Application of SCAPIN 548

Revised draft submitted by Mr. Ogura today was still found wholly unsatisfactory. Amendments were provided which

a. Set the time for registration as "immediately after organized action has been formally decided."

b. Prevents disputes by allowing for a warning and a 48 hour grace period if a group liable to registration fails to register.

c. Warns against confusing the action of leaders as individuals from organized group action.

d. Clearly limits this registration of unions to the period of their political activity only.

26th January, 1947.

From Kamenosuke Nakayama.

KAWAGUCHI, SAITAMA

Addressed to Lt. Col. Ryan

We, people of this prefecture are very grateful to you for all your kindness.

Now I will report you the names of some organizations that were omitted from the Purge ordinance.

(1) Dainihon Intoxicants Sale Company, and Metropolitan & Prefectural Branches of the same company.
Reason - The present directors of these companies made intoxicants-dealers change or go out of their business during the war to put their companies on a war basis and made efforts to complete the war. Therefore, these directors and the head of the Tax Bureau who was concerned with the enterprise adjustment at that time are surely affected by the directive, I think.

(2) Commercial Report Association of each city, town and village. Reason - The heads and directors of this Association infused the militaristic ideas into the minds of traders who were left out of the enterprise adjustment by compulsorily calling them together to a training place for about a week on the ground of completing the war. Then they conscripted them to each munitions factory and made them work without pay. Therefore, I think they are affected by the ordinance.

(3) Investigation committees of income-tax under the jurisdiction of each Tax Bureau.
Reason - These committees are the representatives of the part of the privileged classes who are nothing but the relics of the feudalistic days during the war. They act with personal feelings, therefore we cannot trust them if they are to investigate the property taxes which are to be reported shortly. I think it is proper to purge them and elect new committees.

As I think these above mentioned organizations come under the application of Article (A) of purge directive, I take the liberty of informing you.

Yours truely.

Approval of Salary Increases to Persons Subject to Economic Purge.

Govt Section ESS 4 Mar 47

4

1. The decision reached by the 4 February meeting (Check Note 1) to deny salary increases to company executives pending clarification of their status under the purge is considered sound. Announcement of SCAP approval at this time of salary increases to executives who are potential purgees would give rise to misleading impressions both in Japan and abroad.

2. It is recognized that an inconsistency exists with respect to applications dated previous to 21 November for which processing had not been completed. On the other hand, for reasons stated, it is not thought that such applications should be processed before action under the purge has been taken.

3. It is suggested that the alternative stated in paragraph 3 b of Check Note 3 be adopted with certain amendments. Outright negation of the previously approved applications does not appear necessary. Previously approved applicants who are potential purgees might be informed that further salary payments would be discontinued pending completion of the purge, but that such payments would be made up should the persons affected prove not to fall under the purge directive's provisions. It would not seem advisable to try to collect sums paid for salaries since November 21.

Approval of Salary Increases
to Persons Subject to Economic Purge

ESS GS 28 Feb 47

3 1. Further consideration of the decision reached by the meeting referred to in Check Note 1 above indicates necessity for further action in order to establish a consistent position.

2. Over a period of time (since last May), by directives and individual approvals many salary adjustments in companies have been made, including adjustment of the salaries of executives now subject to purge or screening. These same adjustments have not been made on some executives due to delay by CLO in forwarding applications and subsequent delay in action thereon. This places SCAP in the position of having approved salary adjustments for certain individuals and, since official announcement of the purge, having taken no action to cancel these adjustments and permitting these individuals to continue to draw these adjusted salaries, while on the other hand individuals whose applications were not acted upon due to administrative delay are not permitted similar adjustments.

3. In order to be consistent, it is believed that either:

a. Action upon all applications dated previous to 21 November for salary adjustments should be completed regardless of the purge status of the individual or his company, or

b. Action should be taken to negate all applications previously approved for executives of institutions now subject to purge or screening, pending final action.

4. The number of applications being held for action is not large, about 70, but the principles of justice and equality would seem to indicate that all the individuals involved in the purge should be treated equally. Your recommendations are requested.

Subject: Approval of Salary Increases to Persons Subject to Economic Purge

1 From: ESS/LE To: ESS/AC Thru: GS Date 4 February 1947

1. References are Imperial Ordinance Nos. 1, 2, 3, and 4; and Cabinet and Home Affairs Ministry Ordinance No. 1.

2. On 31 January 1947 a meeting was held to determine the desirability of authorizing salary increases to executives of companies subject to mandatory purge or screening under References above. The meeting was attended by representatives of GS, ESS/AC, and ESS/LE. After discussion, it was concluded by majority decision that further action on such applications for salary increases should be suspended until completion of the purge, at which time, persons who had been screened and found acceptable in their positions could, if otherwise eligible, be granted increases retroactive to the date of the original application.

OUTGOING MESSAGE

SECRET

FROM: SCAP

TO : WLSCA.....PRIORITY 260703 March 1947

( ) Subject is Disposition of Public and Private Japanese Property.

1. Request authority to dispose of certain categories of public and private Japanese property now in custody of SCAP as follows:

a. Large commercial and financial organizations in Japan which have been taken under control and closed under the terms of paragraph 21, JCS 1380/15 are being liquidated by sale of assets to non-objectionable Japanese nationals, natural or juridical, inside Japan. The net proceeds of such liquidation should be released to the Japanese Government for return to the economy of Japan, subject to such financial directives as SCAP may consider appropriate. It is not considered proper that the proceeds of such liquidation be made available for reparations. Moreover, in most instances it is not considered proper for the Japanese Government to retain ownership in the Japanese enterprises involved.

b. All assets of political, ultra-nationalistic, terroristic and secret patriotic societies which have been dissolved should be liquidated by sale to non-objectionable Japanese nationals, natural or juridical inside Japan, under proper security safeguards and the net proceeds turned over to the Japanese Government for return to the economy of Japan subject to such financial directives as SCAP may consider appropriate.

c. Property (not otherwise impounded) of convicted war criminals not disposed of by the judgment of an appropriate court should be returned to the individual or to his estate (reference your radio W92073, Para. 1).

2. The disposition of foregoing types of property along the lines indicated will:

a. Relieve the administrative burden and ease to some extent, the seriously strained personnel situation here by relieving SCAP of the necessity for the actual licensing and control of business enterprises and of the problems relating thereto.

b. Convert to the benefit of the Japanese economy, at a time when urgently needed for prevention of disease and unrest and to preserve the minimum economy, assets that cannot otherwise economically be utilized.

3. Assets to be disposed of under recommended procedures will not include any property selected for reparations, industrial facilities of a nature that may be susceptible to reparations (reference SWNCC 236/10, 25 April 1946, as amended by SWNCC 236/15, 9 May 1946: URADS W80413, 17 Sept. 1946, W82295, 6 October 1946, W86893, 5 December 1946; and our radio C68424, 21 December 1946) or property subject to restitution.

FROM: OKI, Misao (大木操)

The writer states that JAPAN is making rapid progress towards democracy, but is being retarded due to lack of capable leaders. The purge directive included many on the mere basis of their having been leaders of the Imperial Rule Assistance Association, Imperial Political Assistance Association, or the Japan Political Association. He states that many leaders were appointed to these positions and held these positions in name only, but were in actuality opposed to aggression, war and the military. Many were pro-American and Anti-Germany, and attempted to avoid war. Among these people are the followings:

MAKINO, Ryozo (牧野良三); OGASAWARA, Sankuro (小笠原三九郎); NAKAMURA, Sannosuke (中村三之亟); KIMURA, Masayoshi (木村正義); MATSUMOTO, Tadao (松本忠雄); KAWAKAMI, Taketaro (河上丈太郎); MIYAKE, Shoichi (三宅正一); KAWANO, Mitsu (河野密); DENMAN, Kiyoomi (田万清臣); MATSUMURA, Kenzo (松村謙三); ICHINOMIYA, Fusajiro (一宮房次郎); KAWASAKI, Katsu (川崎克); MORITA, Shigejiro (森田重次郎); NAKAMURA, Umekichi (中村梅吉); KOGURE, Mutao (小暮武太夫); MATSUURA, Detaro (松浦同太郎); TADA, Mitsunaga (多田満長); KOYANAGI, Makimori (小柳牧衛); SAKAMOTO, Masaru (坂本勝); SAKUDA, Takataro (作田高太郎); KATO, Ryogoro (加藤鐐五郎); KUROSAWA, Yuzo (黒沢西蔵); KITA, Seichiro (喜多壮一郎); UDA, Keichi (宇田耕一); USHIZUKA, Terataro (牛塚虎太郎); ARAI, Takaji (新井堯爾); AKOSHIMA, Toshiji (河古島俊治); AINO, Tokiichiro (愛野時一郎); NAGUMO, Masatomo (南雲正朝); ICHINO, Mamoru (市野護); FUJIMOTO, Sutesuke (藤本捨助); FUKADA, Ataru (舩田中); HOMRYO, Shinjiro (本領信次郎); MIURA, Kazuo (三浦一雄); MIYOSHI, Nobufusa (三善信房); ROYAMA, Masamichi (蠟山政道); ANDO, Seijun (安藤正純); MATSUMURA, Mitsuzo (松村光三); and MATSUDA, Benchiyo (松田辨千代).
