HYDROGNONIC, or apparatus for shower and vapor baths, for sale by the subscriber.

Many years since, at the request of many of the most distinguished physicians of New Orleans, Mr Gaquel had formed an establishment for shower and vapor baths, by means of an apparatus already known in Europe, which experience has shown to be highly useful, the employment of which is rendered so easy, that the most stupid servant may put into operation, by means of which he has obtained the most favorable results, and has restored invalids to unexpected health who had been attacked with gout, rheumatism of various kinds, scrofulas and scorbutic affections, letters, &c. With this apparatus medicated shower and vapor baths may be substituted for the ordinary baths with an advantage as derived from the latter. It is consequently indispensably necessary for large families, or in extensive establishments, such as boarding houses, hospitals, &c. Mr Gaquel being about to depart for France, is willing to dispose of this apparatus, made under his orders at Paris. He will give every information respecting the manner of putting it into operation, and will furnish certificates from the principal physicians in Europe, together with reports from various scientific bodies, appointed to give their opinions respecting this mode of bathing, so generally practised in France, Germany, Italy, &c.

Mr. Gaquel also offers for sale, his circulating library, to which he has added various works of jurisprudence. GIQUEL,
corner of Bourbon and St. Anne

N. B.—Madame Gaquel is not about to leave the city, therefore the sulphurous baths will be administered as usual.

These reasons embolden them to look for a share of public patronage.
