SUNDRIES.

Marriage of Minors.—The following is the act lately passed by the Legislature, and approved by the Governor, relative to the marriage of minors, and births and deaths.

AN ACT for "Facilitating the marriage of Minors with subjects resident in Foreign Countries, having been passed in the last session of the Imperial Parliament, 12 and 13 Vict., it becomes the duty of the undersigned to give public notice thereof, for the benefit of all those whom it may concern.

It is the act enacted, "That all marriages (both or one of the parties thereto being subjects or a subject of this realm) which shall be solemnized in the manner in this act provided, in any foreign country or place, where there shall be a *British Consul duly authorized* to act in such foreign country or place, *under* this act, shall be deemed and held to be as valid in the law, as if the same had been solemnized within Her Majesty's dominions, with a due observance of all forms of law."

The act provides for the solemnization of marriage at the Consulate, with license at short notice, and without license at long notice, by the Consul, or in the presence of the Consul by some proper person to be allowed by him, according to such form and ceremony as the parties thereto may see fit to adopt.

It also provides for the registration of such marriages, and that a true copy, be transmitted to England, to be preserved as a record at the office of the Registrar General.

British Consuls are likewise instructed to keep a register of Births and Deaths of British subjects, when thereto required, so as to facilitate the proof of those important events.

The valuable provision of a general system of Registration of Marriages, Births and Deaths, is evidently intended to preserve all the rights of British subjects and their descendants, in the same manner as if they remained in their own country.

Boy and Boarding School for Young Ladies.

MADAME Loiric, and conducted since 1846, by MADAME DESRAYAUX; Surgundy street, between Customhouse and Bienville streets, New Orleans.

MR. and MRS. DESRAYAUX, formerly in the Rampart street, having removed their institution upwards of a year ago, to more extensive accommodations, assure parents and guardians of youth, that their new building in Burgundy st. has met their expectations, and supplies one great and almost indispensable requisite—viz: ample accommodations, adapted to the object they had in view. It is scarcely necessary to state, that the building which they erected, is supplied with all the modern improvements for the comfort and convenience of domestic life, and for educational purposes, the apartments are spacious, airy, well lighted, and properly furnished. The large and well shaded garden in the rear of the building, prepared for the amusement and relaxation of the pupils, is found to be attended with many advantages, as regards health, exercise and amusement—in fact, every arrangement has been made, at no small expense, to increase the facilities of education; to guard the health of the pupils, and to procure their comfort and happiness.

The Institution provides thorough and substantial instruction in every stage and department of education. It possesses great facilities for the acquirement of the French language, and the cultivation of Music; and it is sufficient to say, that no effort will be wanting to sustain the reputation which the School has already acquired in these departments.

DR. MACAULAY, who has taught in the Institution for upwards of 20 years, and who during his time equally between it and Mrs. Macaulay's, takes the entire charge of the department of English Literature, including Natural and Moral Philosophy; and teaches not only the outlines, but enough of Mathematics, Chemistry, Geology and Astronomy, as to enable young ladies to understand all the ordinary phenomena which are constantly presenting themselves to their observation.

For further information, the proprietors of the Institution respectfully refer parents to their prospectus, published in pamphlet form, to be found at the book store and at the Institution.

GO, BOYS! TO INSTITUTION,
No. 148 Conti street, between Dauphine and Burgundy.

MR. G. BOYER, founder of this establishment, the oldest in New Orleans, seizes this opportunity to make a new appeal to the confidence of parents.

The institution is conducted in a large mansion occupying a fine central position, being well ventilated, and in every respect perfectly healthy.

The range of studies which engage the attention of the pupils, extends over all the branches of learning, from the simple to the most elevated, and finished education. Particular attention is given to the more abstruse branches, such as Mathematics, Chemistry, Geology and Astronomy, as to enable young ladies to understand all the ordinary phenomena which are constantly presenting themselves to their observation.

For further information, the proprietors of the Institution respectfully refer parents to their prospectus, published in pamphlet form, to be found at the book store and at the Institution.

MEDICAL.

DR. SYP. TONNSEND'S SARSAPARILLA.

WONDER AND BLESSING OF THE AGE
THE MOST EFFICACIOUS REMEDY
FOR
PURIFYING THE BLOOD.

THIS extract is put up in quart bottles; it is six times cheaper, pleasanter, and warranted superior in any case, it cures diseases no other medicine, nursing, sickening or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicine, is, whilst it eradicates disease, it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES,

ever known; it not only purifies the whole system—it strengthens the person, but it creates new, pure and rich blood, a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past five years more than 10,000 cures of severe cases of disease; at least 15,000 of these were considered incurable. It has saved the lives of more than 5000 children during the two past seasons.

TEN THOUSAND CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, manifold, want of ambition, fainting sensations, premature decay and decline, lastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

as it renews and invigorates the system, gives action to the limbs, and strength to the muscular system, in a most extraordinary degree.

Consumption Cured.

Cases and Strengthen—Consumption can be cured—Bronchitis, Consumptive Complaints, Spitting of Blood, Catarrh, Coughs, Asthma, Spitting of Blood, Diseases of the Chest, Hectic Flush, Night Sweats, Difficult Breathing, Pain in the Side &c., Southern and Western Consumptives.

Spitting Blood.

Dr. Townsend—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I was in the last stage of a hard cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has been a wonderful change wrought in me. I am able to walk all over the city. I raise no blood and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,
WM. RUSSELL, 65 Catharine st.

Rheumatism.

This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter.

Blackwell's Island, New York, Jan. 14, 1847.

Dr. Townsend—Dear Sir: I have suffered terribly for the last three years with the Rheumatism; considerable of the time I could not eat, sleep, or walk, in the utmost distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more good than a thousand dollars worth of good. I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of others, if you prefer.

JAMES CUMMINGS.

Another Truck

We want to an expense of five hundred dollars to get up a splendid engraving of Dr. Townsend's Label, and the portrait of Dr. Townsend on it to distinguish it from all others and prevent mistakes. These then are now to be had only at the office, with a portrait of old Jacob Townsend—let the public observe the such transactions, and let them remember that none genuine but Dr. Townsend's unless signed over the name of S. P. Townsend. The plate is engraved on steel and contains the portrait of Dr. Townsend, three quarters length, in his chemical factory. The apparatus has no factory or female figure.

Dr. Townsend's No Physician.
