MEMORANDUM FOR: Chief, Okayama Agricultural Land Administration Bureau, Ministry of Agriculture and Forestry

THROUGH : Chugoku Liaison and Coordination Office

SUBJECT : Reclamation of Forest Land

1. Attached hereto is a petition received by this headquarters from a group of farmers in Mukaihara village in Hiroshima Prefecture. It is suggested that your office make an investigation of this project to determine the validity of the grievances presented in the petition.

2. Your attention is invited to a conference held at your office in June of last year relative to a case similar to this in Tokaichi at which time the problem of flood hazards resulting from reclaiming of forest lands was discussed. In view of mounting flood damage each year and critically depleted forest resources any reclamation projects which require cutting forests should receive due study and consideration by your office before approval.

SUBJECT: Procurement of Housing Facilities

TO : Regional Post Engineer
Camp Sakai
APO 15

1. Request action be initiated by your headquarters to procure housing facilities for personnel of this headquarters on National Police Reserve duty in Yonago City, Tottori Prefecture.

2. This headquarters has surveyed the area and found the Yonago Public Hall suitable with respect to facilities and location. This building was formerly on Procurement Demand JPNR 2210 and used as field quarters by the Tottori Civil Affairs Team but was released on 16 May 1950.

3. At present there are two(2) officers and three(3) enlisted men on duty at Yonago NPR Camp who are now quartered at Miho Air Force Base, a distance of ten(10) miles from the camp which necessitates commuting a minimum of three(3) times per day. This could be eliminated and Cadre personnel could operate more efficiently if quartered in proximity to the camp.

4. It will be appreciated if processing of the inclosed Procurement Requirement can be expedited by your headquarters.
