The Hon. Hitoshi Ashida,
Prime Minister

Misao Ueda

Sir:

Re: Application pursuant to the provisions of Articles 6 and 7 of the "Law for Termination of the Zaibatsu Family Control"

I was first elected managing director of the company on November 29, 1945. Then I was elected from among the directors to president and director, which I have held up to present. But the appointment or the business execution had practically nothing to do with the Zaibatsu or the Zaibatsu companies. I hereby make application pursuant to the provisions of Articles 6 and 7 of the "Law for Termination of the Zaibatsu Family Control", enclosing the "Reason for Application" and the "Questionnaire". I wish to ask you for your kind examination.

REASON FOR APPLICATION

1. Personnel relationship of the Toyo High Pressure Industry Co., Ltd. with the Mitsui Honsha and the Mitsui Chemical Industry Co., Ltd. at the time of assumption of office of managing director.
   --- As set forth minutely in the Application made in accordance with Article 10 of the Law (so-called counter-evidence as a company by the Toyo High Pressure Industry Co., Ltd.)---

(1) Relationship with Mitsui Honsha (vide annex: Certification by Mitsui Honsha)

As the Mitsui Honsha has never been a stockholder of our company, we have never been under its control as far as stockhoding is concerned. Namely, in the election of officials there existed no written arrangement between the Mitsui Honsha and our company and ever since the establishment of our company we have never installed an official dispatched from the former. In October of 1944 when the war was still in progress, a system of direct and indirect affiliates was established for the purpose of co-ordinating the various enterprises of the Mitsui and as we became an indirect affiliate, superficial relationship with the Mitsui Honsha commenced to exist. At this time, however, state control over our company became very predominant and moreover as the Mitsui Honsha was busily engrossed with policies to cope with the latter stages of the war, they were unable to give us assistance needless to say of control. Thus, during this period, in the execution of important business matters and selection of officials, we never sought the approval of nor even reported such to the Mitsui Honsha

The Mitsui Honsha actually ceased to function as a holding company after the surrender. In October of 1945 when the dissolution of the Honsha became definite, it completely discontinued to function and on November 6, 1945 the directive for its dissolution was issued. From the circumstances leading to the subsequent issuance of the dissolution statement by the president of the Mitsui Honsha, it is obvious that when I was appointed an official on November 29, 1945 the Mitsui Honsha had become extinct both in name and reality.

(2) Relationship with the Mitsui Chemical Industry Co., Ltd. (vide annex: Certification by Mitsui Chemical Industry Co., Ltd.)

The Mitsui Chemical Industry Co., Ltd., our parent company, which held 34.6 % of our stocks at the end of the war, had taken over these stocks from the Mitsui Mining Co., Ltd. in April of 1941 at the time of its establishment. As our initial parent company, there used to be

a tendency on the part of the Mitsui Mining Co., Ltd. to exercise control over us in matters of daily business and selection of officials. However, after the stocks were transferred to the Mitsui Chemical Industry Co., Ltd., although it was our principal stockholder, it did not have the reserve to execute concrete policies for controlling our company, because while on one hand it was still in its incipient stage and was busily engrossed and pressed by its own business affairs, our company on the other hand had begun to assume the proportions of a major company after undergoing structural reorganization and business expansion and the state control over us had become increasingly intensified. Thus, the few officials who were dispatched to us from the Mitsui Chemical Industry Co., Ltd. were made by the latter as a reward to the dispatched officials themselves and they did not participate at all in the business affairs of our company. At the time I assumed the office of managing director, there were only two or three officials remaining ceremonially and they were not concerned whatsoever in the appointment of other officials or important business matters.

2. Reasons for Item 2, Paragraph 1, Article 6 of the Law : Unjustifiable supposition as a Zaibatsu official viewed from the circumstances leading to appointment as an official and the actual conditions of the execution of duties of such office.

(1) I determined to assume the post of an official upon the strong request of the former president, Mr. Katsutaro Shibata (vide annex (3) Certification by Mr. Katsutaro Shibata). At this time, I was manager of the Omuta Factory which was our principal factory. However, because of war damages production was impossible and its rehabilitation was most urgent not only for the company but for the nation as well. In this connection, as stated in annex (3), the president expressed his intentions of facilitating the rehabilitation of the factory through electing me as managing director while still concurrently holding the post of factory manager and effecting production increase. I accepted the post upon his request but in order that I could effectively and expeditiously carry out my plans regarding the above objective, as one of the conditions of my assuming the post of an official I demanded that "the concurrent officials from the Mitsui Chemical Industry Co., Ltd. should resign at the earliest possible moment and that our company's selection of officials should be placed on an independent status" to which consent was obtained.

Thus since my assuming the post of managing director, until June of 1946, I was given the fullest authority as managing director and concurrent factory manager and I was constantly at the Omuta Factory exerting all my efforts toward its rehabilitation. Thus, I did not participate in the overall management of the company which was done at the Tokyo Head Office.

Note: In June and September of 1946 I concurrently held the posts of chiefs of Personnel Division and Planning Division

respectively because of the vacancies there and because no qualified person to fill these posts could be found at the time. Although these divisions were under the direct jurisdiction of the president, it was not proper from the point of form for the president of a company to concurrently hold posts of division chiefs. Therefore I was named as the nominal chief with the actual business carried out by the president. Thus, even after my resignation from the concurrent post of manager of the Omuta Factory until my assumption of the past of president in February of 1947 I was at Omuta most of the time supervising operations and the rehabilitation of the plant.

(2) At the Twenty-Fifth General Meeting of Stockholders of the company held on 29 November 1946 all the officers who were responsible for the management of the company during wartime and the Zaibatsu officials resigned and I was elected as one of the replacements. The circumstances leading to the appointment was, as stated before, due to the recommendation of former president Shibata and had no connections whatsoever with the Mitsui Honsha or our parent company, the Mitsui Chemical Industry Company. Also at the above-mentioned General Meeting of Stockholders, Mr. Toshika Hayashi, Kozo Hashimoto, Tominosuke Imai and Hiroshi Hayano of the Mitsui Chemical remained in office but this was because it was rather askward for president Shibata to ask for the resignation on bloc of all the parent company dispatched officials, and was accepted after they gave consents to the statement by president Shibata that the dispatched officials would not participate in the business matters of the company.

(Reference Matters)

On 8 February 1947 as a result of the mutual election of the board of directors, I was chosen to succeed the retiring president Shibata. With respect to my assuming the post of president, the retiring president obtained the prior approval of the Federation of the Meeting of Chiefs of Divisions and Sections and the Confederation of Labor Unions of the company as stated in the annexed certifications (4) and (5). Thus, my election was carried out democratically. Also judging from the substance of the "Open Letter to the Company's Officials" which was issued by the Labor Union of the Toyo High Pressure Industry Co., Ltd. which advocated the elimination of Zaibatsu officials, it is obvious that I am not under the bounds of the Zaibatsu and that I am qualified to become an official of the company. (vide annex (6))

3. With regard to the fact that the applicant has the qualifications prescribed in Paragraph 1, Article 7 of the Law.

(1) That the applicant is not a member of the Zaibatsu nor the spouse, parent, child, brother, or sister of a person of the same family register as the Zaibatsu, or the spouse of above.

Not applicable.

(2) That no arrangement that the previous approval be obtain- from the Zaibatsu or direct Zaibatsu affiliate regarding assumption of the position of official existed between the Zaibatsu company where the applicant served and the Zaibatsu or the direct Zaibatsu affiliate. In case no arrangement existed, that no approval was received.

As has been stated before no such arrangement existed, and no approval was received.

(3) That the applicant had no right or controlling power equal to or exceeding that of a managing director in case the applicant held a position of official in an indirect Zaibatsu affiliate, or that of a supreme representative official in case the applicant held a position of official in a Zaibatsu associate company.

Not applicable because the company is a direct Zaibatsu affiliate.

(4) That the applicant did not hold more than four positions of officials in Zaibatsu companies concurrently.

As is stated in the "Questionnaire", I have never held position of official in any other Zaibatsu company.

(Translation) **CERTIFICATION**

May 25, 1948

for Mr. Ikuji Ishige
President and Director,
Toyo High Pressure
Industry Co., Ltd.

The Toyo High Pressure Industry Co., Ltd. is a subsidiary of the Mitsui Honsha (or Mitsui Gomei, Mitsui Somotokata). There have been neither written arrangement nor custom regarding direct supervision of business or dispatchment of officials etc. Mitsui Honsha has never been a stockholder of the Toyo High Pressure Industry Co., Ltd.

In October 1944, a system of indirect affiliates was established by which the Toyo High Pressure Industry Co., Ltd. was put among the indirect affiliates. Thus the nominal system of exercising direct control over the company was established. But the period to the termination of the war being only ten months, the Mitsui Honsha was busily engrossed with policies to cope with the latter stages of the war. Therefore the system existed only in name and no actual control or assistance was effected.

On November 6, 1945 after the war, the directive for dissolution of the Mitsui Zaibatsu was issued by the Allied Powers. And the president of the Mitsui Honsha issued a statement of dissolution of the Honsha on the 8th of the same month. Since then, the relationships of the Mitsui companies with the Mitsui Honsha ceased to exist in name and reality. Therefore it is obvious from above that the Mitsui Honsha took no part whatsoever in the election of Mr. Ikuji Ishige for director at the General Meeting of Stockholders of the Toyo High Pressure Industry Co., Ltd. held on November 29, 1945.

I certify that the statement contained herein is true and correct.

CERTIFICATION

May 30, 1948

At the Twenty-Fifth General Meeting of Stockholders of the Toyo High Pressure Industry Co., Ltd. held on November 29, 1945, directors of our company, Toshika Hayashi, Tominosuke Imai, and Kozo Hashimoto assumed the offices of director, and an officer of our company, Hiroshi Hayano (Chief, Production Division, Head Office) assumed the office of auditor, respectively. But these personnel were not dispatched to the company to participate in their business or personnel affairs from the standpoint as an influential stockholder, but to reward the services they had rendered our company. Thus we have never ordered them to execute practical business of the company. Though there are some bills of the meetings of directors and other documents on which they have stamped their seals, these took place merely as matters of formality.

At this meeting, an officer of the said company, Mr. Ikuji Ishige also assumed the office of director. But this had no connection whatsoever with us.

I certify that the statement contained herein is true and correct.

CERTIFICATION

May 15, 1948

When Mr. Ikuji Ishige, the present president of the Toyo High Pressure Industry Co., Ltd., was elected director of the same company on 29 November 1945 I was the president of the above company. The reasons why I approached Mr. Ishige was because I felt that its realization was necessary, as stated below, and obtained the nomination of the General Meeting of Stockholders to which I made the recommendation.

At this time the company's Omuta Factory was in a very serious state as a result of the war damages and excessive use during the war. All the equipment were worn out or destroyed and production was at an extremely low level and it had long lost its qualifications as the company's principal factory. Thus, this was a life and death mat for the company.

Thus, I was convinced that the only hope left for rehabilitating the Omuta Factory was to have Mr. Ishige assume the post of managing director and at the same time station himself at Omuta and wield everything in his power because as an engineer he had spent many years in the operation of the Omuta Factory and he had won wide acclaim among the factory employees and workers.

Mr. Ishige agreed with me in this respect and as a condition for assuming office he demanded that the concurrent officials dispatched from the Mitsui Chemical Industry Co., Ltd. be replaced and establish an independent status for election of officials. I gave my promise and carried it out fully within half a year.

The election of Mr. Ishige as a director was as stated above and was not due one bit to the recommendation or approval of the Mitsui Zaibatsu nor to the request of the Mitsui Chemical Industry Co., Ltd.

Also I wish to add that, as stated in the attached personal history, I was an engineer at the Industrial Experimenting Station studying ammonia and methanol when I was invited by the Synthetic Industry Co., Ltd. which was engaged in the production of these items to enter the said company to give guidance to its engineers. Subsequently, this company was amalgamated by the Toyo High Pressure Industry Co., Ltd. and I became an official of the latter company so I am clearly not an official dispatched by the Mitsui Zaibatsu.

I certify that the statement contained herein is true and correct.

Open Letter to the President, Managing Directors
and other Executive Staff of the Company

May 3, 1946

Half a year since the termination of the war, and the reconstruction of Japanese economy is still slow in improving. The food crisis, disemployment and the inflation are leading the nation's living to a collapse.

We do not hope for the equalness of poverty. It is well understood that the stability of the nation's living depends, above all, on the restoration and improvement of production. But, looking at the development in reality, the unable and idle leading class has left the production as low as ever and the people hopeless.

Moreover, the situation is ever worsening, and no delay is allowed. Herefore, we, the working class, must devote ourselves to the encouragement of the production.

Thus, analysing the causes of industrial stagnation, we find that the strongest hindrance, though there are some necks in the price and raw materials, is the restriction by capital in the management of enterprises, which has been pointed out by the intelligent and which we have always realized.

The capitalist control over managment, at present, yields nothing but sabotage of production or, if not, the capitalists are devoted in protecting themselves, which is altogether against the economical reconstruction and nothing can be a stronger hindrance to the productive intention of the laborers.

And when we turn back to look at the present situation of our company, who can say this is an exception? The restoration work at the Omuta Factory and the construction work at the Hokkaido Factory are very slow, causing low efficiency of business, which is being illy reputed from in and out. The reason for this is undeniably in the weakness of managing right and the lowness of laborers' productive intention rising from it.

The Zaibatsu are being dissolved. The way of overcoming the present critical situation is to establish the subjectivity of the company through its independance and to strengthen the production efficiently by utilizing fully the abilities of the employees apart from the restriction of capital. Thus, we hope to contribute to the prompt stabilization of the national living.

Now that, we, in the name of the union, endeavor to renew the enterprise system of the company, we earnestly hope that a powerful measure by the intelligent consideration of the present directors is taken to establish a democratic management, excluding all Zaibatsu or capital participation from the management and leading us on a perfectly free basis.

ADDITION TO THE
CERTIFICATION DATED MAY 15

June 18, 1948

In January 1947, Mr. Katsutaro Shibata, president, expressed his intention of resigning. The opinions of Meeting of the Chiefs of Divisions and Sections regarding his successor were as follows,

The Meetings of Chiefs of Divisions and Sections of the Head Office, Omuta, Hikoshima and Ofuna Factories wished for the promotion of Mr. Ikuji Ishige, Director.

The Meeting of Chiefs of Divisions and Sections of the Hokkaido Factory wished for the promotion of one of the directors.

To make a remark, the Meeting of Chiefs of Divisions and Sections of the Hokkaido Factory did not make any nomination. But, I am confident that they were in support of Mr. Ikuji Ishige for president.

It was because we had been convinced of his qualification as a director that his promotion was wished for or supported by the Meetings.

Hereupon, we took action against the company to have our opinion taken into their consideration.

But, the Board of Directors had also recommended Mr. Ikuji Ishige for the succeeding president, as had been expected at the Meetings of Chiefs of Divisions and Sections, and asked for our opinion, to which we made a formal reply that we had no objection to it.

I certify that the statement contained herein is true and correct.

11. At the time of your assnmption of office as official, whether or not the arrangement that the previous approval be obtained from the Zaibatsu or the direct Zaibatsu affiliate regarding assumption of the position of official existed between the Zaibatsu company where you served and the Zaibatsu or the direct Zaibatsu affiliates.

a. Whether or not the arrangemeut existed in writing.

None.

b. Details of circumstances under whicn you assumed the position of official; particularly whether or not the Zaibatsu or the direct Zaibatsu affiliate was concerned in approving your assumption of office.

I assumed directorship of the Denki Kagaku Kogyo Kaisha, Ltd. (Electric Chemical Industries Company, Ltd.) in June, 1938, accepting the invitation by the late Sunisaburo Uemura, then director of the company, as set forth in the appendix No.3 hereto.

I was promoted to managing directorship in Dec.,1938. This was done to fill a vacancy in the post, and also to reward for my services.

During the whole period of my office, there were no relations existing between the Mitsui and myself. My election as an officer did not call for an approval of the Mitsui, who owned only 4% of total issued stocks of the company. That the Mitsui had nothing whatever to do with my assumption of office of the company is certified to in appendix No.2 hereto.

To: Misao Ueda
Mr. Hitoshi Ashida,
Cabinet Prime Minister

Subject: Petition for Clarification Statts

Petitioner: Takemaro Kaneko,

Present Adress: No. 2311 Ishiki, Hayama-machi, Miura-gun, Kanagawa-ken.

Present Occupation: Director, Denki Kagaku Kogyo K.K.

I. Gist of the Petition

In June, 1934, I was appointed a director of the Denki Kagaku Kogyo K.K. which has been designated a Zaibatsu associated company in accordance with the " Law for the Termination of Zaibatsu Family Control", and in December, 1938, I was raised to the post of standing director. I request, however, for recognition an an non-zaibatsu officer on the following grounds.

II. Reasons for Filing This Petition

In accordance with Article 6 and 7 of the Law, I give the following reasons;

Relevant to Article 6, Item 2

(1) Situations connected with my assumption of office

I joined the Denki Kagaku Kogyo K.K. as an non-regular staff member in March, 1934, and in June of the same year I assumed the post of directorship.

As stated in attached papers No.3, I assumed that post in compliance to the persuasions of Mr. Chuzaburo Uemura, who was at that time a director of the Denki Kagaku Kogyo K.K.

In December, 1938, I was raised to the post of standing director to fill up a vacancy, but which post was given me more or less in recognition of my outstanding services to the company. All these transactions were executed without involving, much less requiring, the assents of Mitsui.

Moreover, the number of shares of the Denki Kagaku Kogyo K.K. held by Mitsui at that time was only 4 % of the total shares. Mitsui was not participating in the management of the company.

(2) Situations connected with the Execution of my Office

In the execution of my office as a director, and also as a standing director, I did not represent the interests of Mitsui, nor was I in any way whatsoever subjected to receive instructions from them as stated in attached papers No.2. My office in the company placed me in charge chiefly of investigation work such as investigations of accounts and factory operations, while my duties outside of the company were connected with the Carbide Union. While participating in the Carbide Union, I well understood the position of the small and middle sized businesses and carried out operations on a fair basis(see attached papers No. 4).

I resigned my post as standing director in January, 1943, but have retained my position as a director up to the present, which is not a routine office, and has almost no relations with the daily business of the company.

As I have stated above, my duties as an officer has absolutely nothing to do with Mitsui and under no circumstances whatsoever were my duties executed under Mitsui's instructions or assent.

Relevant to Article 7, Item 2

(See attached papers No.1: A copy of my census register)

I am not connected with any zaibatsu, nor am I in any way whatsoever related to any zaibatsu family.

Relevant to Article 7, Item 2

(See attached papers No.2: Mitsui testimony)

There were no agreements necessitating the prior assent of the Mitsui Zaibatsu in assuming the post of officer of the Denki Kagaku Kogyo K.K. Regarding my assumption of office, the situations are as stated under explanations relevant to Article 6,e.g. I assumed the post of director in June, 1934, and that of standing director in December, 1938 (In January, 1943, I resigned the post of standing director but retained my directorship, which position I still held at the present time) but under no circumstances whatsoever did I assume the office on any assent or understanding obtained from Mitsui.

Relevant to Article 7, Item 3

I assumed office as director in June,1934, and concurrently held the position of chief of the investigations section. I continued to hold that position after I was created standing director in December, 1938. The highest representative officer

of the company at that time was the Chairman of the Board of Directors, Mr. Shintaro Ohashi. Needless to say, I did not at any time possess the representative powers, nor did I possess, empty or real, authority or powers of control equal to or higher than that of the highest representative officer.

Relevant to Article 7, Item 4

At no time have I held the post officer in any zaibatsu concern other than that I held at the Denki Kagaku Kogyo K.K.

No. 2.

TO WHOM IT MAY CONCERN:

We hereby certify:-

1. That there were no arrangements made between our company, the Mitsui Honsha, Ltd., and the Denki Kagaku-Kogyo, Ltd. (Electric Chemical Industries Co., Ltd.) with regard to assumption of officers of the latter company;

2. That assumption by KANEKO TAKEMARO of the post of a director of the Denki Kagaku Kogyo Kaisha, Ltd. in June, 1934, and of a managing director of the same company in Dec., 1938 was not done under the direction or with understanding given by us; and

3. That KANEKO TAKEMARO, as a director or managing director of the Electric Chemical Industries Co., Ltd., never represented our interest; nor had he ever been given instruction by us.

NO. 3.

Tokyo, February , 1948

TO WHOM IT MAY CONCERN:

This is to certify that Takemaro Kaneko became a director of the Denki Kagaku Kogyo Kaisha (Electro-chemical Industries Company), Ltd., under the following circumstances:-

The said T. Kaneko had been my secretary since June, 1932, while I was Minister of Commerce and Industry.

In December, 1933, S. Uyemura, a director of the Denki Kagaku Kogyo Kaisha, Ltd., because of the friendship shown him by the late father of the said T. Kaneko, and for the sake of the future of the last named person, invited him to join the Company, whereupon T. Kaneko conculted me on the subject.

Being particularly busy with the Diet in session at that time, I wished him not to make the new business connection, to which wish he deferred and informed S. Uyemura that he would consider the invitation at an appropriate time after the Diet session.

In February, 1934, I resigned suddenly as Minister of Commerce and Industry, and T. Kaneko resigned with me. In view of the circumstances described above, I tendered my good offices on Kaneko's behalf, and he eventually joined the said Company.

Kumakichi Nakajima.

I certify that the foregoing is exactly as I learned from my late father, S. Uyemura.

Kogoro Uyemura.

I hereby certify that I was instrumental in conveying the messages and letters from S. Uyemura to T. Kaneko, and that I know the foregoing to be true.

Eizo Kanki.

NO.4

Tokyo, February , 1948.

TO WHOM IT MAY CONCERN:

I hereby certify that -

The Calcium Carbide Association was formed in July, 1936, with Nobuteru Mori as President (Rijicho), Takemaro Kaneko as Managing Director (Semmu-riji) and Kozo Watanabe and I as Directors (Sanyo-riji), the four officials looking after the business of the Association.

At that time the Mitsui Bussan Kaisha, Ltd., was one of the sales agents for the Association. This Company, having a very extensive sales network all over the country, sometimes made request for rather excessive allotment for itself. With a proper understanding of the position of smaller dealers, the said T. Kaneko rejected the demand of the Mitsui Bussan Kaisha, Ltd., whenever he felt it unreasonable. He conducted the business of the Association in a fair and impartial manner, never discriminating in favor of the Mitsui Bussan Kaisha, Ltd., nor acting as its spokesman on the said Association.

All the foregoing is true from my own knowledge.

Application for approval of not being official of affiliates connected with Zaibatsu.

February___1948.

TO : Hitoshi Ashida ~~Tetsu Katayama~~ Esq., Prime Minister.

Misao Ueda

Name of Applicant: Yeizo Kanki.

Present address: No.85, Date-cho, Shibuya-ku, Tokyo.

Present office: Managing director of Tohoku Denki Seitetsu K.K. (The Tohoku Electric Iron Manufacturing Co.,Ltd.)

I. Summary of application.

I assumed office of auditor of Denki Kagaku Kogyo K.K. (The Electric Chemical Industry Co.,Ltd.) which is ~~a quasi-direct Zaibatsu affiliate~~ Zaibatsu Associate Company prescribed in the Zaibatsu Family Control Termination Law promulgated on Dec.,23, 1942, and retired from the office on Dec.,29, 1946. We beg to file an application with your goodselves for approval of not being official of Zaibatsu-Concern for the following reason.

II. Reason for application.

I file the application owing to existance of the reasons fulling under each item of Art.7, Para.1 and Art.6, Para 1 as follows:

With respect to Art.7

1. No kinship with Zaibatsu at all.

2. As stated in the Questionnare, when I was in office of standing director of Tohoku Shinko Kagaku K.K.(The Tohoku Development Chemical Co.,Ltd.) which was established by

investment of Denki Kagaku Kogyo K.K. (The Electric Chemical Industrial Co.,Ltd.) and which altered its firm-names into Tohoku Denki Seitetsu K.K. (The Tohoku Electric Iron Manufacturing Co.,Ltd.) in stand-point of neutrality between the two investment-companies above-mentioned, office of auditor of the ~~Tohoku~~ Electric Chemical Industrial Co.,Ltd. aforementioned happened to be vacant. To fill up the vacancy, by recommendation of Mr. Takemaro Kaneko who was standing director of the company and was on good term with me since long time ago and by advice of Mr. Tetsuji Kondo, president of that company, I assumed office of auditor of that company thru approval by general meeting of shareholders consequently approval, etc. of Zaibatsu concern was necessitated, and no preliminary arrangement was made too.(refer to attachment 2)

3. As the office I assumed was of simple non-drily attending auditor, it was not the executive organ of the business, accordingly whatever the substance and form may be, no important right or control power were possessed. (refer to attachment 3)

4. As stated in the Questionnaire, the company connected with Zaibatsu was only one company i.e. Denki-Kagaku Kogyo K.K. (The Electric Chemical Industrial Co.,Ltd.)

With respect to Art. 6

2. The circumstance under which I assumed the office and the real state of my office are stated in the Item with respect to Art. 7, Para 2 and 3, and I claim it is obviously unreasonable to deem me as an official connected with Zaibatsu.

III. Attached documents.

1. Documentary evidence relating to Art.7, Para.1,Item 1.
2. Documentary evidence relating to Art.7, Para.1,Item 2.
3. Documentary evidence relating to Art.7, Para.1,Item 3.

11. At the time of your assnmption of office as official, whether or not the arrangement that the previous approval be obtained from the Zaibatsu or the direct Zaibatsu affiliate regarding assumption of the position of official existed between the Zaibatsu company where you served and the Zaibatsu or the direct Zaibatsu affiliates.

a. Whether or not the arrangemeut existed in writing.

NONE

b. Details of circumstances under whicn you assumed the position of official; particularly whether or not the Zaibatsu or the direct Zaibatsu affiliate was concerned in approving your assumption of office.

THE REASON I BECAME DIRECTOR IS DUE TO THE FACT THAT MY GRANDFATHER WAS THE FOUNDER AND FIRST PRESIDENT OF THE ONODA CEMENT CO., LTD. AND MY FATHER SHINZO KASAI WAS THE FOURTH PRESIDENT ALSO DUE TO THE INHERITANCE. FROM MY FATHER THE ZAIBATSU OR ZAIBATSU COMPANIES HAVE NEVER PARTICIPATED ON MY APPOINTMENT.
