DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Note:

From no. 120 to 137

Above machines were not registered for the last inventory sheet, because of which they are obtained by transfer from the Gunze Silk Spining Co. Tottori Branch in Dec. 1944 and are not operated for production of munitions but some parts of them used for improvement.

From no. 138 to 140

Above machines borrowed from the Kawasaki Rolling Stock Mfg. Co. (Non-reparation's Plant) in Kobe City in July 1945.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Attn: Major Cooper, Liquidation Section

1. Reference is made to the inclosed application from the Kawasaki Zoki Company Ltd, of Tottori City, Tottori-Ken, Honshu, Japan, seeking permission to sell their privately owned munition plant, designated as a reparations installation, to the Daido Lumber Industry Company Ltd, for the purpose of the latter concerns' engaging in the manufacture of plywood, veneer, and finished products of furniture manufactured from these materials.

2. This headquarters has instructed the owners of the reparations installation in question as to the necessary requirements to be complied within the protection and custody and control of all reparations machinery within this plant, as set forth in OD 5/5 dated 24 September 1946, pending disposition of this application for transfer of ownership of the remainder of the buildings, land and equipment.

3. Representatives of this Company, (the Kawasaki Zoki Company Ltd), have previously discussed the transaction with members of the Economic and Scientific Section of SCAP.

4. It is the opinion of this headquarters that the consummation of this transaction would greatly assist in the building of the industry and economic stablization of this prefecture, as, the lumber industry is one of the three leading industries of Tottori Prefecture and is progressing in a well balanced manner.

川崎重工業株式會社

January 14, 1947.

Tottori Military Government Team,
Tottori, Japan.

Sirs:

The Daido Mokuzai Kogyo Kabushiki Kaisha, (Daido Lumber Industry Co., Ltd.,) offered to purchase our Tottori Factory for the conversion into civilian production and to consummate such sale of our factory, we wish to have your authorization on the following matters:-

(1) Your authorization that we be allowed to sell the land, buildings, electric equipment, boilers, etc., of our Tottori Factory to the Daido Lumber Industry Co., Ltd.

(2) Your authorization that we concentrate all the machineries designated for possible reparations into the First Machine Shop of this factory during the month of January, and this machine shop be segregated from other parts of the factory by board walls and we do our best for the safe custody of these machineries.

Your consideration on these points is highly appreciated,

Respectfully yours,

KAWASAKI ZOKI COMPANY, LTD.

PETITION FOR USE OF DESIGNATED MACHINES FOR REPARATION

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Petition for Use of Designated Machines for Reparation

FROM: Ryuemon Nishio, President & Director of Daido Mokuzai Kogyo Kabushiki Kaisha.
(or in English, Daido Wood-work Industrial Co., Inc.)

Address: 1 Furuichi, Tottori City, Tottori Prefecture.

T O: Heitaro Inagaki, Minister of International Trade and Industry.

DATE: November 12, 1949.

1. Name and address of the plant where the use of the reparation machines is intended with permission.

Name: Daido Mokuzai Kogyo Kabushiki Kaisha
(hereinafter referred to as Daido K. K.)

Address: 1 Furuichi, Tottori City, Tottori Prefecture.

The plant attached to the above is not designated for reparation.

2. Name (code number) and address of the plant with the reparation machines petitioned for use.

Name: Tottori Plant of Kawasaki Zoki Kabushiki Kaisha
(or in English, Tottori Plant of Kawasaki Machine Manufacturing Co., Inc.)

(Code number No. 41-3)

Address: 1 Furuichi, Tottori City, Tottori Prefecture.

Remarks: The Tottori Plant of Kawasaki Zoki Kabushiki Kaisha has been closed since the termination of the War, now devoting itself to the discharge of duties concerning the reparation machines. In December, 1948, the plant site and buildings thereon not connected with reparation were alienated to the said Daido K. K., based on the approval by the law concerning the schemes for rehabilitation and readjustment of enterprises. Since then the said Daido K. K. is engaged in producing lumber and manufacturing ply-wood (both of single and of double or more ply).

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

3. Brief list on the present state of the reparation machines petitioned for use.

Name of the Plant with the Machines installed	Total Number of Machines in Possession of the above K. K.	Number of the Repa-ration Machines Petitioned for Use: In Use	Not in Use	Total	Remarks:
Tottori Plant of Kawasaki Zoki K. K.	221	4	15	19	

4. Brief description of the plant of the petitioner company, (Daido Mokuzai Kogyo K. K.)

The Tottori plant is engaged in manufacturing ply-wood (single and multiple ply), with a technician of excellent ability as the plant director, procured from the Toyo Ply-wood Industrial Co., Inc. of Osaka (Osaka Toyo Beniya Kogyo K. K.). Though the monthly production is at present not more than 100,000 sq. shaku of pine ply-wood, we have much conviction that we can monthly produce 200,000 sq. shaku of ply-wood as the production of broad-leaf wood-ply hitherto impossible is made possible, with the completed facilities for steam-drying, on condition that we are fortunate enough to have the present petition granted by you. And of the output 100,000 sq. shaku of ply-wood is devoted to the use of industry and house construction at home and the other 100,000 sq. shaku can be exported abroad, with the result that by enhancing its productivity in future, our plant can contribute so much to promotion of both home industry and the exportation.

5. Reasons why the reparation machines are needed for use.

True, our plant is equipped enough with machine tools necesary for manufacture of ply-wood (single and multiple-ply), but the absence of a boiler and of steam drying facilities here has so far made it impossible to use broad-leaf wood for the veneering enterprise. For the manufacture of broad-leaf ply-wood, we were solely relying on the Wakasa Plant, another plant of our company, (Daido Mokuzai Kogyo K. K.), the Tottori Plant exclusively producing pine ply-wood. Unluckily the Wakasa Plants relied upon by us for broad-leaf ply-wood were wholy reduced to ashes on Oct. 16 and worse still, the reconstruction of the burnt plants and the re-installation of the machines therein are almost out of the question, considering the economic condition now prevailing in Japan. Consequently we have

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

been thrown into a miserable plight disabling us from exporting broad-leaf ply-wood. But nothing daunted by this misfortune, we are now endeavoring to go ahead and to readjust the Tottori Plant for the more production of first-rate ply-wood.

Allow me to add here that of course this earnest hope of ours can by no means be realized unless our sincere petition is kindly granted by you.

The above are the reasons why we make bold to submit the petition to you though we fear we may not express ourselves fully in words.
