Headquarters I Corps, APO 301

TO: See Distribution.

1. Unit Commanders will take immediate action to insure full compliance with attached directive. Each eligible officer and enlisted man who is eligible for release from active duty under provisions of attached radio will be interviewed and advised of the contents of this radio and will be given the opportunity of making one of the elections quoted in Parts II and III thereof. These options will be made in writing and filed with the individual's official 201 file.

2. A report will be submitted so as to reach this headquarters not later than 0800 hours, 10 November 1949, indicating that each eligible officer and enlisted man who is subject to early release under provisions of attached radio has been interviewed and his election in writing has been officially recorded. Negative report will be submitted where applicable.

3. Particular attention is invited to Part VIII of the foregoing radio with reference appropriate entries on personnel records and morning reports. All changes in individual's expiration of term of service and estimated time of departure from FEC resulting from action taken under provisions of attached radio will be reflected in appropriate personnel records and morning report entries as soon as possible and in any event not later than 12 November 49. A copy of individual's signed statement will be attached to the morning report reflecting these changes.

4. Unit Commanders and Recruiting Officers will make every effort to prevail upon individuals who are eligible to accept discharge to reenlist in this theater.

5. Reference last sentence of Part VIII of attached radio. Information has been received at this headquarters indicating that personnel will be entitled to reenlistment leave upon discharge from present status and enlistment in the Regular Army.

SUBJECT: Discontinuance of Civil Affairs Teams (Reports Control Symbol (OT) ICL-7)

TO: Chief, Kyushu Civil Affairs Region, APO 24-5

IMMEDIATE ACTION

1. Attention is invited to General Orders 147, Headquarters Eighth Army, dated 19 October 1949, and General Orders 36, this headquarters, dated 31 October 1949.

2. In order that this headquarters may comply with above directives and to insure that all personnel presently assigned to Civil Affairs Teams are reassigned prior to 2400 hours, 30 November 1949, and that the morning reports of these units reach a zero figure on that date, the following reports pertaining to officer and enlisted personnel will be submitted by each Civil Affairs Team of your Region, so as to reach this headquarters not later than 10 November 1949:

a. OFFICERS: A report showing the Name, Grade and ASN of each officer who has not been reassigned by this headquarters will be submitted.

b. ENLISTED MEN: Each enlisted man on whom reassignment orders have not been received will be entered on the report of surplus personnel. A sufficient number of blank forms are attached hereto for use of Team Commanders in preparing this report. This report will be submitted in original only. The status of each enlisted man entered on this report who is absent from his assigned unit will be shown on the next unused line following his name and other information required by the report. For the purpose of this report absence from his unit for any of the following reasons will be stated:

Absent without leave.
Sick in Hospital. (Show name of Hospital)
Detached Service. (Show place & probable date of return)
Absent on reenlistment, emergency or morale leave. (Show whether absent in ZI or FEC, date of departure and probable date of return).
Absent in confinement. (Show place)
Any additional information which will benefit the assignment officer in assigning this personnel will be included in this report.

3. Particular attention is invited to paragraphs 5b, c and d, of General Orders 147, Headquarters Eighth Army, dated 19 October 1949, pertaining to final morning reports, final rosters and disposition of records. The MRU Section of GHQ FEC has directed that the final morning reports and rosters pertaining to inactivated units be consolidated by Regional Commanders and "hand carried" so as to reach the MRU not later than 5 December 1949.

4. Regions will consolidate reports required by paragraphs 2a and b above and "hand carry" to this headquarters. The WD AGO Form 20's pertaining to enlisted men entered on the report will not be required at this headquarters.

5. Reports Control Symbol (OT) ICL-7 is assigned to this report.

KYUSHU CIVIL AFFAIRS REGION
HEADQUARTERS & HEADQUARTERS DETACHMENT
Fukuoka, Kyushu, Japan

APO 24 Unit 5
23 September 1949

SUBJECT: Recommended T/O of Military Personnel for Kyushu Region

TO : Commanding General, Eighth Army, APO 343

1. Pursuant to request of higher headquarters, herewith recommended T/O of military personnel for Kyushu Civil Affairs Region.

2. It is desired to call attention to the following. The Kyushu Civil Affairs Region comprises an area of approximately 16,242 square miles, with a population of almost 12,000,000. The adjacent islands which are included in the area of responsibility number 2,228 which support a population of about 500,000. Because the rail net is generally confined to the perimeter of the island, the surveillance responsibilities of Civil Affairs are thus complicated by the long periods of travel time required to visit key locations. An added factor peculiar only to the Kyushu Region, involves the many responsibilities surrounding the problems of immigration, trade and the all important fishing industry rendered difficult by the 1,888 miles of rugged coast line.

3. It is strongly recommended that Kyushu Region be allocated military personnel as follows:

Officer Personnel

1 Commanding Officer or Regional Civil Affairs Chief
1 Executive Officer or Deputy Region Civ Aff Chief
1 Administrative Officer
1 Mess, Supply, Motor and Billeting Officer

Enlisted Personnel

1 Sergeant Major
1 Supply-Mess Sergeant
1 Motor Sergeant
1 Message Center Sergeant

4. Considering the current problems involved, and the situation as outlined in par 2 above, the foregoing recommendations for military personnel are considered the minimum to approach an adequate fulfillment of the Civil Affairs mission in Kyushu.

S. C. HILTON

SUBJECT: Change in Status, Fukuoka Branch

TO : Commanding Officer,
Kyushu Military Government Region,
APO 24-5

As of 11 April 1949 the Fourth Procurement District was dissolved, and became a Branch Procurement Office. The practical effect is that the Fukuoka Branch now reports directly to the Procurement Section, 8th Army, Yokohama.

The official circular ordering this change is now being distributed. In the meantime, as stated above, the change is effective from 11 April 1949.

Nagasaki, Kyushu, Japan

TJC/sn

APO 24 Unit 5
13 April 1949

SUBJECT: Replacement Military Personnel

TO : Commanding Officer, Kyushu Mil Govt Region, APO 24 Unit 5

1. An examination of the status of the personnel of the Nagasaki Military Government Team, discloses the following factual data:

a. Strength

	Authorized Asgd	Authorized DS	Actual
(1) Officers	12	3	13 (Includes 1 on DS from 24th Inf Div)
(2) Enlisted Men	38	5	24 (Includes 3 on DS from 24th Inf Div)

b. Expiration current tours duty Calendar year 1949

(1) Officers 6

(2) Enlisted Men 20

c. Analysis

(1) Officers

(a) Of the six officers whose tours of duty expire in 1949, two (2) depart during May, one (1) in June, and three (3) in August.

(b) May losses includes the Public Health Officer who also serves as Area Medical Officer. It is imperative that a Medical Officer be constantly present at this Station because of its isolated location with respect to available medical facilities. The number of occupational personnel and dependents in Nagasaki for whom medical service must be provided, and the obligation to provide emergency medical service for the constant influx of occupation and allied mission personnel, together with Unzen-Kanko rest hotel,

0454

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715073

necessitates the services of a medical officer. In addition attention is invited to the responsibility of the medical officer involved in the surveillance and guidance of the Nagasaki Prefecture public health activities.

(c) June will see the departure of the officer in charge of the Legal and Government Section. The responsibilities which devolve upon this section demand that a mature individual, preferably with a legal background, and with the minimum rank of Captain be obtained as a replacement.

(d) August losses will deprive the team of it's adjutant, one of the teams most capable and experienced officers.

(2) Enlisted Men

(a) The significant factor in the study of the enlisted personnel status is that 21 of the current tours of duty, out of the total strength of 20, are stated to expire during the calendar year 1949. Of this number three (3) have definitely expressed their intention of re-enlisting; it is fairly certain that two (2) others will be influenced to re-enlist; three (3) are considering the advantages occuring from re-enlistment which have been repeatedly emphasized, but as of this writing must be considered as doubtful; and the remaining twelve (12) have definitely signified their intention of returning to the Z/I.

(b) Known Replacements

Thus far advice has been received that only two (2) non-commissioned officers are scheduled to arrive in July as replacements.

(3) Summary

(a) Unless additional replacements are allotted the officer strength will decline to seven (7) by 1 September 1949 and the enlisted strength will drop to 18 by the end of July and to 12 by the end of December.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115073

BASIC: Ltr, Hq Nagasaki Mil Govt Team, APO 24 Unit 5, dtd 13 April 1949
subj: "Replacement Military Personnel".

(b) In the light of the current policy of accelerating the return to the Z/I, the depleted strengths may become effective from thirty (30) to sixty (60) days earlier than indicated.

2. Adjustments in assignments are now being made to provide for understudying the maximum number of positions to be vacated. The loss of five (5) experienced captains now heading the team's most important functional sub-divisions presents a serious problem. Not only will there be an insufficient number of officers to carry on the supervisory functions but the majority remaining will be young lieutenants with limited experience in both military and occupational problems.

3. Assuming the forecasted re-enlistments will materialize, the resulting reduced enlisted strength will so weaken the effectiveness of the team as to preclude it's ability to continue the efficient surveillance of Japanese governmental and economic activities, according to the minimum acceptable standards. The reduced strength will also be inadequate to provide for the required administrative and housekeeping functions necessary to the health and welfare of the team. Should forecasted re-enlistments fail to materialize, a serious strength position may occur in the near future.

4. Recommend expeditious action be taken to assure adequate timely replacements in officers and enlisted men being progressively assigned to provide for the maintenance of a minimum working strength not below that now existing.

SUBJECT: Replacement Personnel for Military Government Units

THRU : Commanding General, I Corps, APO 301
(Attn: Military Government Section)

TO : Commanding General, Eighth Army, APO 343
(Attn: Military Government Section)

1. It is recommended that personnel in other branches (officer, EM and DAC) who are in need of housing be given the opportunity of transferring into Military Government to alleviate the current acute shortage of Military Government personnel.

2. As of 15 May 1949, 19 dependent houses will be available for occupancy throughout this Region. Scheduled departures of officers, EM and DAC's throughout the summer will make more and more houses available for occupancy. It is believed that if qualified personnel, now in need of dependent housing, were permitted to transfer into Military Government that the best interests of the service would be furthered and that the individuals concerned would be given a morale boost. In addition to the available dependent homes listed above, adequate housing facilities are available for billeting of bachelor officers, DACs and EM.

3. The current personnel disposition plus scheduled departures leaves this Region in a most unfavorable position to carry out the several missions of surveillance delegated to Military Government in addition to maintaining a constant check on the carrying out of the letter and spirit of the "Nine Point Economic Recovery Program". This Region at present is short 118 EM and will be reduced to a total of 38 EM, 50 DACs and 46 officers for the entire Region by August.

4. In view of the additional surveillance necessitated by important industry, large coal deposits, ports, illegal entry, 2,228 island of the mainland and the problems created by the 2,000 miles of coastline, it is requested that favorable consideration be given to the request as outlined in paragraph 1 above.

MEMORANDUM FOR THE PROVOST MARSHAL GENERAL, Room 4E-879, The Pentagon

SUBJECT: Changes in Articles of War Effective 1 February 1949

1. Reference attached Memorandum, inclosure No. 1, it is understood, as a result of an informal inquiry to your office (Lt. Col Bradlee) that an opinion is requested in paragraph 4a as to the nature of the restraint to be imposed upon an accused until final action is taken on a sentence to bad-conduct discharge which does not include confinement; and that in both paragraphs 4b and 4c opinion is requested as to the nature of the restraing to be imposed upon an accused where he is sentenced to confinement and bad-conduct discharge, and the sentence to confinement has expired prior to final action on the case. It is also understood that an opinion is requested in paragraph 7, attached Memorandum, whether an accused's status shall be that of a general prisoner or garrison prisoner in the circumstances set forth therein.

Although not requested in the attached Memorandum, by informal inquiry (Lt. Col Bradlee) an additional opinion was requested as to the interpretation of the term "distinguished" contained in paragraph 19a, subparagraph 2, Manual for Courts-Martial, U. S. Army, 1949.

2. With respect to the request contained in paragraph 2, it is the opinion of this office that a prisoner under sentence to bad-conduct discharge should be regarded as a "general prisoner" under the same conditions as a prisoner sentenced to dishonorable discharge and that the definition of a general prisoner now set forth in Army Regulations 600-375, 6 January 1948, does not require any change because of the amendment to Article of War 13, effective 1 February 1949, (see also par. 116d, MCM, 1949, p. 128).

3. In regard to the request contained in paragraph 3, inclosed Memorandum, Article of War 16, as amended, effective 1 February 1949, forbids the performance of punitive labor by an accused awaiting trial. An accused, in such circumstances, may be used on various police, fatigue and work details that may be required of soldiers of the command, provided such details are not imposed as punishment or penalty. Whether or not such labor is punitive will depend upon the facts in each case. (See MCM, 1949, pars. 19a; 115).

4. Reference the various situations presented in paragraph 4, attached Memorandum, the following comments are submitted seriatim;

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715073

a. Where a special court-martial adjudges a bad-conduct discharge, and the sentence does not include confinement, the nature of the restraint imposed upon the accused until final action on the sentence rests in the sound discretion of his commanding officer. However, confinement is not authorized unless new charges are initiated, and the restraint which is imposed shall be the minimum necessary under the circumstances. (MCM, 1949, pars. 19a; 20f).

b. Where accused is sentenced by a special court-martial to confinement and bad-conduct discharge, and the sentence of confinement has expired prior to final action on the case, the accused should be released from confinement. As to the nature of the restraint to be imposed thereafter, see comment in par. 4a, supra.

c. See comment in par. 4b, supra.

d. It is considered that abatement of terms of confinement for good conduct should be computed on the same basis where one is sentenced to confinement and bad-conduct discharge as in the case where one is sentenced to confinement and dishonorable discharge. (Par. 21f(1)(a), AR 600-375, 6 January 1948; par. 21f(3), AR 600-375, 6 January 1948; par. 11, AR 600-375, 6 January 1948).

e. When a sentence is adjudged by special court-martial of six months' confinement, forfeiture of two-thirds pay per month ~~for a like~~ period, and a bad-conduct discharge, and the sentence including the bad-conduct discharge has been approved and ordered executed, the discharge should be executed upon receipt of the order, and the accused should be released from confinement when the term thereof is completed, less any abatement for good conduct. The accused is entitled to pay only until he is discharged, thereafter he is not in a pay status. Further, under the new procedures, forfeitures accrue only from the date the sentence of forfeiture is promulgated and ordered executed. Hence in practice, the result will usually be that the accused will be entitled to full pay until the date of the order which announces the approval and execution of the confinement, forfeiture and bad-conduct or dishonorable discharge, and to no pay after execution of the discharge.

5. Reference paragraph 5, attached Memorandum, there appears to be no legal objection to the confinement of such a prisoner in a United States Disciplinary Barracks. However, attention is invited to the policy set forth in paragraph 9, AR 600-395, 22 September 1948, which provides that confinement in the United States Disciplinary Barracks is normally restricted to general prisoners sentenced to confinement of more than six months.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715073

6. With respect to the question presented in paragraph 6, inclosed Memorandum, by statute the officer exercising general court-martial jurisdiction may in his discretion either suspend or order executed a bad-conduct discharge adjudged by a special court-martial in addition to confinement and/or forfeiture of pay. (MCM, 1949, par. 87b).

7. Reference the question contained in paragraph 7, attached Memorandum, see comment in paragraph 2, supra.

8. With reference to the informal inquiry as to the interpretation of the term "distinguished" contained in paragraph 19a, subparagraph 2, MCM, 1949, prisoners whose sentences have not been approved and ordered executed should be given separate classifications and should, so far as practicable be treated differently than prisoners who are serving sentences. To the extent that the provisions of AR 600-375, 6 January 1948, are inconsistent with this principle, it is the opinion of this office that these regulations should be revised.

APO 929

SUBJECT: Composition of Kyushu Coal Team

TO : Commanding General, I Corps, APO 301

1. This letter is written with the purpose of discussing coal production in Kyushu, recommendations as to required members of the Kyushu Coal Team, and the justification thereof.

2. There are 262 licensed coal mines on the island of Kyushu, of which 126 are considered major mines (2,000 tons production or over per month).

3. It is not believed by this headquarters that anywhere near maximum production has been reached for the following reasons:

a. Unqualified management.
b. Lack of mining engineering knowledge.
c. Uneconomical use of machinery.
d. Uneconomical use of labor.
e. Robbing and stripping of mines during war years.
f. Patriarchal labor policy of Japanese.
g. Labor troubles (at present negligible).

4. It is the opinion of this writer and his technical staff, that the first and greatest requirement to raise the production of coal mines are experienced coal mine operators and coal engineers. The Japanese themselves admit that their operations are inefficient. The recent assignment of an experienced mining engineer (Lt Col Oliver) to the Coal Team was met with surprising enthusiasm by coal mine operators who are seeking his advice. Since his assignment, Lt Col Oliver has initiated reforms in coal mining techniques which will substantially effect future production. However, with 262 mines requiring supervision, one engineer is insufficient to cover the field.

5. The Kyushu Coal Team has been operating since September 1948 and has accomplished nothing significant. Production remains at the same percentage of quota as when supervised by the Military Government Teams alone. It is believed, that with a properly constituted team, production can soon be raised to at least 120% of quota, and after six months, even higher.

6. In making recommendations for the Coal Team, it is believed that it should be headed by a senior officer, and not a civilian. This because of the prestige of the uniform, the

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715073

accepted fact that officers do not work well under inexperienced civilians, that officers have a deeper sense of duty, and are not so apt to be desk bound.

7. The personnel requirements of an efficient, balanced and acceptable Coal Team for Kyushu Military Government Region is as follows:

In charge and financial advisor:
1 Colonel or Lt Col (Mining Engineer)
5 Officers or Civilians (with mining experience)(Junior Mining Engineers - Production)
1 Officer or Civilian (Labor)
1 Officer (Transportation and Incentive Goods)

8. The above organization will permit the release of one (1) CAF-13 and one (1) CAF-12. Replacement of these higher paid bracket civilians by junior engineers is recommended in the interest of greater production at a lower cost to the occupation.
