AGMGEM 386.3

SUBJECT: Loading Operations of Scheduled Vessels to Lift Reparations Cargo

TO: Commanding General
I Corps
APO 301

1. Reference is made to paragraph IV, d. (1) Circular 19, General Headquarters, Supreme Commander for the Allied Powers, 23 June 1948.

2. Port operations incident to the loading of ships, scheduled to lift reparations cargo, such as loading of lighters, will not commence until notification is received, by telephone from this headquarters, as to the exact time of arrival of the scheduled vessel. It is the responsibility of the local Civil Affairs Team to notify the Japanese authorities when to commence loading operations.

3. In the event ships are scheduled to lift reparations cargo at more than one port, it is requested that the Civil Affairs Team notify the Civil Affairs Team at the next port to be visited when the ship can be expected to arrive. Notification should be made as soon as possible and not later than 48 hours before arrival at next scheduled port.

4. Each recipient nation has been informed that it is the desire of General Headquarters, Supreme Commander for the Allied Powers, that the shipping agent and the ship's master consult with the local Civil Affairs Team regarding all matters pertaining to the loading of reparations cargo.

5. It is believed that such coordination will expedite loading operations in the future and eliminate unnecessary expenses.
