Application for the Approval of the Fact That the Applicant is not affiliated with Zaibatsu according to the provision of Article 4 of the Cabinet Ordinance No. 7, 1948.

February 3, 1948.

Mr. Tetsu Katayama,
Prime Minister.

Gentlemen:

I, the undersigned, hereby apply for your approval of the fact that the undersigned is in nor respect affiliated with Zaibatsu interest, according to the provision of Article 4 of the Cabinet Ordinance No. 7, 1948.

1. Name and address of the Applicant:

Mikio Fukuda, 1690 Shimo-Ochiai, Yonoo-cho,
Kita Adachi-gun, Saitama Prefecture.

2. Position of the Applicant:

Name of Company: Kabushiki Kaisha Nissan
(The Nissan Company, Ltd.)

(A Zaibatsu Company, Direct)

Position: Auditor.

Date of Appointment: December 31, 1946.

Mikio Fukuda.

1. Application according to the provision of Article 6, Paragraph 1, Item 2 of the Law.

(a) The circumstances under which I assumed auditorship.

Kabushiki Kaisha Nissan (The Nissan Company, Ltd.) (hereinafter called the Company) is a restricted concern according to the Imperial Ordinance No. 657, 1945 and also was designated as a holding company according to the provision of Article 1 of the Holding Company Liquidation Commission Ordinance of December 7, 1946. In the mean time, the company decreased the number of officials to the minimum number of four from the eleven then in office, in December, 1945, according to the policy of dissolving the company which we had previously presented to G.H.Q. as a special designated company, by dismissing those who were in the office concurrently with those of subsidiary or affiliated companies. The officials remained at that time were as follows:

Director and president	Mikitaro Miho
Director	Kenji Shimokobe
Director	Kantaro Kishimoto
Auditor	Heisaku Miyanaga

It was found later, however, that three directors, Miho, Shimokobe and Kishimoto, were compelled to retire from the office on account of purge directive and the auditor, Miyanaga, was also compelled to retire as he was the president of the Nissan Construction Company and the assumption of additional office was restricted by law. Thus all the officials of the Company remained at that time were also compelled to resign. So the Board of Directors held a meeting on December 18, 1946 and adopted a resolution to ask Mr. Chiwaki Kamiya, then the Chairman of the Board of the Nissan Fire and Marine Insurance Company and Ryoji Otaka, Manager of the Company and those who were in the position of department head, including myself, to assume an office of the company. According to this plan, I was elected an auditor of the company at the Special Stockholders' General Meeting held on December 31, 1946. This personnel shift was approved by the Holding Company Liquidation Commission. In this connection, I am attaching hereto documentary evidence as follows:

Documentary evidence No. 1. Record of resolution adopted at the 56th Board of Directors' Meeting of the Nissan Company, Dtd.

Documentary evidence No. 2. Report on election of new officials presented to the Holding Company Liquidation Commission.

(b) Actual conditions under which execution of duties was carried out.

As the company being a "Special Accounting Company" no regular stockholders' general meeting has been convened since my assumption of the office, and therefore, I have had no chance of auditing books.

2. Application according to the provision of Article 7, Paragraph 1.

(1) I have no family relations with Mr. Gisuke Aikawa or any of the members of his family or relatives.

(2) The officials of the company are to be elected at the stockholders' general meetings according to the Article 23 of the Articles of Incorporation. It is customary, that the candidates are selected at the Board of Directors' Meetings and the plan is presented to the stockholders' general meeting for their consideration. There is no arrangement which required preliminary approval of Mr. Aikawa regarding the appoint - ment and dismissal of officials, nor is there any such practice. As for Kusei Kai, a big stockholder, they sent in their power of attorney to the chairman and there was no case where previous approval of theirs was necessary. In this connection, I am attaching hereto a copy of power of attorney presented by them, as documentary evidence No. 3.

(4) As stated on Page 3 of the Questionnaire, I assumed the position of an auditor on December 31, 1946, but I had no other office held at the same time.

Documentary Evidence No. 1

Record of Resolution of the 56th Board of Directors' Meeting

The 56th Board of Directors' Meeting of the Company was held at the Company's office on December 18, 1946, from 10:00 a.m. and the following resolution was unanimously adopted:

Resolution

1. In consideration of the retirement of Mikitaro Miho, Kenji Shimokobe, Kantaro Kishimoto, directors, and Heisaku Miyanaga, auditor, we are to ask the following persons to become the officials of the company:

For	Director,	Chiwaki Kamiya
"	"	Ryoji Otaka
"	"	Shinya Ishikawa
"	"	Kyusaku Inada
"	"	Tsunesuke Takahashi
"	"	Michitaro Tauchi
"	Auditor	Hirokichi Minato
"	"	Mikio Fukuda

2. To convene a special stockholders' general meeting at the head office at 2 one-chome, Tamura-cho, Shiba-ku, Tokyo, on December 31, 1946, from 10:00 a.m. and present the foregoing subject to the meeting for its consideration.

In Witness Whereof, attending directors have hereunto affixed their signatures and seals on this 18th day of the month of December, 1946.

The Nissan Company, Ltd.

Mikitaro Miho, Director and President
Kenji Shimokobe, Director
Kantaro Kishimoto, Director

Heisaku Miyanaga, Auditor.

Documentary Evidence No. 2

January 28, 1947

To Holding Company Liquidation Commission.

Report on the Election of New Officials

1. Names of Old and New Officials:

Old Officials:

Mikitaro Miho, Director and President
Kenji Shimokobe, Director
Kantaro Kishimoto, Director
Heisaku Miyanaga, Auditor

Ryoji Otaka, Director
Shinya Ishikawa, Director
Kyusaku Inada, Director
Tsunesuke Takahashi, Director
Michitaro Tauchi, Director

2. Reason for Electing New Officials.

Since the company is a "designated company" and all of the old officials tendered their resignation in consideration of the laws and ordinances relative to the restriction of assumption of public offices and taking additional post of officer. Therefore, the company was compelled to elect new offcials,and at the same time, it was considered advisable to re-organize the company with a new staff on a new basis in or der to give a new impetus to the management, taking this opportunity, so we elected new officials at the Special Stockholders' General Meeting held on December 31, 1946.

The Nissan Company, Ltd.

Documentary Evidence No. 3.

2 one-chome, Tamura-cho,
Shiba-ku, Tokyo.

Bunkichi Ito,
President.

Details of Actual Status of Execution of Functions

Fukuta, Mikio,
The Nissan Company, Ltd.

Since the Company is a Special Accounting Company, no financial settlement of accounts of the company has been made since August 11th, 1946 and will not be made up until the time of approval of Reorganization Plan and no regular general meeting of stock-holders has been held during this period.

After Inada Kyusaku, Manager of Liaison Department of the Company, died last December, he is in charge of English translation of various data and also in charge of liaison work with G.H.Q., Holding Company Liquidation Commission, Closed Institutions Liquidation Commission, Ministry of Finance and Securities Coordinate Committee, etc., according to the instructions of the President.

   a. The Mitsui Lumber Co.,Ltd. was indirect affiliate company of the Mitsui Honsha in their internal connection and, in regard to the election for the officials of the Mitsui Lumber Co., there was none of any arrangement with the Mitsui Honsha. Especially, as the function of the Mitsui Honsha have completly been suspended following her determination for the dissolution on middle of October, 1945, in electing the officials during my tenure of office as President, I have taken a course to elect the officials respecting the intention of the employees on the ground of the democratic management.

   b. Therefore, in filling up the officials by three on June, 1946, I have decided to elect the officials from the employees of the said company without any connection with the Mitsui Honsha following my above stated course. I have thus elected Mr. Toshio Hanzawa who was at that time in the position of chief of the Accounting Department as one of the director.

十一、本人の役員就任當時その勤務した財閥會社と財閥又は財閥直系會社との間に役員としての就任についての事前承認を必要とする旨の取極の有無

（一）明文の取極の有無

（二）本人の役員としての就任の事情の詳細、特にその就任につき財閥又は財閥直系會社が關與した事實の有無

明文の取極なし

㈠私が基隆炭礦株式會社の役員に就任當時基隆炭礦株式會社と三井財閥又は三井財閥直系會社との間に役員として就任について事前了承を必要とする旨の明文の取極はありません（別紙證明書添付）

基隆炭礦株式會社は台灣の顏家一統の石炭鑛業事業であつたが之に三井系が割込んだもので顏家は依然事業上の主動力となり實權を有して居た從つて役員の如きも株式保有割合に拘らず顏家側が比較的多數を占め居た

㈡等三井系としても彼の面子を尊重していた

昭和九年事業刷新のため顏家の指導的立場にある代表取締役顏尉年が副會長に昇格し次で基隆鑛業所長を辭任するに當り私を後任所長として懇望したもので同時に株主總會に於て常務取締役（代表權なし）に選任せられたのである其の後會長は顏國年高島善江を經て昭和十二年六月西村小次郎が就任せる際顏欽賢と共に代表權ある常務取締役に重任したので

(一) 原告基礎與被告三井物産株式會社との契約關係

私が最初株主總會に於て常務取締役に選任せられるに付ては顏國年が株主間に了解を求めた上のことと思はれるが選任に付て基隆炭礦株式會社又は私より三井系會社に對して承認を求めたる事實もなく又三井系會社又は私に對して承認する旨の意思表示を受けたことはない重任に當つても前同樣承認を求め若しくは承認の意思表示を受けたことはない（證明書添附）

(二) 基隆炭礦株式會社は三井系傍系會社と指定されているが(一)にて詳述せる通り最高責任者には會長並に時には副會長があつて最高權限を有して居り私の實務は、鑛業所長として主として現場の採炭事務に關したものである、代表權ある常務取締役となつた際にも顏欽賢と同列に止り會長としては西村小次郎が在任していたからその下にあり從つて三井系財閥會社の役員になつたことはない。

(三) 他に最高代表役員と同等又は同等以上の權限又は支配力を有したことはない。

11. At the time of your assnmption of office as official, whether or not the arrangement that the previous approval be obtained from the Zaibatsu or the direct Zaibatsu affiliate regarding assumption of the position of official existed between the Zaibatsu company where you served and the Zaibatsu or the direct Zaibatsu affiliates.

a. Whether or not the arrangemeut existed in writing.

None

b. Details of circumstances under whicn you assumed the position of official; particularly whether or not the Zaibatsu or the direct Zaibatsu affiliate was concerned in approving your assumption of office.

(a) At the time of my assumption of office as an official of Keelung Coal Mining Co., Ltd. there was not such a clear written arrangement that the previous approval be obtained from the Mitsui Zaibatsu or the direct Mitsui Zaibatsu affiliate regarding assumption of the position of official existed between the Mitsui Zaibatsu and Keelung Coal Mining Co., (Refer to the Certificate attached herewith)

Keelung Coal Mining Co., Ltd. was the company to carry out coal mining enterprise which was owned and operated by the "Gan" family of Formosa, and later the Mitsui lineage cut into its business. But, as Gan family still held the practical motive power in its enterprise and Mitsui had to respect Gan family's superiority in the number of officials though possessed a larger percentage of holding of stocks of the said company.

In 1934, the representative managing director of the company, Gan-Koku-Nen, who was in a position to supervise their business by himself, became the vice-president in order to promote the efficiency of the enterprise, and later he asked me to take his post as General Superintendent of Keelung Kogyo-sho (Keelung Mine) from which he resigned. At the same time I was appointed Managing Director (without right of representation) at Stock-holders' Meeting. The president in June, 1937, I was re-elected Managing Director with another

the Mitsui Zaibatsu and Keelung Coal Mining Co., (Refer to the Certificate attached herewith)

Keelung Coal Mining Co., Ltd. was the company to carry out coal mining enterprise which was owned and operated by the "Gan" family of Formosa, and later the Mitsui lineage cut into its business. But, as Gan family still held the practical motive power in its enterprise and Mitsui had to respect Gan family's superiority in the number of officials though possessed a larger percentage of holding of stocks of the said company.

In 1934, the representative managing director of the company, Gan-Koku-Nen, who was in a position to supervise their business by himself, became the vice-president in order to promote the efficiency of the enterprise, and later he asked me to take his post as General Superintendent of Keelung Kogyo-sho (Keelung Mine) from which he resigned. At the same time I was appointed Managing Director (without right of representation) at Stock-holders' Meeting. The president in June, 1937, I was re-elected Managing Director with another managing director, Gan-Kin-Ken; this time we were given rights of representation.

It seems to me that first there was some kind of previous arrangement among the stockholders regrading my assumption of the post of managing director at the general meeting of stock-holders, but there was no such agreement of any kind made by myself or by Keelung Coal Mining Co., Ltd. to the Mitsui Lineage company or companies. Moreover, there is no evidence whatso-ever of obtaining previous approval from the Mitsui lineage company to myself or to Keelung Coal Mining Co., Ltd.
The same is true at the time of my re-election.

(b) Keelung Coal Mining Co., Ltd. has been designated as associate company of Mitsui lineage, but as stated in detail in (a), my duty was practically limited to that of a general superintendent of the coal mine as there were the president and the vice-precident of the company who had the highest degree of responsibility and power of controlling influence, whereas I engaged in the work of supervizing coal mining. When I was elected managing director with right of representation, I had another managing director, Gan-Kin-Ken, to confer with, and also Kojiro Nishimura, president who presiding above us, two managing directors. Therefore I did not have any controlling power greater than that bestowed upon an ordinary high grade official or its equivalent.

(c) I was not appointed any other official of the Zaibatsu company of Mitsui lineage.

十一、本人の役員就任當時その勤務した財閥會社と財閥又は財閥直系會社との間に役員としての就任についての事前承認を必要とする旨の取極の有無

（一）明文の取極の有無

なし

（二）本人の役員としての就任の事情の詳細、特にその就任につき財閥又は財閥直系會社が關與した事實の有無

(一)私が井陸炭礦株式會社の役員に就任當時基隆炭礦株式會社と三井財閥又は三井財閥直系會社との間に役員として就任について事前了承を必要とする旨の明文の取極はありません（別紙證明書添付）

基隆炭礦株式會社は台灣の顏家一統の石炭鑛業事業であつたが之に三井系が割込んだもので顏家は依然事業上の主動力となり實權を有して居た

昭和九年事業刷新のため顏家の指導的立場にある代表取締役顏國年が副會長に昇格し次で基隆鑛業所長を辭任するに當り私を後任所長として懇望したもので同時に株主總會に於て常務取締役（代表權なし）に選任せられたのである其の後會長は顏國年高島甚江を經て昭和十二年六月西村小次郎が就任せる際顏欽賢と共に代表權ある常務取締役に重任したのである

私が最初株主總會に於て常務取締役に選任せられるに付ては相當年が株主間に了解を求めた上のことは思はれるが選任に付て基隆炭礦株式會社又は私より三井系會社に對して承認を求めたる事實もなく又三井系會社より基隆炭礦株式會社又は私に對して承認する旨の意思表示を受けたことはない重任に當つても前同樣承認を求め若しくは承認の意思表示を受けたことはない（証明書第四）

(三)基隆炭礦株式會社は三井系傍系會社と指定されているが(一)にて詳述せる通り最高責任者には會長並に時には副會長があつて最高責任と最高權限を有して居り私の實務は、礦業所長として主として現場の採炭事務に關與したものである、代表權ある常務取締役となつた際にも顏欽賢と同列に止り會長としては西村小次郎が在任していたからその下にあり從つて最高代表役員と同等又は同等以上の權限又は支配力を有したことはない

(四)他に三井系財閥會社の役員になつたことはない。

(D) At the time of my assumption of office as an official of Kelung Coal Mining Co., Ltd., there was not such a clear written arrangement that the previous approval be obtained from the Mitsui Zaibatsu or the direct Mitsui Zaibatsu offiliate regarding assumption of the position of official existed between the Mitsui Zaibatsu and Kelung Coal Mining Co., (Refer to the Certificate attached herewith)

Kelung Coal Mining Co., Ltd. was the company to carry out coal mining enterprise which was owned and operated by the "Gan" family of Formosa, and later the Mitsui lineage cut into its business. But, as Gan family still held the practical motive power in its enterprise and Mitsui had to respect Gan family's superiority in the number of officials though possessed a larger percentage of holding of stocks of the said company.

In 1934, the representative managing director of the company, Gan-Koku-Nen, who was in a position to supervise their business by himself, became the vice-president in order to promote the efficiency of the enterprise, and later be asked me to take his post as General Superintendent of Kelung Kogyo-sho (Kelung Mine) from which he resigned. At the same time I was appointed Managing Director (without right of representation) at Stockholders' Meeting. The presidents of the company were Gan-Koku-Nen, Motoe Takashima, and Kojiro Nishimura appointed in order. When Nishimura became president in June, 1937, I was re-elected Managing Director with another managing director, Gan-Kin-Ken; this time we were given rights of representation.

It seems to me that first there was some kind of previous arrangement among the stockholders regarding my assumption of the post of managing director at the general meeting of stockholders, but there was no such agreement of any kind made by myself or by Kelung Coal Mining Co., Ltd. to the Mitsui Lineage company or companies. Moreover, there is no evidence whatsoever of obtaining previous approval from the Mitsui lineage company to myself or to Kelung Coal Mining Co., Ltd. The same is true at the time of my re-election.

(E) Kelung Coal Mining Co., Ltd. has been designated as associate company of Mitsui lineage, but as stated in detail in (D), my duty was practically limited to that of a general superintendent of the coal mine as there were the president and the vice-president of the company who had the highest degree of responsibility and power of controlling influence, whereas I engaged in the work of supervizing coal mining.

When I was elected managing director with right of representation, I had another managing director, to confer with, and Gan-Kin-Ken,

11. At the time of your assnmption of office as official, whether or not the arrangement that the previous approval be obtained from the Zaibatsu or the direct Zaibatsu affiliate regarding assumption of the position of official existed between the Zaibatsu company where you served and the Zaibatsu or the direct Zaibatsu affiliates.

a. Whether or not the arrangemeut existed in writing.

None

b. Details of circumstances under whicn you assumed the position of official; particularly whether or not the Zaibatsu or the direct Zaibatsu affiliate was concerned in approving your assumption of office.

also Kojiro Nishimura, president, who presiding above us, two managing directors. Therefore I did not have any controlling power greater than that bestowed upon an ordinary high-grade official or its equivalent.

(c) I was not appointed any other official of the Zaibatsu company of Mitsui lineage.

I hereby wish to make an application for your approval that I am not a Zaibatsu official, though I was appointed Managing Director of Keelung Coal Mining Co., Ltd., which was designated as an associate Zaibatsu Company in comoliance with the Law for Termination of the Zaibatsu Family Control, in December, 1934 and held my office before September 2, 1945, for the following reasons:

(1) Reasons for application

I am submitting this application in accordance with Articles 6 and 7 of the same law.

(a) The case of Article 6

I think it is not quite right to take me as a Zaibatsu official for the reasons described below by judging the actual controlling power of Mitsui Zaibatsu company over Keelung Coal Mining Co., Ltd. during the period when I was in office, varius circumstances of my appointment as official, and the actual duties excuted.

Controlling power

At the time when I was appointed Managing Director of Keelung Coal Mining Co., Ltd., the company stocks were held about equally by Gan family, Mitsui Bussan Co., Ltd., and Mitsui Mining Co., Ltd.

Mitsui lineage cut into the enterprise of Keelung Coal Mining Co., Ltd. for the purpose of handling the coal output produced at Keelung Coal Mine which was operated by Gan family; therefore Mitsui Bussan Co., Ltd. made a contract on sale of coal and Mitsui Mining Co., Ltd. was to furnish the necessary technical guidance and various materials as well as funds, the main points of management of Keelung Coal Mine being firmly grasped by Gan family. Gan family took it their honor and felt a great pride in it, too. I do not think that the complete controlling power was in the hands of the Zaibatsu company.

As to the organization of the officials of the said company, Gan family held a comparatively large member of officials notwithstanding of the number of stocks, and as to the number of staff members and workers, too, the natives of Formosa were predominating. In anyway Gan family managed and operated the Mine in their own standing. I do not think the management was under the control of the Zaibatsu company either.

Circumstances at the time of appointment

I was ordered by our company to return to Head Office in Tokyo as a high-grade employee from the post of Business Superintendent of Labor Section at Miike Coal Mine, and at that time, I was rather disappointed at my position without post. I had a number of personal friends in Formosa, especially in Taihoku there were Kikumoto Yoko family, relatives, and other influencial figures. I was very well acquainted with Gan-Koku-Nen in connection with the enterprise of the company, besides these friends of mine. Whereas Keelung Coal Mine was in slump at that time both in the conditions of coal business and in those of coal pits, the company could not pay dividends for a long time. So, Gan-Koku-Nen, who had all the responsibility of the coal mine owned by his own family receiving much expectation from the natives of Formosa, began to exert all his effort to reconstruct the enterprise; namely he changed his method of using the natives into that of using Mitsui lineage, and asked me to take his concurrent post of General Superintendent of the Coal Mine.

This mine is situated in the most unhealthful part of Formosa, farthest down in the south, where Malaria epidenic prevails. In addition, the said company did not pay any dividend at all for many years in the past, and there was no hope of having better business in future; so I could not expect to get reasonable allowances' for my service there, and this meant that I was to be degraded in a sense from the viewpoint of much smaller income there than Mitsui Mining Co., Ltd.

I decided to enter the said company, though I was not persuaded by Mitsui Mining Co., Ltd., due to the fact that I had friends and relatives there, and also to Gan's enthusiastic attitnde toward myself, with the intention of trying my best in the rebuilding of the coal mine.

From the standpoint of personnel affairs, Mitsui Mining Co., Ltd., I feel quite sure, took advantage of the opportunity of degrading me by transfer. I dare say it is not utterly proper to take that I am a Zaibatsu official.

Gan-Koku-Nen died soon after that, and there was no suitable successor to him in his family, resulting in that Motoe Takashima first became President of the said company, followed by Kojiro Nishimura. I always stayed in Keelung as General Superintendent of the Coal mine, specializing in coal mining. So I had no chance of conferring with the personnel affairs at all. This was done by and between the officials of Mitsui Mining Co., Ltd. and Gan family. Other business of the company, for instance, the sale of coal, was executed by Gan-Koku-Nen who negotiated directly with Mitsui Bussan, and the negotiations with Taiwan Local Office, too, were conducted by himself for almost all the important intems, because he was a big figure in Formosa.

(2) The Case of Article 7

As I was in th position of official other than the highest-grade representing officials of the Zaibatsu associate company, and I have good reasons for Items Nos. 1 to 4 of Article 7 of the Law for Termination of the Zaibatsu Family Control, I think it is not quite right to take me as a Zaibatsu official as foolows: (Refer to the Questionnaire for further details)

(a) I am not a person who is belonging to the Mitsui Zaibatsu, or a spouse on the same family register, parent, child, brother, sister or their spouses.

(b) At the time when I was appointed Managing Director of Keelung Coal Mining Co., Ltd., there was no such an agreement as to the necessity of obtaining previous approval by the Mitsui Zaibatsu or Mitsui Zaibatsu direct affiliate, and I did not obtain the approval either.

(c) I admit that I was in the post of Managing Director of Keelung Coal Mining Co., Ltd., but I was always subordinate to the president, who was the highest-grade representing official of the company, or sometime to the vice-president; therefore I did not possess a controlling power equal to or greater than the highest-grade representing official.

(d) The only one of the post of official of the Zaibatsu Company of Mitsui lineage which I was appointed was the managing director of Keelung Coal Mining Co., Ltd., one of the associate Zaibatsu companies. I did not take any other concurrent post at all

Yours respectfully,

Teisaku Imoto

≡#178 Certificate

1. The appointment of Mr. Teisuke Imoto as Managing Director of Keelung Coal Mining Co., Ltd. in December, 1934, was made by recommendation of my uncle, Mr. Gan-Koku-Nen, who is his friend, was the head of the Gan Family at that time and also serving as the Vice-President (later the President) of the said company, in order to get him executed the duty of general superintendent of Keelung Coal Mine in connection with the renovation of the enterprise. Mr. Imoto was only a mere employee of Mitsui Mining Co., Ltd. then.

   Thereafter had acquired the reliance and full support of the Gan Family and he was re-elected again in June, 1937 in the same manner as before.

2. While he was holding his office of Managing Director of Keelung Coal Mining Co., Ltd., one director and one auditor of Mitsui Bussan Co., Ltd. and Messrs. Tamaki Makita, Jokichi Fujioka, Motoe Takashima, and Kojiro Nishimura who had been the president or representative directors of Mitsui Mining Co., Ltd. were always taking the posts of either the president or representative directors of Keelung Coal Mining Co., Ltd.; therefore Mr. Imoto was only in charge of business as a general superintendent of the coal mine. He was not a person who entered the company as a representative of Mitsui Mining Co., Ltd. or a person who represented the interest of the company.

3. Keelung Coal Mine was first developed by my father, Gan-Un-Nen, and later the Mitsui Family assisted the enterprise in cooperation with him. After my father's death, my uncle, Gan-Koku-Nen, took his place and when my uncle passed away, I became the head of the Gan Family to manage the said mine. In order to have a close cooperation in Tokyo, the representatives of Mitsui Mining Co., Ltd. were invited to be among the representative officials of Keelung Coal Mining Co., Ltd., but the Gan Family possessed the practical controlling power and were actually executing the personnel affairs and the other most important items in the management of the company.

4. Immediately after the termination of the war, Keelung Coal Mine was placed under the administration of Coal Mining Administration Commission of the Formosan-Province Administration Office, and later transferred to the government-controlled Formosan Mining and Industrial Co., Ltd., and now being managed by its Mining Branch.

   I hereby certify that the above-mentioned statement is correct and true.

NIHON ZINC ~~MINING~~ COMPANY, LIMITED
HEAD OFFICE, TOKYO

April 12, 1948.

To: Prime Minister Hitoshi Ashida.
From: Managing Director and other Directors of the Nihon Zinc Mining Company.
Subject: Application for approval for retention of a director of Zaibatsu concern

---

Name of the Director concerned:

Teisuke Imoto

Present Position:

President of the Nihon Zinc Mining Co., Ltd., No.2-1, 2-chome, Shiba-Shimbashi, Minato-Ku, Tokyo-To.

Present Residence:

No.239, Seijo-machi, Setagaya-Ku, Tokyo-To.

1. Purport of Application

Previously Mr. Teisuke Imoto, President of our company had filed an application for approval for not coming under the director of Zaibatsu concern, in accordance with the Law for Termination of Zaibatsu Family Control, but as the result of inquiry, he was presumed to be the incompetent under the date of March 22, 1948, whereof an official notice dated March 24 was received by us, and then, inasmuch as our mine which is producing such staple minerals as lead and zinc is quite requisite for rehabilitation of national economy and furthermore President Mr. Teisuke Imoto is an indispensable spirit for operation of our company, for whom anybody can hardly be substituted, we herewith solicit for your approval for his retention as President as far as the settlement term

of the current business period (i.e. up to September 30, 1948) is concerned.

2. Reason for Application

Since founded in 1934, the Nihon Zinc Mining Co. has been engaging in mining lead and zinc ores at Nakatatsu Mine, located at Shimo-anauma-mura, Ono-gun, Fukui Prefecture, and selling the smelter lead concentrate and zinc concentrate, produced by the floating ore dressing process, and at present we have about 700 employees and the diggings of 32,000,000 tsubo area.

Lead is available for chemical fertilizer, chemical industry equipments, electric wire and storage-battery, but lacking not only in this country, but world-wide as well.

Zinc is used for zinc sheet, paint and rubber industry, and it is of the highest importance, as well as lead, for raw material in various industries, among non-ferrous metals, and this importance is justifiable by considering that it ranks 'A' of the 1st Class in the Official Order of Loan by kind of industry.

The 1946's output of our company was 8.5 per cent. in zinc and 8.9 per cent. in lead of the total amount of production in this country, either ranking third, and viewing from the point that it has been designated by the Ministry of Commerce and Industry as an important mine (cf. the attached Certificate and Copy of Designation), we believe our company is most requisite for restoration of national economy.

Since appointed Managing Director in June of 1945, Mr. Teisuke Imoto had served at the mining office as a standing member of staff, and exerted himself in the post-war rehabilitation work, and in November of 1947, was installed to President with the approval of H.C.L.C. For the part of company, on account of lowering of production, high cost and lack of funds ensuing from the close of the war, we were brought into a financial plight with the debt amounting to 23,000,000 yen as of the present date against the capital, 3,000,000 yen, and then, in order to rehabilitate the mine by any means, we have organized the Rehabilitation Council of both the management and workers and determined to push forward the restoration project with one accord of both sides. With a view to rationalization of businessmanagement, the management staff pledged the workers to make up the deficit of their living expenses as the Workers Union demands, with bitter efforts for funds-making, so that their lives might be stabilized. Whereas, at this very moment, it was unexpectedly informed that President has to quit our company due to his disqualification, and this proves to cause a serious hindrance upon the restoration project which is our big target of the present, and further to lose a person who is indispensable not only for management affairs such as maintenance of the existing business situation, but also for rehabilitation of our mine, as well as the leader who has been executing business by his long-standing active experience at the very mine, and at this eventful and critical moment, it is very hard to get somebody else taken the place of him.

President Mr. Teisuke Imoto is now wishing to make his final efforts on your approval for retantion, in view of fulfilment of his pledge to the Workers Union for making up deficit and moreover his responsibility for personal joint security on 10,000,000 yen out of the debt, and we also, therefore, beg you will kindly approve of him to remain in the post of President of our company until September 30 of this year, namely the end of the settlement term of the current business period, which is likely to reveal the first step towards rehabilitation of the mine by the possible price revision of mineral products.
