Ref. No. 116
1 February 1950

SUBJECT: Petition for Release of Land and Building in Areas under Custody

TO: Chief,
Headquarters Kanto Civil Affairs Region,
APO 201

Transmitted herewith is the above petition addressed to you from Fuji Sangyo K.K. Tochigi Plant. As the building containing the reparations equipments evaluated in the area under custody is decayed very much, they concentrated the machines and equipments to Building No. 1 on the permission of Tochigi Civil Affairs Team dated 7 June 1949. Accordingly the release of the building in question will bring about no obstacle on maintenance and custody of the reparations equipments, and furthermore, it is afraid that the delay in disposing the building will cause collapse of it. They are also wishing to take the safest and wisest measures in guarding by reducing the area under custody which is much complexed and inconvenient for guarding.

Your consideration will be greatly appreciated.

When permission is granted, they are intending to set up a fence at the border for completeness of guarding.
