NEW SERIES, VOLUME 34

No. 9

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON: 1939

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued monthly. The entries are arranged alphabetically by title.

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" & "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of copyright renewals made for musical compositions under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $3, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 28, 1928, the prices of the various parts of the Catalog are now as follows:

NEW SERIES, VOLUME 34

No. 10

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1939

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued monthly. The entries are arranged alphabetically by title.

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" & "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of copyright renewals made for musical compositions under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $3, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

LIST OF COPYRIGHT RENEWALS

1939

NEW SERIES, VOLUME 34

No. 11

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON: 1939

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued monthly. The entries are arranged alphabetically by title.

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" & "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of copyright renewals made for musical compositions under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $3, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 28, 1928, the prices of the various parts of the Catalog are now as follows:

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1939.

LIST OF COPYRIGHT RENEWALS

1939

NEW SERIES, VOLUME 34

No. 12

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1939

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued monthly. The entries are arranged alphabetically by title.

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" & "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of copyright renewals made for musical compositions under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $3, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1939.
