Match Evaluation :: Ranking System

Teams are ranked by adding the points gained. Points are awarded according to the IHF Rules of the Game for Beach Handball (win: 2 pts., loss: 0 pts.). To determine the winning team the following will be taken into consideration:
 First half: Win = 1 period, loss = 0 periods
 Second half: Win = 1 period, loss = 0 periods
 Shootout: Win = 1 period, loss = 0 periods
 Goal points are awarded according to the IHF Rules of the Game for Beach Handball

If, after completion of the group matches, two or more teams are positioned on equal points (tied), the following ranking system will apply:
 a) Results in points between the teams concerned;
 b) period difference in the matches between the teams concerned;
 c) goal point difference in the matches between the teams concerned;
 d) greater number of plus goal points in the matches between the teams concerned.

If there is still a tie, the following system is used to decide between these teams, as long as the contested place is not the last place within the group:
 a) Period difference is subtracted in all matches;
 b) greater number of plus periods in all matches;
 c) goal point difference is subtracted in all matches;
 d) greater number of plus goal points in all matches.
 If a ranking is still not possible, a draw shall decide. The IHF shall make the draw, if possible in the presence of the persons in charge of the teams concerned (i.e. Team Managers/Coaches).
