1. In order to carry out the terms of SWNCC 140/4A and SWNCC 52/4, respectively, giving policies and proposed basic directives for post-defeat government of Japan, steps should be taken to dissolve secret, ultra-nationalistic or militaristic organizations in Japan.

3. A number of organizations of ultra-nationalistic, militaristic or secret character, which are to be dissolved, are listed in Appendix "A" to the proposed order to the Japanese Government (Tab "B"). The names of these organizations were taken from current reports on political, military, secret and other organizations furnished by the office of Chief, Counter-Intelligence. All selected for dissolution were chosen on the basis of their declared purposes or the activities of the organizations named, so far as known.

4. Your concurrence or specific recommendations on the above papers is requested. Attention is called to the list of organizations attached to Tab "B", and it is requested that the interested staff sections point out (a) <u>any additional societies</u> which should be included or, (b) societies whose purposes are harmless and <u>which should not be listed</u> for dissolution. MEMORANDUM FOR THE CHIEF OF STAFF.

I. THE PROBLEM PRESENTED.

Under existing instructions, to bring about the dissolution of militaristic, ultra-nationalist and secret organizations which are inimical to the achievement of the objectives of the occupation or the development of democracy in Japan.

II. FACTS BEARING ON THE PROBLEM.

1. Under the statement of policies in Parts II and III of "UNITED STATES INITIAL POST-DEFEAT POLICY RELATING TO JAPAN (SWNCC 140/4A)", the following is recommended:

* * *

"Part I - Ultimate Objectives"

"(b)...Institutions expressive of the spirit of militarism and aggression will be suppressed."

* * *

"Part III - Political"

"1. Disarmament and Demilitarization:.....Ultra-nationalistic or militaristic social, political, professional and commercial societies and institutions will be dissolved and prohibited."

* * *

"3. Encouragement of desire for individual liberty and democratic processes. Freedom of religious worship shall be proclaimed promptly.....at the same time, it should be made plain to the Japanese that ultra-nationalistic and militaristic organizations and movements will not be permitted to hide behind the cloak of religion."

2. In the "Basic Directive for Post-Surrender Military Government in Japan Proper, SWNCC 52/4"; Part I, paragraph 5.-g, the following policy is proposed:

"g. Throughout Japan, you will assure the dissolution of the Political Association of Great Japan, the Imperial Rule Assistance Association (Taisei Yokusankai), the Imperial Rule Assistance Political Society (Taisei Seijikai), their affiliates and agencies or any successor organizations, and all Japanese ultra-nationalistic, terroristic and secret patriotic societies and their agencies and affiliates."

3. Not only the above policies, but the successful accomplishment of the objectives of the Supreme Commander in Japan, will require an effective dissolution of all existing societies which have ultra-nationalistic, militaristic or secret purposes, or whose activities, irrespective of their declared purposes, support doctrines or actions contrary to the interests of the occupation forces or to the establishment of an healthy democratic system, or the support of militarism. In order to make this effective, it will be necessary to dissolve organizations known to be of the above mentioned types and also to provide the Japanese with standards for determining whether or not other organizations are ultra-nationalistic, militaristic or secret.

4. There is some indication that the leading spirits of organizations already dissolved by the Japanese Government have joined together again under new names and with the statement of new purposes to further activities similar to those which brought about the dissolution of their original organization. Effective action in this field will therefore require public declaration of the purpose and membership of newly formed societies in the field of politics, so that it may be determined whether or not the organization perpetuates proscribed purposes or embraces such a proportion of members of illegal societies that a continuation of former activities may be presumed.

III. CONCLUSION.

That an appropriate order be issued to the Japanese Government, directing it to dissolve all organizations whose purposes or activities are of a militaristic, ultra-nationalistic character, and all organizations whose purposes or activities are secret. The Japanese Government should be given a preliminary list of organizations whose purposes are at present known to fall within these categories and a definition of the kinds of organizations whose purposes or activities are proscribed for application to others. The order should require the Japanese Government to prohibit the activity of organizations which tend to perpetuate the militaristic, ultra-nationalistic or secret purposes of dissolved organizations. In order to insure the

effectiveness of this directive, the order should require existing organizations concerned with politics or Japanese foreign relations which are permitted to continue and new organizations, formed for political purposes, to declare their purposes, officers and membership. For practical reasons the declaration of membership should not be required in the case of trade unions whose activities are confined to matters of wages, hours, working conditions. Such an order has been prepared, together with an appendix indicating the organizations specifically dissolved, and is attached as Tab "A".

IV. RECOMMENDATION.

That the order to the Japanese Government, as at Tab "A", be approved and dispatched.

Both the original and the copy of such declarations will be kept available for public inspection at all times during ordinary business hours. No fees will be charged in connection with any of the foregoing and the procedure fixed for filing such declarations shall be such as to make compliance with these directions as simple and easy as possible.

4. a. You will take such action immediately as may be required to prevent all transactions involving property owned or controlled, directly or indirectly, in whole or in part, by any organization dissolved or to be dissolved in accord with this Memorandum or of the type enumerated in paragraph 1 thereof. All such property, including the books and records of such organizations, will be seized and held in your custody. You will obtain complete records of all such property and will keep them available for inspection as public records. Officials receiving such records will be held personally responsible for their safe keeping and use in accord with this Memorandum. Any such property which is capable of use for the production of food, shelter or other necessities of life will be exploited as promptly as possible for those purposes.

b. You will promptly obtain and submit to this Headquarters the name and address and the position held by each person who has, at any time since 7 July 1937, served as an officer of any organization dissolved in accord with this Memorandum. Such information will also be kept available as a public record.

5. You will enact appropriate laws or ordinances prohibiting any activity which tends to keep alive the organizations abolished in accord with this Memorandum, or to further purposes or activities contrary to its terms.

Any of its principal officers were (i) members of organizations abolished in accord with this order, or (ii) former commissioned officers of the Imperial Japanese Regular Army or Navy or The Special Volunteer Reserve, who have been on active duty since 1 January 1930 or (iii) commissioned or non-commissioned officers of any of the foregoing military organizations or the Imperial Reserve Forces who have served with the Army or Navy police, Tokomu Kikan or other special or secret intelligence or police organizations;

b. Its membership includes more than twenty-five percent of persons who were formerly members of an organization or organizations abolished or prohibited in pursuance of this memorandum.

Both the original and the copy of such declarations will be kept available for public inspection at all times during ordinary business hours. No fees will be charged in connection with any of the foregoing and the procedure fixed for filing such declarations shall be such as to make compliance with these directions as simple and easy as possible.

8. As used in this Memorandum, the word "organization" means and includes every form of party, society or association, whether or not an incorporated or juridical person. 9. The purpose of the provisions of paragraph 7 of this Memorandum is to secure public knowledge of the character of political organizations in Japan and to prevent the formation of secret, militaristic, ultra-nationalistic and anti-democratic societies and organizations. It shall not be interpreted nor shall it be applied in a manner which interferes with freedom of assembly, speech or religion except with respect to the purposes and activities specifically mentioned herein.

10.
