SPALDING'S ATHLETIC LIBRARY

Spalding's Athletic Library is admitted to be the leading library series of its kind published in the world. In fact, it has no imitators, let alone equals. It occupies a field that it has created for itself.

The Library was established in the year 1892, and it is an admitted fact by many authorities that Spalding's Athletic Library has accomplished a great deal in America for the advancement of amateur sport.

The millions that read the Library during the year will attest to its value. A glance at its index will disclose the remarkable field that it covers. It is immaterial what the pastime may be, you will find in Spalding's Athletic Library a reference to it, either in a book devoted exclusively to that particular game or in some of the books that cover many sports.

It has been the aim of the editors to make the books *Official*, and they *are* recognized as such, all the important governing bodies in America giving to the publishers of Spalding's Athletic Library the right to publish their official books and official rules.

A glance at the names of the authors of the different volumes will convince the reader that the best men in each particular line, the men best qualified to write intelligently on each subject, are selected; and, as a result, there is not another series in the world like Spalding's Athletic Library series.

It is immaterial what new game or form of sport be conceived or advanced, it is invariably the aim of the publishers to have a book on that sport. In that way Spalding's Athletic Library is in the field at the beginning of the sport, follows it year in and year out and there can be no doubt whatever that the present popularity of athletic sports can attribute the same to the "backing" it has received from Spalding's Athletic Library.

SPALDING ATHLETIC LIBRARY

Group I. Base Ball

No. 1—Spalding's Official Base Ball Guide.

The leading Base Ball annual of the country, and the official authority of the game. Edited by Henry Chadwick, the "Father of Base Ball." Contains the official playing rules, with an explanatory index of the rules compiled by Mr.

A. G. Spalding; pictures of all the teams in the National, American and minor leagues; official averages; reviews of the season in all the professional organizations; college Base Ball, and a great deal of interesting information. Price 10 cents.

No. 202—How to Play Base Ball.

Edited by T. H. Murnane. New and revised edition. Contents: How to become a good batter; how to run the bases; advice to base runners, by James E. Sullivan, President A.A.U.;

how to become a good pitcher; how to become a good catcher; how to play first base; how to play second base; how to play third base; how to play shortstop; how to play the infield; the earmarks of a ball player, by John J. McGraw; good advice for players; how to organize a team; how to manage a team; how to score a game; how to umpire a game; base ball rules interpreted for boys. Price 10 cents.

No. 223—How to Bat.

The most important part of ball playing nowadays, outside of pitching, is batting. The team that can bat and has some good pitchers can win base ball games; therefore, every boy and young man who has, of course, already learned to

catch, should turn his attention to this department of the game, and there is no better way of becoming proficient than by reading this book and then constantly practising the little tricks explained. Price 10 cts.

No. 232—How to Run the Bases.

The importance of base running as a scientific feature of the national game is becoming more and more recognized each year. Besides being spectacular, feats of base stealing nearly always figure in the winning of a game. Many a close

contest is decided on the winning of that little strip of 90 feet which lies between cushions. When hits are few and the enemy's pitchers steady, it becomes incumbent on the opposing team to get around the bases in some manner. Effective stealing not only increases the effectiveness of the team by advancing its runners without wasting hits, but it serves to materially disconcert the enemy and frequently has caused an entire opposing club to temporarily lose its poise and throw away the game. This book gives clear and concise directions for excelling as a base runner; tells when to run and when not to do so; how and when to slide; team work on the bases; in fact, every point of the game is thoroughly explained. Illustrated with pictures of leading players. Price 16 cents.

No. 230—How to Pitch.

A new, up-to-date book. The object of this book is to aid the beginners who aspire to become clever twirlers, and its contents are the practical teaching of men who have reached the top as pitchers, and who know how to impart a knowledge of their art. All the big leagues' pitchers are shown. Price 10 cents.

No. 229—How to Catch.

Undoubtedly the best book on catching that has yet been published. Every boy who has hopes of being a clever catcher should read how well-known players cover their position. Among the more noted ones who describe their methods of

play in this book are Lou Criger of the Boston Americans and Johnnie Kling of the Chicago Nationals. The numerous pictures comprise all the noted catchers in the big leagues. Price 10 cents.

SPALDING ATHLETIC LIBRARY

No. 225—How to Play First Base.

No other position in a ball team has shown such a change for the better in recent years as first base. Modifications in line with the betterment of the sport in every department have been made at intervals, but in no other department have they been so radical. No boy who plays the initial sack can afford to overlook the points and hints contained in this book. Entirely new and up to date. Illustrated with full-page pictures of all the prominent first basemen. Price 10 cents.

No. 226—How to Play Second Base.

There are so few men who can cover second base to perfection that their names can easily be called off by anyone who follows the game of base ball. Team owners who possess such players would not part with them for thousands of dollars. These men have been interviewed and their ideas incorporated in this book for the especial benefit of boys who want to know the fine points of play at this point of the diamond. Illustrated with full-page pictures. Price 10 cents.

No. 227—How to Play Third Base.

Third base is, in some respects, the most important of the infield. No major league team has ever won a pennant without a great third baseman. Collins of the Boston Americans and Leach of Pittsburg are two of the greatest third basemen the game has ever seen, and their teams owe much of the credit for pennants they have won to them. These men in this book describe just how they play the position. Everything a player should know is clearly set forth and any boy will surely increase his chances of success by a careful reading of this book. Illustrated. Price 10 cents.

No. 228—How to Play Shortstop.

Shortstop is one of the hardest positions on the infield to fill, and quick thought and quick action are necessary for a player who expects to make good as a shortstop. The views of every well-known player who covers this position have been sought in compiling this book, illustrated. Price 10 cents.

No. 224—How to Play the Outfield.

Compiled especially for the young player who would become an expert. The best book on playing the outfield that has ever been published. There are just as many tricks to be learned, before a player can be a competent fielder, as there are in any other position on a nine, and this book explains them all. Price 10 cents.

No. 231—How to Coach; How to Captain a Team; How to Manage a Team; How to Umpire; How to Organize a League; Technical Terms of Base Ball.

A useful guide to all who are interested in the above subjects. Jimmy Collins writes on coaching; M. J. Kelly on captaining; Al Buckenberger on managing; Frank Dwyer of the American League staff on umpiring; Fred Lake on minor leagues, and the editor, T. H. Murphey, President of the New England League, on how to organize a league. The chapters on Technical Terms of Base Ball have been written by Henry Chadwick, the "Father of Base Ball," and define the meaning of all the terms peculiar to the National Game. Price 10 cents.

No. 219—Ready Reckoner of Base Ball Percentages.

To supply a demand for a book which would show the percentage of clubs without recourse to the arduous work of figuring, the publishers have had these tables compiled by an expert. Price 10 cents.

SPALDING ATHLETIC LIBRARY

BASE BALL AUXILIARIES.

No. 291—Minor League Base Ball Guide.

The minors' own guide. Contains pictures of leading teams, schedules, report of annual meeting National Association of Professional Base Ball Leagues, special articles and official rules. Edited by President T. H. Mur-nane, of the New England League. Price 10 cents. (Ready May 1.)

No. 2A—Spalding's Official Association Soccer Foot Ball Guide.

A complete and up-to-date guide to the "Soccer" game in the United States, containing instructions for playing the game, official rules, and interesting news from all parts of the country. Illustrated. Price 10 cents.

No. 293—Official Handbook of the National League of Professional Base Ball Clubs.

Contains the Constitution, By-Laws, Official Rules, Averages, and schedule of the National League for the current year, together with list of club officers and reports of the annual meetings of the League. Every follower

of the game should have a copy of this book if he wants to keep his file of Base Ball books complete. Price 10 cents.

No. 286—How to Play Soccer.

Owing to the great interest shown in "Soc-cer" foot ball in America, the publishers have had a book compiled in England, the home of the sport, telling how each position should be played, written by the best player in England in his res-pective position, and illustrated with full-page photographs of play-ers in action. As a text-book of the game this work is invaluable, and no "Soccer" player can afford to be without it. Price 10 cents.

Group II. Foot Ball

No. 2—Spalding's Official Foot Ball Guide.

Edited by Walter Camp. Contains the new rules, with diagram of field; All-America teams as selected by the leading authorities; reviews of the game from various sections of the coun-try; 1905 scores of all the leading teams; pic-tures of hundreds of players. Price 10 cents.

FOOT BALL AUXILIARIES.

No. 283—Spalding's Official Canadian Foot Ball Guide.

Edited by Frank D. Woodworth, Secretary-Treasurer Ontario Rugby Foot Ball Union. The official book of the game in Canada. Price 10 cents.

No. 284—How to Play Foot Ball.

Edited by Walter Camp. The contents embrace everything that a beginner wants to know and many points that an expert will be glad to learn. The pictures are made from snapshots of leading teams and play-ers in action, with com-ments by Walter Camp. Price 10

cents.

No. 294—Official Intercolle-giate Association Soccer Foot Ball Guide.

Contains the constitu-tion and by-laws of the Association, pictures of the teams, and official playing rules. Price 10 cents.

SPALDING ATHLETIC LIBRARY

Group III. Cricket

No. 3—Spalding's Official Cricket Guide.

Edited by Jerome Flannery. The most complete year book of the game that has ever been published in America. Reports of special matches, official rules and pictures of all the leading teams. Price 10 cents.

No. 277—Cricket; and How to Play it.

By Prince Ranjitsinhji. Every department of the game is described concisely and illustrated with full-page pictures posed especially for this book. The best book of instruction on the game ever published. Price 10 cents.

Group IV. Lawn Tennis

No. 4—Spalding's Official Lawn Tennis Annual.

Edited by H. P. Burchell, of the New York Times. Contents include a report of every important tournament played in 1906, embracing the National Championship, sectional and State tournaments; invitation and open tournaments; intercollegiate and interscholastic championships; women's national championships; foreign championships; indoor championships; official ranking for each year from 1885 to 1906; laws of lawn tennis; instructions for handicapping; decisions on doubtful points; regulations for the management of tournaments; directory of clubs; directions for laying out and keeping a court; tournament notes. Illustrated with pictures of leading players. Price 10 cents.

No. 157—How to Play Lawn Tennis.

A complete description of lawn tennis; a lesson for beginners and directions telling how to make the most important strokes. Illustrated. Price 10 cents.

No. 279—Strokes and Science of Lawn Tennis.

By P. A. Vaile, a leading authority on the game in Great Britain. Every stroke in the game is accurately illustrated and analyzed by the author. As a means of affording a comparison between the American and the English methods of play, this book is extremely useful. Price 10 cents.

Group V. Golf

No. 5—Spalding's Official Golf Guide.

The leading annual of the game in the United States. Contains records of all important tournaments, articles on the game in various sections of the country, pictures of prominent players, official playing rules and general items of interest. Price 10 cts.

No. 276—How to Play Golf.

By James Braid, the English Open Champion of 1906. A glance at the chapter headings will give an idea of the variety and value of the contents: Beginners' wrong ideas; method of tuition; choosing the clubs; how to grip the club; stance and address in driving; the upward swing in driving, etc.; Numerous full-page pictures of Champion Braid in action add to the book's attractiveness. Price 10 cts.

Group VI. Hockey

No. 6—Spalding's Official Ice Hockey Guide.

Written by the most famous player in Canada, A. Farrell, of the Shamrock hockey team of Montreal. It contains a complete description of hockey, its origin, points of a good player, and an instructive article on how game is played, with diagrams and official rules. Illustrated with pictures of leading teams. Price 10 cents.

SPALDING ATHLETIC LIBRARY

No. 154—Field Hockey.

To those in need of vigorous and healthful out-of-doors exercise, this game is recommended highly. Its healthful attributes are manifold and the interest of player and spectator alike is kept active throughout the progress of the game. The game is prominent in the sports at Vassar, Smith, Wellesley, Bryn Mawr and other leading colleges. Price 10 cents.

No. 188—Lawn Hockey, Garden Hockey, Parlor Hockey.

Containing the rules for each game. Illustrated. Price 10 cents.

No. 180—Ring Hockey.

A new game for the gymnasium, invented by Dr. J. M. Vorhees of Pratt Institute, Brooklyn, that has sprung into instant popularity; as exciting as basket ball. This book contains official rules. Price 10 cents.

HOCKEY AUXILIARY.

No. 256—Official Handbook of the Ontario Hockey Association.

Edited by W. A. Hewitt, of Toronto. Contains the official rules of the Association, constitution, rules of competition, list of officers, and pictures of leading players. Price 10 cents.

Group VII.

Basket Ball

No. 7—Spalding's Official Basket Ball Guide.

Edited by George T. Hephron. Contains the revised official rules, decisions on disputed points, records of prominent teams, reports on the game from various parts of the country, and pictures of hundreds of players. Price 10 cents.

No. 193—How to Play Basket Ball.

By G. T. Hephron, editor of the Official Basket Ball Guide. Contains full instructions for players, both for the expert and the novice, duties of officials, and specially posed full-page pictures showing the correct and incorrect methods of playing. The demand for a book of this character is fully satisfied in this publication, as many points are included which could not be incorporated in the annual publication of the Basket Ball Guide for want of room. Price 10 cents.

No. 260—Official Basket Ball Guide for Women.

Edited by Miss Senda Berenson, of Smith College. Contains the official playing rules of the game and special articles on the following subjects: Games for women, by E. Hitchcock, Director of Physical Training, and Dean of College, Amherst College; condition of women's basket ball in the Middle West, by W. P. Bowen, Michigan State Normal College; psychological effects of basket ball for women, by Dr. L. H. Gulick; physiological effects of basket ball, by Theodore Hough, Ph. D.; significance of basket ball for women, by Senda Berenson; relative merit of the Y. M. C. A. rules and women's rules, by Augusta Lane Patrick; A Plea for Basket Ball, by Julie Ellsbee Sullivan, Teachers' College, New York; diagram of field. Illustrated with many pictures of basket ball teams. Price 10 cents.

BASKET BALL AUXILIARY.

No. 278—Collegiate Basket Ball Guide.

The official publication of the new Collegiate Basket Ball Association. Contains the official rules, collegiate and high school records, All America selections, reviews of the collegiate basket ball season of 1905-6, and pictures of all the prominent college teams and individual players. Edited by H. A. Fisher, of Columbia. Price 10 cts.

SPALDING ATHLETIC LIBRARY

Group VIII. Bowling

No. 8—Spalding's Official Bowling Guide.

Edited by S. Karpf, Secretary of the American Bowling Congress. The contents include: History of the sport; diagrams of effective deliveries; how to bowl; a few hints to beginners; American Bowling Congress; the national championships; how to build an alley; how to score; spares—how they are made. Rules for cocked hat, cocked hat and feather, quintet, battle game, nine up and nine down, head pin and four back, ten pins—head pin out, five back, the Newport game, ten pin head. Price 10 cents.

Group IX. Indoor Base Ball

No. 9—Spalding's Official Indoor Base Ball Guide.

America's national game is now vying with other indoor games as a winter pastime. This book contains the playing rules, pictures of leading teams from all parts of the country, and interesting articles on the game by leading authorities on the subject. Price 10 cents.

Group X. Polo

No. 10—Spalding's Official Roller Polo Guide.

Edited by J. C. Morse. A full description of the game; official rules, records. Price 10 cents.

No. 129—Water Polo.

The contents of this book treat of every detail, the individual work of the players, the practice of the team, how to throw the ball, with illustrations and many valuable hints. Price 10 cents.

No. 199—Equestrian Polo.

Compiled by H. L. Fitzpatrick of the New York Sun. Illustrated with portraits of leading players and contains most useful information for polo players. Price 10 cents.

Group XI. Miscellaneous Games

No. 201—Lacrosse.

By William C. Schmeisser, captain Johns Hopkins University champion intercollegiate lacrosse team of 1902; edited by Ronald T. Abercrombie, ex-captain and coach of Johns Hopkins University lacrosse team, 1900-1904.

Every position is thoroughly explained in a most simple and concise manner, rendering it the best manual of the game ever published. Illustrated with numerous snapshots of important plays. Price 10 cents.

No. 248—Archery.

A new and up-to-date book on this fascinating pastime. Edited by Mr. Louis Maxson of Washington, D. C., ex-National champion. Contains a history of archery from its revival as a pastime in the eighteenth century to the present time, with list of winners and scores of the English Grand championships from 1844; National Archery Association of the United States winners and scores; the several varieties of archery; instructions for shooting; how to select implements; how to score; and a great deal of interesting information on the game. Illustrated. Price 10 cents.

No. 138—Spalding's Official Croquet Guide

Contains directions for playing, diagrams of important strokes, description of grounds, instructions for the beginner, terms used in the game, and the official playing rules. Price 10 cents.

SPALDING ATHLETIC LIBRARY

No. 271—Spalding's Official Roque Guide.

The official publication of the National Roque Association of America. Edited by Prof. Charles Jacobus, ex-champion. Contains a description of the courts and their construction, diagrams of the field, illustrations, rules and valuable information. Price 10 cents.

No. 194—Racquets, Squash-Racquets and Court Tennis.

The need of an authoritative handbook at a popular price on these games is filled by this book. How to play each game is thoroughly explained, and all the difficult strokes shown by special photographs taken especially for this book. Contains the official rules for each game, with photographs of well-known courts. Price 10 cents.

No. 13—How to Play Hand Ball.

By the world's champion, Michael Egan, of Jersey City. This book has been rewritten and brought up to date in every particular. Every play is thoroughly explained by text and diagram. The numerous illustrations consist of full pages made from photographs of Champion Egan, showing him in all his characteristic attitudes. Price 10 cents.

No. 167—Quoits.

By M. W. Deshong. The need of a book on this interesting game has been felt by many who wished to know the fine points and tricks used by the experts. Mr. Deshong explains them, with illustrations, so that a novice can readily understand. Price 10 cents.

No. 170—Push Ball.

Played with an air-inflated ball 6 feet in diameter, weighing about 50 pounds. A side consists of eleven men. This book contains the official rules and a sketch of the game; illustrated. Price 10 cents.

No. 14—Curling.

A short history of this famous Scottish pastime, with instructions for play, rules of the game, definitions of terms and diagrams of different shots. Price 10 cents.

No. 207—Bowling on the Green; or, Lawn Bowls.

How to construct a green; necessary equipment; how to play the game, and the official rules as promulgated by the Scottish Bowling Association. Edited by James W. Greig. Illustrated. Price 10 cents.

No. 188—Lawn Games.

Contains the rules for Lawn Hockey, Garden Hockey, Hand Tennis, Tether Tennis; also Volley Ball, Parlor Hockey, Badminton, Basket Goal. Price 10 cents.

No. 189—Children's Games.

Compiled by Jessie H. Bancroft, director of physical training, department of education, New York City. These games are intended for use at recesses, and all but the team games have been adapted to large classes. Suitable for children from three to eight years, and include a great variety. Price 10 cts.

Group XII. Athletics

No. 12—Spalding's Official Athletic Almanac.

Compiled by J. E. Sullivan, Chief Department Physical Culture, Louisiana Purchase Exposition, Director Olympic Games, 1904, Special Commissioner from the United States to the Olympic Games at Athens, 1906, and President

of the Amateur Athletic Union. The only annual publication now issued that contains a complete list of amateur best-on-records; complete intercollegiate records; complete English records from 1866; swimming records; interscholastic records; Irish, Scotch, Continental, South African and Australasian records; important athletic events and numerous photos of individual athletes and leading athletic teams. Price 10 cents.

No. 27—College Athletics.

M. C. Murphy, the well-known athletic trainer, now with Pennsylvania, the author of this book, has written it especially for the school-boy and college man, but it is invaluable for the athlete who wishes to excel in any branch of athletic sport. The subjects comprise the following articles: Training, starting, sprinting; how to train for the quarter, half, mile and longer distances; walking; high and broad jumping; hurdling; pole vaulting; throwing the hammer. It is profusely illustrated with pictures of leading athletes. Price 10 cents.

No. 182—All-Around Athletics.

Gives in full the method of scoring the All-Around Championship, giving percentage tables showing what each man receives for each performance in each of the ten events. It contains as well instructive articles on how

to train for the All-Around Championship. Illustrated with many pictures of champions in action and scores at all-around meets. Price 10 cents.

No. 156—Athlete's Guide.

How to become an athlete. It contains full instructions for the beginner, telling how to sprint, hurdle, jump and throw weights, general hints on training; in fact, this book is one of the most complete on the subject that has ever appeared. Special chapters contain valuable advice to beginners and important A. A. U. rules and their explanations, while the pictures comprise many scenes of champions in action. Price 10 cents.

No. 87—Athletic Primer.

Edited by James E. Sullivan, President of the Amateur Athletic Union. Tells how to organize an athletic club, how to conduct an athletic meeting, and gives rules for the government of athletic meetings; contents also include directions for building a track and laying out athletic grounds, and a very instructive article on training; fully illustrated with pictures of leading athletes. Price 10 cents.

No. 273—The Olympic Games at Athens, 1906.

A complete account of the Olympic Games of 1906, at Athens, the greatest International Athletic Contest ever held. Containing a short history of the games, story of the American team's trip and their reception at Athens, complete list of starters in every event; winners, their times and distances; the Stadium; list of winners in previous Olympic Games at Athens, Paris and St. Louis, and a great deal of other interesting information. Compiled by J. E. Sullivan, Special Commissioner from the United States to the Olympic Games. Price 10 cts.

No. 252—How to Sprint.

A complete and detailed account of how to train for the short distances. Every athlete who aspires to be a sprinter can study this book to advantage and gain useful knowledge. Price 10 cents.

SPALDING ATHLETIC LIBRARY

No. 255—How to Run 100 Yards.

By J. W. Morton, the noted British champion. Written by Mr. Morton during his recent American trip, in 1905, especially for boys. Mr. Morton knows how to handle his subject, and his advice and directions for attaining speed, will undoubtedly be of immense assistance to the great majority of boys who have to rely on printed instructions. Many of Mr. Morton's methods of training are novel to American athletes, but his success is the best tribute to their worth. Illustrated with photographs of Mr. Morton in action, taken especially for this book in New York City. Price 10 cents.

No. 174—Distance and Cross-Country Running.

By George Orton, the famous University of Pennsylvania runner. Tells how to become proficient at the quarter, half, mile, the longer distances, and cross-country running and steeplechasing, with instructions for training and schedules to be observed when preparing for a contest. Illustrated with numerous pictures of leading athletes in action, with comments by the editor on the good and bad points shown. Price 10 cents.

No. 246—Athletic Training for Schoolboys.

This book is the most complete work of its kind yet attempted. The compiler is Geo. W. Orton, of the University of Pennsylvania, a famous athlete himself and who is well qualified to give instructions to the beginner. Each event in the intercollegiate programme is treated of separately, both as regards method of training and form. By following the directions given, the young athlete will be sure to benefit himself without the danger of overworking as many have done through ignorance, rendering themselves unfitted for their task when the day of competition arrived. Price 10 cents.

No. 259—Weight Throwing.

By James S. Mitchell, Champion American weight thrower, and holder of American, Irish, British and Canadian championships. Probably no other man in the world has had the varied and long experience of James S. Mitchell in the weight throwing department of athletics. The book is written in an instructive way, and gives valuable information not only for the novice, but for the expert as well. Illustrated. Price 10 cents.

No. 55—Official Sporting Rules.

Contains rules not found in other publications for the government of many sports; rules for wrestling, shuffleboard, snowshoeing, professional racing, pigeon flying, dog racing, pistol and revolver shooting, British water polo rules, Rugby foot ball rules. Price 10 cts.

ATHLETIC AUXILIARIES.

No. 241—Official Handbook of the A.A.U.

The A.A.U. is the governing body of athletes in the United States of America, and all games must be held under its rules, which are exclusively published in this handbook, and a copy should be in the hands of every athlete and every club officer in America. This book contains the official rules for running, jumping, weight throwing, hurdling, pole vaulting, swimming, boxing, wrestling, etc. Price 10 cents.

No. 217—Olympic Handbook.

Compiled by J. E. Sullivan, Chief Department Physical Culture, Louisiana Purchase Exposition, and Director Olympic Games, 1904. Contains a complete report of the Olympic Games of 1904, with list of records and pictures of hundreds of athletes; also reports of the games of 1896 and 1900. Price 10 cents.

SPALDING ATHLETIC LIBRARY

No. 292—Official Intercollegiate A.A.A.A. Handbook.

Contains constitution, by-laws, laws of athletics and rules to govern the awarding of the championship cup of the Intercollegiate Athletic Association of Amateur Athletes of America, the governing body in college athletics. Contains official intercollegiate records from 1876 to date, with the winner's name and time in each event, list of points won by each college, and list of officers of the association from 1889. Price 10 cents.

No. 245—Official Y.M.C.A. Handbook.

Edited by G. T. Hepbron, the well-known athletic authority. It contains the official rules governing all sports under the jurisdiction of the Y.M.C.A., a complete report of the physical directors' conference, official Y.M.C.A. scoring tables, pentathlon rules, many pictures of the leading Y.M.C.A. athletes of the country; official Y.M.C.A. athletic rules, constitution and by-laws of the Athletic League of Y.M.C.A., all-around indoor test, volleyball rules; illustrated. Price 10 cents.

No. 281—Official Handbook of the Public Schools Athletic League.

This is the official handbook of the Public Schools Athletic League, which embraces all the public schools of Greater New York. It contains the official rules that govern all the contests of the league, and constitution, by-laws and officers. Edited by Dr. Luther Halsey Gulick, superintendent of physical education in the New York public schools. Illustrated. Price 10 cents.

No. 274—Intercollegiate Cross Country Handbook.

Contains constitution and by-laws, list of officers and records of the association. Price 10 cents.

Group XIII. Athletic Accomplishments

No. 177—How to Swim.

By J. H. Sterrett, a leading American swimming authority. The instructions will interest the expert as well as the novice; the illustrations were made from photographs especially posed, showing the swimmer in clear water; a valuable feature is the series of "land drill" exercises for the beginner, which is illustrated by many drawings. The contents comprise: A plea for education in swimming; swimming as an exercise and for development; land drill exercises; plain swimming; best methods of learning; the breast stroke, etc., etc. Price 10 cents.

No. 296—Speed Swimming.

By Champion C. M. Daniels of the New York Athletic Club team, holder of numerous American records, and the best swimmer in America qualified to write on the subject. Any boy should be able to increase his speed in the water after reading Champion Daniels' instructions on the subject. Price 10 cents.

No. 128—How to Row.

By E. J. Giannini, of the New York A. C., one of America's most famous amateur oarsmen and champions. This book will instruct any one who is a lover of rowing how to become an expert. It is fully illustrated, showing how to hold the oars, the finish of the stroke and other information that will prove valuable to the beginner. Price 10 cents.

No. 23—Canoeing.

Paddling, sailing, cruising and racing canoes and their uses; with hints on rig and management; the choice of a canoe; sailing canoes; racing regulations; canoeing and camping. Fully illustrated. Price 10 cents.

SPALDING ATHLETIC LIBRARY

No. 209—How to Become a Skater.

Contains advice for beginners; how to become a figure skater thoroughly explained, with many diagrams showing how to do all the different tricks of the best figure skaters. Illustrated with pictures of prominent skaters and numerous diagrams. Price 10 cents.

No. 282—Official Roller Skating Guide.

Contains directions for becoming proficient as a fancy and trick roller skater, and rules for roller skating. Pictures of prominent trick skaters in action. Price 10 cents.

No. 178—How to Train for Bicycling.

Gives methods of the best riders when training for long or short distance races; hints on training. Revised and up-to-date in every particular. Price 10 cents.

Group XIV. Manly Sports

No. 140—Wrestling.

Catch as catch can style. By E. H. Hitchcock, M.D., of Cornell, and R. F. Nelligan, of Amherst College. The book contains nearly seventy illustrations of the different holds, photographed especially and so described that anybody who desires to become expert in wrestling can with little effort learn every one. Price 10 cents.

No. 18—Fencing.

By Dr. Edward Breck, of Boston, editor of the Swordsman, and a prominent amateur fencer. A book that has stood the test of time, and is universally acknowledged to be a standard work. Illustrated. Price 10 cents.

No. 162—Boxing Guide.

For many years books have been issued on the art of boxing, but it has remained for us to arrange a book that we think is sure to fill all demands. It contains over 70 pages of illustrations showing all the latest blows, posed especially for this book under the supervision of a well-known instructor of boxing, who makes a specialty of teaching and knows how to impart his knowledge. Price 10 cents.

No. 165—The Art of Fencing.

This is a new book by Regis and Louis Senac, of New York, famous instructors and leading authorities on the subject. Messrs. Senac give in detail how every move should be made, and tell it so clearly that anyone can follow the instructions. Price 10 cents.

No. 236—How to Wrestle.

Without question the most complete and up-to-date book on wrestling that has ever been printed. Edited by F. R. Toombs, and devoted principally to special poses and illustrations by George Hackenschmidt, the "Russian Lion." Price 10 cents.

No. 102—Ground Tumbling.

By Prof. Henry Walter Worth, who was for years physical director of the Armour Institute of Technology. Any boy, by reading this book and following the instructions, can become proficient. Price 10 cents.

No. 289—Tumbling for Amateurs.

This book was specially compiled for the use of amateurs by Dr. James T. Gwathmey, director of the Vanderbilt University Gymnasium, Nashville, Tenn. Every variety of the pastime is explained by text and pictures, the latter forming a very important feature of the book, over 100 different positions being shown. Price 10 cts.

SPALDING ATHLETIC LIBRARY

No. 191—How to Punch the Bag.

By W. H. Rothwell ("Young Corbett"). This book is undoubtedly the best treatise on bag punching that has ever been printed. Every variety of blow used in training is shown and explained. The pictures comprise thirty-three full page reproductions of Young Corbett as he appears while at work in his training quarters. The photographs were taken by our special artist and cannot be seen in any other publication. Fancy bag punching is treated by a well-known theatrical bag puncher, who shows the latest tricks. Price 10 cents.

No. 143—Indian Clubs and Dumb-Bells.

Two of the most popular forms of home or gymnasium exercise. This book is written by America's amateur champion club swinger, J. H. Dougherty. It is clearly illustrated, by which any novice can become an expert. Price 10 cents.

No. 166—How to Swing Indian Clubs.

By Prof. E. B. Warman, the well-known exponent of physical culture. By following the directions carefully anyone can become an expert. Price 10 cents.

No. 200—Dumb-Bells.

This is undoubtedly the best work on dumb-bells that has ever been offered. The author, Mr. G. Bojus, was formerly superintendent of physical culture in the Elizabeth (N. J.) public schools, instructor at Columbia University (New York), instructor for four years at the Columbia summer school and is now proprietor of the Park Place Gymnasium, at 14 Park Place, New York City. The book contains 200 photographs of all the various exercises with the instructions in large, readable type. It should be in the hands of every teacher and pupil of physical culture, and is invaluable for home exercise. Price 10 cents.

No. 262—Medicine Ball Exercises.

This book is not a technical treatise, but a series of plain and practical exercises with the medicine ball, suitable for boys and girls, business and professional men, in and out of gymnasium. Lengthy explanation and technical nomenclature have been avoided and illustrations used instead. The exercises are fascinating and attractive, and avoid any semblance of drudgery. Edited by W. J. Cromie, physical director Germantown (Pa.) Y.M.C.A. Price 10 cents.

No. 29—Pulley Weight Exercises.

By Dr. Henry S. Anderson, instructor in heavy gymnastics Yale gymnasium, Anderson Normal School, Chautauqua University. In conjunction with a chest machine anyone with this book can become perfectly developed. Price 10 cents.

No. 233—Jiu Jitsu.

A complete description of this famous Japanese system of self-defence. Each move thoroughly explained and illustrated with numerous full-page pictures of Messrs. A. Minami and K. Koyama, two of the most famous exponents of the art of Jiu Jitsu, who posed especially for this book. Be sure and ask for the Spalding Athletic Library book on Jiu Jitsu. Price 10 cents.

Group XV. Gymnastics

No. 104—The Grading of Gymnastic Exercises.

By G. M. Martin, Physical Director of the Y. M. C. A. of Youngstown, Ohio. It is a book that should be in the hands of every physical director of the Y. M. C. A., school, club, college, etc. Price 10 cents.

SPALDING ATHLETIC LIBRARY

No. 214—Graded Calisthenics and Dumb-Bell Drills.

By Albert B. Wegener, Physical Director Y. M. C. A., Rochester, N. Y. Ever since graded apparatus work has been used in gymnastics, the necessity of having a mass drill that would harmonize with it has been felt. For years

it has been the established custom in most gymnasiums of memorizing a set drill, never varied from one year's end to the other. Consequently the beginner was given the same kind and amount as the older member. With a view to giving uniformity the present treatise is attempted. Price 10 cents.

No. 254—Barnjum Bar Bell Drill.

Edited by Dr. R. Tait McKenzie, Director Physical Training, University of Pennsylvania. Profusely illustrated. Price 10 cents.

No. 158—Indoor and Outdoor Gymnastic Games.

Without question one of the best books of its kind ever published. Compiled by Prof. A. M. Chesley, the well-known Y. M. C. A. physical director. It is a book that will prove valuable to indoor and outdoor gymnasiums, schools,

outings and gatherings where there are a number to be amused. The games described comprise a list of 120, divided into several groups. Price 10 cents.

No. 124—How to Become a Gymnast.

By Robert Stoll, of the New York A. C., the American champion on the flying rings from 1885 to 1892. Any boy who frequents a gymnasium can easily follow the illustrations and instructions in this book and with a little practice become proficient on the horizontal and parallel bars, the trapeze or the "horse." Price 10 cents.

No. 287—Fancy Dumb Bell and Marching Drills.

By W. J. Cromie, Physical Director Germantown (Pa.) Y.M.C.A. The author says: All concede that games and recreative exercises during the adolescent period are preferable to set drills and monotonous movements. If we

can introduce this game-and-play element in our gymnastic exercises, then dumb bells will cease to be the boy's nightmare, and he will look forward with expectancy to mass work as much as he formerly did to "shooting a goal." These drills, while designed primarily for boys, can be used successfully with girls and men and women. Profusely illustrated. Price 10 cents.

Physical Group XVI. Culture

No. 161—Ten Minutes' Exercise for Busy Men.

By Dr. Luther Halsey Culick, Director of Physical Training in the New York public schools. Anyone who is looking for a concise and complete course of physical education at home would do well to procure a copy of this book. Ten

minutes' work as directed in exercise anyone can follow. It already has had a large sale and has been highly recommended by all who have followed its instructions. Price 10 cts.

No. 208—Physical Education and Hygiene.

This is the fifth of the Physical Training series, by Prof. E. B. Warman (see Nos. 142, 149, 166, 185, 213, 261, 290). A glance at the contents will show the variety of subjects: Chapter I—Basic principles; longevity. Chapter II—Hints on eating; food values; the uses of salt. Chapter III—Medicinal value of certain foods. Chapter IV—The efficacy of sugar; sugar, food for muscular work; eating for strength and endurance; fish as brain food; food for the children. Chapter V—Digestibility; bread; appendicitis due to flour, etc., etc. Price 10 cents.

SPALDING ATHLETIC LIBRARY

No. 149—The Care of the Body.

A book that all who value health should read and follow its instructions. By Prof. E. B. Warman, the well-known lecturer and authority on physical culture. Price 10 cents.

No. 142—Physical Training Simplified.

By Prof. E. B. Warman, the well-known physical culture expert. Is a complete, thorough and practical book where the whole man is considered—brain and body. Price 10 cents.

No. 185—Health Hints.

By Prof. E. B. Warman, the well-known lecturer and authority on physical culture. Prof. Warman treats very interestingly of health influenced by insulation; health influenced by underwear; health influenced by color; exercise. Price 10 cents.

No. 213—285 Health Answers.

By Prof. E. B. Warman.

Contents: Necessity for exercise in the summer; three rules for bicycling; when going uphill; sitting out on summer nights; ventilating a bedroom; ventilating a house; how to obtain pure air; bathing; salt water baths at home; a substitute for ice water; to cure in somnia; etc. etc. Price 10 cents.

No. 238—Muscle Building.

By Dr. L. H. Gulick, Director of Physical Training in the New York public schools. A complete treatise on the correct method of acquiring strength. Illustrated. Price 10 cents.

No. 234—School Tactics and Maze Running.

A series of drills for the use of schools. Edited by Dr. Luther Halsey Gulick, Director of Physical Training in the New York public schools. Price 10 cents.

No. 261—Tensing Exercises.

By Prof. E. B. Warman, and uniform with his other publications on Scientific Physical Training (see Spalding's Athletic Library Nos. 142, 149, 166, 185, 208, 213, 290). The "Tensing" or "Resisting" system of muscular exercises is the most thorough, the most complete, the most satisfactory, and the most fascinating of systems. Price 10 cts.

No. 285—Health; by Muscular Gymnastics.

With hints on Right Living. By W. J. Cromie, Physical Director Germantown (Pa.) Y.M.C.A. The author says: "Seeing the great need for exercise among the masses and knowing that most books on the subject are too expensive or too difficult to comprehend, the author felt it his privilege to write one which is simple and the price of which is within the reach of all. If one will practise the exercises and observe the hints therein contained, he will be amply repaid for so doing." Price 10 cents.

No. 288—Indigestion Treated by Gymnastics

By W. J. Cromie, Physical Director Germantown (Pa.) Y.M.C.A. This book deals with the causes, symptoms and treatment of constipation and indigestion. It embraces diet, water cure, mental culture, massage and photographic illustrations of exercises which tend to cure the above diseases. If the hints therein contained are observed and the exercises faithfully performed, most forms of the above diseases will be helped, Price 10 cents.

No. 290—Get Well; Keep Well.

This is a series of chapters by Prof. E. B. Warman, the author of a number of books in the Spalding Athletic Library on physical training. The subjects are all written in a clear and convincing style. Price 10 cents.

1, Dr. Wm. H. Maddren, President U. S. I. C. L. L.

Preface.

When the United States and Canada are united, Lacrosse may well claim to be the national game of the Union; for long before the earliest white pioneers and voyageurs in North America, the game of baggataway, which afterward became lacrosse, was played by the Indian tribes in widely scattered parts of the northern continent of America. The origin of the game is lost in the past, but when we consider that at the time of the earliest authentic reports the game was played by tribes as far south as Alabama, and as far north as Canada, and as far west as Dakota and the Rocky Mountains, we realize it must have been in existence a long time to have spread over so vast an area.

Among the Indian tribes the game was a preparation for the war path as well as a sport, and matches often lasted from sunrise to sunset, and sometimes two or three days. The goals were any marked trees or rocks which happened to be at the ends of the field. Sometimes the single pole and sometimes the two-pole goal was used, and the field was from half a mile to three miles long. The goal posts varied in size, but some were as at present, six feet long and six feet apart. At times 800 or 1,000 players took part in the game at once, and the object of each of the contending parties was to strike or pass the goal of its opponent, and at the same time defend its own goal. A match was won by the side scoring an agreed number of goals first. Some of the tribes used two sticks and some one. These sticks or crosses were about three feet long, bent at the end into an oblong loop, which was strung loosely with rawhide. The ball was about the size of a tennis ball, and was made of deerskin or rawhide, stuffed with hair and sewed with sinews. Some of the tribes required the goal post to be struck with the ball, others that the ball be thrown or carried between the goal posts below a line stretched

across their tops. It may be seen that a game such as this, played by one tribe against another, might be a rude sport, differing greatly from the gentle pastime of to-day.

Modern lacrosse, as played by white men, while tamer than the Indian game, is still lively enough to satisfy the most ambitious athlete. The length of the field has been reduced to 125 yards, and the number of players to twelve, while the sticks or crosses have been lengthened so that when stood upright they will barely go under the arm of the player when the arm is extended from the body parallel with the ground. The part in which the ball is caught is usually about thirty inches in length and nine inches in width, and is strung loosely with rawhide or clock-cord.

With the elimination of old methods of play, the white man has introduced team play and science into the game, so that now it is recognized that no team of individual players, no matter how skillful, can beat a team of merely good players who have fine team organization.

No two players are alike, but every player must subordinate his individual peculiarities to the general welfare of the team. This results in mental drill as well as physical exercise. Many games have some things to recommend them, but no field game requires in a greater degree the combination of bodily vigor and manual skill, of physical endurance and mental quickness, of individual excellence and team organization, than lacrosse.

No player in lacrosse needs favoritism from nature; the tall man has some advantages over the short man, but these in turn are offset by other advantages of the short man. The heavy man may be outstripped by the light man, or pushed aside in a close struggle for the ball; the slow man may make up for his lack of speed by mental alertness and "head work." The man who studies the game and practices hard will become a valuable player, no matter what his physical make-up may be. It combines the best features of all other games and for an all-around pastime for Young America it is equalled by few and excelled by none.

C. C. M.

Constitution of the United States Inter-Collegiate Lacrosse League.

ARTICLE I.

This organization shall be called UNITED STATES INTERCOLLEGIATE LACROSSE LEAGUE.

ARTICLE II.

The object of this organization shall be the fostering of the game of lacrosse in the collegiate institutions of the United States.

ARTICLE III.

SECTION 1. Its members shall be the lacrosse clubs, associations or teams representing the following collegiate institutions: Columbia University, Cornell University, Harvard University, Johns Hopkins University, Lehigh University, University of Pennsylvania, Stevens Institute of Technology, Swarthmore College and Hobart College; together with such other collegiate institutions as may hereafter be admitted in the manner herein provided.

SEC. 2. Each member shall have two representatives, one graduate and one undergraduate; each of whom shall have a vote at all meetings of the league.

SEC. 3. In case any representative cannot be present at any meeting, he may be represented by proxy, provided that a written request to such effect be presented to the meeting.

SEC. 4. The representatives shall at the annual convention elect two members at large, neither of whom shall represent any member during his term of office. They shall hold office for two years, and shall each have a vote at all meetings of the league. In case of a vacancy, it may be filled at any meeting by ballot.

ARTICLE IV.

SECTION 1. Any collegiate institution desiring to be represented in this league shall present an official application to the Secretary

of the league who shall report the same to the annual convention. A ballot shall then be taken, and if the vote is unanimous, the collegiate institution shall be admitted to the league on compliance with the several provisions of the following section:

SEC. 2. No collegiate institution shall become a member of the league until said institution has signed an agreement to be bound by the Constitution, By-Laws and Playing Rules of the league, and has paid the annual dues in advance.

ARTICLE V.

SECTION 1. The officers shall consist of a President, a Vice-President and a Secretary-Treasurer. They shall be elected at the annual convention from the graduate representatives by ballot, and shall hold office for one year.

SEC. 2. Any vacancy occurring in any of said offices may be filled by any graduate representative appointed by the President and approved by two-thirds of the representatives, in writing.

ARTICLE VI.

SECTION 1. The President shall preside at all meetings of the league and shall, through the Secretary, call all meetings of the league.

SEC. 2. In case of the President's absence or resignation the Vice-President shall perform the duties of the President.

SEC. 3. The duties of the Secretary-Treasurer shall be as follows: (a) As Secretary he shall keep an accurate record of all official transactions of the league, and a Register containing the names of its members, together with the names of the officers of each, and name and addresses of managers of teams and of representatives. He shall also keep a record of names of teams, days and places of playing and results of games, and shall conduct all official correspondence of the league. He shall issue all requisite notices and notifications and shall report to the Annual Convention. (b) As Treasurer he shall receive and hold all funds of the league and disburse the same according to the direction of the Executive Committee. He shall keep a correct account

of all moneys received and disbursed by him, and shall report the same to the Annual Convention.

ARTICLE VII.

SECTION 1. There shall be an Executive Committee, consisting of the President, Vice-President, Secretary-Treasurer and the members at large. They shall carry on the business of the league between the Annual Conventions, and may, at their discretion, or on written request of two-thirds of the members, call special meetings of the General Committee composed of all the representatives, which committee shall have the same powers as the Annual Convention with regard to the matters mentioned in the following section:

SEC. 2. The Executive Committee shall investigate and decide all complaints in regard to points of play, violations of the Constitution, By-Laws or Playing Rules or disputes arising thereunder. Such complaints must be presented in writing to the Secretary who shall on the approval of the President, at once call a meeting of the Executive Committee to consider the matter. The complainant and member complained against shall be given reasonable notice of the date and place of such meeting and the representatives of each may be present. At such meetings a majority of the committee shall constitute a quorum.

SEC. 3. Any member may carry an appeal from the Executive Committee to the next Annual Convention on filing with the Secretary a notice of intention to so appeal, stating fully the grounds of such appeal.

ARTICLE VIII.

SECTION 1. The league shall have jurisdiction over all its members.

ARTICLE IX.

SECTION 1. The Annual Convention shall consider and finally dispose of all matters appealed to it as hereinbefore provided.

SEC. 2. The Annual Convention may by a two-thirds vote, (a) suspend or expel any member of the league for foul play or

unfair conduct of its team; whether such offence be committed by the team collectively or by individual members of such team; or (b) prohibit offending individuals from playing lacrosse on the 'varsity team of any member for the remainder of the season; or (c) suspend or expel a member of the league for violation of the Constitution, By-Laws or Playing Rules of the league.

ARTICLE X.

SECTION I. The Annual Convention shall be held in New York City during the Christmas holidays, at a time and place decided upon by the President; and notice of such convention shall be sent by the Secretary-Treasurer to every member of the league at least ten days before the date decided upon. Each member shall then immediately send to the Secretary-Treasurer the names of its representatives for the ensuing year.

By-Laws.

ARTICLE I.

SECTION 1. The league, as at present constituted, shall consist of two sections—Northern and Southern. The Northern section shall include Columbia University, Cornell University, Harvard University, Hobart College, and University of Pennsylvania. The Southern section shall include Johns Hopkins University, Lehigh University, Stevens Institute of Technology and Swarthmore College.

SEC. 2. Each team shall play one match with every other team in its section for the sectional championship; and such games shall be home and home games.

SEC. 3. The Executive Committee shall purchase two trophies before March 1st of every year, one to be awarded to each of the teams deemed by said committee winner of the championship of its section. Any member aggrieved by such award may appeal in the manner provided in Article VII, Sec. 3 of the Constitution, to the Annual Convention. Said trophies shall be of similar design, and neither shall exceed twenty dollars (\$20) in cost.

SEC. 4. Every member of the league shall pay annual dues of \$10, payable in advance at the Annual Convention. No additional assessment shall be made unless by the request of the Executive Committee and on written approval by all of the members.

ARTICLE II.

SECTION 1. A majority of the representatives shall constitute a quorum of any meeting.

ARTICLE III.

SECTION 1. The visiting team shall pay its own expenses, and the total receipts of any championship match shall go to the home club, unless other arrangements be made by the teams interested.

SEC. 2. Any team that shall without the consent of its adversary fail to appear at the time and place appointed for a championship match or shall refuse to play such match or shall withdraw from such match prior to its termination shall forfeit such match unless a satisfactory excuse in writing shall be filed with the Secretary-Treasurer within ten days after such date. The Executive Committee shall at once decide as to the sufficiency of such excuse and may require the team at fault to pay at once the expenses of the other. From such decision an appeal may be carried to the Annual Convention in the manner provided in Article VII, Sec. 3, of the Constitution. Any member whose team shall without sufficient excuse forfeit more than one match shall forfeit its membership in the league.

SEC. 3. The teams winning the sectional championships may, if they so desire, play a match for the championship of the league. Such match shall be played on neutral grounds; and, if duly arranged for, shall be subject to the provisions of this article, except that the teams shall divide expenses and net receipts. The Executive Committee may on approval of all the members in writing purchase a trophy at a cost not to exceed twenty dollars (\$20), and award the same to the winning team. Such award shall be subject to appeal in the manner provided in Article VII, Sec. 3, of the Constitution.

ARTICLE IV.

SECTION 1. All official correspondence between the Secretary-Treasurer and the members of the league shall be conducted through the managers of teams, and notices shall be sent to them.

ARTICLE V.

SECTION 1. Each member of a team must be a bona fide student of some department of the collegiate institution he represents, and no such student shall be allowed to play more than the total number of four years of "varsity lacrosse."

SEC. 2. Such student must be an amateur and must be eligible according to the rules and definitions of the collegiate institution

he represents; but the one year residence rule shall be strictly applied and construed only to men who have represented another institution in intercollegiate lacrosse.

SEC. 3. Each member shall be deemed to guarantee the eligibility of each of the members of its team; and any member proved to have allowed, to represent it, a player ineligible under the provisions of this article shall forfeit all matches in which such player competed, and may be suspended or expelled from the league.

ARTICLE VI.

SECTION I. The league hereby adopts the rules known as the American Lacrosse Rules.

ARTICLE VII.

SECTION I. No amendment or alteration shall be made in any part of the Constitution, By-Laws or Playing Rules of the league except at the Annual Convention and by a two-thirds vote of all the undergraduate representatives. Notice of proposed amendments or alterations shall be sent by the introducer to the Secretary-Treasurer, who shall notify each member of the league at least ten days before the Annual Convention.

American Lacrosse Rules.

RULE I.

THE CROSSE.

SECTION I. The crosse may be of any length to suit the player, and shall not exceed one foot in width. It shall be woven with cat-gut. ("Cat-gut" is intended to mean rawhide, gut or clock string; not cord or soft leather.) A string must be brought through a hole in the side of the tip of the turn, to prevent the point of the stick catching on opponent's crosse. A leading string resting upon the top of the stick may be used, but shall not be fastened so as to form a pocket lower down the stick than one of the length-strings. The length-strings shall be woven to within two inches of their termination, so that the ball cannot catch in the meshes. Metal of any kind shall not be allowed upon the crosse; splices must be made either with string or gut.

RULE II.

THE BALL.

The ball shall be India-rubber sponge, not less than seven and three-quarters, nor more than eight inches in circumference and four and a half to five ounces in weight. In matches it shall be furnished by the home club, and shall become the property of the winning team.

LACROSSE GOAL NET.

RULE III.

GOALS.

SECTION I. Each goal shall consist of two poles six feet apart, and six feet high out of the ground, joined by a rigid top cross-bar. The poles must be fitted with a pyramid-shaped netting (as shown in sketch) of not more than one and one-half inches mesh, which pyramid shall extend and be fastened to a stake in the

ground at a point seven (7) feet back of the center of the goal, and said netting shall be so made as to prevent the passage of the ball put through the goal from the front, and the bottom of the netting must be held close to the ground with tent pegs or staples. They shall be placed at least 110 yards, and if the ground will permit, 125 yards, from each other. In matches, they must be furnished by the home club.

SECTION 2. The Goal Crease shall be a marked line, 18 x 12 feet, and the goal poles shall be placed six feet from the front and back lines and six feet from the side lines.

RULE IV.

THE TEAMS.

SECTION 1. Twelve players shall constitute a full team; they shall be regular members, and in good standing, of the club they represent and of no other club.

SEC. 2. The players on each side shall be designated as follows:

"Goal Keeper," who defends the goal; "Point," first man from goal; "Cover Point," in front of point; "First, Second and Third Defence;" "Center," who faces; "Third, Second and First Attack," and the players nearest the opponents' goal shall be called "Outside Home" and "Inside Home."

RULE V.

FIELD CAPTAINS.

SECTION 1. Field Captains, to superintend the play, shall be appointed by each club previous to the commencement of a match. They shall be members of the club for whom they act and of no other. They may or may not be players in a match, but neither team shall have as Field Captain a non-player without consent of the other team.

SEC. 2. Field Captains who are non-players shall not carry a crosse, nor shall they be dressed in lacrosse uniform, nor shall they in any manner obstruct the play or interfere with an opponent during the match.

SEC. 3. They alone shall be the representatives of their respective teams in all disputes.

SEC. 4. They shall "toss" for choice of goals, and none other than either of the said Field Captains, or the Referee, shall be allowed to claim "foul" during a match. The Field Captain shall report infringements of the laws during a match to the Referee. They shall also define the bounds of the playing field, and report same to the Referee.

SEC. 5. If, after the commencement of a match, it becomes apparent that either Umpire is guilty of giving unjust decisions, the Field Captain of the side offended may enter a protest with the Referee against his conduct, and ask for his removal and the reversal of the Umpire's decision.

SEC. 6. The Field Captain, as well as the members of his team, shall be answerable to the authority of the Referee, and shall be liable to expulsion from the field by the Referee.

RULE VI

REFEREE.

SECTION I. The Referee shall be a disinterested party, and shall not be a member of either of the contending clubs, unless agreed upon by both clubs. The authority of the Referee shall commence from the time of the appointment, and shall continue until the end of the match.

SEC. 2. The referees and umpires who are to act in the games on the official schedule shall be agreed upon at the annual convention. Alternates shall also be chosen, the expenses connected therewith to be shared equally by the two contesting teams.

SEC. 3. In case principals and alternates fail to appear, the captains of the two contesting teams shall settle upon the referee and umpires.

SEC. 4. Before the match the Referee shall see that properly qualified Umpires are selected, as provided for in Rule VII, and Time Keepers as provided for in Rule VIII.

SEC. 5. When "foul" has been called by either Captain, the Referee shall immediately call "time" or blow his whistle (except

as provided in the following Section), after which the ball must not be touched by either party, nor shall the players move from the position in which they happen to be at the moment, until the Referee has again started the game.

SEC. 6. He shall not have the power to suspend play when the player who has been fouled is still in possession of the ball, or the ball remains in the possession of such player's side.

SEC. 7. The jurisdiction of the Referee shall not extend beyond the match for which he is appointed. At the commencement of each game, and after "fouls" and "ball out of bounds," he shall see that the ball is properly faced. He shall have the power to call a foul on any player or Field Captain of either side.

SEC. 8. Any side rejecting his decision, by refusing to continue the match, shall be declared losers. All disputed points, or matters of appeal, that may arise during his continuance in office shall be left to his decision, which shall be final, provided his decisions have been in accord with the Rules and Constitution.

SEC. 9. If "foul" has been claimed by either Field Captain and the game scored before the Referee has had an opportunity to call "time," the Referee shall decide whether or not a foul has been committed; and if he decides that a foul has been committed, he shall give a free throw, face the ball, or allow the goal if Section 6 is applicable.

SEC. 10. In the event of a complaint being made and proven against the decisions of either Umpire, the Referee shall dismiss the Umpire and appoint another, setting aside and reversing the decision objected to.

SEC. 11. The Referee shall, in addition to his control of the players, have control and jurisdiction over the two Field Captains, and in the event of either Field Captain interfering with the players in the opposing team, or being guilty of threatening, profane or obscene language, or in any way violating any rule that would bring a player under censure, the Referee shall be empowered to order the Field Captain to leave the field, and the refusal on the part of any Field Captain to obey such a ruling, shall forfeit the match to the opposing team.

SEC. 12. In the event of Umpires not being appointed by consent of the clubs, it shall be the duty of the Referee to appoint one or more Umpires as may be required, neither of whom shall be one of the parties objected to by either club.

SEC. 13. The home club in all matches shall be responsible for keeping the grounds clear of spectators, and in cases where the spectators persist in crowding on the grounds, or in any way interfering with the players or the officials so as to delay the progress of, or affect the result of, the match, the Referee shall declare the match off, and on his reporting the circumstances to the Advisory Committee, they shall order the match to be played over on neutral grounds on a date to be fixed by them, or the match awarded to the club not at fault.

SEC. 14. Any goal scored after the Referee has blown his whistle or called time, shall not count.

SEC. 15. The Referee shall strictly enforce the whole of Rule X.

RULE VII.

UMPIRES.

SECTION 1. There shall be two Umpires, one at each goal. They shall be disinterested parties and shall not be removed during the progress of the match, except by order of the Referee.

SEC. 2. They shall not change goals during the match, and shall stand behind the goals. In the event of the game being claimed, the Umpire at the goal shall at once decide whether or not the ball has passed through the goal, his decision simply being "goal" or "no goal," without comment of any kind. His decision shall be final, except as provided in Rule VI, Section 10.

RULE VIII.

TIME KEEPERS.

SECTION 1. Two Time Keepers shall be appointed, one by each Field Captain, before the commencement of the match, whose duty it shall be to keep an accurate account of the time of each game, deducting time for stoppages in the actual play resulting

from injuries to players, ball out of bounds, or disputes. They shall also keep a record of all time lost between games. They shall immediately report to the Referee any variance in their time, and the matter shall be at once decided by him. The Referee shall compare the record of both Time Keepers immediately after each game. He shall be guided by them as to the duration of the match.

RULE IX.

THE GAME.

SECTION 1. Before the match begins the Referee shall draw the players up in lines and see that the regulations respecting the ball, crosses and shoes are complied with. Disputed points, whereon the captains disagree, shall be left to his decision.

SEC. 2. The game shall be started in the center of the field by the Referee placing the ball between and touching the reverse surfaces of the crosses of the players facing, and when both sides are ready the Referee shall call "play." This is known as "facing." The players shall have their left side toward the goal they are attacking, and in every case the crosses must be drawn. The ball shall be faced in any part of the field in this manner whenever it is necessary. In all cases where the ball is faced no player shall be allowed within 10 feet of those facing the ball until it is in play.

SEC. 3. Games in all cases must be won by putting the ball through the goal from the front side.

SEC. 4. After the end of the first half the opposing teams shall change goals."

SEC. 5. Should the ball be accidentally put through a goal by one of the players defending it, it shall be a goal for the team attacking the goal. Should it be put through a goal by any one not actually a player it shall not count.

SEC. 6. In the event of the goal post being knocked down and the ball put through what would be the goal in the opinion of the Umpire at that end, if the goal posts were standing, it shall count a game for the attacking side.

SEC. 7. In no case must the ball be faced closer to the goals than ten (10) yards in any direction.

SEC. 8. The goal keeper, while defending his goal within the goal crease, although not allowed to catch and throw with his hand, may bat away with his hand or block in any manner with his crosse or body.

SEC. 9. Should the ball lodge in any place inaccessible to the crosse, or become ensnared in the goal netting, it may be taken out with the hand, and the player picking it up must face for it ten feet within playing limits with his nearest opponent. In case either uses a left-handed crosse, the Referee shall call "play" when both are ready and toss the ball up between them.

SEC. 10. Should the ball catch in the crosse netting, the crosse shall be immediately struck on the ground to dislodge it.

SEC. 11. Ball thrown out of bounds must be "faced" at the nearest spot where it left the bounds and all the players shall remain in their places until the ball is faced.

SEC. 12. Players may exchange their crosses during a match.

SEC. 13. If the player should be in possession of the ball when "time" is called he must drop it on the ground. If the ball enters the goal after "time" has been called it shall not count.

SEC. 14. Should a player lose his crosse during the game he shall consider himself "out of play," and shall not be allowed to kick the ball or touch it in any way until he recovers his crosse.

SEC. 15. Any player considering himself purposely injured during the play must report to the captain, who shall report to the Referee.

SEC. 16. Captains may change the players on their teams at any time during the game, but no new player may go on the field until the player, whose place he is taking, has left it and both have so notified the Referee. No player having once left the game may return to it.

Amendment adopted December 29, 1902.

SEC. 17. Should one team be deficient in the number of players, at the time fixed for starting a match, their opponents may, if they see fit, limit their own number, to equalize the sides, but no game shall be played with less than ten players on a side.

SEC. 18. No change of players shall be made after the match has commenced, except as herein provided, or by the consent of both captains.

SEC. 19. Should a foul be claimed and disallowed, the side against whom the foul has been claimed shall be allowed a free throw or the ball shall be faced, at the option of the Referee; should the foul be allowed the player fouled shall have a free throw, but in no case shall it be made within ten (10) yards of the goal. By a free throw it is understood that the player fouling and the one fouled shall be placed in the same positions as they occupied immediately previous to the foul, the player fouled having the ball on his crosse. At the word "play" from the Referee, each shall be allowed to play in any manner allowed by the rules of the game.

SEC. 20. A match shall consist of two thirty-five minute halves, with an intermission of ten minutes between halves, and the side scoring the greater number of goals shall be declared the winner. Time is to be taken out whenever time is called. In the event of a tie, play shall be continued after an intermission of ten minutes, for one-quarter hour, and the side having scored the greater number of goals at the end of this time shall be declared the winner. In the event of a tie at the end of this time, the Captains shall decide whether the game be postponed or playing continued until a goal be scored, or that it remain a tie.

SEC. 21. On the day selected, if one club only, with at least ten of its regular players and substitutes, put in an appearance, it shall be entitled to claim a victory by default. If its opponents refuse to fulfil their engagement, or do not appear upon the ground at the specified time, the club complying with the terms agreed shall be declared the winner of the match, unless the defaulting club is delayed by circumstances beyond its control.

RULE X.

SETTLEMENT AND PENALTY FOR "FOULS."

For all fouls except Nos. 13 and 19, the Referee shall have power to suspend the offending player for the remainder of the

game, or at his option to warn the offending player for the first offence and to suspend him for the remainder of the game for the second offence. If the player offends after being suspended once he shall be removed for the remainder of the match.

For violations of Nos. 13 and 19, the player shall at once be removed for the remainder of the match.

A player shall not:

1. Hold an opponent's crosse with his hands, arms or between his legs; nor hold, strike or trip him with his crosse; run in front of him or interfere in any way to keep him from the ball until another player reaches it.

2. Hold, strike or trip an opponent, or push him with the hand.

3. Wrestle with legs entwined, so as to throw an opponent.

4. Touch the ball with his hands, save as in Rule IX, or excepting goal-keeper as in Rule IX.

5. Throw his crosse at a player or at the ball under any circumstances.

6. Move from his position when "time" is called until the ball is again faced.

7. No player except the goal-keeper shall stand within the goal crease, nor shall he check the goal-keeper while the latter is within the bounds of the goal crease. Any goal made while an attacking player is within the goal crease or interfering with the goal-keeper while the latter is within the crease, shall be deemed a foul, and shall not be counted. The offending player and side shall be subject to the usual penalty for fouls. The goal-keeper, while within the crease, may not hold the ball on his crosse longer than is necessary to step out of the crease.

8. Use the check commonly known as the "square" or "crosse" check, which consists of one player charging into another with both hands on the crosse so as to make the stick meet the body of his opponent.

9. Jump at, or shoulder an opponent from behind while running for or after reaching the ball.

10. Interfere in any way with another player who is in pursuit of an opponent.

11. Deliberately kneel, lie down, or drop in front of an opponent when both are in pursuit of the ball.
12. Attempt to influence the decision of the Umpire.
13. Use threatening, profane or obscene language to any player, or to the Referee, Umpires or Field Captains at any time during the match.
14. Forcibly body check an opponent into a fence.
15. Charge into an opponent after he (opponent) has thrown the ball.
16. Wear spiked shoes. (Rubbers excepted.)
17. Persistently throw the ball out of bounds, lie on same, or in any way try to prolong the time of a game.
18. Check an opponent's crosse, or attempt to knock the same out of his hands in any way, unless both players are contending for the ball.
19. Deliberately strike another with his crosse or otherwise.

The foregoing playing rules have been prepared after careful consideration of the rules now in use both in the United States and Canada, and after consultation with some of the best known living exponents of lacrosse. Such new provisions have been embodied into these rules as were necessary to make them conform to the present advanced state of the game.

What to Use

It is a pretty safe rule when you want athletic goods to go to a maker who is in touch with the particular sport you are interested in, and certainly for a base ball mitt you would not go to England, for a cricket bat to Germany, or for a lacrosse to any place except Canada, the home of the sport. With this idea, Spaldings made arrangements some time ago to handle the product in the United States of one of the most prominent and up-to-date manufacturers of lacrosse material in Canada. The name "Lally" on a lacrosse stick stands for everything that a Canadian lacrosse player desires—perfection in balance, shape, stringing and material—and in putting the Lally lacrosses in the Spalding Athletic Goods Catalogue it was the purpose of A. G. Spalding & Bros. to make it possible for lacrosse players to obtain at any of the various branch stores of the firm scattered all over the United States sticks that would be satisfactory in every way, saving the individual player the trouble and expense, transportation, customs, charges, etc., of them importing himself, and saving him, furthermore, the uncertainty and doubt regarding goods that have to be ordered without an opportunity to examine, which is necessarily the case where an order has to be sent out of the country. The Lally lacrosses are made in a great variety of styles, the most popular of which are the following:

LALI Y'S EXTRA SPECIAL NO. o.

The latest, most modern and perfectly constructed Lacrosse Stick made in the world. The frames are selected from the choicest second growth butt-cuts of hickory. Two distinct strands of the best English clock cord are run as leaders, instead of one. Both pass through the same hole at the crook,

thereby giving double strength leaders. The cross strings are knit to each of these leaders separately and in such a manner as to also give double strength cross strings. The top guard string is a "double twister." Each standard attached to the guard string is "locked," thereby keeping them in their places at all times. At the crook there are two cross strings, which hold the leading strings up to the wood, thereby allowing the ball to go off the stick with more accuracy and speed. A patent on this stick has been applied for by us and we intend to fully protect same. Each, \$4.00.

LALLY'S EXTRA SPECIAL GOAL NO. O.

The same stick as Lally's Extra Special, with the exception that it has five double leaders instead of four, and is 11 inches wide. It is absolutely impossible for a ball to get through the netting of this stick. Each, \$4.50.

LALLY'S SPECIAL NO. C.

This stick has held the highest place in the Lacrosse world for years, and the workmanship, netting and general excellence is still maintained, being made of the best second growth butt-cuts of hickory and strung with the highest grade English clock cord. Each, \$3.00.

LALLY'S XXX NO. S.

Same shape as Lally's Special; made of second growth butt-

cuts of hickory and strung with special tanned rawhide, with Babish "pull up" strings. This is the highest grade rawhide Lacrosse manufactured. Each, \$2.00.

LALLY'S NO. 1R.

Made of second growth hickory, double strung with rawhide gut manufactured at our factory. Each, \$1.75.

LALLY'S CLOCK CORD NO. 20.

Made of second growth hickory, same shape as Lally's No. 1R, and equal to the best clock cord Lacrosse on the market, apart from Lally's Extra Special and Lally's Special. Each, \$3.00.

LALLY'S MEN'S SINGLE STRUNG LACROSSE NO. 30.

Made of second growth hickory and is good value for the money. Each, \$1.50.

LALLY'S YOUTHS' SPECIAL NO. 40.

Length, 3 feet 10 inches; made of second growth hickory and strung with clock cord. The neatest Lacrosse manufactured for youths. Each, \$2.50.

LALLY'S YOUTHS' NO. 50.

Made of second growth hickory and strung with rawhide. Same shape and size as Lally's Youths' Special. Each, \$1.50.

LALLY'S BOYS' NO. 60.

Made of second growth hickory, perfectly constructed and strung with rawhide. This stick is unquestionably the highest grade boys' Lacrosse manufactured in Canada and should not be confused with the ordinary soft maple or ash stick. Each, 75 cents.

After experimenting quite a little with balls of various makes the N.A.A.U. of Canada finally adopted the Spalding Official Lacrosse Ball, which is made of gray rubber, and costs 65 cents, being made of absolutely best quality rubber and guaranteed to conform to official specifications.

Spalding's leather Lacrosse Gloves are well padded to protect the bones and joints of the players' hands and they cost \$2.00 per pair.

Spalding's Official Lacrosse Goals, complete with uprights, nets and everything necessary for setting up, cost \$30.00 per pair. They are exactly the same as used by the best teams in Canada.

A copy of the Spalding Catalogue will be mailed on request from any of the Spalding stores in the following cities: 126 Nassau Street and 29 West 42d Street, New York City; 1013 Filbert Street, Philadelphia, Pa.; 73 Federal Street, Boston, Mass.; 208 East Baltimore Street, Baltimore, Md.; 709 14th Street, N. W. (Colorado Building), Washington, D. C.; 439 Wood Street, Pittsburg, Pa.; 611 Main Street, Buffalo, N. Y.; University Block, Syracuse, N. Y.; 147-149 Wabash Avenue, Chicago, Ill.; 710 Pine Street, St. Louis, Mo.; Fountain Square, 27 East 5th Street, Cincinnati, Ohio; 741 Euclid Avenue, Cleveland, Ohio; 254 Woodward Avenue, Detroit, Mich.; 1111 Walnut Street, Kansas City, Mo.; 507 Second Avenue, South, Minneapolis, Minn.; 140 Carondelet Street, New Orleans, La.; 1616 Arapahoe Street, Denver, Colo.; 134 Geary Street, San Francisco, Cal.; 443 St. James Street, Montreal, Canada; 53, 54, 55 Fetter Lane, London, England.

What to Wear for Lacrosse

For this particular sport, athletic equipment is required that will really wear well, and when it comes to this point there is no line of athletic supplies in the world that has stood the test as well as the goods manufactured by Spalding. For the Lacrosse player Spalding has the greatest variety of equipment, and in selecting the jersey required the player will do well to look over the Spalding line carefully, comparing not only the outward appearance of the article, but also look into the manufacture of same, the grade of material used in the Spalding line and workmanship being simply superb. For thirty years Spalding has been making a specialty of turning out athletic uniforms and equipment and the benefit of their experience and knowledge gained in that time is given to every customer without one cent extra charge in the line of goods that they manufacture. For the player who really wants a first-class jersey, the No. 1P grade, at \$4.00, in solid colors, furnished in either a navy blue, black, maroon or gray, stands at the front. This grade is also fur-

Nos. 1P, 10P and 12P.

Nos. 1PS and 10PS.

nished full striped throughout with two-inch stripe, in a great variety of combinations of colors. A full-striped jersey in this grade is known as No. 1PS and costs \$4.50. The colors Spalding supplies from stock in this full-striped jersey are black and orange, navy and white, black and red, gray and cardinal, gray and royal blue, royal blue and white, Columbia blue and white, scarlet and white, black and royal blue, navy and cardinal, maroon and white. The next grade in the Spalding line is the No. 10P, in plain colors, for \$2.75, and in the same grade as No. 10P, but striped throughout with two-inch stripe, the No. 10PS, costs \$3.25 each, in the same combination of colors as the No. 1PS noted above. Spalding also supplies a No. 10PW, the same grade of worsted as the No. 10P, with solid colored sleeves with six-inch stripe around body, for \$3.25, and the No. 10PX, in also the same grade but solid colored body and alternate striped sleeves, for \$3.00 each. The next grade in the Spalding line is the No. 12P, in plain colors, for \$2.25, and in this grade Spalding also supplies a No. 12PX, with solid colored body and alternate striped sleeves, for \$2.50. A very popular style of jersey is the No. 12PV, made in solid colors with "V-neck" instead of full collar. This jersey is furnished regularly from stock in navy blue, black, maroon and gray, and the price is \$2.50 each.

Full sleeve shirts without any roll collar are furnished by Spalding in their No. 3D grade cotton, in flesh, white and black, for \$1.00. This style shirt is very satisfactory for a cotton shirt and will wear well.

In knee tights the best grade worsted made, full fashioned—that is, shaped right on the machine—is the Spalding No. 1B at \$3.00 each. These knee tights are furnished in sizes 28 to 42 inches waist, and in black, navy blue and maroon. The cut worsted grade of knee tights, Spalding No. 604, costs \$1.25 per pair. These are also furnished in the same colors and sizes as the No. 1B. A cheaper grade is made of sanitary cotton. This is the Spalding No. 4B and the price is 50 cents per pair.

Running pants made of sateen and silesia are furnished by

Spalding in four different grades. Their No. 1, of white or black sateen, with fly front and laced back, costs \$1.25 per pair. No. 2, also of sateen, in white or black, costs \$1.00 per pair. No. 3 of white or black silesia, with fly front and laced back, costs 75 cents per pair, and No. 4, of silesia, in either white or black, costs 50 cents per pair. Stripes down the sides of any of these running pants cost 25 cents per pair extra.

One of the most necessary articles for the Lacrosse player and the athlete in general is, of course, a satisfactory style of supporter. Spalding furnishes a great variety. The style generally

Running Pants.

Full Sleeve Shirts.

used is the Bike Jockey Strap Suspensory, No. 5, which costs 75 cents. Other supporters are supplied by Spalding: No. 2, of canton flannel, with elastic piece on side, 50 cents; No. 3, similar to No. 2, but with open mesh front, 50 cents; No. 1, plain canton flannel, 25 cents.

Another very important article is the lower abdomen protector. This is made by Spalding in a very satisfactory style of heavy sole leather, padded with quilted lining and non-elastic bands, known as their No. S, and costs \$3.00. A wrist supporter is also a very necessary article for the Lacrosse player and is supplied by Spalding at prices from 20 cents to 50 cents each. The best is their No. 400, made of genuine pigskin, nicely lined,

improved English slitted style, 50 cents; their No. 200, solid belt leather, tan or black, double strap-and-buckle, for 40 cents.

A copy of the Spalding Catalogue containing full list of the athletic goods that they manufacture, both in the way of equipment and uniform will be mailed on receipt of application from any Spalding store, a list of which is given herewith:

- 126 Nassau Street and 29 West 42d Street, New York City.

- 53, 54, 55 Fetter Lane, London England.

LALLY LACROSSES

Lally's Extra Special No. O.

No. O. The latest, most modern and perfectly constructed Lacrosse made in the world. The frames are selected from the choicest second growth butt cuts of hickory. Two distinct strands of the best English clock cord are run as leaders instead of one. Both pass through the same hole at the crook, thereby giving double strength leaders. The cross strings are knit to each of these leaders separately and in such a manner as to also give double strength cross strings. The top guard string is a "double twister." Each standard attached to the guard string is "locked," thereby keeping them in their places at all times. At the crook there are two cross strings which hold the leading strings up to the wood, thereby allowing the ball to go off the stick with more accuracy and speed. A patent on this stick has been applied for and it is intended to fully protect same. - Each, **\$4.00**

Lally's Extra Special Goal No. O.

No. O. The same stick as Lally's Extra Special, with the exception that it has five double leaders instead of four, and is 11 inches wide. It is absolutely impossible for a ball to get through the netting of this stick. Each, **\$4.50**

Prices subject to change without notice

LALLY LACROSSES

Lally's Clock Cord No. 20

No. 20. Made of second growth hickory, same shape as Lally's No. 1-R and equal to the best clock cord Lacrosse on the market, apart from Lally's Extra Special and Lally's Special. Each, **\$3.00**

Lally's Men's Single Strung Lacrosse No. 30

No. 30. Made of second growth hickory and is good value for the money. Each, **\$1.50**

Lally's Youths' Special No. 40

No. 40. 3 feet 10 inches in length, made of second growth hickory and strung with clock cord. The neatest Lacrosse for youths manufactured. Each, **\$2.50**

Lally's Youths' No. 50

No. 50. Made of second growth hickory and strung with rawhide. Same shape and size as Lally's Youths' Special. Each, **\$1.50**

Lally's Boys' No. 60

No. 60. Made of second growth hickory, perfectly constructed and strung with rawhide. This stick is unquestionably the highest grade boys' Lacrosse manufactured in Canada, and should not be confused with the ordinary soft maple or ash stick. Each, **75c.**

Prices subject to change without notice

The Spalding "Highest Quality" Sweaters

We allow four inches for stretch in all our Sweaters, and sizes are marked accordingly. It is suggested, however, that for very heavy men a size about two inches larger than coat measurement be ordered to insure a comfortable fit.

Made of the very finest Australian lambs' wool, and exceedingly soft and pleasant to wear. They are full fashioned to body and arms and without seams of any kind. The various grades in our "Highest Quality" Sweaters are identical in quality and finish, the difference in price being due entirely to variations in weight.

Our No. AA Sweaters are considerably heavier than the heaviest sweater ever knitted and cannot be furnished by any other maker, as we have exclusive control of this special weight.

No. AA. Particularly suitable for foot ball and skating. Heaviest sweater made.	\$8.00
No. A. "Intercollegiate," special weight.	6.00
No. B. Heavy Weight.	5.00
No. C. Standard Weight.	4.00

Colors: White, Navy Blue, Black, Gray, Maroon and Cardinal.

Other colors to order.

Prices on application. All made with 9-inch collars; sizes, 28 to 44 inches.

From the "SPORTING LIFE"
of 20th September, 1906

Tom Hayward in a New Role

A rumour is in circulation that that prince among professional batsmen, Tom Hayward, is about to retire from first class cricket. It is almost needless to state that this is not so. What probably gave rise to the rumour is the announcement that Messrs. A. G. Spalding & Bros., 53-55, Fetter Lane E. C., with much business acumen and enterprise, have engaged the Surrey "idol" as manager of their cricket bat department. Messrs. Spalding will make a special feature of this department, and all the bats in stock will be carefully selected and bear the name of Tom Hayward. Surrey cricketers especially will be pleased to learn that rumour has again proved herself a lying jade, for the "record breaker" of 1906 emphatically states that his engagement with Messrs. Spalding will in no way affect his cricketering career.

We issue a special catalogue devoted to our line of cricket goods, including the celebrated Tom Hayward "**Century**" Bat and the most complete assortment of general cricket equipment listed by anyone. ✽ A copy of this cricket catalogue will be mailed to anyone on receipt of request. ✽ Correspondence with organized clubs especially solicited.

Durand-Steel Lockers

WOODEN LOCKERS are objectionable because they attract vermin, absorb odors, can be easily broken into, and are dangerous on account of fire. Lockers made from wire mesh or expanded metal afford little security, as they can be easily entered with wire cutters. Clothes placed in them become covered with dust and the lockers themselves present a poor appearance, resembling animal cages.

Durand-Steel Lockers are made of high-grade steel plates, and are finished with gloss-black Furnace baked Japan (400°), comparable to that used on hospital ware, which will never flake off nor require refinishing, as do paints and enamels.

Durand-Steel Lockers are usually built with doors perforated full length in panel design, with sides and backs solid.

Three Lockers in Single Tier

Six Lockers in Double Tier

This prevents clothes in one locker from

coming in contact with wet garments in adjoining lockers, while plenty of ventilation is secured by having the door perforated its entire length, but if the purchaser prefers we perforate the backs also.

The cost of Durand-Steel Lockers is no more than that of first-class wooden lockers, and they last as long as the building, are sanitary, secure, and in addition, are fire-proof.

We are handling lockers as a special contract business, and shipment will in every case be made direct from the factory in Chicago. If you will let us know the number of lockers, size, and arrangement, we shall be glad to take up through correspondence the matter of prices.

Spalding Catalogues of Athletic Goods

We are issuing new catalogues continually throughout the entire year. Catalogues containing all information, cuts, description and prices of the full equipment for the particular athletic sport covered by each catalogue.

We charge nothing for these catalogues and we mail them free on request to any address. The first issues, however, are always sent to those that we have on our records here, and as there are generally many new things contained in these catalogues which are particularly interesting to athletes—every athlete and everyone interested in athletic goods should be on this record of ours. It is only necessary to send your name and address and state just what athletic sports you are interested in, and copies of our catalogues will be mailed to you as they are issued.

Spalding Catalogues for Spring and Summer, 1907

No. 707B—Catalogue of Base Ball Goods

A handsome catalogue printed in two colors. Containing cuts, descriptions and prices of the Spalding complete line of Base Ball Goods, including base balls, bats, catchers', fielders' and basemen's mitts, infielders' gloves, catchers' and umpires' masks and protectors, bat and uniform bags, bases, home plates, pitchers' box plates, shoe and pitchers' toe plates, score books and scoring tablets, umpire indicators and foul flags,

—and—

Spalding Base Ball Uniforms, shirts, pants, caps, shoes, belts, stockings, coats, sweaters; also full descriptions of all the various athletic libraries we issue devoted to base ball.

No. 707T—Lawn Tennis Catalogue

Containing cuts, descriptions and prices of the Spalding complete line of Lawn Tennis Goods; also Squash and Squash Racquet Goods, including rackets, balls, nets, posts, markers, marking tapes and plates, racket presses and covers, handle covers, center forks, center straps, guy ropes and pegs, reels, tether tennis and score books.

No. 707C—Golf Catalogue

Containing cuts, descriptions and prices of the Spalding complete line of Golf Goods, including wood and iron clubs, aluminum clubs, rubber cored golf balls, caddy bags, gloves, marking flags and discs, hole rims and cutters, golf paint, ball cleaners, tees, score books and counters, clobber golf and golfette.

No. 707L—Catalogue of Lawn Games

Cricket, Croquet, Lawn Bowls, Archery, Field Hockey, Equestrian Polo. Containing cuts, descriptions and prices of the Spalding complete line of Athletic Goods devoted to these sports and games,

—and—

Particularly interesting as containing our new line of cricket goods selected personally by Tom Hayward, acknowledged the champion cricketer of the world.

No. 707U—Catalogue of Uniform Goods

Containing cuts, descriptions and prices of the Spalding complete line of Uniform Goods for all Athletic Sports, including Base Ball, Foot Ball, Basket Ball, Running, Gymnasium, Bathing, Swimming and Field Athletic Suits; shoes, built especially for each athletic sport, athletic hats and caps, jerseys, sweaters, stockings, supporters, belts, shin guards and everything else needed in an athletic equipment,

—and—

We issue separately and will send upon application a copy of our handsome color sheet showing the various shades of material that we furnish in our base ball uniforms. A blank for measuring team and a tape measure is included with this for the convenience of teams when making up their orders.

Copies of any of the above catalogues will be mailed upon application, from any of our stores, addresses of which are on inside of front cover

Who are A. G. Spalding & Bros.?

Albert G. and J. Walter Spalding commenced business March 1st, 1876, at Chicago, under the firm name A. G. Spalding & Bros. with a capital of \$800. Two years later their brother-in-law, William T. Brown, came into the business, and the firm name was then changed to A. G. Spalding & Bros.

The business was founded on the Athletic reputation of Mr. A. G. Spalding, who acquired a national prominence in the realm of Sport, as Captain and Pitcher of the Forest City's of Rockford, Ill. (1865-70), the original Boston Base Ball Club (Champions of the United States, 1871-75), and the Chicago Ball Club (1876-77), first Champions of the National League. He was also one of the original organizers, and for many years a director, of the National League of America, the premier Base Ball organization of the world. Mr. Spalding has taken an important part in Base Ball affairs ever since it became the National Game of the United States at the close of the Civil War in 1865. The returning veterans of that War, who had played the game as a camp diversion, disseminated this new American field sport throughout the country, and thus gave it its national character.

Base Ball Goods were the only articles of merchandise carried the first year, the total sales amounting to \$11,000. Gradually implements and accessories of Athletic Sports were added, until the firm now manufacture the requisites for all kinds of Athletic Sports. Originally the firm contracted for their supplies from outside manufacturers, but finding it impossible, by this method, to keep the standard of quality up to their high ideals, they gradually commenced the manufacture of their own goods, and by the acquisition from time to time of various established factories located in different parts of the country, are now able to, and do manufacture in their own factories everything bearing the Spalding Trade-Mark, which stands the world over as a guarantee of the highest quality.

There are over three thousand persons employed in various capacities in A. G. Spalding & Bros.' factories and stores located in all the leading cities of the United States, Canada and England. A capital of over \$4,000,000 is employed in carrying on this business, and the annual sales exceed the total combined annual sales of all other manufacturers in the world making a similar line of goods.

A. G. Spalding & Bros. have always taken a leading part in the introduction, encouragement and support of all new Sports and Games, and the prominence attained by Athletic Sports in the United States is in a very great measure due to the energy, enterprise and liberality of this progressive concern. They were the pioneers, and in fact the founders, of the Athletic Goods Trade in America, and are now universally recognized as the undisputed Leaders in the Athletic Goods line throughout the world.

The late Marshall Field of Chicago, America's greatest Merchant, speaking of the business of A. G. Spalding & Bros., said: "I am familiar with its early career, growth and development, and when I compare its unpromising outlook and the special field for its operations that existed at its inception in 1876, with its present magnitude, I consider it one of the most remarkable mercantile successes of the world."

The millions of Athletes using them, and the thousands of Dealers selling them, attest to the High Quality of Spalding's Athletic Goods, and they must determine the future history of this concern.

A. G. Spalding & Bros.
are the leading manufacturers
of Athletic Goods in the world.
