SALES AT AUCTION.

BY FERNANDEZ & WHITING.

TWO hundred Lots of Ground in faubourg Franklin.—On Tuesday the 9th day of December next, will be sold at Hewlett's Exchange coffee house, at twelve o'clock,—the above lots form squares facing Bons Enfans and Champs Elisées, prom enades on the sides of Canal Marigny, where the rail road stands. A brief statement of the advantageous changes that have taken place since a few years in that quarter, and the probable causes which may tend to increase its importance may not be useless, principally to persons who are desirous to invest their funds in a safe and profitable manner.
The principal improvements are the rail road; the New Levee Steam Cotton Press; the splendid paper manufactory and many large blocks of buildings, the river filling up every year with mud the port in the upper part of the city. The foreign commerce is thereby forced down and crowded on this point; and vast undertakings are contemplating by the population of that section who do enjoy real wealth, and when energy and capacity have been lately brought to test, have little doubt concerning their completion.
The buildings which they are about to erect on that part of the old square of the city, immediately below the vegetable market, and will afford commodities to commerce, of which it had been deprived up to this day, it cannot but increase on this point and in the faubourg Marigny.
The establishment on the other side of the lake, Mandeville and Lewisburg the importance that Milenburg port daily acquires, not on account of the yearly increasing trade with that part of our state bordering on the lakes Maurepas and Pontchartrain, that part of the Mississippi and Alabama States bordering on the lake Borgne, Pascagoula and Mobile Bay, but also on account of the facilities obtained by the rail road, through which ultimately the whole of that trade and part of the one carried on in small vessels with the West Indies will pass, are certainly all real and probable causes that will naturally tend to increase the importance of that quarter, and consequently the value of the lots now offered therein situated, besides their proximity to the great place of business, and the salubrity of the spot.
Conditions; one fourth at 6 months, one fourth at 12 months, one fourth at 18 months, the balance at 24 months credit, in notes satisfactorily endorsed and special mortgage until final payment. Acts of sale to be passed before T. Seghers, not. public, at the expense of the purchasers. Possession to be taken by them through the city surveyor, at their expense. nov 11

These lots are situated on a knoll running back from the river, and are high and dry in all weather; their proximity to the river, the rail road, the cotton press, paper mill, and the splendid buildings now erecting by the Architect Company, render them an object to the speculator, while the thriving neighborhood in which they are situate insures a comfortable residence and certain increase of value.
Terms—6, 12, 18 and 24 months credit, for notes endorsed to the satisfaction of the vender and mortgage.—The act of sale at the expense of the purchaser. See the plan at the Exchange. dec 3

PENMANSHIP.

MESSRS. DOLBEAR & BROTHERS respectfully give notice that they have returned and reopened their WRITING ACADEMY at No. 8 Chartres street, where Penmanship in all its variety is taught.
Lessons will be given through the day, and until 10 o'clock in the evening. Ladies who prefer it, can receive lessons at their own residence. By this system—the Carstairian—a more rapid business style may be acquired in two weeks than usually effected in years by the old method.
Ladies and gentlemen are respectfully invited to call and examine specimens written by persons of various ages in this city and elsewhere.
All those who had not time to finish their lessons last season, can do so now free of charge.
They would also inform those who have applied to them for copies of the system, that the next edition will be out in the course of the winter.
In order to give transient persons who have not had an opportunity to examine for themselves—the opinion of those who have, the following report is presented. For others see Circulars.
NEW ORLEANS, 12th May, 1834.
On the invitation of Mr Dolbear, a teacher of Penmanship in our city, upon the Carstairian system: we have carefully examined specimens of the writings of his pupils, whose ages range from 8 to 50 years, written through an entire course of instruction; and after having done so, it is with the highest satisfaction that we can testify to the RAPID if not UNPARALLELED progress which they have made.
From the specimens seen, and the examination of the system made, we cannot withhold the expression of a current opinion, that the system is greatly superior to any hitherto taught. If to write legibly, elegantly, rapidly, and in good taste be an accomplishment, useful or desireable, it is upon the principles of this system that it is to be acquired. We therefore anxiously solicit of the public a liberal patronage in favor of an instructor, whose qualifications are of the highest order, and whose labors promise to be exceedingly useful to this and other communities.
