DOCTOR HOOFLAND'S
CELEBRATED
German Bitters,
PREPARED BY
DR. C. M. JACKSON, Philad'a., Pa.,
WILL EFFECTUALLY CURE
LIVER COMPLAINT, DYSPEPSIA, JAUNDICE,
Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disordered Liver or Stomach.

Such as Costiveness, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking, or Fluttering of the Pit of the Stomach, Swim mins of the Head, Hurried and difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying Posture, Dimness of Vision, Dotes or Webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c, Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits.

In attributing such valuable Medical properties to this remedy, for truth or warrantable assertion as modesty, ours is simply stated a fact, proven undeniably and conclusively by the extraordinary cures, and benefits derived from its use, under the direction of the illustrious originator, Dr Hoofland, amongst all classes of European society and from the immense mass of testimony, from all parts of the American continent, accumulated during the last ten years, in the hands of the present proprietor. The prevalence of diseases in which the Jaundice Bitters are adapted, it is with sorrow we say is almost universal, indeed there is scarcely a family throughout the whole extent of our country in which there cannot be found among its members that peculiar YELLOW AND SICKLY APPEARANCE, or some a diseased Liver, or a nervous ailed and suffering Dyspeptic.

Times of what an immense importance to this class of invalids, that a certain and reliable remedy should be placed within their reach; one in which no baneful or injurious ingredient enters into its composition, a remedy in which the patient can rely with the utmost confidence and certainty, and at a moderate price, which at length proves that the article he is using really possesses the virtues attributed to it, and which will restore him to a state of health and vigor. Thousands of dollars have been expended in the manufacture and diffusion throughout all parts of this continent, and the proprietor feels the greatest satisfaction in stating, that there is no State, County or even village where the Medicine has been introduced, that there cannot be found numbers, willing to testify to its virtues.

It is used constantly in the practice of a large number of the most prominent Physicians in the country, who have also added their written testimony, as evidence of its great virtues. In conclusion then we would respectfully ask of sufferers afflicted with any of the above diseases to give the Bitters a trial, and rest assured it will not be regretted. In proof of the statements above made, all are invited to read attentively the "Memorabilia," or "Practical Receipt Book, for Farmers and Families, containing a great number of useful receipts, in addition to the testimony, in favor of the Bitters, from the most prominent and well-known individuals, in all parts of the Union. All Agents for the Bitters are authorized to distribute the "Receipt Book" gratuitously.

THIS SYRUP, whether in particular study of the nature of a cough or cold, or the fever it has proved to be time, is an unknown Balm.

Repeated experiments have already demonstrated that its medicinal powers are superior to those of the compounds of this kind heretofore known and recommended with success on the direction of Physicians. It uses enough, equal in healthy estimation to present opposition arising from the strangulation of the bronchial tubes, and the cases of scurvy, chronic catarrhs, Colds, which have resisted the action of numerous remedies, have yielded on the first use of this Balm, and have given a cure to the long Cough. It has the advantage of being pleasant to the taste and smell, and of true stability for the health to the system.
