TROISGROS & LAMPRE, 26 Old Levee.

CAUTION EXTRA.

FA man by the name of *Clapp* has engaged with a young man of the name of S. F. Townsend, and uses his name to put up a Sarsaparilla, representing it as Dr. Townsend's Sarsaparilla, denominating it *genuine*, original, etc. This Townsend is no doctor, and never was; but was formerly a worker on railroads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived and to purchase none but the genuine original of Dr. JACOB TOWNSEND'S SARSAPARILLA, having on it the old Dr.'s likeness, his family coat of arms, and his signature across the coat of arms.

Principal Office, No. 193 Nassau street, New York City.

OLD DR. JACOB TOWNSEND.

THE ORIGINAL DISCOVERER OF THE *GENUINE FAMILY NAVY SARSAPARILLA.*

Old Dr. Townsend is now about 70 years of age and has long been known as the author and discoverer of the genuine original "TOWNSEND'S SARSAPARILLA." Being now he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who have used it, and know the value of its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and had recovered health, proclaimed its excellence and wonderful

Healing Power.

Unlike young S. F. Townsend's, it improves with age, and never changes, but for the better, because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of Art, have all been brought into requisition in the manufacture of the old Dr.'s Sarsaparilla. The Sarsaparilla root, it is well known, in medical men, contains many medical properties, and some properties which are inert or useless, and others, which if remained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so volatile that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give to it all its value.

Genuine Old Dr. Jacob Townsend's Sarsaparilla

Is so prepared that all the inert properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted or rejected, then every particle of medical virtue is secured in a pure and concentrated form, and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the

Cure of Innumerable Diseases.

Hence the reason why we hear testimony from on every side in its favor by men, women and children, we find it doing wonders in the cure of Consumption, Syphilis, Liver Complaint, and in Rheumatism, Scrofula, Piles, Costiveness, all Cutaneous Eruptions, Pimples, Blotches, and all affections arising from impurity of the blood. It possesses the same wonderful efficacy in all complaints arising from subjection, from acidity of the stomach, from unequal circulation, obstruction of the blood, the liquid population of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in Colds and Coughs, and promotes easy expectoration and gentle perspiration, relaxing structure of the lungs, throat, and every other part.

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages

Of Female Complaints.

It works wonders in cases of Fluor Albus or Whites, Falling of the Womb, Obstructed, Suppressed or Painful Menses, irregularity of the menstrual periods, and the labor, and in the critical in during all the forms of Kidney Diseases.

By removing obstructions and regulating the general system, it gives vigor and strength to the whole body, and thus cures all forms of

Nervous Diseases and Debility;

and the prevalence of Hysterics, Fainting and all other maladies, as Spinal Irritation, Neuralgia, St. Vitus's Dance, Swoning, Epileptic Fits, Convulsions, &c.

It cleanses the blood, tones the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, regulates the kidneys, and supports action of the blood, producing gentle warmth to every all over the body, and the whole, the perspiration, relaxes all stiffness and tightness from the joints, strengthens and invigorates the entire nervous system. In not so, then the

Medicine you predominently Need

But can any of these benefits of S. F. Townsend's subject? This young man's liquid is not to be

COMPARED WITH THE OLD DR.'S

Because of one GRAND FACT, that no one is AN CAPABLE OF DETERIORATING, OR

NEVER SPOILS.

While the other DOES. Souring, Fermenting, and blowing the bottles containing it to fragments, the water, and all manufactured articles, and fine goods. Mould the bottles, corroded the pumps, rotten the spigots? Why! paint of no system of physic is so active as the Old Dr.'s. French Wine, and is natural. Do we not all know that wine and spirits, upon stomachs, what it produces, and the flatulence, heartburn, palpitation of the heart, the complaint, diarrhoea, dysentery, cholera, cholera morbus, and the cold? What is a cordial but an alcoholic stimulant? Wine is a cordial, and produces the same effects, and all other cordials, and what is rum? It is nothing, under heaven, but an acid substance, alcohols, and those spirits, all the acid, and the body, or the blood, which causes the sour, but a sour or acid blood, which necessitates the difference between the pulse and elsewhere, irritation, and feeling the heart burning, which is the first stage of nervous diseases, or impurity of the blood, disarranged circulations, and nearly all the ailments with which we are afflicted.

Now, is not horrible to make and sell, and inflict these worse than

Souring, Fermenting Acid Compound of S. F. Townsend

and yet he would that have it? Is not the Old Dr. Jacob Townsend's Sarsaparilla, a sure remedy, is at IMITATION of his inferior liquid to

Heaven, and for the sake of the sick and suffering which would have the medical recommendations to S. F. Townsend's article, and which should bring down upon the old Dr. Jacob's the wrath of the medical men, and the curses of those who have used, and put hundreds and thousands upon hundreds, and thousands upon thousands, and thousands upon thousands, and put hundreds upon hundreds, and put hundreds upon hundreds, and put hundreds upon hundreds
