Sir:

Re: Application for Acknowledgment of Remaining in Office Pursuant to Paragraph 1 & 2, Article 8 of the Law to Eliminate the Controlling Influences of Zaibatsu Families.

We hereby submit an application for acknowledging Seikichi Tanaka's remaining in office pursuant to Par. 1 & 2, Art. 8 of the Law to Eliminate the Controlling Influences of Zaibatsu Families with the reasons stated below.

Yours sincerely,

Seikichi Tanaka,

S. Tanaka.

President & representative director,
Nissan Nohrin Kogyo K.K.
No. 9, 1-chome, Tori, Nihonbashi,
Chuo-ku, Tokyo.

Name, Positionm & Address of official for whom the company submit an application:

Name : Seikichi Tanaka

Position: President & Representative director of Nissan Nohrin Kogyo K.K. Associate company of Nissan Zaibatsu.

Address : No. 1,407, Fusuma-machi, Meguro-ku, Tokyo.

May 18, 1948, Seikichi Tanaka, President & director of Nissan Nohrin Kogyo K.K., received the decision by Zaibatsu Affairs Investigation Committee that his application for acknowledging a non-related company official to Zaibatsu Families in accordance with the provisions of Articles 6 & 7 of the Law to Eliminate, the controlling influences of Zaibatsu is not acceptable.

Since he is one and only representative director of the company and the company is engaged in business as which are indispensable for the economic recovery of the country, with your permission we would like to let him remain in his office until July 6, 1948 according to the provisions of the Law. And also with your permission we would like to let him remain in his office one year after July 6, 1948 with the reasons stated below.

Since August 1946, our company has been a Special Accounting Company according to the Enterprise Reconstruction Adjustment Law on account of the loss of our external assets and the payment of War Indemnity Tax and we are on the way of company's reconstruction.

February 1948, we became a designated company by HCLC in accordance with the Elimination of Excessive Concentrations of Economic Power Law and we submitted our reconstruction plan which is still under HCLC's investigation. Soon after the decision is reached by HCLC, we have to dispose of the company's capital increase and other important matters derived from the decision. The result of the disposal of these important matters has great influences upon not only the company's future enterprise but also the production of match and lumber which are indispensable for people's daily life. Accordingly, it could be said that at present the company is facing the grave situation from economical, enterprising, and personnel point of view.

As we previously stated, the company is engaged in the businesses which are indispensable for the economic recovery of the country and the fact is verified by the Ministries of Commerce & Industry and Forestry & Agriculture with the certificates attached. In order to dispose of these important problems successfully it is quite clear that we need a man who is thoroughly acquainted with the company's businesses and possesses experiences and power to realize the ends.

Mr. Seikichi Tanaka, president & director of the company, is the one whom we have just described and no other person can take his place for this grave moment of the company.

We firmly believe that it is quite impossible to find any competent person who can cope with present intricate situations of the company on the one hand and Mr. Tanaka, on the other hand, feels his deep responsibility to hand over his duty as president & representative director to his successor after disposing present problems so that the management of the company's future enterprise will be easy and smooth.

It is utterly impossible to finish the job by July 6, 1948 in accordance with the provision of Par. 1. Art. 8 of the Law. For this reason, we submit an application to extend his remaining in office for one year more during the period which the democratic foundation of the company's reconstruction shall be established in order that we may be able to contribute to the economic recovery of the country.

7. Certificate issued by chairman of HCLC.

June 3, 1948.

Mr. Tomitaro Hosoi,

Director-General,

Daily Commodities Section,

Ministry of Commerce & Industry.

Sir:

We hereby submit a petition for you to certify that the businesses which Nissan Nohrin Kogyo K.K. ~~is~~ are engaged in are necessary for the economic recovery of Japan and Seikichi Tanaka, president & representative director of the company, is an indispensable person for the company's management and also it is difficult to find ~~a~~ any other person to take his place under the present circumstances which the company faces; the certificate is necessary to attach to an application for acknowledgement of his remaining in office for the period of one year after July 6, 1948, the end of his remaining office, pursuant to Par.2, Art. 8 of the Law to Eliminate the Controlling Influences of Zaibatsu Families.

Yours sincerely,

Seikichi Tanaka,

President & representative director

Nissan Nohrin Kogyo K.K.

May 18, 1948, Seikichi Tanaka, president & representative director of the company, received the decision by Zaibatsu Affairs Investigation Committee that his application for acknowledging a non-related company official to Zaibatsu Families in accordance with the provisions of the Law to Eliminate the Controlling Influences of Zaibatsu is not acceptable.

The businesses which the company ~~is~~ engaged in - manufacture of match, lumbering including electric pole and sleeper, wood preservation, mine-timber, plywood making, and lumber business ~~is~~ in general are necessary for the economic recovery of the country.

The company is a restricted concern, a Special Accounting Company, and a designated company in accordance with the Elimination of Excessive Concentrations of Economic Power Law.

Being a designated company by HCLC, the company submitted the reconstruction plan which is still under HCLC's investigation. The disposal of these pending problems of the company has great influences upon not only the company's future enterprise but also the production of match and lumber which are essential to people's life.

In order to dispose of these important problems successfully it is quite clear that the company needs a man who is thoroughly acquainted with the company's businesses and possesses long years of experiences and power to carry out the plans. Mr. Seikichi Tanaka is the one whom we have just described and no other person can take his place ~~off~~ for this grave moment of the company.

For this reason the company submit an application for his re-examination on the one hand and to extend his remaining in office for the period of one year, after July 6, 1948 on the other.

CERTIFICATE

Ministry of Agriculture & Forestry.

Sir:

We hereby submit a petition for you to certify that the businesses which Nissan Nohrin Kogyo K.K. is engaged in are necessary for the economic recovery of Japan and Seikichi Tanaka, president & representative director of the company, is an indispensableperson for the company's management and also it is difficult to find any other person to take his place under the present circumstances which the company faces; the certificate is necessary to attach to an application for acknowledgement of his remaining in office for the period of one year after July 6, 1948, the end of his remaining office, pursuant to Par. 2, Art. 8 of the Law to Eliminate the Controlling Influences of Zaibatsu Families.

Yours sincerely,
Seikichi Tanaka,

President & representative director
Nissan Nohrin Kogyo K.K.

DECLASSIFIED AND FROM SEC. 3(E) AND 3(D) OR (E) NNGG # 775012

May 18, 1948, Seikichi Tanaka, president & representative director of the company, received the decision by Zaibatsu Affairs Investigation Committee that his application for acknowledging a non-related company official to Zaibatsu Families in accordance with the provisions of the Law to Eliminate the Controlling Influences of Zaibatsu is not acceptable.

The businesses which the company is engaged in - manufacture of match, lumbering including electric pole and sleeper, wood preservation, mine-timber, plywood making, and lumber business in general - are necessary for the economic recovery of the country.

The company is a restricted concern, a Special Accounting Company, and a designated company in accordance with the Elimination of Excessive Concentrations of Economic Power Law.

Being a designated company by HCLC, the company submitted the reconstruction plan which is still under HCLC's investigation. The disposal of these pending problems of the company has great influences upon not only the company's future enterprise but also the production of match and lumber which are essential to people's life.

DECLASSIFIED PER PROC SEC. 3(E) AND 3(D) OR (E) NNDG # 775012

In order to dispose of these important problems successfully it is quite clear that the company needs a man who is thoroughly acquainted with the company's businesses and possesses long years of experiences and power to carry out the plans. Mr. Seikichi Tanaka is the one whom we have just described and no other person can take his place for this grave moment of the company.

For this reason the company submit an application for his re-examination on the one hand and to extend his remaining in office for the period of one year after July 6, 1948 on the other.

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NND# 775012

CERTIFICATE

十一、本人の役員就任當時その勤務した財閥會社と財閥又は財閥直系會社との間に役員としての就任についての事前承認を必要とする旨の取極の有無

（一）明文の取極の有無

該當事項なし

（二）本人の役員としての就任の事情の詳細、特にその就任につき財閥又は財閥直系會社が關與した事實の有無

財閥關係役員でないことの承認申請理由書にて御覽の通り私は東洋護謨化學工業株式會社の專務取締役森本周一氏（その當時の全社最高責任者）より全社川越工場の工場長兼工務部長として招聘せられ入社一ヶ年後には必ず役員にすると云う條件の下に昭和十七年三月二日入社致しました、事實入社後懸命に努力しましたから工場の成績も遂次上昇し會社の基礎も鞏固となりました、その頃從業員間に三井色の全然ない者を重役陣に加へることが望ましいとの空氣が漲つて來ましたので森本氏は入社後二ヶ月を經て昭和十九年五月三十日に取締役に昇進させたのであります

然し經營の實權は專務にあつて私は單に工場長の仕事をしたに過ぎません、又終戰後日本全國を通じ民主化の機運澎湃と起つた際川越工場に誕生しました從業員組合の支持によつて昭和二十年十二月二十九日に取締役より常務取締役に昇格しました、斯樣な次第で決して財閥又は財閥直系會社が關與して私を取締役とか常務取締役にしたものではありません

11. At the time of your assnmption of office as official, whether or not the arrangement that the previous approval be obtained from the Zaibatsu or the direct Zaibatsu affiliate regarding assumption of the position of official existed between the Zaibatsu company where you served and the Zaibatsu or the direct Zaibatsu affiliates.

a. Whether or not the arrangemeut existed in writing.

NONE

b. Details of circumstances under whicn you assumed the position of official; particularly whether or not the Zaibatsu or the direct Zaibatsu affiliate was concerned in approving your assumption of office.

The fact that no Zaibatsu or the Zaibatsu affiliates was concerned in approving my assumption of office has been stated in my application for permission for the acknowledgement.
It was the request of Mr.Morimoto Shuichi, then Executive Managing Director of Toyo Rubber Chemical Industry Co.,Ltd. that I started at the company as Plant Manager, concurrently, superintendent. There was the understanding between us that I might be elected as one of the officials within 12 months. I started to work at the company on March 2nd 1942. Since then the work at the plant showed gradual improvement with increase production and, as the result the company's standing markedly improved. At that time the opinion that a person not related with Mitsui should also be included in the officials of the company was gaining voice among the employees and I was at last elected at the instance of Mr.Morimoto, as Director after 2 years and 3 months after I joined the company. However, he had assumed the whole power in the management and I was merely entrusted with the duty of the plant manager. Then I was again elected on December 29th, 1945 as Managing Director by the backing of the employees union which was formed at Kawagoe plant of the company amid the surging trend of demonratization witnessed all over the country since the war-end. No Zaibatsu or any affiliates of Zaibatsu was concerned in any way whatsoever in my assumption of the office.

TOYO RUBBER CHEMICAL INDUSTRY CO, LTD.

February 5th, 1948.

Mr. Katayama Tetsu,
The Prime Minister.

Sir,

Re. Application for approval for not being official related with Zaibatsu

(1) Summary of application

Whereas I was elected on May 30th, 1944 as director of Toyo Rubber Chemical Industry Co., Ltd. which is an affiliate of Mitsui and has been designated as such a company under the Law of Elimination of Controlling Power of Zaibatsu Family; on December 29th, 1945 as managing director of the said company; on November 21st, 1947 as president, director of the said company I beg to apply hereby for your approval for my not being an official related to Zaibatsu on the reasons hereunder mentioned.

(2) Reasons for application

(a) I am not a member of the Zaibatsu families; neither married to nor parent, son, brother of the member of the families; not married to any one of them. (Refer to the copy of census register attached hereto.)

(b) As shown in the statements of Mitsui Honsha, Ltd. and Tropical Products Co., Ltd. which have been attached hereto, there has been no arrangement which rendered it necessary to get the approval of either Mitsui Zaibatsu or its direct affiliates for my elections to the posts of the executive officials, prior to the elections. It was under such circumstances as hereunder mentioned that I entered Toyo Rubber Chemical Industry Co., Ltd.

At about the end of January 1942, Mr. Imaizumi Tadahiko, a

friend of mine, told me that Mr. Morimoto, his senior friend, who lately underlook the management of a company named Toyo Rubber Chemical Industry Co., Ltd. was in difficulty in finding a suitable person for the post of the plant manager. Mr. Imaizumi asked me if I would consider to accept the position with concurrent post of the superintendent for I, as an engineer, should be well acquainted with the things at a factory. Subsequently I met Mr. Morimoto at the beginning of February in the same year and visited the plant of the company at Kawagoe. Then I felt rather inclined to accept the position provided some favourable terms could be secured for it which were discussed with Mr. Morimoto on several occasions.

It was soon after my recuperation from illness and I was still out of work. But already with a few offers of favourable positions and considering my previous post of director at Showa Meter Industry Co., Ltd. I made it the first condition that I should be given the post of director for taking up the position at Toyo Rubber Chemical Industry Co., Ltd. Terms, however, was turned down for, according to Mr. Merimoto, it was difficult to give anybody a post of executive official right away if he was not related with Mitsui. Then Mr. Morimoto told me he would promise to give me the position if I waited for a year as he thought it could be realized as a special promotion for the best capable of the employees. In view of his promise and also the persuasion of Mr. Imaizumi who meditated in this matter I at last acquiesced to join the company.

Since I started to work at the company, I spent strenuous efforts to increase the production. The business soon started to pick up and the standing of the company gradually improved. About that time, the desire was growing among the employees that someone not related with Mitsui should be included, as an additional member, to the

directorate of the company, (Refer to the separate statement attached hereto.) It served to work to prompt Mr. Morimoto to arrange my election to the post of director and on May 30th, 1944, actually two years and three months after I entered the company, I was elected. However, the entire authority in the management of the company had solely been rested in Mr. Morimoto and I was wholly engaged in the limited duty of the plant manager.

When the employees union was formed on December 3rd. 1945 at Kawagoe plant of Toyo Rubber Chemical Industry Co., Ltd. amid the surging movement of democratization which swept all over this country, they were particularly to see someone not related with Mitsui to be promoted. With a majority backing, I was elected as managing director on December 29th, 1945. All the current members of the officials of the company if they had not come to assume the posts with the specific approval of either Mitsui or Tropical Products Co., Ltd., were elected from among the staff of those two companies and I was the only exception with no influence of Mitsui concerns whatever.

(e) As shown in the statement of Mr. Morimoto, the former president of the company, I had never assumed such a authority as either higher than or equational to that vested on the highest representative officer of the company ever since I was elected on May 30th, 1944 as director and on December 29th, 1945 as managing director.

Mr. Yamaguchi Yoshio

Sir;

We beg to state that whereas you were elected as director on May 30th, 1944 at the extraordinary general meeting of Toyo Rubber Chemical Industry Co., Ltd. and again elected as managing director by the mutual voting of directors of the company at their meeting on December 29th, 1945.

(1) There has been no agreement made between Toyo Rubber Chemical Industry Co., Ltd. and this company which necessitated Toyo Rubber Chemical Co., Ltd. to secure the approval of this company for the election of their officials. In no instance we have ever concerned ourselves in the matter prior to the election except the case when anyone of our staff was put to the election.

Under these circumstances, this company gave no approval for your appointment to the posts of director and managing director of Toyo Rubber Chemical Industry Co., Ltd. prior to the elections.

(2) You were not to represent the interest of this company when you assumed the posts of the executive official of Toyo Rubber Chemical Industry Co., Ltd.

(3) You have never been in any other executive offices of Mitsui concerns and have never concurrently held in the concerns any posts whatsoever, even that of other than the executive. Neither have you been in any services of Mitsui concerns.

Yours faithfully,

Statement on Yamaguchi Yoshio,
President, Director, Toyo Rubber
Chemical Industry Co., Ltd.

He hereby solemnly state:

that there has been no arrangement made between Tropical Products Co. Ltd. and Toyo Rubber Chemical Industry Co., Ltd. by virtue of which Toyo Rubber Chemical Industry Co., Ltd. had to secure the pre-facto consent of Tropical Products Co., Ltd. on the election of the officials of Toyo Rubber Chemical Industry Co., Ltd. Neither have there been any instances where Tropical Products Co., Ltd. have given such consents to Toyo Rubber Chemical Industry Co., Ltd. except when the officials were elected from among the staff of Tropical Products Co., Ltd.

That Tropical Products Co., Ltd. therefore, did not take part in any way whatsoever in the election of the said Yamaguchi Yoshio on May 30th, 1944 as director and on December 29th, 1945 as managing director of Toyo Rubber Chemical Industry Co., Ltd.

Statement on Yamaguchi Yoshio
Presently resided at 2458, Oaza
Kawagoe, Kawagoe-City, Saitama-Ken

The service of Yamaguchi Yoshio was secured through a friend of mine, Mr. Imaizumi Tadahiko. He was given the post of Kawagoe plant Manager, concurrently, superintendent of Toyo Rubber Chemical Industry Co., Ltd., on March 2nd, 1942. At the time of his appointment to the post, it was arranged with him that he would be elected a year later to the office of Director of the company and that a promotion to the most efficient employee should be the reason for it. At that time, there were seven of the executive officers including Messrs. Tsukui Seiichiro, Kawamura Masajiro, Morita Eiichi, Nakada Tomojiro, Okuda Naotsune, Ide Taneo and myself; of these Messrs. Morita Eiichi and Nakada Tomojiro had been promoted from among the employees of the company and the rest had been appointed to their posts with the specific consents of either Tropical Products Co. Ltd. or Mitsui prior to such appointments. The last named four officials held then dominant influence over the company's affairs and should disinclination to electing Mr. Yamaguchi Yoshio as Director, as promised. However, the desire was growing among the employees to get someone not related with Mitsui included in the member of the executive officials. I also felt the weight of obligation to him for the promise I made. Therefore, at last on May 30th, 1944, I forced to have him promoted to the post of Director.

Later, when the employees union which was formed at our Kawagoe plant amid the surging movement of democratization throughout the country supported further promotion of Mr. Yamaguchi Yoshio I had him elected as Managing Director on December 29th, 1945 in complying with the desire of the union.

However, I still held in my hand the full controlling power over the management of the company and never allowed Mr. Yamaguchi to use his discretion in the management and other business of the company.

I swear that the above are all true.

STATEMENT

Mr. Yamaguchi Yoshio joined Toyo Rubber Chemical Industry Co. Ltd, as plant manager on March 2nd. 1942 and soon after the business of the company started to pick up gradually chiefly due to his incessant assiduity and hard labour.

About that time, all the seats of the directorate of the company were occupied by those chosen by either Mitsui or Tropical Products Co. Ltd. from among their staff on by the former employees of Mitsui and its affiliates. They were rather inclined to look after the interest of those companies and more concerned about the well-being of the high ranked persons in the company giving only secondary consideration to the working conditions and the welfare benefits of the employees in general.

Under these circumstances, the growing desire was witnessed among the employees of Kawagoe plant to have someone absolutely free of Mitsui influence added to the directorate in order to get our own interest upheld and protected. Mr. Yamaguchi Yoshio was considered the most suitable person for the task by the majority of the employees and it prompted Mr. Morimoto Shuichi, then Executive Managing Director, the head of the executives, to elect him as Director on May 30th, 1944.

We, the undermentioned, solemnly made this statement, telling the facts that are all true.

STATEMENT

I wish to make the following statement, explaining the circumstances under which Mr. Yamaguchi Yoshio was elected as Managing Director of Toyo Rubber Chemical Industry Co. Ltd. I swear it is all true and take full responsibility for it.

That since the war end, we, the employees of Toyo Rubber Chemical Industry Co. Ltd., in trying to attain democratization of the management of the company and elimination of Zaibatsu influence in line with the principle of democratizing Japan established in this country with her acceptance of the terms of Potsdam Declaration, formed the labour union on December 3rd. 1945 in order to realize the said object very strongly. It was about the time when the Directives of dissolution of Zaibatsu was proclaimed. We, at once, persuaded these officials who were closely related with Mitsui Zaibatsu to retire and in trying to replace them with someone else not related with Zaibatsu we succeeded to have Mr. Yamaguchi Yoshio, then Director, Plant Manager, appointed to the post of Managing Director on December 29th, and our ardent wish has thus been fulfilled. Since then the principle that appointment of Director, for either vacancy or new election, should be made from among the employees has been established. We still continue to strive for further effectuation of democratization of the industry and elimination of Zaibatsu influence. And we are making steady progress towards our ends.

SUBJECT : STATEMENT OF REASONS FOR APPLICATION.

June 1, 1947

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NND# 775012

STATEMENT OF REASONS FOR APPLICATION.

I, Kikuo Yasuda, herewith submit this Statement of Reasons for Application in accordance with provisions of Article 6 and Article 7 of the Elimination of Zaibatsu Family Controlling Power Law with a request that your examination and approval be accorded me.

1. My Reason for Coming Under the Provision of the Purge Directive:

I was elected to the position of managing director of Nippon Keikinzoku Kabushiki Kaisha (Nippon Light Metal Co.,Ltd.) on November 27, 1946. Therefore, I have come under the provision of No.2 of Item 2 of Article 3. (The date of transfer of the right of voting of Shares held by the Furukawa Denki Kogyo Co. to the Holding Company Liquidation Commission was January 25, 1947).

2. Reasons for Submitting this Application in Accordance with the Article 6 of the Law:

(1) Concerning the stipulation in No.1 of Item 1 of the same Article, I do not consider it necessary to explain as my election to the directorship of the company took place after September 3, 1945.

(2) The following are statements pursuant to No.2 of Item 1, the same Article:

(a) I shall give my curriculum vitae first:

DECLASSIFIED PER PROC. SEC. 3(E) AND 3(D) OR (E) NMCC # 115012

As soon as I was graduated from the mechanical department of Tokyo Imperial University in March of 1924, I was employed by Fuji Denki Seizo Co. and was put in charge of casting and machinery production, and afterwards of planning. In September of 1937, I was employed by Nippon Tokushu Kokan Co. and later was promoted to the position of the manager of Toda Plant of the same company.

When Nippon Keikinzoku Co. was established in March of 1939, at the request of the company's officials asking me to be in charge of the construction of the plants. I entered into this company. Later I was promoted to the position of the manager of Kambara Plant. Little before the promotion, I elected to the position of the director of Nippon Denkyoku K.K. on May 1, which was established at that time.

(b) Circumstances Under Which I was Elected to an Officer of the Company:

In May, 1946, I was elected to the directorship of the company along with the following colleague, but till then, I was no more than an ordinary employee at the Fuji Denki Seizo Co. and Nippon Tokushu Kokan Co., as well as Nippon Keikinzoku Co. At the time when I was elected I was the manager of Kambara Plant.

Those who were elected to the directorship with me were:

Giichi Kusano (then chief of General affairs and administrative sections of Head Office

Mifune Fujii (then manager of Shimizu Plant)

Yukio Okura (then manager of Niigata Plant)

The reason we were elected to the directorship was that immediately prior to our election (in May) following seven officers of the company retired from their positions in view of the possibility of their coming under the provisions of the Purge Disective. To wit:

President	Suekichi Nakagawa	(retired because of purge)
Vice-President	Shichiroku Tanabe	(")
Director	Sentaro Komura	(")
Director	Hisao Tashiro	(")
Director	Eiichi Okabe	(retired for reasons of his own)
Auditor	Isuzu Sugimoto	(retired because of purge)

Thus, we were elected to our positions to fill vacancies left by the above retiring officers. The choice of myself and three others mentioned above was based on the seniority among the employee chiefs and with due consideration of electing four director who represent head office and three plants respectively; it was not because of the

fact that I possessed special administrative ability, or that I had made exceptional contributions to the promotion of the company business, or that the persons concerned in my election intended to have me represent the Furukawa's interests by placing me in and important position for managing the business of the company. This will become clear if you will persue the explanations regarding the character of the Nippon Keikinzoku Co. which I have elsewhere set forth.

Further, the election to fill vacancies thereof was decided, according to the company's tradition, in absolutely secret talk between President and Vice-President, and could not be touched by any other person, So in my case, not knowing decision of election, I was much surprised to hear the decision of election on the very eve of the day of Meeting of Shareholders.

(Please refer to No.(1) of the Evidence No.1)

When this incident is viewed from another angle, I find that my election to the position of directorship took place as the result of the influence of the rise of democratic ideas since the end of the war both within and without the company, and it occurred entirely out of the control of Zaibatsu. Rather, I believe it was the manifestation of a strong influence working on the opposite

direction from the Zaibatsu's controlling power. In the the following November, the then Vice-President Dengoro Nishida and Hideji Takeda also retired from their position because of the purge, and immediately afterwards, I was appointed as a managing director along with Messrs. Kusano, Fujii, Okura of whom I have mentioned before.

The fact that I was elected to the managing directorship was one of the manifestations of the dissolution of Zaibatsu organizations and the democratization of enterprises then being promoted by the authorities of the Allied Occupation Forces; it came about entirely independent of any controlling power exercised by Zaibatsu. In this respect, the situation was completely in agreement with that I mentioned at the time of describing my election to the directorship.

Further, regarding my election to the directorship of Nippon Keikinzoku Co., the result of the screening of my qualifications by the Central Screening Committee established in accordance with Nos. 1 to 3 of the Imperial Ordinance and No. 1 of the cabinet and Interior Ministry Ordinance of 1947 has been published in the Official Gozatte dated May 7, 1947. The Official Gazette stated that I was entirely qualified to hold important public offices.

(c) How I discharge by Duties as an Officer of the Company:

As I have stated above, my incumbency in the position of an officer of the company is as follows. To wit:

From	May 21, 1946	Director
To	Nov. 27, 1946	

From Nov. 27, 1946

Managing director

Up to now

(i) After having been elected to the position of a director, I lived in Kambara-machi of Shizuoka Prefecture too and continued with managing the plant as the manager. Therefore, my authority as a director was only to attend the directors conference and other authority was enactly same as before.

(ii) For the time being after having been elected to the position of a managing director, I continued with managing the plant just as I did during my tenure as an ordinary director. Consequently, I was posted at the plant at all times, and my authority was exactly same as an ordinary director. However, as this arrangement deprived the head office of some one to assist the president in the general management of the company (there were no vice-presidents elected after the resignation of Messrs. Nishida and Takeda who were vice-presidents) plant managers were appointed in August at 1947 and three of us who held the position of the plant managers concurrently with the position of the managing directors were arranged to stay half of a month in Tokyo and the remaining half in our respective plants.

The duties of a managing director consisted of participating in the general management of the company

through conferences and documents, and every bit of company business was executed after obtaining the approval of the president.

However, generally speaking, the duties consisted mainly of assisting the president through the business affairs related to the respective plants each of the managing director was in charge. For this reason, there was no reason why a managing director should exercise greater authority than the president, and in fact such was not the case. Even though such a thing might be made a problem, under the system of one president and three managing directors to assist him, why one of managing directors should exercise greater authority than the president and two other managing directors is a thing that cannot be imagined. In the case of Nippon Keikinzoku , the will of the company was determined through the decision of the president, and I have never yet tried to overstep my bound of authority by violating this iron rule. Further, the Constitution of the company clearly states that it is the president and the vice-president alone who are authorized to represent the company in dealing with outside parties.

(Refer to Evidences Nos. 7 and 8)

From what I have stated above, to concerning the circumstances which led to my election as the managing director of Nippon Keikinzoku and my discharging the duties as such in the said company, I deem it unjust
