OFFICE LEXINGTON STEAM COTTON PRESS CO'Y, New-Orleans, 27th Feb. 1832.
In addition to the Cotton-Presses and stores already advertised as being completed, the wharf of the Company in front of the Press is now sufficiently advanced, for Steamboats, Keelboats and Vessels to lay alongside. No wharfage will be charged to those Vessels or Boats loading cotton to be stored in the Press, and no wharfage will be charged on produce required, or shipped in front of the Press.
Keelboats and Keelboats loaded with cotton or tobacco will be permitted to lay along-side the Levee, which in the convenient shape forms a commodious harbor, and sufficient time will be allowed them to discharge without charge of wharfage.
Shippers of cotton and tobacco will find it greatly to their interest to send their produce direct to the Press, as (independent of the saving in wharfage) their produce being placed in store immediately it is taken from the boat, will not be liable to damage from bad weather or land transportation, and the stores being extensive and commodious, built upon a spacious yard, it can be sampled and sold with greater satisfaction and facility than in smaller establishments, insurances can also be effected lower than hitherto charged, from the greater security in the manner of building and situation of the stores of the Press.
Every facility will be afforded by the Company's agent, Mr. Rea, who resides on the premises, the charges for storage, compressing &c. will be moderate and the establishment generally will be conducted on the most accommodating and liberal principles.
By order of the Direction,

BY ISAAC L. McCOY.
ON Monday 12th March, at 12 o'clock, at the Exchange coffee house, will be sold, positively, without reserve, that valuable property known as *Livaudais Plantation*, laid off in squares and lots of convenient size, as per plan which will be exhibited at the Exchange coffee house, on or before Saturday next. The opportunity thus offered to judicious speculators, and persons desirous of making permanent investments, with a certainty of future profit, cannot but be appreciated. The facts, that this estate, now about to be laid out in a continuation of this growing metropolis, is but a mile and a half from Canal street, and that our rapidly increasing population has extended itself already up to its lower limit, are sufficient to indicate the intrinsic value of this extensive property. The flourishing condition of the faubourg Lafayette, adjoining it below, and which was sold out in lots only seven years ago, at about one tenth its present value, furnish most conclusive evidence, that in a very few years the faubourg Livaudais will form an important and populous part of the city of New Orleans.
The ground is well known to be the highest in the city, while an extensive batture in front, with a good landing for the largest class of ships, at all times, designate its importance as a commercial point of view. The batture lots will extend from the public road (Levee street) to the water's edge, and will be sold with the reclamation right. The advantageous situation of those lots for the establishment of warehouses, cotton presses, saw mill, wood yards, &c. cannot but be highly estimated. The centre and rear part of the estate is eligibly situated for private dwellings, gardens, manufactories, &c. and a large portion of the whole will be noble squares, with a view to facilitate such improvements. The streets will be from 50 to 75 feet wide, and will cross each other at right angles as nearly as may be practicable—those running parallel to the river will be made in continuation of the streets of the faubourg Lafayette, and will bear the same names. Further particulars will be given previous to the day of sale. Terms:—One-fifth cash, and the balance in 1, 2, 3 and 4 years credit, in approved endorsed notes, bearing mortgage until final payment, or satisfactory endorsed notes, not having more than one year to run, will be received for the cash payment at a discount of 8 per cent per annum; and purchasers will have the privilege of discounting the credit portion of the payments at the same rate of interest prior to the passing of the acts. The acts of sale to be passed before G. R. Stringer, Esq. Notary Public, at the expense of the purchasers. march 5.

CHOCOLATE.
Office of the Lehigh Coal & Navigation Co'y,
PHILADELPHIA, Feb. 8, 1832.
SIR,—The time has arrived when the Managers of this Company inform the owners of their fees, I am instructed by them to say, that the prices and terms of payment fixed for the present, are the same as the last year, viz: by the cargo, five dollars per ton of 2240 lbs. delivered on board of vessels at the company's wharves on the Delaware, and for any quantity not exceeding 100 tons, payment to be made on the first of November, 1832; the other half on the first of January 1833.
Coal sold by the company will be delivered on board free from fine dust, it being carefully raked before shipment.
As no advantage can be gained by a postponement of orders, I suggest the propriety of your prompt attention to this point and more particularly as, at the early part of the year affords the most opportunity for our freights and insurance, also the greater certainty of supply.
Many of our distant correspondents having been greatly inconvenienced in consequence of their restricting the company in the price of freight, the Managers respectfully suggest, that orders should be sent without any such restriction, leaving it to their best exertions to procure the same on the very lowest terms.
The Managers have further directed me to say that they do not anticipate any alteration in prices, but if they should be induced by the company this year, persons giving previous orders shall receive the benefit of such reduction; at the same time, the managers do not preclude themselves from advancing the price with the advance of the season, should they deem it expedient; but orders received will not be subject to any advance.
The character of the Lehigh coal is so well known, that it is not deemed necessary to subjoin any recommend
