vacant lot adjacent to "Kindakuji" Temple and covers 400 "tsubo". It is equipped with 2 swings and 1 chute. Cost of construction is 265,000 yen.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(2) Appointment of inspectors who are in charge of the area only.
3 inspectors who are in charge of the area only were appointed for the aim of prevention of juvenile delinquency and proper guidance of children.

(3) Establishment of regular children's meeting.
Monthly regular children's meeting are established for the purpose of proper guidance of children in accordance with juvenile Welfare Act.

III. Sanitation Department.

1. Counter-measures for Environment Sanitation.

(1) Temporary ones:
To receive 750 laborers who are out of work, and let them serve in cleaning of the area.

a. Cleaning of sewers.
b. " " ditches.
c. Disposal of accumulated rubbish and weeding.

Remarks: Carried out from 12th to 28th Oct., 1949.
Total number of laborers for this term: 750 persons.
Total length of sewers: 90,000 meters
" " " ditches: 9,000 "
" " " weeding: 7,500 "
Disposal of rubbish: 226,000 tons.

(2) Permanent ones:

a. To increase efficiency in removing rubbish out of dwelling houses by 7 laborers with 7 carts.
b. To clean up the streets by a group of three laborers.
c. To organize a special sanitation group consisted of 14 laborers and let them clean the whole area every week.
d. Thorough removal of night soil.
Using 2 trucks for disposal of night-soil of dwelling houses twice a month, 1 rear-car for disposal of night-soil of 24 public lavatories daily.

2. Complete treatment for Trachoma Clinic.

A. To promote the activities of Trachoma Clinic.
Number of patients after the organization of Sanitation Department is as follows:

Sept. ------	234 persons	Oct. ------	267 persons
Nov. ------	303 "	Dec. ------	346 "
Jan.('50)---	328 "		

B. To apply Homo-Sulphamin (Ointment for Trachoma).
In cooperation with eye-doctors and PTA, got 312 effective patients of 316 by home treatment.

3. Counter-measure for VD
Thorough treatment was made at Murouchi Clinic with the Penicillin released by Kobe Base.
Number of patients by month is as follows:

Sept. -----	369	Oct. -----	392	Nov. -----	427
Dec. -----	327	Jan('50)--	421	Feb. -----	407

4. Counter-measure for T.B.
The plan of holding mass examination was not carried out owing to unavailability of Tuberculin and BCG vaccine.

5. Counter-measure for Parasites.
Examined 1,000 school-pupils and handed Santonin to 800 of them.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

IV. Public Safety Department (Report for 1949)

1. Strengthening of the police force.
For the concentration of police force, the following measures were taken:-
a. Assignment of more policemen on the beat.
b. Special assignment of one special patrol squad (one police sergeant and 4 men)
c. Assignment of a special detection squd (one sergeant and 2 men.)
d. Assignment of the district supervisor (one police inspector.)
e. Strengthening of police box force.
(1) Better supervision and guidance.
(2) Strengthening of closer patrolling.
(3) Oftener house-to-house visiting.
f. Request of better co-operation of local residents
(1) Assignment of special supervisors (one police sergeant and one policemen.)
(2) Organization of anti-crime societies (one for each police box district.)

2. As the first countermeasures, the following matters were executed:-
1. Control of public morality.
Made special listing of prostitutes in order to eliminate them, and as a result the prostitutes who numbered over 100 decreased to a few scores.
2. Control of narcotic peddler.
Made suspect lists and endeavoured to pinch them as much as possible,&the number of suspects is on the considerable decline.
3. Prevention of criminal suspects entering this districts.
Made close contact withthe district office and had close house-to-house visits, and endeavored for the prevention of entrance of criminal suspects, and as a result not only the felonious but ordinary criminal suspects did not enter the district and apprehension had also good results.
4. Control and suspension of hoodlums.
Closer inspection and control resulted in good tendency and now hardly any hoodlum or villain is seen in this district.
5. Prevention of juvenile delinquencies.
In co-operation with Anti-crime Organizations, Children's Welfare Committee, and Youths' Organization, we tried the Prevention of juvenile delinquencies, such as roadside gambling,etc.

3. Organization of Anti-crime Societies.
As the co-operating anti-crime organization, we organized anti-crime societies (3) with the police box district as the unit. For their work, these organization did:
1. Set up 12 street lamps (anti-crime lamps)
2. Propagation of "crime does not pay" ideas.
3. Night watch (180 men in total)
4. Execution of anti-crime movement in the year-end and New Year periods.

4. Organization of Private Fire Fighting Squad.
With 26 men, an autonomous fire fighting squad was organized and police co-operated withthis squad in the performance of their work.

5. Organization of Service Children's Group
A service children's group was organized for the purpose of fire prevention and street cleaning, etc.

In order to make the dispensary in the Murouchi Primary School one of the model school dispensaries, the following facilities will be fixed:
Heating; disinfection facilities; resting-room; facilities for filth disposal; implements for physical examination and increase of toilets.

(3) Facilities for Supplying Lunch for School Children.

In order to complete the facilities for providing food for school-children, the following facilities will be fixed.

To increase cupboards, to perfect lightning in the Kitchen and Store-room of food, supplement of utensils, and other facilities necessary to beautify the room and so forth.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

2. Welfare Department (Draft plan)

1. To loan welfare fund
We are planning to extend and fill up the hand-making shoe shop for giving jobs in succession to 1949.
Expected amount of fund to be loaned: 500,000 yen.

2. To establish a cooperative association for promoting industries.
In order to promote the domestic industries, especially the leather processing which is the feature of this district, we are planning to establish a cooperative association for their livings in close connection with the Commerce and Industry Department. This will help elevate the levels of their economic and cultural lives.

3. To establish a public pawn house.
To smooth the monetary circulation of small fund and to aid the economy of the inhabitants, a public pawn house will be established. Estimated fund: 3,000,000 yen.

4. Strong steps will be taken for the prevention of juvenile delinquency.
(1) To increase children's play-ground
Two additional play-grounds for children will be established. (Estimate: 500,000 yen)

(2) Library for children
A children library will be attached to Kinraku-ji Temple Children Play-ground. (Estimate: 100,000 yen).

(3) Day nursery
In order to nurse the infants of the day laborers, a day nursery will be established for the prevention of child delinquency. (Estimate: 100,000 yen)

(4) Others

a. To organize a special children's group.
For the prevention of delinquency, a special children's group including shoe-shine children will be organized.

b. To provide recreations to poor children.

c. To continue "Children's meeting" in accordance with Child Welfare Law.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

3. Public Health Department (Draft plan)

I. Environment Sanitation

(1) To strengthen garbage disposal operation

a. Special sanitation teams (14 men a team) will go round the area once every six days, carrying away garbage and cleaning roads and ditches.

b. Road cleaning teams (two men per team).

(2) Teams for insect control
Insect control teams will be organized and efforts will be made in controlling flies in summer and lice in winter-seasons.

(3) Night soil disposal
a. Private houses: twice a month
Public lavatory: every day
b. To improve public lavatory
Twenty-four lavatories which are damaged or into which water run will be repaired.

(4) Environment sanitation
The following movements will be staged.
a. To prepare dust-bins
b. To control insects
c. To discontinue throwing garbage on roads ~~xxxxx~~ or into ditches.

II. To treat trachoma

(1) To strengthen the activities of Trachoma clinics.
(2) To encourage the application of "Omo Suphoamin" for treatment of trachoma.

III. Venereal Disease Prevention

(1) To establish a special health centre.
In order to treat VD and other diseases, a branch clinic of a health centre will be created in this area.

(2) To encourage the activities of health centre.
Medical treatment free from charge and with reduced charge will be given by strengthening the activities of the Murouchi Health Centre.

IV. Treatment of Tuberculosis

(1) Mass physical examination
(2) Movement for the prevention of TB will be strongly staged by strengthening the activities of health centre.

V. Others

Other necessary measures for this purpose will also be taken.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

PUBLIC SAFETY DIVISION (Plans)

All the measures executed for 1949 will be continued and enforced, and in addition, the following measures are planned:

1. Strengthening of police force:
   Three watch boxes will be established for the better surveillance of the district.
2. Additional installment of street lamps (anti-crime lamps):
   About 100 lamps are planned to be installed to brighten up the district.
3. Building of policemen's dormitories (for single policemen.)
   In order to have the better contact with the local residents, several dormitory houses (about 5 policemen to one dormitory) are planned.
   This will help also the crime prevention and detection.
4. To have better surveillance on the local public morality and hygiene.
5. To have better guidance for children who play on the streets and alleys.
6. To move and protect residents in 16 dangerous dwelling (about to be condemned.)
7. To take other necessary measures when needed.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

I. Promotion of labor education

(1) Lecture and movie on labor education
To make the significance of labor fully understood, lectures or movies for one or two hours will be given about once a month.
Main subjects follows:
Constitution and labor. Laws which protect laborers (Labor Security Law, Unemployment Insurance Law, Trade Union Law and Labor Standard Law) democracy and labor. Culture and science. Problems on young laborers. Women and labor. Mutual-aid movement and so on.

(2) Free discussion on labor.

(3) Travelling library.

(4) Wall newspaper for labor education.

(5) Labor newspaper (weekly)

(6) Labor consultation office.
Expense for the above: 127,700 yen.

II. Measures for giving jobs.

(1) Travelling labor consultation team.
A travelling labor intelligence team from the Kobe Labor Exchange will be organized to go round the area twice a month for three months from April till June (First period plan) and will give informations about the activities of the labor exchange, measures for the unemployed, vocational aid, ~~xxxxxxxxxxxxxx~~ unemployed insurance and so on. Appeals and complaints will also be heard.

(2) To strengthen labor exchange
The activities of the Kogura Labor Exchange will be strengthened.

(3) Day laborer
Day laboeres' union will be organized thereby trying to give them jobs as possible.

(4) Laboeres' Pocket-ledger
In order to give jobs to the unemployed, laborer's pocket-ledger will be checked. Photographs will also be ~~xxxx~~ pasted to the ~~xxxxxx~~ ledger.

(5) To increase number of laboeres in the unemployed relief works.
Measures will be taken in employing as many laboeres of this area as possible in the prefecture of city operated works, especially by increasing the city propriated works.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(6) To give permanent jobs.
By strengthening the present program of giving jobs to the repatriates and others, permanent jobs will be given to the laborers in the area and care will also be taken after they got jobs.

(7) Vocational guidance to the lower secondary school pupils.
In order to give suitable jobs to the pupils of the lower secondary schools, the school and the labor exchange will be in close connection.

Expense needed for the above: 475,600 yen.

III. Vocational guidance

(1) The facilities for the guidance of vocation will be well equipped.

a. Extending the facilities for vocational guidance,
It is planned that about fifty people who volunteer in this area will get jobs at the city operated workshop.

b. It will be studied that a workshop is established in this area.

c. The fact that the people can make use of these facilities will be made known to the people in this area.

(2) Short-period vocational guidance facilities for women will be established.
(A training course of knitting by a machine --- 30 women for three months)

Reference:
To make floats for fishing-net
To make simple toys
Processing decoration materials for export
To mend shoes, and others.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

4. Building construction plan.

We plan to carry out the following construction plan in order to improve housing and its facilities.

1. Construction of houses.

a. Reinforced concrete buildings.

(1) Four-storey buildings 8 (Accommodations: 192 doors)

(2) Three-storey buildings 2 (-"- : 36 rooms)

b. Wooden houses. 4 (-"- : 12 doors)

(Note) Cost: 99,240,000 yen.

2. Public lavatory.

A-type (60 sq.m.) 6
B-type (10 ") 2

(Note) Cost: 4,226,200 yen.

5. Park and Grassy Park Plan.

We plan to construct children's park and other grassy parks, expecting to promote cultural environment.

(Note) Cost: 2,769,800 yen.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

6. Public Works Department (Draft Plan)

As the Bancho Area Improvement Plan the public works and the establishment of buildings are to its fundamental plan. Therefore, the expenses come to a large sum, and so we have decided to seek the source of revenue in another way for the time being, and have made this plan for 1950 fiscal year as an ideal one.

This plan has been made as a part of the five-year plan, and the actual affairs are to be carried out each time in accordance with the finance condition.

I. Plan for the year 1950

(a) Sewerage improvement plan
Length: 440 m. cost: 880,000 yen
Location: Yobancho 4-chome, Sanbancho 3-chome.

(b) Building construction plan
a. Reinforced concrete buildings.
Four-storey buildings: 4 buildings, cost of 40,000,000 yen located at Yobancho 6-chome.

b. Public lavatory
Labatory of 60 sq.m. : 1
" " 30 " : 1
Total cost: 1,226,000 yen
Location: Yobancho 4-chome.

Lavatory of 60 sq.m.: 1
cost: 800,000 yen
Location: Sanbancho 3-chome.

Grand total: 42,026,000 yen.

2. Road Plan.

We plan to make the development of the area by way of the opening of roads.

1.	18-meter road	320 meters	(Murouchi line)
2.	15 -"-	315 "	(Umegaka ")
3.	6 -"-	610 "	(Block road)

(Note) Cost: 92,522,000 yen.

3. Sewerage Improvement Plan.

We plan to make a thorough repair of sewerage facilities.

1.	Sanbancho 3-chome	Sewerage	140 meters
2.	Sanbancho 4-chome	"	180 "
3.	Yobancho 4-chome	"	300 "

(Note) Cost: 1,240,000 yen.

3. Plans for 1951 fiscal year.

Road plan.

Block road 6 meters in width, 210 meters in length ..... 10,939,000 yen
(Yobancho 4-chome and Sanbancho 3-chome)

Fairy-tales for children. Citation of children who attend school always. Reading matters for children and pamphlets of home education principles will be issued. Mental tests.
To give stationery (1,000 yen per capita)

(2) Filling up School Sanitary Facilities
In order to make the dispensary in the Murouchi Primary School one of the model school dispensaries, the following facilities will be fixed:
Heating; disinfection facilities; resting-room; facilities for filth disposal; implements for physical examination and increase of toilets.

(3) Facilities for Supplying Lunch for School Children.

In order to complete the facilities for providing food for school-children, the following facilities will be fixed.

To increase cupboards, to perfect lightning in the Kitchen and Store-room of food, supplement of utensils, and other facilities necessary to beautify the room and so forth.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

2. Welfare Department (Draft plan)

1. To loan welfare fund
We are planning to extend and fill up the hand-making shoe shop for giving jobs in succession to 1949. Expected amount of fund to be loaned: 500,000 yen.

2. To establish a cooperative association for promoting industries.
In order to promote the domestic industries, especially the leather processing which is the feature of this district, we are planning to establish a cooperative association for their livings in close connection with the Commerce and Industry Department. This will help elevate the levels of their economic and cultural lives.

3. To establish a public pawn house.
To smooth the monetary circulation of small fund and to aid the economy of the inhabitants, a public pawn house will be established. Estimated fund: 3,000,000 yen.

4. Strong steps will be taken for the prevention of juvenile delinquency.
(1) To increase children's play-ground
Two additional play-grounds for children will be established. (Estimate: 500,000 yen)

(2) Library for children
A children library will be attached to Kinraku-ji Temple Children Play-ground. (Estimate: 100,000 yen).

(3) Day nursery
In order to nurse the infants of the day laborers, a day nursery will be established for the prevention of child delinquency. (Estimate: 100,000 yen)

(4) Others

a. To organize a special children's group.
For the prevention of delinquency, a special children's group including shoe-shine children will be organized.

b. To provide recreations to poor children.

c. To continue "Children's meeting" in accordance with Child Welfare Law.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

3. Public Health Department (Draft plan)

I. Environment Sanitation

(1) To strengthen garbage disposal operation

a. Special sanitation teams (14 men a team) will go round the area once every six days, carrying away garbage and cleaning roads and ditches.

b. Road cleaning teams (two men per team).

(2) Teams for insect control
Insect control teams will be organized and efforts will be made in controlling flies in summer and lice in winter-seasons.

(3) Night soil disposal
a. Private houses: twice a month
Public lavatory: every day
b. To improve public lavatory
Twenty-four lavatories which are damaged or into which water run will be repaired.

(4) Environment sanitation
The following movements will be staged.
a. To prepare dust-bins
b. To control insects
c. To discontinue throwing garbage on roads ~~xxxxx~~ or into ditches.

II. To treat trachoma

(1) To strengthen the activities of Trachoma clinics.
(2) To encourage the application of "Omo Suphoamin" for treatment of trachoma.

III. Venereal Disease Prevention

(1) To establish a special health centre.
In order to treat VD and other diseases, a branch clinic of a health centre will be created in this area.

(2) To encourage the activities of health centre.
Medical treatment free from charge and with reduced charge will be given by strengthening the activities of the Murouchi Health Centre.

IV. Treatment of Tuberculosis

(1) Mass physical examination
(2) Movement for the prevention of TB will be strongly staged by strengthening the activities of health centre.

V. Others

Other necessary measures for this purpose will also be taken.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

PUBLIC SAFETY DIVISION (Plans)

All the measures executed for 1949 will be continued and enforced, and in addition, the following measures are planned:

1. Strengthening of police force:
   Three watch boxes will be established for the better surveillance of the district.
2. Additional installment of street lamps (anti-crime lamps):
   About 100 lamps are planned to be installed to brighten up the district.
3. Building of policemen's dormitories (for single policemen.)
   In order to have the better contact with the local residents, several dormitory houses (about 5 policemen to one dormitory) are planned.
   This will help also the crime prevention and detection.
4. To have better surveillance on the local public morality and hygiene.
5. To have better guidance for children who play on the streets and alleys.
6. To move and protect residents in 16 dangerous dwelling (about to be condemned.)

We plan to construct children's park and other grassy parks, expecting to promote cultural environment.

(Note) Cost: 2,769,800 yen.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

6. Public Works Department (Draft plan)

As the Bancho Area Improvement Plan the public works and the establishment of buildings are to its fundamental plan. Therefore, the expenses come to a large sum, and so we have decided to seek the source of revenue in another way for the time being, and have made this plan for 1950 fiscal year as an ideal one.

This plan has been made as a part of the five-year plan, and the actual affairs are to be carried out each time in accordance with the finance condition.

I. Plan for the year 1950

(a) Sewerage improvement plan
Length: 440 m. cost: 880,000 yen
Location: Yobancho 4-chome, Sanbancho 3-chome.

(b) Building construction plan
a. Reinforced concrete buildings.
Four-storey buildings: 4 buildings, cost of 40,000,000 yen located at Yobancho 6-chome.

b. Public lavatory
Labatory of 60 sq.m. : 1
" " 30 " : 1
Total cost: 1,226,000 yen
Location: Yobancho 4-chome.

Lavatory of 60 sq.m.: 1
cost: 800,000 yen
Location: Sanbancho 3-chome.

Grand total: 42,026,000 yen.

2. Road Plan.

We plan to make the development of the area by way of the opening of roads.

1.	18-meter road	320 meters	(Murouchi line)
2.	15 -"-	315 "	(Umegaka ")
3.	6 -"-	610 "	(Block road)

(Note) Cost: 92,522,000 yen.

3. Sewerage Improvement Plan.

We plan to make a thorough repair of sewerage facilities.

1.	Sanbancho 3-chome	Sewerage	140 meters
2.	Sanbancho 4-chome	"	180 "
3.	Yobancho 4-chome	"	300 "

(Note) Cost: 1,240,000 yen.

3. Plans for 1951 fiscal year.

Road plan.

Block road 6 meters in width, 210 meters in length ..... 10,939,000 yen
(Yobancho 4-chome and Sanbancho 3-chome)

Sewerage improvement plan. 180 meters in length ..... 360,000 "
(Sanbancho 4-chome)

Building construction plan.

(1) Reinforced concrete buildings.

2 four-storey buildings ..... 20,000,000 yen
1 three-storey buildings ..... 8,000,000 "

(2) Public lavatory.

Gobancho 3-chome and 4-chome (60 sq.m. and 30 sq.m.) ..... 1,063,000 yen
Total 40,362,000 yen

4. Plane for 1952 fiscal year.

Road plan. 220 meters in length ..... 11,554,000 yen
(Sanbancho 4-chome and Yobancho 5-chome)

Building construction plan.

(1) Reinforced concrete buildings 2 four-storey ..... 20,000,000 yen
1 three-story ..... 8,000,000 "

(2) Public lavatories Yobancho 5-chome (60 sq.m. 2) ..... 1,438,000 "

Total 40,982,000 yen

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

5. Plans for 1953 fiscal year.

Road plan.

(1)	Block road (Gobancho 4-chome)	6 meters in width, 95 meters in length	4,866,000 yen
(2)	Umegaka line	15 meters in width, 315 meters in length	21,862,000 "

Buildings construction plan.

(1)	Wooden houses (Rokubancho 6-chome)	4 houses	3,240,000 yen
(2)	Public lavatory (60 sq.m. 1) Sanbancho 4-chome	.....	637,000 "
(3)	Park and grassy parks (3 places)	.....	7,910,000 "

(Expenses for land and subsidy are only shown here.)

Total 38,515,000 yen

6. Plan for 1954 fiscal year.

Road plan.

(1)	Block road (Gobancho 3-chome)	6 meters in width,	85 meters in length	6,076,000 yen
(2)	Murouchi line	10 -"-	, 320 -"-	31,159,000 "

Total 37,235,000 yen

Grand total 200,000,000 yen

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

List of Plans

1. Public facilities plan.

Classification	Present situation	Planned or present location	Acreage xxx sq.m.	No. of houses to be removed	Remarks

7. To take other necessary measures when needed.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

I. Promotion of labor education

(1) Lecture and movie on labor education
To make the significance of labor fully understood, lectures or movies for one or two hours will be given about once a month.
Main subjects follows:
Constitution and labor. Laws which protect laborers (Labor Security Law, Unemployment Insurance Law, Trade Union Law and Labor Standard Law) democracy and labor. Culture and science. Problems on young laborers. Women and labor. Mutual-aid movement and so on.

(2) Free discussion on labor.

(3) Travelling library.

(4) Wall newspaper for labor education.

(5) Labor newspaper (weekly)

(6) Labor consultation office.
Expense for the above: 127,700 yen.

II. Measures for giving jobs.

(1) Travelling labor consultation team.
A travelling labor intelligence team from the Kobe Labor Exchange will be organized to go round the area twice a month for three months from April till June (First period plan) and will give informations about the activities of the labor exchange, measures for the unemployed, vocational aid, ~~xxxxxxxxxxxxxxxx~~ unemployed insurance and so on. Appeals and complaints will also be heard.

(2) To strengthen labor exchange
The activities of the Kagawa Labor Exchange will be strengthened.

(3) Day laborer
Day laboeres' union will be organized thereby trying to give them jobs as possible.

(4) Laboeres' Pocket-ledger
In order to give jobs to the unemployed, laborer's pocket-ledger will be checked. Photographs will also be ~~xxxx~~ pasted to the ~~xxxxxx~~ ledger.

(5) To increase number of laboeres in the unemployed relief works.
Measures will be taken in employing as many laboeres of this area as possible in the prefecture of city operated works, especially by increasing the city propriated works.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(6) To give permanent jobs.
By strengthening the present program of giving jobs to the repatriates and others, permanent jobs will be given to the laborers in the area and care will also be taken after they got jobs.

(7) Vocational guidance to the lower secondary school pupils.
In order to give suitable jobs to the pupils of the lower secondary schools, the school and the labor exchange will be in close connection.

Expense needed for the above: 475,600 yen.

III. Vocational guidance

(1) The facilities for the guidance of vocation will be well equipped.

a. Extending the facilities for vocational guidance, It is planned that about fifty people who volunteer in this area will get jobs at the city operated workshop.

b. It will be studied that a workshop is established in this area.

c. The fact that the people can make use of these facilities will be made known to the people in this area.

(2) Short-period vocational guidance facilities for women will be established.
(A training course of knitting by a machine --- 30 women for three months)

Reference:
To make floats for fishing-net
To make simple toys
Processing decoration materials for export
To mend shoes, and others.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013
