TARRANT'S EFFERVESCENT SELTZER APERIENT.—This preparation strongly recommends itself to the favor of the public from its positive medicinal virtues, and from its great success in the cure of Billious affections and Febrile Diseases, to which the variable climate of our country is so subject. Prescribed in such cases it has been found universally to afford relief, and has acquired much reputation among medical men, who most generally sanction its use in their practice. In torpid state of the Liver its use, persevered in for a few days, has been found to aid in restoring the functions of that important organ. In Gout and Rheumatism it has given great satisfaction, as having in a short period allayed all the inflammatory symptoms—it has in numerous cases succeeded in effectually curing those afflicted. Of its success in cases of Gravel, Indigestion, Heartburn, Costiveness, and Headache, it has invariably proved in every instance a medicine of great utility.

Being one of the most delightful, as well as mildest purgatives, now before the public, it possesses all the medicinal virtues of the most approved Saline Aperient, with the sparkling agreeableness of soda water, and as it acts gently upon the system, it restores the digestive powers when inactive, and excites a healthy and vigorous tone to the stomach, giving to the patient renewed health and strength. It strongly commends itself to planters or persons going to sea, as its virtues being equally efficacious on sea or shore, or in any climate. It may be used with greater facility than any other preparation.

Testimonials from gentlemen of high standing in their profession, hereto annexed, strongly guarantee its efficacy and valuable character, and commends it to the favorable notice of an intelligent Public.

TESTIMONIALS.

FROM THOMAS BOYD, M. D.

"It affords me sincere pleasure to add my favorable commendation to your list of valuable testimonials of the character of your Effervescent Seltzer Aperient. It is a very palatable, delightful and cooling effervescing draught and possesses medicinal properties highly valuable in their nature. Its effervescence is more durable and pleasant—its taste more agreeable, and its mode of use far easier and more convenient than any similar preparation I have ever known, whilst its action is, in truth, mild and effectual. Its truly beneficial qualities commend it strongly to the notice of the public."

(Signed) THOMAS BOYD, M. D.

To Mr James Tarrant. No. 391 Fourth street.

New York, Nov. 17, 1844

FROM JOHN W. SCHMIDT, Jr, M. D.

"I have frequently used and prescribed Tarrant's Effervescent Seltzer Aperient, and know of no remedy so pleasant and efficacious where a mild laxative is required. It must entirely supercede the use of Seidlitz Powders, and other mild laxatives. It also possesses anti-acid properties which do not belong to the Seidlitz. It is also particularly adapted to pregnant women, and in Sea Sickness, when constipation is an attendant."

(Signed) J. W. SCHMIDT, Jr., M. D.

To Mr James Tarrant. No. 6 Warren street.

New York, Nov. 12, 1844

FROM JAMES H ROGERS, M. D.

"Having made use of Tarrant's Effervescent Seltzer Aperient, I cheerfully give my testimonial in its favor. It has proved a most excellent family medicine. It is convenient and portable, mild and efficient in its action on the system; extremely refreshing and invigorating to the stomach, and is a delightful effervescent draught, retaining all the benefits of the famed Seltzer of Germany. It has none of the objections usually attending the operation of the ordinary purgatives. To persons visiting or residing in warm climates, it will unquestionably prove a medicine of great utility."

(Signed) J. H. ROGERS, M. D.

New York, Nov. 14 1844. 75 Clinton Place, New York

FROM EDWARD G LUDLOW, M. D.,

Trustee of the College of Physicians and Surgeons, in the City of New York, and Censor of State Medical Society.

"I can with confidence recommend Tarrant's Effervescent Aperient as a mild and agreeable laxative and far superior to Seidlitz Powders. To persons living in warm climates, where cooling purgatives are so frequently required it is invaluable."

(Signed) EDWARD G. LUDLOW, M. D.

To Mr James Tarrant. No. 436 Broadway.

New York, Nov. 12, 1844

FROM GEORGE WILKES, M. D.

Surgeon at the New York Eye and Ear Infirmary.

"I have given your Effervescent Seltzer Aperient on several occasions, and am much pleased with its operation. From its mild and gentle operation on the bowels, it is invaluable to females during pregnancy, relieving the sickness and nausea attendant thereon, and may be administered with perfect safety. To residents of warm climates, persons visiting such countries, I would freely recommend it; also as a remedy in Sea Sickness. As a family Medicine it meets my full approbation.

(Signed) GEO. WILKES, M. D.

To Mr James Tarrant. No. 20 Leight street

Oct. 9, 1844.

FROM M. PRICE MOORE, M. D.

"I have used your Effervescent Seltzer Aperient in several cases, with very happy results. As a mild Aperient, it has advantages over all other Aperients, particularly in cases of great debility where it is important to save the strength of the patient. It can be made a pleasant drink, and given to such doses as to obtain the effect in view. As a Family medicine, I think very highly of it, and as such, can be freely used during the warm weather."

(Signed) M. PRICE MOORE, M. D.

To Mr James Tarrant. No. 40 Hudson street.

New York, Nov. 18, 1844

FROM JAMES TRUDEAU, M. D.

"I have often prescribed your Effervescent Seltzer Aperient in this city, and have always been pleased with its operation. It is, in my opinion, a pleasant, safe, and mild laxative, calculated to please the most fastidious. To persons residing in warm climates, where a congested state of the Liver is a frequent cause of disease, it is a most valuable medicine."

(Signed) JAMES TRUDEAU, M. D.

To Mr James Tarrant. No. 360 Broadway.

New York, Nov. 19, 1844.

FROM THE HON. JOHN M'KEON.

Counsellor of the Supreme Court of the United States; late Member of the Legislature of New York, and Member of Congress.

"I take great pleasure in recommending the Effervescent Seltzer Aperient, prepared by Mr. James Tarrant, of this city, as an exceedingly useful and valuable medicine."

MANDEVILLE COLLEGE.

IN the establishment of this Institution, an attempt has been made to form a Northern College adapted to a Southern population. We will briefly state what means we have at our disposal, and in what manner we intend to employ them.

Situated within a short distance of the South Western Metropolis, on a spot entirely exempt from all epidemic diseases, and offering the conveniences for bathing in the salubrious waters of Lake Pontchartrain, we believe the location of the College to be unsurpassed within the limits of our State.

In conformity with our plan, the instruction of the students is confided to northern professors. Gentlemen selected in the northern Colleges—the professors of the French and Spanish only excepted. The following gentlemen compose the body of Instructors:

LONDON DYEING & SCOURING ESTABLISHMENT

JOHN J. JACKSON, lately from London, respectfully informs the citizens of New Orleans and its vicinity that he has taken the store No 30 Camp Street, next to Mermoth's Temperance Intelligence and General Agency Office, a few doors below Poydras, for the purpose of Dying, Renovating, Repairing and Scouring

GENTLEMEN'S WEARING APPAREL,

upon an entirely new principle. All clothes made to appear as when new, without any injury to the cloth; and it not done to satisfaction, no charge will be made.

From the long and practical experience which I have had during my apprenticeship in London, and in working for the officers of the Horse Guards, and other officers of other regiments, I am enabled to dye SCARLET and other colors in a superior manner; also to extract grease spots and stains of all descriptions from military and other garments.

Gentlemen composing volunteer companies in this city who have military clothes out of order, from the effects of grease spots, stains, &c. are respectfully invited to call and give him a trial.

Gold, silver and silk lace, epaulettes, &c. tarnished from use, can be restored to their original lustre and brightness.

LADIES' WEARING APPAREL, (including silk, satin and velvet dresses,) dyed in the most approved fashion and in the latest style and finish.

Carriage cushions, hangings, pulpit covers, sofa and chair covers, window hangings, carpet and hearth rugs cleansed, dressed, &c and made to appear as when new.

Many gentlemen and ladies have been taken in by the numerous impostors that do not understand their business. The subscriber requires but one trial to prove the character of his workmanship.

From a strict attention to business I hope to meet a share of public patronage.

All work entrusted to my care will be ready for delivery in forty eight hours after being left with the subscriber.

JOHN J JACKSON.
