2. Economic Investigation Conference,

Materials Sectional Meeting.

A. 1. Date: 7 November 1950

2. Attendants: Chairman and other 8 persons
Observers (those of specially: 21
invited)

3. Conferential subjects:

In accordance with the decision of the Sectional Meeting held on 23 October, called for the opinions of each committeeman concerned, 15 oil products dealers specially invited and 6 other purchasers concerning the disposition of advance delivery of oil products and its concrete counter-measures for which made conference.

4. Result:

Not only the shortage of absolute quantity, but also due to the increase caused by several reasons, the situation of supply and demand for the oild is rather difficult, so that it was agreed among the dealers to pay attention not to borrow in advance or make advance delivery (by using substitutes), for which being strictly requested by the Government Offices.
Further, on the Government side, there are some opinions that the adjustment of advance delivery shall be expected to be realized to a certain degree by the operation of issuing bonds within the limit in the prefecture, application of increased ration to the Central Government as well as with the cooperation of the dealers concerned; therefore, the dealers were requested to put down the absolute correct figures on the report for the sake of achieving the fruitful result of this counter-measures.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(3) Results of surveillance on the Fertilizer Control Incorporation.
(4) Result of discussion.
(a) Advance deliveries of kerosene products had been prohibited effective after 1 August 1950 and it had been determined that strict surveillance was to be put to force. However, as the fact, general situation does not go along the principle and it is deemed actually impossible to carry out the forcible disposition on the basis of the allocated quotas of the products which were delivered in advance before 1 August 1950. In this view, the committee discussed about the surveillance on the situation, possible ways and means which enable us to dispose the surplus over the allocated quotas through using the products allocated to this prefecture, promotion ways for the abovementioned principle already

SUBJECT: Monthly Report on Summary of Activities of EIA

TO : Chief,
Headquarters Kanto Civil Affairs Region,
APO 201
(Attn: Distribution and Industry Div.,
Economic Section)

Enclosed is the above monthly report for September 1950.

KIYOMI IKENO
Chief,
Tochigi ELA

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

MONTHLY REPORT OF SUMMARY OF EIA ACTIVITIES
for September 1950

Tochigi Local Economic Investigation Agency

1. Personnel Strength

	Authorized number	Actual strength	Vacancy rate
Economic investigator	32	25	0.218
Clerical worker	1	1	

2. Meeting of Economic Investigation Council

A. Materials Sub-council

1. Date: 14 September 1950
2. Attendants: 8 including the chairman
3. Subjects: Result of examination of cotton threads and cloth, etc.
4. Result: Decided that:

a. Examination teams shall be organized consisting of two personnels at each, and EIA shall have seven "Investigation Teams" and one "Special detection Team."
b. The teams shall engage themselves in close communication with Prosecutors Office and NRP, with regards to:

(1) Procuring the blackmarketeered materials
(2) Illegal transaction of the black-market goods and those surplus which are produced during the process of processing the allocated materials
(3) Use of the cotton yarns for not indicated useways.
(4) Supervision on cornering and holding back of the sale

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(6) Advertisement and public information
(7) Exchange of the informations

B. Foodstuffs Sub-council

1. Date: 20 September 1950
2. Attendants: 8 including the chairman, no absentee
3. Subjects: (a) Result of investigation into the illegal transaction of the staple food during the course of 1st and 2nd processing
   (b) Control in the trains
4. Result: (a) We had them put the surplus produced during the processing course into processing and deliver them, under witnessing of Foodstuff Office. Products of the poor quality were ordered to be put for re-processing and so turned for normal channel.
   (b) Report was made on the control conducted in the previous month, and discussed about the time, place and methods for exercising control in the trains. We also discussed about the detecting and controlling over the "private food Kodans" in an effort to exterminate the foundation of violation. As it needs an all-over plan including the prefectures in the Bloc to attain the above measure our view was submitted to the Bloc.

3. Investigations either enforced or completed during the month

1. Examination of cotton threads and cloth, etc.

a. Commenced on 6 September and still being continued as of 25 September.
b. Targets of investigation:

Textiles maker -- 45	Textile wholesaler -- 5
Threads wholesaler - 2	Dyeing undertakers -- 4
Broker ----------1	

c. Cumulative number of those investigated: ;05
d. Result: Finding 5 violators among the textile makers and one among the brokers, we transferred them to the police authorities. The four violation cases that are still under investigation are to be given our measures; three are to be indicated and the other to be transferred to Tokyo Local EIA.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

2. Examination of stocks in Fertilizer Distribution Kodan.
