GUILD'S PATENT COOKING STOVES CALLED "QUEEN OF THE WEST."

THE undersigned, agent for the sale of this site before the time intended to be entire in the New Orleans public, begs leave respectfully to solicit public attention thereto.

He refers to the subjoined flattering testimony as to its economy, neatness and general utility.

We, the subscribers, having used for some time Guild's Patent Cooking Stove, called the Queen of the West, I have no hesitation in giving our unqualified testimony in its favor. For neatness, convenience, economy and general usefulness, we think it recommends itself to every one, and we have seen in use. It seems to have supplied a great desideratum not heretofore attained—an even, uniform and steady temperature, and that too, very easily on every side—and the fire being placed over the oven brings the heat immediately in contact with the boilers, so that it performs all the offices of a boiler, baking, roasting, and keeping smoothing iron at the same time, and with the least possible quantity of fuel; and the different ovens are so arranged as to be capable of supplying the wants of all, from the smallest family to the largest hotels and steamboats.
