MEMORANDUM FOR MAJOR NAPIER

SUBJECT: Extent of Imperial Household Property

1. No single definitive list of former Imperial Household Property has been found in SCAP Section files. (i.e., AG, GS, ESS, or CPC Section Files)

2. (a) The following fragmentary inventories are on file:

List of Palaces, Villas, and Residences
of the Japanese Imperial Family
(12 September & 31 October 1945) . . . . Tab 1

Imperial Household Property,
1 September 1945 . . . . . Tab 2

Imperial Household Property
(radio to WARTAG) 1945 . . . . . Tab 3

Imperial Household Property,
1 May 1946 . . . . . Tab 4

Imperial Household Property,
1946 (GS Files) . . . . . Tab 5

Former Imperial Household Property
submitted 2 June 1949 . . . . . Tab 6

(b) In addition, two lists compiled before the Occupation are available. They are lists in:

Japan-Manchoukuo Year Book, 1940 . . . . Tab 9

Foreign Economic Administration, EA-17 . Tab 10

(c) Tabs 2, 3, 4 and 5 show only a summary of area and value of the lands and buildings. Tabs 9 and 10 do not furnish total area and value of the estates.

(d) Several properties included in the "List of Palaces, Villas, and Residences of the Japanese Imperial Family" and others included in the Japan-Manchoukuo Year Book and EA-17 lists are not included in the 2 June 1949 list (see Tab 8). Some in the latter report are not included in the former ones (see Tab 7).

(e) Tab 1, however, was not submitted as a list of Imperial Household Property. It was merely a list of places occupied by members of the Imperial Families with a request that the included properties be given certain protection. Some of the residences were borrowed temporarily. None of the Imperial Household Property which was not occupied by family members was included in the list.

(f) Variations in the total area and value listed in the various tabs are:

	Land		Buildings	
	Area	Value	Area	Value
Tab 2 -	1,349,947 ha	¥361,694,902	118,476 tsubo	¥301,955,757
Tab 3 -	1,352,452 chobu	¥362,293,142		¥299,962,657
Tab 4 -	1,350,118 ha	¥364,944,561	115,447 tsubo	¥307,338,245
Tab 5 -	1,350,118 cho	¥364,944,561	115,447 tsubo	¥171,452,595
Tab 6 -	4,048,690,869.85 tsubo or 1,349,500 chobu	¥784,317,893	192,985.277 tsubo	¥239,508,215

3. Summary: The true extent and value of lands and buildings which were formerly Imperial Household Property is not known by Occupation authorities.

4. Concluded from the statements in paragraph 2, above, is:

1) that the land area shown in Tab 6 is a fair average of the other post-Occupation inventories, but that the value of the land is inaccurate;

2) that the building areas and values shown in Tab 6 are erroneous;

3) that even considering points 1) and 2), Tab 6 is the most accurate, up-to-date list of Imperial Household Property available.

5. In view of the above, recommend:

1) That Tab 6 be used as the basis of a study into Imperial Household Property. That the study consist of an investigation to determine whether or not the property has been disposed of in strict accordance with SCAP Directives, and to determine the true extent and value of the holdings.

2) That an abstract of title (going back to 1930) of each of the properties listed in Tab 7 be prepared by the Civil Affairs Bureau of the

Attorney-General's Office to determine whether or not any of those estates should be included in the study recommended above.

3) That an abstract of title (going back to 1930) of each of the properties listed in Tab 8 be prepared by the Civil Affairs Bureau of the Attorney-General's Office to determine whether or not any of those estates should be excluded from the tab 6 list, and a study made of those excluded to determine their actual ownership and status .

Agreed 28 June 1949

Notes:
1. In the above list are not included the Imperial relics, art objects, Imperial Sanctuary buildings, and Imperial mausoleum grounds, which are considered impossible or inadequate to be appraised.

2. Some of the figures in the above list are a little different from those in the inventory of the Imperial Household property already submitted to the Financial Division, ESS, for the reason that the Kyoto Imperial Palace and Shosoin Treasure House have been appraised on the basis of ¥5,000 per tsubo (6x6 ft.) this time, while in the said inventory they were appraised on the basis of ¥50,000 per tsubo, which is considered to be absurd, unpractical, and almost that of curio dealers.

3. 1 tsubo = 6 ft. x 6 ft. or 2 yards square.
   1 cho = 2.5 acres.
