The Great Clairvoyant,
MADAME LA BLANCH.

THE Greatest Natural Clairvoyant and Spirit Visionist that has ever existed within the memory of man. No one should neglect to test Madame La Blanch's powers. To her the Past, the Present and the Future are as a picture of life itself. Our citizens and the public should bear in mind that Madame La Blanch is the only living learned, scientific and distinguished FEMALE ASTROLOGIST in the known world. Horoscopes or Charts of Life can only be accurately calculated through the agency of Astronomy, viz : Astrology.

All who have been the victims of unprincipled pretenders and impostors should call on Madame La Blanch. She has gained an enviable reputation as an Astrologist and Clairvoyant, which has induced many disciples of humbug to style themselves Clairvoyants and imitators of Astrology, though ignorant of the science they attempt to grasp. Each and every one are invited to call and test the powers of this highly gifted prophetess.

N. B.—Horoscopes or Charts of Life prepared in writing, by simply knowing date of birth. Medicine sent to all parts of the country. All letters promptly answered. Consultation given in French and English. Terms for Ladies and Gentlemen, moderate, to suit the times. Mme LaBlanch's residence and office, No. 1?? Headquarters, Dep't. of the Gulf,
New Orleans, La., April 28th 1865.
CIRCULAR No. 3.

In view of the probable reducing of the Volunteer forces, the attention of Regimental and other Commanders, is called to the opportunity now offered to meritorious and intelligent non commissioned officers and privates, who desire permanently to adopt the profession of arms, of obtaining appointments in the U. S. Colored Troops, which it would appear to be the intention of the Government to retain in service.

The Examining Board for the examination of candidates for appointments in the U. S. Colored Troops in this Department, of which Colonel S. M. Quincy, 73d U. S. Colored Infantry, is President, is now in session in this city.

Without publishing any detailed standard of qualification, the attention of commanding officers is called to the following suggestions, an observance of which may lessen the unnecessary trouble and disappointments caused by the recommendation of incompetent candidates :

I. Private soldiers, however unexceptionable character, but lacking the requisite capability, energy or ambition to attain the grade of non-commissioned officers in their own corps, need not be recommended. It a man is unfit for a sergeant's warrant in his own Company, his Commander should not subject him to the mortification of a certain rejection by the Board of Examiners.

II. Company and other Commanders should not recommend those who are deficient in the ordinary English branches of a Northern common school education, without which no officer is competent to keep the books and accounts, and to conduct the official business of a Company.

III. The want of intelligence, energy and ambition in the arm in which the candidate has served, will disqualify him for promotion.

IV. Probably in a short time the very best material for officers contained in the ranks of our Volunteer army, will be offered to this branch of the service. The Board will be instructed to raise from time to time, and according to their discretion, the standard of acquirement hitherto established.

RADICAL CURE.
DR. I. ELLALENA'S
ANTI-DYSPEPTIC CORDIAL

DYSPEPSY is a terrible disease, which is too well known on this continent. It is the cause of HEARTBURN, CHRONIC HEAD-ACHE, IMPOTENCY, BARRENNESS, PAINS OF THE STOMACH, IMPURE BREATH, CONSTIPATION, &c., &c. All the remedies used hitherto have failed; for we frequently meet with patients suffering from this disease. Dr. ELLALENA'S ANTI-DYSPEPTIC CORDIAL which has wrought wonders, since 30 years, in Europe, was unknown in America. An early cure awaits her as well as elsewhere, such as may suffer from DYSPEPSY and other diseases generated by it.
