SUBJECT: Removal of the part of No.204 Building.

TO : Commanding Officer,
Shizuoka Military Government Team.

The following information is submitted concerning the above subject:

On the 16th of July, SHIROTA Tomio, chief of Shizuoka Branch, Nagoya Financial Administration Bureau, and MIMURA Kozo, chief of Shizuoka Plant, Ohama Paper Manufacturing Co., Ltd., called on Mr. J. W. Jones, chief of Commerce and Industry Section, Shizuoka Military Government Team, and made a oral application, through the interpretation of Engineer OSAWA, for the removal of one part of No.204 Building of Shizuoka Manufactory, ex-FUSO Metal Industry Co.,Ltd. (No.700, Takamatsu, Shizuoka City), the building which is made of wood, one storied, and tile-roofed, covering the area of 3,500 tsubo, now under the custody of Occupation Forces. And the part of the building covering 1,176 tsubo was permitted to be removed from this Manufactory to Ohama Paper Manufacturing Co., Ltd. under the condition that, after removal, the remained parts of the building are properly protected from the loss of robbery and the damage of elements.

Thus, we are going to begin the work of removal in accordance with the following plan:

1. Date of beginning: August 5, 1947.
2. Date of completion: August 31, 1947.
3. Controctors:

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Application for permission of reducing the guarding area of designated control factory

Date Oct. 5 1946

To: Shizuoka Military Government Team

Through: Shizuoka Prefectural Government, Liaison Section

Applicant: Fuso (Sumitomo) Metal Industries Co. Ltd. Shizuoka Factory Adjusting Office M. Tamy

Location: No. 700 Takamatsu, Shizuoka City

1. Name of Factory on which guarding area is to be reduced: Takamatsu Factory

2. The point of reducing the guarding area;

(a) The point of alteration of the guarding area:

At present the whole area of factory section is made as preserving sphere, but we would like to change this into the building in which machines & equipments are kept and the circumferential necessary sphere.

(b) The stationing point of guards:

The outside circumference of building in which machines are kept is to be stretched with iron-wire and the guards are to be stationed in the inner necessary parts and patrol the inside and outside of the building.

(c) Closing of gateway:

Hitherto the factory area have been all closed except No. 1 north gate; but in accordance with the alteration of preserving area the East gate, which is the nearest gate to the new preserving area is to be used as gateway and all other gates

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

are to be closed.

3 The reason for the applying:

The present preserving area is very difficult for guarding as the area is too wide extending to whole factory area. Not only this, as shown in the attached map, the building containing machines is 3 buildings marked 55 to 61 on the attached map and therefor we expect to make a complete guard in limiting the guarding area to practical necessary area.

SUBJECT: Recommendation on Petition for Reliese of Sumitomo Propeller Factory Site

TO : Commanding Officer,
Shizuoka Military Government Team.

We beg to place before you our recommendation on the afore-said Petition, submitting detailed information as follows:

a) Return of land to farmers & owners

Land, if authorized, is to be distributed among the actual tillers, whereby to newly create landed farmers, in the light of the spirit of the Arable Land reform Act.

b) This part is shown on the attached map, at A, B, C, H', I & J lined in blew. On D. we mean to practise electrization of farm on trial.

c) Part of land recommended to be used for purposes other than agricultpre.
This part is E, F, G, H and K shown in red on the attached map.
E is designed for school site and the play-ground, F, for sites of school, its play-ground dwelling houses and workshops, G, for sites of school, dwelling houses , H for sites of dwelling houses and K, for sites of dwelling houses and school.

d) Planned dispesition of land providing the same is released from Reparation.
The parts mentioned in (a) aboved will be restituted, according to Special act for landed farmer eatablishment. Pending the restitution, we will have the agrarian community distribute the land among farmers and allow them to them to cultivate it.
The part mentioned in (b) above will be the sites as mentioned above. Before construction is commenced, part available will be allowed to cultivate temporary.

October 10, 1946.

SUBJECT: Recommendation on Application of SUMITOMO Metal Industry Co., Ltd., Shizuoka Factory, TAKAMATSU Plant.

TO : Commanding Officer,
Shizuoka Military Government Team.

The above plant wants to be permitted to reduce its guarding area.

According to their plan, they will guard only these buildings in which the machines, designated to be stored and maintained, are accomodated, so that they can more efficiently guard them.

And the other buildings or spaces will be utilized as farm land, living houses, offices, factory or store-house.

We believe that this will contribute much to the stabilization of people's living, and we shall be very much obliged if you would kindly grant your permission to their application.
