On this account, the Nippon Aluminium Mfg. Co. was designated an associate company of Mitsubishi Zaibatsu.

In June 1942, when Mitsubishi Honsha, Ltd. participated for the first time with this company by an investment, its total capital was only ¥ 6,900,000 and thus Mitsubishi Honsha attached no importance to such a small company.

2. Seiichi Komura who was a staff member of Mitsubishi Mining Co. and was in the position of chief of the Planning Dpt., was in charge of establishing a light alloy plant at Niigata.

With the unfavorable war situation, the military authorities suddenly ordered the stopping of the construction of the plant, and the transfer of equipments and employees engaged in the construction to the Nippon Aluminium Mfg. Co. in Osaka.

Komura resigned his post in the Mitsubishi Mining Co. for a while and was appointed a managing director of the Nippon Aluminium Mfg. Co. after two years; he returned to the former company and was appointed the chief of the general affairs department as a staff member. In Nov. 1946, he was appointed a managing director of Mitsubishi Mining Co. after the elimination period of Zaibatsu officials under the Law for the Termination of the Zaibatsu Company officials expired. If he had not been transferred and appointed a managing director of the Nippon Aluminium Mfg. Co., he would have remained a staff member of Mitsubishi Mining Co. and would have had no relation with the Zaibatsu Officials Elimination Law as many of his seniors ans fellow-officers are in the position of officers in the company and other associate companies.

It was not because he was an expert, but simply because he happened to be transferred that he comes under the Law. We know very well the circumstances at that time, and cannot help but sympathize with him if he should be purged.

3. Though Komura was appointed a managing director of the Nippon Aluminium Mfg. Co., the parent company, Mitsubishi Mining Co. appointed Tokichi Korenaga, a managing director of the latter, the president of the former on behalf of the parent Company.

Komura was an assistant officer under Korenaga, and transacted business under his direction in all important matters.

This company was not equal even to one plant of the parent company, consequently the competence of an officer in the former was inferior to that of a manager of a plant.

The fact that he was the responsible person for production seems to be the important cause for nominating him under the Law for Elimination of Zaibatsu officials, but he was not aware of this, for he thought that the position of responsible person had little connection with the qualification of an officer in a Zaibatsu Company, for he was automatically appointed by the military authorities according to the Munition Company Law.

In his case, President Korenaga was of necessity the responsible person, but as he was not resident where the company was established, the military authorities would not approve him and Komura was appointed in his stead, though only nominally.

As to these circumstances and his actual duties, these will be quite clear from the certificates of Korenaga and other persons.

We are not in a position to plead for him in this matter, but can definitely certify that he was not aware of the importance of a responsible person in applying the case to you.

4. In short, the Nippon Aluminium Mfg. Co. was an associated company of little importance under the Mitsubishi Zaibatsu and Komura was transferred there as an assistant officer to President Korenaga. He was too inferior in rank to represent the interests of Mitsubishi Zaibatsu or to contribute to the Zaibatsu undertakings. Consequently, we believe he had no competence to be an official of a Zaibatsu Company under the Law for Elimination of Zaibatsu Officials.

In case of a new trial, we hope these points may be fully scrutinized and that Komura will not fall under the Law.

Respectfully submitting this plea for favorable consideration from the standpoint of the Mitsubishi Honsha, Ltd.

（一）明文の取極の有無

なし

（二）本人の役員としての就任の事情の詳細、特にその就任につき財閥又は財閥直系會社が關與した事實の有無

（イ）私の朝日金属精工株式會社（以下朝日と稱す）監査役就任は昭和十七年十月二十八日であるが當時の朝日の社長の影久賢一氏は朝日創立以前から長い間の知己であつた又元来私は計理士としての資格を持ち昭和三年十月以来別に計理士事務所を設け計理士を開業して居た その関係で朝日が昭和十四年創立の際も住友（電気）とは何等の関係なく全く開業計理士の立場に於て私は影久氏の依頼を受け影久氏の利益の為めに設立一切の手續を引受け又会計帳簿の整備計算事務の指導に当つてゐる そこで昭和十七年に至り朝日が増資拡充を行つた際影久氏は叙上の関係から私に監査役として就任方を懇請されたのである自分としては影久氏に対する義理もあつたが一面当時在職せる住友電氣工業株式会社（以下住友（電気）と稱す）に於ける業務も漸く多忙であつたので一應辞退したのであつたが強つての御希望であつたので住友（電気）幹部の諒解を得て單に非常勤として就任を承諾した次第である

（ロ）以上の如く私の朝日監査役就任は完全に個人的関係に基くものであつて假令自分が住友（電気）以外に在職してゐたとしても影久氏は私に就任を望んだに違いない住友（電気）は自分が他會社の役員となることに許可を與つたに留り法に該当する如き意味に於て私の就任に関與したと云ふことは全然無い

社長の影久氏が昭和十九年十一月に死去相成るに及び私は最早影久氏に対する義理が消滅するに至りたつ為め直ちに朝日へ監査役辞任の届を提出して居る尤もこの時監査役としての任期が尚一ヶ年残存して居て朝日に於ては故影久氏と私との因縁に鑑み敢て別段の手續を採らず従而私は二十年十一月[illegible]自然退任の形となり また朝日に於ては其の後も更めて私の後任者を補充選任するが如き事もなく全く就任より退任に至る迄終始個人的関係に基いた次第である

b. Details of circumstances under whicn you assumed the position of official; particularly whether or not the Zaibatsu or the direct Zaibatsu affiliate was concerned in approving your assumption of office.

a) It was July 28th 1942 that I assumed an office as auditor of Asahi Metal Industries, Ltd. (hereinafter called Asahi). Mr. Kenichi Kagehisa, then president of Asahi, was one of the closest friend of mine, our friendship being of long standing since long before its establishment.

Since October 1928 I had been practising public accountant in my private office, and when Asahi was to be established in 1939 I took upon myself all of the organization procedures at the request of Mr. Kagehisa in the capacity of public accountant and not in the capacity of a member of Sumitomo Electric Industries. I also assisted Asahi in providing with account-books and gave instructions in handling figure-work.

It was under these circumstances that I was invited to join Asahi as auditor at the time of increase in capital in 1942.

I felt to do my duty by Mr. Kagehisa, but in view of the pressure of my work in Sumitomo Electric Industries (hereinafter called Sumitomo), I once declined. But at his urgent request I finally consented to his proposal in perfect agreement with executive officers of Sumitomo and on the understanding that I should not be on the board of standing officers.

b) As is described in the preceding paragraph it was entirely due to my personal relations with Mr. Kagehisa that I assumed an office as auditor of Asahi, and it is well imagined that Mr. Kagehisa would have asked me to do so assumed that I had been a member of some other company than Sumitomo. Sumitomo consented to my assumption of office in a company but not in the least in a sense that I should come under the category prescribed in the articles of the Law in question.

In November 1944, President Kagehisa passed away and immediately afterwards I presented a note of resignation to Asahi, having felt that my duty by Mr. Kagehisa had come to an end with his death, but as my tenure of office was left another year, Asahi did not take any action in view of my relations with the deceased, so that I remained in office until December 31st, 1945 ~~[illegible]~~ and I resigned automatically. The fact that a vacancy caused by my resignation was not filled after all, indicates that from assumption of office to resignation my status was entirely in private nature.

I. Post and tenure of office coming under Art. 3, Paragraph 2.

Auditor, Asahi Kinzoku Seiko Kabushiki-kaisha

(Asahi Metal Industries, Ltd.)

From July 28, 1942 to September 2, 1945.

II. Reasons for application pursuant to Art. 6

1) Circumstances under which I was installed in the post of officer of Asahi Metal Industries, Ltd.

I was installed in the post of auditor of Asahi Metal Industries, Ltd. (hereinafter called Asahi) in July 1942 under such circumstances that Mr. Ken-ichi Kagehisa, then President of Asahi, particularly solicited me to take the post for reason of a shortage of number of auditor that had theretofore been one, which presented itself in the same year when Asahi was recapitalized and carried out an extension on its manufacturing facilities of accessories to aluminum wire and cable in accordance with the instructions of Commerce & Industry Ministry.

Mr. Kagehisa was my friend of long standing even from before the establishment of Asahi. Originally I was a licensed accountant and was in practice of public account, opening an office since October 1928 and filing it with the Ministry of Commerce and Industry under the public accountant law. And, when Mr. Kagehisa had been establishing Asahi in 1939 irrespectively of Sumitomo Electric Industries, Ltd. (hereinafter called Sumitomo Electric) he looked me up for an assistance in this connection, so I, in a position of a public accountant and in consideration of my personal relationship with him, gave him my consent and undertook all the proceedings for the incorporation

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 715012

of Asahi and assumed the task of adjustment of accounts and guidance in accounting routine just for the benefit of Mr. Kagehisa, irrespectively of Sumitomo Electric. Under the circumstances, on the occasion of increasing auditors by one, Mr. Kagehisa wanted me again to take the post in appreciation of my being a licensed accountant. At this request, I, although kept pretty busy then in exercising my duties in Sumitomo Electric where I was engaged and unable to comply with it offhand, consented at last to accept my appointment to that post, making myself easy upon the word of Mr. Kagehisa that duties as auditor would be exercised by the other auditor, so I should have nothing to do more than answering the questions to be raised from time to time in regard to legal and accounting matters, and also with my self-consolatory feeling that it would matter little even if I could not necessarily discharge my duties satisfactorily since Mr. Takehara was already in office as auditor besides.

As above stated, my installation in the post of auditor of Asahi is attributed to my personal relationship with Mr. Kagehisa, and my consent to that is based on my own wishes. As a matter of course, I called for an understanding of Sumitomo Electric on this problem since I held a post in Sumitomo Electric, but it was no more than a manifestation of their intention as such that Sumitomo Electric approved it. And it was evident that there was no such serious meaning whatsoever as setting and delegating me in the interests of Sumitomo Electric. Actually, with my duty to Mr. Kagehisa ceased to exist upon his

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 775012

death on November 17, 1944, I tendered my resignation of auditorship to Asahi on the forty-ninth day after his death when a memorial service was held for the deceased. At that time, however, my legal term of office as auditor still remained unexpired, so the company did not take proceedings for my retirement particularly in view of my relationship with late Mr. Kagehisa.
Even thereafter, they did not appoint my successor either, and my office as auditor became extinct on December 1, 1945. So far, my career in Asahi is attributable to our personal relationship all along from installation to retirement.

2) Circumstances under which I exercised my duties.
The circumstances under which I was installed in the post of auditor of Asahi were as stated in the preceding paragraph, and even after the installation I was devotedly engaged in exercising my proper duties in Sumitomo Electric. Those days happened to coincide with the early stage of the War, so there were loud cries for extension of production and I too was kept extremely busy in exercising my assigned duties in such situation. Not only that, I took part in the establishment of Itami Plant of Sumitomo Electric from 1940 to December 1942 as a member of the Special Committee for Construction of Itami Plant. Moreover, after January 1944 I devoted my energies to bringing up the Itami plant just completed as Manager of General Affairs Division of the plant. Such being the case, my office as auditor in Asahi seems to have been merely in name but not in deed except for my having answered the

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 775012

questions issued, from time to time, by President Kagehisa relating to legal and accounting affairs.

3) As mentioned so far, my assumption of office as auditor of Asahi is attributed solely to my personal relation of acquaintance with late Mr. Kagehisa and also to his choice of me in apprehension of my qualification as a chartered accountant. More than that, after installation in office, I was engaged too busily in doing my duties in Sumitomo Electric to care for others, and ended my career in Asahi while practically fulfilling none of my duties as officer of Asahi.

Therefore I am of a firm belief that it would be unjust to regard me as an appointee to represent the interests of Sumitomo Electric.

To the Prime Minister:

Testimony

As then Managing Director of Asahi Metal Industries, Ltd. (hereinafter called Asahi,) I testify, in the annexed, to the circumstances under which Mr. Shozaburo Miyake, the subject person, was installed in the post of auditor of Asahi in July 1942 and exercised his duties.

President Kagehisa had been looking for a suitable person with a view to augmenting officers along with Asahi's recapitalization for the second time in July 1942 by order of the Ministry of Commerce and Industry for extension of the manufacturing equipment of accessories to aluminum wire and cable. It happened that Mr. Shozaburo Miyake was in an old and close relationship with President Kagehisa which dates back prior to the establishment of Asahi in 1937, and I too became acquainted with Mr. Miyake through Mr. Kagehisa. On the top of that, Mr. Miyake had been practising public account as a chartered accountant in his own office, so at the time of incorporation of Asahi in January 1939, in which I also participated by investment on Mr. Kagehisa's recommendation, Mr. Miyake assumed, in compliance with the request of Mr. Kagehisa, all the business pertaining to the incorporation of Asahi, irrespectively of Sumitomo Electric, and not only that, he gave us, afterwards, a guidance concerning the accounts of Asahi.

Under the circumstances, Mr. Kagehisa strongly wanted Mr. Miyake to be auditor, and I myself tried again and again to persuade him to assume the post of auditor irrespectively of Sumitomo Electric. Mr. Miyake did not comply with our persuasion at first for the reason that he then held a post in Sumitomo Electric and his duties therein were growing very busy with the progress of the War, but finally he consented to assume the position as a non-full-time officer in consideration of his personal relation with President Kagehisa and myself.

As mentioned so far, Mr. Miyake assumed the post of auditor of Asahi on his personal motive, but, even after his assumption

DECLASSIFIED E.O. 11652 SEC. 5(E) AND 5(D) OR (E) NNDG # 775012

of the post he devoted himself as before to his duties in Sumitomo Electric under the foregoing circumstances. Later on, he was pressed all the more with his duties in Sumitomo Electric and had little time to spare for exercising his duties as auditor of Asahi. Naturally he could not take much care of Asahi, so we helplessly looked him up from time to time for advice.

I had been in the post of Managing Director of Asahi from the time of establishment of Asahi to May 15, 1945. In the meantime, Mr. Kagehisa died on November 17, 1939, and I received the resignation of Mr. Miyake on the very forty-ninth day after the death of Mr. Kagehisa when we held a memorial service for the deceased, to the effect that he would like to retire since his duty to Mr. Kagehisa was all over with the memorial service so finished. But, in consideration of his personal relationship with late Mr. Kagehisa on the one hand and as I was then still in office on the other, I desired him not to retire, so I withheld to take proceedings for registration of his resignation, with it in my mind, at the same time, that even if he retired his position so vacated should be left unfilled.

I am not a Sumitomo man but had been in full-time office as Senior Managing Director of Asahi since its incorporation and had charge of management of the company all along, so, now President Kagehisa is no more, I am the man having a best knowledge of the actual circumstances under which Mr. Miyake was installed in his post and exercised his duties. Therefore I hereby testify to the fact that Mr. Miyake's installation is attributed solely to his private relation with Mr. Kagehisa and myself.

Enclosure (2)

June , 1948

To the Prime Minister:

Testimony

I testify, in the annexed, to the circumstances under which Mr. Shozaburo Miyake, the subject person, was installed in the post of auditor of Asahi Metal industries, Ltd. (hereinafter called Asahi) on July 28, 1942 and exercised his duties, as then Managing Director (later appointed President following the institution of presidency in June 1943) of Sumitomo Electric Industries, Ltd. (hereinafter called Sumitomo Electric) in which he was engaged.

S. Bekku

Sadatoshi Bekku

Formerly President of Sumitomo
Electric Industries, Ltd.

Address: 55, Nango-cho, Nishinomiya City.

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NND # 713012

I had been in office of Sumitomo Electric Industries, Ltd. as Managing Director in July 1942 and as President since June 1943. Mr. Miyake looked me up, in july 1942, to obtain my understanding on his installation in the position of auditor of Asahi.

Sumitomo Electric was somewhat reluctant to approve his installation as its business was growing pressed soon after the War broke out, but we finally gave him a consent inevitably, so to speak, in view of the fact that Mr. Miyake was in close acquaintance with President Kagehisa which dates back even before the establishment of Asahi (1939), and moreover he had a license of public accountant in consideration of which Mr. Kagehisa particularly wished Mr. Miyake to assume the post. Thus, Mr. Miyake entered upon his office as auditor of Asahi, but, even thereafter, the war-time set-up has been strengthened more and more, and in line with this Sumitomo Electric was pressed with much more business, so Mr. Miyake continued to be occupied with his duties in Sumitomo Electric as in the past. On the top of that, Sumitomo Electric had been contemplating to set up Itami Plant since about 1940, and in the year of 1942 Mr. Miyake had charge of carrying out its construction as one of the staff of Construction Division. And since the beginning of 1944 he was devoted to promoting the growth of the Itami Plant just set up as Manager of General Affairs Division, later Business Division, concurrently Chief of Labor Section of the same Division, etc. Under the circumstances, although he came into office as auditor of Asahi, we could not give him enough scope to look after the company.

- The circumstances under which Mr. Miyake was installed in the post of auditor of Asahi and exercised his duties are as

mentioned so far, and Sumitomo Electric was not in the position that it delegated Mr. Miyake in Asahi, nor consequently was it little interested in his exercising his duties in Asahi as auditor. After all, his position in Asahi as auditor seems to have been no more than a mere titular one. This being the case, I am of a firm belief that it is quite unjustifiable that he would be regarded as an appointee under the Law.

Pursuant to Art.7 of the Law for Termination of the Zaibatsu Family Control, I hereby apply, based on the reasons set forth in the attached, for your approval of my not being an appointee.

I. Post and tenure of office coming under Art.3, Paragraph 2.

Auditor, Asahi Kinzoku Seiko Kabushiki-kaisha
(Asahi Metal Industries, Ltd.)
From July 28, 1942 to September 2, 1945.

II. Reasons for application pursuant to Art. 7.

1) "That the subject person is not a spouse, parent, child, brother or sister including a spouse of such person, of persons belonging to the Zaibatsu or their family members."

None. I satisfy this condition in every way.

2) "That, with reference to any appointment to the position of official which the subject person occupied, there has never existed an arrangement with the Zaibatsu or the direct Zaibatsu affiliates that their previous approval should be obtained, or that should such arrangement have never existed, the subject person, on the occasion of his appointment, did not, in fact, obtain the previous approval of the Zaibatsu or the direct Zaibatsu affiliates."

None. I satisfy this condition in every way.

3) "That the subject person has, in fact, never exercised the authority or influence commensurate with or surpassing, in the case of his having been an official in the quasi-direct Zaibatsu affiliates, that of the standing director, and, in the case of his having been an official in the Zaibatsu associate companies, that of the highest responsible official."

None. I satisfy this condition because I virtually have never exercised the authority or influence mentioned therein as I was nothing but

auditor of a Zaibatsu associate company and moreover, throughout my tenure of office, there were Chairman (Mr. Hiromu Masuda) and Managing Director (Mr. Wakichiro Koshiba) in office respectively representing the interests of Sumitomo Electric Industries, Ltd.

4) "That the subject person has never held concurrently the positions of officials in Zaibatsu companies exceeding three positions in one time."

None. I satisfy this condition in every way.

At the time of your assnmption of office as official, whether or not the arrangement that the previous approval be obtained from the Zaibatsu or the direct Zaibatsu affiliate regarding assumption of the position of official existed between the Zaibatsu company where you served and the Zaibatsu or the direct Zaibatsu affiliates.

a. Whether or not the arrangemeut existed in writing.

None.

b. Details of circumstances under whicn you assumed the position of official; particularly whether or not the Zaibatsu or the direct Zaibatsu affiliate was concerned in approving your assumption of office.

(a) Following graduation from the civil engineering department of the Kumamoto Higher Technical School I served in succession the Railway Ministry, the Yokohama Municipal Office, the Toa Harbor Industrial Co. Ltd.(reclamation section) and others. While solely on the strength of my technical ability I was invited to serve and then actually entered the reclamation section of the Kokura Steel Manufacturing Co. Ltd., upon establishment of a new company of the Kokura Harbor Works Co. Ltd. which had taken over the reclamation section of the Kokura Steel Manufacturing Co., in July, 1931. I have automatically come to serve in the new company as an official charged with the responsibility for carrying out the reclamation works.

(b) My assumption to the position of Managing Director in May, 1940 which was followed by my assumption to Executive Director and General Managind Director in succession was solely based on the merits of my services rendered in the technical field over many years.

(c) Accordingly, it would be made clear no Zaibatsu nor direct Zaibatsu affiliate was concerned in whatever manner regarding my assumption of the position of officials.

APPLICATION

Subject: Applying for acknowledgement that no relationship existed with Zaibatsu as an official.

To: Prime Minister Hitoshi Ashida

From: Yusuke Somekawa, General Managing Director of the Kokura Chikko Sangyo K.K. (the Kokura Harbor Works Industrial Co. Ltd.).

This document is hereby submitted applying for acknowledgement that I have never been an official in the relationship with Zaibatsu, in accordance with the provisions of Clause 1, Article 6 and also of Clause 1, Article 7 of the Law for Termination of the Zaibatsu Family Control.

(A) Grounds for application in accordance with the stipulations of Clause 1, Article 7 of the same Law.

(a) As I have stated in Paragraph 9 of the Questionnaire, I have absolutely no family relationship with any person designated as Zaibatsu.

(b) In the first place, regarding my assumption of the position of an official in the Kokura Chikko Sangyo Industrial Co. Ltd., there existed no arrangement requiring previous approval from either the Asano Honsha Co. Ltd. or the Asano Zaibatsu. Nor have I obtained any approval as such. For a certificate showing this, please refer to subsidiary paper No. 1.(Certificate issued by the Asano Honsha Co. Ltd.)

(c) In the second place, During the period of time between the present and the time when I was elected to the position of General Manager at the stockholders' general meeting on May 24, 1940 and later mutually elected to the position of General Managing Director on November 25, 1946 after the retirement of all the designated persons as Asano Zaibatsu, I have not been actually given authority or controling power exceeding further from those provided to a Supreme representative official of the company. Please refer to sibsidiary paper No. 2 (certificate issued by the Kokura Chikko Sangyo Co. Ltd.).

(d) I have not held an additional position of an official in a Zaibatsu affiliated company other than that of the Kokura Chikko Sangyo Co. Ltd. since I assumed the position of Managing Director of the company.

(B) Grounds of application in accordance with the stipulations of Clause 1, Article 6 of the same Law.

A. The circumstances under which I assumed the position of official.

(a) As was made clear in the professions and employments column of the questionnaire, I served in succession as a technician in the Railway Ministry, as a technician in the water-works bureau of the Yokohama Municipal Office, and also as a technical expert of the reclamation section of the Toa Harbor Industrial Co. Ltd. after my graduation from the civil engineering department of the Kumamoto Higher Technical School. It was solely on the merits of my technical ability that I entered the reclamation section of the Kokura Seiko Co. Ltd. in December, 1922, to take charge of carrying out reclamation works. When the reclamation section of the Kokura Seiko was segregated from the company in July, 1931, and the section was taken over by the newly established company of the Kokura Chikko Co. Ltd., I entered the new company in the similar status as before being in charge of carrying out reclamation works.

(b) It was solely on the merits of my services rendered in the technical field over many years in the past that my assumption came in succession as Managing Director in May, 1940, and as Executive Director in November, 1942 to be followed by my assumption as General Managing

Director of the company in May, 1946.

(c) Thus with reference to my assumption to the position of official, no interference whatsoever has been made either by Asano Zaibatsu or the Asano Honsha Co. Ltd..

(B) Actual circumstances in which the official duties are discharged.

My duties in the position of official of the company are exclusively limited to being held responsible for the technical side of the job concerning the construction of harbor facilities and land reclamation works. I have not discharged my duties out of Zaibatsu considerations.

APPLICATION

Subject: Applying for acknowledgement as not being an official of Zaibatsu connection.

Addressed to: Prime Minister Hitoshi Ashida.

Submitted by: Kaname Suekane,
the President and Managing director of
the Kokura Chikko Sangyo K.K. (The Kokura
Harbor Works Industrial Co., Ltd.)

Hereby I want to submit this document of application asking for your acknowledgement that I have never been an official of Zaibatsu connection, in accordance with the provisions of Paragraph 2, Clause 1, Article 6 of the Law for Termination of the Zaibatsu Family Control.

(1) The circumstances under which I assumed the position of official.

As I described in detail in separate papers of application which I submitted in the capacity of the former President and Managing director of the Kokura

Seiko Co.,Ltd., after I was given the freedom of managing the company on my free will I launched upon a huge task of bringing relief and rehabilitation to the Kokura Seiko which had been comfronted soon after its establishment with the worst economic predicament as a result of a great panic contingent upon the end of the first World War, and thus gradually succeeded in consolidating the foundation of the company by overcoming various phases of difficulties one after another. In the meantime, in 1931, the Nihon Kogyo Bank made an offer for a loan to the Kokura Seiko on condition that the reclamation enterprise section of the company would be segregated from it. The Kokura Chikko Sangyo Co.,Ltd. was thus inaugurated in July of 1931 by taking over the entire assets and obligations of the reclamation enterprise section of the Kokura Seiko.

That is to say, the establishment of the Kokura Chikko was necessitated for rehabilitation of the Kokura Seiko. And again from the reason that the new company was established on the way of the disposal of the ill-qualified assets of theKokura Seiko, the entire stocks of the new company were being owned by the Kokura Seiko. Thus the company was established while no relationship whatever was maintained with Asano Zaibatsu.

Then, it was quite natural that Suekane myself who had been allowed to conduct dictatorial management of the panent company, the Kokura Seiko heretofore,

should assume the position of official in the new company with full control assured to me for the management of the Kokura Chikko. And it is to be emphasized here again that my assumption of the position was by no means arranged by the will of Asano Zaibatsu.

Therefore, I should claim that I have never been an official of Zaibatsu connection.

(2) The actual circumstances under which my official duties were discharged.

While I assumed the positon of General Managing Director of the company at the time of its establishment in July of 1931, I later assumed the Presidency and Mamaging Director of the company in May of 1940 and thus continued up to the present. As it was so when I was in the service of the Kokura Seiko, the actual authority for the management of the company lies in my full control irrespective of the title of positions of office, being subject to no interference in any form coming from any sources.

b. Details of circumstances under whicn you assumed the position of official; particularly whether or not the Zaibatsu or the direct Zaibatsu affiliate was concerned in approving your assumption of office.

a) In June 1945 many officers of Asahi Metal Industries, Ltd. (hereinafter called Asahi) resigned owing to a sudden change in management, with the result that I was appointed director of Asahi simply to fill up a vacancy at the request of Mr. Koshima, Managing Director of Asahi, to President Bekku of Sumitomo Electric Industries, Ltd. (hereinafter called Sumitomo). I had never thought of assuming an office as director of Asahi before, and at that time though I heard about my appointment to the new post I did not know when I was actually appointed. Naturally, I was not told anything like Sumitomo's policy toward Asahi and so on. In fact Sumitomo was represented by Mr. H. Masuda, Managing Director and Mr. Koshima who respectively held the office in Asahi as Chairman of the Board of Directors and Managing Director (Standing), and it is perfectly clear that Sumitomo sent in my name as nominal director and not in the capacity of officer representing Sumitomo interests.

b) It was due to these circumstances described in the preceding paragraph that my assumption of office as director of Asahi was to nominally fill a vacancy and no more, and Sumitomo did not act in a sense that I should come under the category prescribed in the Articles of the Law in question.

I. Post and tenure of office coming under Article 3, paragraph 2.

Director, Asahi Kinzoku Seiko Kabushiki-kaisha.
(Asahi Metal Industries, Ltd.)
From June 30, 1945 to September 2, 1945

II. Reasons for application pursuant to Art. 6.

As described in the preceding paragraph, I come under item 1 of Art.3, para.2 to be an appointee as a matter of form, but I am of a firm belief that I should, in no way, fall within the category of appintees in the light of the circumstances under which I took up and exercised my duties as an officer of Asahi Metal Industries, Ltd. as well as in view of my tenure of office coming under Law being as short as only two months. Therefore I hereby apply for your approval of my not being an appointee, stating in details the circumstances hereinafter.

(1) Circumstances under which I was installed in the post o. officer of Asahi Metal Industries, Ltd.

I come under the Law just for two months as I was installed as director of Asahi Metal Industries, Ltd. on June 30, 1945, that is, immediately before the end of the War, but my installation as such was, in no way, in the nature of a representative of the interest of Sumitomo Electric Industries, Ltd. as will be clarified hereinafter.

a) At that time, in the interests of the Sumitomo Electric, Mr. Hiromu Masuda, then Standing Director,

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 775012

was represented on the Board of the Asahi Metal as Chairman in addition to his said post in Sumitomo, and under Mr. Masuda Mr. Wakichiro Koshiba was serving full-time as Managing Director in charge of general management, likewise representing the Sumitomo Electric's interests.

Under the circumstances, it was absolutely unnecessary that I who was nothing but the head of a division should exercise my duties on behalf of the Sumitomo Electric.

b) Towards June to August 1945, the War was already at a critical moment, while the Sumitomo Electric sustained heavy air-raid damages, losing about half of its equipment, and was carrying out a dispersion of the surviving equipment to Utagaki-mura, Toyono-gun, Osaka. Ordered by the Company to be a responsible person for the dispersion, I was absorbed day and night in this then most important and emergent work, secluding myself far in Mt. Nose. Moreover, it was impossible to forecast how long such situation would continue.

Charged with such duties in Sumitomo, it was not likely that I could exercise my duties in Asahi even if I assumed an office as Director of the company, not to mention that the Sumitomo Electric would expect my activity in Asahi as a representative of the Sumitomo's interests. In fact I did not exercise any duties with respect to Asahi during my tenure of office coming under Law.

c) Under the circumstances, upon my assumption of office in Asahi I was not given any definite order or any explanation with regard to my duties by President or other officials of the Sumitomo Electric.

DECLASSIFIED E.O. 11652 SEC. 5(E) AND 5(D) OR (E) NNDG # 775012

d) In fine, my assumption of office in Asahi was merely for the sake of nominally filling the vacancies then caused by the resignation of a number of officers, and therefore I am of a firm belief that I should, in no way, fall within the category of appointees.

Ref. Enclosure : Testimony produced by Mr. Wakichiro Koshiba, former Managing Director of Asahi Metal Industries, Ltd.

(2) Circumstances under which I exercised my duties.

As above stated, my being as an officer of the Asahi Company was merely in name but not in deed, and even after my assumption of office I continued to devote myself to my proper duties as Manager of Business Division of the Sumitomo Electric.

June 1945 when I was installed as officer of the Asahi Company happened to be just before the end of the war, prior to which Sumitomo had begun a dispersion of a part of the Osaka Main Plant to Utagaki-Mura, Toyono-gun, Osaka Prefecture, in preparation for air-raids and I had been engaged devotedly in this urgent dispersion work, concentrating all my energies, as a responsible person in charge, upon the negotiations inside and outside relating to the plant dispersion such as land, building, personnel, etc. On the top of that, during the period from June to July 1945 which falls within the purview of the Law, the Osaka Main Plant having been air-raided four times in succession, I was kept too busy in an immediate dispersion of the surviving shops to care for others. Accordingly I had no time

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 173012

to appear in the office of Asahi Company, and so far, to speak the truth, I was lined up on the Board as an officer in nothing but the name on the top of the fact that my tenure of office was as short as only two months.

Moreover, as above mentioned, in the Asahi Co. there were Mr. Masuda, Standing Director of Sumitomo Electric, as the highest responsible person representing the interests of Sumitomo Electric and Mr. Koshiba who had charge, as Managing Director, of a general administration of the company under the directions of Mr. Masuda, likewise representing the interests of Sumitomo Electric.

In fine, I neither was required to do nor did anything in reality as well as under the circumstances of my assumption of office.

Ref. Enclosure (1) Testimony produced by Mr. Wakichiro Koshiba, Former Managing Director of Asahi Metal Industries, Ltd.

Enclosure (2) Certificate produced by Mr. Kuraju Nishimura, Auditor of Asahi Metal Industries, Ltd.

Enclosure (1)

June , 1948

To the Prime Minister:

Testimony

As then Managing Director of Asahi Metal Industries, Ltd. (hereinafter called Asahi,) I testify, in the annexed, to the circumstances under which Mr. Yuzo Takeishi, the subject person, was installed in the post of director of Asahi in June 1945 and exercised his duties.

W. Koshiba

Wakichiro Koshiba

Formerly Managing Director of
Asahi Metal Industries, Ltd.

Address: 503-4, Senriyama-cho, Suita City, Osaka Prefecture.

DECLASSIFIED AUTH: PROJ SEC. 3(E) AND 3(D) OR (E) NARA # 77-5012

Early in 1945, Asahi was in such a state that it nearly stopped its activity as a result of emergent measures carried out by the Government authorities concerned to cope with the critical situation of the War. Incidentally at this juncture, a number of officers of Asahi retired for respective reasons. Thereupon I looked forward to filling the vacancies of one director and one auditor at least even for form's sake. I happened to be a man of Sumitomo Electric Industries, Ltd. (hereinafter called Sumitomo,) so I approached Mr. Sadatoshi Bekku, President of Sumitomo, with a request for filling a vacant office of director by Mr. Takeishi who was an old friend of mine in Sumitomo.

Mr. Bekku's reply to my request was that under the prevailing strained circumstances it was difficult for Sumitomo to recommend any Sumitomo man for officers in other companies. Then I reiterated my request with more zeal, saying that his assumption of office would be enough to be merely in name, thus I hardly succeeded to secure his consent. In the meantime, that is, in only two months or less thereafter, the War was terminated.

During this period, Mr. Takeishi had virtually been engaged busily and exclusively in his important duties which were proper to him as Manager of Business Division of Sumitomo, so that as director of Asahi he never could exercise his duties and did not, in fact, come to the office even once either.

Around that time, in Sumitomo, every energy was concentrated upon minimizing air-raid damages and maintaining production.

Mr. Takeishi was in charge of factory dispersion in this connection. This being the case, I naturally had nothing to say of his exercise of duties in Asahi from my very feeling at the time when I looked up to Mr. Bekku as aforesaid for filling vacancies of officers.

Under the circumstances, he was lined up on the Board of Asahi as officer in nothing but the name, and it is practically unjustifiable to regard him as officer to represent the interests of Sumitomo. I testify to above as a person having an obligation to bear witness to his not coming under the provisions of the Law.

Enclosure (2)

June , 1948

To the Prime Minister:

Certificate

I certify it to be true that Mr. Yuzo Takeishi, former director of this company, was installed in the office on June 30, 1945 and retired on November 15, 1946, but, during the period to Sept. 2, 1945 which falls within the purview of the Law for Termination of the Zaibatsu Family Control, he neither attended any meeting of the Board of Directors nor took part in discussion and resolution on important matters of the company at all.

I. Post and tenure of office coming under Art.3, Paragraph 2.

Director, Asahi Kinzoku Seiko Kabushiki-kaisha

(Asahi Metal Industries, Ltd.)

From June 30, 1945 to September 2, 1945.

II. Reasons for application pursuant to Art. 7.

1) "That the subject person is not a spouse, parent, child, brother or sister including a spouse of such person, of persons belonging to the Zaibatsu or their family members."

None. I satisfy this condition in every way.

2) "That, with reference to any appointment to the position of official which the subject person occupied, there has never existed an arrangement with the Zaibatsus or the direct Zaibatsu affiliates that their previous approval should be obtained, or that should such arrangement have never existed, the subject person, on the occasion of his appointment, did not, in fact, obtain the previous approval of the Zaibatsu or the direct Zaibatsu affiliates."

None. I satisfy this condition in every way.

3) "That the subject person has, in fact, never exercised the authority or influence commensurate with or surpassing, in the case of his having been an official in the quasi-direct Zaibatsu affiliates, that of the standing director, and, in the case of his having been an official in the Zaibatsu associate companies, that of the highest responsible official."

None. I satisfy this condition because I virtually have never exercised the authority or influence mentioned therein as I was nothing but

director of a Zaibatsu associate company and moreover, throughout my tenure of office, there were Chairman (Mr. Hiromu Masuda) and Managing Director (Mr. Wakichiro Koshiba) in office respectively representing the interests of Sumitomo Electric Industries, Ltd.

4) "That the subject person has never held concurrently the positions of officials in Zaibatsu companies exceeding three positions in one time."

None. I satisfy this condition in every way.
