Report on Examination (Application concerning Designation of Successor Company) No. 31

Zaibatsu Appointees
Examination Section

1. Applicant Company:

Kokan Kogyo Kabushiki Kaisha (Steel tube Mining Co., Ltd.)
2-1, 1-chome, Marunouchi, Chiyoda-ku, Tokyo
(Representative:
Director and President
Hiroshi Watanabe)

2. Cause of Application:

The application has been filed concerning designation of successor company in accordance with the provisions of Article 9, paragraph 3 as the applicant company was established on March 1, 1949 as a second company of the Nippon Kokan Kogyo Kabushiki Kaisha (hereinafter referred to as old company), an Asano associated company under the Enterprise Reconstruction and Reorganization Law.

3. As the result of examination the company has been decided to be designated as a successor company for the following reason.

Reason:

(1) Capitalization;

The company's whole amount of capital, 60 million yen, was furnished by the old company with spot goods.

(2) Business;

The company succeeded the old company's business operation as a whole.

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 775012

(3) Assets;

The entire assets of the old company were transferred to the company.

(4) Customers;

The company succeeded the customers of the old company en bloc.

(5) Officials and Employees;

The entire members of the company are those transferred from the old company.

Report on Examination (Zaibatsu Appointee) No. 30

Zaibatsu Appointees
Examination Section

1. Applicant:

MATSUNO, Seiko

2. Positions Affected by the Law:

Director (February 5, 1944 - February 20, 1945) of the Sumitomo Alminium Refining Co., Ltd., Sumitomo direct affiliate.

Standing Director (February 5, 1944 - February 20, 1945) of the Chosen Sumitomo Keikinzoku K.K. (Korean Sumitomo Light Metals Co., Ltd.), Sumitomo quasi-direct affiliate.

Director (August 16, 1944 - February 20, 1945) of the Anto Keikinzoku K.K. (Anto Light Metals Co., Ltd.), Sumitomo quasi-direct affiliate.

3. The application has been filed for approval of not being a Zaibatsu appointee in accordance with the provisions of Articles 6 and 7 in consideration of assuming the position of auditor in the Nisshin Kagaku Kogyo K.K. (Nisshin Chemical Industry Co., Ltd.), a Sumitomo direct affiliate. As the result of examination the application has been approved for the following reason.

Reason:

Under Article 6
Director of the Sumitomo Alminium Refining

(1) Circumstances under which the applicant took the position;

In 1944 when the Tokyo Office of the company was set up on the demand of the Light Metals Control

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 715012

Association, the applicant was transferred to that office as its head from the position as director of the Business Division. He was appointed, at the same time, to the position of director as a matter of form to meet the demand of the said Association. That this nominal appointment to official's position was merely a matter of form may be proved by the fact that his status as official was of the lowest rank as he was a second class employee before the appointment whereas officials of the Sumitomo companies were usually appointed from among higher class or first class employees.

(2) Performance of Duties;

The applicant was solely required to perform his duties as the chief of the despatched Tokyo Office to keep liaison between the company and government offices or the control association. All the policy-makings of the company had been executed by the main office in Niihama-shi (Shikoku District), and he had never participated in the management to affix subsequent seals to papers passed by the board of directors as he was the lowest rank director without representating power.

Chosen Sumitomo Light Metals

(1) Circumstances under which the Applicant assumed the Position;

When, in 1944, this company established its Tokyo

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 775012

Office as an agency it had no person available for the position of its head. The applicant was, just at that time, to be installed in the position of the head of the Tokyo Office of the Sumitomo Alminium Refining Co. of the same Sumitomo line as mentioned above, and was entreated to take the position as head of the said office at the same time. As he was to be promoted to the position of director on assuming the position as head of the Sumitomo Alminium's Tokyo Office, this company, as junior of the Sumitomo Alminium, had to give to the applicant the same or better treatment. In addition, Tsunezo Iba, all time the applicant's junior in the Sumitomo, was already occupying the position of standing director. Under these circumstances the applicant was given nominally the honorable title of standing director by the company's own accord.

(2) Performance of Duties;

The applicant had never visited Korea where the company's main office and factories were located never to attend its board of directors meeting or other conferences to deal with the management of the company. He only had performed his duties as the head of the Tokyo Office under directions from the main office.

In this connection, the applicant, provisionally designated as falling under the purge directive due to

his position as standing director in this company, was reversed the designation on application of objection as the position was given nominally.

The Sumitomo Honsha sent out "the Internal Regulations concerning Officials of the Sumitomo Affiliate Companies," issuance of which had been ceased generally for a time, to the affiliate companies en bloc for form's sake in May 1944 after three months of the applicant's assumption of the position to be delivered to those officials who had not received.

The above "Regulations" for the applicant was sent out to the president of the Chosen Sumitomo Light Metals Company but President Yabe failed to deliver to the applicant. This fact proves that the issuance of the Regulations had no substantial meaning.

Under Article 7
Director of the Anto Light Metals Company

Item 1;

The applicant satisfies the conditions under this item.

Item 2;

This company, established in Shinkyo in April 1944, set up its Tokyo Office for the purpose of executing affairs regarding procurement of materials and liaison and as there were no person available for the position of its head in the company, the applicant was requested to fill the position under the same circumstances as he took the like position of the Chosen

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 775012

Sumitomo Light Metals Company. This appointment was made solely by this company's own accord with no approval obtained from the Sumitomo Zaibatsu nor any agreement existed to require such approval.

Item 3;

The appointment was made nominally and for form's sake and the applicant had never executed the power appropriate for a ordinary director.

Item 4;

The applicant fulfills the conditions provided in this item.

After synthetic deliberation of the above facts and written evidences related to these facts the applicant has been decided not to fall under the provisions to be a Zaibatsu appointee.

一、昭和十九年私が住友アルミニウム製錬業務部長在任當時輕金屬統制會より東京に連絡機關を設け且つ東京駐在の役員を置くべしとの要求があつたので、會社に於ても東京事務所を設けることとなり事務所長に私が轉勤する事となり且つ東京駐在の役員を置くべしとの要望に應ずる爲當時二等職員に過ぎなかつた私を取締役に選任したのに過ぎません。

一、私の取締役就任は右の様にたゞ輕金屬統制會の要望に對し形式のみを整へただけのものでありましたから實質は全く一職員として出先機關たる東京事務所長として官廳及統制會と本社との間の取次的な仕事をしてゐたに過ぎず會社の業務は全て新居濱市所在の本社に於て執行せられて居りましたので單なる名目的のものに過ぎなかつたのであります。

右の如く私の取締役就任は住友本社又は住友化學よりの發意でもなく又何等指定されたものでもなく、專ら會社内部の事情に基いたものであり就任につき住友財閥が關與した事實は全くなかつたのであります。

(ハ) 朝鮮住友輕金屬株式會社常務取締役就任（昭和十九年二月五日）

事情の詳細

一、別紙「第六條第一項に基く理由書」中朝鮮住友輕金屬の項を

参照」

一、朝鮮住友輕金屬は昭和十八年十二月八日京城に設立された會社でありますが內地に於て機械其の他の資材を調達する爲と朝鮮總督府の東京事務所とその連絡を圖る爲東京に事務所を設けることになりましたが、會社は新設會社の事とて事務所長に適任者無く偶々前述の通り私が同系の住友アルミニウム製錬の東京事務所長に就任することになつて居たので、朝鮮住友輕金屬の東京事務所長も兼務することになつたのであります

一、右の樣に私は朝鮮住友輕金屬の東京事務所長を兼務する事になりましたが、私は輕金屬統制會に對し形式を整へる爲の名目上だけの事ではありましたが住友アルミニウム製錬の取締役に選任される事になつてゐましたので後進會社たる朝鮮住友輕金屬に於ては名目上だけでもそれと同程度以上の待遇とする必要を感じ又同社には住友に於て終始私の後輩であつた鈴場恒三氏が全社設立以來（昭和十八年十二月八日）既に常務取締役に就任してゐるのでその振合上から名目だけでありましたが常務取締役に選任されたのであります。

一、右の通り私の常務取締役就任は全く社內人事の序列の關係より出た名目上のものでありましたが又一面には當社輕金屬統制會にて外地會社も東京に役員を常駐せしめる樣にとの要望がありましたので、形だけでもそれに應ずる意味もあつたのであります。

一、斯くて私は昭和十九年二月五日朝鮮の常務に就任しましたがそれは單に會社內部の名目上のみの事であつて、私は在任中終始內地に在つて東京事務所の仕事に專念し一回も渡鮮した事無く京城の本社で開催された取締役會及び會社運營に關する重要な會合には一切出席した事なく專ら京城本社よりの指示に基き東京事務所長としての仕事を遂行したに止り、常務取締役としての權限を行使し又は住友本社及び住友財閥の利益代表者として行動したことは一切ありません。

一、抑々住友本社に於てはその利益代表者に對しては「連系會社の役員に關する內規」を制定交附し昭和十五年以降は連系會社の社長、副社長、專務、常務、常任監査役に就任した者に對し之を交附し其の行動の準則として居りました。

一、從つて內規交附者は一應住友のアポインティーと謂ひ得るが戰時体制の强化に伴ひ住友本社の財團的支配は漸次有名無實と化し就中昭和十九年初頭以後は連系會社夫々の理由により住友本社より利益代表者として派遣したもの以外に住友本社の承認に無關係な常務取締役等の役員が選任されたのであります。私の場合は之に該當し前述の通り朝鮮住友輕金屬自体の事情に基き就任したものであり住友本社の利益代表者として派遣された者ではないのであります。

一、然も私は常務取締役就任に際しては內規の交附すら受けませんでした。

之は既に實質的な人事統制は弱体化し、內規交附と言ふ形式すら忘れられてのたことを示すものであります。

其の後三ケ月を經過し住友本社に於て內規未交附者を事務上整理した際に他の未交附者と共に朝鮮住友輕金屬本社宛郵送があつたもので此の場合の內規交附が全く事務的形式的に處理されたことは明らかであります。

のみならず京城本社に在つて此の內規の交附を受けた社長矢部忠治氏は之を內地（東京）に在つた私に直に傳達することなく其の儘手許に止めてゐる中に私は常務取締役を辭任しましたので遂に私は現實には內規を全く受領することなく終つたのであります。

一、以上要するに私は朝輕の常務ではありましたが實質的には何等常務としての權限を行使した事はなく全く一東京事務所長たる職員であつて何等住友本社の「アポインティー」ではないので從つて私は住友本社の利益代表者として行動した事もなく又住友本社に對して內規記載による行動を採つたこともありません

一、右の事實は昭和二十二年八月十九日付第九三七號を以て內閣總理大臣より昭和二十二年勅令第一號第七條ノ二第一項の規定により「覺書に掲ぐる條項に該當する者」として假指定を受けましたが實質上は全く其の事實がなかつた故を以て訴願の結果昭

和二十三年五月十日付訴審第四二七號を以て覺書該當者として
の指定を解除されて居ることからも明らかであります。

(二)安東輕金屬株式會社取締役就任（昭和十九年八月十六日）事情の

1. A) Please refer to "On the Personnel Administrative Regulation of Sumitomo and its Practice" submitted by the Sumitomo Honsha previously.

B) Details of the condition whereby I was appointed to the position of director of the Sumitomo Aluminum Reduction Co., Ltd. on Feb. 5, 1944.

1. Please refer to the clause "Sumitomo Aluminum Reduction Co., Ltd." of the attached paper "Statements according to Paragraph 1, Article 6."

2. In 1944 when I was the manager of the Business Department of the Sumitomo Aluminum Reduction Co., Ltd., the company was about to establish the Tokyo Office in conformity with the request of Light Metal Control Association that liaison agent be set up and an officer be stationed in Tokyo. I was shifted to the head of the office and appointed to the position of director complying with the request that liaison officer be stationed in Tokyo despite I was then merely 2nd grade staff member.

3. The appointment to director was, as stated above, merely nominal to meet the request of Light Metal Control Association and virtually was nothing but an ordinary member, performing liaison business between the governmental authorities or control association and the company as the head of the Tokyo Office, an on-the-spot agent. Apparently I occupied merely nominal post in view of the fact that the actual business of the company was entirely performed at the Head Office in the Niihama City.

As it is clear in the light of the statements above, the appointment to director was neither dependent upon the will of the Sumitomo Honsha nor the Sumitomo Chemical Co., Ltd. nor upon the request of the Association, but only due to the conditions within the company. There was no fact that Sumitomo Zaibatsu took part in the assignment.

C) Details of the condition whereby I was appointed to managing director of the Chosen Sumitomo Light Metal Co., Ltd. on Feb. 5, 1944.

1. Please refer to the clause "Chosen Sumitomo Light Metal Co., Ltd." of the attached paper "Statements according to Paragraph 1, Article 6."

2. The Chosen Sumitomo Light Metal Co., Ltd. was a company which was established in Seoul, Korea on Dec. 8, 1943. In order to procure machineries and materials as well as to carry out liaison work with the Tokyo Office of the Government of Korea, the company was about to set up an office in Tokyo. Inasmuch as there was no competent person for the head of the office owing to the company being new, however,

I was concurrently appointed to the chief of the Tokyo Office of the Chosen Sumitomo Light Metal Co., Ltd. just because I was about to be appointed to the head of the Tokyo Office by the Sumitomo Aluminum Reduction Co., Ltd., the affiliated company.

3. Now that I was concurrently appointed to the head of the Tokyo Office, the Chosen Sumitomo Light Metal Co., Ltd., as sister firm, came to think that I should, if nominal, be accorded treatment over that of the Sumitomo Aluminum Reduction Co., Ltd. which was about to appoint me to director though nominal to meet the request of Light Metal Control Association. Moreover, Mr. Tsunezo Iba who had been lower ranking than me in Sumitomo had already been appointed to managing director of the same ever since the establishment of the company on December 8, 1943. With circumstances stated above, I was appointed to managing director although only nominal.

4. As it is clear by the above statements, the appointment to managing director was not only nominal resulted from the ranking of the company, but also it was just to meet the request of the Light Metal Control Association that an officer be stationed permanently in Tokyo.

5. Thus I was appointed to managing director of the Chosen Sumitomo Light Metal Co., Ltd. on February 5, 1944. However, the appointment was only nominal and it was entirely due to the situation within the company. During the tenure of office I was in Japan proper and exclusively engaged in the business of Tokyo office. I had never been in Korea nor attended the Board of Directors held at the head office in Seoul nor important meetings regarding the management of the company, but only discharged my duty assigned to the head of the Tokyo Office. And yet, I never had exercised any right belong to the managing director nor acted as a representative of the interest of the Sumitomo Honsha or Sumitomo Zaibatsu.

6. The Sumitomo Honsha used to enact by-law "Regarding the Officers of Affiliated Companies" to deliver to the representatives of its interest. Since 1940, the by-law was delivered to presidents, chief managing directors, managing directors and standing auditors for the control of their activities.

7. Accordingly those who were delivered the by-law could be deemed as an appointee of Sumitomo. However, with the reinforcement of the wartime structure, the so-called Zaibatsu controlling power of the Sumitomo Honsha gradually turned into nominal and since 1944 the affiliated companies had elected their own managing directors for their particular interest regardless of the approval by the Sumitomo Honsha besides those representatives sent for the interest thereof.

My case comes under above, namely, I, as stated before, assumed the post under the particular circumstances within the Chosen Sumitomo Light Metal Co., Ltd. and was not a representative of the interest of the Sumitomo Honsha.

8. Especially, I did not receive "by-law" on the occasion of my appointment to managing director. This fact indicates that the controlling power over the personnel administration was virtually weakened and even very formality of delivery of by-law was forgotton. Three months thereafter, the Sumitomo Honsha checked up persons who were not yet delivered the "by-law", it was found not a few didn't receive it yet. Thus the by-law was sent over to me at the Chosen Sumitomo Light Metal Co., Ltd. together with those for others to have attested to the fact that the delivery of by-law was handled utterly nominally. Not only the above, Chuji Yabe, President, who received the by-law at Keijo Head Office kept it at his hand. Instead of immediately delivering to me at Tokyo, he failed to deliver it to me before I retired from the post of managing director.

9. In short, although I was a managing director of the Chosen Sumitomo Light Metal Co., Ltd., I virtually never exercised the authority belong to the managing director but was merely a member of the Tokyo Office. I was not an appointee of the Sumitomo Honsha. I never acted as a representative of the Sumitomo Honsha nor behaved myself in conformity with the articles of by-law for the benefit of the Sumitomo Honsha.

10. The above statement will be well deemed true in the light of the fact that although I was once appointed temporarily as "the person who comes under the regulations of the memorandum"according to the clause 1, Paragraph 2, Article 7 of Imperial Ordinance No.1, 1947, I was released from the designation for appointment by Soshin No.427, May 10, 1948 as there was no evidence.

2. Detailed circumstances (Aug. 16, 1944) in which I came to take office of managing director at Antung Light Metal Co., Ltd.

a. Please refer to the attached "Statement according to the paragraph 1 of the article 7".

b. As there was no competent person for the head of the Tokyo Office at the said company, I held concurrently the said post being earnestly solicited by the latter. But, as I was then a director of respectively the Sumitomo Aluminum Reduction Co., Ltd. and the Chosen Sumitomo Light Metal Co., Ltd. although they were nominal, that I was appointed to a director of Antung Light Metal Co., Ltd. was nothing but for the maintenance

11. At the time of your assnmption of office as official, whether or not the arrangement that the previous approval be obtained from the Zaibatsu or the direct Zaibatsu affiliate -regarding assumption of the position of official existed between the Zaibatsu company where you served and the Zaibatsu or the direct Zaibatsu affiliates.

a. Whether or not the arrangemeut existed in writing.

NONE

b. Details of circumstances under whicn you assumed the position of official; particularly whether or not the Zaibatsu or the direct Zaibatsu affiliate was concerned in approving your assumption of office.

of the balance against the former and was entirely based on the internal reason of the said company. In addition to these abovementioned circumstances, the Sumitomo plutrocratic control was completely weaken in these days. Therefore, there were such cases that those other than the dispatched as the representatives of interest take office as officers according to the respective reasons of the each company regardless of the recognition of the plutocrats as mentioned above. Thus, when I assumed the post as director in the Antung Light Metal Co., Ltd. neither were there any agreement, which necessitate an approval of the Sumitomo Zaibatsu in advance nor did I get any such kind of approval.

c. Since the assumption of the said office as director, I had neither been in Manchuria nor participate in the important business management of company, nor attended the board of directors. As mentioned above, I was only a nominal director and I was just discharging my liaison duties of the Tokyo Office with the officials concerned of the Manchurian Embassy in Tokyo in connection with the procurement of materials for the construction of the plant.

d. In fact, my appointment to the director was entirely nothing but nominal and it was just for the maintenance of the balance of the personnel affairs, therefore I never had practiced any right as a regular director and it was needless to say that I had absolutely no equal controlling power or right belonged to the managing directors.

受 24.3.16 付

APPLICATION

IN CONFORMITY WITH

THE LAW OF ELIMINATION OF THE CONTROLLING POWER OF ZAIBATSU

THE NISSIN CHEMICAL CO., LTD.

SEIKO MATSUNO

Date: MAR. 16, 1949.

Mr. Shigeru Yoshida,
Prime Minister.

In conformity with the Article 6, Paragraph 1 and the Article 7, Paragraph 1 of the Law of Elimination of the Controlling Power of Zaibatsu, I hereby submit to you an application as per attached statement for your acknowledgment that I do not fall under the category of officer affiliated with Zaibatsu.

Seiko Matsuno

Statement in conformity with the
Paragraph 1 of Article 6.

(Director of the Sumitomo Aluminum
Reduction Co., Ltd.)

1. Since I entered the Nissin Chemical Co., Ltd. (then, the Sumitomo Ltd. Partnership, Fertilizer Works) I had been engaged in business of the Niihama Plant of the said company but on Jan. 17, 1938 when I was in a post of the chief of Executive & Administrative Sect. of the Business Dept. of the Niihama Works, Mr. Shoichi Shinohara, former Head of the Business Dept. of the Sumitomo Aluminum Reduction Co., Ltd. running its operation at the Niihama City at that time, retired from his post so that the said company asked me to take his post concurrently with my said position in the Nissin Chemical Co., Ltd. because the latter could not find a competent person to fill the vacancy.

Thus, on Jan. 17, 1938 I accepted to assume the concurrent position as a temporary manager of the Business Dept. of the Sumitomo Aluminum Reduction Co., Ltd.

After that as a personnel of the Sumitomo Aluminum I was promoted to the manager of the Business Dept. (chief of the Executive & Administrative Sect. of the same Dept. concurrently) on Jan. 6, 1940 and as a personnel of the Nissin Chemical Co., Ltd. I was promoted to the assistant manager of the Business Dept. of the Niihama Works of the said company on Feb. 1, 1940 but I was released from this post on Dec. 1, 1942 and I was in the service of the Business Dept.

In 1944, when I was in the post of the manager of the Business Dept. of the Sumitomo Aluminum Reduction Co., Ltd., the Light Metal Controlling Association requested us that if any aluminum company, who has no head office in Tokyo, should set up a liaison office up there and station a director at its office. (Cert. No.1)

Upon this request, the company decided to set up the Tokyo office thus I came to be shifted to the head of the office. Moreover, according to the request that a director should station in the Tokyo office, although I, was then only of the second class personnel the title of "Director" was accorded to me.

Thus, in Feb. 1944 I was appointed to the head of the Tokyo Office and the director of the Sumitomo Aluminum Reduction Co., Ltd.

As stated above, I assumed a post of director in form just to meet the request of the Light Metal Controlling Association to station a director in the Tokyo office, therefore

I was not given any right to represent the company and as a matter of fact, I was engaged in liaison between the head-office and the Government or Controlling Association as an employee. Important business of the company had been executed in the head-office located at Niihama, therefore, I merely sealed my stamp on the documents after prepared by the board of directors.

(Cert. 2 & 3)

As stated above, my assumption of the director was nothing but a form just to meet the request from the quarter of the Light Metal Controlling Association. Therefore it is entirely clear that I was not a representative for the interest of both the Sumitomo Honsha and the Nissin Chemical Co. and also I was not a dispatched director from both companies.

It is seems strange that I concurrently took position in the Sumitomo Aluminum Reduction Co. as a personnel of the Nissin Chemical Co. but it was because that the shortage of the skilled businessmen were, at that time, keenly felt due to the sudden expansion of the Sumitomo enterprise, and moreover inasmuch as no competent person for the head of Business Dept. could be found in the Sumitomo Aluminum Reduction Co., upon the retirement of the former manager, they asked me to take concurrent position as his successor because I was in the Nissin Chemical Co. and was well versed in the business concerning the reduction of aluminum, while I was engaged in the testing on aluminum in the Nissin Chemical Co. Of course I had by no means represented the interest of the former. Those who assume a position of director as a Sumitomo personnel should generally be a higher personnel or of the first class personnel as in the case of other Sumitomo affiliated companies but when I was appointed as a director, I was of the second class personnel and the lowest of all directors, therefore, as a director I neither had any right to speak nor had I played any leading role but I was only a director without any representative right of the company. The members of directors at that time were shown in the below.

Chairman of Board of Directors.	Sadayoshi Yoshida (Director of the Sumitomo Honsha)
Chief of Directors	Chuji Yabe (Councillor of the Sumitomo Honsha)
Managing Director	Takeji Yamazaki (First class personnel)
Director	Shunnosuke Furuta (General directors)
"	Hisashi Kasuga (Director of the Sumitomo Honsha)

Director	Kiichi Mimura	(Director of the Sumitomo Honsha)
"	Heizo Asada	(President of Asada Chem. Co., Ltd.)
"	Seiko Matsuno	(Head of the Tokyo Branch office of the Sumitomo Aluminum Reduction Co.)
Auditor	Rin Okahashi	(Directors of the Sumitomo Honsha)
"	Kenzo Oshima	(Auditor of the Sumitomo Honsha)
"	Rinzo Asada	(Brother of Mr. H. Asada)

Moreover, in the Sumitomo affiliated companies at that time, the Board of Directors which had decided the highest policy of the company was organized as a practice by the managing directors and directors of the Sumitomo Honsha in general. The matters were decided in advance by the officers of the Sumitomo Honsha who were concurrent directors of the affiliated companies and directors other than the company. Therefore the Board of Directors was nothing but the report meeting just to have form. (Cert. 3)

Statement According to the

Paragraph 1 of the Article 6

Managing Director,

Chosen Sumitomo Light Metals Co., Ltd.

1. Though I had concurrently held the post of managing director of the Chosen Sumitomo Light Metals Co., Ltd. during the period up to Feb. 20, 1945 from Feb. 5, 1944, the said post was nothing but nominal and indeed, I was just concurrently engaged in the business of the Tokyo Office of the above mentioned company as its head. I had never been in Korea where its head office and plants were located, nor attended any meeting of a board of directors and other conferences held at the head office in Keijo, pertaining to the operation of the company even once during my terms of office, but I was just discharging my duties as the head of the Tokyo Office in conformity with the directives issued from the head office. (Cert. No.4)

2. The circumstances in which I came to hold the additional post as the head of the Tokyo office of the said company were as follows:
The Chosen Sumitomo Light Metals Co., Ltd. was established on Dec., 8, 1943 at Keijo and later a plan was contemplated to establish a new office in Tokyo on Feb., 15, 1944 as an agent on the spot for the convenience of carrying out liaison business with the Tokyo office of the government of Korea as to the procurement of materials as well as to expedite the date of delivery and despatch of various machineries as well as other materials made in Japan proper to be supplied for the construction of the plant. But, as the newly established company, there were no

persons fitted for the post of the head of the office. But, as I was scheduled to take the post of the head of the Tokyo office of the Sumitomo Aluminum Reduction Co., Ltd. which was one of our affiliated company, a request came to me to take the concurrent post of the Chosen Sumitomo Light Metals Co., Ltd. (Cert. No.4)

3. Next, the circumstances under which I had to hold the concurrent post of managing director which was only nominal were as follows:

I was selected as the managing director nominally on Feb. 5, 1944, on the same day I was selected as the same post of the Sumitomo Aluminum Reduction Co., Ltd., taking the following fact into the consideration; (1) my junior Mr. Tsunezo Iba had already been in office as managing director in our Sumitomo affiliated company since it was established on Dec. 8, 1943, (2) I was supposed to be treated on a footing over that position even though nominally at Chosen Sumitomo Light Metals Co., Ltd. which was our junior company, because I was expected to be selected as the managing director, though nominally, of the Sumitomo Aluminum Reduction Co., Ltd. (Cert. No.4)

Moreover, those days, overseas companies were demanded to station their officers at Tokyo by the Light Metals Control Association. Thus, in a sence we tried to meet the request though it was nominal. (Cert. No.1 and No.4)

Just as mentioned above, my assumption of office as managing director was nothing but nominal according to the usual

practice of personnel affairs in our company and I never conducted any functions belong to the managing director, nor, needless to say, did I represent the interest of the Sumitomo Honsha Ltd., the Sumitomo Aluminum Reduction Co., Ltd. as well as the Nissin Chemical Co., Ltd. Similar actions too, of course, never had been conducted.
That I hold the concurrent post as the head of the both Tokyo offices of the two companies respectively was just owing to the reason that there was no persons fitted for the position. (Cert. No.4)

4. I was temporary designated as "the person who comes under the article provided in the memorandum in conformity to the regulation of the paragraph 1, article 7 of the Imperial Ordinance No.1, gazetted 1947" by the Prime Minister in accordance with the letter No.937, dated Aug. 19, 1947, just because I had held office as the managing director of the said company. But, my assumption of office as a managing director was entirely nominal and substantively there was no meaning at all in holding the same post. For the above mentioned reason, I was released from the designation of as a person who comes under the memorandum, as the result of my petition with announcement No.427 dated May 10, 1948. (Cert. No.5)

5. In Sumitomo Honsha Ltd., it was a practice that officers who had hold the post of over managing director of our combined companies were generally delivered "By-laws pertaining to officers in the combined company." I was also delivered the above mentioned by-laws as well as a general laws just

because of having held office as a managing director of Chosen Sumitomo Light Metals Co., Ltd., on Feb. 5, 1944. The assumption of office of mine as a managing director, however, as mentioned above, was carried out itself nominally, by being others taken into consideration. Consequently, I had never executed the authorities as a managing director nor did I ever act as a representative of interest of the Sumitomo Honsha Ltd. in conformity with the above mentioned by-laws. I, as the head of the Tokyo office, had just managed the business within the scope of directives issued by the head office of the Chosen Sumitomo Light Metals Co., Ltd.

Thus, my assumption of office as a managing director itself was of void and nominal and at the same time, the by-laws in my case was meaningless at all, moreover, the delivery of which was just perfunctory, according to the custom of Sumitomo and just for form. These circumstances will be later clarified by the discription given in details.

6. Details of the control and domination carried out by the Sumitomo Honsha over the Sumitomo subsidiary companies is as stated in "the regulation on the control of personnel and its actual handling" submitted by the Sumitomo Honsha to the Screen Committee of Zaibatsu officers.

Namely, in 1926, "By-laws concerning the officers of subsidiary companies and other companies" (Cert. No.6) was enacted but it was confidentially given to only representatives of the interest of the Sumitomo Honsha as a criterion of their business activities without being announced to any

other members of the company.

The directors who received the By-laws were originally all the directors of the subsidiary companies but since 1940, it was limitted to only principal directors in and higher than managing director due to the increased number of directors with the expansion of the Sumitomo enterprises. However, those principal companies were designated as War-plants. It was therefore quite natural if the personnel control over the subsidiary companies of the Sumitomo Honsha was gradually weaken with the rapid consolidation of the military control. Under such circumstances, efforts had been exerted by the Sumitomo Honsha to keep-up the personnel control over each subsidiary company even in the point of form.

For example, the Sumitomo Honsha abolished all the control over its subsidiary companies in Sept., 1944 but in May, 1944 just before that, the practice of regulation as to the delivery of the "By-laws" (Cert. No.7) was made clear within the Sumitomo Honsha. This was the last step taken in an efforts to maintain virtually lost personnel controlling power of the Sumitomo Honsha but it indicated at the same time that even the delivery of the By-laws was neglected as the result of the benumbed personnel controlling power of the Sumitomo Honsha. Accordingly, when I was appointed as a managing director of the Chosen Light Metal Industries in Feb. 5, 1944 I did not receive the by-laws as stated in the separate Certificate (Cert. No.8) of the Sumitomo Honsha. If the Delivery of by-laws was of great importance to be qualified for representative of interest of Zaibatsu it was

natural that the presiding director of the Sumitomo Honsha should have given me the by-laws directly in person as a important caremony for the appointment of officers. However, such procedure had not beencarried out because personnel controlling power was then to weakened to take such important formalities to deliver the by-laws. (Cert. No.9) However, the By-laws were sent by mail to forward to the managing directors and other higher officers of the affiliated company who were appointed since 1943, therefore, the procedure of delivery of the By-laws, once actually abolished was revived only for form sake but this was nothing but nominal. (Cert. No.9)

In these days the Chosen Sumitomo Light Metal Co. was no longer under the Zaibatsu domination of the Sumitomo Honsha as already stated and I assumed the head of the Tokyo Branch office as a managing director just for nominal because I was not an actual director to participate in the management of the Chosen Sumitomo Light Metal Co. In such circumstances, it was meaningless to receive such formal "By-laws", therefore as Mr. Chuji Yabe, then president of the company, certified, I never received such "By-laws". (Cert. No.11)

In short, I was a managing director of the Chosen Sumitomo Light Metal but actually I was only the head of the Tokyo Branch Office and in the view of the actual business affairs, system, and management of the said company I was not in a position to take part in its management as an officer of the company.

Moreover, as to the "By-laws of officer" of the Sumitomo Honsha, it became nothing but a formal document by then and the personnel control right had been weakened as stated above. Therefore I am convinced that I was by no means a representative of the interest of the Sumitomo Honsha.

STATEMENT IN CONFORMITY WITH THE

PARAGRAPH 1 OF ARTICLE 6

(Director of The Antung Light Metal
Company, Ltd.)

I, who had been in the position of director of the Antung Light Metal Co., Ltd. (Anto Light Metal Co., Ltd., in Japanese) from August 16, 1944 to February 20, 1945, am endowed with every reason of items, Clause 1, Article 7 of the Law for Elimination of the Controlling Power of Zaibatsu.

Statement

1. I neither belong to those of the Sumitomo Zaibatsu, nor spouses, parents, children, brothers or sisters of the family nor their spouses.

2. When I was appointed to the director of the Antung Light Metal Co., Ltd., domination of Sumitomo Zaibatsu had been rendered entirely void as the result of the strengthened war-time structure.

   Since early 1944, some of the officers had been nominated regardlessly of the recognition of the Zaibatsu besides those despatched to the subsidiary companies as representatives of Sumitomo's interests accordingly with the situation of each company. It was indeed due to the internal circumstances of the Antung Light Metal Co., Ltd., as aftermentioned, that I assumed the position of a director of the company. Upon being appointed to the director there existed neither any arrangement for which an approval of the Sumitomo Zaibatsu was necessitated and nor did I receive any approval. (Cert. No.12)

3. The circumstances under which I was concurrently appointed to the head of the Tokyo Office of the Antung Light Metal Co., Ltd. on July 1, 1944 with the appointment to a director of the same on Aug. 16, 1944 (continued until Feb. 20, 1945)

were as follows:

The Antung Light Metal Co., Ltd. was established on April 11, 1944 in Changchun, Manchuria but thereafter it was necessitated to set up an office in Tokyo for the procurement of materials in Japan for plant construction. As it was a newly established company, however, no competent personnel as a director of the office was found. It was under such circumstances that I, who had been concurrently the director of respective Tokyo Office of the Sumitomo Aluminum Reduction Company and the Chosen Sumitomo Light Metal Company, both Sumitomo Subsidiary Companies, was requested to take another concurrent position of the director of Tokyo Office of the Antung Light Metal Company. As for me, although I was afraid whether or not I could afford to take the position, having already assumed concurrently the position of director of offices of the two companies, their demand was so pressing that I came to accept concurrent assumption of the director of the Tokyo Office of the company on July 1, of the year. (Cert.No.12)

On Aug. 16, 1944 I was followingly appointed to a director of the company.

This, however, was nothing but to keep balance of personnel affairs, and was just attributable to the fact that I, at that time, had already been assuming a position as an officer of the Sumitomo Aluminum Reduction Co., Ltd. and of the Chosen Sumitomo Light Metal Co., Ltd. though the positions were but nominal. During the time of office,

I had never been in Manchukuo, neither attended the Board of Directors nor took part in any important management of the company. The Board of Directors was also entirely nominal and I had simply carried out the duties of the Tokyo Office. (Cert.No.11) Moreover, the duties of the Tokyo Office were simply to obtain materials in Japan for plant construction and to get in touch with the competent officials of the Manchurean Embassy in Tokyo in connection with the former.

As so far mentioned, my assumption of the director was perfectly for keeping balance of personnel affairs and I have never executed the right as a director, not to speak of dominating power as a managing director or higher than it.

4. The positions of Officer of subsidiary companies of Sumitomo Zaibatsu I had assumed besides this director of the Antung Light Metal Co., Ltd. were those of director of the Sumitomo Aluminum Reduction Co., Ltd. (From Feb. 5, 1944 to Feb. 20, 1945) and, concurrently, of managing director of the Chosen Sumitomo Light Metal Co., Ltd. (From Feb. 5, 1944 to Feb. 20, 1945).

5. Regarding the circumstances under which I concurrently held the position of officer of three companies, I discribed the matter in each items concerned. But for your reference, I wish to explain here its outline.

My business activity was confined to that of the general manager of the Tokyo Office of the three respective company. At first, I was only to be transferred to the said post of the Sumitomo Aluminium Reduction Co., Ltd. While it was so happened that the Chosen Sumitomo Light Metals Co., Ltd., then also intended to establish the office in Tokyo and found itself difficult in selecting competent person therefor. Under these circumstances I came to assume concurrently both offices.

Later, the Tokyo Office of the Antung Light Metals Co., Ltd. also decided to establish office in Tokyo, but facing the same difficulties in selecting its head, I came to hold that office concurrently. Therefore the offices that I assume, were brought about just for the maintenance of the balance of personnel affairs of the three respective company as well as to meet the request of the controlling association quarters who asked the said companies to station their officers in Tokyo.

As can be infered from above, I was neither dispatched from the Sumitomo Honsha Ltd. nor by the agreement among three companies.

In addition, I was not a person who represented their interests. Therefore neither any decision was made by those companies in advance as to the assumption of the office nor was there any agreement among them, nor did I obtain any previous approval, but my assumption was a measure independently

taken by each company. Though I was appointed as an officer, I had never acted, as their representative.

As to the Chosen Sumitomo and Antung Light Metals Co., Ltd., I had neither went to the offices of the both nor attended the meeting of the board of directors and other conferences pertaining to the operation of the company.

Also, regarding the Sumitomo Aluminum Reduction Co., Ltd. I had just sealed only several times to the documents of the board of directors as a powerless, lowest-ranking and nominal managing director.

I had just descharged duties instructed by the head-offices holding concurrent posts as general director of the Tokyo Office, a mere agent of those three companies as a business expert in the light metals industrial circles, thus my activity was confined within the scope set by the directives from the respective head offices and I had never took part in the function of the head office the central organ for the company management.

Consequently my office was nominal and there was no fact at all that I was an appointee of the plutocrats.

The above statement will be made clear by the evidiences certified by the each three companies in the attached papers.

Cert. No.1

Certificate

Date: MAR. 16, 1949.

I, the undersigned, who had been president of the Light Metal Controlling Association since September 1, 1942 up to September 6, 1946, hereby certify that the following statement is true and correct to the best of my knowledge.

Ever since the outbreak of the war the epoch-making increased production of light metal had been keenly desired, it was all the more so since the beginning of 1944, the war situation had worsen. In compliance with this requirement and the demand of Munition Ministry , the Light Metal Controlling Association decided to request those affiliated companies who had no head offices in Tokyo to establish branch offices and to station officers in order to increase the production in the closer relation with the affiliated companies.

The Association, therefore, requested the Sumitomo Aluminum Reduction Co., Ltd. and the Korean Sumitomo Light Metal Co., Ltd, who had no head-offices to establish branch offices in Tokyo and station officers at all times. This, as was mentioned previously, has no other objectives but to let them engage in the liaison work between the Association and the companies. Thereupon, the companies set up Tokyo Branch Offices in February, 1944 and appointed Mr. Seiko Matsuno to head of these offices. At the same time he was elected to a director and a managing director in concert with the demand of the Association.

Atsushi Oya

Atsushi Oya
Ex-president of the
Light Metal Controlling Association

(Evidence No. 2)

CERTIFICATION

Date MAR. 16, 1949

I, the undersigned, certify that the circumstances under which Mr. Seiko Matsuno took office as a director of the Sumitomo Aluminum Reduction Co., Ltd. and his duties during his office were as follows:

1. Mr. Matsuno was elected to a director by the general shareholders meeting of the Sumitomo Aluminum Reduction Co., Ltd. held on February 5, 1944. After taking the office for about one year he retired from the position on February 20, 1945. The circumstances under which he took office was as follows.

   The Light Metal Control Association to which the company affiliated at that time requested those companies who had no head-office in Tokyo to set up a liaison organization there and to station officer. Under such circumstances, our company decided to establish Tokyo Branch Office (merely a liaison organization, not a branch office provided under the commercial law) and also to transfer Mr. Matsuno, who had been a business manager of the head-office until then, to Tokyo in the capacity of a head of the office. To meet the requirement of having a standing officer in Tokyo we arranged for Mr. Matsuno to be elected to a director although he was a second class clerk and was not in a position to be elected to an officer if in ordinary circumstances. Because there were no qualified officers whom I was able to let them station in Tokyo. This step, therefore, was simply to shape an appearance to meet the requirement of the control association.

   Such being the case, the election was made utterly for the sake of immediate circumstances of the company. He was by no means a representative of any interest either for the Sumitomo Honsha or the Nissin Chemical Company or any other Sumitomo concerns.

2. While he was holding office, he was engaged exclusively in the liaison work between the governmental authorities or controlling associations and the Niihama plant or the head-office. The management of the company was discussed and executed by among the standing officers, the officers of Sumitomo Honsha (concurrently the officers of the company) and the officers from outside. Mr. Matsuno had no representing right and was simply registered his name as a director of the lowest position. As the matter of fact, he neither had any right nor behaved himself as an officer.

I, as the then chief officer of the company when Mr. Matsuno was holding office, certify that the above statement is true and correct to the best of my abilities and knowledge.

Sadayoshi Yoshida

Sadayoshi Yoshida
Ex-director general of the
Sumitomo Aluminum Reduction
Company, Ltd.

Cert. No.3

Certificate

Date: MAR. 16, 1949

The official right of the directors of our company is provided in Article 1 of the Official Regulations that the director shall deliberate and decide the important matters of the company in the board of directors.

However the management of the board of directors of our company had been carried out only for form since the company was established up to the war's end as was the case with other affiliated companies.

In the board of directors, all director used to sign and seal formally with a report based on de facto by the minute-book regarding the momentous matter decided by the principal officers, namely, president, Chief Managing director, managing director and officers of other companies, which is made in advance by the person in charge in conformity with the given instruction.

Accordingly, as the matter of fact the directors had not actually participated in business of the company as the officers, and it is no exaggeration to say that the board of directors was nothing but formal as stated above.

It can also be made clear in the light of the fact written in the minute-book that the date on the practice of the decision was earlier than the date of the meeting of the board of directors held. This means that all decisions or practiced matters made by the principal officers were singed and sealed by the board of directors after it became de facto.

We hereby certify that above statement is correct and true to the best of our knowledge.

The Sumitom Aluminum
Reduction Co., Ltd.

Cert. No.4

Certificate

I, undersigned, hereby certify that the circumstances under which Mr. Seiko Matsuno was appointed to a managing director of this company and the business he executed during his tenure of the office were as follows.

Statement

1. This company was established on Dec. 8, 1943 with the approval of the Government of Korea and started plant construction at Hokujomen, Bunsen-gun, Kankyo-nando (North-Korea) with its Head Office in Seoul, for the principal purpose of manufacturing light metal.

Upon its establishment, I acted as the representative of promotors by order of the Sumitomo Honsha, Ltd. and assumed the position of the president with the establishment of the company.

2. Although the principal end this company had in view was to manage its business in Korea, the necessity to have a small office in Tokyo as a detachment was keenly desired for the procurement of machineries,other materials in Japan Proper as well as for the liaison work to be carried out with the Tokyo Office of the Government of Korea relating to the above matters.

3. Thus the Tokyo Office was established on Feb. 5, 1944. However, as the company was still in its infancy it was hard to find an adequate person to be the head of the Tokyo Office. While, at that time, the Sumitomo Aluminum Reduction Co., Ltd., a sister company of our's, (located in Niihama City, Ehime Pref.) was about to set up a Tokyo Office, to the head of which Mr. Seiko Matsuno was to be appointed. Thus, we concluded to have him concurrently take the position of the head of the Tokyo Office of our company.

4. It was under such circumstances that Mr. Matsuno came to be the head of the Tokyo Office of our company when he was to be elected, though nominally, to a director of the Sumitomo Aluminum Reduction Co., Ltd. to live perfunctorily up to the request of the Light Metal Controlling Association. Therefore, our company considered it necessary to treat him at least as managing director also. Moreover, since the establishment of this company (Dec. 8, 1943) Mr. Tsunezo Iba had already been promoted to a managing director of this company. In the light of the above fact, we appointed him to a managing director which, though, was nothing but nominal.

Comparison of personal histories between Mr. Matsuno and Mr. Iba and a list of the then executives of this company follow below.

(1) Mr. Matsuno's assumption of the managing director was, as aforementioned, just nominal, accrued from the relation in the order of personnel standing; however, on the other hand, it was also meant to respond, even if it is perfunctory, to the Light Metal Controlling Association which then wanted overseas companies to

station officers in Tokyo.

(2) It was under such circumstances as above mentioned that Mr. Matsuno came to take office as a managing director of this company from Feb. 5, 1944 to Feb. 20, 1945, which, however, was entirely nominal, attributed to the convenience of the company itself. He was neither despatched from the Sumitomo Honsha, Ltd. nor was he a representative of its interest. As a matter of fact, he devoted himself in the business of the Tokyo Office staying always in Japan Proper and had never been in Korea during his tenure of office. He had never attended the frequently held Board of Directors at the Head Office in Seoul and other consultation meeting for important matters. He has neither executed the right as the managing director nor acted as a representative of the interest of the Sumitomo Honsha, Ltd. or Sumitomo Zaibatsu. As representatives of the interest of the Sumitomo Zaibatsu, the chairman of the Board of Directors and I, president, were taking all responsibility and undertaking the management of the company, being assisted by the chief managing director therefore Mr. Matsuno had never participated therein. Mr. Matsuno simply carried out the duties of the Tokyo Office in conformity with the instructions issued by the Head Office of this company.

I certify that the aforestatement is true and correct to the best of my knowledge.

Interim Designation

Present Address: 262 Eifuku-cho,
Suginami-ku,
Tokyo

Name: Seiko Matsuno

Date of Birth: July 29, 1898

In accordance with the regulations as set forth in the Paragraph 1 Article 7, of the Imperial Ordinance No.1, 1947 (Imperial Ordinance regarding assumption of office, prohibition, retirement etc. as to public service, hereafter called "the ordinance"), you shall temporarily be designated as a person who comes under the clause set forth in the memorandum by the following reasons.

Managing Director (Feb. 5, 1944-Feb. 20,1945)

Reason: The Chosen Sumitomo Light Metal Co., Ltd.

Prime Minister

Dec. 2, 1947

Former Chosen Sumitomo Light
Metal Co., Ltd.,
Managing Director

Seiko Matsuno

In accordance with the regulations as set forth in the Imperial Ordinance No.1, 1947, you shall be designated as a person who comes under the clause of the memorandum.

Please refer to the attached notices.

Prime Minister

Reasons for designation

The said person was in the position of managing director of the Chosen Sumitomo Light Metal Co., Ltd. from Feb. 5, 1944 up to Feb. 20, 1945.

The above case comes under the Remarks No.6, Column 7, of the attached table No.1 of the Cabinet Ordinance and the Home Affairs Ordinance No.1, 1947.

P. E. No. 427

May 10, 1948

Address: 262 Eifuku-cho,
Suginami-ku,
Tokyo

Name: Seiko Matsuno

In accordance with regulations as set forth in the Parag. 2, Article 1 of the Emperial Ordinance No.65, 1947, you shall be peleased from the designation as a person who comes under the memorandum based on Article 4 Ordinance No.1 of 1947.

Prime Minister

Petition for qualification

To: Tetsu Katayama, Esq.,
Preminer

Dec. 20, 1947

Seiko Matsuno

Born: July 29, 1898

Address: 262 Eifuku-cho,
Suginami-ku,
Tokyo

(Phone No. Matsuzawa 3454)

I. The points of petition.

(1) I had provisionally been designated as a purgee by you through No.937 dated Aug. 19, 1947 for the reason that I was once in the post of the managing director of the Korean Sumitomo Light Metal Co., Ltd. (Chosen Sumitomo Keikinzoku K.K.). Against the above designation I made a protest on Sept. 25, 1947, however I received the formal designation, dated Dec. 2, 1947, as a person who falls under the category of purgee specified in the paragraph 4 of the Imperial Ordinance No. 2, 1947 according to the paragraph 1 of the said Ordinance.

(2) However, it was really a matter of nominal appointment just for keeping the balance of personnel affairs within the company that I was placed in the position of managing director of the company. As a matter of fact I had simply been engaged in the business of the Tokyo Branch Office as its chief. Therefore, I regard that the designation is unreasonable and improper.

(3) For the above reasons I hereby appeal to you for the release of designation in compliance with the Imperial Ordinance No.65, 1947.

II. The detailed reasons for petition.

The circumstances under which I was appointed to the managing director of the Korean Sumitomo Light Metal Co., Ltd., (Chosen Sumitomo Keikinzoku K.K.) and the particulars of my duties which I had been taking during my tenure of office are stated in the attached testimony by Mr. Chuji Yabe, the President of the Korean Sumitomo Light Metal Co., Ltd., Mr. Jinza Satori, the chief managing director, and Mr. Tsunezo Iba, the managing director.

Gist of the petition is as follows.

(1) My post as a managing director of that company was nothing but nominal. As a matter of fact, I was merely acting as a chief of the Tokyo Branch Office. During my tenure of office I had neither been to Korea, nor attended any board of directors as well as any important conferences successively held in the head-office in Seoul, but always stayed in Tokyo, only carrying out my duties as a chief of the Tokyo Branch-Office in conformity with the instruction from the Head-Office.

(2) The Tokyo branch office was set up mainly for the purpose of expediting the delivery and shipment of machines and other materials, needed for construction of the plant, for which orders were placed with various makers in Japan Proper, and also for occassional exchange of informations

DECLASSIFIED PER NARA RULE SEC. 3(E) AND 3(D) OR (E) AND 4 715012

with the Tokyo branch office of Governor-General of Korea on the aforementioned business. And the chief of our Tokyo branch office was simply vested with the authority as well as the responsibility of doing daily work in the most limited scope strictly in conformity with the instructions from the head-office.

All the important affairs which might have the decisive effects on the management of the company were executed by the President and Chief Managing Director who were staying in the head-office at Seoul.

Our Tokyo branch office was a small, unimportant office with only 3 or 4 regular clerks with 4 or 5 part-time assistants.

(3) The reason why I was placed on the post of nominal managing director was entirely attributable just for maintaining the balance of personnel affairs. Inasmuch as Mr. Tsunezo Iba who was my junior in the Sumitomo Co., had already been promoted to the post of managing director of the company since its establishment, it was considered unreasonable that I, his senior, was to be remained as a mere ordinary officer. Thus I was appointed to the equevalent position of the managing director though it was only in name and void. Moreover, I think it might also have been taken into consideration that to give the chief of the branch-office a title as the managing director is more convenient for the smooth negotiation with outsiders.

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NND# 715012

I retired from the post with one year's tenure of office.

As I stated above, it was nothing but nominal that I was a managing director and as a matter of fact, I have done nothing corresponding to my title. With the above reasons I should like to ask you for your scrutiny as to my present status.

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) SNDR # 115012

Certificate

We, undersigned, hereby certify that the following statement as to the circumstances under which Mr. Seiko Matsuno assumed the position of managing director of our company and the content of business be executed during the time of his office is true and correct to the best of our knowledge.

Statement

1. Our company was established on Dec. 8, 1943 with the approval of the Government of Korea and started plant construction at Hokujomen, Bunsen-gun, Kankyo-nando (North-Korea) having its Head Office in Seoul, with principal purpose of manufacturing light metal.

2. Although the principal purpose of this company was to carry out the business in Korea, it had considerable amount of business as to the liaison work with the Ministry of Munitions, Light Metal Controlling Association and other organizations in Japan proper due to the various kinds of control during the Wartime as well as for the procurement of machineries and other materials in Japan. For the handling of those business, establishment of an office in Tokyo was necessitated.

3. Thus the Tokyo Office was established on Feb. 8, 1944, the following year. However, as the company was newly established, it was hard to find an adequate person within the company. At that time the Sumitomo Aluminum Reduction Co., Ltd., the parent company of our's, (located in Niihama, Ehime Pref.) decided to establish an office in Tokyo, for its head, Mr. Seiko Matsuno of the company was to be appointed. Therefore, we came to the conclusion to have him concurrently assume the director of the Tokyo Office of our company.

4. As above mentioned, it was because of lack of adequate personnel in our company that we had Mr. Seiko Matsuno concurrently assume the director of our Tokyo Office. However, it was, on the other hand, attributable to the circumstances where a person's concurrent assumption of director of the two offices was convenient in the light of the facts that the Sumitomo Aluminum Reduction Co., Ltd. was the mother of our company having the common business and that most of the business of the Tokyo Offices of the respective company was similar.

5. As to the content of duty of the Tokyo Office of our's and authority of the head of the Tokyo Office, please refer to the attached abstracts of the Business Regulation of our company.

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 775012

6. It thus occasioned that Mr. Seiko Matsuno came to take the concurrent office as the director of the Tokyo Office of our company. However, since the establishment of our company (Dec. 8, 1943) Mr. Tsunezo Iba had already been assuming the position of managing director, despite he had always been standing lower than Mr. Seiko Matsuno in the Sumitomo Aluminum Reduction Co., Ltd. Therefore, the Sumitomo's custom as to its personnel affairs where order of seats was regarded important did not agree to the appointment of Mr. Matsuno as mere staff. Thus, he was appointed to the managing director, though it was just nominal.

Comparison of careers between Mr. Seiko Matsuno and Tsunezo Iba and the list of the then executives of our company follow next.

Gist career.

Tsunezo Iba

Date of Birth:	April 1, 1902
Education:	Graduated Metallurgical Dep't., Engineering Faculty, the Tokyo Imperial University in Mar. 1925.
Entrance to Company:	The Sumitomo Partnership, Ltd. (Besshi Mining Works) On April 5, 1925.
Position just before the assumption of managing director of the Chosen Sumitomo Light Metal Co., Ltd., on Dec. 8, 1943:	Vice-head of Manufacturing Dept., The Sumitomo Aluminum Reduction Co., Ltd.
Salary:	¥320.00

Seiko Matsuno

Date of Birth:	July 29, 1898
Education:	Graduated Special Course, Tokyo Commercial University in Mar. 1922.
Entrance to company:	On April 12, 1922 The Sumitomo Partnership, Ltd. (Fertilizer Works)
Position as of Dec. 8, 1943:	Manager of Business Dep't., Sumitomo Aluminum Reduction Co., Ltd.
Salary:	¥350.00

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 775012

List of Executives of the Chosen Sumitomo Light Metal Co., Ltd. as of Feb. 5, 1944.

Position	Name	Age	Date of Appointment
Chairman of Board of Directors	Shunnosuke Furuta	59	Dec. 8, 1943
President	Chuji Yabe	59	Dec. 8, 1943
Chief Managing Director	Jinza Satori	52	Feb. 5, 1944
Managing Director	Tsunezo Iba	43	Dec. 8, 1943
Managing Director	Seiko Matsuno	47	Feb. 5, 1944

Non-standing Executives:

Position	Name	Age	Date of Appointment	Concurrent Position
Director	Sadayoshi Yoshida	62	Dec. 8, 1943	President, Sumitomo Chemical Co., Ltd.
"	Hiroshi Kasuga	60	"	President, Sumitomo Metal Ind., Co., Ltd.
"	Shozaburo Kawai	55	"	Director, Sumitomo Honsha, Ltd.
"	Seijuro Kobayashi	54	"	Director, Sumitomo Honsha, Ltd.
"	Takeshi Tsuzuki	55	"	Chief Managing Director, Sumitomo Chemical Co., Ltd.
Auditor	Hayashi Okahashi	62	"	President, Sumitomo Bank, Ltd.
"	Kenzo Oshima	58	"	Superintendent, Sumitomo Honsha, Ltd.

7. It was under the above circumstances relating to the seat order in personnel affairs that Mr. Seiko Matsuno assumed the position of managing director of our company. While on the other, it was considered advantageous in case of getting in touch with the Government Authorities and others as well as for the negotiation for procuring machineries etc. to give him the title of

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 775012

managing director. As the matter of fact, the Light Metal Controlling Association desired that each company under its administration would station some executives, if possible, in Tokyo. Therefore, Mr. Matsuno's assumption of the position implied to respond the desire, even if it was but perfunctory.

8. The position of managing director Mr. Matsuno assumed from Feb. 5, 1944 to Feb. 20, 1945 was nothing but nominal and the fact is that he simply carried out the business for the head of the Tokyo Office as provided by the Business Regulation and never participated in any important matter of our company's management.

From the beginning to the end of his tennure of office he had neither been in Korea but always stationed in Japan Proper nor attended frequently held Board of Directors at the Head Office in Seoul or other consultation meetings as to important matters.

He just achieved the duty as the head of the Tokyo Office in conformity with instruction issued by the Head Office.

Chosen Sumitomo Light Metal Co., Ltd.
Former President.

Chuji Yabe

Former Chief Managing Director

Jinza Satori

Former Managing Director

Tsunezo Iba

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 775012

Additional Petition for Public Service Qualification.

April 28, 1948

TO: Hitoshi Ashida
Prime Minister

Applicant:	Seiko Matsuno (Company Employee)
Born:	July 29, 1898
Address:	262 Nagahuku-cho, Suginami-ku, Tokyo
Tel.No.:	Matsuzawa-3,454

Inasmuch as the expression of description concerning the paragraph (2) of "Detailed reasons for petition", of the Petition submitted in Dec. 1947 was not adequate, I hope your kind consideration be accorded on the following facts for scrutiny.

Statement

(2) The principal duty of the said Tokyo Office was to expedite the date of delivery of and to ship machineries and other materials for plant construction which the company procured in Japan proper, and at the same time to get in occasional touch with the Tokyo Office of the Government of Korea as to the said aquisition of materials.

The authority and responsibility the head of the Tokyo Office had were simply to manage daily routine works belonging to the office in conformity with instruction issued by the head office in Seoul.

As the general management of the company was executed by the president and the chief managing director in the head office in Seoul, the Tokyo Office never join thereto.

The Tokyo Office was a entirely minor office having only those personnel such as the head, three or four employees of full service and four or five employees of concurrent service.

Seiko Matsuno

(Evidence No.6)

The Internal By-law regarding the officers of Subsidiary companies and the other companies

(Enacted on 19th May, 1921)

Sumitomo Partnership Co.

Art. 1. Those who shall be appointed to officers of the Subsidiary Companies or the other companies representing the interest of Sumitomo Partnership Co. shall be appointed by the President of the Company from among the Clerical-staff of the Company or those who are in special relations with the Company.

Art. 2. When those who are appointed to the officers of the Subsidiary Companies on the other companies under provisions of the proceeding article shall lose their capacity as the Clerical-staff of the Company shall automatically lose their positions as such officers and shall immediately take the proceedings for retirement.

Art. 3. The salaries and the other allowances for those who are the employees of the Company and the officers of the Subsidiary Companies and the other companies shall be fixed separately.

Art. 4. It is imperative for those who are appointed to the officers of the Subsidiary Companies in accordance with the provisions of Art. 1 to receive the previous approval of the Company prior to the intra-company decisions of such subsidiary companies regarding the following items:

1. The appointment, the discharge, the promotion and rewarding or penalizing of the Clerical-staff of the 4th grade or senior, and the internal appointment and
