Subject : PETITION for the exclusion of our plent from the List of Repartion Factories.

We have the pleasure of filing you hereby our petition for the exemption of our factory from the list.

As you will see from the attached sheets, no operation was ever made by this factory due the lack of preparation here. Besides this, it is originally planned for the manufacturing of the tools required for the metal working process, and not for ball-bearing production.

We are quite confident that your closer investigation will result the esemption this factory from the list.

Thanking you in advance for your kind consideration and troubles you would take in this matter,

As for 3 Pressing machines, 10 constructive machines, 1 Cutting machines of Clause 8, the Mie 1st. Plant, exists neat our industry, which turned to the production of home wares, agricultural tools and bicycle parts as soon as the war ended and was afflicted with the shot tage of these machines diverted them between the closing of August Showa 20 to the closing of September same year, and they were still in the Plant.

a. Owing to the frequent air-raids during the war a tool factory in the premises of the Temma Plant of the Nakanishi Jikuuke K.K. 68, 5-chome, Temmabashi-suji, Kitaku, Osaka City, was instructed to evacuate to avoid damages by the bombardment. The settlement was begun in April 1945 and completed in June same year.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

We were busy with the preparation to operate the plant. when the termination war was declared, Although the plant was closed soon after the war-end waiting for further instruction from the authority concerned, we are going to start now its operation, as soon as we get permit, with the production of bicycls parts.

b. We are tool-makers and neither ball-bearing nor its part was made by us.

c. For the reacons given above, we beg to place a petition before you for the exclusion of our plant from the List of Reaparation Factories.

d. Reason why we ask for the exemption

Though our factory was pointed out as the Ball bearing factory in the indecation of the fourth reparation factory, at this time, our factory makes neither ball-bearing not its part, and that we are busy with the preparation for the production of broach(tool) as the special occupation, when the war ended on the way of completion of these arrangements.

1. The 1st indorsement to basic communication states that the Nakanishi Kinzoku Kogyo K.K. is not in operation at the present time. Higher headquarters has recently announced the policy that installations subject to reparations will not be permitted to acquire a position of increased importance in the Japanese economy. The production of this plant is not considered essential to the welfare of the occupation troops. Operation of the Nakanishi Kinzoku Kogyo K.K. will not be permitted as long as this plant remains on the reparations list.

2. The information contained in the attached check sheet, and in the application of the Nakanishi Kinzoku Kogyo K.K. is not sufficiently clear to enable this headquarters to make appropriate recommendation to higher headquarters. It is directed that the history and pertinent information concerning this plant be supplied in detail by the Mie Military Government Team, and that the application of the Nakanishi Kinzoku Kogyo K.K. for exemption of the No. 2 Plant be re-submitted to this headquarters.

3. The Mie Kojo of the Nakanishi Kinzoku Kogyo K.K., designated as Plant No. 23-17, may remain in operation. The letter submitted by the Mie Military Government Team, subject: "OI 1/2 Report of Nakanishi Kinzoku Kogyo K.K.", dated 15 November 1946, which was forwarded by 1st indorsement, your headquarters, to this headquarters, 16 November 1946, has been forwarded to higher headquarters for review.

1. Subject plant was moved from premises of the Temmma Plant, Nakanishi Jikuuke K.K., 68, 5-Chome, Temma-bashi-suji, Kita-Ku, Osaka City, to present site from April to June, 1945. The reason for said movement was to avoid damages by the Air Force attacks. The factory installed the present 52 machines in June 1945 for the purpose of manufacturing drills for retainers to be used in the manufacture of ball bearings. The war ended before production began. No manufacturing has been done with said machines since they were moved from Osaka in 1945. The history of Temma Plant, Nakanishi Jikuuke K.K., Osaka City, is not available in this Prefecture.

2. Since this plant is suitable for reconversion to peacetime purposes, and since it was not primarily organized as a munitions or aircraft factory as per Section III, Operational Directive 5/5, Hq. 8th Army, 24th Sept. '46, it is further recommended that subject Plant be excluded from the Reparations List. In addition, it is believed that this plant is not surplus to the requirements of a minimum peacetime Japanese economy, since said 52 machines can be used to manufacture bicycle parts, acutely needed for Japanese transportation.

Kinzoku K.K. The two letters were identical in nature, and recommended that the respective plants be permitted to continue operation. Each letter contained an inclosure which consisted of an application for exemption of the plant in question from reparations. The recommendation of the Mie Team in each instance was that the plant remain on the reparations list. This headquarters forwarded the letter which referred to Plant No. 1 (code no. 23-17) to your headquarters (paragraph 1, above) with the information that this headquarters had permitted continued operation of the plant. No recommendation was made as to the advisability of removing the plant from the reparations list.

4. The basic communication of this correspondence consists of the inspection report made by the Mie Team of the Nakanishi Kinzoku Kogyo K.K., Plant No. 2 (23-18). This plant is not in operation at present, and the application of this company to resume operation has been denied by this headquarters. The application of the Nakanishi Kinzoku Kogyo K.K. for exemption of Plant No. 2 from the reparations list is forwarded to your headquarters without recommendation.

1. Subject plant was moved from premises of the Temma Plant, Nakanishi Jikuuke K.K., 68, 5-Chome, Temma-bashi-suji, Kita-Ku, Osaka City, to present site from April to June, 1945. The reason for said movement was to avoid damages by the Air Force attacks. The factory installed the present 52 machines in June 1945 for the purpose of manufacturing drills for retainers to be used in the manufacture of ball bearings. The war ended before production began. No manufacturing has been done with said machines since they were moved from Osaka in 1945. The history of Temma Plant, Nakanishi Jikuuke K.K., Osaka City, is not available in this Prefecture.

2. Since this plant is suitable for reconversion to peacetime purposes, and since it was not primarily organized as a munitions or aircraft factory as per Section III, Operational Directive 5/5, Hq. 8th Army, 24th Sept. '46, it is further recommended that subject Plant be excluded from the Reparations List. In addition, it is believed that this plant is not surplus to the requirements of a minimum peacetime Japanese economy, since said 52 machines can be used to manufacture bicycle parts, acutely needed for Japanese transportation.

1. The 1st indorsement to basic communication sates that the Nakanishi Kinzoku Kogyo K.K. is not in operation at the present time. Higher headquarters has recently announced the policy that installations subject to reparations will not be permitted to acquire a position of increased importance in the Japanese economy. The production of this plant is not considered essential to the welfare of the occupation troops. Operation of the Nakanishi Kinzoku Kogyo K.K. will not be permitted as long as this plant remains on the reparations list.

2. The information contained in the attached check sheet, and in the application of the Nakanishi Kinzoku Kogyo K.K. is not sufficiently clear to enable this headquarters to make appropriate recommendation to higher headquarters. It is directed that the history and pertinent information concerning this plant be supplied in detail by the Mie Military Government Team, and that the application of the Nakanishi Kinzoku Kogyo K.K. for exemption of the No. 2 Plant be re-submitted to this headquarters.

3. The Mie Kojo of the Nakanishi Kinzoku Kogyo K.K., designated as Plant No. 23-17, may remain in operation. The letter submitted by the Mie Military Government Team, subject: "Oi 1/2 Report of Nakanishi Kinzoku Kogyo K.K.", dated 15 November 1946, which was forwarded by 1st indorsement, your headquarters, to this headquarters, 16 November 1946, has been forwarded to higher headquarters for review.
