SUBJECT: Informational Services of the Oita Prefectural Government

TO : Commanding Officer, Kyushu Military Government Region, APO 929

1. Reference your TWX, subject: "Preliminary Survey of Information Services Rendered to Japanese Public by Prefectural Government."

2. Informational services of the Oita Prefectural Government may be divided into two types as follows:

a. Routine official, publications, lectures, pamphlets, posters, news releases, etc. which the prefectural government distributes through official channels for instructive or propaganda purposes. Information "from the top down" of this type is voluminous. Examples are as follows:

(1) Prefectural Gazette - 1,260 circulation, published twice weekly, contains prefectural rules, orders, notifications, instructions, and informational matter to be disseminated to the people by lesser government officials.

(2) Radio Station, JOIP, is used by the prefectural government to publicize election information, public health measures, etc. during local broadcast time.

(3) The Oita Godo daily paper publishes informational materials supplied by the prefectural government which are of interest to the people in this prefecture.

(4) Official written notes are sent to the mayors and headmen of cities, towns and villages when necessary, for them to inform the people of certain matters.

(5) Lectures and short courses on cultural problems are opened as often as lecturers can be employed. (Example -- prevention of disease, nutrition, etc.)

(6) Bulletin boards are maintained in every city, village, and town to inform the public of general affairs, i.e. dates and time elections, and names of the candidates.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(7) "Kamishibai" on the preventive disease have been played for diffusing hygienic knowledge among school children.

(8) Official conferences are called to disseminate information on such topics as food collection, land reform, etc.

(9) Labor information is supplement by two prefectural publications, the "Bi-Weekly News" and the "Labor Times" (twice yearly). These publications are distributed among sections concerned of the prefectural government and Labor Offices.

(10) Labor unions of this prefecture have also received "Democratic Labor Unionism" and "Finance in the Labor Union of America" through the Prefectural Labor Section.

(11) This prefecture published a considerable volume of election news such as an official "Curriculum Vitae" gazette of candidates for office and "Don't Fail in Voting" posters.

(12) Eighteen grand meetings open to the public have been held in this prefecture to disseminate information to farmers on land reform. A further information project to aid land reform in this prefecture was the establishment of a Farmland Consultative Room in the Farmland Section of the prefectural government. An average of 15 citizens per day take advantage of this service.

b. Individual citizen of this prefecture may now write to the newly established Public Information Section of the prefectural government for information on any subject. However, no effort has been made to publicize this service. Only fourteen letters of inquiry were received in the Information Section Office during the month of July.

SUBJECT: Unauthorized Use of Police Boats

THRU : Commanding Officer, Kyushu Military Government Region, APO 929

TO : Commanding General, Eighth Army, APO 343

1. It has been reported to this office that police boats were used by BCOF Troops in this area on two separate occasions. The first trip was on 1 August and departed from Oita Harbor at 0500 and returned at 1430. Approximately ten passengers, BCOF personnel, were transported on this trip. The second trip made 7 August 1947 departed Oita Harbor at 0830 and returned at 1830. Approximately 20 persons including four or five women, BCOF personnel, made this trip.

2. The Police Department reports that approximately 2000 liters of fuel were consumed on these two trips which amounts to more than 1/4 of the monthly allocation of fuel to the Oita Police Department for water patrols.

3. Such use of Police Department craft by occupation forces personnel is considered by this office to be unauthorized and constitute interference with normal operational duties of the Prefectural Police Department.

4. Officer in Charge, BCOF Rest Center, was contacted and informed of the above. He states that he did not realize such use of vessel constituted interference. Further he states that such will not happen again.

SUBJECT: Report on Hita Lumber Strike.

TO : CIC, Beppu Area.
Commanding Officer, Oita Military Government, APO #929.

1. Investigation of the lumber strike at the Hita Important Products Union (1400-1135) revealed the following facts. Your attention is invited to PR #418, H19I, dtd 31 July 1947 for preliminary information.

2. About 2,000 workers are employed by the afore-mentioned firm. Due to the harvesting of crops at this time only 800 workers were employed at the time of the strike. The corporation involved is the JUYOSENSAN UNION operated by one TAKAIICHI OKIYO and consisting of 30 small lumber mills.

The workers are paid a wage of 70 yen per day and are at present demanding a 50% increase. The leader of the striking group, one AKIYOSHI TOSHICHIKA, claims to be a Communist but there were no outward signs of Communistic activity among the striking workers. According to the Record of Sales during the past two months 2,442 koku of lumber has been sold to the DANTANI CORPORATION in Fukuoka, a contracting firm for the occupation forces there. This amount is less than 2% of the total output of the firm.

There have been no demonstrations or acts of violence and arbitrators are at present attempting to effect a quick settlement.

Cite: By removing some vegetation and filling a few holes the usable portion of the mat could be extended to give a strip 2800 ft long.

Use: This strip was rendered unusable for even liaison type planes by order of the Commanding General, 24th Infantry Division. The strip has been demolished at approximately 500 ft intervals over the full length of it. An asphalt mat that was probably a parking area could be cleaned of vegetation and rubble to provide two 1000 ft strips.

Due to the present condition it is recommended that this airfield be removed from the list of usable airfields.

INSTRUCTIONS

Dobo Engo Kai (sometimes written Dobo Engo Kai) has various translations: Compatriots Relief Society, Fellow-countrymen's Assistance Association and National Relief Association. It was organized in 1945 from two older organizations: the War Persons Assistance Association (Gunjin Engo Kai) and the War Damage Assistance Association (Sensai Engo Kai).

In paragraph 1 c, the term "administrative positions" applies only to administrative personnel in the prefectural headquarters of Dobo Engo Kai — not to any of the institutional managers employed by the Society.

Specific information is desired in paragraph 4 as to the amount and disposition of relief in kind by Dobo Engo Kai.

The report should include but should not be limited to the information called for in this report form. A complete survey of the organization and activities of Dobo Engo Kai would disclose special local projects or problems not indicated in the report form. Information regarding these special topics should also be attached.

1. The average daily attendance, stated in paragraph 1, represents the number of people who have voluntarily visited the CIAE Reading Room.

2. This Reading Room was not opened until 14 April 1947. The average attendance of 40 per day was therefore for a 10 week period, 6 days a week. Beginning 1 July the Room is to be open every day. Also beginning 1 July the English teachers of Oita City are alternating weekly in a project wherein each is responsible for studying a magazine or book and explaining its contents to a class of adults.
