JOHN WILCOX, & CO.

No. 5, Chartres Street.

ARE now receiving by the late packets from New York, an additional supply of clothing, hats & shoes, from their manufactories, comprising a general assortment of which they offer at wholesale or retail, and respectfully invite the attention of the trade and the public in general.

THE subscriber being about to leave for France offers for sale the following properties, viz:

A PLANTATION consisting of 400 arpents, situated on the bog Falaga (which empties in the Tchifante) at about 3 miles from Covington; there is good ground enough to raise all the provisions necessary for the living of the slaves and cattle of the plantation, such as rice, corn and hay, the remainder is of pine wood.

On this land is a fine water mill with two saws, built on the bog Falaga, which mill has just been put on a new system; the improvements are a vast and convenient dwelling house; one do. for the overseer; a store, stables, negro cabins; 2 carts; 10 yokes of oxen; carts, &c. &c.; in short the habitation is well provided and every thing in the best condition.

It is the most pleasant situation on the other side of the Lake; the river turns at 30 feet from the house and there is besides a source which furnishes continually a limpid and delicious water—game in plenty; the air is pure and salubrious; the cholera or yellow fever never visited this spot, which is really delicious in summer; so all those advantages are to be added those which may be derived from the revenue; the property if well conducted can with 10 or 12 negroes yield $10,000 a year; not only there are many pine trees on the ground belonging to it, but it is bounded by immense tracts of public land.

ANOTHER PLANTATION, situated about two miles higher, adjoining the same land and on one of the branches of the small bog Falaya, which empties in the above mentioned small bog Falaya, whence it follows that the former mill of which it is spoken above owes a passage to the rafts of this, which passage is open. This second plantation consists of 200 arpents of ground planted of pine trees and surrounded with large tracts of public lands, of a fine mill built 2 years ago, which puts in motion 2 saws on the new system, of a fine dwelling house built at the same time as the mill—of negro cabins, stables, a blacksmith's shop well provided, 2 screw carts, 8 yokes of oxen, &c., in short, all what is proper for an establishment of this kind; the site is also charming; the road leading to the sources run in front of the house as on the former plantation.

The subscriber informs the persons willing to purchase, that in the years of uncommon draught, the mills sometime stops for want of water during certain days of June, July, August and September, which, however, does not occasion any loss; as at that time, mills may be repaired if wanted, and negroes occupied in cutting wood and hauling it to the mill, which in the good season saws about 5000 feet a day.

ALSO—600 arpents of Land situated on the Tchifencte, and suitable to the establishment of a saw-mill; and 600 other arpents of land on the banks of the river Abita, and joining the two above mentioned plantations.

MOREOVER.

24 choice negroes, all young and talented, such as millers sawyers, carpenters, cartmen, wheelrights, axemen &c. and 9 negro girls, all talented servants. All the above slaves are good characters and warranted free from the vices and diseases provided by law.

The above establishments will be sold in one lot or separately with or without negroes. Persons willing to buy may call or the subscriber who will make known the terms and conditions which will be very advantages to purchasers. If on or before the 20th February next, these plantations and the slaves are not sold amicably, they will on that day be sold at auction by Tricou and C no ge.

DR. PARSONS,

SURGEON DENTIST, from New York.

RESPECTFULLY informs the Ladies and Gentlemen of New Orleans, and its vicinity, that he has taken rooms at Mrs Fox's, No. 147 Chartres street, where he performs any operation on the teeth and Gums in a style not surpassed.

NATURAL and ARTIFICIAL TEETH set in the best manner, and at the most reasonable charges. Also, PORCELAIN TEETH, from a single one to a whole set.

On the first appearance of Tartar or Scurvy, Teeth should always be cleansed, as the corrosion of the Tartar will in a short time reach the roots of the teeth, and they will eventually fall out; and by attending to them in season they may be restored, at a trifling expense, to their original beauty.

The operation of plugging and filing the Teeth when decayed, is so truly important that it is impossible to recommend it too earnestly to the attention of the public. Thousands of the most useful Teeth, which otherwise would, on account of their painfulness, be sacrificed by extraction, may thus be preserved for many years.

From a practice of Dental Surgery for more than twenty years, he hopes to merit a continuation of public patronage. The most difficult Teeth and Roots extracted.

The most celebrated Tooth Powder and Tooth brushes may be had.

N. B. He will attend at the dwelling of those Ladies and Gentlemen who request it.

PROCLAMATION.

BY A. B. ROMAN,

GOVERNOR OF THE STATE OF LOUISIANA.

WHEREAS a vacancy has been created in the office of Representative in the Congress of the United States of the third Congressional District of the State of Louisiana, comprised of the counties of Attakapas, Opelousas, Rapides, Natchitoches, Ouchita and Concordia; and whereas it is the duty of the Governor to cause an election to be held to fill said vacancy:

I, therefore, issue this my proclamation, directing an election to be held throughout said district on Monday, the 3rd day of March next, and on the two following days—notifying the electors thereof of the election aforesaid and commanding all Parish Judges, Sheriffs and other Officers therein concerned, to hold an election on the days aforesaid at the usual places of holding elections within their respective counties, parishes and precincts, and to cause the same to be conducted, and due returns thereof to be made, in the manner and within the time prescribed by law.

Given under my hand and the seal of the State, at New Orleans, this 25th day of January, eighteen hundred and thirty four, and of the independence of the United States the fifty eight year.

A. B. ROMAN,

By the Governor
GEORGE EUSTIS, Secretary of State.

MR. & MRS. GRANET,

BEG to inform the inhabitants of New Orleans, that they intend opening on the 15th of February next, in the town of Baton Rouge, two establishments for the education of young people. The female Department will be conducted by Madam Granet, and the male Department by Monsieur Granet, assisted by competent masters.

From the very kind encouragement which Monsieur Granet has received from the principal inhabitants of Baton Rouge, he has reason to expect, that each school will open with about twenty pupils. Education will be carried in all its branches as far as it may be in any other College.

The method adopted by Monsieur Granet is calculated to improve and instruct the boys, without throwing confusion into their young and tender minds by the alternate use of the two languages. The translation of the classics, as is to be practised etc., but Latin and Greek will be taught through the medium of either the French or the English language, as the parents may choose.

In forming those two new establishments, Monsieur Granet positively and publicly engages to bestow all his care upon them, and particularly not to allow himself to be again induced by delusive offers of employment not to preserve in the engagement which he now takes.

Terms to be known on application to Wm. H. Ker, Esq.
